multiple roles, gratification vs strain, middle aged female community college students vs housewives, 23032
reasons for attrition & learning attitudes & styles, college students aged 50 yrs & older, 18555
scheduling as attraction for enrollment, adult students at colleges & universities, 25718
sex role socialization & intellectual development, adult female reentry students, 19756
Strong Campbell Interest Inventory vs Vocational Card Sort as career exploration strategies, career decisions, 25–56 yr old female reentry students, followup study, 23171
Referral (Professional) [See Professional Referral]
Reflectiveness [See Impulsiveness]
Reflexes [See Also Achilles Tendon Reflex, Acoustic Reflex, Eyeblink Reflex, Flexion Reflex, Hoffmanns Reflex, Nystagmus, Ocular Accommodation, Orienting Reflex, Startle Reflex]
aspartame during pregnancy, neonates' reflex responsivesness, mice, 8574
carbachol in midbrain tegmentum, scratching reflex & escape movements & autonomic alterations induced by acid solution applied to skin, conscious toads, 19454
changes in stance & gait, development of reflexes for movements necessary for maintenance of body equilibrium assessed by leg muscle EMG, 1–8 yr olds, 24117
cold vs warm water swim stress with vs without naloxone or thiorphan, tailflick latencies, mice, 16491
development of computerized system for measurement of latency to withdraw from vertical surface & place on horizontal surface, male rats, 5271
development of reflex modification test, assessment of sensory processing & reflex behaviors following toxic exposure, humans & animals, conference presentation, 5310
dosage of perinatal caffeine, righting reflexes & swimming ability development & motor coordination & muscle tone, female rats & their offspring, 29466
electrical stimulation of spinal trigeminal tract & increase vs decrease in somatosensory EP, reflex movement amplitude & nociception, rats, 8490
electrocoagulation of medial vs lateral septum, septal syndrome & sleep-wake cycle & instrumental reflexes & responses to CS, cats, 5804
EMG cutaneous reflex response from tibialis anterior or 1st dorsal interosseous muscles, 7–15 yr olds with hemiplegia or spinal cord compression or acute vs myalgic encephalomyelitis or learning disabilities or sacroid granulomatosis, 12272
ethanol &/vs tailflick test, tolerance to ethanol-induced spinal reflex, male rats, 16672
ethanol intoxication & repetitive prolonged test exposure in tailflick reflex paradigm, tolerance development, rats with spinal lesions, 3232
heart rate deceleration vs acceleration as measures of orienting vs defensive reflex, criticism of proposal by F. K. Graham & R. K. Clifton, 557
hypnotic techniques & integrative approach, gagging reflex, 12600
infusion of neural excitatory agents into medial hypothalamus, lordosis reflex & electrical activity of ventromedial hypothalamus neurons, ovariectomized rats, 11310
laboratory dive analog & negative tilt approaches to study of bradycardic reflex, 570
morphine chlorhydrate & naloxone hydrochloride, spinal nociceptive flexion reflex & reflex pain thresholds, 25–43 yr olds, 3335
naloxone, tailflick response to inescapable footshock & startle response to shock & tones, male rats, 16830
paired CS & UCS with & without UCS preexposure, conditioning of proboscis extension reflex, Drosophila melanogaster, implications for behavior-genetic analysis, 19209
phonation vs direction of movement vs ongoing speech production, lip muscle reflex responses during mechanical stimulation, 18–38 yr olds, 21415
prolonged mental load, speed & acceleration of initial phase of pupillary reflex before vs after 6 hours of work, telephone exchange operators, 10631
range of primitive reflexes, 8.9–28.9 yr olds with autism, implications for etiology, 9304
rotational magnification of corrective spectacles, gain of vestibulo-ocular reflex, 22–74 yr olds with myopia vs hyperopia, 20127
single vs multifrequency sinusoids technique, evaluation of vestibulo-ocular reflex & semicircular canal function in rational testing, 19–62 yr olds, 26545
stimulation of central gray matter & raphe nuclei, jaw opening reflexes evoked by stimulation of high vs low threshold fibers of infraorbital nerve afferents, cats, 3248
stimulation of midline inhibitory area of pons dorsal tegmental field, fictive scratch reflex, decerebrate immobilized cats, 21426
stimulation of peripheral optokinetic vs rotatory nystagmus, modulation of visuo-ocular reflex, 25–34 yr olds, 19078
stimulation of supraorbital nerve vs cornea, response latency of blink vs corneal reflexes, 20–40 yr olds, 16434

temperature or electrical shock, habituation of light-induced shortening reflex, food-sated leeches, 5758
transient grasp reflexes & frontal lobe dysfunction, schizophrenic 29 & 35 yr old males, case reports, 30179
unilateral lesions of flocculus, optokinetic & vestibuloocular reflexes, rabbits, 8495
validity of tooth pulp stimulation & jaw-opening reflex as model of pain, literature review, 29354
3-dimensional plot of statokinesigram with histograms & discriminant analyses, evaluation of righting reflexes for erect posture, 19–42 yr olds, 10750
Refraction Errors [See Myopia]
Reframing [See Paradoxical Techniques]
Refugees [See Human Migration]
Regression (Defense Mechanism)
affective & cognitive processes & role of regression & empathy & counteridentification & countertransference in psychological perceptiveness, psychoanalysis, 25125
Antarctic isolation, inversion perception conformity, males exposed to long term winter vs short term summer isolation, implications for regression to primary process thinking as response to isolation, 23530
early childhood experience & Freudian concept of psychotic regression in dreams & interpretation, 34 yr old delusional schizophrenic female who had been blind since 2nd or 3rd yr of life, 6494
facilitating environment & transference/countertransference, psychoanalysis, regressed patients, conference presentation, 14979
hazards of regression in outpatient group psychotherapy, 9803
Isakower-like phenomena as regressive ego experience that defends against oedipal conflict, 42 yr old male in psychoanalysis, 1798
postmolestation regression syndrome, children, 22090
process of termination of analysis & activation of regressive forces, psychoanalyst who lost most chronic patient, conference presentation, 17881
regression in psychoanalysis, 7054
terminal illness & death of analyst's mother, process of psychoanalysis with regressed depressed male homosexual patient, psychoanalyst, 22431
therapeutic aspects of regression in hospital large group meetings with staff, inpatients of acute psychiatric treatment setting, 18250
use of regression & self analysis & words as powerful action in psychoanalysis, psychoanalysts, 25147
wet pack therapy, regressed psychiatric patients, 9824
Regression Analysis [See Statistical Regression]
Regression Artifact [See Statistical Regression]
Rehabilitation [See Also Cognitive Rehabilitation, Drug Rehabilitation, Occupational Therapy, Physical Therapy, Psychosocial Rehabilitation, Vocational Rehabilitation]
acquisition of visual equivalences between colors & printed words, auditory reading comprehension & oral naming of printed words, severely mentally retarded teenage males, 22207
activity program, depression & rehabilitation, depressed paraplegic 23–34 yr olds, 20538
age demography, need for skilled nursing care facilities & rehabilitation programs, 7410
age structure & nature of disease & locus & cost of care, rehabilitation & health-care policy in long term care, 7321
alpha factor analysis of attitude questionnaire, measurement of attitudes toward rehabilitation practices in activity therapy center, parents & staff, 2906
assessment & intervention with mental health rehabilitation services, long-term care in nursing homes, geriatric patients, 7429
assessment & rehabilitation of memory impairment, amnesic patients, literature review, 9568
attitudes & perceptions toward handicaps, implications for rehabilitation, 18297
attitudes toward disability & rehabilitation, professional & political leaders, Israel, implications for rehabilitation services, 20547
attitudes toward professionalism & college training for rehabilitation teaching & counseling & mobility instruction, state agency directors serving blind & visually impaired, 15614
attitudes toward punishment & treatment of offenders, general public, 30985
behavioral & neuropsychological assessment & educational & rehabilitation goals, children with hyperkinetic form of cerebral palsy, 7470
biofeedback training in rehabilitative medicine, literature review, 9825
biofeedback training, psychosexual rehabilitation following penile implant, 43 yr old male, 4-yr followup study, 9820
cognitive & emotional sequelae of closed head injury, bibliography, 15434
cognitive & psychosocial & physical & vocational rehabilitation in residential transitional treatment program, residents with traumatic head injury, 15405
community work readiness seminar, daily living skills, female chronic psychiatric patients, 12669
computer aided training of information processing strategies, developmentally handicapped adults, 4693
computer art therapy as adjunct to conventional rehabilitative art therapy, quadriplegic & cerebral vascular accident & brain trauma patients, 20291
cost benefit analysis in psychiatric rehabilitation, 2172
cost benefit analysis of microcomputer innovations in communication & occupational & physical therapy & counseling, independent functioning, handicapped, 15445
denial & repressive style, information gain & rehabilitation outcome, 30–75 yr old myocardial infarction patients, 2164
design & organization of acute care hospital & its multidisciplinary staff & therapeutic services & community based rehabilitation program, head injury patients, 15364
development & implementation of Coordinated Ambulatory Rehabilitation Evaluation Services Project, multidisciplinary rehabilitation resources, multiply disabled children in rural settings, 28204
development & reliability & validity of survey to identify rehabilitation & accommodation needs, long term patients in psychiatric hospital, UK, 13413
development of community service concept as treatment/rehabilitation modality, offenders, Canada, 30996
development of rehabilitation services in pediatrics & military medicine & return to sports participation approach, handicapped, 2153
development of tools to facilitate participation in residential evaluation procedures, moderately mentally retarded, 18952
developmental model for enhanced leisure skill training & functioning within career education, mentally retarded Ss, 12742
dexamethasone suppression test, diagnosis of depression & prediction of rehabilitation outcome, stroke patients with mean age of 68 yrs, 7474
ecological perspective in community & residential child & youth & family services, conference presentation, bibliography, 30884
emotional aspects of rehabilitation process & cognitive coping strategies, ill & physically handicapped patients, 10142
ethnographic analysis of residential & educational environments & daily functioning, 20 yr old female with severe cerebral palsy, implications for programs with normalization goals, 15819
etiology & type & severity & onset & age factors, speech recovery in rehabilitation program, 21–60 yr olds with residual aphasia, USSR, 7305
evaluation of reformed program for intake & counseling & restitution for offense, juvenile delinquents, 18289
exercise program, long term rehabilitation effects, patients who had myocardial infarction, 28210
exercise training program, mood & emotions, 27 yr old male with spinal cord injury, 7464
expectations of nurses & relatives & patients, rehabilitation, chronic schizophrenic patients, 1-yr longitudinal study, 7455
extraversion & emotional adjustment, rehabilitation patients with traumatic vs nontraumatic disabilities associated with chronic pain vs motor loss, 22300
factorial structure of Multidimensional Health Locus of Control Scale, rehabilitation patients, replication of study by R. J. Hartke & J. T. Kunce, 16185
family therapy oriented Detention Avoidance Program, pretrial legal practices & adjudication, 10–17 yr old delinquents, 18299
goal attainment scaling, treatment outcomes, 17–48 yr old hospitalized sex offenders, 6-mo followup, implications for rehabilitation, 4244

Goldojarb Software Classification Form, organization of computer programs, aphasic patients, 28199
group activity program for patients & professional staff as means of social restructuring, rehabilitation, chronically hospitalized psychiatric patients, 2081
group dynamics & values of guards, inmates' rehabilitation, correctional officers, 7468
group training, development of basic orientation & unaided mobility & hearing skills, visually impaired individuals with minimal or no mobility skills, 10133
handbook of physical activity & rehabilitation & community linkage programs, institutionalized impaired elderly, 7428
identification & prevalence & adjustment & rehabilitation, mentally retarded offender, 7456
in vivo training with vs without simulation, acquisition & generalization of grocery item selection, 17–20 yr olds with moderate & severe mental retardation, 22754
integrative stepwise rehabilitation system, long term schizophrenic patients, Finland, conference presentation, 28190
interactional video instruction, academic achievement & life enhancement skills, mentally handicapped & learning disabled adolescents & young adults, 23052
interagency model for transition from correctional institutions to public school programs, juvenile delinquents, 28220
interdisciplinary rehabilitation approach by occupational therapist & orientation & mobility specialist, blind & visually impaired adults, 25543
itinerant instruction by counselors & orientation & mobility specialists & rehabilitation teachers, visually handicapped persons, 25534
kinesthetic training, perceptual-motor tasks, 31–60 yr olds with Huntington's disease, 22756
knowledge of students, estimation of mentally retarded adults' performance on test of moral knowledge, adult training center staff, staff training implications, 22746
labeling & juvenile court system, subsequent offenses or reform, male delinquents, 15-yr followup, 14676
microcomputer applications to assessment & training & management, developmentally disabled 11–35 yr olds, 20083
microcomputer as therapeutic tool, patients with cerebral vascular accidents & head injuries, 18307
microcomputer-based California Assessment Battery, assessment & training & management in residential setting, mentally retarded or multiply handicapped 11–35 yr olds, 22747
movement & physical activity programs, self concept & body image, handicapped children, 2166
multidisciplinary health care team in rehabilitation program, chronic psychiatric patients, Chile, 28160
need for establishment of goals for legal/justice system & relation to selection of appropriate form of treatment & punishment, offenders, 30991
need for integration of education & rehabilitation with licensing sanctions, drivers guilty of driving under influence, conference presentation, 25580
neurological treatment & rehabilitation, formerly abused teenage boy with brain injury & hyperkinesis, 12743
neuropsychological rehabilitation, patient with posttraumatic Korsakoff's syndrome, 7451
outcome measures & gainful employment as major goal of rehabilitation, severely disabled clients, 22742
perception of educational & vocational & rehabilitative programs, penitentiary staff & inmates, 2165
photo-bus-route-map intervention, access to mass transit system & applicability across routes & destinations, educable mentally retarded 22–26 yr olds, 2146
postoperative rehabilitation program of physical & psychological therapy, heart transplant patients, 7457
prediction of in-program failure, delinquent youths in community based rehabilitation program, 10145
prerelease offer of companionship & financial support, voluntary acceptance of aftercare service, socially isolated male prisoners, England, 25540
prevalence & diagnosis & rehabilitation & treatment of Alzheimer's disease, 14836
prevalence & etiology & outline of York Behavior Management Services, treatment of paraphilias, developmentally handicapped sexual offenders, 12744
problems with & goals of & suggestions for training, rehabilitation team members, 22847
psychological methods, rehabilitation, adolescent patients, 15409
psychological principles & practices in rehabilitation, 15411
psychotherapeutic rehabilitation, personality disturbance from physical trauma, patients with locomotor handicaps from injury, 7001
purpose in life, spinal cord injured paraplegic vs quadriplegic males, implications for rehabilitation, 17664
rates of nonrecidivism & avoidance of crime following completion of prerelease treatment program, alcohol & drug dependent offender program graduates vs prison parolees vs program dropouts, 30987
rational choice theory & rehabilitation, offenders, 10140
rehabilitation & social skills training, chronic psychotic in- & outpatients, 20534
rehabilitation camps to promote social adaptation, psychiatric patients, 20540
rehabilitation, development of concepts of spatial & temporal relationships, children with cerebral palsy, 4695
rehabilitation, mentally retarded & learning disabled, literature review, 12759
rehabilitation-oriented approach to interpersonal therapist-patient relationship, psychotic patients, Italy, 12348
rehabilitation process, deaf-blind clients, 10136
rehabilitation therapy with semantic divergent techniques, volume & variability of verbal performance, 24–65 yr olds with aphasia, 10139
representation in & services of state rehabilitation agency, disabled females vs males, 2132
role of clinical neuropsychology in rehabilitation, 15414
role of family, promotion of mental health, 52 yr old mother with recurrent mental illness episodes & her family, India, 12683
role of interdisciplinary team in hospital discharge to independent living, 52 yr old female rehabilitating from esophagus cancer, 7411
self care rehabilitation program, acquisition of knowledge & skills, asthmatic episodes, asthmatic 2–14 olds, 31005
self report measures, planning & management of educational & habilitation services, mentally retarded Ss, 20543
social adjustment & interaction, 20–56 yr old head injured patients, implications for rehabilitation, 10137
social skills training, negative attitudes toward social interaction, mentally retarded 18 yr old & male 24 & 27 yr olds, 22751
sociopolitical attitudes & role of behavior modification in rehabilitation, developmentally disabled children, Italy, 9846
sports participation as therapy & life enhancement, physically disabled, 2145
statistical client-baseline matching method & variable definition of recidivism, evaluation of effectiveness of 6 juvenile diversion programs, juvenile delinquents, 18302
supervised parole or probation, rehabilitation & counseling, juvenile delinquents, 4689
survey of functional behavior for purpose of recommending residential accommodation & rehabilitation, adult long-stay psychiatric hospital patients, 18236
task analytic strategies & teaching of apartment upkeep skills, 19–33 yr old severely handicapped & mentally retarded rehabilitation clients, 22773
teacher training programs in correctional & special education, handicapped youth & delinquents, 28395
technological advances, improvement of communication & mobility & vocational & recreational opportunities, blind & severely visually impaired people, 10146
therapeutic vibration techniques, mentally & physically handicapped, 4262
token economy programs in rehabilitation programs, juvenile delinquents, 4691
training & personality traits & general attitudes, client outcome & counselor satisfaction, nonprofessional counselors for 13–16 yr old juvenile offenders, 4688
training in computational & shopping skills, moderately & mildly mentally retarded 32–53 yr olds, 28202

training in emergency fire-safety skills, mentally retarded 30–50 yr olds, 22750
training in independent living, self perception & expectations & needs, mildly mentally handicapped hospital residents & home dwellers & hostel tenants & their families & caretakers, 25547
treatment effectiveness of rehabilitation at private program vs government mental hospital, schizophrenic males aged 15–44 yrs, Pakistan, 20502
treatment program, chronic sex offenders, 28198
treatment program, recidivism & family relations & comfort with sexuality, sex offenders, followup study, 28197
undesirable competing behaviors, maintenance & generalization of desirable behaviors, autistic 8 yr old male & multiply handicapped 8.3 yr old female with behavior disorders, 22741
validity & reliability of Level of Supervision Inventory classification instrument, assessment of rehabilitation needs & recidivism risk, offenders in halfway houses, 23416
victimization & salience & attribution, attitudes toward different forms of criminal sanctioning, community residents & legal & correctional personnel, support for work of A. L. Stinchcombe et al, 24364
visual field training, restitution of visual fields, 56–66 yr old patients with homonymous hemianopia vs quadrantanopia resulting from occipital lesions., 28192
visual training, recognition & location of objects & eye-hand coordination, 6–12 yr olds with severe visual impairments, 4686
World Health Organization's definitions of disability vs handicap & issues in rehabilitation, 14547
Rehabilitation (Drug) [See Drug Rehabilitation]
Rehabilitation (Psychosocial) [See Psychosocial Rehabilitation]
Rehabilitation (Vocational) [See Vocational Rehabilitation]
Rehabilitation Centers [See Also Sheltered Workshops]
funding increase through diversification of independent living services, persons with severe disabilities, implications for rehabilitation, comments on article by J. S. Phillips et al, 28205
funding increase through diversification of independent living services, persons with severe disabilities, implications for rehabilitation facilities, comments on article by J. S. Phillips et al, 28193
funding increase through diversification of independent living services, persons with severe disabilities, implications for rehabilitation facilities, 28206
perceptions of appropriateness of rehabilitation activities & roles of professionals in performing these activities, mental health & medical personnel employed in rehabilitation centers, US, comparison with earlier Australian data, 15440
rehabilitation center offering therapy & education, disturbed adolescents, 7407
social support networks & role structure, emotional exhaustion & personal accomplishment & depersonalization, staff members of residential rehabilitation & mental health center, 20600
Rehabilitation Counseling
Adlerian lifestyle counseling approach to rehabilitation, 22765
application of computer technology in rehabilitation counseling, 12754
attitudes toward professionalism & college training for rehabilitation teaching & counseling & mobility instruction, state agency directors serving blind & visually impaired, 15614
behavioral strategies & rehabilitation counseling, 22764
bioenergetic techniques, rehabilitation, severely disabled patients, 18293
computer applications, automation of rehabilitation counseling services, 12739
computer literacy & computer assisted instruction, professional education in rehabilitation counseling, 20568
conservative vs surgical treatment approaches, chronic back pain, implications for rehabilitation counselors, 2167
effect of computers on rehabilitation counseling, 12749
forecast of employment opportunities in information age, disabled individuals, implications for rehabilitation counseling, 20537
gestalt therapy & rehabilitation counseling, 22739
historical & legislative overview & current issues in transition from school to work & role of rehabilitation counseling, disabled students, 31001
methadone maintenance during pregnancy, intervention techniques for drug counselors, case examples, 22801
need for family involvement in rehabilitation counseling, 2170
perceived needs for training in psychiatric rehabilitation, vocational rehabilitation counselors, 2249
person-centered perspective of C. Rogers & rehabilitation counseling, 22768
personality characteristics, 16–60 yr old female American Indian alcoholic inpatients, implications for counseling, 25578
problems in counseling & rehabilitation, clients with speech-language disorders, 1969
psychodynamic perspective of rehabilitation counseling, 22771
psychoeducational perspective & psychosocial impact of disability & rehabilitation counseling, 22749
rational-emotive perspective & rehabilitation counseling, 22758
reality therapy & rehabilitation counseling, 22757
reduction of government support & development of rehabilitation counseling & social work professions, 27063
reduction of government support, growth & development of rehabilitation counseling & social work professions, comments on article by W. G. Emener et al, 27070
reduction of government support, growth & development of rehabilitation counseling & social work professions, comments on article by W. G. Emener et al, 27067
reduction of government support, growth & development of rehabilitation counseling & social work professions, comments on article by W. G. Emener et al, 27083
rehabilitation counseling, patients with severe head injuries, 2128
rehabilitation theory & interventions & effects of advanced technology, disabled clients, 20542
role in postoperative counseling, rehabilitation counselor, 2012
sexual functioning & attitudes, males & females with spinal cord injuries, suggestions for rehabilitation counseling, 2160
suggested adaptations to rehabilitation techniques, counselors working with elderly clients, 30988
supervised parole or probation, rehabilitation & counseling, juvenile delinquents, 4689
trait-factor approach & vocational rehabilitation counseling, 22766
utility of personal & community support services for rehabilitation/assistance in transitions, disabled elderly, 30995
Rehabilitation Counselors
careers in employee assistance programs, rehabilitation counselors, 18360
ex-addict vs non-ex-addict paraprofessional counselors, treatment progress, methadone maintenance outpatients, 12762
implementation of performance appraisal systems, rehabilitation personnel, comments on model proposed by J. S. Phillips et al, 4725
importance & difficulty & recommended mode of learning of job skills, rehabilitation counselors, 18363
initial assessment interview with psychologist vs counselor, clinical re-attendance, 18–50 yr old alcoholic patients, 18334
legal concerns & interpersonal factors & format, performance appraisal systems, rehabilitation personnel, 4778
measurement of performance, vocational rehabilitation counselors, comments on W. S. Sather's model, 4747
model for measurement of performance, improvement of state & federal program planning, vocational rehabilitation counselors, 4786
perceived impediments to psychiatric hospital discharge, psychologists vs psychiatrists vs social workers vs rehabilitation personnel vs registered nurses vs psychiatric aides, 20587
placement guidelines for employment of vocational rehabilitation counselors, hearing-impaired job candidates, 2616
survey of rehabilitation counselor positions in state & federal agencies, 18409
training needs, military alcoholism & drug abuse counselors, 2257
Rehearsal [See Practice]
Reinforcement [See Also Differential Reinforcement, External Rewards, Fixed Interval Reinforcement, Fixed Ratio Reinforcement, Monetary Rewards, Negative Reinforcement, Positive Reinforcement, Praise, Punishment, Reinforcement Amounts, Reinforcement Delay, Reinforcement Schedules, Rewards, Secondary Reinforcement, Self Reinforcement, Social Reinforcement, Variable Interval Reinforcement, Variable Ratio Reinforcement, Verbal Reinforcement]
affective & memory improving properties of lithium vs saccharin vs sucrose, conditioned place preference, male rats, 19515

alpha-flupenthixol, response for temperature reward in operant paradigm, male rats, 11291
auditory &/vs visual stimulation, work output on stationary bicycle, severely retarded 22–30 yr olds, 15084
behavioral & verbal locus of control ratings vs expectancy & reinforcement values of academic achievement, attribution of responsibility, male college students, 19861
blocking procedure, modification of stimulus-reinforcement interaction in avoidance & food training, rats, 23686
change in site of reinforcement, keypeck response, tit vs blackbird vs songthrush vs sparrow species, 23685
choice & matching behavior in concurrent schedules of reinforcement, review of research, 2958
comments on circularity of B. F. Skinner's definition of reinforcement, 39
conceptualization & behavioral treatment using reinforcers, demand-related tantrums, male developmentally disabled 7–11 yr olds, 25225
conditioning trials & daily consumption of ethanol solution, establishment of conditioned place preference, male rats, implications for mechanism of reinforcement capability of alcohol, 5925
consistent vs inconsistent directive activity level & reinforcement inequalities, development of differentiated vs undifferentiated task group power structures, female college students, 24474
contingency reinforcement of cooperation vs contingency of cooperation involving verbal feedback, basic behavior, severely retarded children, 9867
contingency variations, extinction of conditioned fear inhibitor & excitor, male rats, 19199
degree of sex role stereotypy & causal attributions, relationship between varying amounts of noncontingent reinforcement & subsequent performance, male vs female college students, implications for learned helplessness & reactance theories, 17203
depressed vs elevated brain acetylcholine levels, reinforced vs nonreinforced operant responses, albino rats, 26738
display & attack as reinforcers, hurdle-crossing response to target conspecific, male fighting fish, 23732
drinking context & reinforcement from alcohol, drinking patterns, 21–73 yr old alcoholics, 12039
event contingencies & reinforcement, autoshaping & omission responding, college students, 13686
external vs internal task motivation orientation & self regulated vs externally imposed reinforcement, job performance, mildly mentally retarded adults, 4064
factors in extinction of facilitation assessed by autoshaping, female pigeons, 11082
food vs water reinforcement, odor based runway performance, food & water deprived male rats, 19195
footshock & reinforcement, nonassociative learning in T-maze, male mice, evaluation of predictions of reinforcement & neophobia-arousal theories, 5787
identification & properties of preferred reinforcers, 3–18 yr olds with profound mental retardation, 7144
immediate reinforcement & delayed punishment using shock, key pecking behavior, pigeons, implications for processes regulating self control, 3083
large vs small group with vs without music listening contingency, positive interactions with & acceptance by nonhandicapped 3rd–6th graders in music classrooms, mainstreamed mentally retarded 8–15 yr olds, 7712
locus of control & political behavior & reinforcement value, college students, implications for Rotter's concept, 11840
meals as free time in token economy program, reinforcement for performance, hospitalized chronically mentally ill patients who had previously had meals as token events, 22717
metergoline vs methysergide vs cyproheptadine vs mianserin vs cinanserin, punished responding reinforced by stimulus shock termination vs food presentation, squirrel monkeys, 16567
methadone, keypecking & brief stimuli with vs without unconditioned reinforcement, pigeons, 16677
mild punishment & overcorrection & reinforcement of alternative behavior, reduction of self-injurious behavior, 12 yr old autistic severely retarded male, 11-mo followup, 25251
modeling & reinforcement & progressive relaxation, telephone dialing behavior & number recall, female with psychogenic amnesia, 22374
multiple sensory vs edible reinforcers, resistance to satiation during learned visual discrimination task, male autistic 5–6 yr olds, 7146
nicotine gum vs new nicotine gum with vs without side effects instructional sets, determination of nicotine's ability to act as reinforcer, 23–70 yr old ex-smokers, 23985
noncontingent response reinforcement & perceptions of control, learned helplessness, college students, 16327
noncontingent termination of aversive stimulation, development & organization of behavior, rats, 3089
nonreinforcement & memory traces of negative conditioned signal, inhibitory conditioned responses, rats, 5533
observation of responses, preferences & stimuli selection on mixed reinforcement schedule, college students, 16308
operant conditioning model of reinforcement & punishment, medication adherence, patients with schizophrenia, 22526
partial reinforcement, autoshaping, male pigeons, 11055
perceived contingency of teacher-administered reinforcements & locus of control & teacher ratings of Ss' helplessness-competence, academic achievement, female vs male 8th graders, 10414
performance of moderately vs extensively trained instrumental response following reinforcer devaluation, male rats, 11056
performance of pursuit rotor vs tracometer psychomotor task with vs without reinforcement & alcohol consumption, transfer of tolerance from 1st to 2nd task, male social drinkers, 26729
Pez Candy Dispenser, delivery & fading out edible reinforcers, moderately retarded special education students, 10496
phenomenon of extinction-induced resurgence of reinforced behavior, humans vs animals, literature review, 301
pimozide & amount of conditioning, acquisition of conditioned reinforcement, male rats, 26682
pimozide, sham intake of sugar solutions as indicator of mediating role of dopaminergic synaptic activity, male rats, 11297
preexposure to escapable shock followed by uncontrollable shock, learned helplessness, male rats, implications for immunization phenomenon, 11093
pretrial reinforcement, instrumental conditioning, male rats, implications for priming vs overshadowing vs conditioned inhibition hypotheses, 375
random reinforcement contingency, behavior, human Ss, 3051
rates & ratios of teacher approval & time usage & student attentiveness during piano lessons, preschool age through adult piano students & teachers, 4852
reciprocal peer management procedures & group reinforcement contingencies, arithmetic proficiency, underachieving 5th & 6th graders, 28464
reinforcement of line probe responses following discrimination of colors by keypecking, acquisition of stimulus control in fading procedures, pigeons, 8283
reinforcement of multiple operations & manipulation of intertrial activity & duration, learning, 6.7–11 yr old autistic & retarded children, 20789
reinforcement of sex role behavior by peers & teachers, male vs female 21–25 mo olds, 8836
reinforcement procedures, retraining hand movement & range of supination, hemiplegic S, comments on study by J. F. Smith et al, 25258
reinforcement procedures, retraining hand movement, hemiplegic S, reply to comments by D. A. Sandford & R. H. Elzinga, 25253
response- vs stimulus-reinforcer pretraining, negative vs positive stimulus discrimination control, rats, 5573
sensory reinforcement technique, on-task performance of motor coordination task, 9 & 12 & 16 yr old nonverbal autistic males, 25217
social skills training vs direct reinforcement methods, 21–67 yr old mentally retarded patients, 6-mo followup, 1878
stimuli similar along wavelength continuum, response rates under different reinforcement contingencies, pigeons, 26391
stimulus duration, conditioned reinforcement value in training & test trials, pigeons, 13714
strengthening effects of behavior consequences as form of reinforcement, problems in Western cultural world & practices, 24282
task performance as behavioral measure of response to monetary reward reinforcement during depression, 17–59 yr old melancholic patients, 27903

teacher vs self administered reinforcers, sustained attention, male 8–11 yr olds with learning disabilities & attention deficit disorder, 4928
varied dosages & self administration of ethanol, conditioned place preference, rats, 3271
Reinforcement (Vicarious) [See Vicarious Experiences]
Reinforcement Amounts
amount & onset of reinforcement, choice behavior in study of video game reinforcement, college students, 23612
choice & amount of reinforcement, rats, 5552
concurrent-chain procedure & undermatching & amount of reinforcement, college students, 292
interevent anticipation of liquid & solid sucrose rewards, rats, 353
levels of aggregates, proportion of time allocated to 1 component of concurrent VI/VI schedule, pigeons, 8294
shift from small reward to nonreward in runway discrimination problem, learning, male rats, 359
signaled vs unsignaled large vs small rewards, odor emissions, rats, 29204
Reinforcement Delay
amount & onset of reinforcement, choice behavior in study of video game reinforcement, college students, 23612
choice & optimal foraging & delay-reduction hypothesis, pigeons, 19202
contrast between rewards received & duration & predictability of punished vs nonpunished penoids as indicator of tolerance for delay of reward, diazepam-reduced release of punished behavior, male rats, 26751
delay between reinforcement receipt & opportunity to choose & prereinforcer delay, choice of reinforcer, pigeons, 23675
delay of partial or continuous reinforcement in maze arm & hippocampal vs septal lesions, choice preference for partial or continuous maze arm, male rats, 11255
delayed reinforced alternation test, acquisition of working memory, Roman high vs low avoidance male rats, 13779
delayed reinforcement, lateral hypothalamic self stimulation, male rats, 29360
delayed vs immediate reinforcement, choice behavior & self control, male pigeons, 19217
diazepam vs nitrazepam vs chlordiazepoxide vs clobazam vs indalpine vs zimeldine vs flumazepil & choice between immediate & small vs delayed & large reward, tolerance to reward delay, male rats, 16815
duration of delay during reinforcement & intertrial interval after reinforcement, discrete trial choice behavior, pigeons, 11071
FR vs VR reinforcement schedules & delay of reinforcement, indifference point in choice behavior, pigeons, 19220
immediate vs delayed & magnitude of reward & delay of reinforcement, production of odor cues, male rats, 21224
marker stimulus following choice response in delayed reinforcement, discrimination performance, pigeons, 11069
preference between differently delayed reinforcer rates, homing pigeons, 23666
probability & delay of reinforcement, discrete-trial choice in key peck paradigm, White Carneaux pigeons, 16353
response reinforcement interval, specific alternative behavior & DRO contingencies, male rats, 19230
Reinforcement Schedules [See Also Fixed Interval Reinforcement, Fixed Ratio Reinforcement, Reinforcement Delay, Variable Interval Reinforcement, Variable Ratio Reinforcement]
acute chlordiazepoxide doses, ethanol self administration under current reinforcement conditions, male rats, 16783
antidepressant AHR-9377, DRL performance, male rats, 24009
Apple Picker computer software package, assessment of responses to concurrent & multiple schedules, humans, conference presentation, 18884
application of incentive theory to data from experiments with variable magnitude of food reward, animals, 16352
body weight & food delivery schedule, self administration of phentermine, male rats, 16749
changeovers to alternate behaviors, operant interresponse times, rats, 26396
chlordiazepoxide & sodium amylobarbitone, partial reinforcement extinction effect in runway & Skinner box, rats, 670
concurrent schedule reinforcement, sensitivity of time allocation, homing pigeons, 19187
constrained optimization theory of choice in concurrent schedules of reinforcement, 13696
continuous vs partial reinforcement schedules, autoshaping of key peck behavior, pigeons, 5565
cue similarity & US magnitude, appetitive differential conditioning of jaw movement response, rabbits, 367
dextrolevoamphetamine, partial reinforcement extinction effect, male rats, 14066
discriminability of signaling stimuli & component probability & reinforcer rate, free operant detection, pigeons, 19196
duration of changeover contingency, number of changeovers & reinforcements & responses, rats, 8279
effect of attribution retraining on arithmetic helplessness, effect of success-failure schedules on Ss' attributions & persistence, 9–15 yr old male special education students, 10482
equation for simple action of P. A. de Villiers & R. J. Herrnstein, prediction of reinforcement schedule effects on rates of behavioral output, animals, review of research, 8299
exposure to tandem FR DRL vs DRL schedules & variable time schedule, response decrement, male rats, 29188
fixed repeating cycle & probability of reinforcement, mean response rate & postreinforcement pause, pigeons, 354
fixed time vs continuous reinforcement schedules of water presentation, food intake rate, water deprived male rats, 29220
food deprivation vs satiation, performance maintained by oral phencyclidine under second-order vs tandem vs FI schedules, monkeys, 630
formation & delayed time & 1st vs 2nd order responses in spatial alimentary natural CR, dogs, 5572
FR vs progressive-ratio reinforcement schedules using cocaine vs nomifensine, maintenance of leverpress response, monkeys, 14068
handling time of large vs small food items, choice behavior in concurrent VI & fixed-cumulative-duration schedules, pigeons, lack of support for optimal foraging theory, 26408
imipramine vs chlorimipramine, schedule-controlled behavior, pigeons, 21540
immediacy of reinforcement, acquisition & maintenance of autoshaped keypecking, pigeons, 19193
inconsistent reinforcement, reversal & nonreversal shift discrimination, 11–13 yr olds, 24108
independence of factors determining response rate & size of postreinforcement pause, male rats, 368
intertrial interval, memory for events occurring in temporal order, male rats, 5576
interval between non-reinforced presentation of averted stimulus, extinction of aversion, male rats, 19232
keypecking vs treadlepressing under FI vs fixed time schedules, pigeons, 23673
lesions of nucleus accumbens septum induced by 6-hydroxydopamine, acquisition of heroin self injection, low body weight rats, 16538
local contingencies of reinforcement, probability learning, male rats, 5547
model of response-reinforcer contingency, male rats, 5571
molecular maximizing, characterization of choice ratios on W. Vaughan's procedure, pigeons, 8298
naloxone vs beta-endorphin vs ACTH, acquisition of schedule-induced polydipsia, male rats, 697
number of stimulus pairings & partial reinforcement & temporal gaps between stimuli, leadership about stimulus properties of reinforcers in autoshaping, female pigeons, 23663
occurrence of event on more than 50% of acquisition trials, partial reinforcement hump, college students, 19134
omission of signal stimulus for reinforced vs nonreinforced schedule component, conditioned behavior, rats, support for secondary reinforcement hypothesis, 3094
partial reinforcement, acquisition & extinction of autoshaped keypeck response, pigeons, 19223
partial reinforcement schedules, rate of autoshaped keypecking, pigeons, 26404
partial vs continuous reinforcement schedules in between- vs within-S design, autoshaping, quail, 13722
Pavlovian mechanism & operant contingencies, acquisition & suppression of sign-tracking behavior in aversive conditioning, rats, 5558

pimozide vs spiperone, schedule-induced vs deprivation-induced drinking, male rats, 5922
positive & negative patterning schedules, discrimination of compound stimulus, male rats & rabbits, 23659
positive vs negative vs zero response-outcome contingencies, responses & ratings, college students, 5484
preference between differently delayed reinforcer rates, homing pigeons, 23666
preference for lever vs rod for obtaining reinforcement under VI schedule, male rats, 19224
preference for shock with signaled shock-free periods vs without signals, rats, 5528
preference for unsegmented interreinforcement intervals under concurrent chain schedules, homing pigeons, 19216
ratio reinforcement schedules, discrimination learning, male Japanese monkeys, 8286
reinforcement expectancies, trial spacing effect in delayed matching-to-sample, pigeons, 29210
reinforcement maximization & stimulus sampling & responsiveness to extinction, 9.9–13.4 yr old males with autism, implications for treatment, 3895
reinforcement schedule & satiation vs extinction, elimination of conditioned behavior, rats, 5538
response rates in concurrent heroin self administration & lateral hypothalamic brain stimulation, male rats, 26669
sc vs ip injection of anticholinesterase agents, schedule-controlled behavior & acetylcholinesterase levels in brain vs gastrointestinal tract, male rats, 16570
schedule constraint, drink burst & regulation of wheel running & drinking, rats, support for general molar behavior regulation model, 11062
signal for pellet delivery, development & maintenance of polydipsia on fixed vs variable time schedules, rats, 372
signaling unlearned reinforcement, response suppression, male rats, 5546
signals for pellet delivery, polydipsia on random time schedules, male rats, 5566
statistical analysis of reinforcement procedures used in experiments relating to choice, animals, 16359
stimulus control & reinforcement frequency, dextroamphetamine-modulated behavior, rats, 8295
tailpinch &/vs schedule induction with vs without naloxone, suppression of schedule-induced polydipsia, rats, 370
unrelated contingency rewards, delay of transference of changeover responses, rats, 8278
variation of stimulus disparity, switching-key concurrent VI schedule performance, 13723
varied access to & substitutability of dry &/vs water &/vs saccharin tubes, licking behavior, pairs of rats, 8277
varied instrumental contingencies & signaled vs nonsignaled noncontingent reinforcement, leverpressing, rats, 26392
verbal contingency vs peformance descriptions, button pressing behavior, college students, 8259
15 vs 60 sec component multiple VI schedules, sensitivity of reinforcement, pigeons, 26411
2nd order reinforcement schedule, FR self administration of phencyclidine, monkeys, 16582
Reinnervation [See Neural Development]
Relapse (Disorders)
amphetamine challenge to fluphenazine discontinuation study, relapse risk, 21–51 yr old schizophrenic outpatients, 12540
antipsychotic drugs, prevention of relapse, schizophrenic patients, conference presentation, 30717
body image disturbances & dissatisfaction, prediction of relapse, bulimia nervosa patients, 6-mo posttreatment followup, conference presentation, 24897
changes in scores on locus of control of behavior scale during behavioral therapy, prediction & prevention of relapse of stuttering, adult stutterers, 10-mo followup, 25227
client characteristics, probability of survival in community without rehospitalization, psychiatric inpatients or rehabilitation center for formerly hospitalized patients, 12756
clinical conditions during long term abstinence, 20–60 yr old male alcoholic outpatients, 6-mo longitudinal study, 20557
cluster analysis & development of typology of smoking relapse episodes, ex-smokers, 12783
cognitive-behavior therapy booster sessions, relapse, 20–62 yr old depressed patients, 4408
conditioning factors in opiate addiction & relapse, implications for drug rehabilitation, reprint of previously published article, 25610
determinants of relapse, 28–69 yr old alcoholic inpatients, Sweden, replication of G. A. Marlatt & F. R. Gordon's findings with Americans, 4037
detoxification recidivism, urban American Indian alcoholics with mean age of 41 yrs, 12774
directed therapeutic diagnosis, determination of relapse in alcohol drinking, 7486
expressed emotion & life events & prophylactic neuroleptic medication, relapse, schizophrenic patients, comments on J. P. Leff's study, 11980
expressed emotion in family, patient relapse, 18–30 yr olds with schizophrenia & their families, 9-mo followup, 9285
expressed emotion in family, relapses of disorder, schizophrenic patients, review of research, 1346
families with high expressed emotion & life events & prophylactic neuroleptic medication, relapse, schizophrenic patients, criticism of J. P. Leff's study, 11915
family environment & psychiatric diagnosis & demographic variables, relapse & rehospitalization, discharged psychiatric patients, 15392
family expressed emotion, relapse, schizophrenic 18–55 yr olds, 3889
family therapy, reduction of expressed emotion & relapse of disorder, schizophrenic patients & their families, 9-mo longitudinal study, 1835
health locus of control & health beliefs & social support & use of nonsmoking areas & objecting to smoking by others, abstinence & relapse after minimal intervention, 15–71 yr old ex-smokers vs recidivists vs continuing smokers, 1-yr followup, 7488
imipramine &/vs lithium, free vs bound thyroxine quotients & thyrotropin-stimulating hormone secretion, recurrent major depressive 20–65 yr olds, conference presentation, 15200
imipramine metabolism, 20–65 yr old patients with recurrent major depressive episodes, 7255
incidence of multiple episodes of psychotic or schizophrenic symptoms, schizophrenic vs schizoaffective vs unipolar depressed vs bipolar affective disordered patients, 9355
incomplete recovery from index episode & residual symptoms & inferior social adaptation, risk for depressive relapse, patients with primary unipolar depression, 27292
independent events & relatives' expressed emotion, relapse, schizophrenic patients with vs without prophylactic neuroleptic medication, criticism of J. P. Leff's study, 11965
independent life events & relatives' expressed emotion & prophylactic neuroleptic medication, relapse, schizophrenic patients, 11960
lethality & relapse & epileptic seizures, psychiatric patients with delirium tremens, 20161
life events & expressed emotion & prophylactic neuroleptic medication, relapse, schizophrenic patients, comments on J. P. Leff's study, 11949
life events & expressed emotion, relapse, schizophrenic patients with vs without neuroleptic medication, criticism of J. P. Leff's study, 11937
lifestyle & social &/vs psychological factors, prediction of length of survival & time to relapse, patients with unresectable cancers vs melanoma vs breast cancer, 12177
lithium vs conventional treatment methods & ECT, relapse & social performance, 19–66 yr olds with bipolar affective disorder, conference presentation, 9894
medication & family treatment &/vs social skills training, relapse during aftercare treatment, schizophrenic 17–55 yr olds from high expressed emotion families, 30507
model of behavioral & psychodynamic approaches, treatment of relapse in alcoholism, 7498
outpatient treatment, probability of rehospitalization, schizophrenic patients, 25468
plasma concentrations of imipramine vs amitriptyline following daily treatment & desmethylated metabolites, acute relapse, depressed 6.7–15.5 yr olds, 20407
prevalence of psychostimulant use, relapse, recently admitted schizophrenic patients, 3916

prodromal signs of relapse in schizophrenia, criticism of D. W. Heinrichs & W. T. Carpenter's study, 14610
prodromal signs of relapse in schizophrenia, reply to M. I. Herz & J. C. Simon's criticism, 14609
prodromal symptoms & prevention of relapse with antipsychotic drugs, schizophrenic patients, conference presentation, 30738
prodromal vs active symptoms in schizophrenia, comments on article by D. W. Heinrichs & W. T. Carpenter, 27324
psychotic relapses during long term lithium treatment, manic depressive lithium responders, 2–7 yr followup, conference presentation, 7265
rapid relapse following withdrawal or dose reduction of clozapine, 24 & 38 yr old schizophrenic & 39 yr old schizoaffective patients, 18092
reduction in expressed emotion & face-to-face contact, relapse rate, families of 16–65 yr old schizophrenic patients receiving neuroleptic drugs, 2-yr followup, 15055
rehospitalization & social role at discharge, patients with schizophrenia, 1-yr followup, 20507
relapse in early recovery as core problem in alcohol rehabilitation programs or psychotherapy, alcoholics, 10150
relapse to alcohol use, 17–70 yr old alcohol abuse patients assessed 1 yr after completion of treatment, 12782
risk of relapse & chronicity following recurring depressive episodes, patients, followup study, 14616
self efficacy, prediction of relapse following voluntary smoking cessation, adults who had quit smoking 1 yr earlier, 28269
sobriety & relapse, 26–74 yr old physicians & other professionals who are Alcoholics Anonymous members, 5–7 yr followup, 18344
social skills training vs holistic health therapy, social skills & adjustment & relapses & rehospitalization, schizophrenic males evaluated 9 wk after treatment & for 24 mo in community, 20548
speech & psychological reconstruction, relapse of stuttering, adult stutterers who achieved fluent speech, 12610
stages of behavior change & prevention of relapse, patients with addictive disorders of alcoholism or smoking or obesity, 27886
treatment plan for avoidance of tempting situations & leisure time planning, potential for relapse & coping strategies, 23–70 yr old outpatient alcoholics, 20561
type of institutionalization & SES & subsidies received in long term psychiatric hospitalization, discharge vs relapse vs continued hospitalization, chronic patients, Italy, 15377
use of survival methods, hazard of death & relapse following treatment as outcome measures, anorexic patients, 4–22 yr followup, conference presentation, 24921
verbal interaction in suburban therapeutic communities, drug free lifestyle vs relapse to street crime & illicit drug use, drug addicts, 2183
withdrawal of lithium therapy, relapse, patients with bipolar or unipolar affective disorder or schizoaffective psychosis-depressive type, 9947

Relaxation
aerobic exercise vs quiet rest as behavioral distraction therapy, systolic blood pressure & state anxiety, hypertensive vs physically active normotensive males, 30693
age & sex, physiological & subjective indices of well-being & relaxation & anxiety in flotation environment, 18–48 yr olds, 28831
biofeedback training using GSR & body temperature, enhancement of deeper states of relaxation, healthy high school students, 576
chewing complex carbohydrate cereal for 20 vs 60 sec & stress vs relaxation, salivary amylase digestion of complex carbohydrates, college students, 29334
cognitive & relaxation coping skills program, anger reduction, healthy college students, implications for therapeutic self management processes in anger control, 20349
EMG biofeedback training with immediate vs delayed posttest, hypnotic susceptibility & relaxation ratings, college students low in hypnotic susceptibility, 8456
instruction in nonverbal communication & group integration & spatial-temporal orientation & relaxation, self perception expressed in drawings, 23–61 yr old teachers & social workers, 7129
laughter as nonverbal communication & means of releasing physical & psychological tension, 5972
mood & anxiety level & muscle tension & reclining time, chronic pain patients, 6816
program for enhancement of self esteem & relaxation & vitality & exercise, demented elderly residents of intermediate care facility, 12730
relaxation & arousal exercises, Achilles tendon reflex & frequency & amplitude of skin conductance & resistance responses, practitioners of autogenic training, 29337
relaxation & cognitive rehearsal, anxiety levels & underwater diving performance, beginning SCUBA students, 22491
relaxation, anxiety & coping with stress, 2nd graders, 25211
relaxation as psychosocial modulation factor, cellular immunity, 1st yr medical students, 21355
relaxation exercises & knowledge of duration of relaxed feelings, interpersonal attraction in social setting, previously unacquainted female college students, 24496
relaxation vs noise-induced stress, skin conductance & heart rate response, 25–56 yr old male alcoholics, 17464
rest, work curve characteristics, 5–6 yr olds, 3404
vigorous exercise & nutrition & relaxation, reaction to stress, 9675

Relaxation Therapy [See Also Progressive Relaxation Therapy]
additional information about procedure, compliance with relaxation training, 18–63 yr old patients, 9813
ambulatory EKG monitoring & relaxation training, arrhythmia, 29–72 yr olds with premature ventricular contractions, 22392
animal symbolism & imagery & chakra system, psychotherapy, 14988
applied relaxation & stress inoculation, 30 yr old female with panic disorder & 36 yr old male with generalized anxiety disorder, 9853
assertiveness training vs attention control, depression & self esteem & assertiveness & attributional style, depressed housewives, 6-wk & 6-mo followups, 27894
attitudes toward hypnosis & relaxation & beliefs in & willingness to try behavioral procedure, outpatient cancer chemotherapy patients vs college students, 15096
biofeedback & relaxation & cognitive skills training as multimodal adjunct therapy, anger control & behavior modification, hospitalized 13–18 yr olds, 28139
biofeedback & relaxation techniques in clinical cases & from athletic & acting perspectives, 25239
biofeedback & visualization & relaxation training, patients with migraine & tension headaches, 1903
biofeedback vs modified autogenic relaxation training, chronically cold peripheral skin temperature, 25 yr old females, implications for diagnosis & treatment of migraine headache & Raynaud's disease, 25244
body awareness as aid in relaxation & breathing techniques, myocardial infarction patients, 1653
cognitive restructuring & relaxation & social skills training in group stress management program, implications for social work practice, 1901
cognitive vs relaxation training group treatment program, treatment outcomes, cognitive vs noncognitive agoraphobic responders who were matched vs unmatched for mode of treatment, 27726
concentration biofeedback aid & relaxation therapy, full absorption of consciousness in respiratory meditation, 20–45 yr olds, 20374
cue-controlled relaxation technique, stress & satisfaction & performance, male middle managers with stress problems, 3-mo followup, implications for employee development & assistance programs, 25999
cue-evoked relaxation therapy with cognitive modification & diaphragmatic breathing techniques, airsickness, 20–25 yr old student pilots, 4422
didactic information & relaxation training & cognitive behavioral techniques, self concept & attitudes toward illness, 37–61 yr old female pain patients in outpatient pain management program, 27911
differential cognitive & affective & behavioral characteristics & relaxation treatment, high vs low anger college students, 5-wk & 1-yr followup, 27228
effectiveness of outpatient behavior therapy program, management of chronic pain, 17–58 yr old chronic pain patients, 9843
EMG biofeedback assisted relaxation training, beta-endorphin levels & muscle tension & analgesic medication dosage, 37–61 yr old chronic pain patients, 27921

EMG biofeedback mediated muscle relaxation of neck, reduction of muscle contractions & pain, whiplash & osteoarthritis victims with cervico-brachial pain syndrome, 25219
EMG biofeedback vs relaxation training vs remedial teaching, reading accuracy & speed & comprehension, 4th–5th graders with reading disabilities, implications for special education & teacher training, 20785
evaluation of symptom-specific alternatives to standard program of insight & relaxation therapy, adult patients, 30503
fantasy relaxation technique & fantasy door approach, female college students with bulimia, 1767
finger pulse volume vs finger temperature biofeedback vs relaxation training, alteration of hand temperature, college students, 5733
grouping according to physiological & cognitive reactions to social interaction test, responses to relaxation therapy vs self instructional training, 20–60 yr olds with social phobia, 20354
guidelines for use of relaxation training procedures & skills & therapist role, biofeedback clinicians, 25262
home-based self administered vs clinic-based therapist-administered relaxation &/vs biofeedback therapy, 18–65 yr old tension vs vascular headache patients, 15081
hypnosis or relaxation training & cognitive coping skills, pain duration, 15–41 yr olds with Temporo-Mandibular Pain & Dysfunction Syndrome, 1899
hypnotic suggestive therapy & relaxation techniques, cervical headache, 22–44 yr old patients, 3 & 10 mo followup, 9955
individualized vs group relaxation &/vs contingency contracting for home practice, patients with essential hypertension, 20352
mental & physical effects of basic & modified relaxation training techniques, 15099
mindfulness meditation, chronic pain, patients, 1881
multidimensional treatment program including relaxation training & behavioral techniques, fire setting, 10 yr old male with severe behavior disorder, replication of study by P. McGrath et al, 9841
muscular relaxation, emotional stress & neuroses & psychosomatic disorders, 4460
outpatient treatment program, insomnia, 23–73 yr old patients, 1-mo followup, 15087
partner-assisted exposure therapy & relaxation vs communication skills training, communication patterns, couples with 22–63 yr old females with agoraphobia & panic attacks, 8-mo followup, 9812
position on examination table, surface recorded EMG levels of paraspinal muscles, back pain patients, 27884
progressive & systematic relaxation & neck rolls & mantra chanting & breathing techniques, 65–92 yr old depressed geriatric nursing home residents, 7426
progressive vs self control relaxation, spontaneous bleeding & collateral symptoms, patients with hemophilia, 1882
psychological intervention, improvement of physical & psychological & lifestyle status, 29–69 yr old patients following myocardial infarction, 12335
radio broadcasts using subliminal relaxation messages & discussion as primary prevention activity, surveyed listeners, 2019
relaxation & biofeedback therapy & behavioral counseling, migraine & muscle contraction & tension headaches, 10–17 yr olds, 6–22 mo followup, 9865
relaxation & biofeedback training as adjunctive therapy, male patients with severe rheumatoid arthritis, 25223
relaxation & imagery & hypnotherapy, treatment of cancer, bibliography, 7140
relaxation & imagery therapy, tolerance & self ratings of loudness, 60 yr old male with tinnitus, 1-yr followup, 9833
relaxation & positive thinking with biofeedback by temperature, emotions, hospitalized 12–77 yr olds with diabetes mellitus, 25238
relaxation techniques, affect & cognition & reduction of arousal & distress, female college students, 27923
relaxation therapy, anxiety reduction, literature review, 22495
relaxation training & biofeedback in behavioral programs, 25 yr old female with muscle tension headaches, case report, 6-wk followup, 30686
relaxation training & mnemonics, attention & anxiety in face-name recall, 61–82 yr olds, 9683
relaxation training & stress management group, stress & behavior disorders & anxiety, psychiatric outpatients, implications for nursing, 30504
relaxation training course, circulatory response to emotional stress, healthy 30–49 yr olds, conference presentation, 8455
relaxation training, emotional stability as measured through biofeedback skin conductance level, males, 8444
relaxation training, paradoxical anxiety reactions & depersonalization, criticism of article by W. D. Fewtrell, 1876
relaxation training, psychoanalytic psychotherapy, 7061
relaxation training, reduction of postpartum distress, 18–35 yr old expectant mothers, 12513
relaxation training, writing skills, 7th–8th graders, 22995
relaxation vs placebo concentration therapy & therapist bias, tension or mixed migraine-tension headache, 18–45 yr old females, implications for controlled outcome research methods, followup study, 1902
relaxation/cognitive therapy &/vs study skills training, test anxiety & academic performance, test-anxious college students, 31319
simple & relaxation & cognitive tasks, 8–10 yr old males with psychomotor dysfunctions, extension of cardiac component analysis technique, conference presentation, 20339
stimulus deprivation & relaxation training, nausea & vomiting associated with hyperemesis gravidarum, 19 yr old female in 7th wk of gestation, 20366
suggestibility, performance in progressive relaxation vs suggestions of relaxation training, college students, 1893
supervised relaxation training, costs & accessibility, 19–67 yr olds, 4444
therapeutic relaxation, children, 4438
therapist role & relaxation groups in occupational therapy, development of self help tools & social networks, female clients, 25565
thermal biofeedback treatment with storytelling from "Star Wars" movie as relaxation therapy, migraine headaches, overachieving 10.6–12.7 yr old males, 25257
upper extremity musculature EMG biofeedback, relaxation training, literature review, 22493
Reliability (Statistical) [See Statistical Reliability]
Reliability (Test) [See Test Reliability]

psychoanalytic theory applied to works by F. O'Connor & W. R. Bion & D. W. Winnicott, 3357
public reaction & arousal to state of rebellion of Jewish population & evidence of psychotic affective disorder, 17th century Jewish heretical Messiah Sabbatai Zwi, 14273
relations of science & religion in descriptive psychology, 26121
religion & hidden variables & implicate order in work of D. Bohm, conference presentation, 16056
religion psychology, improvement of social environment, children, 5198
religious cognition as interpreted experience vs inferentially acquired beliefs, critique of I. Barbour's hypothesis, 24278
religious organizations, support in decision making regarding long term care of elderly, adult children of elderly parents, 18152
religious suppression of women, comments on interpretation of D. A. Shrock, 983
religious views on alcohol & alcoholism, 3657
restoration of thinking to its human context as spiritual task of nuclear age, 14246
search for ecstasy as manifested in religion & drug abuse & neurology & psychopathology, literature review, 30072
social support roles & church-based health programs, rural Black communities, 4608
supernatural power & sexuality & paradigm of women's space in religion & culture, 6192
symbolism of mountain in folk religions vs Buddhism vs Shugendo, Japan, 21818
theology & meaning of illness, 1224
theory of wholeness & implicate order & postmodern consciousness, critique of theory by D. Bohm, conference presentation, 16074
therapeutic dynamics of church community, 7311
therapy & creative spiritual evaluation, females in later stages of life, 30601
views of consciousness & mind-brain interactions, union of religion & science, conference presentation, 997

Religiosity

age & life satisfaction, religiosity & influences on religious development, 65–88 yr olds, 21773
attitude toward religion & impulsiveness & venturesomeness, 11–17 yr olds, 29729
autonomy of moral reasoning & education from religious faith, critique of theory of L. Kohlberg, 8946
Christian-oriented psychotherapy, resolution of guilt through regaining of religious faith, male analysand in his 20s, 17847
church membership vs importance of religion to S vs fundamentalism–liberalism of religion, heavy vs light drug vs alcohol substance use, 7th–12th graders, 26918
client religiosity, judgment of prognosis & psychopathology & locus of problem, religious vs nonreligious clinicians, 20305
correlation between extraversion & religiosity, 14–16 yr olds, England, 24180
degree of religiosity, distribution decisions & allocations of budget cutbacks vs rewards, Hindu college students, 14472
dogmatism & doctrinal orthodoxy & styles of religiosity, late adolescents & young adults, conference presentation, 8871
functioning of self in religion regarding biblical beliefs of sin & psychological notions of positive self regard, 17056
guidelines for provision of spiritual care, family member caregivers of institutionalized elderly, 25494
morality & religious attitudes & commitment & beliefs about birth control & abortion & family planning, decision to accept vs reject amniocentesis, pregnant females, 30838
Nowicki-Strickland Locus of Control Scale for Adults & religiosity, college students, 20741
past & present experiences & anticipation of future, religious maturity, aged, 17002
premarital cohabitation & marihuana & illicit drug use & religiosity in adolescence, commitment to traditional roles & lifestyles, males vs females with mean age of 24.7, 27133
psychoticism & religiosity, 15 yr olds, 11492
relationships between dimensions of religiosity & empathy, college students, 14531
religiosity & anomie, citizens, US, replication of & comments on research by S. Stack, 17051
religiosity & anomie, citizens, US, reply to comments by L. J. Olson et al on research by W. R. Schumm, 17053
religiosity & childhood experiences with family violence & sex, unpleasant & aggressive & abusive experiences in courtship, Mormon vs non-Mormon college students, conference presentation, 17077
religiosity & premarital sex & sex role attitudes, coital frequency & use of contraceptives, 14–19 yr old rural high school students, 920
religiosity & preoedipal fixation, college students, 3741
religiosity & suicide rate, US, criticism of W. T. Martin's study, 1428
religiosity as end in itself vs as quest, display of overt vs covert racial prejudice, college students, 17222
religiosity, belief in just world, college students with different religious affiliations vs Quaker adults, 29812
religiosity, correlations of mother- vs father-child vs husband-wife blood pressure, Jewish European vs Asian vs North African vs Israeli parents & their 17–18 yr old children, Israel, 20150
religiosity, job performance, railroad train drivers, India, 15972
religious affiliation & religiosity & church attendance, alcohol vs cannabis vs medical & nonmedical drug vs hallucinogenic vs polydrug use, male vs female 11–20 yr olds, 17177
role of psychiatry in promotion of world peace through conflict resolution & facilitation of spiritual development, 14263
secular psychology associated with decline in ecclesiastical authority, Catholic families, 29803
similarity in religiousness of potential helper & recipient, donating behavior, religious vs secular Ss 18 yrs of age & older, 11783
spiritual experience & primal pain & transpersonal phenomena, 19833
spiritual needs & religiosity with respect to death & life, aged, gerontological nursing implications, 8820
spiritual well-being & harmonious interconnectedness, 65–85 yr olds, 18 mo longitudinal study, 17044

technological developments & rapid social change, human ecosystem & nature of work & education & faith, youth & inhabitants of Third World countries, 8931
Religious Affiliation [See Also Buddhism, Christianity, Fundamentalism, Hinduism, Islam, Judaism, Protestantism, Roman Catholicism, Shamanism]
age & religion & political affiliation, attitudes toward abortion & masturbation & premarital sex & homosexuality, 17–43 yr old male & female college students, Spain, 13037
animate vs inanimate object & culture & religion, concepts of irreversibility & universality & inevitability of death, 5 vs 6–7 vs 8–9 yr olds, 3378
attitudes toward females & just world & locus of control beliefs, male vs female English Christians vs Indian Hindus vs Zoroastrians, 14250
attitudes toward suicide & recognition of suicide lethality, Protestant vs nontraditional vs Catholic vs Jewish vs Eastern religious clergy members vs educated laypersons vs other mental health professionals, 27402
change in MMPI personality profile, Hare Krishna devotees, 4-yr longitudinal study, 27205
church membership vs importance of religion to S vs fundamentalism–liberalism of religion, heavy vs light drug vs alcohol substance use, 7th–12th graders, 26918
college selectivity & organizational type & public control, changes in career goals & values, college students, 13016
conversion to social worker's Christian church during personal involvement, married couple with alcoholic father, 12689
cultural factors vs religious affinity, schizophrenic symptomatology, 16–60 yr old psychiatric patients, Pakistan vs Saudi Arabia vs UK, implications for psychodiagnosis in developing countries, 19884
development of internalization of concept of death, Jewish vs Moslem vs Christian vs Druze 10 yr olds, Israel, 14153
importance of Bible reading & prayer at home, marital adjustment, couples from sect vs evangelical vs liberal vs Catholic religious affiliations, 14304
menstrual flow & length, incidence of menstrual & premenstrual symptoms & attitudes toward menstruation & daily performance, female Catholic vs Jewish vs Protestant vs nonaffiliated college students, 19346
Millerism & "religious insanity" in mid-19th century, US, 1345
morality & religious attitudes & commitment & beliefs about birth control & abortion & family planning, decision to accept vs reject amniocentesis, pregnant females, 30838
ostracism & legal case against leaders of Old Amish Church, male 33 yr old former member, implications for sociobiology of individual rights, conference presentation, 982
perceived institutional goals, faculty & students & administrative staff at church-affiliated colleges, 2293
personality styles, members of traditional vs nontraditional religious organizations, 989
prevention & role of family & church, polydrug addiction, Blacks, implications for treatment & prevention, 27432
psychological elements of ethnicity, political behavior, Protestants vs Catholics, Northern Ireland, 6247
psychosocial fit between structure of religious cult group & needs of narcissistic personality, therapeutic use of idealizing transference in group psychotherapy, members of Divine Light Mission, 8951
religiosity & childhood experiences with family violence & sex, unpleasant & aggressive & abusive experiences in courtship, Mormon vs non-Mormon college students, conference presentation, 17077
religiosity, belief in just world, college students with different religious affiliations vs Quaker adults, 29812
religious & socioeconomic & symbolic aspects, acceptance vs rejection of theory of evolution, nonfundamentalists vs fundamentalist Protestants vs Catholics, 8944
religious affiliation & religiosity & church attendance, alcohol vs cannabis vs medical & nonmedical drug vs hallucinogenic vs polydrug use, male vs female 11–20 yr olds, 17177
religious affiliations & beliefs, English vs African vs Jamaican vs Continental European vs English speaking non-European vs Indian vs Middle vs Far Eastern vs Caribbean psychiatric inpatients, 19966
residence patterns & church affiliation & importance of reciprocal male labor, marriage patterns, male vs female "Nebraska" Amish, conference presentation, 3571
subscription to church & community newspapers, ties to church community, members of Catholic diocese, support for M. Janowitz's community integration hypothesis, 29806
therapist's & patient's religious affiliation, attraction to & prognostic expectations & diagnosis of patients, 30–60 yr old psychologists with vs without religious affiliation, 12387
urban vs rural environment & religious identification & commitment, stress-buffering properties of moderate alcohol use, White rural residents vs White & Black urban residents, 24453
Religious Beliefs [See Also Fundamentalism, God Concepts, Religiosity, Religious Affiliation, Sin]
advocacy of Moral Majority by church leaders, mobilization of support, residents of midwest community, 19706
belief in Zar magic, mental illnesses & their treatment, Amhara & Falasha, Ethiopia, 11590
biblical context in evaluation of legitimacy of divorce in case of wife battering, 17079
biblical views of self love & self worth, 6190
concept of alienation of human essence through religion in writings of L. Feuerbach, 23335
Confucianism & Taoism & Buddhism, family way of life & thinking & communicative behavior, Chinese Americans, implications for social casework, 15332
construction of religious attitudes scale, 26244
content analysis of Rokeach Dogmatism Scale, invalidity of scores for Bible believers, conference presentation, 8057
counseling & Christian spiritual renewal, marital difficulties, married 30 yr old male & 24 yr old female, 17973
cross cultural differences & content & structural features of faith development, male & female 28–59 yr old Hawaiian Buddhists, 21812
definition of & types & techniques of religious cult indoctrination, 14289
effects of women's movement & ethical & practical considerations of psychotherapy with religious women, religiously oriented & secular therapists, 17866
existential theological themes in life, pastoral counseling interventions based on family therapy theories, illustrative literary examples & case materials, 15314
functioning of self in religion regarding biblical beliefs of sin & psychological notions of positive self regard, 17056
historical attitudes toward & personal integration of spirituality & sexuality, 14274
historical review of use of psychiatric commitment, religious dissenters during Tsarist regime vs Stalin's rule, USSR, implications for impact of politics in psychiatric commitment, 28186
image of ideal housewife, traditional Jewish-Oriental rabbis, 19th & 20th centuries, 17172
incorporation of relationship with God in cognitive therapy, fear & anxiety & guilt about marriage, 32 yr old female analysand, 17777
intimacy through shared feelings & prayer & sexual awareness, matrimonial spirituality & its role in church, 11615
Mary in Catholic theology & dogma & psychoanalysis, 17055
morality & religion, blame for ill health & medical establishment response, acquired immune deficiency syndrome patients, 27593
nature of creativity & illusionistic thought, response to religious teaching, children, 767
out of body experiences & near death experiences as evidence of life after death, 28853
paradoxical techniques, obsession with religious conversion & spiritual salvation & family relations, 30 yr old male, 17804
pastoral counseling & faith development theory, 2049
play & prayer, maintenance of creativity & mutual respect & awe in marriage, 11637
prophetic experience of vocation & voice within, 17052
psychoanalytic concept of vertex & psychological processes, religious phenomena, interest of M. Fordham, 29799
psychological-developmental determinants of attitudes toward Aliyah, 18–65 yr old Zionists, US, 24270
psychology of terror & role of Holy Spirit in psychotherapeutic process as means of understanding terror in world, 20319

psychosociological discussion, religious beliefs & technological advances, 3563
race & sex, religious behaviors & attitudes, Black vs White college students, 1973 vs 1983, 25842
rating of "subconscious" fears of death & inexistence, hypnotized religious college students, 27190
rational emotive therapy concept of acceptance & Biblical principle of forgiveness, Bible Belt Christians, 27844
relationship of Jung to his father & Christian belief, conference presentation, 13321
religion & cultural differences, surgical procedures, North African immigrants, France, conference presentation, 7413
religion & cultural factors & language barrier, hospital medical treatment, North African immigrant workers, France, conference presentation, 7418
religious affiliation & religiosity & church attendance, alcohol vs cannabis vs medical & nonmedical drug vs hallucinogenic vs polydrug use, male vs female 11–20 yr olds, 17177
religious affiliations & beliefs, English vs African vs Jamaican vs Continental European vs English speaking non-European vs Indian vs Middle vs Far Eastern vs Caribbean psychiatric inpatients, 19966
religious attitudes, senior vs freshmen female college students, 4-yr followup study, 13040
religious beliefs & convictions about afterlife & psychotherapist's role, death anxiety as a counseling issue, 27802
religious beliefs & cultural & language barriers, psychotherapeutic processes, North African immigrants, France, conference presentation, 7039
religious conversion, regression to pre-existing psychological symptoms, adult female, 17312
religious issues, 23–70 yr old hospitalized cancer patients seen in psychiatric consultation, implications for comprehensive care for cancer patients, 12257
religious themes in therapy, maintenance of mental health & acceptance of loss of physical health & independence, 79 yr old widow, 17773
replacement of holding function of therapist by God, 25 yr old female borderline patient, conference presentation, 4303
significance of religious language in suicide attempts, 12038
social conditions & psychosocial motivation, conversion to traditional or cultlike religious groups, 11586
spirituality & spiritual formation in marital relationship, 11641
spirituality, assessment & treatment, Black alcoholics & their families, 28246
stage of moral reasoning, religious & political conservative vs liberal male vs female college students, 26790
suggestions for counseling schizophrenics with religious disperceptions, pastoral counselors, 18225
theories of J. Milton vs St. Augustine vs Christian interpretation of Genesis & sex between Adam & Eve, 24082
therapist's disclosure of religious values & beliefs, intimacy of self disclosure, Jewish vs Christian male college students as clients, 1750
traditional vs behavior-analytic concept of belief, inconsistencies & compartmentalization & repression, implications for teaching, 3730
use vs nonuse of religious character of defendant in child abuse mock-jury trial, conviction & recommendation of sentence, religious vs nonreligious jurors, 24514

Religious Buildings
architectural organization of religious shrines, perceived benevolence vs malevolence of gods in different cultures, 3568
assumptions about self & normative patterns & meaning of membership/participation in organization, engagement in secondary adjustment in prison vs factory vs church, support for E. Goffman's institutional underlife theory, 26019

Religious Education
attitudes toward humanistically oriented theology program & family & occupational goals, female ministry students, 2464
role of experience of transfiguration in religious education, 8956
role of research in religious education, 8952

Religious Literature [See Also Bible]
Book of the Dead & perspective on near death experiences & life after death, Buddhists, Tibet, 28851
devotional reading as bibliotherapy, aged, 17887
Halakhic quidelines within intergenerational context, tensions & conflicts, Orthodox Jewish families, 27014
imagery & infancy gospels of Jesus' education & school behavior, implications for understanding formative elements of Western culture, 21809
interpretation of butterfly dream in Book of Chuang Tzu, 11374
metapsychology & phenomenology of prophecies of Jeremiah, 19548
psychoanalytic view of scripture & literature & art, 3356
social energy & its foundation in Torah, Jewish people, 995

Religious Occupations [See Religious Personnel]

Religious Personnel [See Also Chaplains, Clergy, Evangelists, Lay Religious Personnel, Ministers (Religion), Missionaries, Nuns, Priests, Rabbis, Seminarians]
effects of women's movement & ethical & practical considerations of psychotherapy with religious women, religiously oriented & secular therapists, 17866
family decision making & long term care & role of religious professionals & organizations, elderly & their families, 18171
occupational stress & personal strain & personal resources in leadership roles, priests vs ministers vs seminarians vs nuns vs brothers, 26029
psychoanalytic meaning of Christ & M. Luther's theological development, 19710
religious community as family in psychiatric treatment, members of Roman Catholic religious communities, 6946

Religious Practices [See Also Asceticism, Faith Healing, Meditation, Prayer, Yoga]
ceremonial ritual & repetitive auditory or visual or tactile stimuli, social cohesion & modulation of aggression, humans, conference presentation, 980
empirical studies of Christian prayer, literature review, 17041
importance of Bible reading & prayer at home, marital adjustment, couples from sect vs evangelical vs liberal vs Catholic religious affiliations, 14304
nondiscursive rhetorical levels of curing seance ritual, transformation of self & cultural construction of reality & action, Kaluli, Papua New Guinea, 29804
participation in "mourning" ritual, psychological symptoms, 18–45 yr old Spiritual Baptists, West Indies, 17723
possession ritual as metonymic figuration of sacrifice & as therapy, Wolof, Senegal, 29811
psi-related beliefs & psychodynamics of divination practice, cultists & clientele of Afro-Brazilian Umbanda cult, Africa, 5164
religious participation, beliefs about neighborhood norms & participation in neighborhood activities, residents from neighborhood communities, 24268
ritual as mediatrix between sacred & profane & relationship to representation & myth & drama, 29783
ritual content & meaning, cultural & political expansion & intergroup contacts, members of tribal societies in Strickland-Bosavi area, New Guinea, 11592
rituals, grief work in psychotherapy, 4342
sex & education & church attendance & age, attitudes toward premarital sex, 17–69 yr olds, Australia, 19766
social & intellectual attitudes toward psychedelic religious experience, 27110
symbolic background & history of popular performances of ghost cult ceremony & state manipulations of ghosts, Taiwan, 3578

Religious Prejudices
misdirected vs lost letter technique, measurement of religious prejudice, residents, Northern Ireland, 26149

REM [See Rapid Eye Movement]

REM Dream Deprivation
instrumental deprivation of paradoxical sleep vs antidepressant drug treatment, immobility, rats, 3242

REM Dreams
configuration of REM dreams during REM sleep, 5521
dreaming & memory & learning in REM sleep research, interpretation of dreams in Freud's Dora case, 11044
REM deprivation & interruption of dream activity, circadian rhythms & associated affective state & depression, 27739
validity of dream theories concerning REM vs NREM sleep, 1953–84, 11038

REM Sleep
abnormal REM sleep & somnabulistic behavior, 78 yr old female, case report, 30412
alprazolam vs amitriptyline, depression, inpatients & outpatients with shortened REM latency, 12579
automatic adaptive segmentation & comparative quantitative characterization of trace alternant & REM sleep in EEG, full term neonates, 3370
cholinergic REM sleep induction response, 21–75 yr old patients with endogenous major depressive disorder, 6530
classical- vs multiple platform- vs pendulum-induced deprivation of paradoxical sleep, physiological correlates of stress, male rats, 23883
clonidine &/vs yohimbine, sleep EEG, 25–34 yr olds, 19464
clonidine, brain noradrenergic activity in wakefulness & paradoxical sleep, rats vs adults, 19447
comparison of hypotheses explaining sleep onset REM episodes, depressed patients, 24712
configuration of REM dreams during REM sleep, 5521
different levels of transections of brain stem, EEG pattern & paradoxical sleep, male rats, 19403
distribution of REM sleep & sleep onset, 19–20 yr old males, 559
dreaming & memory & learning in REM sleep research, interpretation of dreams in Freud's Dora case, 11044
EEG & motor signs of perception in stage 2 & REM sleep, 11039
effect of first night recording, correlates of expected vs paradoxical variability of REM latency, depressed 18–69 yr old inpatients, 30084
head movement disorder during REM sleep, 24 yr old male, case report, 30391
imprinting, paradoxical sleep augmentation, chicks, 21346
internight variability of REM latency, female vs male 19–69 yr olds with major depression, implications for use of REM latency as biological correlate, 30085
locus ceruleus lesion & REM sleep deprivation, neophobia & open field behavior, male rats, 19408
membrane potential & synaptic activity & input resistance of alpha motor neurons in hindlimb extensor muscles during REM sleep, cats, 19326
middle ear activity & periorbital integrated potentials before vs during vs after REM sleep, 19–54 yr old males with schizophrenia & schizoaffective & major depressive disorder, 19894
narcolepsy, sleep-onset REM periods, polysomnographic variables, patients with mean age of 42.9 yrs, 17575
nonselective inhibition of REM sleep, normal REM period latency, 6–12 yr olds with major depression vs emotional disorders vs neurosis vs Ss who had recovered from depression, 3845
oculomotor frequency ratio & REM sleep, measurement of intellectual capacity, mentally retarded & gifted individuals, 14759
oxygen concentration at various brain sites during paradoxical sleep, cats, 8432
paradoxical sleep deprivation, stress & emotionality, male rats, 5755
parameters of electric footshock, REM sleep stage distribution, male rats, 3246
pararchloroamphetamine, sleep pattern & respiratory rate in REM & NREM sleep, male rats, 11286
physiological & behavioral correlates of wakefulness & drowsiness & slow wave & paradoxical sleep with nuchal isotonia or hypotonia, 1 yr old ganders, 19348
psychoanalytic theory of drive & empirical studies of REM sleep, animals & humans, implications for infant development, 3060
pyritinol vs piracetam & paradoxical sleep deprivation, ammonia levels in CNS tissues, male rats, conference presentation, 3223
REM sleep & sleep deprivation, learning, animals, literature review, 13853
REM sleep deprivation & immobilization & cold stress, emotional-motivational behavior, male rats, 8477
REM sleep deprivation & lesions of suprachiasmatic nucleus, circadian rhythms of water & alcohol intake, male rats, 584
sleep characteristics, male vs female 58–82 yr olds, 3192
sleep efficiency & REM activity & latency, patients with major primary vs secondary depression, 27366
sleep onset REM periods, 18–69 yr olds with major depression, 1250
sleep-related head banging, 27 yr old female, implications for heredity, 4034
speech pause time & short REM sleep latency & cortisol nonsuppression, evaluation of psychomotor retardation, depressed 21–71 yr olds, 14611
spontaneous sleep terminations from REM sleep, 18–25 yr olds, 341
superfusion of clomipramine within ventromedial hypothalamus, REM & NREM sleep patterns, rats, 21496
vagal electrical stimulation during wakefulness vs slow wave sleep vs paradoxical sleep, neuronal activity in thalamic nuclei, male rats, 26587
1-methylisoguanosine, REM & NREM sleep & sleep latency, rats, 26726

Remarriage
assessment of success of divorce & adjustment of structural matters, preparation of couples for 2nd marriage, pastors, 15066
characteristics of stepsibling relationships in remarried families, implications for developmental tasks for children of divorce, 9008
divorce & remarriage, adjustment, children of divorced parents, 6-yr followup of longitudinal study, 21769
geographic mobility & divorce & widowhood & remarriage, human females, England & Wales, 26990
remarriage myths, implications for counseling, 7101
stepchildren, stability & satisfaction of 2nd marriage, spouses, 29857

Remedial Education [See Also Remedial Reading]
analysis of articulation lesson transcripts, misarticulating 6–9 yr olds, 10499
behavioral interventions, disruptive & on-task behavior & teacher effectiveness, 2nd & 3rd yr secondary remedial mathematics students, 28556
concurrent validity of Bracken Basic Concept Scale, evaluation of language & academic readiness, kindergartners through 2nd graders in regular vs remedial education, 4977
development of remedial teaching method for physics, academic achievement, 9th graders with learning difficulties, 2519
educational & remedial aims of drawing lessons, 7706
engineering & science enrichment programs, achievement of academic parity with nonminority students, minority college students, 18511
evaluation of closed captioned TV, reading education, elementary school students & their teachers, 20686
evaluation of reduced load remedial teaching program, medical students, 10207
generalization of effects of language intervention program, language delayed 34–56 mo olds, 12–24 mo longitudinal study, 31305
meaning focused nontraditional remedial reading program, reading ability, female 8th grader with poor reading ability, 20763
multiyear project, learning disability & juvenile delinquency & remedial education, male adolescents, 27239
organizational patterns & instructional methods & trends in university-based reading clinics, clinic directors, 20668
remedial program in spelling & grammar, 8–9 yr old developmentally delayed students, implications for teaching methods, USSR, 7731
remedial work in cursive handwriting, production of readable script & development of self esteem, normal & learning disabled students, 13076
remediation of hypothesized component deficits &/vs known academic deficits, effect size on Standard Diagnostic Reading Test, 8–11 yr olds with learning disabilities, 13121
Renzulli model for education of gifted, remedial & special education, 10502
Semel Auditory Processing Program, remediation of problems in auditory processing in special education settings, 15842
structure-based remediation techniques, cognitive control, 3rd & 4th graders, 1-yr followup, 10468
Touch Math program as supplement or remedial education, teaching addition & subtraction & multiplication & division skills, grades kindergarten through 4 & grades 2–12, 23054
training in text strategies in remedial reading program, reading achievement & comprehension, 4th–6th graders, 7708

Remedial Reading
activity theory & L. S. Vygotsky's approach to learning, learning disabilities & reading problems, reading disabled children & adults, 15837
behavioral remediation program, oral reading errors & comprehension, moderately mentally retarded 11–17 yr olds, 31299
causal relationships & story information & macrocloze exercises & story trees & inferential questions, comprehension, 10.1–12.7 yr old learning handicapped readers, 28580
computer assisted remedial reading technique, 1st–3rd graders, 20687
coordination & curricular congruence in remedial reading programs, 20667
direct instructional teaching technique with vs without counseling vs drama, self esteem & reading, 8 yr old poor readers, 28548
Directed Listening-Language Experience Approach remedial program, 35 yr old female with aphasia & alexia, 4933
drawing strategies & remedial reading, 20674
EMG biofeedback vs relaxation training vs remedial teaching, reading accuracy & speed & comprehension, 4th–5th graders with reading disabilities, implications for special education & teacher training, 20785
group counseling & remedial reading program, reading skills & self concept, secondary school remedial readers, 2527
hand superiority for tactile processing in remediating reading, reading disabled 8–13 yr old males, 2547
inventiveness games & branched fiction & pantomime & creative dramatics, remedial reading students, 13096
materials & time use & instructional foci, classroom vs remedial reading instruction, 1st–8th graders & classroom vs remedial reading teachers & supervisors, 10348
neurological bases for some forms of reading disorders, implications for remedial reading instruction, 9436
neurological impress method & presenting technique, reading achievement, reading disabled students, 23068
organic curriculum approach, remedial reading, male 6th grader & 20 yr old female with severe language comprehension problems, 23095
profiles of text learning strategies, college freshmen who were good vs poor readers, application to design of remedial instruction, 25874
progressive cloze technique as remedial strategy, reading comprehension, 23091
remedial teaching method, reading & spelling improvement, dyslexic children, 23047
remedial treatment, children with reading disorders, 10476
structured training in listening skills vs passive listening, improved reading scores, elementary school students in remedial reading group, 20690
visual techniques in reading education, reading vocabulary, illiterate prison inmate, 22769
Remembering [See Retention]
Reminiscence
autobiographical account of impact of social integration, academic & social opportunities & self identity & validation, Black female college graduate, 21817
autobiography vs self reference vs pleasantness rating tasks, adjective recall, college students, 8254
"bearer of the secret" as example of psychological barriers to remembering individual & collective experiences in concentration camps during Holocaust, 8933
conversation about past experiences, Spanish-speaking females at 21–38 mo of age, 1411
differential rating of remembered experiences of fear vs anxiety, college students & firefighters, 3070
group life review therapy & reminiscence, nursing home patients, 4398
lifestyle interview & interpretation of early recollections & dreams, 17828
memories & methods of coping & long term adaptation, child vs adult Holocaust survivors, 16884
nostalgia as archetypal experience in mother-child relationship & its individuating aim, female in 30s & 20 yr old female analysand as clinical illustrations, 10722
one-to-one life review conducted by professional, life satisfaction, persons 60 yrs & older, 1691
positive reminiscence preceding Geriatric Depression Scale, scores & test-retest & interexaminer relisabilities, nursing home residents, 5291
recall & memory of daily life events, author, 6-yr period, 21192
reminiscence group therapy, self esteem, elderly females with inability to remember past events, 22440
role of memories in ability to cope with loss, male & female Jewish survivors of Holocaust, 16880
therapeutic benefits of recollection through interview, child survivor of Holocaust, 17729
therapeutic use of reminiscence & life review, aged, 7071
therapeutic value of writing & poetry workshops conducted by social workers, aged, 7382
time limited reminiscence group, disoriented elderly, 17923
time perspective & affect & mode of thinking, judgment of happiness in reminiscing, college students, 11848
Remission (Disorders) [See Also Spontaneous Remission]
duration of episodes & remissions, schizophrenic & manic depressive patients, 6564
hypnotherapy, remission of medically diagnosed breast tumor, female patient, discussion of 1846 report by L. R. Sunderland, 20428
late remission, patients with chronic schizophrenia, 3894
personality traits, ulcerative colitis vs Crohn's disease patients in remission, 14859
time course of cycles of attacks & remissions, patients with paroxysmal schizophrenia, 19987
vulnerability to sodium lactate, remitted patients with panic disorder & agoraphobia panic attacks, 6504
1-yr maintenance therapy with clopenthixol decanoate, schizophrenic 19–70 yr olds in remission, conference presentation, 7254
Repairmen [See Technical Service Personnel]
Repeated Measures
basic components of single-S experimental designs, 28907
configural cluster analysis, analysis of multivariate repeated measurement data, 16208
criterion-scaled vs dummy variable regression, repeated measures/randomized blocks ANOVA, 13485
flexibility & taxonomy of single-S experimental designs, 28903
flexibility of single-S experimental designs, 28890
partial reinforcement schedules, rate of autoshaped keypecking, pigeons, 26404
repeated-measures ANOVAs, developmental research, 73
repeated measures vs ANOVA techniques, evaluation of responses to therapeutic intervention, families, 1854
statistical tests for serial correlation & time series analysis resulting from repeated measures designs, 5363
statistical validity in repeated measures & random block design, 8128
Repetition (Compulsive) [See Compulsive Repetition]
Replication (Experimental) [See Experimental Replication]
Reply (to Professional Criticism) [See Professional Criticism Reply]
Repression (Defense Mechanism)
characteristics of repression of feelings, 11808
evolutionary biological view of origins of psychic conflict & adaptive function of repression in development, 11542
false negatives on MacAndrew Alcoholism Scale & elevated repression scores, measurement of addictive personality, male chronic alcoholics vs drug addicts, 28937
Freudian model of repression, literature review, 2769
hypnosis, waking images, college student repressors vs sensitizers, implications for cognitive state monitoring theory, 23645
narcissistic fantasies of omnipotence, repression of individual & social reality of death, 1201
psychoanalytic view of sociopolitical & corresponding psychological repression in satirical literature, USSR, 16861
psychological concepts of conscious & repression & superego as viewed by F. Nietzsche & Freud, 28865
psychologically repressed Viennese women in A. Schnitzler's short stories & Freud's psychology of women, Austria, 29522
repression & awareness of its use & internal scanning, prevalence of stress symptoms, college students, 4911
role of awareness in reduction of stress by projection or repression or rationalization or denial mechanisms, college students, 6394

symbolic representation of repressed conflict, psychosomatic disease, 24 yr old female with bronchial asthma, 27822
theory of psychic trauma of Freud vs A. Kardiner vs M. Klein & repression in context of Holocaust, categories of mental functioning & analytic activity, 7943
traditional vs behavior-analytic concept of belief, inconsistencies & compartmentalization & repression, implications for teaching, 3730
Repression Sensitization
denial & repressive style, information gain & rehabilitation outcome, 30–75 yr old myocardial infarction patients, 2164
repression-sensitization & approach-avoidance traits, prediction of reactions to stressors, female college students, 3726
repression-sensitization & self image disparity & mental health, 18–45 yr olds, 24546
repression sensitization & stress content of situation, recall of mock crime, college student eyewitnesses, 19152
use of repression for avoidance of anxiety-arousing cognitions, patients with agoraphobia, 6473

demographic & environmental characteristics, severity of maladaptive behavior, mentally retarded 4–83 yr olds in residential facility, 28145
demographic & social history & program participation variables, residential care facility program outcome, 11–18 yr olds, 28154
description of Austin Family House residential treatment program, chemically dependent females & their children aged 12 yrs & below, 22776
development & implementation of individual program planning system in residential facility for severely & profoundly retarded individuals, 12732
development of preadolescent sexuality program in residential treatment center, school age patients, conference presentation, 30969
development of short observation method, assessment of activity & contacts, elderly persons in residential care, 5250
development of standardized telephone followup interview, adolescents & their parents 1–2 yrs after discharge from residential program, 20517
development of tools to facilitate participation in residential evaluation procedures, moderately mentally retarded, 18952
direct costs of institutional care, mentally retarded & developmentally disabled, 1977–84, US, 18241
doctor-patient dialog & interaction, dyslexic children in institution for prepsychotic & autistic patients, 28136
doctor-patient interactions & treatment of speech & communication problems, institutionalized prepsychotic & autistic children, 28014
dramatic productions & literature, elderly in nursing homes & residential care homes & other supportive environments, 30980
enhancement of personal autonomy, elderly in long term care settings, 7445
ethical considerations in protection of bodily integrity & religious freedom & self determination, geriatric patients in long term care, 25530
ethnographic analysis of residential & educational environments & daily functioning, 20 yr old female with severe cerebral palsy, implications for programs with normalization goals, 15819
evaluation of residential treatment facility, disordered delinquent 12–17 yr olds, illustration of interpretable research design without control group, 25480
extended home visits as assessment tool for admission to residential treatment, children, 28141
facility & community & client characteristics, community integration, former state hospital patients in residential facilities, 25422
factor structure of Minnesota Satisfaction Questionnaire, measurement of extrinsic & intrinsic job satisfaction, direct care staff of public vs community residential facilities for mentally retarded people, 23440

family like cognitive & psychosocial rehabilitation in rural setting, head injured patients, 28212
family participation in residential treatment programs, emotionally & behaviorally disturbed latency aged children, literature review, 15350
fire safety & self preservation & community residences, elderly & mentally retarded residents, 20478
folk high schools, integration & education in humanity & citizenship, 17–22 yr old disabled residential students, Sweden & Norway & Denmark & Finland, 13084
functions of residential programs, children & youth, 12704
guidelines for coping with aggressive & violent children, residential school staff, 15834
handbook of physical activity & rehabilitation & community linkage programs, institutionalized impaired elderly, 7428
health education program at life care community, adults with mean age of 82 yrs, 2073
history & theoretical orientation & daily activities at residential school, maladjusted 9–15 yr old males, England, 15840
holding environment in inpatient adolescent treatment center, severely disturbed acting out adolescents, 10074
importance of names & recordkeeping accuracy, psychological health, elderly in residential care facilities, 15386
inpatient treatment at residential care facility vs small community program, motor & eating adaptive skills, severely & profoundly mentally retarded physically disabled adults, 25558
inpatient treatment, violent adolescents, 10100
institutional child abuse & neglect, bibliography, 1940–85, 14718
institutional factors & resident psychological characteristics, responsiveness to social reinforcement & wariness & outerdirectedness, institutionalized mentally retarded under 27 yrs old, 28189
institutional therapeutic contract, psychoanalysts & psychologists & sociologists & speech therapists & their prepsychotic & autistic child patients, 28131
institutional vs integrated residential care services, social & community participation, moderately to severely mentally retarded 20–50 yr olds, Sweden, conference presentation, 12622
institutionalization & length of stay & age at entry, intellectual development, institutionalized 4–18 yr olds, Belgium, 2083
institutionalization & stigmatization & decreased social interaction & loss of control, self esteem & concept, elderly in long term care, implications for nursing, 15395
intensity level of treatment, admission variables, children accepted by residential treatment agencies, 30966
intermediate care facility as institution for mental diseases, case law, 14346
judgment of institutional vs intrafamilial child maltreatment, children & caregivers & child welfare workers & facility board members & foster parents, 12637
La Posada program of crisis-oriented residential treatment as alternative to hospitalization, acutely disturbed chronic psychiatric patients, 30883
liability of residential institutions or hospitals in provision of adequate care & safety, involuntarily committed patients, case law, 1027
litigation defining legality & role of institutions, mentally retarded, 10087
locus of control orientation & severity of psychiatric illness, 10–21.5 yr old chronically disturbed inpatients, conference presentation, 28152
long-term care facilities as alternative to inpatient facilities, psychiatric patients, West Germany, 10073
maladaptive behavior, staff behavior management responses, institutionalized mentally retarded & staff in community vs public facilities, 22719
management of & intervention approach to nonexploitive homosexual behavior, male adolescents in residential care institutions, 30965
maternal locus of control, involvement in child's residential day treatment, mothers & their emotionally disturbed children, 15316
methodological & ethical issues & need for research in nursing homes & institutions for long term care, elderly, 30933
microcomputer system, assessment & training & patient management, institutionalized developmentally disabled 11–35 yr olds, 15357
milieus, 2 community residential alternatives to psychiatric hospitalization, conference presentation, 30871
model community-based residential treatment program based on normalization principles, emotionally & behaviorally handicapped children, 10121
morning routine, staff member in residential treatment center for emotionally disturbed children, 7449
multidisciplinary contributions to policy regarding shelters & services for battered wives & their children, New Zealand, 15282
nature & extent of dimensions imposed by behavior settings of large community residential facility, chronically mentally ill females, 22675
need for changing institution staff member behavior as precursor to changing client behavior, comment on G. R. Walker's view, 30981
occupational therapy program, mentally handicapped 17–23 yr olds in residential center, 4646
organization & philosophy & ethos of institutions & schools & residential homes & hospitals & custodial care centers, development & short & long term effects, children, 12721
origins & impact of deinstitutionalization movement, psychiatric & geriatric patients residing in board & care homes, 25426
origins & impact of deinstitutionalization movement, psychiatric & geriatric patients residing in board & care homes, comment on view of E. W. Markson, 25399
patient vs setting social characteristics, perceptions of mental confusion, residents in homes for aged & their nurses, 15375
peer counseling in intermediate care facility for elderly, 69–96 yr old counselors, 12714
perception of self & ideal self, 15–52 yr old drug addicts in residential treatment centers, 2192
perceptions of adolescent behavior problems, staff of residential care units, 22845
perceptions of family & peer experiences & schools & adult life, males admitted as adolescents to residential special school for maladjustment, followup study, 22722
perceptions of work & resident related sources of stress & satisfaction, direct-care staff members in community residences for mentally retarded adults, 10188
physical & mental dependency, costs of care in community vs residential homes, elderly, England, 1977–78, 15255
placement decisions, development, institutionalized severely mentally retarded with mean age of 11.9 yrs at institutionalization, 10093
prevention of financial exploitation & controlling & improving quality care in private & voluntary residential homes, elderly, implications for social work, 2079
problems & needs in management of public residential facilities for mentally retarded, institutional directors, 22709
program model & size & operator & classification of residential care facilities, mentally retarded, US, 22718
proposals for reallocation of Medicaid funds from large institutions to home & community-based care, mentally retarded, 18144
provision of assistance in making decision about adolescent psychiatric residential placement, families, 9771
rating of facilitating verbal activities with children, childcare workers & their colleagues & other educators, 15376
residential Alcoholics Anonymous program, alcohol abstinence, alcoholic females aged 20 yrs & over, 14.3-mo followup, 25600
residential conditions & attitudes of staff members, self reliance, mentally disabled residents in hostels & group homes, 20545
residential resources for treatment & referral/placement pattern & criteria for institution evaluation, emotionally disturbed & maladjusted children, 15343
residential treatment as acculturation, violent youth, 7436
residential treatment centers with interdisciplinary team approach, malignant asthmatic children, 25501
residential treatment program combining behavior modification & psychoanalytic techniques, alcohol &/or drug dependency, adolescents on waiting list to enter program vs former program patients, 18321
residential vs in-home care, development, abused & at risk 1.5–7 mo olds, 5–10 mo & 1 yr followup evaluations, 12642

resource allocation approach & development & standardization of Client Need Status Scale, need determination, mentally retarded adults in intermediate care facilities & community-based mental retardation environments, 18201
Royal West of England Residential School for Deaf at Exeter, England, 23044
scheduled activities with vs without supervision program, time engaged in training residents, staff members of residential facility & their 4.5–6 yr old mentally retarded patients, 15390
scope & structure of public mental retardation facility staffing levels, 10080
self esteem, 65 yr olds & older obtaining professional nursing care in private homes vs residential facility, 18247
self injurious behavior, avoidance vs self stimulation vs environmental controlling consequences at state hospital, 20–63 yr old severely & profoundly retarded patients & their residential staff, 10124
self monitoring & public posting & awareness of external evaluation, room cleaning behavior & accuracy of self reports, behavior disordered 12–14 yr olds in residential treatment, 20531
spiral conceptualization of phasic sequential process of improvement, 14 yr old female in residential treatment, case report, conference presentation, 28134
Spring Lake Ranch therapeutic community as cost-effective approach to residential care & treatment, 25529
stability of residential facilities, mentally retarded, 1977–82, 10091
stages of family involvement in family systems model of residential treatment, adolescents in long term psychiatric hospitals, 22721
suggestions for improvement in design of long term care facilities, elderly patients, 13269
supportive staff meetings, coping with emotions aroused in work with emotionally disturbed children & adolescents, residential treatment program counselors, 10251
symptoms & causes of burnout, professionals caring for severely disabled persons, 2232
systematic framework for development of parent groups, enhancement of family support for children in care, residential care staff, 28130
therapeutic group meetings, staff & adolescent patients on residential care unit, 22728
therapeutic problem solving techniques in family therapy, children in placement facilities, 12462
tightening of point economy, physical & verbal aggression, mentally retarded male adolescents in community-based residential setting, comments on design of study by G. C. Denkowski & K. M. Denkowski, 18177
treatment changes in residential psychotherapy, 18239
use of behavioral methods & teaching-parent interaction skills, behaviors toward disruptive & delinquent 13–17 yr old males in residential care facility, residential care staff members, 4789
use of medication & nutrients & refined diets in alternative residential treatment program, illustrative case of female schizophrenic patient, 17718
use of natural helpers in social support program at board & lodging home, 40–80 yr olds with chronic schizophrenia, 2110
use of Ward Atmosphere Scale as objective means of evaluation of milieu therapy, emotionally disturbed 5–16 yr old residents & staff of residential facility, 20510
value & behavior reinforcing residential treatment program, attitude changes, emotionally disturbed 15–17 yr old females, 28170
work of International Federation of Educative Communities in development of residential & foster & day care & therapeutic communities & other child services, 30881
Resistance (Psychotherapeutic) [See Psychotherapeutic Resistance]
Resocialization (Psychosocial) [See Psychosocial Readjustment]
Resonance [See Vibration]
Resource Teachers
perceptions of special education episodes, regular classroom vs resource vs special day class teachers, 23085
problems in developing resource programs, elementary through high school resource teachers, 12911
role in special education, learning disabilities resource room teachers, 4816
Respiration
application of biotelemetry monitoring system, assessment of cardiac & respiratory physiology during feeding & caregiving interactions, full-term newborns & twins & young asthmatic children, 11389
arterial chemoreceptor denervation 3 days to 3 wks postnatally, rhythmic respiration, rats, implications for apnea in premature infants & sudden infant death syndrome, 16528
biofeedback & control of respiration, heart rate, college students, 13871
body awareness & respiration & articulation, deaf children & 5.5 yr old male in speech therapy, 28019
body awareness as aid in relaxation & breathing techniques, myocardial infarction patients, 1653
breathing retraining, panic attacks, 23 yr old female, 9856
breathing therapy, psychological & symptom complaint & ventilatory factors & respiratory control mechanisms, Ss with hyperventilation, 7138
chronic administration of naloxone, behavioral symptoms & respiratory hyperactivity & oxygen consumption rates indicative of opiate abstinence syndrome, male rats, 11313
chronic infusion of nicotine vs oxotremorine into blood, respiratory & heart rates & body temperature & Rotarod performance & maze activity, mice, 3306
clorazepate, exercise tolerance & arterial blood gases & pulmonary function & breathlessness & depression & anxiety, 51–68 yr olds with severe chronic lung disease, 25284
comfortable effort level vs visually monitored vocal intensity task, peak oral air flow production for stops & fricatives in connected speech, 8–10 vs 22–34 yr olds, 11451
concentration biofeedback aid & relaxation therapy, full absorption of consciousness in respiratory meditation, 20–45 yr olds, 20374
desipramine, resting arterial carbon dioxide & severity of airways obstruction & hypercapnic ventilatory & mouth occlusion pressure & depression scores, patients with severe chronic obstructive pulmonary disease, 18057
diaphragmatic vs thoracic breathing, peripheral temperature, 24–32 yr old females, implications for biofeedback training, 8439
exposure to pleasant comic film vs stress-inducing achievement task, facial expressions & heart rate & forced expiratory volume, 7.5–12 yr olds with bronchial asthma, 20145
food odor stimulation, respiration & olfactory bulb neuronal activity, male rats, 21314
gamma-hydroxybutyric acid, locomotor activity & respiratory regulation & inhibition of dopamine neurotransmission, 4 day old rats, implications for development of neonatal rat brain, 21525
graded inhalation of tobacco smoke, cigarette smoking behavior, 18–37 yr old smokers, 27113
inhalation of carbon dioxide/oxygen mixture, peripheral alveolar response & relationship to occurrence of panic attack symptoms, healthy adults, 19372
instruction in regulated respiration technique with vs without help, verbal fluency in laboratory vs over phone & taped vs not taped, 15–37 yr old stutterers, 20099
lithium carbonate, respiratory insufficiency, 60 yr old female with manic depression associated with chronic obstructive lung disease, 20423
low vs high carbohydrate diet, ventilation & ratings of perceived exertion during bicycle ergometer test at high physical work capacity, 18–25 yr old females, 23521
low vs high dose marihuana cigarette smoking, expired air carbon monoxide, 21–35 yr old males, 11710
methods of carrying load close to trunk, cardiorespiratory & metabolic & subjective responses, humans, 13260
mood & changes in peak expiratory flow rate, male asthmatic 18–25 yr olds, 6882
orienting responses & freezing behavior induced by sight & sound of threatening stimuli, heart rate & respiration, wild & captive incubating ptarmigan hens, 21338
pararchloroamphetamine, sleep pattern & respiratory rate in REM & NREM sleep, male rats, 11286
Qigong breathing, EEG power spectrum & coherence, 32–72 yr olds, 582

regulated breathing with systematic desensitization & cognitive restructuring, communication attitudes & irrational beliefs & self efficacy perception & self reported improvement, 18–36 yr old stutterers, 1- & 6-mo followup, 25343
respiratory control, panic attacks, psychiatric patients, 6-mo & 2-yr followups, 9823
respiratory treatment & cognitive strategies, hyperventilation during panic attacks, 21 yr old male on renal dialysis, 12533
self reports of marihuana & cigarette smoking vs physiological measures of expired air carbon monoxide & saliva thiocyanate, 7th & 9th–12th graders, 11378
sleep fragmentation induced by tones, behavioral control of respiration during sleep & daytime sleepiness, college students, implications for behavioral treatment of sleep disorders, 23863
small vs large vs varied respiratory effort, perception of resistive ventilatory loads, 18–30 vs 63–81 yr olds, 3183
stress-inducing tasks, transcutaneous partial oxygen tension & skin blood flow & blood pressure & respiration, college students, implications for noninvasive measurement of cardiorespiratory functioning, 23866
use of breathing & postural techniques, coping behavior during labor, 18–35 yr old females with prenatal training, 9973
video game vs stressful mental arithmetic task vs isotonic exercise, heart rate & oxygen consumption, male 18–30 yr olds, 13875
wakefulness vs NREM sleep, activity of medullary respiratory neurons, cats, 29289
Respiration Stimulating Drugs [See Caffeine]
Respiratory Distress [See Also Apnea, Hyperventilation]
diagnosis & adenoidectomy vs adenotonsillectomy as treatment, obstructive sleep apnea & hypopnea, 2–11 yr olds, conference presentation, 1984
intraventricular hemorrhage & respiratory distress syndrome & visual attention skills, low birth weight preterm 7 mo olds, 14857
Respiratory System [See Also Diaphragm (Anatomy), Larynx, Lung, Nose, Olfactory Mucosa, Pharynx, Thorax, Trachea, Vocal Cords]
bilateral electrolytic telencephalic lesions, cardiac & ventilatory response to light stimulus, goldfish, 13942
physical exercise & confinement in nuclear submarine, cardiorespiratory fitness & cognitive performance, male Navy crew members, 5742
solvent inhalation, respiratory function, 10–31 yr old solvent inhalers, 30301
Respiratory Tract Disorders [See Also Apnea, Asthma, Bronchial Disorders, Hyperventilation, Laryngeal Disorders, Lung Disorders]
alexithymia, chronic bronchitis & emphysema & tuberculosis & asthma, literature review, 6757
CNS involvement, 69 yr old female with Wegener's Granulomatosis, case report, 27600
desipramine, resting arterial carbon dioxide & severity of airways obstruction & hypercapnic ventilatory & mouth occlusion pressure & depression scores, patients with severe chronic obstructive pulmonary disease, 18057
ECT in presence of increased intracranial pressure & respiratory failure, 53 yr old male with depression & organic brain disease, case report, 28035
psychosocial adjustment & disease severity & functional status, patients with chronic airflow limitation, 12225
respiratory dyskinesia, 51 & 54 yr old males, 14809
self perception of emotions or personality & physical weakness & social relationships, 18–60 yr old patients with respiratory or gastrointestinal psychosomatic disorders, 4141
sleep disturbances & deterioration of cognitive abilities, males with mean age of 69.5 yrs, 4219
smoking behavior, 21–75 yr old patients with neoplasms vs endocrine vs blood vs circulation vs respiratory vs digestive vs genitourinary disorders, 24949
smoking cessation program, 43–63 yr olds with chronic obstructive pulmonary disease, 7501
time series analysis of self ratings of mood & upper respiratory infection, female college students, implications for menstrual cycle, 24882
work-related factors, aggravation of chronic nonspecific respiratory diseases, conference presentation, 12156
Respondent Conditioning [See Classical Conditioning]
Response Amplitude
age & sex & interstimulus interval, augmentation & reduction of occipital visual EPs, 7–9 vs 13–15 yr olds, 5670
auditory vs visual prestimuli followed by lesions to inferior colliculus, amplitude of acoustic startle response, male rats, 3260
effective duration of stimulus, strength of CR, rats, 5549
electrical stimulation of spinal trigeminal tract & increase vs decrease in somatosensory EP, reflex movement amplitude & nociception, rats, 8490
electrical stimulation of spinal trigeminal tract & naloxone vs morphine administration, cortical somatosensory EP & reflex movement amplitude & nociception, rats, 8470
electrode placement, latency & amplitude of auditory evoked responses, 18–28 yr olds, 16400
movement speed & amplitude, accuracy of elbow flexion movement, college students, 204
peak velocity & amplitude of voluntary independent movements of right vs left arm & effects of added weight, adults, 23518
visual stimulation in continuous performance task, P300 amplitude of event related potentials, depressed 19–66 yr olds, 19909
water deprivation for 0–21 hrs & percussive stimulus, thirst drive strength & magnitude of startle reflex, male rats, 8463
Response Bias
acquiescence & response skewness in Wilson-Patterson Attitude Inventory, 21013
acquiescent response style, Kirton Adaption-Innovation Inventory's identification of individual problem solving styles, college students, 28953
ambiguity & questionnaire without questions & response style, college students, Netherlands, 18916
bias in self report ability evaluations, reply to comments by N. K. de Vries & A. Van Knippenberg, 14519
biases in actual vs recalled earlier self reports of tobacco vs alcohol vs marihuana use, high school students, 11481
empty intervals in discrimination learning, temporal thresholds & response bias, male cats, 29205
forced-choice recognition tests, response bias in advertising context, literature review, 23328
gender of leader & successful performance information before vs after presentation, ratings on leadership, male vs female college students, 9091
maladjustment & carelessness & indecision as potential causes of inconsistency in MMPI scores, college students, 23399
measurement & control of social desirability bias in experimental & survey research, literature review, 11716
models of response uncertainty in 3-wave panel survey, 16100
perceived correctness vs social desirability & correspondence to preferred meaning dimensions of item content, responses to questionnaire items, college students, 2571
rater affective feelings & demographic factors, neutral responses to structured questionnaires about supervision & personnel policies & job & work factors & commitment, employees, 16136
recall & recognition & numerical estimation effects, determination of size of social networks, work & church & social group members, 21930
reporting bias, correlation between negative life events & subclinical psychological symptoms, college students, 10745
RT method of studying aggression, awareness of aggressive response contingencies, college students, 2802
selective memory for negative self relevant information & response bias theory, depressed & formerly depressed students, reply to response of D. C. Zuroff et al, 22086
selective memory for negative self relevant information & response bias theory, depressed & formerly depressed students, criticism of study by D. C. Zuroff et al, 22085
selective memory for negative self relevant information & response bias theory, depressed & formerly depressed students, response to criticism by M. Martin & D. M. Clark, 22145
self esteem, rating bias in evaluation of peer oral presentation performance, college & graduate students, 19820
setwise vs itemwise randomized-response approach, potential bias effects of sensitive survey questions & differential estimates within subgroups, graduate nursing students & faculty, 16181
social conditions, bias in self evaluation of abilities, comment on article by G. S. Sanders & B. D. Mullen, 14487

social desirability bias in Least Preferred Coworker Scale, mining company & insurance firm managers, 2858
social desirability response bias as source of discrepancy between subjective weights & regression weights, college students, 23400
social desirability response bias, assessment of job satisfaction & commitment to current organization, accountants, 13230
temporal stability & response order bias in content of retrospective reports on organizational decision to initiate research project, principal investigators at research laboratory, followups at 6-mo intervals, 13209
word "fast" vs "slow" & "smashed" vs "hit" in inquiry about filmed accident, estimate of speed of car, 1st–8th graders & college students, 26838

Response Duration

adapting velocity & luminance of high contrast drifting grating, movement aftereffect velocity & duration, 20–40 yr olds, 8166
differences in form vs duration, binary-choice RT, 18–33 yr olds, 201
duration & size of peripheral vs foveal targets during scotopic vs mesopic vs photopic stimulation, duration of visual presentation in probe matching task, adult O's, 29048
monocular sequential presentation of 2 orthogonally oriented patterns, duration of compound afterimage, 29040
necessary conditions for reaction time to increase logarithmically with number of choices, college students, exploration of Hick's law, 10901
subjective vs estimated duration & intensity & vaginal blood flow & latency of self induced orgasm in the laboratory, females, 23852
temporal control in DRO, duration of behavior patterns, pigeons, 8300

Response Frequency

amphetamine, response rate in VI reinforcement paradigm, male rats, 8548
analysis of measurement error of time sampling observation system, frequency estimation of behavioral events, 26279
antidepressant AHR-9377, DRL performance, male rats, 24009
caffeine &/vs adenosine agonist response under mult FR 30/FI 600 sec reinforcement schedule, mice, 26672
changeovers to alternate behaviors, operant interresponse times, rats, 26396
cocaine &/vs phencyclidine, errors & rates in repeated acquisition of response chains, female patas monkeys, 26753
contact lens wearing, eyeblink frequency during visual search task, college students, 10936
diazepam vs pyrazoloquinoline benzodiazepine receptor ligands, response rates under FI vs FR schedule of food presentation, dogs, 21593
equation for simple action of P. A. de Villiers & R. J. Herrnstein, prediction of reinforcement schedule effects on rates of behavioral output, animals, review of research, 8299
exposure to tandem FR DRL vs DRL schedules & variable time schedule, response decrement, male rats, 29188
food deprivation level, choice between larger- vs smaller-delayed reinforcer & response rates, pigeons, 16483
food duration, signal-controlled vs autoshaped responding, pigeons, 23676
free operant scaling task of response based events, pigeons, 11060
heroin & methadone & cyclazocine & phencyclidine & naltrexone, acquisition & performance of response sequences, female monkeys, 16723
independence of factors determining response rate & size of postreinforcement pause, male rats, 368
informative signals, response rates, pigeons, 3092
intracranial self stimulation from dopamine & pimozide, response rate & choice accuracy, male mice, 5820
keypecking vs treadlepressing under FI vs fixed time schedules, pigeons, 23673
levels of aggregates, proportion of time allocated to 1 component of concurrent VI/VI schedule, pigeons, 8294
lithium carbonate vs chloride, response rate on FR/FI reinforcement schedules, male rats, 8527
logarithm of rate of responding at end of FI & number of intervals of exposure, rats & pigeons, 356
methylphenidate dosages, operant responding under VR FI reinforcement schedule, male hyperactive 6–10 yr olds, 20411
methylphenidate drug dosage & predrug baseline response rate, response rate on FR/DRL schedules, 6–12 yr old hyperactive males, 9952
molecular maximizing, characterization of choice ratios on W. Vaughan's procedure, pigeons, 8298
nicotine with vs without mecamylamine vs chlorpromazine, response rate & pattern of schedule-controlled behavior, rats, 702
occasional omission of multiple FR schedule reinforcement, keypeck response latency & rate, food-deprived male pigeons, 23677
response-contingent vs response-noncontingent outcome conditions & variable time, response rates & verbal reports, college students, 23623
response rates in concurrent heroin self administration & lateral hypothalamic brain stimulation, male rats, 26669
session to session change of reinforcer ratios in concurrent VI schedules, determination of behavioral transfer function, homing pigeons, 8287
shocks & light flashes & different intervals, rate of avoidance responses & interresponse times, female rats, 16509
signaled reward in DRL vs DRH schedules, response rate & efficiency & resistance to satiation, rats, 13752
stimuli similar along wavelength continuum, response rates under different reinforcement contingencies, pigeons, 26391
temporal patterns of responding in small FR schedules, pigeons, 8281
training on food motivated FR or VT 30 schedule & exposure to increasing doses of ethanol, dose-dependent responses to reinforcement schedules as indicator of development & loss of drug tolerance, male rats, 26632
variable time schedules, maximization of overall reinforcement, pigeons, 8282
verbal contingency vs peformance descriptions, button pressing behavior, college students, 8259
VI food reinforcement schedules &/vs water deprivation, rate of drinking response & key pecking, pigeons, test of simple schedules equation of R. J. Herrnstein, 8469
2-manipulandum FI reinforcement, break-and-run response pattern, pigeons-590 02, 366
6-phenylisopropyl-adenosine with vs without caffeine, response rates under FI & FR schedules, male rats, 23973

Response Generalization

correspondence training, generalization & maintenance of verbal control over nonverbal behavior, 4 yr old female, 25216

Response Lag [See Reaction Time]

Response Latency

age of acquisition & meaningfulness of word, word associations availability, 9th graders, 11410
aniracetam or piracetam, latencies for passive-avoidance responses & locomotor activity, male rats, 5952
development of computerized system for measurement of latency to withdraw from vertical surface & place on horizontal surface, male rats, 5271
electrode placement, latency & amplitude of auditory evoked responses, 18–28 yr olds, 16400
escape responding & measures of response latency, rats, 21228
experimental factors before & after "point of no return" of motor response, controlled & ballistic stages of response preparation, college students, 26295
frequency in language & visual clarity of verbal stimuli, response latency in word-nonword classification task, college students, 29105
general anesthesia, auditory middle latency vs brain stem response latencies, 1–4 yr olds, 22629
heart & respiration rates & EMG & mood during positive vs negative vs neutral thoughts, retrieval vs dismissal latency, intrusive vs depressive thinkers, 19358
homogeneous vs heterogeneous pictured items within 1 vs several semantic categories, response latencies & confrontation-naming performance, fluent vs nonfluent 27–78 yr olds with aphasia, 12299
hypoxia, response latency in pattern discrimination & fluid intake & heart rate, rabbits, conference presentation, 592
investigation of inhibitory effect associated with externally controlled covert orienting in visual space, college students & staff, 13520

measurement instruments, interpretation of age related behavioral slowing, 28917
neuronal response latency in inferior colliculus, auditory brain stem responses, guinea pigs, 509
occasional omission of multiple FR schedule reinforcement, key-peck response latency & rate, food-deprived male pigeons, 23677
phonetic features of primary vs secondary responses containing vowel-consonant syllables, response latency & accuracy, college students, expansion of interactive-activation model of speech production, 5971
picture stimuli manipulated by prior exposure & depth of processing, recognition & naming latency & perceptual memory, college students vs 5–10 yr olds, 21689
punishment, response latency, extraverted male college student, 19856
pure tone audiometry vs 40-Hz middle latency response, determination of auditory thresholds & hearing loss, normal hearing Ss vs 1 mo to 50 yr olds with sensorineural hearing loss, implications for pediatric audiology, 22279
quiet vs white vs notched noise & tone bursts, early/middle EP & response detectability & latency & frequency specificity, normal-hearing 21–32 yr olds, 29261
reconstructed vs retrieved problem solution of simple additions as reflected in response latencies, college students, 21189
related vs unrelated noun pairs with vs without digit preload, response latency in sentence production & short term recall of pairs & preload, college students, 21186
response production & inhibition, event related EPs assessed by manipulation go/no-go paradigm, 20–29 yr olds, 11165
scoring criteria as source of error & variability, electrodermal response research, 19362
semantic satiation, category membership decision latency & lexical priming, college students, 287
speech shadowing & comprehension, response delay in repetition of spoken prose, female college students, 21133
stimulation of supraorbital nerve vs cornea, response latency of blink vs corneal reflexes, 20–40 yr olds, 16434
time course of priming attack, attack latency, female golden hamsters, 23742
total sleep deprivation, responsivity during recovery sleep, college students, 8262
Response Parameters [See Also Interresponse Time, Reaction Time, Response Amplitude, Response Duration, Response Frequency, Response Generalization, Response Latency, Response Set, Response Variability]
experimental situation & response sequences, probability of correct response in associative learning, 5364
guidelines for optimal use of stimulus-central processing-response compatibility of speech technology, conference presentation, 18897
intensity &/vs complexity of discrimination stimuli vs reinforcement schedules & novelty in audiometry, response performance & habituation, 1 vs 2 yr olds, 10752
latent trait theory, analysis of 16-fold table of changes in drug use & depression & their causal relationship, high school students, 16198
misleading terminology in controversy over stimulus-response compatibility effect & role of cerebral laterality, comments on work by B. Cotton, 13807
model of response-reinforcer contingency, male rats, 5571
response expectancies, volitional behavior & experience, 13702
response force requirement, rate of change in response magnitude, 20–31 yr olds, confirmation of linear system theory prediction, 8245
set size & response criteria, conservation tasks, 4–6 yr olds, 16907
single-unit responses & intracranially-recorded & surface-recorded EP's & behavioral responses in auditory maturation, animals & human infants, literature review, 19323
sound frequency & intensity & duration, cochlear nerve fiber & inner hair cell responses, implications for synthetic speech, 19094
VI 15 sec vs 5 min vs extinction schedules, spatiotemporal patterns of keypecking, pigeons, 26403
Response Rate [See Response Frequency]
Response Set
assumption of same hand advantage for precuing discrete finger responses, college students, response to criticism of T. G. Reeve & R. W. Proctor, 5385
assumption of same hand advantage for precuing discrete finger responses, reply to criticism reply of J. O. Miller, 5391
fatigue & consistency & familiarity/certainty hypothesis, instability over time in response sets of surveys & long psychological instruments, 13342
normal vs analytical attitude, estimates of reduction lightness in transparent surfaces, college students, 232
paired nonsense syllable lists with vs without rules, recall & recognition performance, college students, implications for response set size effects, 298
response style on suicide ideation scale & suicide desire & preparation & hopelessness & desirability, clinicians' ratings of intent, 16–52 yr olds with suicide ideation, 30273
Response Speed [See Reaction Time]
Response Time [See Reaction Time]
Response Variability
duration of delay during reinforcement & intertrial interval after reinforcement, discrete trial choice behavior, pigeons, 11071
ethanol, intraindividual variability in response frequency in paired associate learning, 8567
medial frontal decortication, response under DRL 10 sec schedule with 50% probability of reinforcement, rats, 23924
psychotic predisposition, response uncertainty, normal college students, 6414
repeated stimulation & personality type, response variability assessed by pattern reversal & flash EPs, 40–49 yr old males, 5681
response variability as operant CS, pigeons, 11077
single instance vs general case instruction in dressing skills, response variation & generalization, male severely mentally retarded 8–23 yr olds, implications for instruction in applied settings, 27891
view of behavioral variability as basis of behavioral change, 18806
Responses [See Also Conditioned Emotional Responses, Conditioned Responses, Conditioned Suppression, Emotional Responses, Mediated Responses, Orienting Responses, Unconditioned Responses]
auditory CS paired with highly palatable vs unpalatable tastes, palatability of water & associated orofacial & muscular responses to water, male albino rats, 19198
correlational design, assessment of response rate difference between face-to-face interviews & mailed questionnaires, implications for social change surveys, 13340
spatial compatibility effects in assignment of symbolic stimuli to discrete finger responses, college students, 13527
Responsibility
acceptance of responsibility for successes but not failures, academic self attributions & self concept, 5th vs 9th graders, 25843
accountability, overattribution effect, college students, 24529
apparent safety of group membership, reluctance to take responsibility for self & coping with psychological impotence, Jungian perspective, 11793
attitude-behavior congruence & degree of influence on action outcome & effort engaged in action, perceived responsibility in compliance situation, high school students, 24184
attitudes toward gender appropriate roles & filial responsibility, females from 3 generations, US vs Japan, 29913
attitudes toward misdeeds committed because of orders on directives from authority, citizens, 21936
attribution of causal & moral responsibility of victims of rape vs robbery, male vs female college students, India, 6363
attribution of responsibility for outcome in problem solving dyads, depressed vs nondepressed college students, 24654
attribution of victim's responsibility for distress following natural disaster & personal obligation & sympathy & sociodemographic variables, helping behavior, 17–79 yr olds, Australia, 1140
attributions of victim responsibility, liberal vs conservative college students, 19831
Buddhist concepts of nonattachment & letting go & reconciliation of service & social responsibility, 29797
causality & freedom & responsibility in J. Wesley's Christianity vs B. F. Skinner's behaviorism traditions & approaches to integration, Christian psychologists, 15559

concept of responsibility in psychopathology & psychotherapy, implications for Christian therapists & counselors, 17854
construct distinctions among concepts of causality vs responsibility vs self-blame, 21946
court decisions granting sovereign & supervisor's & municipal immunity from liability for death of subordinates by suicide or other means, 24345
crime & philosophy of life & critique of humanism & human rights & personal vs social responsibility, 24790
degree of perceived similarity to defendant & severity of consequences of defendant's behavior, juridic decisions, respondents from households, 1150
depression, attribution of responsibility for accident, mildly vs slightly vs not depressed college students, 11836
diffusion of responsibility & personal costs, bystander behavior in emergencies, 1133
escalation of commitment phenomenon following negative feedback, male college students, replication of experiment by B. M. Straw, 19808
extent of responsibility for own actions, psychologically immature person, 1226
helping request salience & self focus & felt responsibility, willingness to help others, college students, 14470
high vs low responsibility & decision alternative & positive vs negative decision frame & affective state, escalation process in public sector decision making, college students, 21851
impact of developmental research findings on age of competence & responsibility for criminal actions, children, 8718
informed consent process, psychotherapists, comments on article by T. A. Widiger & L. G. Rorer, 12823
liability in negligence & other civil actions, mentally ill & their insurers, 11674
need for educational system to teach basic principles of responsibility, children, 28369
power motivation, high vs low responsibility male vs female college students & middle class adults, 14535
preferences for hypothetical decision outcomes & social responsibility, college students, implications for cognitive structure of corporate responsibility, 10619
presentation of psychiatric evaluation & issues of criminal responsibility, disposition in case of child abandonment, 19 yr old unwed mother, conference presentation, 24390
problems in measurement & implementation of accountability systems, teachers & schools, 31310
psychoanalytic view of criminal act & justice process, 3610
psychological equivalence & awareness & response-ability in nuclear age, 11569
ratings of cause & severity of child's condition & emotional adaptation, degree of behavioral self blame, mothers of infants with perinatal complications, 22335
reaction to controllable vs uncontrollable situations, college students with Type A vs Type B behavior patterns, 3731
reading of description of premeditated vs unpremeditated rape of victim who had vs had not taken precautionary measures, attribution of responsibility & fault to victim, female college students, replication of study by S. R. Pallak & J. M. Davies, 19830
reliability & validity of Modifiers & Perceived Stress Scale, measurement of perceptions of stressful life events & anticipation of & responsibility for events & amount of social support, adult males, 28980
rights & responsibilities as dialectical process, psychotherapists & clients, comments on article by T. A. Widiger & L. G. Rorer, 12874
shared responsibility, quality of multiattribute judgments, college students, 9120
slides vs passage and/vs photographic presentation & dress of rapist & victim, attribution of rape responsibility, college students vs 50–74 yr olds, 29998
social responsibility attitudes, willingness to serve aged &/or disadvantaged, 1st yr college business students, 10426
spontaneous vs obedient vs reciprocal behavior with positive vs negative outcome, perception of behavior, 5 vs 9 yr olds vs young adults, 29696
validity of L. Berkowitz & K. Lutterman's social responsibility scale, Brazil, 1114

Restlessness
EMG biofeedback training, restless leg syndrome, illustrative case of 58 yr old female, 1892
Restraint (Physical) [See Physical Restraint]
Retail Stores [See Shopping Centers]
Retaliation [See Reciprocity]
Retardation (Mental) [See Mental Retardation]
Retarded (Mentally) [See Mentally Retarded]
Retention [See Also Recall (Learning), Recognition (Learning)]
adjunct questions & objectives, retention of verbatim & semantic information & concepts & principles in prose learning setting, literature review, 4847
adrenalectomy, maze performance at retention intervals of 24 hrs or less, male rats, 23934
adrenaline dosage levels & corticosterone, retention of passive avoidance learning, adrenalectomized male rats, 13960
affective state-dependent retrieval & free recall & retention intervals, college students, replication of study by G. Bower et al, 19164
age & chronic choline-containing diets, learning & retention, male C57BL/6NNIA mice, 16719
age, long term retention of FI curvature as index of recall memory, 3- vs 30-mo old male rats, 29196
anticipated task difficulty, retention of familiar vs unfamiliar incidental materials, college students, 3062
attended vs unattended lists of whole & smaller constituent letters, recall by order of report vs temporal pairs vs letter size & sensory retention, female 18–51 yr olds, 21177
auditory vs visual presentation & suppression of vocal vs visual activity, sentence memory & retention of wording & meaning, high school & college students, 29138
avoidance vs escape leg position learning & memory in prothoracic vs mesothoracic ganglia, headless cockroaches, 3255
bilateral cold-induced lesions of inferotemporal cortex, learning & visual discrimination, female monkeys, 5797
cholinergic drugs, retention of passive avoidance response, male rats, 23980
client education about cerebral angiography via standard text vs text prepared in light of information processing, retention & memory of text, patients & nonpatients, 12638
conditioned approach response over 1-yr, carp, 5531
conditioning-induced enhancement of type B photoreceptor depolarization & acquisition & retention of associative learning, nudibranch mollusks, 23792
continuous visual & aural presentation of nouns, forgetting rates & long term retention in word recognition & modality identification tasks, 3rd & 4th graders vs college students, 14164
conversational noise & locus of control & field dependence-independence, comprehension & retention of text excerpts, college students, implications for effect of learning strategies on academic achievement, 25810
depletion of adrenal catecholamines, effects of electrical stimulation of amygdala on retention of learning tasks, male rats, 5743
developmental progressions & regressions in selective remembering strategies, mildly mentally retarded 5th vs 9th vs 12th graders vs adults, 4056
developmental trends in long term retention & forgetting, 2nd vs 6th vs 11th graders, 6045
different context from original, retention & retrieval of learned responses, 3 mo olds, 14180
dissociation between acquisition & performance of skills & learning & retention of new facts, amnesic patients vs college students, 17571
epinephrine, effects of electrical stimulation of amygdala on retention of avoidance tasks, adrenal-demedullated male rats, 5756
epinephrine followed by classical conditioning under barbiturate anesthesia, retention of conditioned response, male rats, 11300
expanded ability-based vs missed classroom practice, retention of multiplication facts & spelling lists, 3rd graders, 7610
extinction of somatic & automatic & EEG orienting responses, retention & learning ability, 5–33 yr olds with nocturnal enuresis vs symptomatic epilepsy, 9603
generalized schema & nodes as predictors of retention & recall of story & events of televised vs radio shows, preschoolers vs college students, 8738

goal-arm confinement as reactivation treatment, delayed alternation, male rats, 23667
hashish extract, retention of submissive behavior in learning paradigm, male mice, 13978
home cage vs temperature-controlled environment, retention of shock-induced multidirectional active avoidance response, 10 day old rats, 13897
hypermnesia effect in retention, 3048
ibotenic acid lesions of nucleus basalis magnocellularis vs atropine injection, water maze learning & retention & locomotor activity & feeding behavior, female rats, implications for cholinergic decline in Alzheimer's disease, 26622
immediate vs delayed presentation, performance on word & picture memory tasks, 8 yr olds with above vs below vs average intelligence, implications for intellectual capacity, 11404
individual differences & practice & task length & interference, learning & retention of armor procedural skills, soldiers in operational &/vs training units, 10590
informative feedback, retention of initial responses to factual vs guess questions on text comprehension task, school age children, 6078
inhibitory avoidance training before vs after habituation of rearing response, retention of behavior, adult female rats, 29207
integration vs decomposition in retention of complex sentences expressing complex ideas, psychology honors candidates, implications for constructive vs imagery vs tally theories, 19119
lead, acquisition & retention of passive avoidance learning, male rats exposed to lead from birth to weaning, 26627
leucine-enkephalin, acquisition & retention of active avoidance behavior, mice, 21495
luteinizing hormone releasing hormone, retention of active vs passive avoidance conditioning, male rats, 11318
memory retention vs semantic categorization task, direction & magnitude of hemispheric differences in processing of words & pictures, right handed male college students, 510
modulating factors in telencephalon ablation effects, retention & relearning & extinction of instrumental avoidance behavior, goldfish, 21457
naltrexone & morphine & beta-endorphin & peripheral effect of met- & leu-enkephalin, retention of inhibitory avoidance task, adult male mice, 29430
noise, learning & retention, 24–52 yr olds, 5496
novel experience prior to training or testing vs beta-endorphin vs naloxone vs epinephrine vs propranolol, retention of conditioned avoidance response, mice, 23988
organization of sentences & thematic information, remembered duration of interval & memory & comprehension of prose material, college students, 317
organizationally chunked vs conventionally ordered presentation of material & intervening vs nonintervening postquestion vs testlike conditions, comprehension of visually learned material, college students, 15681
orienting tasks with vs without estimates of distance between target & nontarget positions, immediate & delayed recall of linear arm movement, right handed college students, 19137
passage presented via filmstrip vs film vs reading from book, listening retention, 3rd graders, 22985
physostigmine, behavioral memory deficits induced by lesions of nucleus basalis of Meynert, male rats, 16648
posttraining administration of beta-funaltrexamine vs naloxone, retention of passive-avoidance training, 29410
posttraining administration of epinephrine & pretraining iv propranolol & phenoxybenzamine, retention of appetitive task, male rats vs mice, 29478
posttraining beta-endorphin vs dynorphin, retention of shuttle or inhibitory avoidance tasks, female rats, 23987
presentation of single vs multiple exemplars of basic level categories, immediate & long term retention of categorical information, 24 mo olds, 16920
priming & long vs short term retention intervals, word fragment completion, college students, 308
prior knowledge & elaborative processing, prose retention, college students, 297
proactive interference & development of verbal learning & retention, normal vs mentally retarded 4th vs 6th vs 8th graders, 9418
reading retention & comprehension, fast vs slow 5th grade vs college student readers, 14137
repeated study & retesting on reading assignments, acquisition & retention of rote vs conceptual material, slow vs fast learning college students, 7750
repetition & levels & categorization & processing strategy, retention of technical text, college students, 29122
research approaches & experimental findings & interpretations of intentional retention & metamemory sensitivity, 3045
retention interval of 60 days, sequence performance in complex operant conditioning, pigeons, 11086
role of explicit vs implicit material in information retention & recognition process, 7–14 yr olds, 831
sample durations & retention intervals & passage of time during test period, delayed matching-to-sample & rate of forgetting, feral pigeons, 23669
saphenous nerve stimulation, flexion reflex & long term spinal reflexes, cats with spinal cord injuries, 609
savings during relearning, H. Ebbinghaus's measure of retention, 11014
scopolamine, continuous nonmatching-to-sample & stimulus discrimination & retention in working memory, male rats, 14056
sequential teaching, proactive & retroactive facilitation of long term retention, 7th graders, Israel, 3-yr longitudinal study, 22922
serial anticipation vs complete presentation method, retention of erroneous responses in verbal learning, 4th–6th graders, 8688
stability & accounts of shooting incident, 15–32 yr old eyewitnesses, 4–5 mo followup, 22197
stimulus duration, retention of item information in partial report tasks, college students, replication of experiments by V. M. Townsend & by V. Di Lollo & M. Moscovitch, 29126
strength & activity of CNS functional capacity & thresholds & lability, retention of knowledge, humans, 2-yr longitudinal study, educational implications, 5739
structural vs semantic vs self reference processing strategies, performance on decision & retention & recognition tasks following pictorial advertisements, 5453
sulbutiamine, long term retention of leverpress conditioning & changes in hippocampal cholinergic activity, male mice, implications for role of thiamine deficiency in memory disorders, 21558
time elapsed between events as potent cue accompanying storage & retrieval of memories, rats, 23661
use of prospective & retrospective information in flexible memory processing in radial maze, rats, 11058
various feedback intervals in personalized system of instruction, performance & retention & preference, college students in advanced psychology course, 20724
vasopressin with vs without vasopressin antagonist peptide, retention of inhibitory avoidance responding, male rats, 16691
Retention Measures [See Also Free Recall, Recall (Learning), Recognition (Learning)]
normative data for Wechsler Memory Scale–Revised, 9.6–15.5 yr olds, 28939
reliability & validity & factor structure of revised Wechsler Memory Scale & subtests, identification of memory disorders, college students & general medical & alcoholic patients with organic brain syndrome, 2896
reliability & validity of 30 Geometrical Figure Test & 30 Face Test, assessment of effect of ECT on nonverbal memory, depressed patients, 18939
retention test, performance on subsequent test on same material, college students, 2583
use of Learning Efficiency Test, assessment of short term memory ability, 12.3 yr old male with perceptual motor difficulties, implications for instructional strategies, 28581
validity of Strub-Black Mental Status Examination vs Wechsler Memory Scale, assessment of memory performance, brain damaged vs routine medical patients, 16176
Reticular Formation
caffeine tolerance following chronic exposure, neuronal activity in reticular formation & spontaneous locomotor activity, rats, 16592
discriminative avoidance conditioning, brain stem reticular formation neuronal correlates of stimulus significance & behavior, rabbits, 21299

eye movement model based on gaze center in parapontine reticular formation, interpretation of pathological patterns, vertiginous patients, conference presentation, 1576
forelimb reaching, neuronal activity in nucleus reticularis gigantocellularis, male rats, 3170
human vs salmon cacitonin injections into periaqueductal gray & midline pontine reticular formation, receptor binding & analgesic properties, male rats, 21502
intrathecal administration of methysergide &/vs yohimbine, antinociception induced by stimulation of nucleus raphe magnus vs nucleus reticularis paragigantocellularis, male rats, 21364
lesions to nucleus reticularis pontis oralis & caudalis, slow wave & REM sleep during day vs night, cats, 5795
midbrain reticular formation &/vs medial vs lateral substantia nigra pars compacta lesions, ipsiversive circling behavior, male rats, 23931
mossy fiber as CS &/vs airpuff as UCS to dorsolateral pontine & lateral reticular nuclei, nictitating membrane responses, male rabbits, 19339
nonfocal ultrasound, evoked potentials of striatum & medullar reticular formation, rats, 11231
prolonged emotional stress, functional condition of cortical subcortical structures in EEG activity & their role in development of endocrine & hypertensive reactions, cats, 23877
visual stimulation & eye movements, electrical activity in nucleus reticularis tegmenti pontis, juvenile monkeys, 29266
2-deoxyglucose mapping of electrically stimulated midbrain reticular formation, male rats, 21428
Retina [See Also Cones (Eye), Ganglion Cells (Retina), Rods (Eye)]
associative learning, retinal output, pigeons, 3179
automated methods for assessment of retinotectal function, 23364
chromatographic resolution of rhodopsin from four cone pigments of retina, chicken, conference presentation, 521
chronic stress, neuronal cell death in retina, male vs female rats, 23896
colored Mondrian background & spectral composition of illuminant, color perception & generalization, goldfish, implications for applicability of E. H. Land's retinex theory to primitive vertebrates, 513
compound eyes as model for study of 2-dimensional spatio-temporal processing of color & motion, flies & insects, conference presentation, 29271
differences in 2-pulse measurement of temporal integration in fovea vs peripheral retina, adult Ss, 16251
discrimination of retinal disparity stimuli for diplopic vs fused images, 3160
distribution of ipsilateral retinocollicular projections, tree shrew, 26487
dynamic geometrical structure of optical flow, importance of retinal center & periphery in pickup of optical information for controlling stance, Os, 13831
functional measurement of apparent rarefaction of retina, 29038
induction of functional retinal projections & neurophysiological recordings, somato-sensory system, newborn hamsters, 21298
light-induced retinal damage, CFF frequency at scotopic & photopic luminance, male rats, 5812
light vs dark field adaptation, temporal threshold for perception of grey/white spots at intersection of Hermann grid, implications for retinal adaptation & role of ganglion cells, 16270
method for specification of intensity of self-luminous point & line targets & deduction of resulting retinal illuminance, 21123
mixing of red & green cone signals by photoreceptors in outer retina, turtles, 26515
model of retinal inhomogeneity, prediction of contrast sensitivity for circular homogeneous or inhomogeneous sinusoidal targets, 16257
monocular deprivation, pattern electroretinograms & tectal surface EPs, pigeons, 16455
narrowing of visual field or increased velocity of optokinetic stimulus, nystagmus on foveal area vs peripheral retina, 10928
photopic spectral mechanism, rats, 16444
response properties of retinal horizontal & photoreceptor cells, tree squirrels, 29283
retina alcohol dehydrogenase, ethanol metabolism, rats, implications for visual disorders during alcohol intoxication, conference presentation, 8594
retinal location, temporal frequency characteristics, human Os, 3178
Stiles-Crawford effect, blowfly, 23836
stimulus size & location, active vs passive smooth eye movements, 20 to 40 yr olds, 21112
transection of brachium of superior colliculus, early representation of temporal retina assessed by retrograde transport of horseradish peroxidase, hamsters, 19413
visual defects associated with reduced pigmentation of retinal pigment epithelium, mice mutants, conference presentation, 29254
Retinal Ganglion Cells [See Ganglion Cells (Retina)]
Retinal Image
contour intersections, visual sensitivity to line curvature, experienced Ss, 13595
image displacement & movement aftereffect, motion perception, comments on study by H. Wallach, 23568
nystagmoid oscillation, contrast sensitivity function, normal Ss subjected to retinal image motion equivalent to that of Ss with congenital nystagmus, 21076
retinal illuminance & boundary length & speed of step movements vs pulse width vs pulse movements of retinal image, perception of hue with colored targets, 8171
spatial frequency & retinal eccentricity & distance from fixation point, stereo & vernier acuities within spatial channels, adult Ss, 21114
spatial separation & retinal eccentricity, 2 dot vernier acuity, adult Ss, 21069
varying retinal eccentricity of moving dot vs horizontal vs vertical line segments with same features as stationary background elements, conspicuity, adult Ss, 21104
Retinal Vessels [See Arteries (Anatomy)]
Retirement
being alone vs with others, retired 55–88 yr olds, 8856
causes of decisions to retire & impact of retirement, retirees & their employing organization, literature review, industrial/organizational psychology implications, 20841
development of preretirement financial training seminars, employees, 28678
formation & development & maturity stages of retirement communities, residents, 3560
intentions about & attitudes toward retirement, lawyers & social workers & high school & college teachers, 5038
leisure activity & income & health, life satisfaction, aged female homemakers vs retirees vs workers, 17010
market audit, development of case management service by retirement community, 22686
mental health & adjustment during 1st yrs of retirement, 6391
orientation toward power & peer relations, homemakers vs working vs retired females, implications for social work practice, 24222
participation in professional activities, retired college teachers, US vs UK, 22887
patterns of seasonal migration & differentials between seasonal & permanent migration, residents of planned retirement communities, 11545
phased retirement program as transition stage to full retirement, 5105
postretirement adaptation, 58–91 yr old recent vs long-time female school teachers, 10283
preretirement education program, preretirement socialization & satisfaction with retired life, working vs retired attending vs nonattending manufacturing employees, 31521
prestige associated with own & husband's occupation, marital satisfaction, 55–85 yr old employed vs retired wives of employed vs retired husbands, 17061
proposed interventions to assist retired clients in adjustment to new life situation, nurses, 28067
proposed new method of analyzing attrition from research study, representativeness of continuing Ss to original sample, elderly respondents in retirement history study, 29553
proximity to retirement, retirement oriented activities & attitudes toward retirement & job characteristics & personal resources, 45–75 yr old males anticipating retiring in 15 yrs, 8659

recreation & life cycle forces & socio-environmental elements, life satisfaction levels, retirees, 11397
retirement process & importance of preretirement planning, 3403
self health evaluations & health behavior, postretirement health behavior, 66–70 yr old former industrial & service workers, Israel, 759
shopping orientations, retired vs not retired 55–64 yr olds vs Ss aged 65 yrs & older, 2731
social & demographic factors & retirement benefits & health & other factors, labor force activity, retired males, 13170
social services & casework in labor unions, aged retirees, 7379
temporal changes in planned age for retirement, 47–64 yr old males, 1975–84, 18760
work & retirement & well-being, 58–63 yr old never married vs widowed vs divorced or separated males & females, 14496
Retroactive Inhibition
change in extra-item context from study to test, ability to think of previously studied words, college students, 29148
environment context, memory for frequency, college students, application to revised interference theory of forgetting, 300
point of delay interpolation & similarity & amount of interpolated material, retroactive interference in 12-arm radial maze, rats, 23664
potentiation of conditioned aversion to saccharin by maple odor in latent inhibition paradigm, 20–25 vs 145–155 vs 800–840 day old rats, 26405
prior knowledge & elaborative processing, prose retention, college students, 297
response-outcome incontingency before vs after learning, learning & memory, college students, 16312
retroactive interference, spatial working & reference memory of 8-arm radial maze, rats, 13753
retroactive interference, verbal recall, 20–50 yr old nonparanoid vs paranoid schizophrenics, 3927
sequential teaching, proactive & retroactive facilitation of long term retention, 7th graders, Israel, 3-yr longitudinal study, 22922
time & similarity of intervening event, retroactive interference in maze learning, rats, 13737
verbal stimuli presented with unrelated vs thematically-related materials, prediction for retroactive interference effects in recognition memory, college students, 5491
Reversal Shift Learning
chlordiazepoxide & overtraining, discrimination reversal learning, rats, 364
chronic treatment with ACTH & alpha-melanocyte stimulating hormone & gamma-2 MSH, impaired reversal learning, rats with bilateral lesions of parafascicular area, 26716
contextual stimuli, operant discrimination reversal learning, pigeons, 5575
discrimination shift learning & response inhibition, moderately & severely mentally retarded 12–16 yr olds, 9469
inconsistent reinforcement, reversal & nonreversal shift discrimination, 11–13 yr olds, 24108
intradimensional vs extradimensional shift learning, pigeons, 360
lateral hypothalamic stimulation, acquisition & reversal & extinction & visual discriminative learning task, male mice, 19394
overtraining vs criterion training on number classification task, production of reversal learning, 19–52 yr olds, 8251
Review (of Literature) [See Literature Review]
Revolutions (Political) [See Political Revolution]
Rewards [See Also External Rewards, Monetary Rewards]
application of incentive theory to data from experiments with variable magnitude of food reward, animals, 16352
attractiveness of alternative rewards, industrial sales people, 18705
barley food, facilitation of movement through handling system, sheep, 21226
brief cue prior to reward, sign tracking & response rate to VI schedule, rats, 13746
characteristic vs homomollifier function, prediction of payoffs in non-constant-sum games with nonempty core, college students in same-sex groups, 29961
contracted-for reward, performance on various creativity tasks, 5–11 yr olds & female college students, 16972
distributive vs retributive vs procedural justice in sports & games, 5023
immediate vs delayed & magnitude of reward & delay of reinforcement, production of odor cues, male rats, 21224
implicit vs direct rewards, handwriting & other focal behaviors, elementary school students, 7617
individual vs group characteristics & performance, preference for allocation procedures for reward distribution, college students, 21909
merit bonus plan for rewarding individual & team productivity, 7800
multiple differentially rewarded stimuli, maximization of reward via discriminative responding, female Atlantic bottle-nosed dolphins, 8292
occupational image subcultures of nursing profession, job attitudes & performance expectations for rewards, 26–30 yr old staff nurses, 31497
paper gold coins as rewards in poetry unit, attitudes toward poetry & reading & writing poetry, 5th graders, 15710
payoff matrix vs predictability of environmental state in computer simulated game, choice behavior, 3036
preference for unpredictable appetitive rewards obtained under conditions predicted by DMOD model by H. B. Daly & J. T. Daly, male rats, 5539
presence of observer & response contingent vs noncontingent outcomes, estimate of personal control, depressed vs nondepressed college students, 11787
probability & magnitude of win vs loss in betting problem, strength of response at particular point in problem as proportional to net strength of competing tendencies, college students, 29173
proportion of correct responses by child, intensities of rewards & punishments, 25–44 yr old mothers vs 43–69 yr old grandmothers of 4–8 yr olds, 17059
rate-dependent vs -independent paradigm, assessment of rewarding effectiveness of electrical brain stimulation, male rats, 29365
reward & coercion, expert & referent & legitimate power sources in marketing channel, dealers selling heavy industrial equipment, 18794
reward-related neuronal activity in dorsolateral prefrontal cortex during feeding behavior in operant task, monkeys, 514
rewards for parents, safety seat use, children, conference presentation, 22504
rewards vs punishment, discrimination learning, children, meta analysis, 3427
role of endorphins in mediation of reward or aversion & motivation for self administration, animals, literature review, conference presentation, 26526
sex, work satisfaction & intrinsic task rewards & extrinsic social & organizational rewards & work values, male vs female workers, 31528
stringent & nonstringent instructions & criterion setting & presence of tangible rewards, self reinforcement following arithmetic task, 3rd & 4th graders, 15782
task- vs performance-contingent rewards, intrinsic motivation for high- vs low-interest task, female college students, implications for self perception, 16328
tripelennamine, thresholds for reinforcement of electrical stimulation to medial forebrain bundle, male rats, 16819
verbal vs tangible rewards, intrinsic motivation for subsequent performance, male vs female graduate students, 23643
waiting list contingency & reward, appointment keeping, parents of children in outpatient pediatric psychology clinic, 22673
Rheumatism [See Arthritis]
Rheumatoid Arthritis
clothing for easier dressing & undressing, elderly females with rheumatoid arthritis &/or osteoarthritis, 27521
depression & dependence & inactivity & anxiety as psychological features, rheumatoid arthritis, 4109
depression & family history, 23–48 yr olds with fibromyalgia, comments on study by J. I. Hudson et al, 27673
efficacy of cognitive behavioral & self control intervention, reduction of pain & functional disabilities, rheumatoid arthritis patients, 1870
etiology & effects & treatment of rheumatoid arthritis, literature review, 1508
high aspirin-induced blood level of salicylate, hearing music as form of tinnitus, 70 yr old female with otosclerosis & rheumatoid arthritis, 22219

incidence of rheumatoid arthritis, patients with schizophrenia vs affective psychosis vs neurosis, Sweden, 17299
life events, clinical course of rheumatoid arthritis, female patients, 15-yr follow-up, 1628
life stress & clinical course of illness, females with definite or classic rheumatoid arthritis, 15-yr followup, 1629
low dose amitriptyline therapy, patients with fibromyalgia & major affective disorder, reply to comments of P. N. Tariot et al, 27964
mianserin protein binding in serum & plasma, healthy 23–71 yr olds vs 60–77 yr old depressed vs 26–82 yr old rheumatoid arthritis patients, 25299
psychodynamics & social interactions & psychotherapy, patients with rheumatoid arthritis, 7040
relaxation & biofeedback training as adjunctive therapy, male patients with severe rheumatoid arthritis, 25223
social support & illness severity & age & education & income, psychological well-being, 21–80 yr old females with rheumatoid arthritis, 17613
thermal biofeedback training vs cognitive behavioral therapy vs structured group therapy, trait anxiety & depression & pain behavior & immune system activity, patients with rheumatoid arthritis, 17999

Rhodopsin
bleaching of rhodopsin in isolated retina & background light & test flashes, responses of photoreceptors & increment thresholds, skates, conference presentation, 540
chromatographic resolution of rhodopsin from four cone pigments of retina, chicken, conference presentation, 521

Ribonucleic Acid
chronic ethanol administration with vs without hypothermia, protein & RNA & DNA synthesis in brain, infant rats, 8598

Rigidity (Muscles) [See Muscle Contractions]

Rigidity (Personality)
depressed mood & perfectionist beliefs & height & weight, female college students with bulimia, 20233
impulsivity & hyperactivity & rigidity & suspiciousness, deaf rubella adolescents with & without multihandicaps, longitudinal study, 1534
sex role orientation, psychological rigidity, 20–23 yr olds classified as androgynous vs sex-leaning vs sex-typed, India, 24439

Riots
breakdown model of collective action as framework for examination of causes of New Mexico prison riot, 1980, 31002
SES & educational status, willingness to participate in nonviolent protest vs civil violence to eliminate racial discrimination, test of "new urban Black" vs social marginality hypothesis, 29887
social representations of street disturbance, media vs participant accounts, 24250
time frame, underlying processes generating urban riots, Blacks, US, 1964–71 vs 1968 immediately following assassination of M. L. King, 24244

Risk Populations [See At Risk Populations]

Risk Taking [See Also Gambling]
alcohol education program, compliance with peers in risky alcohol drinking & driving behavior, 9th graders, implications for health education curriculum planners, 2359
behavioral correlates of thrill-seeking personalities, 27174
cognitive style & decision environment & traditional risk measures, risk perception, senior level management majors & graduate business students, 15980
comparison of models for strategic planning & risk analysis & management in business, 31443
comparison of state dependent risk attitudes & utility functions, 23347
competence vs physical risk vs sensation perception, confidence in movement situations, college students, 200
competitive & risk taking behavior, social conflict vs crime specific homicides & sex differences in mortality, young males, application of sexual selection theory, conference presentation, 4051
counterphobia, aircraft pilots with phobic-anxiety states, comment on O. Fenichel's study, implications for personnel selection, 6578
development of comprehensive set of 16 measures of willingness to take risks, top level business executives, 26227
feedback about contingent vs noncontingent success on intellectual task & esteem-related feedback on unrelated task, self protection/self enhancement, male college students, 3708
frequency & consequences & risks of substance abuse, junior high & high school students, Canada vs Mexico, 27447
Freudian psychoanalysis & risks & implications of diabolic functioning of mind, 30549
individual choice behavior under risky & uncertain conditions, college students, 10697
individual differences in risk preference & evaluation, rate of offending, male 14–16 yr olds in detention centers, England, 4047
investment behavior & analysis of stock price movements & risks, 27208
levels of water resource availability from surplus to deficit, choice of certain vs uncertain prospect, male rats, 26398
locus of control & achievement motivation & risk taking, entrepreneurs, 24533
parenting experience & sex of parent & child, reactions to risky & annoying behaviors, 22–45 yr old expectant parents vs parents, 27000
personality & risk taking, 27200
photographs of children in risky situations, perceptions of degree of risk & decision to intervene, male vs female 21–35 yr old parents vs inexperienced college students, 8981
physical activation level, problem solving & risk taking & execution of simultaneous tasks, 10–17 yr old high-performance athletes vs nonathletes, 11464
preference model of ordinal utility function of uncertain actions & index of risk aversion, 16214
presentation of information on potential risk & outcome severity & access & effectiveness of protection, decision making processes in engagement in protective behavior, college students, test of protection motivation theory, 11750
properties of perceived riskiness of gambles, graduate business students, West Germany & US, failure to support R. D. Luce's proposed measures of risk, 30024
research on situational & personality factors affecting perception & acceptability of risk, literature review, 21990
risk attitude & uncertainty & disequilibria, optimal production & inventory, manufacturing industry, Austria, 28762
risk properties of Pareto optimal outcomes in bargaining games, 16218
risk taking & compulsive gambling as public mental health issue, conference presentation, 22178
risk taking & sensation-seeking behavior & pathologic gambling, 20071
risk taking propensity & related personality characteristics, suicide attempters vs ideators, 14735
self ratings of skill & risk taking, drivers, 28662
Sensation Seeking Scale & biographical inventory, prediction of risk taking behavior, male college students, 3739
social transformation of risk analysis, 964
specific hypotheses from psychophysical laws on shape of rational agent's risk preference function, 15955

Ritalin [See Methylphenidate]

Rites (Nonreligious)
ceremonial ritual & repetitive auditory or visual or tactile stimuli, social cohesion & modulation of aggression, humans, conference presentation, 980
college graduation, identity & intimacy crises stage, college seniors vs 24–27 yr old alumni, 8916
culture & placenta disposal rituals, Africa vs Asia vs Europe vs Latin America vs Peru, 3565
female roles in possession-trance ritual, solidarity between sexes, female vs male participants, Indonesia, 26961
Jungian view of psychosocial dimensions of feasting & festivals as expressions of community feelings & mutuality, 6205
metaphoric transformations of physiological processes as social ritual, reinforcement of cultural equilibrium & shared ideology, Tzintzuntzan villagers, Mexico, 29787
ritual as mediatrix between sacred & profane & relationship to representation & myth & drama, 29783
ritual hair grooming behavior & perception of themes in grooming TATs, 18–26 yr old consumers, implications for marketing, 13283
ritual structure & time conventions, legitimation of work in alternative communities, 973
rituals, grief work in psychotherapy, 4342

role of hallucinogenic drugs & sensory stimuli, ritual healing, 20–60 yr old patients, Peru, 9907
salutation rituals & social relations, 2 tribes, Cameroon, 24277
symbolic values borrowed from Spanish, expression of differences in ritual status internal to peasant communities, Mexicano speakers, Mexico, 29793
Rites (Religion) [See Religious Practices]
Rites of Passage [See Birth Rites, Death Rites, Initiation Rites]
Rituals (Nonreligious) [See Rites (Nonreligious)]
Rituals (Religion) [See Religious Practices]
RNA (Ribonucleic Acid) [See Ribonucleic Acid]
Robbery [See Theft]
Robotics
absorbing & ergodic discretized variable structure stochastic automata, 28909
computers & robots as facilitators vs inhibitors of education, 18504
human factors of industrial robots & robot safety management, Japan, 20902
robotic recognition system using tactile sensor in feedback loop, 2816
skill level, perceptions of implementation of robots, manufacturing industry assembly line workers vs job setters vs skilled workers, 18758
Rocking (Body) [See Body Rocking]
Rod and Frame Test
blur & spatial frequency & luminance, rod & frame task, college students, 16246
depth separation of frame & circle or in frame beyond or in front of circle, orientation-inhibition effect, adult Ss, 23542
ethanol & Rod & Frame Test as indicator of risk for development of alcoholism, 21–25 yr old males, 22184
relational factors in rod and frame effect, adult Ss, 19037
Rodents [See Also Gerbils, Guinea Pigs, Hamsters, Mice, Norway Rats, Rats, Squirrels]
alarm responses & escape & investigative behavior in unmanaged colony, capybara, implications for commercial exploitation, 8355
atypical social organization & environment, vocalizations & behavior, field & captive pikas, 400
calls during sexual & agonistic & maternal interactions, gundi rodents, 23712
development of automated observation system for assessment of multivariate locomotor activity, rodents, conference presentation, 8025
electronic device for control of cage lighting by locomotor activity, exposure of photosensitive portions of phase-response-curve & measurement of circadian rhythms, nocturnal rodents, 26140
environmental & behavioral factors, control of ovulation & vaginal estrus & sexual receptivity, voles, literature review, 29321
exploratory behavior, species of murid rodents, 5583
infanticide rates, lactating female prairie dogs & offspring of close kin, 29235
infanticide, yellow-bellied marmots, 8308
opioid blockade with naloxone, food intake & ir-dynorphin levels in hypothalamus, juvenile racoons & adult male woodchucks, 5914
preferences for combinations of water & urine as means of detection of reproductive status, intact vs castrated male & estrous vs nonestrous female kangaroo rats, 5631
salience of & sensitivity & responses to conspecific urine, male & female captive degus, 21250
sex differences in ambulation & defecation as measure of emotionality, hystricomorph rodent degu, 3090
sires, strategy in retaining vs reabsorbing pregnancy, female meadow voles, 16382
tones of varied duration & loudness, temporal summation patterns, monaural chinchillas, 3072
Rods (Eye)
background, spatial properties of cone-rod interaction, adult Ss, 23535
determination of absolute thresholds for monochromatic lights vs direct comparison matching just above threshold, measurement of scotopic visibility curves, adult Ss, 13546
scotopic background stimulation, photopic increment thresholds, adult Os, implications for cone-rod interaction, 13543
sensitivity to scotopic flicker in parafoveal retina, 25 & 31 yr old males, 2987
Roentgenography [See Also Angiography, Pneumoencephalography]
computerized tomography & cerebral asymmetries in diagnosis, psychiatric patients, 17292
correlation of clinical & computerized tomography data & exceptions to classical localizations, literate right handed nonfluent vs fluent aphasic adults with vascular left hemisphere lesions, Italy, 12163
EEG vs cerebral computer tomography, differentiation between organic brain syndrome & functional psychiatric disorders, elderly patients, 30445
event-covering algorithm for synthesis of knowledge gathered from empirical observations, application to radiological data, normal Ss vs spina bifida patients, 28889
importance of X-ray tests for detection of possible physical disorders, illustrative case of 62 yr old female with dementia & meningioma, comments on E. P. Larkin's view, 14893
lymphoblastoid lymphocytes sensitivity to X-ray irradiation, 31–72 yr old patients with Parkinson's vs Alzheimer's disease vs amyotrophic lateral sclerosis vs multiple sclerosis, 24969
metrizamide myelography, development of Broca's aphasia & speech apraxia & stuttering, 62 yr old male with lower extremity weakness & urinary incontinence & 54 yr old female with low back pain, 30446
positron tomography & oxygen inhalation data, measurement of blood flow & metabolism, epileptic psychotic vs nonpsychotic patients, 6439
requests for X-rays, psychiatrists in training, 2242
systematic continuing medical education session on breast cancer detection, referral rates for mammography, physicians, 15487
utility of MRI imaging to detect cerebral hemispheric disconnection, patients with intractable epilepsy who underwent commissurotomy, 30813
utility of nuclear magnetic resonance imaging as diagnostic tool, Parkinson's disease patients with vs without dementia, 30360
Rokeach Dogmatism Scale
content analysis of Rokeach Dogmatism Scale, invalidity of scores for Bible believers, conference presentation, 8057
Role (Counselor) [See Counselor Role]
Role Conflicts
attitudes toward humanistically oriented theology program & family & occupational goals, female ministry students, 2464
bulimarexia as symptom of sex role strain experienced when career choice conflicts with sex role socialization, 26 yr old high achieving female, 27500
construction of 2-part questionnaire, measurement of role conflict & job satisfaction & situational anxiety & meaning of work, Black industrial workers, Africa, 20988
contradictory demands & expectations of family & workplace, determination of class consciousness, female clerical workers, 14394
coping with multiple demanding roles, working mothers, implications for role of pediatrician, 29819
degree of role strain & perceptions of work & child care & family environment, 20–42 yr old single vs married working mothers working full- vs part-time, 24285
difficulties of pregnancy & maternity leave & combining childrearing with practicing psychiatry, full & part time female psychiatrists, 2276
education &/vs length of experience &/vs interpersonal work environment, person-role conflicts & job satisfaction & propensity to leave job, staff nurses, 7521
family support & marital satisfaction & farm functioning, self reported psychosomatic stress symptoms, wives of dairy farmers, 1515
family vs career role conflict resolution, working mothers with infants, 26997
interrole conflict & personality hardiness, marital adjustment, employed fathers, 14293
interrole conflict & spouse support, marital adjustment & verbal communication, 18–63 yr old working mothers, South Africa, 29849
labor management relationship climate & participation in union activities, dual commitment to union & employing organization, managers & labor leaders & rank & file employees from municipal bus companies, 18753

management strategies, internal & external sources of stress & roles, dual career couples, 29835
marriage vs parenthood vs education & work role selection & socialization, marihuana use, male vs female young adults, 9-yr followup, 14419
models of identity crisis known as identity deficit vs identity conflict, implications for motivation & commitment, 24534
nonfiction portrayal of home-work relationships, working females, analysis of women's magazines from 1975–82, US, 14398
nurse/social worker role conflict in home health care, visiting nurse association, 28037
occupational stress & personal strain & personal resources in leadership roles, priests vs ministers vs seminarians vs nuns vs brothers, 26029
occupational stress as result of role conflict & public discussion of costs of success, professional females, 7847
paid employment, health, females over vs under age 40 with vs without children, England, 31398
path-goal leadership theory, leadership & role conflict & ambiguity & job satisfaction & anxiety, male salespeople, 26017
perceived role conflict & role ambiguity & burnout, special education teachers, 22885
potential ethical problems in nonprofessional relationships with friends, psychologists, 31102
prestige associated with own & husband's occupation, marital satisfaction, 55–85 yr old employed vs retired wives of employed vs retired husbands, 17061
responses to coordination of work-family roles, implications for career development, 31414
role ambiguity & job satisfaction, cardiovascular & biochemical responses associated with coronary risk, Type A vs Type B male managers, 18742
role assignment & conflicts & marital communication & family environment, cancer patients & their spouses with children at home, 5-mo followup, 22340
role conflict & ambiguity & demographic data, perceptions of job robustness, elementary & secondary public school principals, 2306
role conflict & ambiguity & powerlessness & demographic & contextual variables, burnout, high school supervisors, 18438
role conflict & need for achievement, job anxiety, 34–50 yr old supervisors, India, 26004
role conflict & stress & satisfaction & sex role attitudes, organization of work & family life, married or cohabiting vs nonmarried flight attendants, 24308
role conflict in relation to supervisors & clients, self statements & anxiety level & performance, graduate student counselors, 15488
role theory & concept of role strain, implications for health care, 29995
social support & ambiguity & hierarchical level, role conflict & ambiguity & overload vs job satisfaction & job search intent as responses, bank employees, 31495
strains & stresses of marital/family vs occupational vs housework roles, psychological well-being, 18–54 yr old females, 9065

Role Expectations

attitudes toward reading theory & instructional methods & professional role & criteria for pupil success, classroom instruction, elementary school teachers, implications for teacher education, 4815
marital role expectations & need for control, female vs male college students, 1973 vs 1983, Australia, 26983
perception of role as coordinator in guidance programs, elementary & middle school counselors, 31146
perceptions of changes in client needs & agency role expectations & skills, college counseling center staff, implications for counselor training programs, 10554
police stress as means of gaining professional legitimacy & prestige & of coherence to conceptions surrounding tasks & role expectations, police professionals, 24402
power in conflict resolution & authority, marital satisfaction, middle & upper middle class couples married 5 or more yrs with wife as homemaker, counseling implications, 8997
role of activities consultant, 31047
traditional vs feminist announcements of therapist services, perceptions of counselor & problems, male vs female college students, 10057

Role Models

children's books with strong female protagonists, bibliography, 10279
expectations & sex of authority role models, leadership performance & recognition, male vs female college students, 3700
experiences & role models during residency, postresidency interest in administration & subsequent involvement in administrative work, psychiatrists 2–20 yrs beyond residency, 28345
factors in establishment of same-gender student-faculty role model relationships, male vs female graduate students, 4910
importance of role modeling as treatment modality, psychiatric patients, 1716
multiple vs single models of generous vs selfish vs inconsistent behavior during game, generosity, kindergartners vs 4th graders, 8862
perception of ideal person as role model, moral development & judgment, 7–10 yr olds, India, 3397
same- vs opposite-sex teacher model, career confidence & motivation, male & female college students, 20760
same age vs kindergarten models attributed with varied competence, peer imitation, 2nd graders, 19578
sex differences in parental models & ideals, development, adolescents, 14125
types of participation & role models in goal setting, goal acceptance & satisfaction & performance, college students, 9104

Role Perception

affiliation & active involvement, life satisfaction & choice of activity vs disengagement vs continuity role theories, 60–93 yr olds, 29738
attitudes toward & perceived role in home care program for children dying of cancer, physicians, 28052
construct validity of Principal Expectancy Motivation Scales, measurement of constructs & motivation toward managerial & instructional role & total motivation, school principals, 31347
degree of consensus on relative importance of presidential roles, college presidents & governing board chairpersons, 25727
ego development & sex typing & assertiveness, role conceptions & their combinations, baccalaureate beginning nurses, 15508
evaluation of own role-related behavior & actual behaviors, 15–16 yr olds, 3383
expectations of role of services provided by educational psychologist, principals & teachers & social workers, 28396
experiential & behavioral criteria, perceptions of different tourist-related roles, 18–57 yr old experienced travelers, Australia, application of fuzzy set theory & multidimensional scaling, 9170
internal vs external locus of control, female vs male volleyball players vs team captains, 7776
medical role ideology & work roles, definitions of patient health, nurses & physicians & social workers in geriatric care facility, 15342
mood & role as actor vs O, judgments of noncontingency, Type A vs Type B college students, 1209
organizational hierarchy & cognitive-motivational limits to processing, perception of work roles, college students posing as clerks vs managers, 14464
participative vs nonparticipative public welfare agency environment, role perceptions & treatment outcome decisions for elderly clientele, social workers, Israel, 28125
perception of & preferences for role in care of hospitalized child & communication with nursing staff, parents of sick children under 10 yrs old, 15341
perception of similarity of informal roles defined by communication networks, employee turnover, fast food restaurant employees, 18770
perceptions of appropriateness of rehabilitation activities & roles of professionals in performing these activities, mental health & medical personnel employed in rehabilitation centers, US, comparison with earlier Australian data, 15440
perceptions of egalitarianism of role relations & equity, marital adjustment & satisfaction & individual well-being, dual career husbands vs wives, implications for family therapy, 9005
perceptions of managerial leadership behaviors & substitutes for leadership, professional vs nonprofessional workers at hospitals & contract research organizations, 20843
perceptions of supervisory role functions, supervisors of counselor trainees, 28295

personal values & sex & parental role perceptions, orientation toward Equal Rights Amendment, adults, US, 27081
police stress as means of gaining professional legitimacy & prestige & of coherence to conceptions surrounding tasks & role expectations, police professionals, 24402
premarital cohabitation & marihuana & illicit drug use & religiosity in adolescence, commitment to traditional roles & lifestyles, males vs females with mean age of 24.7, 27133
process of entering teaching profession, student teachers, 2336
professional & bureaucratic role conceptions & perceptions of role discrepancies, moral behavior & practice & operationalization of professional values, nurses, 15507
redefinition & restructuring of relationship to accommodate functional communication & creative work, school psychologist & principal, 28399
role assignment & conflicts & marital communication & family environment, cancer patients & their spouses with children at home, 5-mo followup, 22340
role conflict & ambiguity & demographic data, perceptions of job robustness, elementary & secondary public school principals, 2306
role identity salience & voluntary blood donation, adult Ss, 24467
role perceptions & role of need for clarity & achievement & autonomy, work satisfaction & involvement, Black workers, South Africa, 5093
role transition from graduate student to faculty member, counseling psychologists, 31103
self efficacy & socialization tactics, role orientation & job satisfaction & commitment as measures of adjustment, newcomers to organizations, 26020
self monitoring, job tenure & performance & role perceptions, insurance agents & retail sales associates, replication of experiment by D. F. Caldwell & C. A. O'Reilly, 31504
sex role identity, femininity & self concept scores & perception of comfort in maternal role, 19–37 yr old females assessed in late pregnancy & early postpartum, implications for nursing practice, 1098
social support networks & role structure, emotional exhaustion & personal accomplishment & depersonalization, staff members of residential rehabilitation & mental health center, 20600
socialization & personal adjustment to role of medical professional, medical students, 4-yr study, 31041
training at Los Angeles Police Department academy, role perceptions, police recruits, 28704

Role Playing

active vs passive role in conflict intervention between 2 citizens, attribution of guilt/blame toward citizen, police officers, 19738
assumed role of parent vs government minister, use of anecdotal vs statistical information in seat belt decision making, college students, 30050
boundary properties of self & other representations in role portrayals, paranoid vs intermediate vs nonparanoid schizophrenic inpatients, 11944
cat & fox technique in family cotherapy, 30660
counselor's ordinal position in practice role plays, reflection of feeling responses, counselor trainees, 4784
development of Geriatrix, role-playing game to encourage empathy for elderly patients & their health-care providers, medical students, 31066
disclosure of high vs low performance in role-played interview, performance appraisal, college students in leader-subordinate dyad, 9119
enactment vs paraphrase task, comprehension of short stories containing metaphorical sentences, 6 yr olds, 29654
interview & role reversal psychotherapeutic techniques, self perception & body image, overweight nonpsychotic psychiatric patients, 20317
interview treatments & cues for multiple personality & role playing, college students, implications for social psychology, 1381
peer identification & empirical validation of problematic interpersonal situations, 26–43 yr old male veteran drug addicts, 27419
personalized vs standard role plays, assessment of social skills, 21–63 yr old depressed outpatients, 27283
race & age & social skills, judgments of quality of children's role play performance, Black vs White 8 yr olds vs college students, 14224
Rehearsal Demonstration Modules, intercultural communication & educational & multicultural dynamics, teachers in multicultural classrooms, 28448
role play & simulation instructional techniques, job entry skills, occupational psychology students in community college, 15679
role play vs structured discussion intervention, positive justice reasoning & perspective taking, 1st–3rd graders, 15674
role playing drama in which student assumes role of expert in branch of knowledge, 25771
role playing exercise for history of psychology course, college students, 15631
role playing vs deception as research technique, 14420
self reference vs role play of self enhancing vs depreciating behaviors under high- vs low-choice conditions, self esteem, depressed vs nondepressed college students, 17261
sex & order of counseling role play practice, reflection of feeling response & feeling fidelity, 22–58 yr old counseling graduate students, 31109
sexually related role play & self report of behavioral assertiveness, incarcerated male rapists vs child molesters, 27441
simulation exercise of labor-management dispute in descriptive statistics course, college students, 15711
single person role playing technique in client-centered treatment, 1799
social skills board game using role play, increase in social skills & decrease in bizarre behavior, 13–17 yr olds with autism or behavior disorders or psychoses, 15116
thematic-fantasy play & story familiarity & adult intervention, story recall, 4.7–13 yr olds, 14187
traditional vs role play employee selection process, termination rates, marketing position job applicants, 31430
undercover investigative methods & prolonged role-played pseudoidentities, personality changes & depression & anxiety, drug enforcement agents, implications for undercover personnel selection, 30138
validity of assertion & conversation role-plays as social skills assessment, male patients in maximum security psychiatric hospital, 30953
videotape behavioral test of interpersonal competence for children, responses to positive vs negative vs combined assertion scenes, emotionally disturbed 9–11 yr old males, 11941

Role Taking

ability to make inferences about other's emotional reaction in light of prior experience, 2nd vs 5th graders vs college students, 8843
affective empathy & cognitive role taking, 13.4–14.4 yr old male vs female delinquents vs nondelinquents, 1432
consistency of moral reasoning & behavior & role taking behavior in picture stories vs actual classroom situations, 4th–5th graders, 20747
convergent & discriminant validity of ethnic attitude measures &/vs role & perspective taking tasks, White 2nd–4th graders, 18968
development & training of role taking abilities, emotionally disturbed preschool students in medical day care center, 18267
development of Role-Taking Interview, assessment of perceptions of social relationships, adolescents in crisis, 11855
high vs low empathy & affective perspective taking, machiavellianism & perceptions of prosocial motivation, male vs female 4th–5th graders, 19649
imaginative play, logical capacities in multiplication of classes vs class inclusion vs spatial vs social perspective taking, 4–7 yr olds, 19624
individual differences in parent-child relationship & identity formation & role taking skills, adolescents, 16990
mutual knowledge, development of perspective taking & social cognition, 24095
role taking & self awareness, acquisition of norms governing altruistic behavior, 1st–3rd graders, 6123
SES &/vs traditional vs experimental curricular spatial skill emphasis, assumption of another person's point of view, 6 yr old 1st graders, Italy, 31248
sex & role & attitudes toward power, social influence strategies in organizational dispute, male vs female college students as employee vs supervisor, 24519
stage model of development of understanding of suicide motives, 14–22 yr olds, 9371

structure & content of sociocognitive & moral & ego development, formal vs material role taking, adolescents & young adults, implications for understanding suicide, 3983
Roles [See Also Counselor Role, Parental Role, Sex Roles, Therapist Role]
attitudes toward clothing & social roles, elderly males, 8901
attitudes toward health care social worker's role in facilitation of grief, college students who recently suffered loss of relative or friend, 7396
attitudes toward role, 8th–12th grade middle school year leaders & deputy heads, England, 10302
changing roles in meeting needs of elderly patients, gerontological nurse specialists, 12881
concept of master teacher, implications for effective teaching, 22888
concept of master teacher, implications for teacher education, 22920
congruence between training & role functions & present & preferred job & competence, school psychologists, replication of study by M. L. Meacham & P. D. Peckham, 28385
contributions to debates on foreign policy issues, psychologists, 25688
cost effectiveness of employee assistance programs & roles, psychiatrists, 18346
dynamics of interactive relationship, college psychotherapist & dean of students, 25925
elements of E. Berne's script therapy & script as complement to role in transactional analysis, 17814
entrepreneurial administrative orientations, human resource development professionals, 31481
factors in reactions and recovery patterns exhibited & role allocation, families in which a parent has died, 24321
historical background of identity as scientist-professional, psychologists, 22828
history & development of symbolic interactionist perspective on family relations & roles, 19719
human occupation model, identification of self esteem & locus of control & interests & values & roles & habits & feelings of efficacy, dysfunctional 14–18 yr olds hospitalized with psychosocial problems, 4696
impact of role of peer tutor & tutee, attitudes toward peers & academic achievement, female college students, 20738
individual vs group pay incentives vs hourly wages, work role centrality, industrial workers, 28793
interpersonal & organizational & institutional roles of parents & role of health care professionals, self help groups, parents of children with cancer, 15074
marriage vs parenthood vs education & work role selection & socialization, marihuana use, male vs female young adults, 9-yr followup, 14419
master teacher program, implications for role as staff developer, 22881
multiple roles, gratification vs strain, middle aged female community college students vs housewives, 23032
occupational & sex roles & sex composition of management positions, female managers, implications for management training, UK, 23231
perception of role of social worker in schools, school superintendents vs school social workers, 15596
perceptions of functions & roles of school psychologists, master elementary teachers vs school psychologists, 20652
perceptions of role of nurses, medical students, 25694
perceptions of roles & job function, probation officers, 5110
prediction of role behavior, social workers, Netherlands, adaptation of models by N. Gross et al & E. Van de Vliert, 22858
primary life involvements, decision to leave organization, part- vs full-time registered nurses with families, 7561
professional role changes to institutionalize continuing education, university faculty, 15621
psychosocial health care role in private family practice, social workers, 7378
reallocation of roles & psychosocial environment, cancer patients & their families, ongoing longitudinal study, 12295
role & sex & age & parental status, perception of childhood problems, clinical & school psychologists & teachers & parents, 3391
role ambiguity & need for clarity, job satisfaction, college employees, 10618
role as curriculum leader, mastery teacher, 22904
role in day unit of hospice, occupational therapist, 2091
role in health maintenance organizations, psychologists, 12648
role in medical ethics committees, clergy, 25637
role of computers & teachers in education, 15728
role of primary caregiver to older frail parent, 26–69 yr old sons vs daughters, 29833
role of special education teacher, development of self understanding & self awareness & self esteem, learning disabled students, 13119
role transition from graduate student to faculty member, counseling psychologists, 31103
roles & participation in social revolution, females, 11580
roles, control of work & anxiety & interpretation of others' behavior in bureaucratic context, 23245
school level & enrollment & yrs of service & degree attained & sex & race, perceptions of preparation for & difficulty of work roles, school principals, 18446
social structure & available roles & physical layout of locale, race track & casino experience, players, application of E. Goffman's paradigm for analysis of leisure games, 14266
strategic therapy vs expressed emotion research, role of family in treatment of schizophrenic family member, 4388
training & professional status & role in primary school education, school psychologists, Brazil, 31149
typological classification, role behavior in group problem solving, 1123
work role & power of & type of information acquired from surrogate guards or snitches, penitentiary, 25548
Roman Catholicism
academic achievement differences, Black vs Hispanic vs White public vs Catholic high school students, 18520
attitudes toward directions taken by funeral industry, United Methodist vs Roman Catholic vs Episcopalian clergy & funeral directors, 26967
Catholic vs public education, promotion of cognitive development & approximation of common school ideal, high school students, 18513
Catholic vs public school education, academic achievement, high school students, 18534
holiness of marriage as mirror of divine experience from perspective of sacramental theology, implications for church law & pastoral practice & systematic theology, 11620
marriage as spiritual pilgrimage, intentional spirituality for future of Catholic marriage, 11621
Mary in Catholic theology & dogma & psychoanalysis, 17055
methodological issues in studies on Catholic vs public high school effects on academic achievement, comments on studies by T. Hoffer et al & J. D. Willms & K. L. Alexander & A. M. Pallas, 18522
minority academic achievement, Black & Hispanic seniors in public vs Catholic high schools, 23010
model of bureaucratic insurgency & modernist movement in Roman Catholic church, implications for organizational & collective behavior, 987
religious community as family in psychiatric treatment, members of Roman Catholic religious communities, 6946
role of Catholic church, conflict over matrimonial freedom vs marriage for social or economic gain, families, 16th & 17th centuries, Mexico, 24316
secular psychology associated with decline in ecclesiastical authority, Catholic families, 29803
sex role ideology & religion & number of siblings & beliefs about having children, future family size intentions, females vs males attending Catholic high school, Australia, 21771
transformation from courtship to marital intimacy & commitment to Catholic spirituality, 11634
values & social activism & school desegregation, White Catholic vs Protestant vs Black Protestant male clergy, 19711
Romania
application of constructivism to development of Socola school of psychiatry as alternative to biomedical model, Romania, 12306

Roommates
personality & religious & demographic & socioeconomic characteristics & living habits, prediction of roommate compatibility, college students, literature review, 15798
prolonged exposure to mildly depressed individual, induction of depressive affect, college roommates, 13-wk longitudinal study, 3675
Rorschach Test
defensive modes of splitting & possible Rorschach manifestations for levels of defensive organization, borderline patients, 9227
development of theory for Rorschach Test, professional contributions of W. Klopfer, 15161
empirical vs conceptual Rorschach validation studies, literature review, 18921
epistemological projection theory of religion based on experimental analysis of H. Rorschach's human movement response & object relations theory, 29794
family background & personal history & Rorschach assessment, 22 yr old female with multiple personality, 19892
interpersonal phenomenon in Rorschach test, 5–12 yr old feminine males who met DSM-III criteria for gender identity disorder of childhood, 6613
interpretation of Rorschach protocols in diagnosis of psychoses, 17331
objectification of borderline syndrome diagnosis using Rorschach test, 17–25 yr old patients, 22049
personality characteristics & salience of perceptual features, 2-dimensional solution for Rorschach inkblot similarity judgments, college students, 3755
personality characteristics assessed by Rorschach test, manic depressive 26–78 yr olds in remission, 6552
personality characteristics assessed by Rorschach Test, male vs female 71 vs 50 vs 30 yr olds, 19678
provision of training in Rorschach technique, directors of American Psychological Association approved graduate clinical psychology programs, US & Canada, 10 yr update of previous findings, 25677
psychoanalysis vs psychoanalytic psychotherapy, level of object representations measured by Rorschach tests, patients, 12381
relationship between Gestalt properties of wholes & Rorschach test, 19058
retest correlations for Rorschach test variables, hospitalized patients with symptoms of depression &/or helplessness, conference presentation, 8074
Rorschach color responsivity, male color blind vs normally sighted college students, 9517
Rorschach test, discrimination between parenchymal & cerebrovascular forms of dementia, 56–75 yr old patients, 6854
Rorschach test performance, dyslexic 8–16 yr olds, 9473
schizophrenia-like Rorschach results, relatives of schizophrenic vs brain damaged patients, 30233
self esteem & reflection responses on Rorschach test, incest victims vs other psychotherapy patients, comments on article by T. Owens, 9205
simultaneous percepts & fusion responses & contamination by influence in contaminated responses on Rorschach, 1803
statistical technique for improvement of split half reliability estimates of Rorschach, premedical college students & clinical outpatients, 23487
use of J. E. Exner's 4-square scoring system of Rorschach protocols, appraisal of learning disabilities, 10.1–13.4 yr old males, 15936
use of word "whirling" in Rorschach tests, prediction of suicide & premature death, medical students, 20–35 yr followup, 4046
Rosenzweig Picture Frustration Study
redundancy vs independence of Buss-Durkee Hostility-Guilt Inventory vs Rosenzweig Picture-Frustration Study, measures of aggression, college students, 28954
Rotary Pursuit
achievement motivation, rotary pursuit tracking performance, college students, 19172
aging, psychomotor reminiscence & mirror tracking & rotary pursuit task, male vs female 57–86 yr olds, 3473
air temperature & time-on-task period, unimpaired pursuit tracking performance, male college students, 21367
angular acceleration, saccades & smooth pursuit & nystagmus, 25–73 yr olds with speech dyspraxia, 1498
computerized test procedure, analysis of voluntary saccades & smooth pursuit eye movements, 11–60 yr olds, implications for diagnosis of oculomotor system disorders, 211
metabolic loading induced by exercise, performance in pursuit rotor task, male college students, 23516
sex & age, tracking performance on single-speed task, kindergarten through 6th graders, 19587
sex & handedness & hand used in practice, reminiscence in rotary tracking task, college students, 19035
target size &/vs speed, performance on rotary pursuit tasks, 5.9–21.4 yr olds of subnormal vs normal vs superior intelligence, 22206
task parameters, individual differences in pursuit & compensatory tracking performance, Royal Air Force pilots, Great Britain, 13176
visual vs rotary pursuit task, cardiac responses, college students, 23868
Rotation Methods (Statistical) [See Statistical Rotation]
ROTC Students
fear of failure & leadership ability, male college senior in ROTC, 10406
Rote Learning
accuracy & confidence during rote learning, 10 yr olds, 8689
comprehension task vs pleasantness rating during learning of list of unrelated sentences, verbatim & inferential memory, college students vs elderly adults, 8795
explanatory text with emphasis on rote or conceptual learning of basic concepts of elementary probability, problem solving performance, college students, 28430
Rotter Intern Extern Locus Cont Scal
analysis of Dutch version of Rotter's Internal-External Locus of Control Scale, 10798
criterion validity of new internal external locus of control scale vs Rotter's scale, job satisfaction, employees, 8101
factor analysis of Rotter's Internal External Locus of Control Scale & Levenson's Locus of Control Scales, measurement of general adjustment, college students, 133
hierarchical factor analysis of Rotter's Internal External Locus of Control Scale, college students, Yugoslavia, 8082
need achievement & affiliation & locus of control toward school & instrumentality motivation measures, prediction of school achievement, college students, 7624
very simple structure technique of W. Revelle & T. Rocklin, extraction of factors from responses on Rotter's Internal-External Locus of Control Scale for subscale construction, college students, 2909
RT (Response) [See Reaction Time]
Rule Learning [See Cognitive Hypothesis Testing]
Rumors [See Gossip]
Runaway Behavior
etiology & clinical characteristics, dromomania or runaway behavior, children & adolescents, 8831
family & personality characteristics, runaway vs rejected 11–17 yr olds, 12032
presence vs absence of 1-shot intervention, school adjustment & parents' self concept & community resource use, families of 10–18 yr old runaways, 3-mo followup, 9769
Running
behavioral coaching, track skills, high school runners, 2405
characteristics of hippocampal theta rhythm in running vs lever-pressing tasks, male rats, 13790
energy expenditure through exercise, mood & subsequent nocturnal sleep, 22–27 yr old male joggers, 26550
health beliefs & behaviors, college student runners vs nonrunners, 27218
imagery, track & bowling performance, male cross country runners & professional bowlers, 20840
physical training & personality factors, marathon time & training injury, male runners, Canada, 13521
praise vs criticism, running performance & emotional state, 10–15 yr olds, 748
running as recreational therapy & physiological effects, disabled children, literature review, 2169

training variables & post race performance & self efficacy & cognitive strategy use, marathon finishing time, runners, 23151
validity of subjective experiences of exertion & speed feedback as compared to bicycle ergometer, monitoring & control of intensity of individual running speed, 18–24 yr olds, 10897
visual control of step length during running over irregular terrain, male experienced long-distance runners, 26300
walking vs running, metabolic costs & gait patterns, males vs females, 3184
Runways (Maze) [See Maze Pathways]
Rural Environments
absence of rural youth in ecology movement, 890
age & marital & employment status & education & family income & number of school age children, migration within vs between metropolitan vs nonmetropolitan areas, 45–59 yr old males, 1967–75, 17028
age & sex & rural vs urban environment, conformity to parents & peers, 14–18 yr olds, India, 882
age & trust of neighbors, perceived safety from crime, rural community residents, 9115
anxiety & perceived morbidity & availability, prescribed vs over the counter drug usage, 60 yr olds & older in rural areas, 15190
application of church custom of constructive gossip & government health care delivery program, community attitudes about children & abuse, families in rural community, Alaska, conference presentation, 25389
attitudes toward alcoholism, rural vs urban secondary school teachers, Nigeria, 2329
attitudes toward capital accumulation & inheritance, differential fertility between social classes, rural married females, France, 1901–75, 19729
attitudes toward developmental planning, village residents, India, 7904
attitudes toward sex education, fathers vs male teachers vs 17–20 yr old students from rural vs urban vs metropolitan areas, India, 25850
attribution of incest blame, rural attorneys & judges, implications for legal processes, 29880
availability & importance to overall life quality & happiness & satisfaction of environmental features, construction workers & their wives from remote rural community, Australia, 23305
availability & number of practicing psychotherapists & primary physicians, suicide & violent deaths by homicide & accidents in rural town, prevention implications, 12054
background variables & turnover rates, rural vs urban school psychologists, 1977–80, 15607
body movements & gestures during work & leisure, 19th century rural society, France, 27180
childrearing attitudes & behavior, 22–46 yr old mothers of preschool age children in rural towns, Australia, 21826
community-based informal support network as health-related care system, rural residents aged 60 & over, 28085
community-based strategy for promotion of safety belt use, drivers from rural vs rural college communities, 15951
community isolation, academic achievement, 6th graders in rural schools, Newfoundland, 23014
congruence of outdoor recreation activity dimensions, residents of urban vs suburban vs rural environments, 26048
coping styles & economic stressors & symptoms, male vs female residents of Black community in rural South, 21966
cultural & subcultural factors, reporting & assessment & treatment of child sexual abuse & family violence, 4 case reports, 12076
degree of consanguinity & kin level, social support & help, rural-transitional 65–96 yr olds, 3590
demographic & historical factors & current research in rural school psychology, 12891
demographic characteristics, migration expectancy, female vs male residents of rural areas, India, 976
description of services offered by rural community counseling center, conference presentation, 2025
development & implementation of Coordinated Ambulatory Rehabilitation Evaluation Services Project, multidisciplinary rehabilitation resources, multiply disabled children in rural settings, 28204
development of consultation & education practicum in rural community psychology training graduate program, 2210
differential psychopathological symptoms, determination of need for separate mental health programs for alcoholics, patients with alcoholism vs emotional disturbance in rural community mental health centers, 31021
differential services provided in urban vs rural areas, 20–49 yr olds with developmental disabilities or mental retardation & secondary diagnoses residing in community facilities, 30878
educational plans & career choices & curricular & lifestyle expectations, male vs female rural 8th graders, implications for school counseling, 23118
environmental evaluation & perception of rural construction town, wives of construction workers, 20916
epidemiology of headache, rural residents, Ecuador, 14898
ethical issues in rural mental health practice, practitioners, 20592
evaluation of client satisfaction & aftercare programs & needs assessments in rural community mental health centers, 20488
evaluation of Satellite Diagnostic Social Services Center model of rural social service delivery, 18197
facilitative-constraint model, prediction of frequency of marihuana use & classification of users & experimenters & nonusers, rural high school students, 11498
factors in selection of specialty & geographic distribution of practices, psychiatrists from nonmetropolitan vs small vs large metropolitan areas, 7535
family economics & relations with elite estate owners & dominant social institutions, agrarian poor families, 1750–1910, Mexico, 24319
family poverty & conflict between mothers- & daughters-in-law & mothers' work load & labor conditions & sex of child, milk supply & availability, rural Punjabi children under 2 yrs old, India, 27011
family size & rural vs nonrural environment, attitudes about value of children, 35–65 yr old mothers & their college age daughters, 17085
family type & caste & mother's & father's occupation & educational background, childrearing practices, mothers in urban vs rural environment, India, 11635
farmland ownership measured in terms of average acreage & percent of total farmland, male vs female vs joint male/female landowners, 1946–78, US, 6166
gender, amiability & hostility, residents of rural community network, 6328
grassroots advocacy for services, aged in rural communities, 15267
growth & decline patterns of small town settlement structure, 1900–30 vs 1930–40 vs 1940–60 vs 1960–80, US, 6175
identification themes & motivation underlying drawing of image of self, male vs female 9–12 yr olds from rural vs urban environments, 3499
increased use of information technologies, rural interaction patterns, implications for rural sociology research & policy change, 6176
individual characteristics &/vs opportunity structure &/vs Appalachian regional residence, conditions of employment & job characteristics & financial rewards, nonmetropolitan females 18 yrs & older, 7841
intergenerational transfer of farm land, 43–73 yr old parents & their 21–64 yr old offspring, 19713
isolation & folk medicine & language & interpersonal relationships & health care attitudes, health care delivery, Appalachians, 25365
isonymic method, evolution of inbreeding coefficient, rural consanguineous marriages, France, 1870–1979, 19716
job satisfaction, school psychologists practicing in rural area, 18451
learned helplessness perspective of community developmental program, survey of plantation employees, 23147
mathematical creativity & personality factors, 7th–8th graders from convent vs rural vs Sarswati Shishu Mandir schools, India, 24100
mental health & epidemiology of mental disorders & social support networks & availability & use of psychiatric care, rural residents, New Zealand, 15285
mental health components of disaster relief, rural community members, 28086
mental retardation or learning or other concomitant disabilities & educational needs, visually impaired Rocky Mountain/Great Plains residents from birth to 21 yrs old, 25863
model community mental health program, rural Canada, 25449

model for defining human-machine-environment relationship in environmental ergonomics, 7895
model for group social work practice, rural areas, 22694
needs assessment, rural economically disadvantaged elderly, 781
nonsupervision vs supervision by other vs mother in rural community, school adjustment & intrinsic vs extrinsic motivation in classroom & academic achievement & fear level, 5th & 7th graders, 19666
nutrition & lactation & fertility practices in rural communities, Mexico, 14301
occupational satisfaction & adjustment, 18–23 yr olds hired in city to work in rural area, Colombia, 28682
oral narratives, community development & positive attitudinal & behavioral responses, rural residents, Nigeria, 716
orientation of childrearing values toward obedience & conformity vs self direction & internal dynamics, low income rural White & Black mothers of 5th–6th grade children vs samples of urban middle & working class mothers, 14320
parent effectiveness training, parental childrearing attitudes & children's career maturity & GPA, rural parents & their kindergartners through 12th graders, 6-mo followup, 1016
partial order scalogram analysis of adjustive behavior, respondents living in rural vs urban Jewish settlements, Israel, 14281
participation in urban-rural deconcentration, Blacks, 1950–80, US, 26957
patient characteristics, infants vs children vs adolescents in urban vs rural medico-psycho-social centers, France, 30848
pediatric residency program in rural primary care, medical residents, 25655
peer tutoring, achievement outcomes, inner-city minority-group students at risk for special education referral & placement, 20720
perceptions of job satisfaction & stability & quality of professional life, rural vs urban school psychologists, 20654
perceptions of mental health manpower needs in nonmetropolitan vs intermediate vs metropolitan areas, psychiatrists, 25681
perceptions of personal injury suits, rural community, 1066
personality correlates of death anxiety, tribal vs rural vs urban male 14–18 yr olds, India, 29717
popular participation in rural development, India, 29771
postsecondary vocational adjustment, rural educable mentally retarded & specific learning disabled & emotionally disturbed 9th–12th graders, 4937
practice location preferences, 21–35 yr old medical students, 15476
prevalence of depression & relationship to sociodemographic variables, rural 65–105 yr olds, 3903
primary school readiness & adjustment, 6–11 yr olds from urban vs rural environments, 7660
problem solving & self appraisal, White vs urban vs rural Black college students, 23614
proposed government extension vocational services programs, rural adolescents living in Adalucia Region, Spain, 5037
rape awareness media campaign, knowledge of & attitudes about sexual assault, male vs female residents of rural areas, 1154
rapid population growth, fear of crime, adults in rural Western communities, US, 11579
recreation programs, elderly residents of rural communities, 30869
regional service delivery system models & funding issues, provision of school psychology services in rural areas, 12887
rural environments & attributes, delivery of comprehensive services & training & recruitments, school psychologists, 12907
rural vs urban population change, aggregate nonmetropolitan population change during 10-yr periods, 1950–80, US, 6181
salary, male vs female clinical social workers in rural vs urban community mental health centers, 10223
satisfaction with medical services, health care shopping behavior, rural consumers, implications for marketing, 1972
scientist-practitioner model, preservice training for service delivery in rural communities & school settings, school psychologists, 12897
self esteem & demographic characteristics, alcoholics in rural state, 1456
sex & age & urban vs rural residence, moral reasoning ability, 7th & 9th graders, 29564
shift of policy & funding responsibilities to state authorities, rural community-based mental health services, longitudinal study, 2032
social background variables & urban social contacts & knowledge & evaluations of alternative destinations & mobility plans, rural-urban mobility behavior, household members, Thailand, 29788
social disintegration & physical & interest passivity & opportunity to acquire drugs, legal &/vs illegal drug usage, adolescents, rural & semirural Norway, 24199
social support roles & church-based health programs, rural Black communities, 4608
sociocultural & psychosocial factors, somatization & expression of symptoms & attribution, male vs female rural patients treated by Spiritualist healer vs physician, Mexico, 3783
socioeconomic & demographic factors, nuclearization of joint families, members of rural village households, Bangladesh, 17075
status & community of reference, agricultural innovations, farmers, literature review & meta-analysis to test status innovation model developed by F. Cancian, 6178
strengths of rural settings in delivery of school psychology services, 12889
student ratings of psychology course content, agency preferences for educational background of entry level personnel, psychology students & urban vs rural human service agencies, 12856
symptomatology in rural vs urban areas, hospitalized patients with manic depressive psychosis, India, implications for prevalence rates, 24713
systolic vs diastolic blood pressure, adult residents of more traditional vs modern highland villages, Papua New Guinea, 23850
technologies & strategies in delivery of human & health care & educational services in rural areas, mentally & physically handicapped children & their parents, 12327
therapeutic community in rural setting, young drug addicts, 7483
training in community living model of psychiatric care, development of community support program, rural Wisconsin communities, 15271
trends in arrests for marihuana use in rural vs urban areas of North Carolina, 14–24 yr old offenders, 1976–80, 17178
urban vs rural environment & religious identification & commitment, stress-buffering properties of moderate alcohol use, White rural residents vs White & Black urban residents, 24453
urban vs rural environment during upbringing, self concept, 14–20.5 yr olds, Nigeria, 8882
urban vs rural environments, risk of multiple sclerosis, adult patients, West Germany, 27604
urban vs small town & rural environment, social development, 3–7 vs 7–11 vs 11–14 yr olds, 8813
use of informal vs formal support networks, rural poor 65–94 yr olds, 29739
utility of Diagnostic Interview Schedule for Children, identification & prevalence of attention deficit disorder, 9 yr old rural community residents & their parents, 24985
work in household & farming operation, farm children under 20 yrs old, 917

Saccadic Eye Movements [See Eye Movements]

Saccharin
affective & memory improving properties of lithium vs saccharin vs sucrose, conditioned place preference, male rats, 19515
concurrent presentation of phencyclidine & saccharin, reduction of drug intake, monkeys, 8526
electrical stimulation vs lesions of medial or lateral septal areas, preferences for sodium chloride saccharin vs acetic vs quinine solutions, male rats, 16505
glucose-saccharin solution consumption prior to testing, suppression of established schedule-induced drinking, water- vs food-deprived rats, 29206
paraventricular hypothalamic norepinephrine, unconditioned saccharin preference & conditioned taste preferences & quinine aversion, male rats, 16709
perception of sucrose vs sodium saccharin vs aspartame vs acesulfam-K vs calcium cyclamate/sodium saccharin blends in lemon-lime vs cola flavored beverages, 18–34 yr olds, 8158
prenatal exposure to nicotine, male gonadal axis & sexual dimorphism of saccharin preference, rats, 21546
pretraining access to saccharin vs distilled water vs saline & saccharin vs water with lithium chloride, conditioned taste aversion & neophobia, water deprived rats, 29192

role of mouth & gut, normal- vs sham-feeding response to saccharin & sugar solutions, female rats with gastric fistula, conference presentation, 21410
saccharin solution & ip saline vs lithium chloride, long term retention of conditioned aversion, rats, 19218
saccharin solution concentration, taste aversion learning, rats, 3076
saccharin solution followed by sucrose vs saccharin solution, contrast in consummatory behavior, rats, 13725
Sadism [See Also Sexual Sadism]
threat of Halloween sadism as social construction of urban legend, children, review of news stories from 1958–83, 24747
Sadness
emotions, memory & cognitive processes, implications for understanding clinical depression, comments on research by L. Hasher et al, 13663
happy vs sad moods induced by hypnotized recall of romantic success or failure, efficacy judgments, college students, implications for self efficacy theory, 9149
parental & self perception of sadness & types of depressive symptomatology, 1–6 yr olds, 6533
Sadomasochism [See Also Masochism, Sadism, Sexual Masochism, Sexual Sadism]
eroticization of projection identification, 40 yr old male with sadomasochistic fantasies & extramarital affairs & homosexual episodes, 4001
female prevalence & roles & preferences in sadomasochistic subculture, males & females, 20012
masochistic surrender & sadistic pleasure themes in & pathological structure of D. Mamet's play "Edmond", 29525
mongrel imagery & symbolism, sadomasochistic psychic inner life of character Leopold Bloom in J. Joyce's "Ulysses", 19551
psychological dynamics of sexually abusing behavior toward patients, psychotherapists & psychoanalysts, 10257
Sadomasochistic Personality [See Masochistic Personality]
Safety [See Also Air Traffic Control, Aviation Safety, Highway Safety, Occupational Safety]
age & level of causal reasoning & cognitive style, prediction of comprehension of safety & prevention, 3.2–8.9 yr olds, 26817
age & trust of neighbors, perceived safety from crime, rural community residents, 9115
attractiveness & perceived security of parking lots adjacent to commercial vs multifamily residential structures, college students, 23308
concept of decision making for acceptable risk factors in approval of nuclear water reactor, Great Britain, 2718
decision theory for modeling of perspectives in management of environmental hazard of radon release, 2721
efficacy & safety of ECT, geriatric patients, 25031
evaluations of residential neighborhoods & strengths of causes attributed to traffic accidents, perceptions of traffic accident risk to 2–10 yr olds, 18–54 yr old parents, Sweden, 7903
fire safety & self preservation & community residences, elderly & mentally retarded residents, 20478
forward-chaining conditioning, independent appropriate response to fire alarm, 30 yr old blind & profoundly retarded male, 4414
generalization training technique, exit from living unit during fire drill without panic, 26 yr old blind male with Down's syndrome, 25240
high population density & commercial development & building density, neighborhood satisfaction & safety, Chinatown residents aged 18 yrs & older, implications for development planning & policy, 20908
knowledge of & adherence to parents' perceptions of worrisome problems & rules for home safety, supervised vs unsupervised 8–10.6 yr olds, implications for child accident prevention & health & home security, 26932
mathematical model developed by S. R. Johnson, measurement of relative stability of farm tractor, 7891
model for facilitation of understanding & analysis & prediction of individual & organizational factors, safety in chemical industry, 2673
perception of dangers commonly involved in childhood accidents, 3–6 yr olds, 8661
perceptions of private security personnel, police officers, Canada, 28664
rationale vs no-rationale behavioral vs verbal practice, acquisition & maintenance of fire emergency skills, 2nd–4th graders, 28433
safety & cost effectiveness of low risk deliveries in hospital-based birthing center vs traditional medical center, newborns assessed at birth & 24 & 72 hrs, 10122
safety hierarchies & accident prevention research, 25943
safety issues & mental concentration & working hours & work environment, work problems & health & personal well-being, 21–65 yr old suburban train drivers, Australia, 28764
safety of orders for "medication as needed", psychiatric patients, 1909
seat belt promotion program emphasizing risk susceptibility, seat belt usage, employees of large corporation, 23157
variability of flight patterns of projectiles from toy guns, control of projectile's destination, children, implications for consumer safety, 20925
Safety Belts
assumed role of parent vs government minister, use of anecdotal vs statistical information in seat belt decision making, college students, 30050
community-based strategy for promotion of safety belt use, drivers from rural vs rural college communities, 15951
cost-effective incentive program, increasing safety belt use on campus, college students, 7779
demographic factors, observed vs parents' reported safety belt use, parents & their children, Canada, 5031
geographic & socioeconomic & demographic variation in voluntary seat belt use, drivers, 20835
health beliefs & demographic characteristics, use of automobile safety restraints for child & self, parents, 8967
prenatal intervention with negative &/or positive consequences approach, parental use of infant car restraints, 20–32 yr old mothers, 22476
rewards for parents, safety seat use, children, conference presentation, 22504
risk compensation theory & mandatory seat belt laws, 28659
safety effectiveness data, attitudes toward mandatory seat belt use laws, drivers, 29899
seat belt promotion program emphasizing risk susceptibility, seat belt usage, employees of large corporation, 23157
statistical issues for consideration in analysis of benefits of mandatory seat belt laws, 90
type of safety meeting, safety belt use, employees of pharmaceutical plant, 5-mo followup, 28656
Safety Devices [See Also Safety Belts]
attitudes toward child safety seats, parents of children under age 3 yrs, 5029
distributions of eye fixations, 18–26 yr old drivers, implications for optimal location for automobile brake lights, 18785
evaluation of conspicuity-enhancement techniques, pedestrians & bicyclists, 18691
noise exposure history & use of ear protection & audiogram configuration, detection of signals superimposed on background of industrial noise, 17–65 yr olds with normal hearing vs moderate vs severe noise-induced hearing loss, 24857
role in infant car restraint system promotion & prenatal car safety programs, perinatal caregivers, 31049
Salamanders
cyclic guanosine monophosphate, light sensitivity & electrical activity in retinal cones, larval tiger salamander, 13967
eye transplants & lesions of ventral optic pathway & midbrain/hindbrain junction & telencephalon, impact of visual system on skin camouflage reaction, salamanders, 13939
female availability, multiple courtship & displays & mating success, male red-spotted newts, 21277
light-dark cycle & temperature, circadian rhythms & sexual & feeding behavior, smooth newts, 8474
quantitative properties of electro-olfactogram for varied odor substances, tiger salamanders, 552
territorial defense of refuge & feeding sites from conspecific intruders in field & laboratory experiments, plethodontid salamanders, 26440
Salaries
age & education & tenure & salary & intrinsic vs extrinsic job characteristics, job satisfaction, public employees, 5111

change in salary & costs, judgment of economic satisfaction, college students, 15953
control over monetary resources &/vs personnel, job power & earnings, female vs male workers employed at least 20 hrs per wk, 31476
criteria for selection of teachers for merit pay, 18450
development of pay satisfaction questionnaire, measurement of satisfaction with pay level & benefits & raises & structure & administration, professional & managerial & technical employees, 20996
discussion of salary, impact on developmental aspects of performance appraisal, subordinates from multi-industry company, 25975
implementation of knowledge-based pay, 31483
individual & job-related attributes, hypothetical recommendations for sizes of salary increase, college students & employees & managers, 5062
individual vs group pay incentives vs hourly wages, work role centrality, industrial workers, 28793
information about sex ratio & salary & position availability, exploration & choice of & predicted occupational success, male vs female college students, 23172
job design vs satisfaction, relationship between financial incentives & labor performance, manufacturing employees, India, 31438
job rewards & SES & wages & IQ & age, job mobility, 14–24 yr old females, 6-yr longitudinal study, 7784
judgments of degree & direction of salary or test biases with different models of bias, faculty & graduate students, 20828
legal & economic aspects of comparable worth, 28713
marital & family status & personal attributes & job & family related factors, occupational mobility & earnings, married White females working part-time vs full-time, 7782
market wages surveys as measurement of job worth, implications for pay administration, 20892
observation of coworker receiving actual vs threatened reduction in pay as punishment, attitudes & behaviors, temporary clerical employees, 23279
occupational classifications & salaries, severely visually impaired adults, 17606
opinions on reading instruction changes in merit pay program, elementary school teachers vs principals vs central administrator, 18449
perceptions of fair allocations of salaries & taxes, college students, implications for theory of relative equity, 17233
perceptions of relevant standards of pay equity evaluation & scaling & norms, white- vs blue-collar industrial personnel, Israel, 20880
positive reinforcement & equitable salary evaluation process, college teachers, 25749
regression analysis, investigation of sex discrimination in salaries, criticism of L. W. Seberhagen's study, 28767
relational & distributional properties of collective justice sentiments in wage structures, blue-collar workers, 10576
role of reference groups inside vs outside of organization, job & pay satisfaction, workers vs managers in manufacturing firm, 31532
salary, male vs female clinical social workers in rural vs urban community mental health centers, 10223
self generated feedback & commissioned vs wage payment, productivity, machinists, implications for personnel management, 23216
SES & master's in business administration degree, starting & current salary, females vs males, 10625
social comparison preferences & pay evaluations, female vs male college students, 19822
use of tests as component of process to identify & provide merit raises to outstanding teachers in Master Teacher Program, US, 25906
valence of subordinates's performance & degree to which supervisor's monetary outcomes are dependent on subordinate's performance, performance feedback to subordinates, college students as supervisors or subordinates, 25988

Sales Personnel

attractiveness of alternative rewards, industrial sales people, 18705
attribution theory & expectancy model of sales-force motivation, implications for marketing, 18804
benefits of coaching sales representatives by field sales managers, 13214
communication style, success of sale, sporting goods salespeople & their customers, 10687
contingent reinforcement, job performance behaviors, salespersons, replication of study by F. Luthans & R. Paul & D. Baker, 23226
customer feedback, stocking of newspaper vendor boxes, circulation managers & delivery agents, 23318
development of corporate sales objectives & sales training program, sales management, 13229
economic utility estimates in selection process at assessment center, midlevel sales managers, 23203
explanations of product failure, buyers vs sellers or service providers, 23314
explanatory style, productivity & quitting, life insurance sales agents, test of reformulated learned helplessness model, 23196
job analysis & taxonomy of sales activities, industrial sales people, 31587
job dimensions & leadership characteristics, intrinsic-extrinsic work motivation & performance, life insurance sales personnel, 5123
negative stereotyped attitudes toward & of sales personnel, implications for training, 13175
path-goal leadership theory, leadership & role conflict & ambiguity & job satisfaction & anxiety, male salespeople, 26017
perception of similarity of informal roles defined by communication networks, employee turnover, fast food restaurant employees, 18770
perceptions of climate of marketing channel, satisfaction with channel cooperation, real estate franchise channel members, 23326
performance-contingent reward system, productivity & saving costs, small purchase buyers & sales clerks, 7804
personality traits & vocational interests, salespersons, India, 6382
personnel selection inventory as part of preemployment hiring procedures, passage of routine polygraph exams & shrinkage losses due to theft, retail drugstore employees, 3-yr study, 20847
predictive validity of patterned behavior description vs unstructured employment interviews, prediction of job performance of sales personnel, interviewers, 1-yr followup, 10592
quality of clerk-customer interaction & individual differences in sociability, customers, 26062
rater bias & task vs personal acquaintance, job performance evaluation & promotional differences, 1st-level sales supervisors & subordinates, 2-yr followup, 5067
retail sales training & organizational support, store performance, 13186
sales training programs tailored to company's sales cycle, 28702
self monitoring, job tenure & performance & role perceptions, insurance agents & retail sales associates, replication of experiment by D. F. Caldwell & C. A. O'Reilly, 31504
suggestions for successful sales training programs, trainers, 13184
supervisory behaviors, role clarity & self esteem & job satisfaction & motivation, salespersons of industrial products, 10607
training program to improve selling skills, blue collar beer sales force, 28710
validity of biographical inventory, prediction of occupational success, real estate salespersons, 2-yr followup, 18730

Salience (Stimulus) [See Stimulus Salience]

Saliva

chewing complex carbohydrate cereal for 20 vs 60 sec & stress vs relaxation, salivary amylase digestion of complex carbohydrates, college students, 29334
confounding effects of environment & diet, saliva thiocyanate values, ex-smokers, 12113
extraversion vs introversion, saliva secretion rate & composition, adults, 31266
plasma & salivary dexamethasone suppression test, patients with primary vs secondary depression, 3910
power stress from academic examination, salivary immunoglobulin & norepinephrine levels, college students, 575
presentation of erotic vs sexual vs aggressive vs stressful vs neutral motion pictures, saliva testosterone concentration, 19–24 yr old males, 5731
presentation of humorous videotape, salivary immunoglobulin A levels, college students, implications for role of positive emotional states in healing process, 5726

psychological stress, salivary protein & electrolyte & cortisol concentrations, females waiting for fine needle aspiration for diagnosis of breast tumor, 29306
salivary cortisol concentration & utility in dexamethasone suppression test, healthy male 25–45 yr olds, 19932
self reports of marihuana & cigarette smoking vs physiological measures of expired air carbon monoxide & saliva thiocyanate, 7th & 9th–12th graders, 11378
serum & salivary cortisol levels, 7–16 yr olds with depression vs other psychiatric disorders, 3820
Salivary Glands
bulimia & parotid enlargement, 34 yr old bulimic married female, implications for diagnosis, 14804
Salivation
alaproclate, tremor & salivation induced by oxotremorine vs arecoline vs physostigmine, male rats & mice, implications for Huntington's chorea & Alzheimer's disease, 14032
extraversion vs introversion, saliva secretion rate & composition, adults, 31266
Salmon
intra- & extratelencephalic efferent pathways from supracommissural ventral telencephalon, possible role in sexual behavior, salmon, 8412
Saltiness [See Taste Perception]
Sampling (Experimental) [See Also Biased Sampling, Random Sampling]
adaptation of portable cassette tape player for interval time-sample recording, 8010
area probability sampling vs sampling extra dwelling units, selection of national samples of Blacks as part of 1982 General Social Survey, 26170
control of type I & type II errors in statistical hypothesis testing & sample size, 10867
effects of sampling error & model characteristics, evaluation of normalized residual index vs root mean square residual measurements of goodness-of-fit, marketing applications, 8120
estimation of tau & lambda & kappa statistics with small sample sizes, 29028
incorrect sample size under radical with a posteriori testing in factorial ANOVA, 23513
interval length & sampling pattern, momentary time sampling & measurement error, moderately vs severely vs profoundly mentally retarded adults in institutional settings, 26154
lack of reporting of & awareness of limitations on generalizability from use of sampling procedures, empirical research on widowhood cited in Psychological Abstracts & Sociological Abstracts, 1973–83, 20963
sampling error & model characteristics, parameter estimation for maximum likelihood confirmatory factor analysis, 179
sampling strategy to obtain bereaved respondents for study of loss & coping responses following eruption of Mt. St. Helens, 23381
selection of sample size & type I vs type II errors in statistical inference, comments on article by P. Koele, 10862
Sanatoriums
diagnosis & drug treatment in sanatorium, patients with psychoses & neuroses, Czechoslovakia, 7262
Sarcomas [See Neoplasms]
SAT [See Coll Ent Exam Bd Scholastic Apt Test]
Satiation
appetite & satiety responses, anorexia nervosa patients, conference presentation, 24959
cholecystokinin & ceruletide, satiation & food intake & appetite, lean vs obese humans, conference presentation, 19503
cholecystokinin, frequency & appearance of satiety behaviors, obese 10 wk old mice, conference presentation, 19506
cholecystokinin vs bombesin vs caerulein, serum pancreatic polypeptide induced satiety, vagotomized male rats, 21465
cholecystokinin-8 vs bombesin vs insulin vs toxin, diet self selection & taste aversions & feeding satiety, male rats, conference presentation, 21614
CNS control of food intake, birds, literature review, 13795
conditioned preferences & aversions in nutrient self selection & hunger or thirst & satiation, animals, 13717
exogenous cholecystokinin, satiation, implications for treatment of bulimia & obesity, conference presentation, 19500
feeding to satiety, nucleus tractus solitarius neural activity & behavioral responsiveness to glucose or fruit juice or sodium chloride or quinine, male monkeys, 23840
food deprivation, content of cholecystokinin/gastrin & met-enkephalin immunoreactivity in specific brain sites as indicator for role in hunger/satiation, male sheep, 26579
food deprivation followed by single meal, play behavior, juvenile rats, implications for screening putative satiety agents' reversal of deprivation-induced play reduction, 21414
food deprivation vs satiation, performance maintained by oral phencyclidine under second-order vs tandem vs FI schedules, monkeys, 630
food restriction vs satiation, ethanol consumption, male rats, test of caloric hypothesis of ethanol consumption, 601
icv & ip & central administration of growth hormone releasing factor, satiety, male rats, 13997
icv vs ip administration of ceruletide vs cholecystokinin, satiety through ventromedial hypothalamus vs abdomen, rats, 690
meal size & intermeal interval relationships & consumption of carbohydrates & fat & protein, eating patterns & satisfaction of hunger, college students, 21335
multiple sensory vs edible reinforcers, resistance to satiation during learned visual discrimination task, male autistic 5–6 yr olds, 7146
number of repetitions of relevant vs irrelevant & phonetically related vs irrelevant cues, problem solving, female vs male 8–12.4 yr olds, 19584
oropharyngeal stimulation, cholecystokinin-induced satiety during sham feeding, male rats, 23885
physiological processes, satiety signals & conditioned food aversions & termination of meal, humans, implications for treatment of intake-related disorders, 13847
proglumide vs saline with vs without food preload, food intake, normal vs vagotomized rats, conference presentation, 19498
reinforcement schedule & satiation vs extinction, elimination of conditioned behavior, rats, 5538
role of brain-gut neuropeptides, ethanol satiation & appetite, rats & hamsters, literature review, implications for alcohol rehabilitation, 14011
signaled reward in DRL vs DRH schedules, response rate & efficiency & resistance to satiation, rats, 13752
signals of satiety & control of food intake, rats, conference presentation, 21347
slow infusion of nutrients into stomach vs duodenum vs jejunum, inhibition of food intake, rats, 3185
taste perception & satiety & palatability of newly introduced foods, Ethiopian refugees, nutritional implications for refugee camp inhabitants, 21405
taste responsiveness & satiation to varying concentrations of glucose, obese vs lean female rats, implications for glucoreceptor defect in obesity, 8436
vagotomy, body weight & feeding activity & food passage & digestibility & satiety effects of bombesin & cholecystokinin octapeptides, female domestic fowls, 3265
Satisfaction [See Also Job Satisfaction, Life Satisfaction, Need Satisfaction]
age & role salience, prediction of value satisfaction in career decision making, male vs female 17–81 yr old college students, implications for career counseling, 23169
assessment of satisfaction with obstetric care after giving birth, human females, 25367
behavior therapy, satisfaction, 21–31 yr old nonmarried cohabitating couples, 17998
change in salary & costs, judgment of economic satisfaction, college students, 15953
classroom environment, student satisfaction, college & graduate students, India, 2477
compatible vs incompatible relationships & athletic performance & satisfaction, female college athletes & their coaches, 13032
determinant factors of community satisfaction, town residents, 24531
development & administration of opinion survey, satisfaction with hospital care, patients, 70
dimensionality & factor satisfaction in Body Cathexis Scale, male vs female college students, 19866
dissatisfaction in loose monopolies, responses, adult consumers of physician care, 7908

dissatisfaction with romantic involvement, determinants & consequences of exit & voice & neglect responses, 20–65 yr olds, 14441
emotional &/vs sexual extramarital involvement, marital satisfaction, 21–63 yr old males vs females, implications for sex roles, 19763
employment vs unemployment, self concept & values & affective reaction, job need & expectancy & locus of control & causal attributions, 15–18 yr old school leavers, 2-yr longitudinal study, Australia, 31402
environmental factors, satisfaction with dwellings, urban residents & students living in hostels, Czechoslovakia, conference presentation, 5142
expectations of satisfaction for planned pleasant events, depressed vs nondepressed adult education students vs psychology graduate students, 30211
factors underlying satisfaction with graduate education, part- vs full-time graduate students of education, 25849
friendships & social support systems & methods of meeting people, satisfaction with single life, unmarried adults, Canada, 9122
goldfish aquariums as therapeutic hobby, diastolic blood pressure & leisure satisfaction & relaxation states, 57–94 yr old noninstitutionalized elderly residents in subsidized housing complex, 9672
gratification/expectancy-value models, prediction of satisfaction with TV news, college students, 29502
group process & task accomplishment, group member satisfaction, graduate students, 11726
hard vs soft outcomes & patient vs doctor satisfaction in obstetric care, conference presentation, 25372
high- & low-inference level of instructional clarity, student achievement & satisfaction, preservice teachers, 7635
husbands' job involvement & satisfaction & perception of organizational climate, wives' marital satisfaction, couples with children, 3579
importance of & satisfaction with nearly natural environment, residents of multiple-family housing, 16041
importance of membership in & acceptance by group, personality congruence & satisfaction with & functioning in environment, 16–70 yr olds in occupational & educational groups, 18774
incorporation of preferences in therapeutic decision making, satisfaction & service utilization, physicians & their patients, 15256
individualized vs structured curricula, academic performance & satisfaction, college students, 5–12 yr followup, 7594
love & liking for partner & satisfaction & commitment & personal attitudes & values, sexually open vs closed relationships, 21–70 yr old male homosexual couples, 24416
marital satisfaction across family life cycle, 18–59 yr old married females, 17089
marital therapy, sexual satisfaction, spouses whose primary complaint was not sexual, 17905
missing information, satisfaction ratings for purchase, college students, 7916
mother-child interaction & mother role satisfaction & child temperament, employed vs unemployed mothers & their children, 29-yr longitudinal study, 8994
motivation & satisfaction in conservation, recycling of household solid wastes, respondents, 31553
officer communication style, citizen satisfaction with telephone interaction, police officers & citizens, 13161
perceptions of climate of marketing channel, satisfaction with channel cooperation, real estate franchise channel members, 23326
positive vs negative child vs spouse behavior vs daily activities, satisfaction & mother child relations, 23–43 yr old mothers of 46–79 mo olds with physical aggressiveness & noncompliance & temper tantrums, 29826
prestige associated with own & husband's occupation, marital satisfaction, 55–85 yr old employed vs retired wives of employed vs retired husbands, 17061
satisfaction with body & body image, male vs female survey respondents, 27171
satisfaction with campus life & facilities, college students, 4918
satisfaction with medical services, health care shopping behavior, rural consumers, implications for marketing, 1972
self esteem & performance satisfaction, causal internalization of academic performance, college students, 25806
sequence of teaching strategic management paradigm vs case analysis, student satisfaction & performance, college students in business policy course, 2394
sex role self concept & attitudes, marital satisfaction & personal adjustment, dual-worker couples with preschool children, 3584
sexual satisfaction & marital happiness, 21–64 yr old bisexual & heterosexual males in open marriages, 24423
structure of community satisfaction, Great Britain vs US, 3556
support network characteristics & satisfaction & perceptions, 30–61 yr old nontraditional female students, 14478
things left unsaid, group satisfaction, graduate students, implications for group psychotherapy, 29973
Type A vs Type B behavior patterns of female partner, perception of quality of & satisfaction with & love in dating relationships, heterosexual couples, 27149
vacation satisfaction, adult vacationers, 11819
validity of Kansas Parental Satisfaction Scale, married mothers & fathers, 28968
work- vs nonwork-based or family source of social support & gender, depression & anxiety & job & life satisfaction & somatic complaints, male vs female police & electrical contracting & construction employees, 31510
yrs together as stages of relationship development, relationship quality, childless heterosexual married vs cohabitating couples vs gay vs lesbian monogamous couples, 24304

Saudi Arabia
achievement motivation & fear of success, female college students, Kuwait vs US, 9181
age & cultural differences, comprehension & interpretation of anxiety-causing situations, male vs female adolescents, Sweden vs Yemen vs Hungary, 3706
cultural factors vs religious affinity, schizophrenic symptomatology, 16–60 yr old psychiatric patients, Pakistan vs Saudi Arabia vs UK, implications for psychodiagnosis in developing countries, 19884
depressive symptomatology, Saudi vs American expatriate psychiatric outpatients, Saudi Arabia, 24733
multisituational inventory, behavior control & predictive control & intensity of reaction & frequency of occurrence, 17 yr olds, Hungary vs Italy vs Yemen, 21796
training programs, school psychologists, Saudi Arabia, 22892
voice onset time & vowel duration in identification of object or action pictures, acquisition of voicing contrast for English stop consonants, Arabic speaking 2–5 vs 7–11 yr olds with 2–12 vs 18–54 mo of English experience, 19593

Scaling (Testing)
characterization of real relational structures of scale type, 16191
cognitive developmental stages & use of ordinal scales, 2850
construction of economic locus of control scale, Ss aged 18 yrs & older, implications for organizational behavior, 13417
cross-validation of Back Pain Classification Scale, chronic low back pain & headache patients, 18982
development & evaluation of Attitudes Toward Women Scale, adolescents, 26211
development of family-of-origin scale as adjunct to family therapy, measurement of perceived family mental health, 16142
development of Rasch-type loneliness scale, employed & disabled & jobless adults, 10792
development of 3 scaled adjective lists congruent with C. E. Osgood's 3 dimensions of meaning, applications to measurement of occupational interests, 28955
dual scaling, analysis of measurement-level assumptions & categorical data in advertising copytest, marketing researchers, 5235
eigenvalue method vs geometric mean procedure, ratio scaling of Monte Carlo simulations for direct estimation & constant sum response methods, 26259
evaluation by touch with vs without sight, tactile attributions of textiles, college students enrolled in textile courses, 8155
exponent of S. Stevens & E. H. Galanter, psychophysical scaling of variations in functions relating physical & psychological distance, 8046
factor structure & analysis of Standard Language Test of Aphasia scale, aphasics, 16151
factor structure of deterrents to participation scale, assessment of factors in participation in organized adult education, 18–76 yr olds, 13130

finding common configuration & weights in individual scaling, 10886
generation or construing of subjective quantities in psychophysics & scaling, 8044
index for each column of factor matrix, measurement of goodness of fit for predetermined scale-defining items, 13484
item analysis with ELECTRE algorithm, establishment of validity in test scale, 23401
item sampling & selection & analysis methods in development of unipolar 20-item helplessness scale, 18927
memory for time of news events occurring 6 mo to 20 yrs prior to study, 22–67 yr olds, implications for time scale effects, 19131
models for representation of similarity data during past 25 yrs, 18915
mood state inventory scales, measurement of tension & depression & fatigue & confusion & vigor, college students with high vs low communication apprehension, 18930
negatively keyed items in personality & attitude scale construction, careless responses & problems in factor & cluster analysis of data, 16173
Nowicki-Strickland Locus of Control Scale for Adults & religiosity, college students, 20741
range of response categories in closed-answer format, behavioral reports & judgments regarding TV usage, adults, 26242
rauding rescaling method, measurement of absolute units of reading comprehension, college students, 10518
reliability of revised form of Tennessee Self-Concept Scale, deaf & hard of hearing 12–21 yr olds, 18950
scale measurement of predictability & dependability & faith factors of trust in marital & close relationships, married persons & couples, 27013
scale types in measurement of concatenation & conjoint structures, 16110
scaling & normalizing empirical performance operating characteristics, criticism of studies by C. D. Wickens & S. J. Mountford & R. A. North, 18784
scaling & normalizing empirical performance operating characteristics, reply to B. H. Kantowitz & M. Weldon's criticism, 18787
scaling model for direct estimation of mood change, male college students, 16209
selling orientation/customer orientation scale, assessment of salespeople's perceptions of buyer-seller interactions, purchasing professionals, 8093
statistical analysis for application of scaling models to data from several groups, 19003
statistical model for interpretation of psychological scaling research, 19025
survey form of revised Vineland Adaptive Behavior Scales, reply to comments of T. Oakland & S. Houchins, 26174
tape dispensing device for ratio vs Likert-type scales, measurement of anxiety in close encounter with stranger, male college students, 10868
use of psychological scaling techniques, estimation of human error probabilities, personnel implications, 13379
use of psychological scaling techniques, estimation of human error probabilities, implications for use in nuclear power plant, 13380
use of Rasch scales in measurement of work satisfaction & climate & stresses, employees, 10799
validation by factor analysis of quality of life scale, elderly, France vs England, 26218
validity & reliability of Combat Exposure Scale & Posttraumatic Stress Disorder Scale, male Vietnam combat veterans, 20993
validity of W. D. Well's vs C. Leavitt's commercial profit scales, prediction of responses to advertisements, target audience, 8119
Scalp Disorders [See Skin Disorders]
Scandinavia [See Also Denmark, Norway, Sweden]
folk high schools, integration & education in humanity & citizenship, 17–22 yr old disabled residential students, Sweden & Norway & Denmark & Finland, 13084
role as expert witness in child custody & divorce cases, psychologists, Scandinavia, 14372
Scent Marking (Animal) [See Animal Scent Marking]
Schedules (Reinforcement) [See Reinforcement Schedules]
Scheduling (Work) [See Work Scheduling]

Schizoid Personality
biological markers, patients with schizotypal personality disorder, 30220
coexistent schizotypal personality & obsessive compulsive disorder, prognosis, treatment-resistant patients, 24653
family history & subsequent schizoid personality & diagnosis validity & symptoms, 5–14 yr old males with schizoid personality, 10-yr followup, 1402
family relationship as primary validating criterion for DSM-III definition of schizotypal personality disorder, 30131
family vs clinical influence on origin of DSM-III concept of schizotypal personality disorder, 30160
frequency of schizotypal symptoms, patients with borderline personality disorder, 17343
genetic relationship between schizotypal personality disorder & schizophrenia, 30231
hearing & premorbid paranoid or schizoid personality, patients with paranoid states vs unipolar depression vs schizophrenia, 12022
historical basis for DSM-III distinction between schizoid & avoidant personality disorders, 9294
internal consistency & descriptive validity of DSM-III criteria, borderline & schizotypal personality disorders, inpatients, 17438
issues of self alienation & neuroticism & schizoid problem in work of K. Horney vs H. Guntrip, 5196
long term outcome, patients with schizotypal &/vs borderline personality disorder &/vs schizophrenia, followup studies, 30186
metacontrast & paracontrast procedure, visual information processing & transfer, hypothetically schizotypic college students, 17387
minimal age differences between siblings, risk of schizoid disorders, neurotic patients, support for hypothesis of neglect in development of schizoid disorders, 9291
psychotherapy, female & male 25 & 26 & 31 yr olds with schizotypal personality disorder, 30605
risk for psychiatric disorders, 1st degree relatives of college students & hospital employee probands with schizotypal vs personality vs borderline personality disorder, 1257
schizotypal personality disorder as operational definition of M. Bleuler's latent schizophrenia, 30162
thiothixene, 18–55 yr olds with borderline vs schizotypal personality disorder, 30730
treatment failure, patients with concomitant obsessive compulsive & schizotypal personality disorders, 22366
views about etiology of borderline or schizotypal personality disorder & burden of family members' illness, patients & their families, 14655
2-7-8 MMPI code type & visual information processing, schizotaxia, college students, 24687
Schizophrenia [See Also Acute Schizophrenia, Catatonic Schizophrenia, Childhood Schizophrenia, Chronic Schizophrenia, Hebephrenic Schizophrenia, Paranoid Schizophrenia, Pseudopsychopathic Schizophrenia, Simple Schizophrenia, Undifferentiated Schizophrenia]
ability to interpret proverbs as method of studying speech & thought disturbance, schizophrenic patients, 9261
abnormal EEG waveforms & NREM sleep, schizophrenic 26–31 yr olds, 6520
abnormal NREM sleep, depressed 23–57 yr old males, comments on study by J. F. Hiatt et al on sleep spindles in schizophrenic patients, 6515
abnormalities apparent in dexamethasone suppression test, 18–71 yr old patients with schizo-affective depression, 6535
acousmatic hallucinosis vs hallucinatory-delirious syndrome with predominance of acousma, schizophrenic patients, 3864
Adlerian family therapy, childrearing attitudes & practices & child's behavior, families with 24–61 yr old fathers/husbands diagnosed schizophrenic vs depressed, 12432
adult ventricle size & perinatal complications & birth weight, 28–37 yr old schizophrenics & borderlines, longitudinal study, 1378
age & illness duration & number of hospitalizations & degree of pharmacoresistance & duration of acute episode, outcome of clozapine treatment, schizophrenic 16–57 yr olds, conference presentation, 15167
aging, schizophrenia, psychiatric patients, long term followup, conference presentation, 27284

alpha-adrenergic receptor function in platelets & prostaglandin-stimulated cyclic adenosine monophosphate production, schizophrenic 19–65 yr olds, 30156
altered consciousness & EEG dysfunction induced by valproate/neuroleptic treatment, 38–64 yr olds with schizoaffective disorder, 28003
alternative explanation for finding of high rates of psychopathology, mates of schizophrenic females, comments on finding by J. Parnas, 30219
amoxapine vs standard neuroleptics, serum neuroleptic level & activity & extrapyramidal side effects, 32–53 yr old patients with affective disorder or schizophrenia, 25289
amphetamine challenge to fluphenazine discontinuation study, relapse risk, 21–51 yr old schizophrenic outpatients, 12540
analysis of traces of insight in delusions during psychotherapy, 30 yr old chronic schizophrenic female, 25127
antipsychotic activity & maintenance dosage & side effects of haloperidol decanoate vs pipothiazine, 19–50 yr old male schizophrenic outpatients, 18033
antipsychotic drugs, prevention of relapse, schizophrenic patients, conference presentation, 30717
application of K. Schneider's 1st-rank symptoms, diagnosis of schizophrenia, patients at university neurology clinic, 9298
artwork as psychopathological expression, psychiatric & schizophrenic patients, Italy, 6477
assessment of cognitive state using mini-mental state scores, 35–46 yr old hospitalized patients with syndrome of self induced water intoxication & schizophrenia, 1397
assessment of hospital genetic counseling clinic, couples with schizophrenic relatives at risk for having schizophrenic children, 22733
assortative mating, mates of schizophrenic mothers, Denmark, 14647
attention, somatosensory EPs, college students with high physical anhedonia vs high perceptual aberration vs schizophrenic people, 11945
attentional & information processing deficits & positive vs negative symptoms, schizophrenic patients, 17324
attributions of behavior of schizophrenic patients, 20–58 yr old hospital vs alternative-care staff, 12869
auditory distractors, ability to identify target syllable, hospitalized schizophrenic patients, 9258
auditory signal detection, reality testing, hallucinating vs nonhallucinating schizophrenic patients, 24614
auditory thresholds, schizophrenic vs normal adults, 27375
autonomic responsivity assessed by GSR, children of schizophrenic patients, Israel, 3866
basal ganglia & limbic system pathology, postmortem brains of schizophrenic Ss with mean age of 41 yrs at death, 6479
behavioral family intervention, prevention of relapse & management of schizophrenia, 25170
behavioral-tailoring vs psychoeducational intervention, neuroleptic medication compliance, 24.3–64.3 yr old male chronic schizophrenic outpatients, 4472
binding of radioactive dopamine antagonist spiperone to lymphocytes, acute unmedicated schizophrenic patients vs healthy vs psychiatric controls, 17317
biochemical hypothesis, etiology of schizophrenia, 9283
biochemical pathogenesis of schizophrenia & its symptomatology, 9329
biochemical theory of etiology & current approaches to psychodiagnosis & treatment, schizophrenic patients, 27262
biological antagonism between epilepsy & psychosis, 3801
biological aspects of schizophrenia, literature review, 30226
blood platelet serotonin concentration, patients with dissociation vs paranoid/manic depressive schizophrenia, conference presentation, 6482
body image, normal vs schizophrenic female college students, 1319
boundary disturbances, 15–33 yr old depressed vs borderline vs schizophrenic hospitalized patients, 3957
boundary properties of self & other representations in role portrayals, paranoid vs intermediate vs nonparanoid schizophrenic inpatients, 11944
brain abnormalities found through computerized axial tomography & response to neuroleptic medication, schizophrenic patients, 15122
brain organization & cerebral lateralization, syndromes of psychopathology, literature review, 17283
brain stem auditory evoked potentials, schizophrenic patients, 30101
bromocriptine, neuroleptic drug-induced tardive dystonia, 27 yr old male with schizoaffective psychosis, case report, 30751
bromperidol, schizophrenia, 14–67 yr old patients, 4516
cancellation of general assistance benefits, schizophrenic male who received benefits for 20 yrs, case law, 27056
carbamazepine, mania, patients with manic depression or schizoaffective psychosis, conference presentation, 7159
carbamazepine, patients with bipolar affective vs schizoaffective disorder, 22528
carpipramine, psychomotor inhibition & depression, 20–40 yr olds with schizodepressive psychosis or defective schizophrenia, conference presentation, 7199
catecholamine high affinity binding sites in blood cells, medicated vs unmedicated schizophrenic patients, 17298
central regulations of visual sensory input, schizophrenic individuals, 6610
cerebral ventricular enlargement assessed by computerized tomography, male patients with schizophrenia, 34–46 mo followup, 22096
cerebral ventricular size & its clinical significance, adult patients with schizophrenia or schizoaffective disorder of 2–20 yrs duration, 4215
ceruletide, schizophrenic patients with residual symptoms following stabilization with neuroleptics, 30754
ceruletide, symptoms, 29–30 yr old neuroleptic-resistant schizophrenic patients, conference presentation, 20390
challenge to history of medical model & diagnosis & treatment of schizophrenia, 30241
changes in parameters of calmodulin-stimulated erythrocyte ghost calcium adenosine triphosphatase, patients with mania or unipolar or bipolar depression or schizophrenia, 24664
changes in utilization during transition to community mental health care, schizophrenic patients, West Germany, conference presentation, 28087
characteristics & treatment with neuroleptics, patients with postpartum catatonic-oneiroid episodes of schizophrenia, 20395
childhood & adolescence, schizophrenic female, 6495
chlorpromazine & haloperidol, subjective responses early in course of therapy, schizophrenic patients, implications for short term outcome, 15146
chlorpromazine, quality of sexual activity, schizophrenic females, conference presentation, 15179
cholecystokinin binding in hippocampus & frontal cortex & amygdala & temporal cortex & caudate nucleus postmortem membrane preparations, deceased schizophrenic patients, 17335
cholecystokinin immunoreactivity in CSF, patients with Parkinson's disease & unipolar & bipolar depression & schizophrenia, implications for dopamine theory of schizophrenia, 14566
cholecystokinin levels in limbic lobe, deceased schizophrenic patients, conference presentation, 19916
chronic delusions of homosexual lover, 27 yr old schizophrenic male, 24694
class mobility & SES, schizophrenic vs high- vs low-risk nonschizophrenic 20–30 yr olds, 10-yr followup, support for class drift hypothesis, 6601
classification & naming of facial emotions, schizophrenic patients, 3880
clinical & demographic correlates to neuroleptic response, schizophrenic patients, 15188
clinical & historical & neuropsychological correlates of cerebral ventricular enlargement, schizophrenic 16–37 yr olds, 30157
clinical characteristics & prognosis, 16–55 yr old schizophrenic patients with vs without obsessive compulsive symptoms, 2–32 yr followup, conference presentation, 22403
clinical characteristics of late onset schizophrenia, female vs male schizophrenic patients first hospitalized at age 50 or older, West Germany, 19957
clinical features & cross cultural differences in manifestations, schizoaffective psychosis, patients, Germany vs Japan, 17397
clinical features & etiology & differentiation of childhood vs adult onset schizophrenia vs autism, children, literature review, 30093

clinical interview procedures, assessment of etiological factors, children at risk for schizophrenia reared in nuclear families vs kibbutzim, Israel, 5-yr followup, 3898
clinical observations, children at risk for schizophrenia, Israel, 3897
clinical presentation of flat affect & neuropsychological factors, chronic schizophrenic patients, 17384
cognitive deficits, communication impairments, hospitalized schizophrenic vs manic vs schizoaffective patients, 9312
cognitive disorders & double-bind interactions in etiological & transactional familial theories of schizophrenia, 30121
cognitive disorders, patients with schizophrenia or affective psychosis, 6576
cognitive distortion associated with Depression vs Psychasthenia vs Schizophrenia vs Hypochondriasis vs Hysteria MMPI scales, depressed low back pain patients, 30463
cognitive dysfunction, schizophrenia, 6518
cognitive functions, schizophrenic inpatients, 27266
cognitive performance & social adjustment, children at risk for schizophrenia, Israel, 3935
cognitive performance, medicated schizophrenic patients with tardive dyskinesia, 18043
cognitive processes in schizophrenia, relevance to symptomatology, literature review, 9244
cognitive science & neuroscience & model of information processing, schizophrenic thought processes, application of brain EP, conference presentation, 30198
combination alprazolam & neuroleptics, positive & negative symptoms, 30 & 44 yr old males with schizophrenia, 15209
combination mesoridazine & amantadine therapy, 19–38 yr old long term schizophrenic inpatients, 18090
community aftercare following hospital discharge, schizophrenic symptoms & well-being, schizophrenic 10–40 yr old patients, Canada vs US, 4603
computerized axial tomography abnormalities as markers of schizophrenia subtypes, literature review, 14600
concepts & research design & screening criteria for study on assessment & reduction of psychiatric disability, schizophrenic patients, implications for future use of results from Burgholzli study, 9266
conceptual & methodological problems of negative symptoms of schizophrenia, 17423
construction of M Test, measurement of malingering, college students vs schizophrenic patients, 10784
Contemnol, patients with manic & unipolar depression & schizoaffective disorders, conference presentation, 7185
content analysis of speech, Danish schizophrenic adoptees & their biological vs adoptive relatives, 22066
contingent negative variation & cognitive EP correlates of schizophrenia, literature review, 27353
contingent negative variation, disorganized schizophrenic vs paranoid schizophrenic 18–28 yr olds, 5-yr longitudinal study, 1362
controversy over existence of schizophrenia simplex concept, 3861
course & prognostic importance of positive vs negative symptoms, formerly hospitalized schizophrenic patients, 2.5–5 yr longitudinal study, 17402
course of illness, schizophrenics seen in public health service, 2–10 yr longitudinal study, 3862
critical evaluation of positive vs negative symptoms of schizophrenia, 17301
critical stimulus duration as state marker for schizophrenia, response to conclusion by K. H. Nuechterlein & M. E. Dawson, 17388
critical treatment issues, suicidal schizophrenic patients, 12367
critique of usefulness of expressed emotion concept from systemic orientation, etiology & treatment & family therapy, schizophrenic patients & their families, literature review, 19984
CSF homovanillic acid & 5-hydroxyindoleacetic acid levels, observable symptomatology & family history, drug-free 20–41 yr old schizophrenic patients, 9293
cultural factors vs religious affinity, schizophrenic symptomatology, 16–60 yr old psychiatric patients, Pakistan vs Saudi Arabia vs UK, implications for psychodiagnosis in developing countries, 19884
culturo-political & economic factors in prevalence & course & outcome of schizophrenia, industrialized vs Third World countries, 27384
cytotoxic activity of blood serum, schizophrenic patients, 19940
dantrolene sodium followed by fluphenazine, neuroleptic malignant syndrome resulting from fluphenazine treatment, schizophrenic 19 yr old male, case report, 30747
declining incidence of schizophrenia, comments on findings of J. M. Eagles & L. J. Whalley, 14625
defective interhemispheric integration, Schneiderian delusions in schizophrenia, 11983
deficits in affective contact & relation comprehension as phenomena of interpersonal relations, early childhood autism & schizophrenia, therapeutic implications, 6560
delta sleep inducing peptide levels in CSF, male vs female hospitalized schizophrenic vs depressed vs healthy 18–70 yr olds, 6550
delusion of reincarnation, 36 yr old female with schizophrenia, 17420
demographic characteristics & employment history & independent living & drug use, 18–30 yr olds with schizophrenic disorders treated in community, 15303
demographic profile & duration of hospitalization & treatment outcomes, patients with schizophrenia or cyclothymic psychosis or neurosis or other disorders, 1961–78, Japan, 11982
design & methodology of etiological investigation, kibbutz- vs town-reared children at risk for schizophrenia, Israel, 15-yr longitudinal study, 2828
desimipramine, beta endorphin & lipotropin plasma levels, 36 & 58 yr old schizoaffective patients, 7179
development & personal control over illness & treatment noncompliance & institutionalization, personal account of schizophrenic female, 17316
development of acute pancreatitis after overdose with amoxapine & procyclidine, 26 yr old female with schizoaffective disorder, case report, 27588
development of Comprehensive Object Relations Profile, measurement of object relations concepts & differential diagnosis, schizophrenic vs borderline vs neurotic Ss, 23418
development of forced-choice questionnaire, measurement of schizophrenia, adult patients, 16119
development of positive vs negative symptoms construct & 2-syndrome concept of schizophrenia, 17327
development of schizophrenia after initial diagnosis of infantile autism, 8 & 12 & 17 yr old males, 30200
developmental cognitive tests of conceptual strategies & attention span & psychomotor pace, differentiation of intellectual subnormality vs abnormality, mentally retarded vs mentally deficient nonretarded schizophrenic patients, 30322
dexamethasone suppression as potential distinguishing factor, 22–40 yr old male schizophrenics, 27290
dexamethasone suppression test, thyroid stimulating hormone response to thyroid releasing hormone, patients with schizoaffective disorder of depressed vs manic type vs schizophrenia vs endogenous depression, 6594
dexamethasone suppression tests during stress vs nonstress conditions, cortisol levels & nonsuppression rates, 18–73 yr old hospitalized patients with schizophrenia vs depression vs psychiatric staff physicians, conference presentation, 30091
dextroamphetamine with vs without lithium pretreatment, activation euphoria & dextroamphetamine-induced psychosis, schizophrenic 18–53 yr olds, 22598
diagnoses of mania vs schizophrenia, identical twin brothers, 24624
diagnoses of schizophrenia using 1st vs 2nd rank symptoms, hospitalized patients, 6556
diagnosis & treatment of various forms of negative symptoms of schizophrenia, 17709
diagnosis of catatonia in schizophrenia & bipolar disorder, DSM III implications, 11995
diagnosis of schizophrenia of schizoaffective type during psychiatric hospital admissions, Denmark, 1970–78, 7425
diagnosis of secondary depression, major depressive vs nondepressed vs dysthymic schizophrenic vs major depressive patients, conference presentation, 30092
diagnosis of typical vs atypical schizophrenia, male vs female relatives of patients with typical & atypical schizophrenia, long term followup, 9296
diagnosis, outcome, male vs female schizophrenic vs depressive vs manic vs surgical patients, 9295

diagnostic distribution of occupational disability welfare applications, patients referred for psychiatric evaluation with schizophrenia vs mania vs depression vs undiagnosed psychosis, 14628
diagnostic patterns before & during & after acceptance of lithium as therapeutic modality, schizophrenia & affective psychosis, 1967–77, Australia, 9318
differences in individual outpatient vs inpatient psychoanalytic psychotherapy, implications for treatment of schizophrenia, 10062
differential diagnosis of mental illness of late D. P. Schreber, comments on diagnosis made by A. A. Lipton, 3860
differential psychological & neurological processes in etiology of schizophrenia vs psychosomatic disorders, literature review, 6428
difficulties in neuroleptic treatment, schizophrenic patients, 4541
dihydropteridine reductase activity & phenylethylamine, 22–61 yr old schizophrenic males, 17429
dilation of cerebral ventricles, patients with schizophrenia & other psychotic illnesses, 30237
dipropylacetamide, EEG changes indicative of improved attention & reduced tension, chronic stabilized schizophrenic 31–81 yr olds, 9880
dipropylacetamide, male chronic stabilized schizophrenic 31–81 yr olds, 9893
dipropylacetamide, social adjustment & attentional capabilities, chronic stabilized schizophrenic patients, 9890
discrimination of speech patterns, speech vs non-speech disordered schizophrenic vs normal controls, 24610
discussion of prognosis in schizophrenia, 1307
dopamine agonist N-propylnorapomorphine, psychotic symptoms, actively symptomatic schizophrenic inpatients, 30786
double bind & paradoxes or reflexive circuits in family relations & schizophrenia, 11918
duration of episodes & remissions, schizophrenic & manic depressive patients, 6564
duration of symptoms, long term outcome, patients with mania vs depression vs schizophrenia, 35–40 yr followup, 20282
early childhood experience & Freudian concept of psychotic regression in dreams & interpretation, 34 yr old delusional schizophrenic female who had been blind since 2nd or 3rd yr of life, 6494
eating disorders & attitudes, 21–65 yr olds with schizophrenia vs chronic affective disorder, 3878
economic costs of schizophrenia, Australia, 17353
economic costs of schizophrenia, Australia, 30147
ECT, schizophrenic patients, 12 & 28 wk followup, 4226
ECT, secretion of hypophysary hormones & cortisol, 18–45 yr old male schizophrenic inpatients on neuroleptic therapy, 22361
EEG characteristics, depressive psychotic vs manic vs schizophrenic vs normal 16–69 yr olds, conference presentation, 6501
EEG lateral asymmetries, patients with schizophrenia & other mental disorders, conference presentation, 6598
EEG readings, patients with schizophrenia, conference presentation, 3835
efficacy of ceruletide, schizophrenic patients, 12563
emotion recognition of facial expressions, schizophrenic vs depressed female inpatients, 24739
enlargement of brain lateral ventricles, clinical response to haloperidol vs thioridazine & psychopathology scores from rating scales, schizophrenic & schizoaffective psychotic patients, 9944
EPs & hemispheric dysfunction during dichotic detection & syllable discrimination tasks, schizophrenic 19–43 yr olds, conference presentation, 6521
erotomania, 44 yr old female with schizophrenic symptoms, 14608
erythrocyte membrane elevations & genetic vulnerability, 18–84 yr olds with schizophrenia vs depressive vs nonpsychotic disorders, 3844
etiology & diagnosis & course of schizophrenia, 12030
etiology & diagnosis, factitious physical & psychological symptoms, 26–56 yr old patients with severe personality disorders & schizophrenia, conference presentation, 1272
etiology & epidemiology & clinical features & treatment, 18 & 20 & 23 yr old males & 50 yr old female, 24683
evaluation of brief inpatient family intervention, 15–45 yr old patients with schizophrenia or schizophreniform vs major affective disorder, 6-mo followup, 4381
event-related brain potentials during syllable discrimination task, 18–40 yr olds & their 19–39 yr old schizophrenic siblings, 1367
evidence for existence of schizophrenia throughout history, 27313
evidence for retroviral infection in etiology, schizophrenia, reply to comments by L. E. DeLisi & P. S. Sarin & R. Guroff et al, 14586
evidence for retroviral infection in etiology, schizophrenic patients, comment on T. J. Crow's assertion, 14590
existential analysis & psychoanalytic processes in psychotherapy, schizophrenic patients, 1741
existential psychoanalytic view of etiology & manifestations of schizophrenia of L. Binswanger, 24631
exploratory psychotherapy, functioning level, schizophrenic & borderline patients, 1 yr post-discharge followup, conference presentation, 30606
expressed emotion & life events & prophylactic neuroleptic medication, relapse, schizophrenic patients, comments on J. P. Leff's study, 11980
expressed emotion as indicator of high-intensity interpersonal social control, families of schizophrenic patients, 9-mo followup, 14603
expressed emotion in family, patient relapse, 18–30 yr olds with schizophrenia & their families, 9-mo followup, 9285
expressed emotion in family, relapses of disorder, schizophrenic patients, review of research, 1346
expression of outer hand & quality of thumb & arrangement of auxiliary lines & flow & quality of main lines, 15–65 yr old hospitalized schizophrenics, 3912
extrafamilial vs familial contacts & objective vs subjective aspects of social isolation, schizophrenic outpatients, 24648
facial discrimination & emotional recognition, schizophrenic & depressed inpatients, 24630
factor analysis of item scores on 2 clinical rating scales, assessment of distinction between disorders of thought structure vs thought content, patients with schizophrenic vs nonschizophrenic disorders, 22121
familial effect, brain ventricular size using computerized tomography scanning & interviews, patients with schizophrenia & their 25–42 yr old siblings, 22042
families with high emotional involvement & treatment approach, 18–30 yr olds with schizophrenia & their relatives, 9284
families with high expressed emotion & life events & prophylactic neuroleptic medication, relapse, schizophrenic patients, criticism of J. P. Leff's study, 11915
family- vs patient-oriented community management, symptoms & adjustment & family coping behavior, families of schizophrenic patients, 22445
family background, probands with slowly progressive infantile schizophrenia with morbid fantasy making syndrome, 19947
family-based management vs patient-based approach, compliance with neuroleptic therapy & course of schizophrenia, 18–45 yr old schizophrenic patients & their families, 2-yr longitudinal study, 4232
family expressed emotion, relapse, schizophrenic 18–55 yr olds, 3889
family history, relatives of paranoid vs depressed vs schizophrenic patients, 12021
family life & evidence of minimal brain dysfunction & psychological stress, schizophrenic 12–17 yr olds, 6624
family psychodynamics, families with adolescents with schizophrenia vs psychosomatic disorders, implications for family therapy, 30076
family reactions & experiences, mother of schizophrenic son, 3909
family relationship as primary validating criterion for DSM-III definition of schizotypal personality disorder, 30131
family therapy, reduction of expressed emotion & relapse of disorder, schizophrenic patients & their families, 9-mo longitudinal study, 1835
family therapy vs family education as preventative-rehabilitative approach, schizophrenic patients & their relatives, 12459
first hand account of illness & recovery, schizophrenic patient, commendation of article printed in "American Journal of Psychiatry", 27300
fluphenazine decanoate blood plasma levels, 18–42 yr old schizophrenic patients, 22522
fluphenazine decanoate, social adjustment, 16–55 yr olds with schizophrenia, conference presentation, 15178

fluphenazine esters, side effects induced by maximal plasma concentration, 35–60 yr schizophrenic outpatients, 22512
food antibodies, 18–72 yr old acute psychotic patients, implications for role of food allergies in schizophrenia, 17408
frequency & differential diagnosis of depression, schizophrenic patients, followup study, conference presentation, 30183
frequency & nature of dysfunctional disorders preceding onset of schizophrenia, 16–45 yr old schizophrenic outpatients, 6616
frequency of schizophrenia assessed by discharge diagnosis, patients admitted to hospitals for 1st time, Scotland, 3833
functional-psychotic deterioration assessment, schizophrenic patients, 6539
functioning investigated at hospital admission vs followup, inpatients with borderline vs schizotypal personality disorders vs schizophrenia vs major affective disorder, 14-yr followup, 25512
functioning style & genetics as precursor to adult schizophrenia, children at risk, literature review, 22097
future developments of negative symptoms construct of schizophrenia, 17427
genetic & biochemical & possible autoimmune basis of schizophrenia, 11953
genetic & biochemical & possible autoimmune basis of schizophrenia, comments on hypothesis of J. G. Knight, 12002
genetic & biochemical & possible autoimmune basis of schizophrenia, comments on work by J. G. Knight, 11925
genetic & biochemical & possible autoimmune basis of schizophrenia, comments on J. G. Knight's hypothesis, 12010
genetic & environmental & premorbid predictors, schizophrenia, 30120
genetic & genital & neuro-organizational & nongenital morphological & behavioral sexual differentiation, onset age & outcome differences in schizophrenia, 22117
genetic analysis of platelet MAO activity, 17–45 yr old patients with chronic schizophrenia & their 1st-degree relatives, 1258
genetic factors & predisposition, male monozygotic vs dizygotic index twins with both schizophrenia & alcoholism, 17285
genetic factors in major psychoses & schizophrenia & manic depressive disorder, conference presentation, 27272
genetic influence, DSM-III schizophrenia, 1st degree relatives of schizophrenic probands, 27298
genetic pattern of plasma amine oxidase activities & transmission of schizophrenia, chronic probands & 1st-degree relatives, 17308
genetic relationship between schizotypal personality disorder & schizophrenia, 30231
genetic research methodologies in schizophrenia, conference presentation, 27263
genetics & environmental influences, etiology of schizophrenia, 24652
genetics & neuroanatomical & neurochemical & dietetic factors, schizophrenia, literature review, 1393
group psychotherapy during hospitalization, 19–70 yr olds with schizophrenia & major affective disorder & depression & anxiety & borderline personality disorder, 22723
group setting approach evaluated with Hill interaction matrix, male acute schizophrenic inpatients, 18264
group therapy, relatives & schizophrenic 18–30 yr olds from high expressed emotion families, 9782
group therapy, schizophrenia, in- vs outpatients, implications for insight therapy, conference presentation, 1834
half amplitude recovery of electrodermal responses, 7–12 yr old children of parents with schizophrenia, 6499
haloperidol & severity of illness, plasma homovanillic acid concentrations, schizophrenic males, 3829
haloperidol blood levels, clinical response, schizophrenic inpatients, reply to criticisms of T. Van Putten et al, 7247
haloperidol blood levels, clinical response, schizophrenic patients, reply to criticisms of D. G. Kirsch et al, 7248
haloperidol plasma concentrations, clinical response, schizophrenic patients, comments on work by R. C. Smith et al, 7197
haloperidol, platelet MAO activity, schizophrenic 16–55 yr olds, conference presentation, 7196
handedness & family history & early forced conversion of hand usage, 15–49 yr old schizophrenic inpatients vs students, 27369
handedness & sighting dominance & hand grip strength, 19–71 yr old males with paranoid vs nonparanoid schizophrenia vs affective disorders, 14636
hemodialysis, schizophrenia, 20–33 yr old therapy-resistant patients, 28069
hierarchical structure deficiencies in discourse, listeners' processing requirements & interpretive variability, schizophrenic speakers, reply to comments by A. W. Beveridge & K. Brown, 19934
high-dose haloperidol, maniacal agitation, 16–75 yr olds with schizoaffective mania or bipolar disorder, 7225
hippocampal pyramidal cell orientation, schizophrenic 28–66 yr olds, 1321
histamine & prostaglandins, diagnosis & treatment of schizophrenia, 27308
history of minimal brain dysfunction, neuropsychological performance, 16–26 yr olds with schizophrenia, 22102
homovanillic acid CSF levels reflecting central dopamine release & apomorphine-induced human growth hormone levels indicating central dopamine receptor activity, schizophrenic 18–37 yr olds, 9362
iatrogenic effects of antipsychotic medications, akinesia & tardive dysmentia & frontal lobe disorder, schizophrenic patients, 9901
identification with abusive parent, transference, adult schizophrenic female with physically abusive mother & borderline male with severely depressed mother, 1779
illness characteristics & history, smooth pursuit eye tracking & performance on neuropsychological tests & brain morphology, 23–42 yr olds with schizophrenia, 17309
im injections of perphenazine decanoate dissolved in sesame oil vs Viscoleo vehicles, plasma concentrations of perphenazine, schizophrenic 26 & 30 yr old males, 27973
im oxyprothepine injections in long term maintenance therapy, male 24–52 yr olds with schizophrenia in remission, conference presentation, 15153
immunoglobulin & antinuclear & lymphocyte & thyroid antibody levels & serum protein fractions, male vs female 25–65 yr old inpatients with schizophrenia or unipolar or bipolar depression, 24670
impact of computerized tomographic scanning, study of schizophrenia, 9323
impact of familial history of affective illness, diagnosis of schizophrenia, comment on findings of K. S. Kendler et al, 30149
impact of familial history of affective illness, diagnosis of schizophrenia, reply to comments by C. Hayward, 30159
impact of neuroleptic drugs & characteristics, course of illness, 18–55 yr old schizophrenic patients 1 yr after hospital discharge, 25288
in vitro metabolism of beta-endorphin using membrane homogenates of postmortem putamen, patients with schizophrenia, 1372
inability to regulate effects of external stimulation, reactivity to environmental events & cause of symptoms, schizophrenic Ss, 9269
incidence of human lymphocyte antigens, 18–65 yr old patients with schizophrenia vs schizoaffective disorder, 30081
incidence of mental disorders, 1st-degree relatives of schizophrenic patients, 6537
incidence of multiple episodes of psychotic or schizophrenic symptoms, schizophrenic vs schizoaffective vs unipolar depressed vs bipolar affective disordered patients, 9355
incidence of neurological dysfunctioning, 7–14 yr old children of schizophrenic parents, Israel vs Denmark, replication of study by D. Rosenthal & S. Nagler, 6554
incidence of rheumatoid arthritis, patients with schizophrenia vs affective psychosis vs neurosis, Sweden, 17299
incidence of schizophrenia, adopted offspring of schizophrenic biological mothers vs nonschizophrenic biological parents, conference presentation, 27378
incidence of 1st cousin marriages in parents, patients with schizophrenia or affective illness, 1355
increase in schizophrenia during 19th century, comments on A. Scull's article on E. Hare's hypothesis, 3948
increased critical stimulus duration as episode vs vulnerability indicator in schizophrenia, reply to comments by R. D. Merritt & D. W. Balogh, 17395
independent events & relatives' expressed emotion, relapse, schizophrenic patients with vs without prophylactic neuroleptic medication, criticism of J. P. Leff's study, 11965
independent life events & relatives' expressed emotion & prophylactic neuroleptic medication, relapse, schizophrenic patients, 11960

indications for long term vs interval administered neuroleptic therapy, schizophrenic patients, 7213
individual & family psychotherapy & use of therapeutic communities, schizophrenia, 16–44 yr old patients, 5-yr followup, conference presentation, 27756
individual long term psychotherapy, time hospitalized & ability to work & social contacts & symptoms, male schizophrenic 18–28 yr olds, 6- & 8-yr followup, 15024
information processing performance & susceptibility to external distraction, discourse failure, manic vs schizophrenic patients, 24645
ingestion & toxicology & interactions with other drugs of undissolved instant coffee, schizophrenic inpatients at state hospital, 27269
initial admission immunoglobulin concentrations & prediction of need for followup hospital care, schizophrenic patients, 5-yr followup study, 24699
institutionalization during 1st 5 yrs of life & early onset schizophrenia in mothers, predisposition to schizophrenia, children, longitudinal study, 6574
instruction in tardive dyskinesia, recall of instructions, 26–66 yr old schizophrenics with vs without tardive dyskinesia, implications for treatment, 25290
instruction of relative in reinforcement & extinction strategies, antihypertensive compliance, male chronic schizophrenic 65 yr old, 22381
integration & analysis of clinical & parental & teacher interviews & clinical observations, perceptions of behavior & life adaptation, children at risk for schizophrenia, Israel, 3930
integration & sealing over defensive organization of recovery styles, schizophrenic patients, implications for individualized treatment planning, 30117
integrative stepwise rehabilitation system, long term schizophrenic patients, Finland, conference presentation, 28190
intelligence & personality functioning, school age children at risk for schizophrenia living in kibbutz vs urban areas, Israel, followup study, 3934
intentionality & deficiency theories of schizophrenia by E. Bleuler & G. Huber & W. Janzarik, 9310
interactions between drug therapy & psychodynamic psychotherapy, schizophrenic patients, response to comments by B. P. Karon, 4231
interactions between medication & psychosocial treatments, schizophrenic patients, comments on review by I. R. Falloon & R. P. Liberman, 4238
interference in short term visual memory, backward masking, schizophrenic 18–55 yr olds, 11954
interhemispheric information transfer assessed with tactual performance test & stereognosis block identification & anomia tasks, male patients with schizophrenia vs affective disorders, 22114
interpersonal competence, schizophrenic-prone male college students, 1259
interrater reliability & construct validity of Negative Symptoms Rating Scale, measurement of negative symptoms in "defect state" schizophrenia, 18–35 yr olds with schizophrenia or bipolar disorder or schizoaffective illness or personality disorder, 23445
interrater reliability of diagnostic systems, schizophrenic patients, 6485
interrater reliability of N. J. Andreasen's thought & language & communications disorder scale vs Brief Psychiatric Rating Scale, psychiatric inpatients & patients with schizophrenia vs affective illness, 28941
intervention & symptomatology & magic thought, hospitalized patients with schizophrenia, 15345
intra- & interhemispheric changes in EEG alpha intensities, schizophrenic 20–35 yr olds, conference presentation, 6500
intrafamilial expressed emotion & communication deviance, relatives of recently episodic schizophrenic patients, 17389
isofloxythepin, antimanic & anxiolytic effects, 18–51 yr olds with schizophrenia, conference presentation, 15212
kibbutz vs city rearing, children at risk for schizophrenia, Israel, 15-yr followup, 3888
kibbutz vs family rearing, risk of schizophrenia, children of schizophrenic parents, comments on National Institute of Mental Health Israeli high risk study, 17340
kibbutz vs family rearing, risk of schizophrenia, children of schizophrenic parents, comments on National Institute of Mental Health Israeli high risk study, 17318
Kraepelinian vs Bleulerian interpretation of negative symptoms, 16–45 yr olds with at least 2 symptoms of schizophrenia, 17344
late onset & length of stay & change of diagnoses, hospitalization for paranoid vs nonparanoid schizophrenia, inpatients aged 65 yrs & older, 18257
late onset schizophrenia, literature review, Europe, 3951
lateral differences in subcortical dopamine activity vs cortical hemispheric abnormalities, recovery curves of Hoffmann reflex of left vs right leg, 20–40 yr olds with schizoaffective disorder, 17347
lateral dominance, 16–37 yr old familially right handed male schizophrenic patients, 19983
lateral ventricular size, 22–87 yr old institutionalized vs noninstitutionalized patients with schizophrenia vs affective disorders vs neurosis, 6572
length & type of pseudoneurotic symptoms in 1st onset & duration in hospital, hospitalized schizophrenic patients, 14649
leucocyte assay for determination of capacity to produce alpha & gamma interferon, schizophrenic inpatients, 19964
levodopa & carbidopa, schizophrenic 55 yr old female with chronic negative syndrome, 27969
levodopa, schizophrenia, inpatients who had not responded satisfactorily to neuroleptics, 30789
lexical cohesion & formal thought disorder during vs after psychotic episodes, schizophrenic vs schizoaffective vs manic patients, 24701
life events & expressed emotion & prophylactic neuroleptic medication, relapse, schizophrenic patients, comments on J. P. Leff's study, 11949
life events & expressed emotion, relapse, schizophrenic patients with vs without neuroleptic medication, criticism of J. P. Leff's study, 11937
lithium carbonate, catatonic excitement states, schizophrenic males, 9953
lithium efficacy, schizophrenia, 47 yr old female & 43 yr old male, 7230
living conditions & demographic characteristics & functional outcomes, male vs female schizophrenic patients who had received psychiatric treatment between 18 mo & 10 yrs earlier, followup study, 24731
logotherapy, schizophrenia & borderline states, 9722
long term medium vs high doses of clorotepin, schizophrenic 22–57 yr olds, 7153
long term outcome, patients with schizotypal &/vs borderline personality disorder &/vs schizophrenia, followup studies, 30186
long term outcomes, schizophrenic patients diagnosed between 1946 & 1971, followup study, 14665
long term stability of subtypes of schizophrenia diagnosed by 4 diagnostic systems, schizophrenic patients, 1317
long term training in community living vs traditional care, rate of hospitalization, 18–30 yr olds with schizophrenic disorders, 15302
longitudinal interaction structure analysis, schizophrenic patients before vs after haloperidol treatment & males with adjustment problems observed between 10 & 13 yrs of age, longitudinal studies, 26151
longitudinal principles in course of psychiatric disorder patients covering spectrum of schizophrenia & affective disorder, criticism of study by J. S. Strauss et al, 9263
longitudinal principles in course of psychiatric disorder, psychiatric patients, reply to criticism by H. R. Huessy, 9337
low levels of CSF somatostatin & abnormal response to dexamethasone, patients with depression vs schizophrenia, 30128
low vs high haloperidol dosage, thought vs non-thought disordered schizophrenic patients, 7274
magnesium & calcium & cortisol level in CSF & relation to attempted suicide, 19–67 yr old females with depression vs schizophrenia vs adjustment disorder, 30088
magnetic resonance imaging, indication of suspected metabolic & neurotransmitter deficits, patients with schizophrenia & affective disorders, 6492

maintenance of induced muscle tension, stimulus generalization accuracy & RT of motor performance, schizophrenic vs affective patients vs college students with vs without schizotypic symptoms, 17368
maintenance therapy with fluspirilene vs oxyprothepine decanoate, 22–62 yr old schizophrenic patients, 7209
maintenance therapy with oxyprothepine decanoate, 25–60 yr old schizophrenic patients, 7200
maintenance therapy with perphenazine enanthate vs oxyprothepine decanoate vs fluphenazine decanoate, schizophrenic 18–68 yr olds, 7241
marital & occupational & psychiatric & residential statuses, patients with schizophreniform disorder vs schizophrenia vs affective disorder, 40-yr followup, 30115
marital status, schizophrenic or alcoholic psychiatric patients, 1236
meaning in schizophrenic speech, 14576
meanings associated with term "father" in utterances, persons with schizophrenia, 14669
measurement of aggression & withdrawal & likeability as risk factors, adult schizophrenia, 1st & 4th & 7th graders, 3-yr longitudinal study, 1375
measurements of cerebellar vermis & height of 4th ventricle, right handed schizophrenic patients, 1330
medical & psychodiagnosis of previously diagnosed referrals, patients with schizophrenia, implications for DSM-III criteria, case report, 30064
medical diagnosis utilizing measurement of cerebral function & blood flow & metabolism, schizophrenic Ss, comments on study by R. J. Mathew et al, 24581
medication & family treatment &/vs social skills training, relapse during aftercare treatment, schizophrenic 17–55 yr olds from high expressed emotion families, 30507
meeting & coexistence & parting phases of therapy used at Clinic of Adult Psychiatry of Krakow Medical Academy, schizophrenia, Poland, 22353
memory search & encoding time in choice RT task, paranoid & nonparanoid schizophrenic 18–60 yr olds, 17357
methodological concerns in study of birth seasonality, schizophrenic Blacks vs Whites, comments on study by B. J. Gallagher, 24618
methodology of authors' previous study of CSF noradrenaline levels, schizophrenic Ss, comments on paper by R. H. Gerner et al, 14617
metyrapone test, assessment of hypothalamic-pituitary-adrenocortical axis, schizophrenic patients vs healthy adults, 27339
metyrapone test, blood plasma cortexolone & cortisol levels before vs after pharmacological treatment &/or recovery, depressed vs schizophrenic vs manic patients, 4521
middle ear activity & periorbital integrated potentials before vs during vs after REM sleep, 19–54 yr old males with schizophrenia & schizoaffective & major depressive disorder, 19894
model based on physiological measures & psychological characteristics, schizophrenic adults, 1325
mood congruent & incongruent psychotic symptoms, schizophrenic vs schizoaffective manic or depressive vs unipolar or bipolar depressed patients, 9357
morbidity risks of schizophrenia & related disorders, 1st degree relatives of DSM-III schizophrenic patients, conference presentation, 27380
mortality rate due to natural causes & suicide, discharged schizophrenic patients, 10-yr followup, Sweden, 30487
mortality, schizophrenic patients, Bulgaria, 30182
motor control & perceptual motor coordination & attention & learning & memory, children at risk for schizophrenia, Israel, 3876
motor vs no required response to auditory stimulus, habituation of orienting response measured by skin conductance & finger pulse volume & EEG, schizophrenic vs nonschizophrenic patients, 9215
nalorphine administered following neuroleptic treatment of acute psychosis attack, psychotic symptoms, schizophrenic patients vs paranoid schizophrenic 24–26 yr old males, 7281
nalorphine or naloxone vs haloperidol, 18–59 yr olds with schizophrenia, conference presentation, 15195
nalorphine vs haloperidol, schizophrenic 22–59 yr olds, 7252
naloxone, plasma prolactin & cortisol & growth hormone levels before vs after ECT, 30–71 yr old patients with endogenous vs schizoaffective depressive disorders, 30506
neurobiological & psychosocial factors in etiology & expression of schizophrenia, literature review, 22095
neurodevelopmental problems & childhood development & family interaction & risk for schizophrenia, 12 & 15 yr old stepbrothers with psychoses in family therapy, case report, comments on paper by L. C. Taichert, reprint, 25167
neurodevelopmental problems & childhood development & family interaction & risk for schizophrenia, 12 & 15 yr old stepbrothers with psychoses in family therapy, case report, reprint, 25204
neuroleptic dosage adjustment & treatment with antiparkinsonian agents, akathisia, 18 & 28 & 29 yr old schizophrenic patients, 25325
neuroleptic drug-induced skin pigmentation, 19–65 yr old chronic hospitalized schizophrenic patients, Europe & Asia & Central & South America & North America & Africa, 25266
neuroleptic drug induced tardive dyskinesia & subsequent development of fatal myoglobinuric renal failure, 45 yr old female with schizophrenia, 18076
neuroleptic drugs as possible confounding variable in neurologic soft signs examination, relationship between organicity & long term prognosis, schizophrenia, comment on findings of T. Kolakowska et al, 30771
neuroleptic-free treatment with vs without ceruletide, cholecystokinin octapeptide levels in CSF, patients with Parkinson's disease vs unipolar vs bipolar depression vs schizophrenia, conference presentation, 20399
neuroleptic-like activities & antipsychotic action of cholecystokinin octapeptide & ceruletide, rats vs schizophrenic patients, conference presentation, 20421
neuroleptic therapy, negative & deficit symptoms in schizophrenia, comments on studies by E. C. Johnstone et al & T. J. Crow, 18055
neuroleptic treatment, CSF cortisol levels, male schizophrenic patients, 22535
neurological abnormalities, Capgras symptoms, schizophrenic male, 1400
neurological abnormalities, parents & siblings of schizophrenic patients, 30163
neurological abnormalities, patients with schizophrenia vs affective disorder vs bipolar disorder with psychosis vs alcohol & drug abusers, 30079
neurological dysfunction, children at risk for schizophrenia, Israel, 5-yr followup, 3881
neurological functioning & early clinical features & response to neuroleptics, outcome, adults with diagnosis of schizophrenia or schizoaffective disorder 2–20 yrs after onset of illness, 4502
neurological signs & WISC IQ & minor physical anomalies, children at risk for schizophrenia, Israel, 3882
neurological soft signs & cognitive impairment, schizophrenic patients with good vs poor outcomes, 9281
neuronal & glial density & neuron-glia ratios & neuronal size in postmortem cerebral cortex, schizophrenic patients, 11906
neuropathological correlates of behavior, brain sections from schizophrenic patients, comments on findings of B. Bogerts et al & A. Lesch & B. Bogerts, 30223
neuropsychological & genetic risk factors, tardive dyskinesia, 20–37 yr old patients with schizophrenia, 3954
neuropsychological performance & positive vs negative symptoms, patients with schizophrenia, 11932
neurotensin & somatostatin & thyrotropin releasing hormone in brain tissue & CSF, 20–86 yr old schizophrenic & Huntington's chorea patients, 6445
norepinephrine activity, schizophrenic patients, literature review, 17432
nosography & theories of schizophrenia, 1296
novel vs familiar word pairs, stimulus seeking behavior, schizophrenic patients vs psychiatric aides, 3853
observations & interactions, kibbutz- & town-reared 10 & 11 yr old females at risk for schizophrenia, Israel, 5–6 yr longitudinal study, 3813
onset of schizophrenia diagnosed as neurosis, patients with schizophrenia, 27350

operant conditioning model of reinforcement & punishment, medication adherence, patients with schizophrenia, 22526
opioid-like activity in isolated peptides from wheat gluten hydrolysates, implications for schizophrenia & celiac disease, 561
orbital frontal lesions secondary to leukotomy, language functioning, schizophrenic patients, 28073
organization of words into ideas & ideas into spoken discourse, 38–60 yr old patients with positive vs negative symptom schizophrenia, 6467
origins of erotomania & transference love & conflict theory of symptom formation in schizophrenia, females in psychoanalysis, 12374
outcomes of institutionalization, long term inpatients with manic depressive psychosis vs schizophrenia, 2092
outpatient treatment, probability of rehospitalization, schizophrenic patients, 25468
overview of initial evaluation, children at risk for schizophrenia, Israel, 3931
oxyprothepine treatment with psychiatric outpatient visits, therapeutic cooperation & application of short term psychotherapy, schizophrenic patients, 6971
oxyprothepine vs haloperidol, schizophrenic patients, 7219
parental communication deviance & affective attitudes, prevalence of schizophrenia & related disorders in offspring, families with moderately disturbed teenagers, 15-yr longitudinal study, conference presentation, 27303
parental etiology, schizophrenia, 19978
patterns of ego boundary disturbance using Rorschach test, 16–30 yr old patients with neurosis vs borderline states vs schizophrenia, 3873
penicillamine treatment, schizophreniform psychosis, 22 yr old female with Wilson's disease, 9924
perception of size & composition & level of interaction in social networks, 19–66 yr old schizophrenic clients &/vs their 15–82 yr old significant others, 17326
perception of time, patients with schizophrenia & paraphrenia & paranoia & affective psychosis & Korsakoff's syndrome & drug intoxication, 30154
perceptions of child's behavior & emotional adjustment & school performance & achievement & interests & activities & interpersonal relations, teachers & caretakers of children at risk for schizophrenia, Israel, 3810
perceptions of child's personality & behavior, parents of children at risk for schizophrenia, Israel, 3928
performance on motor synchrony task at varied rates, medicated vs nonmedicated schizophrenic 21–64 yr olds vs 21–50 yr olds with affective disorder, 30181
performance on speech comprehension tests indicative of defective interhemispheric integration & abnormal specialization of language function, adolescents at risk for schizophrenia, 30148
perphenazine decanoate vs perphenazine enanthate, plasma concentrations & extrapyramidal side effects, 27–58 yr old schizophrenic inpatients, 27972
phenomenological differences in normal vs psychosis-associated happiness states, patients with general palsy vs mania vs schizophrenia, 30214
phenomenology & biochemistry of schizophrenia, females vs males, 22073
phenomenology of J. Sartre in R. D. Laing's theory of etiology of schizophrenia, 30097
phenothiazine therapy, agranulocytosis, 35 & 33 yr old males & 64 & 63 yr old females with schizophrenia, 20424
pictorial & verbal expression using Fairy Tale Test, schizophrenic 10–15 yr olds, 19992
pipotiazine palmitate, patients with schizophrenia, 27981
pipotiazine, schizophrenic patients, 5-yr followup, 4469
plasma & CSF amino acid & 5-hydroxyindoleacetic acid & homovanillic acid & hydroxy-3-methoxy-phenylethylene glycol levels, unmedicated schizophrenics, 22027
plasma haloperidol levels, clinical response, schizophrenic inpatients, criticism of article by R. C. Smith et al, 7257
plasma homovanillic acid concentration during neuroleptic treatment & withdrawal, schizophrenic 20–53 yr olds, replication of findings of D. Pickar et al, 30769
plasma neuroleptic levels, prediction of treatment response, schizophrenic patients, 15198
plasticity of neural connections in schizophrenia, literature review, 9257
platelet alpha-2-adrenergic dysfunction assessed by clonidine vs yohimbine binding to membranes before vs after chlorpromazine treatment, differentiation of positive vs negative symptoms disorder, 22–39 yr old male schizophrenic inpatients, 30775
platelet 5-HT & CSF concentration of 5-hydroxyindoleacetic acid, motor behavior, schizophrenic patients, 9276
pleasantness–unpleasantness vs arousal–nonarousal dimensions, judgment of facial affect, depressed vs schizophrenic 18–38 yr olds, 27332
polydipsia & polyuria, medication-free schizophrenic patients, 9289
position of R. D. Laing on definitions of insanity, 9223
positive & negative thought disorders & reference failures, speech performance, manic vs schizophrenic inpatients, 27306
positive vs negative symptoms & etiology models, schizophrenia, 17441
positive vs negative syndromes & direction of electrodermal orienting response asymmetry according to EEG, schizophrenic patients, 1305
positive vs negative vs mixed psychotic symptoms, interstimulus interval in backward masking in visual information processing, bipolar vs schizophrenic patients, 17349
positron emission tomography, assessment of regional brain activity at rest & during functional activity, schizophrenic patients, 6516
postmortem analysis of volume of basal ganglia & diencephalon & limbic system, schizophrenic patients, 1263
postmortem evidence of structural brain changes, patients with schizophrenia vs affective disorders, 11911
potential genetic factors in morality tasks, schizophrenic vs neurotic twins with physical disorders, 30158
prediction of response to neuroleptic drug therapy, schizophrenic patients, 15118
predictive validity of prognostic scores based on multivariate & univariate analysis, patients with schizophrenia, 5-yr longitudinal study, 1335
preference for & judgment of humorous captions written by schizophrenics vs college students, 18–30 yr old schizophrenic patients vs college students, 3919
pregnant therapist, transference in therapeutic relationship, illustrative cases of schizophrenic 29 & 31 yr old males, 27757
premorbid life situation & social adjustment, schizophrenic 15–40 yr olds, 9267
premorbid personality characteristics, patients with schizophrenia, literature review, 3806
presence of human leucocyte antigen as possible indicator of genetic predisposition to schizophrenia, psychiatrically healthy anthropathic patients, 6506
prevalence of affective disorders & risk of schizophrenia, children of schizophrenic parents reared in kibbutz vs with family, comments on National Institute of Mental Health Israeli high risk study, 17373
prevalence of psychostimulant use, relapse, recently admitted schizophrenic patients, 3916
prevalence of treated & untreated schizophrenia, implications for improvement of followup & outreach services, 3952
primary personality & illness characteristics & length & number of hospitalizations & cerebral ventrical distension, residual apathy syndrome, schizophrenic patients, 1338
process & inpatient treatment, 9 yr old female with childhood schizoaffective disorder, conference presentation, 18274
prodromal signs of relapse in schizophrenia, criticism of D. W. Heinrichs & W. T. Carpenter's study, 14610
prodromal signs of relapse in schizophrenia, reply to M. I. Herz & J. C. Simon's criticism, 14609
prodromal symptoms & prevention of relapse with antipsychotic drugs, schizophrenic patients, conference presentation, 30738
prodromal vs active symptoms in schizophrenia, comments on article by D. W. Heinrichs & W. T. Carpenter, 27324
prognosis & treatment outcome, patients with pseudoneurotic vs pseudopsychopathic schizophrenia, followup of patients hospitalized 1938–62, Norway, 6522
prognostic validity of premorbid adjustment measures, schizophrenic & psychotic patients, 5-yr followup, 8094
prolactin response to neuroleptic drugs, prognosis, female schizophrenic patients, 7155

proposal for use of terms "remission" & "persistence" as substitutes for "cure" & "chronic" in schizophrenia & other mental illness terminology, 30095
propranolol, patients with anxiety & schizophrenia & other psychiatric disorders, 25278
psychiatric hospitalization, adjustment & outcome, schizophrenic & other psychiatric patients assessed 16 mo posttreatment, 30973
psychiatric profile & lifestyle & perceived paternal threat, 20–40 yr old males charged with patricide, 3977
psychiatric treatment, hospitalized patients with schizophrenia, 4650
psychoanalytic view of disorder & group treatment issues, patients with di-egophrenic vs borderline schizophrenia, 30671
psychodiagnosis of positive symptoms of schizophrenia, 12001
psychodiagnosis via 3 different clinical classification systems, schizophrenic patients & their parents & siblings, 17431
psychodynamics of extreme narcissism, males with schizophrenia, 12009
psychoeducational family intervention models, community management of schizophrenia, families of schizophrenics, conference presentation, 30654
psychopathological & prognostic aspects of stages & symptoms, formal thought disorders, schizophrenia, 24642
psychopathological profile & course of illness, patients with schizoaffective psychosis vs bipolar affective illness vs paranoid schizophrenia, 19931
psychopathology & genetics of schizophrenia, literature review, 3923
psychophysiological indices, 14–18 yr olds with adolescent schizophrenia, implications for similarity to adult schizophrenia, 17426
psychosocial &/vs drug therapy, activity level & social adjustment, schizophrenic patients, 6957
psychosocial family systems features, families of schizophrenic adolescents, implications for family therapy, 30153
psychosocial family therapy approach based on view of schizophrenia as psychosomatic illness, illustrative case of 17 yr old schizophrenic female, 9786
psychotherapy & effect of hospitalization length, schizophrenia, reply to comments of M. I. Herz, 30560
psychotherapy in schizophrenia & effect of hospitalization length, comments on articles by A. H. Stanton et al & J. G. Gunderson et al, 30565
psychotherapy, schizophrenic patients, 4278
psychotherapy with medication & therapist-patient relationship, author's experiences as schizophrenic patient, 14970
psychotic symptoms, schizophrenic vs schizoaffective vs unipolar or bipolar depressed patients & their relatives with diagnoses of psychosis or depressive neurosis, 9356
qualitative analysis of Benton Visual Retention Test scores, psychopathological diagnosis, neurotic & demented & schizophrenic & depressed patients, 1364
quality & quantity of delusional activity, adolescent schizophrenic patients, 9275
quality of information disclosure, comprehension of psychiatric research & informed consent, 21–71 yr old schizophrenic vs depressed patients, 14572
radioactive etorphine & naloxone binding to caudate nucleus opioid receptors in postmortem brains, schizophrenic patients, 14646
rapid relapse following withdrawal or dose reduction of clozapine, 24 & 38 yr old schizophrenic & 39 yr old schizoaffective patients, 18092
reassertion of finding of high rates of psychopathology due to biological or phenotypic traits, mates of schizophrenic women, reply to R. Shinkwin's comments, 30196
recollections of family memories in individual psychotherapy, schizophrenia vs borderline state patients, conference presentation, 1763
reconstruction of monologs from schizophrenic patients, structure & accuracy, college students, 9327
red cell vs plasma haloperidol levels, prediction of clinical response, schizophrenic inpatients, 18109
reduction in expressed emotion & face-to-face contact, relapse rate, families of 16–65 yr old schizophrenic patients receiving neuroleptic drugs, 2-yr followup, 15055
referral to inpatient psychiatric facility, male vs female schizophrenic patients of community mental health system, West Germany, 10075
regional blood flow & physiologic dysfunction of dorsolateral prefrontal cortex, inpatients with schizophrenia, implications for etiology, 22140
rehospitalization & social role at discharge, patients with schizophrenia, 1-yr followup, 20507
relationship between hysterical neurosis & schizophrenic psychosis, 23 yr old female, 9290
reliability & frequency & concordance & demographic characteristics of subtypes of schizophrenia defined by 4 major systems, schizophrenic patients, 9252
reliability & validity of Spanish translation of Physical Anhedonia Scale, detection of predisposition to schizophrenia, 19–23 yr old females, Spain, 10833
reliability of abbreviated form of full Schedule for Affective Disorders & Schizophrenia, differential diagnosis & measurement of severity, unipolar depressed vs paranoid schizophrenic vs nonparanoid schizophrenic patients, 28969
reliability of Andreason's Scale for the Assessment of Thought & Language & Communication Disorders, rating of verbal communication impairment, schizophrenic vs manic schizoaffective vs depressed vs hospitalized orthopedic patients, 9316
reliability of scale for assessment of thought/language & communication vs endogenomorphic schizophrenic axial syndrome scale, assessment of language & thought disorders, patients with schizophrenia vs mania, conference presentation, 23447
reliability of signs & symptoms in assessment of schizophrenia, conference presentation, 3803
reliability of standard psychiatric rating scales of mood & affect, 18–44 yr old male schizophrenic inpatients, 8058
removal & diversion tactics, treatment of auditory hallucinations, 29 yr old single female with schizophrenia, 4407
remoxipride & side effects, 19–50 yr old florid schizophrenics, 25304
remoxipride, 19–42 yr old schizophrenic inpatients, 18079
research participation as therapy, schizophrenic 26 yr old, implications for psychosocial rehabilitation, 2157
response to 1st dose of psychotropic drug, prediction of treatment outcome following repeated administration, depressive & schizophrenic patients, conference presentation, 7263
responsiveness to associative intrusions in verbal behavior, 1st degree relatives of schizophrenics, 22029
retroactive interference, verbal recall, 20–50 yr old nonparanoid vs paranoid schizophrenics, 3927
right/left hemispheric energy oscillations using EEG recordings, schizophrenic vs depressed psychotic vs manic patients, 1294
risk for & development of schizophrenia, adolescents & young adults, 30086
risk of schizophrenic spectrum disorder, 1st-degree relatives of lithium-responsive vs lithium-nonresponsive psychotic patients, 1368
role of basal ganglia in sensory gating for CNS, implications for neurophysiological basis for schizophrenia, literature review, 1371
role of endorphins in schizophrenia, 30172
role of endorphins in schizophrenia, literature review, 27365
role of family, etiology & course of schizophrenia, literature review, 3892
role of haloperidol & attention & mental effort in physiologic dysfunction of dorsolateral prefrontal cortex, patients with schizophrenia, 22517
Rorschach test, assessment of dimensions of internalized object relations, obsessive/paranoid vs hysterical/impulsive borderline patients vs schizophrenic patients, 9333
RT crossover & aging & socioeconomic functioning, schizophrenic patients vs 1st-degree relatives, 19907
saccadic movement & pursuit tracking, marker of susceptibility to schizophrenia, 12–19 yr olds of schizophrenic mothers, 30184
scales of Luria-Nebraska Neuropsychological Battery & measures of regional cerebral blood flow, chronic schizophrenic patients on antipsychotic medications, 3846
schizophrenia as area of interest in behavior therapy, 27882
schizophrenia as process vs fixed collection of symptoms, 1351

schizophrenia-like Rorschach results, relatives of schizophrenic vs brain damaged patients, 30233
schizotypal personality disorder as operational definition of M. Bleuler's latent schizophrenia, 30162
scores on Luria-Nebraska Neuropsychological Battery, schizophrenic patients with vs without neuropsychological impairment, 22128
scoring criteria, habituation of skin conductance orienting response, neuroleptic-free schizophrenic patients, replication of study by D. F. Levinson et al, 30176
season of birth, schizophrenia, literature review, 9218
seasonal variations, schizophrenic births, Canada, comments on article by A. Ede et al, 12019
seasonal variations, schizophrenic births, Canada, criticism of research of A. Ede et al, 11989
seasonal variations, schizophrenic births, Canada, reply to comments by B. Pasamanick & E. F. Torrey, 11921
selective attention, negative vs positive vs mixed-symptom schizophrenic vs bipolar patients, 22057
self induced hypnotic trance, exploration of schizophrenic experience, therapist, 20431
self instructional training in special education class, targeted problem behaviors, 14 yr old male with schizophrenia, 10478
self psychology principles in long term group therapy, male 46 & 32 yr old hospitalized schizophrenic patients, 25186
self recording procedure, attending to task & academic productivity, 15 & 17 yr old male students with moderate mental retardation & schizophrenia, 10491
sensorimotor area left hemisphere dysfunction measured by brain electrical activity mapping, neuroleptic-treated right handed schizophrenic patients, 30144
serine & glycine concentrations, psychotic & adult or childhood schizophrenia patients, 17400
serum concentrations of zuclopenthixol decanoate, side effects & clinical state, 26–72 yr old schizophrenic patients, 25298
sex & age of onset & chronicity & prodromal personality characteristics & other factors, schizophrenia, conference presentation, 22051
sex concordance for schizophrenia, male vs female proband-relative pairs, 17428
sex differences & handedness, schizophrenic patients, comments on study by H. A. Nasrallah et al, 6519
sex differences, etiology of schizophrenia, 1249
sleep recordings, schizophrenic 19–36 yr olds vs obsessive compulsive 16–43 yr olds, implications for serotonergic-deficiency hypothesis of schizophrenia, 1297
slow virus etiology for schizophrenia & multiple sclerosis, 1241
social adaptation, former group psychotherapy patients with schizophrenic psychosis, 4-yr followup study, 20325
social class & ethnicity, schizophrenic patients admitted to psychiatric facility, Israel-born Jews, test of social selection vs social causation hypothesis of schizophrenia, 1288
social contact & treatment outcome, 16–59 yr old inpatients with schizophrenia & affective disorders, 1-yr followup, 7408
social skills training & rehabilitation, schizophrenic patients, 25564
social skills training, psychopathology & rehospitalization & social functioning, 29–35 yr old medicated schizophrenic inpatients at risk for relapse, 9-mo & 2-yr followups, conference presentation, 22725
social skills training vs holistic health therapy, social skills & adjustment & relapses & rehospitalization, schizophrenic males evaluated 9 wk after treatment & for 24 mo in community, 20548
social withdrawal & conservatism, schizophrenic inpatients, 22142
sociodemographic & clinical characteristics, hospitalized schizophrenic patients of Igbo origin, Nigeria, 5-yr followup, 6528
sodium thiopental, nonstructured interviews, schizophrenic patients with positive vs negative symptoms, conference presentation, 24704
somatic illnesses, 21–67 yr old manic depressive vs 20–70 yr old schizophrenic patients, 19924
somatostatin & bombesin & cholecystokinin levels in CSF, schizophrenic patients, 6507
Spanish translation of scale for assessment of negative symptoms in schizophrenia, 10775
spatial frequency gratings, iconic formation, schizophrenic 18–45 yr old males, 30216
specificity & predictive validity of global attentional deficits, marker of risk for schizophrenia, 7–12 yr olds, 9-yr study, 11916
speech & thought disorders, schizophrenia, comments on proposal by E. Chaika, 3868
speech & thought, schizophrenia, reply to comments by I. Lanin-Kettering & M. Harrow, 3822
spontaneous & evoked electrical activity & EEG, 22–39 yr olds with schizophrenia, 1323
stability of time estimations, chronic vs subchronic schizophrenic 22–50 yr olds, 1–2 yr study, 19997
standards of practice related to clinical indications & treatment procedure & dosage of ECT, psychiatric institute patients with schizophrenia vs affective disorders, Canada, 2103
strategic therapy vs expressed emotion research, role of family in treatment of schizophrenic family member, 4388
stressful life events, onset & family history of schizophrenia, 17–36 yr old patients & their 1st-degree relatives, 9251
structural abnormalities in frontal system using magnetic resonance imaging, White patients with schizophrenia, 22020
structure of repetitions in association flows, normal vs brain injured vs schizophrenic adults, 11886
subliminal activation of wish for oneness with mother, unconscious symbiotic fantasies & ameliorative effects, schizophrenic & neurotic & normal Ss, implications for patient-therapist relationship, 15022
subliminal psychodynamic activation, cognitive measures of pathology, schizophrenic 21–59 yr olds, replication & criticism of study by L. H. Silverman et al, 11992
subliminal stimulation of unconscious symbiotic fantasies, pathological thinking & nonverbal behavior & self esteem, 18–65 yr old hospitalized schizophrenic males, 9272
successful oxyprothepine treatment, prophylactic effect of depot oxyprothepine, patients with schizophrenia, conference presentation, 15196
suggestions for counseling schizophrenics with religious disperceptions, pastoral counselors, 18225
suicidal tendencies, first-hospitalized schizophrenic patients, 14633
suicide, schizophrenic patients, extension of published data from Iowa Record Linkage study, conference presentation, 30098
sulpiride-induced hyperprolactinemia & impotence, 24–46 yr old patients with schizophrenia or anxiety disorders, 7271
sulpiride vs chlorpromazine, autistic & positive psychotic symptoms, 18–43 yr old schizophrenic patients, 1905
switching or holding strategy of disattention to auditory stimulation, Ss with passive vs reactive schizophrenia with vs without auditory hallucinations, 24647
symptom shaping & transformation & denial & suppression as self-healing techniques, schizophrenia, 6924
symptomatic & neuropsychological components, chronic schizophrenic 20–48 yr olds, 17314
symptomatology & pathophysiology of Gilles de la Tourette syndrome & schizophrenia, 18 yr old male, 22129
symptomatology & psychopathology & lifestyles & treatment needs, outpatients with schizophrenia, 4630
symptoms & etiology, neuroleptic-induced tardive dysmentia vs supersensitivity psychosis, criticism of I. C. Wilson's article & S. Mukherjee's criticism, 9271
symptoms of lysophosphatidyl choline-induced localized periventricular damage, male rats, implications for animal model of schizophrenia, 23994
systems for diagnosis of schizophrenia, prediction of short term outcome, 11924
tabulation of published research on biological aspects of schizophrenia, 1976–81, 14601
tachistoscopic presentation of letters of alphabet, perceptual thresholds & performance & interhemispheric integration in recognition of letters, schizophrenic 18–34 yr olds, 19917
temporal dysfunction of volition & habituation & performance subsystems, occupational behavior, schizophrenic patients, 3900
text cohesion & coherence assessed by recall of short stories, patients with schizophrenia or depression or organic brain disturbance, 9342
theories of etiology of schizophrenia, kibbutz- vs town-reared children of schizophrenic parents, Israel, literature review, 3899
therapeutic symbol as progressive psychotherapy, symbolization disturbances, schizophrenic patients, 1738

thought insertion, schizophrenic 30 yr old female, 9211
thyroid releasing hormone-induced changes in thyroid stimulating hormone & prolactin & growth hormone, 19–69 yr olds with depression or alcoholism or schizophrenia or adjustment disorder, 24613
thyrotropin-releasing hormone analog DN-1417, positive symptoms revealed in Brief Psychiatric Rating Scale & EEG recordings, schizophrenic 24–41 yr olds, 30758
thyrotropin releasing hormone-induced & basal levels of thyroid stimulating hormone, 19–71 yr old inpatients with depression vs schizophrenia vs adjustment disorder vs alcoholism, 6476
time between initial psychiatric contact & diagnosis & stability of diagnosis, male vs female patients diagnosed as schizophrenic, 1972–83, longitudinal study, Denmark, 27340
time course of cycles of attacks & remissions, patients with paroxysmal schizophrenia, 19987
tolerance for & side effects of zetidoline, schizophrenic 20–54 yr olds, 7280
transactional analysis reparenting techniques, mental status & adaptive functioning, hospitalized schizophrenic adolescents & young adults, 18287
transient grasp reflexes & frontal lobe dysfunction, schizophrenic 29 & 35 yr old males, case reports, 30179
treatment effectiveness of rehabilitation at private program vs government mental hospital, schizophrenic males aged 15–44 yrs, Pakistan, 20502
treatment in hospitals & practices & clinics & methods of pharmacotherapy & sociotherapy, schizophrenia, 6955
treatment issues, depressive schizophrenic patients, conference presentation, 30490
true diagnosis of late D. P. Schreber, reply to criticisms of K. S. Kendler & R. L. Spitzer, 3877
type of treatment & family heredity factors, academic performance, college students with typical vs latent schizophrenias vs schizoaffective psychoses, 9313
types & extent of auditory & other hallucinations & dismissal method, hospitalized patients with schizophrenia, 1686
understanding schizophrenic symptoms through modern art & literature, 14653
unilateral ECT applied to dominant vs nondominant hemisphere, schizophrenia with delirious &/vs hallucinatory syndromes, psychiatric patients, 4243
universal myths & superstitions determining behavior of primitive people & children as underlying manifestations of schizophrenia, 9340
use of ECT in private clinics vs public psychiatric wards, female vs male schizophrenic vs depressed patients, Chile, 27746
use of medication & nutrients & refined diets in alternative residential treatment program, illustrative case of female schizophrenic patient, 17718
validity of Cognitive Deficit subscale of Symptom Check List-90, prediction of outcome, 1st-episode schizophrenic inpatients, 3- & 6- & 12-mo followup study, 10843
validity of K. Leonhard's clinical-genetic classification of endogenous psychoses, inpatient schizophrenia probands & their relatives, 24727
validity of modified version of test developed by C. Semenza et al, assessment of selective conceptual deficits, employees of mental health facility vs schizophrenic vs affective disorder patients, 10810
validity of questionnaire, assessment of negative attitudes toward medication, relatives of schizophrenic patients, 2902
validity of Swedish version of Comprehensive Psychopathological Rating Scale, schizophrenic & depressive 18–80 yr old patients, Sweden, 23486
valproate, serum concentration & treatment of tardive dyskinesia, patients with schizophrenia or schizoaffective disorder, 30764
variables of premorbid functioning & family functioning & genetics, prediction of outcomes differentiated by 0–9 vs 10–19 vs 20 or more yrs followup interval, schizophrenic 16–55 yr olds, conference presentation, 14952
vasoactive intestinal polypeptide & cholecystokinin & gastrin levels in CSF, patients with endogenous vs nonendogenous depression vs mania vs schizophrenia, 3842
vasopressin & oxytocin concentration in CSF, schizophrenic patients receiving no drug therapy vs neuroleptic drug treatment, 20376
ventricular enlargement & atrophy of ventricle surrounding diencephalic structures, patients with schizophrenia, 6547
verbal & nonverbal & mixed cognitive functions, adults with deluded vs simple vs mixed symptom vs atypical schizophrenia, 6584
verbal & nonverbal expression of affect in speech, depressed vs positive symptom vs negative symptom schizophrenic patients, 11964
vibrotactile stimulus to forefingers, lateralization of somatosensory evoked cortical potentials, 19–61 yr olds with schizophrenia or severe affective illness, 14585
view as unitary disorder & problems in treatment of effectiveness of psychotherapeutic communication, schizophrenia, 27839
view of schizophrenia as discrete clinical disorder, comment on view of C. L. Cloninger et al, 30142
view of schizophrenia as discrete clinical disorder, reply to comments of D. Grayson, 30109
view of schizophrenia as nonexistent disease entity, 14583
visual EPs & skin conductance & EMG levels & psychoticism, 1st-degree relatives of schizophrenics vs neurotics, 3824
visual vestibular interaction, smooth-pursuit tracking, 20–60 yr old psychotic vs schizophrenic in- and outpatients, 9270
withdrawal of antiparkinsonian drugs & maintenance of neuroleptic therapy, tardive dyskinesia symptoms, 33 & 57 & 60 yr old females with manic depression or schizophrenia, 25334
works of R. D. Laing regarding family dynamics in schizophrenia & other psychopathology & family therapy & linkages to J.-P. Sartre's existentialism, 30655
1-yr maintenance therapy with clopenthixol decanoate, schizophrenic 19–70 yr olds in remission, conference presentation, 7254
2-7-8 MMPI code type & visual information processing, schizotaxia, college students, 24687

Schizophrenogenic Mothers
risk for thought disorder, 5–16 yr olds with psychotic mothers vs hospitalized with psychosis vs nonpsychotic behavioral problems, 6472

School Adjustment
anxiety at beginning school, preschool 6 yr olds vs 6 vs 7 yr old 1st graders, 7676
athletic participation, academic performance, college athletes, 31243
attention to tasks & academic progress & teacher-child interaction, European vs Maori vs Pacific Island children assessed at entry vs 6 mo into 1st term of school, New Zealand, 28499
attitudes toward adolescent behavior problems & rating of impact on school & general social adjustment, 25–50 yr old parents & teachers & 14–15 yr old secondary school students, Barbados, 25848
"beat the buzzer" procedure, modification of morning dawdling behavior in preparation for school, 6 yr old female & 7 yr old male, 25241
Behavior Rating Profile vs J. R. Mercer's Teacher Questionnaire, in-school adaptive behavior rating, Black vs Hispanic vs White 7 yr olds & their teachers, implications for unbiased assessment, 31343
classroom environment, mental health & adjustment & locus of control, junior high school students, replication of author's previous study, 23040
community and school-based Children Helping Children Program, children's school & emotional problems & parenting effectiveness, 6–12 yr olds & their custodial parents, 28603
conflict of interest of commitment to needs of children with learning & adjustment problems vs role as Local Education Authority, educational psychologists, 18673
construction & reliability & validity of teacher-child rating scale, assessment of school competency & problem behavior, teachers & their kindergarten through 6th grade students, 31337

counseling, adjustment to law school, 30 yr old female, 7758
crisis intervention, self concept & self esteem & attribution & information processing related to school entry & transition & failure crises, students, 4997
cultural & educational transition, Israeli immigrant families, US, 29796
depression & psychological separation & college adjustment, male vs female college students from intact families, implications for developmental theory, 15801
emotional & social concerns at school & home & with peers, gifted 7–18 yr olds, 31280
environmental move & previous boarding school experience, homesickness, 11–17 yr olds attending new boarding school, Great Britian, 28505
exploratory intervention based on college adjustment scale, college students, 15882
historical overview of impact of minority status & discrimination & suggestions for & role of teachers in creation of bias-free educational environment, immigrant Asian-American students, 28517
home leaving strategies of economic independence &/vs personal control &/vs positive emotional attachment, prediction of ego identity & college adjustment, college students, 28496
home vs boarding school environment, problems & worries recorded in diary & homesickness, 11–16 yr olds, Great Britain, 7659
impact of orientation program with academic emphasis, freshmen college students, 25936
interagency model for transition from correctional institutions to public school programs, juvenile delinquents, 28220
involvement & evaluation & attitudes toward major areas of college life before vs after 1979 reform of entrant selection system, college students, Japan, 13052
loneliness, late adolescent female vs male college students, 28511
nonsupervision vs supervision by other vs mother in rural community, school adjustment & intrinsic vs extrinsic motivation in classroom & academic achievement & fear level, 5th & 7th graders, 19666
outpatient adolescent reception group, social & school adjustment, 3 sisters, 1822
peer-led information processing group program, orientation & adjustment to high school, entering 8th graders, 23116
peer network program, provision of social support & maintenance of cultural heritage, Chicano college students, 25899
peer teaching, perceptions of class environment & adjustment & academic achievement, 5th graders, 22994
perception of adaptation to American public schools, Hmong & Vietnamese & Korean students & parents & American counselors & teachers, 15789
perception of family & social environment & social support, well-being & academic adjustment, high school students, 21759
perception of problems children encountered on return to school, parents of children with cancer, 15779
personality problems & social & school & emotional adjustment, 10 yr olds with spina bifida, implications for support, 25002
predictors of problems in adjustment & transition during study in foreign country, Black East & West African & Arabic North African college students attending US universities, 25829
preparatory spatial familiarization, attitudes about academic & spatial & social affairs in school, male 5.1–6.2 yr olds entering kindergarten, 28501
previous educational transition, middle school transition adjustment assessed by measures of self esteem & self consciousness, 5th–6th graders before & after grade change involving change in schools vs same middle level school environment, 20744
primary school readiness & adjustment, 6–11 yr olds from urban vs rural environments, 7660
programs for primary prevention of school maladjustment, elementary school students, 4985
psychosocial & physical environment & geographical distance of move & personality factors, homesickness, 1st-yr vs post-1st-yr college students, UK, 4909
reading & mathematics achievement & personal & social & educational adjustments, physically disabled students in regular elementary school, 23023
recent stressful life events, school adjustment & competencies, 1st–4th graders, 2475
reliability & validity & item analysis of Simplified Health Questionnaire, detection of school maladjustment, junior high school students, 18678
school adjustment & physical/health characteristics & recent life events & family background as risk & resource indicators, well vs poorly adjusted retained vs nonretained 1st–4th graders, 15733
social & family & developmental history & attitudes toward school & transfer, social adjustment in transition to secondary school, underreacting & maladjusted entering secondary school students, England, 4-yr followup, 7657
social adjustment & academic performance background, college adjustment & academic achievement, Black vs Chicano college students in predominantly White college, 20729
student development program, ability & performance & self concept, college students, 18682
task specific learning strategies, coping with curriculum demand, adolescents with learning disabilities, 20675
teacher & child perception of classroom environment, adjustment, 2nd–4th graders, 23042
transfer to English program due to academic difficulty & poor adjustment, academic & cognitive variables & school attitudes & classroom behavior & attitudes toward 2nd language, former French immersion 3rd–5th graders, Canada, 15633
transition from elementary to secondary school, academic achievement, students, 7677
transition from elementary to secondary school, learning, secondary school students, 7671
views regarding urgency & prognosis of types of school adjustment problems, junior high & high school teachers vs mental health professionals, 15622
1st school experience in country of origin vs host country, socialization & self concept & family relations & adaptation to host society, 14–16 yr olds from Antilles vs Maghreb, France, 3502
1981 Educational Act & role of educational psychology in assessing needs, children with substantial learning or adjustment problems, Great Britain, 18629

School Administration [See Educational Administration]

career education course, development & implementation of career exploration programs, school administrators, 18442
changing school administrators, school performance & effectiveness & communication & decision making, literature review, 4819
current training evaluation practices & recommendations, internship programs, clinical psychology internship program directors, 28333
decision making model for teacher screening & selection, school administrators, 2300
degree of consensus on relative importance of presidential roles, college presidents & governing board chairpersons, 25727
development of behavior-observation instrument, assessment of supervision in educational programs for mentally retarded children, female 25–36 yr old school supervisors, 28591
development of workshop on adaptation of regular curricula for special students, secondary teachers & administrators, 10313
dynamics of interactive relationship, college psychotherapist & dean of students, 25925
extent & effectiveness of on-the-job training of assistant principals in specific tasks, elementary & junior high & high school principals vs assistant principals, 25739
integration between industry & education, secondary school headteachers/administrators, Great Britain, 18422
job related stresses & satisfactions, chairpersons in doctoral-level psychology departments, 28281
leadership by president & college & university success, 25735
leadership orientation & situational control, job stress, college administrators, 4814
lens model methodology, criteria used in performance evaluation of school administrators, supervisors vs teachers vs school administrators, 18448
opinions on reading instruction changes in merit pay program, elementary school teachers vs principals vs central administrator, 18449

Peer-Assisted Leadership program, school principals & administrators, conference presentation, 20650
perceived causes for college president turnover, former community college presidents vs board of trustees members, 2317
perceived institutional goals, faculty & students & administrative staff at church-affiliated colleges, 2293
perception of department chairperson's ability to initiate structure & performance of typical responsibilities, assessment of leadership & effectiveness, college faculty members, 25741
perceptions of evaluation & evaluator's role in educational process, local education agency administrators vs evaluators, 2337
perceptions of gifted reevaluation practices, special education teachers & supervisors, 28391
perceptions of quality of secondary school life, students vs teachers vs administrators, 7667
perspectives brought to mainstreaming process, deaf children & parents of handicapped vs nonhandicapped & special vs general education teachers & administrators, implications for preparation of teacher training programs, 23073
recommendations for reforming higher education administration, 2312
referral practices in specialized professions & growth of bureaucratic superstructure, general vs specialized physicians vs teachers vs educational administrators, 28320
reliability & validity of Ohio Work Values Inventory, public school administrators, 25914
role conflict & ambiguity & powerlessness & demographic & contextual variables, burnout, high school supervisors, 18438
tax initiatives & declining student enrollment & Affirmative Action programs, employment in educational administrative positions, females, 12920

School Age Children

ability to adapt to delay & judgment of duration, 1.5–7 yr olds, 858
ability to adapt to delay & judgment of duration, 1.5–7 yr olds, criticism of study by V. Pouthas & A.-Y. Jacquet, 808
ability to conserve & scores on measure of cognitive development & use of syntactic structures, kindergartners & 2nd graders, 19617
ability to cope with situations of high arousal in miniature golf training vs minor vs large competitions, 7–59 yr olds, 26877
ability to interpret statements that differed according to degree of certainty & part played by negation, 6–11 yr olds, 8695
ability to make inferences about other's emotional reaction in light of prior experience, 2nd vs 5th graders vs college students, 8843
ability to recognize real words from orthographically correct vs incorrect pseudowords under visual vs aural vs bimodal conditions, reading disabled 8–11 yr olds, 22213
ability to understand deictic content of pronouns vs locatives vs motion verbs in oral vs written language vs picture selection tasks, 2nd graders, 21719
ability to write summaries of expository vs narrative prose, 4th–5th graders, 21734
abnormalities in chromosome 15, 2 mo to 9 yr olds with Prader-Willi syndrome symptoms, 17584
abortion, birth control practices, 10–18 yr old females first surveyed 1 yr postabortion, 2-yr followup, 8808
absolute vs relative differences in short vs long speech segments, 7.8–8.4 vs 28–40 yr old speakers of American English, implications for development of children's speech motor control, 3454
academic & social self esteem & attitude toward parents & locus of control, 9–14 yr olds from divorced vs intact families, implications for social casework, 8917
academic achievement & IQ & neuropsychological functioning, 4.5–10.5 yr olds with arrested hydrocephalus, 22336
acceptance & attitude toward childhood autonomy, Black vs White low SES mothers of 84–126 mo olds, 19715
acceptance & rejection of indetermination, 6–8 yr olds, 14143
accuracy & confidence during rote learning, 10 yr olds, 8689
acquisition & utilization & long term retention of ill-defined category classifications, 5th graders, 24131
acquisition of left-branching languages, preference for backward patterns of anaphora, monolingual 3–11 yr olds, Korea vs Japan, 29632
acquisition of morpheme "-ing" & overgeneralization of progressive form to stative verbs, 4.2–6.5 yr olds, 839
acquisition of "much" & "many" linguistic mass-count distinction, 3.5–9 yr olds, 820
acquisition of sentient-nonsentient & animate-inanimate distinction, 4.2–4.9 vs 5.3–5.8 vs 6.3–6.7 vs 7.3–7.7 yr olds, implications for causal reasoning & social cognition, 870
adaptation of Likert scaling for use with children, 6–8 yr olds, implications for occupational therapy, 5330
adjective polarity & negative vs positive form, comprehension of comparison sentences, 4–6 yr olds, France, 14145
adolescent depressive mood & parent mood & 1 parent's role as buffer for 2nd parent's mood state, 30–56 yr old parents & their 10.4–14.4 yr old daughters, 24295
age & ambiguity & complexity of pictures, part/whole identification of pictures, 2–7 yr olds, 26852
age & cognitive development & SES, understanding of various TV concepts & viewing patterns, male vs female 5–12 yr olds, 11409
age & context & understanding of word "more", performance on conservation tasks, 4–6 yr olds, 26844
age & level of causal reasoning & cognitive style, prediction of comprehension of safety & prevention, 3.2–8.9 yr olds, 26817
age & performance on manipulative subscales of Spanish adaptation of WISC, male vs female 5.5–8.5 yr olds, Spain, 29581
age & position, perception of peer vs adult authority, male vs female 1st vs 3rd vs 5th graders, 21781
age & sex & race of older adults, perceptions of aging, Black & White 1st–6th graders, 8875
age & sex & surviving parent's health status & sex, risk of psychopathology, 2–17 yr olds bereaved of 1 parent, 13-mo followup, 22018
age & sex differences, development of dichhaptic lateralization, 1st–10th graders, 19646
age & sex, event-related potentials during continuous performance test, 12–17 yr olds, 19553
age & sex, fulfillment of psychological needs by different games & sports, 3–14 yr old females vs males, 26940
age & sex of child & parental marital status, behavior problems, 2–17 yr olds in clinical setting, 30252
age & task conditions, placing-over vs pointing responses as communicative behavior, 1.5–5.4 yr olds & mentally retarded 6.9–12.6 yr olds, 854
age, ability to construct & reconstruct social event sequences, children with mean ages of 5.7 vs 7.5 vs 9 yrs from Dutch vs non-Dutch parents, Netherlands, 3445
age at entry to intensive behavioral intervention program, treatment outcomes, autistic children younger vs older than 60 mo, 7135
age, attitudes toward mental illness, 2nd–8th graders, 30239
age, conceptions of ability & nature of skills required on verbal vs abstract intelligence tests, 1st–9th graders & college students, 26846
age, conversational repair strategies in response to requests for clarification, linguistically normal 2.6–9.8 yr olds, 19577
age, cooperative & competitive attitudes, male vs female 5th–12th graders, Japan, 6152
age, creativity, 12–16 yr olds, 6154
age differences & auditory vs visual mode of presentation, paired associate learning, 2nd–5th graders, 19598
age differences & cognitive processes, social decision making, 36–93 mo olds vs college students, 29678
age differences & positive vs negative consequences, allocation & distribution of punishment, 4–8 yr olds, 11500
age differences & target S's ability level & achievement scores & label as mentally retarded, attributions & expectations & ratings of desirability as friend, 3rd vs 6th vs 9th graders, 16975
age differences & verbal ability, response patterns to FI schedules of reinforcement, Ss aged 6 mo to 1.5 vs 2.5–4 vs 5–6.5 vs 7.5–9.5 yrs, 8699
age differences, ability to understand simultaneously occurring emotions, 4.8–14.9 yr olds, 3453
age differences, perception of human & animate characters, 2nd vs 4th vs 6th graders, advertising implications, 6090
age differences, spatial problem solving, kindergartners vs 2nd vs 3rd graders vs college students, 6095
age differences, use of abstract reference frame to infer spatial relationships, 2nd & 3rd vs 5th & 6th graders vs college students, 29610
age, evaluation of peer vs adult speaker ambiguous messages, 1st vs 4th graders, 19643

age, geometrization & attribution of meaning to motion, 4–11 yr olds, 14146
age of rater & S, perceptions of child's aggression & withdrawal & peer ratings of behavior, teachers & 1st & 4th & 7th graders, 29756
age, phonemic processing RT during picture recognition task, male vs female children vs adolescents vs adults, 14152
age, primary process content & use of drive & concrete & emotional words & lexical diversity in spontaneous fantasy narratives, male vs female 2–11 yr olds, 29658
age, understanding uncertainty in physical nature of random phenomena, 3–5 & 7 yr olds, 26835
allegory vs metaphor comprehension assessed by multiple choice matching task, 6 vs 8 vs 10 vs 12 yr olds, 29659
alternative- vs consequential-thinking vs evaluative-judgment dimensions, aggressiveness & assertiveness & submissiveness, 4th–6th graders, implications for treatment, 6007
alternative digital method for teaching time telling skills, children, 12950
amitriptyline & haloperidol, symptoms of depression & anxiety, 7 & 9 & 14 yr olds with terminal cancer, 18080
analysis & simulation model of verbal protocols for learning to program recursive functions, 8 yr old & college students, 16323
analysis of drawings of houses & stages of development, females from 4.5–10 yrs old, longitudinal study, 3395
analysis of test items' information processing demands, development of nonverbal reasoning tests, 10–11 yr olds, 26249
analytic contextual matching test, analysis of conceptual style & concept formation & matching behavior, 5–9 yr olds, 24143
animate vs inanimate object & culture & religion, concepts of irreversibility & universality & inevitability of death, 5 vs 6–7 vs 8–9 yr olds, 3378
animistic & natural science modes in perception of unusual phenomena, 4–6 yr olds, 16958
ankle flexion & ladder angle while climbing, 4–8 yr olds, implications for design of play apparatus, 19554
anxiety levels, 6–16 yr olds with behavior disorders vs recurrent abdominal pain & their mothers vs fathers, 30405
anxiety-over-errors vs -competence, reflective & impulsive behavior, 8–11 yr olds, 8919
apprehension in interpersonal communication, 5–11 yr olds, Sweden vs US, 19696
arguments & disputes, development of fluid small group social organization & relationships of authority & friendships, 1st graders, 14228
articulatory suppression, reading latencies & retention of text, 7.9–8.6 yr olds, Greece, evidence for role of phonological recoding, 29638
assignment of moral responsibility & punishment for harm, 5 vs 7 vs 9 vs 11 yr olds, 16899
associative vs categorical organization of materials, free recall, kindergartners vs 4th vs 10th graders, 3425
attention to context information, memory for target words, 2nd vs 3rd vs 5th graders vs college students, 16906
attention to intergroup distinction, intergroup discrimination between minimal groups, 11 yr olds, 3480
attentional demand of monolog vs mental arithmetic vs rest tasks & personality traits, frequency of body-focused hand movements, 5th graders, 3437
attitude toward religion & impulsiveness & venturesomeness, 11–17 yr olds, 29729
attitudes toward adolescence, 12 yr olds & their parents, 11555
attitudes toward nonretarded vs mildly vs moderately retarded target child depicted with socially competent vs withdrawn vs aggressive behavior attributes, nonretarded 4th–6th graders, 8902
attitudes toward pets, 3–13 yr olds, 29711
attitudes toward same sex child with physical handicap vs mental retardation & social & academic competence vs incompetence, 3rd–4th vs 7th–8th vs 11th–12th grades, 24227
attitudes toward TV programs & films that induce fear & fright, 5–8 yr olds vs 8–11 yr olds, 24102
awareness of inconsistencies in game instructions & willingness to question child vs adult, kindergartners through 6th graders, 29598
background & experiences & earlier cognitive development, reading ability, children assessed at birth & ages 3 & 5 & 7 & 9 yrs old, 26874
beginning vs skilled readers, perceptual span & eye movements, 7–11 yr olds & college students, 21724
behavior problems & sexual abuse, male vs female 3–12 yr olds, 22156
behavior problems & social competence, male vs female 6–11 yr olds from violent vs nonviolent families, 14702
behavior problems & social competence, 4–16 yr olds from violent vs nonviolent families, 4052
behavior problems, obese 6.3–11.9 yr olds in behavioral weight reduction program, 14849
behavioral & cognitive aspects of decision control, male vs female 4 vs 9 vs 14 yr olds, implications for socialization of powerlessness in females, 16888
behavioral intervention, nonconfrontational stealing, school age children, literature review, 18018
behavioral management program, behavioral distress, 3.5–7 yr old cancer patients undergoing painful medical procedures, 4432
behavioral sports fitness training, social status, 7–13 yr olds, 9831
behavioral style, objective vs parental rating of activity level, 4–8 yr olds, 3548
beliefs about sex differences, male vs female 7 vs 10 vs 15 yr olds, 940
Bender Visual Motor Gestalt Test, diagnosis of brain lesions, 5–12 yr olds, Spain, 28919
biological & psychosocial risk factors, intellectual & personality development, 2 yr olds, followup studies at ages 6 & 10, 11388
birth order & age interval between siblings, patterns of interaction with sibling vs peers, preschool & school aged same- vs mixed-sex sibling dyads, 2nd followup study, 16969
blind conditions, coding of location of objects, sighted & blind children with mean age of 8.8 vs 10.9 yrs, 14875
blindfolded practice & proprioceptive vs visuospatial feedback, learning gross motor skills, 11–12 yr olds, 6056
blindism behaviors, school age blind children, Nigeria vs England, 24856
breech delivery, cognitive & behavioral development, 6–14 yr olds born with cesarean section vs vaginally, 19556
brief behavioral treatment program, eating styles, obese 7–12 yr olds, 12527
brief situation-specific group-administered preparatory intervention for mass inoculation, 6th grade females, 15240
capacity for rotation vs construction spatial perspective task performance, 6–8 yr olds, 19634
cause & intensity & motivation for anger & behavior when angry, 1st vs 3rd vs 5th vs 7th graders, 3538
cause of target event & presence & timing of questions, inferences & recall, 4.5–5 vs 7.5–8 yr olds, 6088
cerebral lateralization for speech, severely to profoundly deaf 5–6 & 13–14 yr olds, 12240
challenging cognitive task under clear vs ambiguous performance standards, heart rate & blood pressure, Type A vs Type B 11–14 yr olds, 16893
changes in conceptualization of personal & social aspects of self understanding, kindergartners vs 2nd vs 4th vs 6th graders, 19685
changes in conversational skills & peer responses during social skills training, treatment outcome, unpopular 9.3–12.8 yr olds, 17980
changes in stance & gait, development of reflexes for movements necessary for maintenance of body equilibrium assessed by leg muscle EMG, 1–8 yr olds, 24117
characteristics at admission to chemical dependency program vs at 6-mo followup, 10–23 yr old White vs American Indian drug abusers, 18330
characteristics of dimensions of self identity, 4–8 yr olds, Spain, 3503
characteristics of drawings, 3.5–17 yr old female incest victims, 12122
characteristics of social cognition, clinically referred 6–12 yr olds with internalizing vs externalizing symptom patterns, 17281
child abuse vs exposure to violence between parents, adjustment, males with mean age of 10 yrs, 12061

child-child vs adult-child dyads, egocentrism & decentration in language used in problem solving situations, 6 yr olds vs adults, 19631
child life intervention, waiting behaviors in hospital emergency rooms, 4–14 yr olds & their families, 10060
child temperament characteristics & maternal response to descriptions of behavior, mothers of 3–6 yr olds with Down's syndrome, 1473
childhood behavior problems & peer rejection, juvenile delinquency & adult criminality & mental health treatment, school age children followed into young adulthood, longitudinal study, 1450
childhood family placement history & maternal & teacher reports of behavior problems, 6 yr olds, New Zealand, 6-yr longitudinal study, 21760
Children's Environmental Response Inventory, measurement of personality & demographic variables & extracurricular activities in acquisition of environmental disposition, 9–16 yr olds, 8819
child's IQ & level of aspiration & intervention strategies & parental SES & literacy level, development of early reading skills, 5.8–6.7 yr olds, Canada, 11418
child's perception of own vs adult's expectancies about emotional reactions to different experiences, college students vs preschoolers & 3rd & 6th graders, implications for development of affect, 11556
choice vs no choice & delay prior to receipt of incentive, ability to delay gratification, 1st graders, 19671
classification & conservation of number & seriation tasks using nonverbal procedures, tasks developed by D. F. Lancy & G. T. Goldstein & relation to Piagetian cognitive development stages, kindergartners & 1st–2nd graders, 29588
classification of figurative stimuli into object vs position categories, 3–8 yr olds, 805
classification skills, referential communication task performance, 5–10 yr olds, 19605
classroom organization, experiences, handicapped vs nonhandicapped 2.1–6 yr olds in mainstreamed setting, 15822
cognitive & motivational influences, humor responses, White kindergartners vs 3rd graders, 14176
cognitive ability & reading knowledge, reading comprehension, 10 yr olds, 8727
cognitive development & death concept, 6–12 yr olds, 26834
cognitive development, premature infants English- vs Spanish speaking families followed to 8 yrs of age, longitudinal study, 21693
cognitive functioning & verbal IQ & psychosocial adaptation, developmental progression in understanding body functioning & illness, 6–16 yr old outpatients with thalassemia vs healthy 1st–10th graders & their mothers, conference presentation, 22324
cognitive performance correlates of written language ability, good vs poor performing 2nd–4th graders, Nigeria, 16939
cognitive problem solving dialoguing & drama therapy in group counseling, interpersonal skills, Black 10–15 yr olds in foster care, 20497
cognitive rules of notion construction, 11–18 yr olds, 21742
cognitive vs metacognitive factors in mathematics problem solving, learning disabled vs regular 2nd–6th graders, 1489
collectivist vs individualist culture, decision rules used for distribution of rewards between majority & minority in group, 12 yr olds, Japan vs Australia, 11522
community-based parent-involved cultural enrichment program, cultural identity & self esteem, Japanese-American 4–12 yr olds, 25448
comparison of actual level of cognitive development to J. Piaget's theoretical stages, 6–11 yr olds, 19621
comparison of 4 sets of diagnostic criteria, depressed 6–12 yr olds, 6579
competitive vs slow & complex tasks, cardiovascular responses, Type A vs B prone 4th & 5th grade males, 763
complete vs partial visual information, accuracy of aimed movements to visual targets, 1.5–8 yr olds, 26813
completion of Child's Report form, participation in assessment by special team of need for extended residential care, 10–17 yr olds, 18188
compliance vs predictability hypotheses & factors in aversive exchanges, 4–12 yr olds & their mothers, 21845
comprehension & appreciation of cognitively oriented humor, 5–6 yr olds, 14161
comprehension of actional vs experiential passive verbs, 1st & 3rd & 6th graders vs preschoolers, 867
comprehension of causal connective "because" in increasingly complex sentences with vs without task instructions & modeling & memory props, preschoolers vs 1st vs 3rd graders, 6079
comprehension of cinematic montage, reconstruction of stop-animation televised segments, 3 vs 5 & 4 vs 7 yr olds, 865
comprehension of instant replays on TV, 4–9 yr olds, 24149
comprehension of nonverbal metaphoric similarity, figurative language production & comprehension, 5 vs 7 vs 10 yr olds, 29593
comprehension of physical action vs mental verb passives, 4–11 yr olds, 8761
comprehension of relationships between time & speed & distance, comments on study by F. Wilkening, 810
comprehension of relationships between time & speed & distance, 5 vs 8 vs 10 yr olds vs adults, 875
comprehensive evaluation, autistic behavior, 5–17 yr olds in self contained unit in public schools, 23139
comprehensive list of descriptors of behaviors for subsequent psychometric measurement of tactile defensiveness, elementary school children, 20980
conception of food & development of trace vs associational contamination, 3.5–12 yr olds vs adults, 8779
conception of future & its expression in optimistic or pessimistic terms, 12 & 15 & 18 yr olds, Sweden, 29669
concepts of gender differentiation & domain-specific social judgments, kindergartners vs 3rd vs 5th vs 8th graders, 6157
concerns about world affairs & war, gifted vs nongifted 6–10 yr olds, 29680
concurrent predictive validity of neuropsychological instruments & intelligence measures, prediction of academic achievement, 6.5–8.5 vs 8.5–11 yr olds with reading disabilities, 23114
concurrent validity of adaptation of WISC-R for deaf children & Hiskey-Nebraska Test of Learning Aptitude, prelingually deaf 6.8–16.3 yr olds, 18973
concurrent validity of Child Behavior Checklist, 6–11 yr olds referred to child psychiatry outpatient department, 2881
conduct problems & self reported depression, 9–12 yr old emotionally disturbed male inpatients, 30191
confederate/opponents always voluntarily helping vs being compelled always to help, attribution of confederate's motivation to help, 1st vs 6th graders, 8838
congruence between reference fields & name order in learning miniature artificial language, English speaking 3.6–4.6 yr olds & Fijian 3.5–6 yr olds, 19580
conservation tasks presented as reality vs appearance/reality format, incidence of conserving response, 4.7–7 yr olds, England, 14181
consistency of assertive & aggressive & submissive behavior, male vs female 3rd–5th graders, 3491
construct validity & statistical correlation, semantically negative- & positive-valence items on verbal self report measures of latent traits, 8th–9th graders, 10779
construct validity of Kaufman Assessment Battery for Children Sequential & Simultaneous Processing scales, male vs female 2.5–12.5 yr olds, 28970
construct validity, PPVT-R as measure of general achievement, 6–11.9 yr olds, 113
construction & standardization of visuomotor test, assessment of effects of visuomotor ability, 4–6 yr olds from Head Start programs, Puerto Rico, 28927
construction of Children's Negative Cognitive Error Questionnaire, 4th–6th & 8th graders with vs without self reported symptoms of depression & low self esteem & evaluation anxiety, 28978
construction of horizontal vs vertical vs diagonal lines & explanation of oblique effect, 5 vs 8 yr olds vs college students, 19594
construction of parallel version of perceptgenetic test, prediction of creativity, 10–11 yr olds vs 20–42 yr olds, 18933
content analysis of oral account & play rendition of same events, kindergartners vs 1st graders with literate vs oral speech styles, 11467
content of social event, conceptions of parental authority & obedience, 6–7 vs 8–9 vs 10–11 yr olds, 17016

context & category cues, recall of episodic information from memory, 2nd vs 4th graders vs college students, 11401
context of task demands & knowledge of factors affecting listening performance, redundancy in descriptions of pictures for imaginary peer listeners, 1st vs 5th graders, 24152
context, word recognition, 3rd vs 5th graders vs college students, implications for spreading activation process & expectancy-based attention, 8793
contextual orientation, reproduction of diamonds vs squares, 4–6 yr olds, 8710
contextual play technique, assessment of fears & worries, male vs female 5–6 yr olds, 8857
continuous visual & aural presentation of nouns, forgetting rates & long term retention in word recognition & modality identification tasks, 3rd & 4th graders vs college students, 14164
contracted-for reward, performance on various creativity tasks, 5–11 yr olds & female college students, 16972
convergent & discriminant validity of ethnic attitude measures &/vs role & perspective taking tasks, White 2nd–4th graders, 18968
cooperative & competitive vs individual conditions, problem solving effectiveness & time, 6th graders, 756
coordination of perspectives in space & drawing, low & low-middle SES Black 8–14.4 yr olds, 14198
correlational structure of recall for visual material vs nonsense syllables & words, 8–9 vs 12–13 vs 16–17 yr olds, 6036
correspondence between child report & parent report of child's depression, 8–17 yr olds referred for psychiatric evaluation of depression, 11979
covariation information, impressions of others, kindergartners vs 2nd vs 5th graders, 24179
creation of narratives & syntactic language skills, 6th vs 9th graders, 16929
creativity & intelligence, 9–10 yr olds, Spain, 26800
cross cultural & age differences, everyday social explanations, 8 & 11 & 15 yr olds & adults, US vs India, 29630
cue significance & response regulation, learning of discrimination tasks, 3 vs 4 vs 5 vs 6 yr olds, 8697
cues to depth, judgment of relative sizes & spatial locations of objects in photographs, 7–8 vs 13–14 vs 18–23 yr olds, Malawi, 6064
death of father in war, bereavement behavior, 1–10 yr old normal kibbutz children, Israel, 11512
declarative & procedural knowledge, solving simple vs complex addition problems, 1st vs 4th vs 7th vs 10th graders, 825
deep vs shallow level of processing & list length, time perception, kindergarten vs 2nd vs 4th vs 6th grade students, support for attentional & storage size time perception models, 29580
degree of acculturation & cognitive style, performance on verbal & nonverbal intelligence tests, Anglo vs Mexican American 4th–5th vs 8th vs 12th graders vs college students, 14157
degree of sexual activity, sexual attitudes & social practices & choices of popular singers, female 8–17 yr olds vs 21–22 yr olds responding about own adolescence, 1973–83, conference presentation, 11510
demographic & social & behavioral characteristics, 6–11 vs 12–18 yr old educable mentally retarded students, 27471
demographic characteristics & correlates, infant & child mortality, ever-married 15–19 yr old mothers, Jordan & Egypt & Tunisia & Yemen Arab Republic, 27496
demographic indices & response to stresses, parents of handicapped school age children, 27246
depression & academic achievement, 78–136 mo olds with learning disabilities & low IQ vs socioemotional disturbance vs hyperactivity, 18584
depression, associated nonverbal behavior, 7–12 yr old psychiatric inpatients, 11950
depressive symptoms & hopelessness & self esteem, physically abused vs nonabused 6–13 yr old psychiatric inpatients, 1433
derived vs supplied strategy utility information, strategy selection, 2nd graders, 16918
detail & accuracy & eye movements, eidetic imagery, 6–10 yr old eidetikers vs noneidetic imagers vs nonimagers, 26858
determination of rules used for inference of causal relationship, 3–4 vs 7–8 vs 11–12 yr olds, 21731
development & sign-based perceptual abilities, deaf 5–9.9 yr olds, 20164
development & use of image magnifier system, visually impaired preschoolers to 4th graders, 24951
development & validation of Children's Self-Report Psychiatric Rating Scale, clinical & normal 6–13 yr olds, 16122
development & validation of Home Musical Environment Scale, 2nd graders & their parents, implications for music education, 10789
development & validity & reliability of simulated moral dilemmas, measurement of stealing behavior & moral judgment, 7–16 yr olds, 2897
development & validity of Multidimensional Measure of Children's Perception of Control, 3rd–9th graders, 123
development of analogical reasoning, average vs above-average 3–6 yr olds, 877
development of artistic perception, 3rd–5th graders, USSR, 16915
development of cognition of social status, kindergartners vs 1st vs 2nd vs 3rd graders, 26911
development of concepts of hardness as intensive physical quantity, 3–10 yr olds, 26865
development of concepts of volume & flotation, 7–9 vs 11–13 yr olds, 19602
development of divorce impact questionnaire, assessment of perceptions about children's reactions to divorce, parents of 3rd or 5th graders from disrupted vs intact homes, 10825
development of economic reasoning, 4–5 vs 6–7 vs 8–9 yr olds, educational implications, 8783 .
development of explanation & its expression in storytelling & comprehension of narrative sequences, 5–10 yr olds, 24155
development of face & handwriting recognition, 8–13 yr olds, 866
development of Gender-Stereotyped Attitude Scale for Children, kindergartners & 1st & 2nd & 4th graders, 2918
development of inference from focal idea to presupposed idea in elementary sentences, 2.8–4.1 vs 4.2–5.1 vs 5.6–6.3 yr olds, 824
development of instrument for measurement of perceptions of stressors in children's lives & experiences with & emotional reactions to these stressors, 3rd–6th graders vs professionals, 26201
development of internalization of concept of death, Jewish vs Moslem vs Christian vs Druze 10 yr olds, Israel, 14153
development of knowledge about appearance/reality distinction, children, 21697
development of languages, French speaking 1–6 yr olds in Senoufo tribe subgroups, Ivory Coast, 24141
development of length & number conservation concepts, comprehension of linear measurement & its components, 63–78 mo olds, 29653
development of linguistic understanding of "more", 2.5–6 yr olds, 819
development of peer commonality & adult conventionality in object term descriptions, kindergartners vs 2nd graders vs college students, 29567
development of perceived usefulness of help, 3rd–12th graders, 11529
development of preadolescent sexuality program in residential treatment center, school age patients, conference presentation, 30969
development of preference for complementary vs taxonomic relationships, 3–15.5 yr olds, 11420
development of private speech, preschool & school age children, 26810
development of problem solving in gears task, 8–9 vs 11–12 yr olds, 29629
development of quantification of inverse proportionality beyond initial qualitative relation, acquisition of concepts related to proportionality, 11 yr olds, 8728
development of quantitative comparison ability, 5–6 vs 7 vs 10–12 vs 14–16 vs 18–50 yr olds, 6053
development of question asking, 4–6 yr olds, 6037
development of questioning conventions & degrees of politeness, 7–16 yr olds, 3544
development of scale to assess locus of control, 5th–6th graders, Mexico, 18940

development of schema for fine hand coordination through use of upper limbs, development of schema for gross motor skills, 1st graders, 14196
development of selective attention & perception of dimensional structure of bi-dimensional stimuli, 6 vs 10 yr olds, 8732
development of self report questionnaire, measurement of ego strength, 6th graders, 8050
development of self understanding of conscience, 11–12 yr olds, 21672
development of taxonomic organization of named vs pictured categories, 3 vs 4 vs 6 vs 8 yr olds, 8799
development of understanding of concept of number zero, 3–7 yr olds, 21739
development of visuomanual sinusoidal tracking, 5–9 yr olds vs adults, 849
developmental & cultural factors, drawings of family meal, 2–5 vs 6–11 vs 12–18 vs 19–98 yr olds, 3405
developmental acquisition of time &/vs speed &/vs distance concepts, comments on study by I. Levin, 811
developmental changes in self esteem & locus of control, male vs female 8–11 yr olds, 5-yr followup, 3542
developmental changes, self reports of everyday memory abilities & difficulty of memory tasks, 3rd vs 6th vs 9th vs 12th graders vs college students, 24127
developmental differences & parental contact, 4–11 yr old males with masculine vs feminine gender identity, 21764
developmental differences in speed of visual information processing, 6–13 yr olds vs adults, 851
developmental perspective of postural control & growth of stability, 15–31 mo vs 4–6 vs 7–10 yr olds, 21732
developmental sequence of ignorance & false belief attribution, 3–6 yr olds, 26831
developmental trends & sex differences in self concept & self esteem judgments expressed in protocols, kindergartners through 12th graders, 8816
developmental trends in long term retention & forgetting, 2nd vs 6th vs 11th graders, 6045
dexamethasone suppression test, 6–22 yr olds hospitalized in psychopathology unit, 3832
diagnosis of Kleine-Levin syndrome, 10 yr old male with primary depressive disorder, 22048
diagnostic & psychosocial variables of suicidal behavior, 5–13 yr old psychiatric inpatients, 17473
diagnostic & treatment considerations, 12 yr old male with Tourette's syndrome & mania, 14800
differences in verbal & nonverbal IQ & visuomotor perception, normal vs dyslexic 2nd graders, 16947
differential utilization of looking vs naming vs rehearsing vs categorizing as mnemonic strategies, free recall task performance, preschoolers vs kindergartners vs 2nd graders, 21713
differentiated training program with criterion vs noncriterion apparatus, motor learning, male vs female 12–13 vs 15–16 vs 18–19 yr olds, 14189
difficult temperament, prediction of psychiatric diagnosis, 12 yr olds previously evaluated at age 7 yrs, 1332
dimensional salience, form perception & speeded sorting of orientation, kindergartners vs 4th graders, 21716
direct persuasion vs conflict mitigation coping strategies in conflict situation during play, male vs female 5 & 7 yr olds, 29725
discovery & management of intrusive medical procedures through play behavior, hospitalized chronically ill 2–6 yr olds, 10079
disruptive & aggressive & socially inappropriate behavior, 3rd–6th graders who are rejected vs neglected vs accepted by their peers, 11478
distance from child & eye contact & tone of voice during instruction giving, child's compliance to instructions, mothers & their 3–7 yr olds, 3386
distress & symptomatic behavior, 6–12 yr olds of varied ethnic origin who were subjects of parental dispute of custody, 21777
distribution of like-self vs unlike-self judgments & self-other constructs & personal constructs development, 8–18 yr old anglophones & francophones, Canada, 29662
divorce & child's age & sex, father-child relations, visiting fathers & their 3–8 vs 9–18 yr olds, 5-yr longitudinal study, 1024
divorce & remarriage, adjustment, children of divorced parents, 6-yr followup of longitudinal study, 21769
divorce, mental health, 2nd & 3rd & 5th & 7th graders, 2-yr followup, 21765
divorce, psychological disturbances, school age children, 3398
donating behavior in situations demanding altruism vs normative expectations vs internal initiative with concrete reward vs compliance, 7.8 vs 10 vs 12.5 yr olds, 8893
drawings as indicators of perception of pain, 5–9 yr olds in ambulatory clinic with acute health problem, 28042
drawings of animals & development of space & form & perspective, 4.5–5.8 yr olds, 3440
drawings of family & Oedipus complex, 7–8 yr old pre-oedipal vs oedipal vs post-oedipal males vs institutionalized 4–5.5 yr olds, 3488
DSM-III diagnosis & firesetting, child firesetters & psychiatric outpatients with mean ages of 9.4 & 9.9 yrs, 1426
dynamics of attentional stability as function of brain activity, school age children, 11439
Early Entrance Program at California State University, gifted 11–16 yr olds, 7705
early intervention programs, prevention of reading problems, 6 & 6.5 yr old boys, 13077
early pubertal development & physical attractiveness, popularity & body image & self esteem, female 6th graders, 3409
eating patterns & psychiatric morbidity & occupational outcome, 7.2–13.5 yr olds at onset of anorexia nervosa, 8.7–15.3 yr followup, 14844
ecological features of supermarkets, disruptive behavior, 1–12 yr olds & their mothers, 8897
ecosystemic model of therapeutic intervention, family-school problems, illustrations of families with 8 & 9 yr old school-dysfunctional males, 1840
educational reform movements & emergence of concept of latency, children, contributions to development of child psychology, 19th century, US, 22866
EEG, 7 yr olds with suspected minimal brain dysfunction & neuropsychiatric problems, Sweden, 1606
effectiveness of least restrictive environment transfer through social comparison, mentally retarded 6–18 yr olds who transferred from institutional setting to segregated community facility, 28096
effectiveness of WISC-R & Aphasia Screening Test, prediction of overall results of comprehensive neuropsychological evaluation, 8–16 yr old psychiatric patients, 27379
ego resiliency & egocentrism, 18 yr olds assessed at 3 vs 4 vs 7 vs 11 vs 14 yrs of age, longitudinal study, 29699
egocentric speech or talking aloud to oneself, 4–7 yr olds, 11411
emotional & social concerns at school & home & with peers, gifted 7–18 yr olds, 31280
emotional problems, 11–13 yr old children of alcoholic vs nonalcoholic fathers, 24811
empathy & presence vs absence of another person, sharing behavior, 6 yr olds, 16991
enactment vs paraphrase task, comprehension of short stories containing metaphorical sentences, 6 yr olds, 29654
encoding & decoding of 2nd language information & optimal period of acquisition, bilingual 2–13 yr olds, implications for bilingual education, Czechoslovakia, 11405
environmental knowledge & parental restrictions & distances & number of friends & participation in organized activities, neighborhood activity range, 6 vs 10 yr olds, Sweden, 6102
epidemiological model of child accident risk & conceptual model of prevention intervention, 7.6–9.6 yr olds, 4620
epidemiology of abdominal pain & psychiatric deviance, 5–6 yr olds, England, 22251
estimation of children's & self reported fear, mothers & their male vs female 4th & 6th & 8th graders, 21747
etiology of prepubertal anorexia nervosa, illustrative case histories, 22275
evaluation of father's discipline techniques, male vs female 5.3–7.5 vs 8.4–10.3 vs 11.3–13.4 vs 15.7–18.8 yr olds, 8900
evaluation of Model Preschool Program for Children with Down Syndrome & Other Developmental Delays, handicapped 11 mo to 14 yr olds, 2531
evaluation of primary prevention program, 7–13 yr old children of divorced parents, 4629
evaluative system of school, self evaluation & development of self concept, 12–16 yr olds, 1979–83, West Germany, 11490

event & verb tense & presence of context, attribution of coreference of personal pronouns with verbs "to say" & "to ask," Ss with mean ages of 5.5 vs 7.0 vs 8.5 yrs, 6077
event-related memory structures & cognitive development, 4–6 yr olds, 24128
experience of cartoons, 5–6 vs 9 yr olds, 6040
experiential deprivation & CA & nature of stimuli, visual vs verbal recall & mnemonic competence, 5–8 yr olds, 29647
experimental design, study of developmental acquisition of time &/vs speed &/vs distance concepts, reply to comments by J. Crepault, 837
experimental methods, ability to adapt to delay & judgment of duration, 1.5–7 yr olds, reply to criticism by J. Crepault et al, 857
experimental methods, comprehension of relationships between time & speed & distance, reply to criticism of J. Crepault et al, 874
experimenter's actions & variation of Piagetian task's transformation type vs numerosity vs equality, performance on number conservation tasks, 5.5–6.8 yr olds, Yemen, 14147
extent & frequency of alcohol & marihuana & other illicit drug use, 9–13 yr olds, 11507
factor analysis of scores on adult or junior form of Eysenck Personality Questionnaire, female vs male adults & children & adolescents, England vs Singapore, 16984
factor analysis of teacher ratings of pupil personality traits, relationship of 5 robust factors to other models of personality, 6th graders & their teachers, 16982
factorial validity of Coopersmith Self-Esteem Inventory subscales, discrimination of features of self concept, 6th–8th graders, 23473
factual vs fictitious passage with vs without illustrations, recall of text content, middle school students, 11445
failure feedback, production of learned helplessness, intrinsically vs extrinsically motivated 4th–6th graders, 11475
familiarity with listener, production of redundant messages & sensitivity to listener's needs, 1st vs 4th graders, 29569
family authority structure, self consciousness in early adolescence, 4th & 5th vs 7th & 8th graders, implications for education, 8920
family composition & perpetrators of abuse & contributing variables & type of services offered, sexually abused males with mean age of 8.6 vs females with mean age of 10.6 yrs, 12098
family dynamics & psychopathology, 8–19 yr olds who abused their parents, 6643
family histories, anxious & depressed 6–12 yr old inpatients, 11968
family history of affective disorder, adolescents & children with alcohol abuse or dependence, 6645
family preparation group counseling for alleviation of stress, 6–10 yr olds being placed in foster homes, England, 7388
family relationships & psychological adjustment, male vs female 9–12 yr olds & their stepparents, 21824
family relationships, stepfamilies vs 2-parent vs single parent families interviewed when eldest child was 2 or 5 or 10 yrs old, 26987
family SES & parental weight status & marital satisfaction, initial weight status & attrition & treatment outcome, 8–13 yr olds in behavioral weight loss program, 18012
fathers' work experiences & relationship with child, teacher reports of conduct problems & hyperactivity, eldest children with mean age of 9.2 yrs, 14115
fear of nuclear war & concern about pollution & overpopulation & world hunger, 9–17 yr olds in Pioneer camps, USSR vs US, 8825
fears of nuclear war, 2nd–6th graders who viewed "The Day After", comments on article by J. Schofield & M. Pavelchak, 26888
feedback about recall strategy efficacy, selection of associative learning & memory strategy, 5th graders vs college students, 24137
feedback requiring change vs repetition, solution of divergent vs semi-divergent figure drawing problems, 1st–8th graders, 14182
feelings & attitudes toward psychodiagnostic interview administered by lay interviewers, normal 9–18 yr olds, implications for epidemiological data research, 24201
field dependence assessed by Children's Embedded Figures Test, male ice hockey players with average ages of 7.8 vs 9.5 yrs, Canada, 19694
field dependence vs independence, developmental capacity, 8 vs 10 vs 12 yr olds, 823
field dependent vs independent cognitive style, daily & weekly fluctuations in performance on verb conjugation vs perceptual vs mathematical tasks, 11 yr olds, 2441
first comfort figure & social sensitivity & loneliness with parents vs peers, male vs female 5th vs 7th vs 9th graders, 8869
free recall mapping vs verbal discription vs interpretation of plans & aerial photographs, representation of journey to school & home, 6–11 yr olds, 11524
frequency & intensity & factor structure of fear, male vs female 7–18 yr olds, 927
frequency of attempts to represent occlusion of objects in drawing, 6 yr olds, 16933
frequency of male vs female characters & attributes & roles in creative writing, male vs female 1st–6th graders, 26945
frequent changes between foster care vs institutional vs family environment in early childhood, personality & intellectual & social development & attachment, 5–18 yr olds, Denmark, 25436
functionalist perspective of emotion & preverbal development of emotions, infants vs preschool age children vs school age children, literature review, 26882
gender labels, evaluation of sex typing of occupations, 3rd vs 5th graders vs high school vs college students, 938
general activity & social interaction & open hostile activity, male vs female 1st graders, 931
general knowledge &/vs experience, item vs order memory for preschool script components, kindergartners through 3rd graders who had vs had not attended preschool, 11438
generalizability of direct vs audio recorded observation, assessment of mother-child interaction, 18.3–37 yr old mothers & their 2–10 yr olds, 29831
generalization of implied vs explicit prohibitive instruction vs permission during free play, 50–73 mo olds vs 2nd graders, 3433
genetic loading & parental marital adjustment & severity & chronicity & age of exposure to proband manic depressive parent's illness, offspring psychopathology, 5–18 yr olds, conference presentation, 22070
genetics vs environment & cognitive abilities & auditory selective attention tasks, heart rate, twin pairs, 19652
Genevan vs Cattell-Horn conceptions of intelligence & early implementation of numerical solution aids, 4–7.9 yr olds, 19640
gestational age & birth weight, mental development, at-risk twins at 2 & 6 yrs of age, longitudinal study, 876
global cognitive development & sex & word abstractness, word recognition ability, 1st graders, 8804
Goodenough Harris Drawing Test, assessment of field dependence/independence, 1st vs 3rd graders, 18983
grade level & decoding skill, use of context to facilitate word recognition & comprehension-monitoring processes in oral reading of prose, 4th–5th graders, 798
grade level & reading achievement, negative item bias in self concept rating scales, 2nd–5th graders, 11523
grammatical rules derived from 1st & 2nd languages, judgments of grammaticality of sentences with code switched words, bilingual 8.5–10 vs 9.7–11.5 vs 12.2–13.4 yr olds vs adults, 6070
grasp of tonal structures of songs, 1 yr olds, 7-yr longitudinal study, conference presentation, 14149
group intervention strategy based on principles from R. E. Helfer's book "Childhood Comes First", abused 6–12 yr olds, 4401
group measurement of & issues regarding social-cognitive problem solving, 4th–6th graders, 24176
group-oriented vs individualistic cultures, social loafing vs striving on auditory tracking task, male vs female 6th vs 9th graders, Taiwan vs US, 14216
group therapy dynamics & techniques & themes, 11–16 yr old sexually abused female, 27858
growth of linguistic awareness, mono- vs bilingual 5 vs 7 vs 9 yr olds, 21684
guided training technique, self esteem & social interest, examples of 10 & 12 yr old females, 17875
habituation of attention to irrelevant information, within-task improvement in selective attention, kindergartners through 2nd graders vs 4th–6th graders, 16934
haloperidol, tic disorders, 6.3–8.2 yr olds with language disorders, 22532
hand hemisphere & hemisphere hemispace effect, tactual task performance, 3 vs 5 vs 8 yr olds, 19579

handling overt aggression in child analysis, 9 yr old female, 7037
head directionality preference & placement of hand in left vs right visual field, prediction of right handedness, 3.5–6 yr olds, 8657
hierarchical categorization using typical & atypical exemplars from social & nonsocial superordinate categories within class inclusion paradigm, kindergartners vs 2nd vs 4th vs 6th graders, 834
hierarchical vs linear text structure & pictorial vs verbal format & scope of information, learning, 10 vs 13 vs 16 yr olds, implications for education, 4838
high mathematical creativity, 11–12 yr olds, incidental finding of similar performance by male identical twins, 26829
high vs low arousal conditions, kinematic characteristics of stepping motion, male 8 yr olds, 21683
home environment & cognitive & social development, 7–14 yr old slow learners, 3-yr longitudinal study, 1483
humor & social competence with peers, male vs female 5th–8th graders, 21785
hyperlexia & hypergraphia, mentally retarded 11 yr old male, 20079
identification of concept attributes, 11 vs 14 vs 17 yr olds, 3476
identification themes & motivation underlying drawing of image of self, male vs female 9–12 yr olds from rural vs urban environments, 3499
illustrations & ability, literal vs inferential vs total comprehension of abstract vs concrete passages, 6th graders, Australia, 8767
imagery modes of thought & learning, intellectually gifted vs creative 5th & 6th graders, 21730
imagery vs sentence strategy instructions, auditory & visual processing modality, 1st & 2nd graders, 11463
imagination & spatial ability & short term & visual recognition memory on visual vs verbal tasks, mathematically vs artistically gifted 12–14 yr olds, 26830
imaginative play, logical capacities in multiplication of classes vs class inclusion vs spatial vs social perspective taking, 4–7 yr olds, 19624
imitation & individual patterns of cognitive & emotional variables, psychomotor abilities & language development, 5 yr olds, 2-yr followup, 11449
immediate vs delayed presentation, performance on word & picture memory tasks, 8 yr olds with above vs below vs average intelligence, implications for intellectual capacity, 11404
impact & long term outcome following parental divorce, children 8 yrs or younger vs adolescents 9–18 yrs old at start of study, 10-yr longitudinal study, 21798
improved access to & interaction with friends & relatives & recreational facilities by means of neighborhood walk, social-emotional functioning, 7 vs 10 yr olds, 11476
incentive value of item, sharing behavior, kindergartners & 4th graders, 19682
incidence & diagnosis of depression, 6–17 yr old children of patients with bipolar depression, 14598
incidence of depression, 5–19 yr olds referred to mental health services, Poland, 19897
incidental vocabulary learning from written context, middle grade students, critique of study by W. E. Nagy et al, 8832
inconsistent reinforcement, reversal & nonreversal shift discrimination, 11–13 yr olds, 24108
independence & helpfulness & dependency & aggressiveness & friendliness, male vs female only vs non-only 5–7 yr olds, 948
indications & usefulness of sodium amytal interviews, 9–12 yrs old psychiatric inpatients, 24732
individual differences, attachment relationships & mental representation & security in strange situations, 12–18 mo olds, 4.5–5 yr longitudinal study, 6136
infant attachment relationship as predictor of psychopathology, male vs female 1 yr olds, 6-yr longitudinal study, reprint, 30177
inference of characteristics of person from their housing & automobile choices, preschool age vs school age children, 3495
inference of life status measures by stated attributes of living things, 4–11 yr olds & college students, 29640
information about common purchase events, memory structure, 4–5 vs 6–7 vs 9–10 yr olds, 24132
information about terminal illness of parent, coping with anxiety, 6–16 yr olds, 8891
information processing & decision making models, stages of optimal strategy learning in 2-player game, 11–16 yr olds, 14142
informational vs persuasive vs educational vs mixed TV messages, identification of message intent & believability, 4.3–11.3 yr olds, 26811
informative feedback, retention of initial responses to factual vs guess questions on text comprehension task, school age children, 6078
initial competence & imitation vs counterimitation pretraining vs neutralization vs sensitization, observational learning of conservation, 6–7.4 yr old nonconservers, 21738
initial competence & modeling &/vs preparatory conservation exercises, mastery of conservation tasks, 5.7–7.4 yr olds, 6082
inner city vs suburban vs rural settings, social complexity of play choices, male vs female 4th graders, 8903
institutionalization & length of stay & age at entry, intellectual development, institutionalized 4–18 yr olds, Belgium, 2083
instructional program & correctional feedback & rewards, development & improvement of dental flossing skills, 9 yr olds, 15086
integration of shape information over space & time, 6–24 yr olds, 29599
intellectual & social experiences in widely vs closely spaced infant-sibling dyads, sibling status variables & infant cognitive level, 1–7.8 yr olds, 24157
intellectual functioning as tested by Raven Progressive Matrices, female vs male 7–14 yr olds, 11433
interactions in which mothers defer control to son & sons assume control, discrimination of high- vs low-problem mother-child dyads, 24–40 yr old divorced or separated White mothers & their 6–9 yr old sons, 3596
intergenerational intervention, improvement of attitudes toward different age groups & mental handicap, 65–93 yr olds in community center vs 12–14.4 vs neurologically impaired 2–5.6 yr olds, 30879
internal vs external vs mixed locus of control dyads, performance on cooperative board game, Chinese-American vs American 8–10 yr old males, implications for role of cultural context in socialization, 3489
interpersonal phenomenon in Rorschach test, 5–12 yr old feminine males who met DSM-III criteria for gender identity disorder of childhood, 6613
interpretation of Draw-A-Person test & ethnic identity, 7–9 yr olds, Nigeria, 19686
interpretive complexity & clause structure & surface length of stimulus sentences, performance on toy moving & imitation tasks, 3.5–6.2 yr olds, 29648
interrater reliability & concurrent validity of Expanded Glasgow Outcome Scale & Stover-Zieger scale, assessment of recovery outcome, 5–79 yr olds with severe head injury, 20995
interrelation of word recognition & spelling & reading comprehension & writing skills in literacy acquisition, 1st graders, 2-yr longitudinal study, 29616
intersentential cohesive devices & compactness in writing samples, Dutch speaking 8–9 vs 10–11 yr olds, Belgium, 21740
interviewer interpretation of description of self, actual self esteem, 4–8 yr olds, 895
interviewing techniques, mildly mentally retarded 8–11 yr old witnesses, legal implications, 20081
intraindividual variability of developmental levels across cognitive operational domains, 6–12 yr olds, 29621
introversion vs extraversion & anxiety vs emotional stability, electrodermal orienting response, 9–12 vs 13–16 vs 17–20 yr olds, 760
inverted letters vs letter order &/vs mirror-reversed words, word recognition RT, female vs male dextral vs sinistral school age children & adolescents & adults, 11412
investigation of narcissism beyond Gestalt through preference for own-name vs non-own-name letters, 2nd–6th graders & college students, Belgium, 11530
judgment of time &/vs speed &/vs distance, 3rd vs 6th vs 9th vs 12th graders vs college students, 836
judgments of attribute importance weighting & categorization to word concepts, kindergartners vs 2nd vs 4th graders vs college students, 21728
Junior Eysenck Personality Inventory vs Junior Eysenck Personality Questionnaire, measurement of extraversion & neuroticism, male vs female 10–11 yr olds, England, 2847

kinds of social interaction in collaborative work vs individual work on spatial perspective problems, task performance & cognitive change, 5–7 yr olds, 14116
kinetic print in computer graphics, symbolic development, children up to 7 yrs old, 13337
knowledge about bank interest & profit, 7–12 yr olds, New Zealand, replication of study by same author with Hong Kong population, 853
knowledge of & adherence to parents' perceptions of worrisome problems & rules for home safety, supervised vs unsupervised 8–10.6 yr olds, implications for child accident prevention & health & home security, 26932
knowledge of photography & responses to photographs, pre-operational or concrete operational 2nd graders vs late concrete operational or formal operational 6th graders, 8753
knowledge structure & cognitive learning strategies, 4–5 vs 7–8 vs 11–12 vs 15–16 yr olds, 21681
lack of structural constraints, ability to use context & category cues to search associative memory for episodic information, 2nd vs 5th graders & college students, 788
language & religious & cultural barriers & SES & other factors, growth & social development, immigrant school age children, Switzerland, conference presentation, 6003
language & speech intervention, clinical progress & psychological test results, 5–13 yr olds with language or psychomotor disorders, 28021
lead exposure, cognitive development, Black preschool age children, analysis of data from study by J. Perino & C. Ernhart, 3423
learning potential assessment device of R. Feuerstein, identification of deficient cognitive functions on Raven Standard Progressive Matrices, 3rd–9th graders, 6094
length of cognitive behavioral interventions, incidence of on-task vs passive vs disruptive off-task behaviors, 9–12.7 yr old aggressive males, 9844
length of US residency, life adjustment & feelings of acceptance, 9–21 yr old Vietnamese refugees in foster homes, 19659
letter vs word recognition, 3rd graders vs college students, implications for linguistic levels during reading, 26812
level of sequence knowledge, performance on state-comparison mental rotation vs movement recognition tasks, 5–13 yr olds, 29591
lexical ambiguity & word recognition, 2nd vs 4th vs 6th graders, 19642
life cycle perspective, death anxiety, preadolescent 9 yr old male, 8911
lifestyle & aerobic exercise & calisthenics, weight loss, obese 8–12 yr olds, 4418
linguistic politeness, 5 vs 7 vs 9 yr olds, 744
linguistic-stylistic analysis of narrativization of experience, Black 7 yr old, implications for cultural use of language in understanding personal experience, 11417
listener's developmental level, communicative interaction during play, mildy developmentally delayed vs nonhandicapped children with mean ages 6.3 & 5.3 yrs respectively, 20086
literal content of verbal message vs intended level of vocal intonation, encoding of paralinguistic affect, male vs female 6th graders, 26850
locus of control & self perceived competence & social support as personal & social resources, 7–18 yr old offspring of patients with bipolar affective disorder, 27345
logical vs empirical certainty & necessity, understanding Piagetian concepts of conservation & transitivity, college students vs 1st vs 3rd vs 4th vs 5th graders, 11437
logical vs memory vs semantic factors, verbal arithmetic problem solving, nonretarded 4th graders vs mildly retarded adolescents, 14750
long term planning in hypothesis testing in discrimination tasks, kindergartners through 3rd graders, 802
looking vs naming vs rehearsing vs categorizing as preferred memory strategy, 4th vs 6th graders, 8748
manipulative vs empirical vs theoretical cognitive problem solving approach, 3rd graders, educational implications, 6065
manual for time-limited group psychotherapy, communication with parents, 7–12 yr olds whose parents were recently divorced, 15037
mastery vs coping videotapes, anxiety & disruptive behavior, 5–7 yr olds undergoing restorative dental procedure, 28053
match between remedial procedure & experience or cognition that induced negative state, remediation of negative emotion, 2nd graders, 3413
maternal condemnation of TV violence during mother & child TV viewing, perceptions of violence & aggressive behavior, 61–73 mo olds, extension of research by B. F. Fontes, 3521
maternal depression & sex & child psychiatric status, ratings of child on & validity of Child Behavior Checklist, mothers of 93–155 mo old psychiatric outpatients, 16134
mathematics strategies, solving object problems vs sums, 6.4–7.1 yr olds, 14139
Matson Evaluation of Social Skills with Youngsters, assessment by teachers of social behaviors, deaf 8–14 yr olds, 12237
measurement of aggression & withdrawal & likeability as risk factors, adult schizophrenia, 1st & 4th & 7th graders, 3-yr longitudinal study, 1375
measurement of attention/concentration using adaptation of color cancellation test, 6–11 yr olds from government vs convent schools, India, 23474
measurement of daily verbal behavior & active basic vocabulary, 5–15 yr olds, 873
measurement of mental development & relationship of motivation to learning capabilities, school age children, 11415
mechanical baseball-batting devices, warm-up decrement, 11 & 12 yr old males, 8690
membership in low vs middle vs high caste, liking & interpersonal attraction, male vs female 5–12 yr olds from rural vs urban areas, India, 29751
memories for performed vs imagined actions, 6 vs 9 yr olds vs adults, 6051
memory capacity limitations in reasoning, 5.5–6 yr olds, 26827
mental substitution of pleasant word for derogatory name calling, 11 yr old female, 17864
mentally retarded label & depiction as socially withdrawn or aggressive, attitudes toward mentally retarded peers, nonretarded 4th–6th graders, 27465
metamemory & memory behavior & performance, 3rd graders, 3461
methods of family discipline, 6th graders & their parents, Spain, 11625
methods of interpretation of human figure drawing tests, school children, 2928
methylphenidate, mood & event-related potentials & memory scanning & vigilance, normal 8–14 yr olds, 16752
mianserin, depressed 8–19 yr olds, conference presentation, 30720
MMPI responses, families of 12–18 yr olds entering psychiatric inpatient vs outpatient services, 17303
model for systematic analysis of development of graphic expression, 1st–6th graders, 3469
modeling & counterconditioning & shaping & hierarchical approach, bibliotherapeutic behavior modification, 4–7 yr olds treated for fear of dark, 18017
moral reasoning, kibbutz vs urban 8–9.7 yr olds, Israel vs US, 14214
mother's employment, development of sex role stereotypes, 5–7 yr olds, reply to article by L. M. Jones & J. L. McBride, 26878
motivational orientation mediating occurrence of decreased play effects, 3rd & 4th graders, failure to replicate results of M. R. Lepper et al, 26939
motor overflow & attention to task-related vs incidental cues, 3rd & 5th graders, 11460
multidisciplinary process of collection & interpretation of information on etiology of pedestrian injuries, 5–7 yr old males, 19874
multidisciplinary schools support team response to disruptive behavior in schools, 4–16 yr old students, England, 28602
multifaceted activity of play, 3–6 yr olds, 3534
multimodal method of behavioral therapy, anorexia nervosa, 11.5 yr old female, 22489
multiple & selective attention to letter & configural information in printed words, 2nd graders after 1 yr of reading instruction, 19572
multiple personality disorder & use of hypnotherapy, 10-yr-old female, 18133

multiple sensory vs edible reinforcers, resistance to satiation during learned visual discrimination task, male autistic 5–6 yr olds, 7146
multiple vs single models of generous vs selfish vs inconsistent behavior during game, generosity, kindergartners vs 4th graders, 8862
museum field trip, drawings in Egyptian style, 7–12 yr olds, implications for role of educational experiences in development of graphic skills, 3419
music preferences & uses & gratifications of popular music, 11–15 yr olds, Sweden, 11534
national conflict, national loyalty & awareness of national identity & politics, 9–15 yr olds, Northern vs Southern Ireland vs Jordan vs Iraq, 3514
natural history of different depressive disorder diagnoses & short- vs long-term outcomes, 8–13 yr olds with major depressive vs dysthymic vs adjustment disorders vs depressed mood, ongoing longitudinal study, 11956
need for mental health care, 12–21 yr olds in orphanages, India, conference presentation, 25521
neuromotor measures, prediction of reading achievement & language performance, kindergartners & 1st graders, 16965
newly owned videogames, leisure activities & school work & peer interactions, 9–16 yr olds, 24172
nomination of strategic social action, alteration of ongoing emotional state of peer, kindergartners vs 3rd vs 6th graders, 6138
nonconflictual identity vs conflict/defense etiological hypotheses of gender disturbance, 5–13 yr olds who practiced cross-gender behavior, conference presentation, 11525
nonparametric Mokken scale analysis, order of acquisition of conservation measured by Piagetian tasks, kindergartners through 2nd graders, 16928
nonsupervision vs supervision by other vs mother in rural community, school adjustment & intrinsic vs extrinsic motivation in classroom & academic achievement & fear level, 5th & 7th graders, 19666
nonverbal oppositional moves & presuppositional claims & semantic basis & violation of local social norms, arguments, 6–7 yr olds in classroom reading groups, 6137
Nonverbal Test of Cognitive Skills, educational diagnosis, 6–13 yr olds, 2899
nonword spelling & biasing, 9–11 yr olds vs college students, 801
normative data for Wechsler Memory Scale–Revised, 9.6–15.5 yr olds, 28939
novel stimuli labeled for own vs opposite sex, exploratory behavior & memory for stimuli, 4–9 yr olds, 29670
novel stimulus preferences, preschoolers vs kindergartners vs 1st graders, implications for mentally retarded, 11458
number of friends & popularity, female vs male normal vs aggressive &/vs withdrawn 4th–5th vs 6th–7th graders, 29695
number of repetitions of relevant vs irrelevant & phonetically related vs irrelevant cues, problem solving, female vs male 8–12.4 yr olds, 19584
obesity, physical skillfulness & self esteem & loneliness & motivation, school age children, 12211
objectives & motives for participation in competitive swimming, 8–19 yr old males vs females with varying levels of swimming skill & experience, 21762
occupational aspirations & interests, culturally disadvantaged 11 yr olds, 4-yr followup, 14211
operational category of cognitive development & IQ level, creative thinking potential assessed by verbal & figural abilities, 1st vs 4th vs 6th graders, 29615
opportunity to reciprocate & self esteem, help seeking behavior, college students & 12–13 yr olds, 3529
oral stereognostic ability & lip & tongue diadokokinetic skills, 8 yr olds to young adults, implications for diagnosis of speech disorders, 12153
order of acquisition of intonation comprehension involving different groupings & nucleus placements & context-wide vs -limited tones, male vs female 10 yr olds vs college students, 8717
order of enunciation of objects & properties of actions to be drawn, order in which objects are drawn, kindergarten & elementary school students, 19592
organization & recall of strongly vs weakly scripted story narratives, 5 vs 10 yr olds, 844
organization of temporal meanings & role of perceived cues, concept of duration, 5–8 yr olds, criticism of J. Montangero's study, 809
organization of temporal meanings & role of perceived cues, concept of duration, 5–8 yr olds, reply to criticisms by J. Crepault et al, 846
organization of temporal meanings & role of perceived cues, concept of duration, 5–8 yr olds, 845
organizational vs item-specific effects, recall of classmates' names, 1st vs 3rd vs 5th graders, 8703
orienting questions as retrieval cues, encoding of cue-target word pairs & discriminability & constructability, 2nd vs 4th graders vs college students, 3411
original vs short scales of Personality Inventory for Children, 6–12.9 yr olds seen at child psychology clinic, 16133
orthographic syllabic structure & development of use of lexical access & storage code, 3rd vs 5th vs 7th graders vs college students, 8758
orthographic vs phonetic knowledge of vowel alternation patterns, accessing of derivational morphological rules in pronunciation & spelling, 6th & 10th grade poor spellers, 21735
parent- vs child-related demographic characteristics, congruency between mothers & fathers vs professional diagnostician's judgment of child's developmental status, 18–48 yr old mothers & fathers & their handicapped 8–80 mo olds, 30332
parent & teacher ratings of stress response patterns & psychiatric evaluation of DSM-III childhood disorders as criteria, validity of Stress Response Scale in diagnostic assessment, 5–14 yr olds with possible emotional disorders, 2876
parent-child factors, gender role socialization, 4–12 yr old tomboys vs non-tomboys & their parents, 24241
parent referral at age 3 for early signs of hyperactivity, development of attention deficit disorder & other behavior problems, 6 yr olds, 3-yr followup study, 30373
parent vs peer compliance, female vs male 9–11 yr olds, 11547
parental & child attitudes & self concept, 5–14 yr olds with primary nocturnal enuresis, 25010
parental & self perception of sadness & types of depressive symptomatology, 1–6 yr olds, 6533
parental adjustment & marital satisfaction & depression, perception of child's home or school problem behaviors, parents of 5–14 yr olds referred to psychology clinic for behavior problems, 4040
parental attitudes & sex role socialization practices, gender role preferences, male vs female kindergartners & 3rd graders, 29710
parental attitudes, development of racial attitudes, Black 4–5 vs 6–7 yr olds, 2.5 yr longitudinal study, 26881
parental characteristics & child behavioral adjustment, 6–11 yr old males in joint vs maternal custody, 29743
parental involvement in paired vs relaxed reading, reading ability, 8.6–10.3 yr olds with low reading ages, 11431
parental marital disruption, short vs long term psychological adjustment, Black & White & Hispanic 6–18 yr olds from urban families, 24799
parental perceptions of cognitive & social childrearing task difficulty, child's perception & actual social competence, male vs female 3rd–5th graders, 21664
parent/child discrepancies in reports of children's behaviors, 26–47 yr old parents with major affective disorder vs their 7–17 yr olds, 17370
parents' Type A behavior pattern, children's Type A behavior development, families with 4th–6th grade males vs females, 21795
parent's unconscious reactions to traumatization during Nazi era, behavioral problems in school, 7 yr old Jewish female, 6978
partial picture cues & repetition of contextual information & encoding, imagery & facilitation of prose recall, 6–6.9 yr olds, 11419
paternal vs maternal judgment of cognitive ability & developmental level, 1st graders, 19619
patience vs impatience, heart rate, Type A vs B prone 4th & 5th grade males, 758
patterns in care of pets, families & their 10–14 yr old children, 8972
patterns of response to stress & psychological & social adjustment, 6–16 yr olds exploited by adults through sex rings & pornography, reprint, 30255

patterns of results on Self-Esteem Inventory & Children's Personality Questionnaire, inference of level of self esteem from other personality factors, female vs male 9–12 yr olds, 19673
peer & parental influence & expectations for success, decision to start smoking, male vs female 6th–11th graders, 24171
peer appraisal of attractiveness, self appraisal of attractiveness, 4th–8th graders, 6120
peer directed messages & responses, 2 vs 4 vs 6 vs 8 yr olds, 19670
peer interaction, individual problem solving performance in logic game, 7–8 yr olds, 14166
peer ratings of aggression & social acceptance & personal status ratings, concurrent prediction of behavioral & subjective adjustment, aggressive 4th–6th grade males, 8863
peer reactions to depression & life stress, male vs female 3rd–6th graders, 14233
peer's sex vs age vs knowledge, decision to seek information from peer, 1st vs 4th graders, 26866
perceived competence & causal attributions for subjective vs objective success vs failure in competitive sport setting, 9–12 yr olds, 11516
perceived competence & levels of moral reasoning & frequency of charitable donation, gifted 4 vs 5 vs 6 vs 7 yr olds, 26943
perceived reality of TV, emotionally disturbed vs nonhandicapped males with mean age of 10 yrs, 12011
perceived time course of emotion, 4–6 yr olds, China vs UK, 757
perception of & preferences for role in care of hospitalized child & communication with nursing staff, parents of sick children under 10 yrs old, 15341
perception of curvilinear motion of ball exiting tube, 4.5–12 yr olds vs college students, implications for development of intuitive theories of motion that include erroneous principles, 11427
perception of dangers commonly involved in childhood accidents, 3–6 yr olds, 8661
perception of experiences in family environment, 12–28 yr old White siblings from adoptive vs nonadoptive homes, 751
perception of female protagonist on TV, 3–5 vs 6–7 vs 9–10 yr olds, 8851
perception of ideal person as role model, moral development & judgment, 7–10 yr olds, India, 3397
perception of pictorial metaphor, school age children, 852
perception of present vs ideal self body images & self image with addition vs subtraction of 10 lbs & body image expected by family & personality associated with body images, 11–22 yr old anorexic vs obese females, 24866
perception of problems children encountered on return to school, parents of children with cancer, 15779
perception of time vs velocity in music, 4–8 vs 10–12 yr olds, 3414
perceptions of advertisements for cigarettes, 6 vs 8 vs 10 vs 12 vs 14 vs 16 yr olds, 24109
perceptions of control in interactions with parents vs teachers vs peers & achievement motivation, development of locus of control 3.5–6.2 yr olds, 19667
perceptions of functions of personal relationships within social networks, 5th–6th graders, 8841
perceptions of nighttime fears & coping responses, 8.5–13.3 yr olds vs their parents, 19681
perceptions of parental punishment for general vs aggressive misbehavior, 9–12 yr olds, 21750
perceptions of seclusion & time out, 5–13 yr old emotionally disturbed residents of treatment facility, 7433
perceptual salience & discounting in social attribution processes, 5–7 vs 8–12 vs 15–18 yr olds, 6150
performance models of stress & family management skills vs parental discipline & antisocial behavior, 4th & 7th & 10th grade males, conference presentation, 21789
performance on comprehension & verb-choice & definition tasks, assessment of presuppositions of "know" & other cognitive verbs, 3 vs 4 vs 7 yr olds vs college students, 8685
performance on Design Copying & Motor Accuracy-Revised Tests of Southern California Sensory Integration Tests, 4–10 yr old Japanese vs Japanese Americans, 5331
performance on Illinois Test of Psycholinguistic Abilities vs Token Test, 5–6 yr olds, 13418
performance on inclusive vs disjoint class inclusion problems, 5–11 yr olds, 829
performance on standard Piagetian number identity conservation task vs reduced perceptual salience version, 56–77 mo olds, test of failure to communicate change of mind hypothesis, 19600
performance on subscales of WPPSI, 4–6.5 yr old males and females, 10804
performance on tasks of two-dimensional drawing from life models vs copying from photographs vs line drawings, 5–9.5 yr olds, 803
performance on tests to measure phonetic analysis of speech, 4–6 yr olds, literature review, 8713
performance on Token Test & Reporter's Test, 15–16 yr olds with language disorders, 24849
Perry Preschool programs, scholastic placement & achievement & delinquency & welfare use & pregnancy & employment, Black 3–19 yr olds, longitudinal study, 2404
physical & psychological & social characteristics, 7 yr olds, 29687
physical & psychosomatic & behavioral characteristics & chronic history & identity of abuser, identification of child sexual abuse, children with masked vs overt presentations, 4002
physical activation level, problem solving & risk taking & execution of simultaneous tasks, 10–17 yr old high-performance athletes vs nonathletes, 11464
physical growth & development, mentally retarded vs normal 8–16 yr olds, 6686
Piagetian stage level & age & sex & feedback, proportional judgment hypothesis testing, 7 & 9 & 11 yr olds, 21706
Piagetian task vs manipulation of sealed bottles, verbal assessment of conservation of liquid quantity, 6–8 yr olds, England, 14195
pictorial stimuli & social cognition measures, tolerance for ambiguity, deaf 1st–4th graders, 20121
picture books, self-realization of knowledge & attitudes & experiences, readers aged 11 yrs & older, 6035
picture stimuli manipulated by prior exposure & depth of processing, recognition & naming latency & perceptual memory, college students vs 5–10 yr olds, 21689
placement in adoptive vs foster homes vs with biological mother during infancy, social adjustment & school underachievement & nervous disturbances, Ss evaluated at 11 vs 15 yrs of age, longitudinal study, 1219
play & remember vs sort & remember instructions, free & cold recall & metamemory of efficacy of sorting strategies, 45–59 vs 70–83 mo olds, 26864
play fighting & resolution of dominance conflicts, school age children & adolescents, 26927
playing violent vs nonviolent video games, direction & type of aggressive ideation, aggressive vs nonaggressive 2nd–6th graders, 8845
position & type of headings, recall & retrieval from familiar & unfamiliar text, 11–12 vs 14–15 yr olds, 24129
positive vs explicit vs implicit negative comparisons, completion of picture based on grammatical subject vs object of sentence, English- vs Italian-speaking 7–10.3 yr olds, 8733
positive vs negative behaviors & like vs dislike of peer, interpretation of behavior, 2nd vs 5th vs 10th graders, 21774
positive/negative vs intrinsic/extrinsic class properties, identity judgments, 6–9 yr olds, 795
praise vs criticism, running performance & emotional state, 10–15 yr olds, 748
pre- vs concrete vs formal operational Piagetian cognitive stage, production of frequency vs psychological vs ambiguous uncertainty markers, 5.3–17.9 yr olds, 14158
preaching & recipient deservingness & personality attractiveness & S sex, altruism toward elderly, 5th & 6th graders, 14225
precursors of spatial ability, 6–12 yr olds, Kenya, 4-yr longitudinal study, 16938
predictable vs unpredictable supervision, independent task responding, 5.3 vs 6.9 vs 12.8 yr olds with autism, 7133
prediction of child's memory span & attributions of importance & difficulty of tasks & child's achievement, fathers vs mothers & their 6th grade children, 24287
prediction of preferences of same-age vs younger vs older peers, 7 vs 9 vs 10 yr old summer campers, 11552
predictive relation between incidence of unintended motor overflow & degree of asymmetry on dichotic word identification task, female 3rd graders vs male 5th graders, 2-yr longitudinal study, 14193

predictive validity of early visual measures, assessment of subsequent cognitive outcome, preterm infants tested from 6–40 mo & at 6 yrs, 161
predictive validity of major depressive disorder & dysthymic disorder & adjustment disorder with depressed mood in childhood, risk for subsequent major depression, 8–13 yr olds, longitudinal study, 30168
predictive validity of Spanish translation of WISC-R, Puerto Rican 10.4–14 yr olds, Puerto Rico vs US, 28991
present vs past tense expressions, comprehension of expressions of intention, 4 vs 5 vs 7 vs 9 yr olds, 21680
presentation of actual on-going event involving motion vs static representation of motion, judgment of natural & anomalous trajectories, male vs female 5th graders vs college students, 11428
presentation of simple objects & instructions to represent "how many" vs "what", representation of numerosity using materials vs drawing & writing, 5–6.8 yr olds, England, 14150
presentation of single words on card forming simple declarative sentences vs word strings, recall of words, 3rd grade skilled vs unskilled readers, replication of J. T. Glithrie & S. J. Tyler's study, 8709
presentation of stress relevant vs irrelevant filmed intervention, dental anxiety, 3–11 yr old patients, 15263
presentation order & self verbalization of solution process, problem solving, 3rd vs 6th graders, 3417
prevalence & assessment of effeminacy, 6–12 yr old males referred for psychiatric evaluation, Canada, 24603
preventive group intervention, knowledge & feelings toward sibling's cancer, 7–12 yr old siblings of oncology patients, 28045
previous contact with disabled children & adults, attitudes toward disabled, children, Australia, 11546
principles of generative transmission, salience vs facility, selection of causal rules, 3 vs 5 vs 7 yr olds, 16953
prior information about hiding sites, spatial organization & recovery of hidden marbles, kindergartners vs 2nd graders, 26818
prior knowledge & expectations for occurrences in shoplifting & recall vs recognition test instructions, reliability of testimony, 10 yr olds vs college students vs older adults as mock eyewitnesses, legal implications, 11432
proactive interference & development of verbal learning & retention, normal vs mentally retarded 4th vs 6th vs 8th graders, 9418
problem solving, level of intelligence by IQ score, 1st vs 4th graders, 16967
problems & limitations in psychiatric diagnosis, 8–17 yr old refugees, Indochina, 17730
process & inpatient treatment, 9 yr old female with childhood schizoaffective disorder, conference presentation, 18274
process of tryout evaluations & coaching methods, teams' win-loss-tie records & individual player improvements, coaches & soccer players under 8 yrs old, 2403
proficiency in 2nd language, cognitive development, Spanish-English bilingual 5–7 yr olds, 8721
Profile Index of Emotions, measurement of reproduction & incorporation & opposition & aggression as personality dimensions, 8–15 yr olds with vs without migration experience, Yugoslavia, 17011
proposal & evaluation of joint use of positive-nomination & rating scales, identification & discrimination of sociometrically rejected & neglected children, 2nd–6th graders, 28929
prosocial behavior with close friend vs neutral classmate, 4th vs 6th vs 8th graders, 29666
pseudocyesis at age 6 yrs & repressed anger at abusive mother, 23 yr old female, 17-yr followup, 12173
psychoanalytic interpretation vs holding measures, uncontrollable violent behavior, 6 yr old male, conference presentation, 4348
psychodiagnosis & puppets in therapy, 5–11 yr old males, 1778
psychological & behavioral factors & dental anxiety, 7–11 yr olds, 25347
psychological closeness to parents & friends as measured by felt figure replacement technique using height & distance of human figures, male vs female 5th graders, Israel, 29734
psychological symptoms, 11–16 yr old females with menstrual disorders, 20209
psychometric characteristics of Multidimensional Inventory of Interpersonal Aggression in Boys, 12–15 yr old males, 107
psychometric prediction of academic ability vs need to focus on individual child, comments on article by N. Reid & C. Croft, 28586
psychosocial stage variables & friendship expectations, aggressive vs withdrawn vs popular female 11–12 yr olds, 29719
pubertal androgen or estrogen development & friends' sexual involvement, sexual motivation & involvement, 12–15 yr olds & their parents, 24230
quality of auditory temporal resolution & width of auditory filter, 6 vs 10 yr olds vs college students, 26833
quality of life & intellectual development & behavior, 3–9 yr olds in single vs multiple child families, China, 11394
quantitative aspects of writing errors, elementary school students vs adults, 11459
question content, eyewitness performance & photograph identification, school age children vs college students viewing slides of mock crime, 26848
race & age & social skills, judgments of quality of children's role play performance, Black vs White 8 yr olds vs college students, 14224
race of child & amount of time in foster care & caseworker turnover, multiple foster home placements, foster children, 20486
racial identity & self esteem, 11 yr old female of Black & White parentage in dynamic psychotherapy, 7036
rapid vs gradual scheduling of family-based behavioral weight reduction sessions, weight loss, overweight 6–13 yr olds, 25261
rates of specific verbal behaviors during behavioral vs cognitive behavioral vs attention control interventions, therapists & 3rd–6th graders with classroom behavior problems, 12505
rating of gross & fine motor activity & attention & self vocalization, hyperactive 6–12 yr old male outpatients observed in structured playroom setting, 2-yr followup, 20210
ratings of associative strength between members of categorically related word pairs, 3rd vs 4th vs 6th vs 8th graders & college students, 6039
reactions to Black vs opposite sex vs glasses-wearing vs wheelchair-bound vs facially disfigured vs obese child, White nursery school students through 3rd graders, 24228
reactions to social behaviors by 4–8 yr olds, parents vs siblings, 3580
reading ability & grade & study time, processing & reading & learning from text in immediate vs delayed recall paradigm, 5th vs 8th vs 11th graders vs college students, 6047
reading ability & operativity, reading skills & metareading & memory & metamemory, 2nd vs 4th graders, 800
reading ability, language comprehension & production & grammaticality, 8 yr olds, implications for assessment of reading disabilities, 14171
reading ability, semantic processing efficiency of basic vs superordinate level descriptions & high vs low typicality during memory verification tasks, 2nd–3rd vs 5th–6th grade disabled vs normal readers, 20087
reading acquisition speed, left & right temporal & parietal event related potentials during word naming task, 5.1–6.2 yr olds, 16932
reading interests, male vs female hearing impaired vs normal hearing 9–12 yr olds, 24993
reading retention & comprehension, fast vs slow 5th grade vs college student readers, 14137
real-life video & computer-generated graphic analogs, development of imagery & spatial thought, 3rd graders vs junior high school vs college students, 14162
reality classifications of fantasy figures, preschoolers vs 2nd vs 5th graders, 3451
rearing environment & helping behavior & maternal interactions with child & ways of releasing tension, IQ & response style on WISC, Black 7–10 yr olds adopted by middle-class White vs Black families, 24139
reasoning & judgments & justifications on obligation & strength of obligation & rule utility in interpersonal events, 6 vs 8 vs 10 yr olds, 24237
reasoning about social conventions & physical laws & logical necessities in another country or planet, 6 vs 8 vs 10 yr olds, 21715
recall & comprehension of metaphors, 2nd vs 4th vs 6th graders, 6093

recall of experience & methods of communication & coping ability, 12–16.9 yr olds who underwent endotracheal intubation, 15225
recall of similar personal experiences, empathic understanding of other's feelings, 3rd graders, 8855
recall of words with semantic vs self reference encoding question, 2nd graders through adults, 8774
recency vs frequency vs probability, incentive value of novelty, 3rd graders, 29657
recent sibling death, behavior problems using parental answers on Child Behavior Checklist, 4–16 yr olds, 26922
recognition of homonyms vs synonyms vs idiomatic phrases, school age children, 16968
recovery & neural reorganization assessed by dichotic listening & tachistoscopic visuo-perceptual tasks, 11 yr olds with congenital left vs right brain damage, 20216
referential & causal coherence, discourse comprehension, school age children vs adults, 21677
referral source & symptomatology of caretaker, dropping out of treatment, 4–16 yr old outpatients at child psychiatric clinic, 12320
reflectiveness vs impulsiveness, maintenance of delay of gratification & time concept, male vs female 6 vs 7 vs 9 vs 10 yr olds, 8734
reflectivity vs impulsivity, motivation & social behavior & reasoning, 3rd grade males, 29667
relationship between intelligence & personality & information processing, 8.5–10.5 yr olds, test of H. J. Eysenck's hypothesis, 16950
relationship between McCarthy Scales of Children's Abilities & Kaufman Assessment Battery for Children & their predictive validity using Peabody Individual Achievement Test, 6.7–8.6 yr olds, 13446
reliability & concurrent validity of forms of Developing Understanding of Self & Others Affectivity Assessment Device vs California Test of Personality, 1st graders, 13391
reliability & longitudinal stability & parent-child similarity of family communication patterns, 10–17 yr olds & 1 of their parents, 1022
reliability & validity of Children's Depression Inventory & Child Depression Scale & Personality Inventory for Children, measurement of depression & anxiety & self esteem, 3rd–6th graders & their parents & teachers, 13458
reliability & validity of Children's Drug-Use Survey, 4th–6th graders in western community vs 9–12 yr old Native Americans, 18970
reliability & validity of Hopelessness Scale for Children, 6–13 yr old psychiatric inpatients, 19944
reliability & validity of Portuguese- & Spanish-language translation of revised Janis-Field Feelings of Inadequacy Scale, assessment of self concept, 12–19 yr olds, Brazil & Ecuador & Paraguay & Uruguay & Venezuela, 18938
reliability & validity of PPVT revision, intelligence screening, 3.5–8 yr olds, implications for pediatrics & elementary education, 135
reliability & validity of types of scoring criteria for conservation tasks, kindergartners & 1st–6th graders, 23446
reliability of Personal History Inventory for Children, assessment of functionality of children's support systems, teachers & school age children from intact & divorced families, 28988
reliance on gender stereotypes when making inferences about another person, kindergartners vs 3rd vs 6th graders vs college students, 21745
remedial teaching method, reading & spelling improvement, dyslexic children, 23047
reports of parents' & development of children's smoking behavior & attitudes, Ss at 11–12 vs 15–16 vs 18–19 yrs old & their parents, 11526
representation & communication capacities using Bliss symbols, 7–25 yr olds with cerebral palsy, 20223
representation of individual objects in drawings vs spatial relationship between objects in scene, 4.6–7.2 yr olds, 8719
resolution of social conflict with friend vs nonfriend, 3rd–4th graders, 924
response time & developmental trend in errors on multiplication problems, 2nd–5th graders vs college vs graduate students, 16912
response to personal vs presented drawings in divergent thinking exercise as indication of creativity, 5th graders, 14243
rest, work curve characteristics, 5–6 yr olds, 3404
rewards for high vs low effort, self control, 2nd & 3rd graders, 11486
right hemisphere function, hydrocephalic 8.3–15.8 yr olds, 9540
role of contour & frequency & rate of presentation, discrimination of musical melodies, 4.1–5.7 yr olds, 3443
role of echoic memory processes in reading ability, school age & adolescent good vs poor readers with learning disabilities, 30333
role of experience in use of orthographic structure, good vs poor 6th grade readers vs 4th grade average readers, 11468
role of explicit vs implicit material in information retention & recognition process, 7–14 yr olds, 831
role of rehearsal proficiency & item identification in developmental auditory serial short term memory, 1st–6th graders, 16913
role of similarity of attitudes & personal construct ratings in friendships, male vs female 7–8 vs 9–10 yr olds, 11487
role of TV news, provision of knowledge about violence, 8 vs 11 yr olds, Northern Ireland, 3487
role taking & self awareness, acquisition of norms governing altruistic behavior, 1st–3rd graders, 6123
route angularity, time & distance estimates, 2nd vs 3rd vs 4th graders, implications for environmental planning, 29611
rule-analysis methodology & investigation of covariation judgment, 2nd–4th graders, 6085
saccadic eye movements in span of letter recognition in reading task, good vs poor 5th grade readers, 16961
salience of facial features, perception of affective facial expression, kindergartners vs 5th graders, 16874
same age vs kindergarten models attributed with varied competence, peer imitation, 2nd graders, 19578
school & peer & family relations, physical & psychosocial & cognitive & psychosexual & moral & language development, 6–12 yr olds, implications for family therapy, 29565
selection of written phrase to match auditory tone pattern, 6th grade normal vs poor readers, 8743
selective & integrative visual attention, classification tasks, kindergartners vs 2nd vs 4th graders vs college students, 3422
self & peer perceptions, mentally retarded 9.3–19.9 yr olds with IQs of 50–74, 20077
self administered vs external reward for playing with designated toy vs free play, playing time & rated interest, 5th & 6th graders, 19677
self concept & esteem, peer relations, gifted 5.6–10.6 yr olds & their parents, 6130
self concept & locus of control & health attitudes, metabolic control, insulin-dependent diabetic 9–12 yr olds, 4491
self concept assessed by Kinetic Family Drawings & Animal Kinetic Family Drawings, 6–10 yr olds from intact vs divorced families, 22368
self esteem & peer popularity & optimistic vs pessimistic future expectancies for personal self success, 4th–6th graders, 16986
self esteem, causal attribution for success vs failure in social & athletic & academic settings, 4th–6th graders, 3500
self-esteem vs physical vs soccer competence scores, prediction of soccer skills, 8–13 yr olds, 755
self instruction, persistence at task performance, 4–6 yr olds, 14163
self perceived physique & body build determined through anthropometry, 10–18 yr old males vs females, Nigeria, 19695
self perception of competence, 5th graders, Taiwan vs US, 6156
self perception of comprehension of literal vs nonliteral utterance in story, 7 vs 10 yr olds vs college students, 21676
self perception of masculinity vs femininity, feelings of discordance, 11–16 yr old males vs females, 933
self schema & listening to stories with Black vs White vs animal characters, recall, Black 6–7 yr olds, 21733
self speech & regulation during dental visit, 8–12 yr old high vs low anxious children, 9995
self vs external reinforcement, differences in performance of arithmetic task, male vs female 8 & 11 yr old parochial school students, 8909
semantic description vs rhyme vs outline drawing lexical access conditions, accuracy & speed in production of target words, 6–14 yr olds, 16964

semantic vs formal factors & referent familiarity, identification of referents of gender-marked pronouns, 4–8 yr olds, Iceland, implications for German vs Icelandic formal gender systems & developmental patterns, 850
serial anticipation vs complete presentation method, retention of erroneous responses in verbal learning, 4th–6th graders, 8688
SES & conceptual tempo, performance on WISC-R, male 4th graders, 11461
SES, attribution for own vs other's success vs failure, 6th graders, Israel, 19654
set inclusion & linear ordering relationships embedded in text, recall & interaction between truth & distance in responses & ability to draw inferences, 6.3–18.1 yr olds, 14172
set size & response criteria, conservation tasks, 4–6 yr olds, 16907
severity of psychological disturbance, sexually abused 2–4 & 7–18 yr olds, 12056
sex & age & intellectual functioning & family income, prevalence of severe depression, 3rd–5th graders, 3871
sex & age, tracking performance on single-speed task, kindergarten through 6th graders, 19587
sex & developmental differences, organization strategies in free recall with categorizable & unrelated word lists, 1st vs 3rd vs 5th graders, 16914
sex & locus of control, attribution of responsibility for good vs bad outcomes, Black vs White 3rd & 6th grade leaders, comments on paper by D. Brown et al, 11551
sex & race, preferred traits of prospective infant, Black vs White male vs female 6th–7th graders, 11483
sex & SES & age, family structure & sexual stereotypes & sex roles, 4.5–12.5 yr olds & college students, Venezuela, 29727
sex & social class, self concept, learning disabled vs nonlearning disabled children with mean age of 9.4 yrs, 4059
sex & spatial ability, perception of rotated facial profiles, 4th vs 8th graders vs adults, 842
sex & time elapsed since parental divorce, unexpressed fears & feelings, 6–12 yr olds from divorcing families, 26880
sex-appropriate vs sex-inappropriate task instructions, performance on perceptual-motor steadiness test, 10–11 yr old males vs females, 14218
sex differences & SES & translation of Parent Temperament Questionnaire, French-speaking 2nd graders, Canada, reprint, 29724
sex differences in Children's Group Embedded Figures Test performance, female vs male 8 vs 11 yr olds, 21687
sex, graphesthesia, 6–7 vs 10–11 yr olds, 864
sex, motor performance, 3–20 yr olds, meta-analysis, 868
sex of child & rater, interrater agreement on behavior of maladjusted 6–13 yr olds in residential treatment, childcare workers, 14708
sex role attitudes & self esteem & traditional vs nontraditional career choices, male vs female 3rd–6th graders, 24187
sex role attitudes & sex stereotyped behavior, single parent divorced mothers & their children, 17087
sex role stereotypes in creative writing manuscripts, male vs female 5th–6th grade authors, 8913
sex trait stereotyped attitudes, 5 vs 8 yr olds, Malaysia, 3545
sex trait stereotypes, traits attributed to male vs female peers, 10–17 yr olds, 8864
sex-typing & sex role identity in play & game preference, male vs female 7 & 9 & 11 yr olds, Netherlands, 24238
sexual abuse, vaginitis, 8 & 12 yr old females with Candida albicans & Gardnerella vaginalis infections, 3980
shared verbalizations & foreign language, communication with analyst, multilingual 7 yr old female, 7049
short term amplitude changes of event related potentials, concept learning, 10–13 yr olds, 8417
short term memory for rhyming & nonrhyming sentences in kindergarten, reading ability in 1st grade, children, 828
sibship size, participation in skill development program, 5–16 yr olds living in low-income housing project, Canada, 22662
similarity & reciprocity, dyadic friendship choices, 3rd & 6th graders, 14209
simulated situations of distress vs joy, preference for parents vs caretaker vs teacher vs peers vs siblings, 3–10 yr old kibbutz children, Israel, 11511
simultaneous-successive syntheses & planning of cognitive processing constructs, 4th vs 6th graders, Hong Kong, 6071
single exposure of new word in conversation vs story vs paired with definition, initial phase of word learning, 4–11 yr olds, 816
single vs multiple stimuli & elaborated vs detail feedback, descriptive communication & use of comparisons, 5–11 yr olds, 3460
situational variables that decrease pressure to conform to adult, leading question responses, 3rd & 6th graders, implications for simple classificatory logic, 29558
six member stimulus classes generated by conditional-discrimination procedures, 5–9 vs 22 yr old vs 21 yr old with Down's syndrome, 8786
size of human figure drawing & scores on Goodenough-Harris Drawing Test, 6.1–9.5 yr old oncology patients vs schoolchildren vs general pediatric surgery patients, 20218
skill development, arithmetic story problem solving, 5–8 yr olds, 14183
sleep disturbances & somatic complaints, 10–12 yr old victims of lightning strike disaster, 24584
sleep state organization & EEG patterns & home environment & caregiver-infant interactions & IQ, premature infants tested at term date & up to age 8 yrs, longitudinal study, 26809
sleeping arrangement at kibbutz & cognitive vs environmental research approach, death conceptualization, 4 vs 5 vs 6 yr olds, Israel, 26824
smoking habits, secondary school students, Malaysia, implications for health education, 24235
social & psychological family environment dimensions, deaf 10–12 yr old students with high vs low performance in reading comprehension & mathematics concepts & computation, 15818
social & task orientation, behavior in cooperative problem solving task, 4th graders, 8878
social class & preschool family intervention, mother-child interactions, 12 yr olds & their mothers, 12-yr followup, 29839
social class, logical & verbal abilities, 5 vs 9 vs 13 yr olds from urban vs suburban districts of Rome, Italy, 24146
social class, sex identification & sex typing in human figure drawings, male vs female 8 & 9 yr olds, Nigeria, 29730
social cognition & identification with specific adults, rule guided behavior, 1st–3rd graders, 3-yr longitudinal study, 8899
social cognition & self perception & self efficacy & outcome expectancies of aggressive behavior, male vs female 4–7 yr olds, 26931
social comparison with similar vs superior vs inferior peer, development of evaluation standards, 1st & 4th graders, 8840
social comparisons revealing positive vs negative inequality, happy vs sad affect & behavioral & cognitive responses, 1st & 2nd graders, 26920
social factors, drug abuse, preadolescents, 1442
social interaction & heart rate & blood pressure, dyads of 4th & 5th grade males with type A vs type B behavior, 21792
social learning treatments with families, reduction of out-of-home placements, abused 3–12 yr olds, 12489
social network questionnaire, index of types of social support & predictions of adjustment, 5th–8th graders, 14230
social observation, relationship between social interaction & cognitive development, 1st graders, 11465
social pressure, judgment, female vs male 3–6 yr olds, Zaire, 16971
social problem solving skills & social competence, 6th graders, 11503
social situations with vs without Os vs concurrent performers, dynamic balance performance, 4 vs 6 vs 8 yr olds, 11387
social status, conversational behavior & loudness & physical attractiveness ratings & cooperation, socially accepted & rejected & mixed status 3rd graders, 14221
socializing features of carpools, 4–10 yr olds & their parents, 879
socioeconomic conditions & health effects of child labor, working children under age 16, India, conference presentation, 3393
sociometric nominations vs peer ratings, popular vs unpopular 4th–7th graders, 24173
sociometric status, attention to dyadic conversation, popular vs rejected male vs female 3rd vs 6th graders, 29664
solvable vs unsolvable matching tasks, subsequent anagram task performance, 2nd vs 6th grade males vs females, 922
source of story vs set vs passage length vs content, detection of logical inconsistencies in oral communication, kindergartners & 1st graders, 24142

span & coding & retrieval strategies, visual spatial memory, 11–12 & 19–24 & 40–45 yr olds, 11402
spatial ability & musical talent & lateral dominance & androgyny, male vs female 9–14 yr olds, 3432
spatial perception, differences in block play constructions, male vs female 11–12.5 vs 13.5–14.7 vs 18.2–19.8 yr olds, replication of study by E. Erikson, 8708
speaking, rate & variability of concurrent finger tapping, 6.3–10.4 yr olds, 11421
specificity & predictive validity of global attentional deficits, marker of risk for schizophrenia, 7–12 yr olds, 9-yr study, 11916
speech characteristics & cognitive & emotional characteristics, conduct & anxiety disordered 8.9–12.7 yr olds, 22168
speech characteristics during retelling of story to adult vs peers, 4–5 vs 5–6 vs 6–7 yr olds, implications for role of situational factors vs egocentrism, 6067
speech intelligibility & distinctive feature usage, deaf 8–15 yr olds, 14874
speech vs nonspeech sounds, auditory discrimination learning, autistic 4–9.9 yr olds, 27318
speech vs pointing gesture information, interpretation of referential acts, 2.4–3.9 vs 5–6 yr olds vs college students, 29650
speed vs accuracy in mental rotation, 11 vs 14 vs 19 yr olds, 830
spontaneous production of EOG activity using EEGs & eye movement, 6–17 yr olds, 21660
spontaneous vs obedient vs reciprocal behavior with positive vs negative outcome, perception of behavior, 5 vs 9 yr olds vs young adults, 29696
sport-related & psychological factors, predictors of wrestling performance outcomes, 9–14 yr old males, 775
stability & change in friendship formation, male vs female 1st vs 4th vs 8th graders, 8812
stability of concept of length, Zang vs Han 5–11 yr olds, Tibet vs China, 16935
stability of estimates of success in masculine vs feminine vs gender-neutral motor tasks of football vs ballet vs swimming, male vs female 1st & 2nd vs 6th & 7th graders vs 17–21 yr olds, 26859
staff to patient ratio & interactions in dining room, behavior during lunch & dinner, 7–13 yr old psychiatric inpatients, 10109
stages of acquisition of hand bimanual motor skill, female 1st–2nd graders vs 21–31 yr olds, 19589
state-level data, blind & visually handicapped school children, implications for improved data collection & special education, 24960
statistical norms for RT & pursuit rotor & hand tapping & arm-hand steadiness psychomotor tasks, male & female 1st–10th graders, 19637
stimulus complexity & rule usage, visual perspective-taking task, preschoolers vs 1st vs 3rd vs 5th graders vs college students, 6058
stimulus dimensionality & repeated trials, performance on free vs matrix classification tasks, 9 vs 11.8 yr olds, 21722
stimulus integration & selective information processing, central-incidental learning, kindergartners vs 2nd vs 6th graders vs college students, 3462
stimulus recognizability vs experimental experience, referential communication abilities, kindergartners vs 3rd graders, 16925
stories eliciting prosocial vs self protective display rules, prediction of protagonists' verbal & facial expressions in emotional situations, 1st vs 3rd vs 5th vs 10th graders, 11497
story composition, 11.1–11.9 yr olds with learning vs reading disabilities, 2530
strategic therapy approach, emotionality & night fears & insomnia & arguing, 8 & 9 & 13 yr olds, 25157
strategies, development of memory span, 6.8–14.6 yr olds, 6059
strategies for hiding objects so they can be found later on, 2nd vs 4th vs 6th graders, 14188
stress, developmental changes in trait & situational denial using lie scale, 6 vs 8 vs 10 yr old males, 21791
Stress Response Scale, profiles of behavioral response patterns, 5–14.9 yr olds, implications for assessment & treatment of behavior disorders, 14208
structural &/vs semantic changes, same-different judgment tasks with pair drawings, 3–6 yr olds, 6080
structural constituents of sentence completion test items, processing procedures & skill components in verbal comprehension, 6th graders & college students, Israel, 23465
structural/strategic approach to family treatment, 9 yr old male with primary encopresis, 17952
structure of early number concepts based on numbers 1–5 vs 1–10, 5.1–6.4 yr olds, Japan, 21741
structure of naturally occurring verbal quarrels, 5 yr olds & their 4–6 yr old peers vs 2–4 vs 6–9 yr old siblings, 26933
structured hypothetical dilemma interview procedure, assessment of interpersonal negotiation strategies, middle class 11–19 yr olds, 29740
successful performance in playing T-ball, 6 yr old males, 19609
successive approximation & token economy system, school refusal, 12 yr old male, 9840
suicidal ideation & personality & family variables as precipitating factors, suicide, 12–19 yr olds, 4041
suicidal impulses, normal 6–12 yr olds, 8886
suppression of subvocal speech, text processing during auditory vs visual presentation, 6th graders, 16952
susceptibility to peer pressure, "latchkey" 5th–6th graders who are home alone vs at friends' house vs "hanging out" after school without adult supervision, 29748
symptoms & diagnosis of depression, 7–13 yr olds, Panama, 30107
tactual exploration of novel vs familiar objects, male vs female 4–6 yr olds, replication & extension of work by A. D. Dandry & P. A. Russell & M. F. Rabinowitz et al, 26806
task analysis, identification of developmental trends in complexity of language structures & vocabulary & functions & story conventions, kindergartners through 3rd graders, 8771
task familiarity, conservation ability, 6–8 yr olds from pottery making vs non-pottery making families, India, 24112
temperament, reflection-impulsivity, 7–8 yr olds, 24182
temporal sequencing of familiar vs unfamiliar events, 4 vs 5 vs 6 yr olds, 8729
temporary memory skills, early reading ability, 2nd graders, Japan, 11435
test-retest reliability of Spanish version of Junior Eysenck Personality Questionnaire, children & adolescents, Spain, 28990
text structure, learning text, 10 vs 13 vs 16 yr olds, 3416
thematic-fantasy play & story familiarity & adult intervention, story recall, 4.7–13 yr olds, 14187
time constants & gains, vestibulo-ocular reflex from primary nystagmus, 2 mo to 11 yr olds vs 18–31 yr olds, 26801
time limited group therapy with role playing & behavioral contracting & token economy, self concept & peer relations, 3rd graders, 17915
timing of maturation & puberty, perceptions of family relations, 10–17 yr old daughters & sons & their parents, 24097
traditional preparation procedure with vs without videotaped modeling preparation, anxiety reduction & coping style & psychological preparation, 4–16 yr old hospitalized patients undergoing cardiac catheterization, 27885
training in Piaget's Grouping II logic, assessment of Grouping II logic-naming secondary classes, 3rd graders, 8777
transcription of phonetic detail in speech, unintelligible 5–8 yr old males, 12145
transpersonal processes, conflicts in Oedipal & separation-individuation phases of development, 8 yr old male, 17005
travel effort, distance estimation, 2nd vs 4th vs 6th graders, 8741
truancy & psychosomatic pains, 11 yr old intelligent male, 6769
TV action level vs violent content, aggressive vs prosocial behavior, 39–75 mo old males, 17009
TV exposure, cognitive abilities, male vs female 7–19 yr old Inupiat Eskimo vs Tlingit & Haida American Indians, Alaska, 1979 vs 1982, 21782
tympanometry & otoscopy, screening programs for middle ear diseases, 7–9.5 yr olds, 1507
type of conceptual rule & length of problem series in stimulus patterns, formal vs concrete concept identification strategy & number of attributes identified &/or rules learned, 11.1–12 vs 14.1–15 vs 17.1–18 yr olds, 8806
type of everyday context, expressed fear response, 4–5 vs 6–7 yr olds, 8858
understanding & use of variables & relations, probability problem solving, 5–13.9 yr olds, 29590
understanding of class inclusion, reasoning with logical implication, kindergartners & 2nd–8th graders, Netherlands, 21707

understanding of gender identity & sex stereotypes, sex-typed preferences, 4–8 yr olds, 894
understanding of set theory in mathematics, 6–11 yr olds, 8768
understanding of social learning principles, self control & grades & personality & conduct problems & immaturity & subcultural delinquency, 4th & 7th graders, 26919
understanding of terms "longer" & "shorter", 5–9 yr olds, Brazil & England, 8782
uniform field flicker masking of visible persistence at range of spatial frequencies, examination of role of low-level visual deficit in reading disabilities, reading disabled 12 yr olds, 17530
unilateral vs bilateral cerebral presentation, naming tasks, 10 vs 12 vs 14 yr olds, implications for onset of puberty, 6074
urban vs small town & rural environment, social development, 3–7 vs 7–11 vs 11–14 yr olds, 8813
use of alcohol, attitudes toward alcohol, 8–9 yr olds & their mothers, New Zealand, 16976
use of body weight vs alternative dimension, categorization of information & playmate selection, 3–12 yr olds, 11553
use of directions &/vs landmarks &/vs end information in descriptions of routes, 5.1–6.1 vs 8–9.3 yr olds, 29655
use of discounting heuristic in cognitive processing of social information in reward vs non-reward condition, kindergartners vs 2nd vs 4th graders, comments on methodology of research by C. J. Dahlenberg et al, 29603
use of ECT, childhood disorders, 11 yr old depressed male, 4225
use of extra-list cues, retrieval of episodic information from memory, 2nd vs 5th graders vs college students, 26805
use of tricyclic antidepressants, depressed prepubertal children, literature review, 30792
usefulness of Piers-Harris Children's Self Concept Scale, 8–15 yr olds, Australia, 20989
utility & reliability & validity of measures of self control, 4th–6th graders & teachers & parents, 16169
utilization of static & kinetic information, depth & monocular relative-size judgments, 3–4 vs 7–8 yr olds & young adults, Malawi, 3435
vague vs specific instructions & delayed vs immediate task conditions, recall of temporary ordered story events in logical sequence vs presentation order & memory on picture-sequencing task, 6 vs 8 yr olds vs college students, 24118
validation of Hawaiian idiom vs US mainland forms of High School Personality Questionnaire, 12–17 yr old Americans of Hawaiian descent, Hawaii, 21752
validity & reliability of Children's Action Tendency Scale & Children's Assertive Behavior Scale & Children's Assertiveness Inventory, 4th–5th graders, 16172
validity & reliability of screening test, identification of children of alcoholics, 10th–12th graders & experienced therapists & social work & family therapy students & health professionals, prevention implications, 13454
validity of interview rating scales, discrimination between depression & anxiety, 7–14 yr old hospitalized medical patients, 8066
validity of Kaufman Assessment Battery for Children Global Mental Processing scales vs Stanford-Binet Intelligence Scale Form L-M, gifted children, 26254
validity of Reynell Developmental Language Scales & Stanford-Binet Intelligence Scale & PPVT, prediction of WISC-R scores 4–8 yrs later, 3 & 5 yr olds, 26246
values attached to stereotypical masculine vs feminine vs neutral behaviors in male vs female children, college students vs 10–11 yr olds, US vs Great Britain, 26908
variability in perceptions of peers in controversial vs sociometric classification groups, 3rd–5th graders, 8818
variables to block occurrence vs hinder completion of problem solving strategy, logical errors in basic reasoning, 5.8–6 yr olds, Great Britain, 14154
variation of parameters of ball & distance overarm throwing in practice sessions, performance on novel striking tasks, male vs female kindergartners through 1st graders, 14144
verbal & modality-specific coding in tactual-to-visual & visual-to-visual matches, 7–8 yr olds vs 20–28 yr olds, 19610
verbal comprehension & perceptual organization & cognitive differentiation, learning disabled vs neurologically impaired 6–11 yr olds, 24824
verbal interactions & problem solving behaviors of mothers vs fathers with children, mothers vs fathers & their 9 vs 12 yr old male vs female children, 24310
verbal tasks & nonverbal hiding game, prediction of another person's line of sight & field of view, 3 vs 4–7 yr olds, 14138
verbal training, facilitation of concept of conservation, 6.5–7.5 yr old nonconservers of substance & volume, Nigeria, 19622
verbal vs nonverbal stimuli using selective reminding procedures, memory, 92–144 mo olds with learning disabilities, 4061
verbal vs visual presentation, recall & text comprehension, 5–6 yr olds, 11441
verbalization, sensory-motor conceptual learning, 2nd graders & mentally retarded students, 6688
vertical vs horizontal-frontal vs -lateral object arrangements, use of correct spatial terms in descriptions, 3–10 yr olds vs college students, 8715
vicarious traumatization, 10 yr old son of Vietnam veteran suffering from posttraumatic stress disorder, 11997
videotape of vs attendance at preoperative class vs brief individual preparation by nurse, 3–12 yr olds scheduled for minor surgery, 15397
videotaped performance feedback of self observational learning of motor tasks, primary-grade children, 19588
viewing exciting & partly violent movie, behavioral & endocrine reactions, male 12 yr olds scoring high vs low on Sennton neurotic scale who had vs had not visited psychiatric clinic, implications for importance of social support, 8809
violation vs transformation of conservation, reactions & responses, kindergarten vs 3rd graders, 3438
viruses, development of childhood psychosis, male school age children, 4 case reports, 22010
Visual-Aural Digit Span Test as criterion, validity of sequential processing factor of Kaufman Assessment Battery for Children, reading disabled 8.3–12.4 yr olds, 2894
visual memory development, face recognition, 7–15 yr olds, 19591
visual pursuit abilities, mentally retarded vs cerebral palsied vs learning disabled 3–10 yr olds, 22208
visual search for object surrounded by objects of similar shape or color, analysis of color & shape confusions that affect task difficulty, 3–5 yr olds & children with mean ages of 6.9 vs 9.8 yrs old, 19618
visually presented illogical vs logical & typical vs atypical episodes, episodic memory, 2nd vs 5th graders, 3415
vocational aspirations & sex role perception, male vs female Kipsigis 3rd vs 5th vs 7th graders, rural Kenya, 3481
voice onset time & vowel duration in identification of object or action pictures, acquisition of voicing contrast for English stop consonants, Arabic speaking 2–5 vs 7–11 yr olds with 2–12 vs 18–54 mo of English experience, 19593
voiced vs voiceless spelling of stop consonants after /s/, kindergartners vs 1st graders vs college students, 21737
voicing onset time of initial consonant, discrimination of synthesized 5-formant CV syllables, 6–11 yr olds vs college students, 26822
voluntary control of tissue oxygen, 7–17 yr olds experienced vs inexperienced in self hypnosis, 6024
vowel duration & final transition & voicing during closure, determination of voicing in final stop consonants, 3 vs 6 yr olds vs adults, 14194
weekly TV viewing habits, imaginative abilities & attitudes, 10–13 yr olds, Australia, 26802
willingness to submit to & perceptions of peer pressure & self reported peer involvement & misconduct, 6th–12th graders, 29673
WISC-R & Kaufman Assessment Battery for Children test performance, 6–12 yr olds with left vs right hemiplegia, 22294
within vs between language interference on Stroop test, Chinese-English bilingual 2nd & 4th & 8th graders & college students, 29585
word "fast" vs "slow" & "smashed" vs "hit" in inquiry about filmed accident, estimate of speed of car, 1st–8th graders & college students, 26838
word finding skills, dysnomic vs learning disabled vs normal 8–12 yr olds, implications for diagnosis of dysnomic learning disability, 9437

word length, recall of names of common objects in pictures, 4–10 yr olds, 16922
word list presentation rate, free recall, 3rd vs 6th graders, 19603
word orders & case frames of simple transitive sentences, development of sentence processing strategies, Warlpiri 3.2–11.3 yr olds, Australia, 8696
word processors, spontaneous writing & structured editing tasks, 11–12 vs 13–15 yr old poor vs better writers, 14197
word vs digit vs consonant/vowel syllables vs melody stimuli & directed attention, dichotic listening performance, 9–12.8 yr olds, 16940
writing speed & general intelligence & social class, linguistic & semantic & ideational factor structure of verbal fluency, male & female 11–18 yr olds, 16917

School Attendance

development & validity of attitudes toward college inventory, prediction of college attendance, 13–19 yr old economically disadvantaged students, 18644
home visits by education welfare officer, school attendance, referred absentee-mixed comprehensive secondary school students, UK, 25913
incidence & demographic characteristics of allergic disorders, school attendance & achievement test scores, learning disabled vs non-learning disabled elementary vs middle vs high school students, 9452
multimodal counseling with friendship group participation, school attendance, 3rd graders, 10539
perceptions of discipline & classroom management & drugs & absenteeism & responsibility, school board members vs superintendents vs principals vs counselors vs teachers vs students vs parents in junior high/middle school setting, 20658
puberty as group therapeutic technique, social behavior skills & school attendance & suspensions & language arts & mathematics achievement, educably handicapped or learning disabled middle school students, 25933
reduction of school enrollment & crowding, attendance & grades & student attitudes toward teaching & class size & friendliness, junior high school students & teachers, 4917
rejection by school peer group, school attendance, 14 yr old female with school phobia, 18571
review of instructor's &/vs personal notes of lecture vs mental review, achievement on factual items, college students who were listeners only vs nonattenders vs notetakers, 7638
reward- vs punishment-based procedures, control of absenteeism, college students, 13019
school attendance & neuropsychological functioning & achievement, 12–19 yr olds with diabetes, 6858
school attendance, delinquent vs nondelinquent 13–16 yr olds surveyed over 2 vs 3 yrs of school, 27396
teacher attitudes & student behaviors, academic failure, learning disabled high school students in mainstream schools, 7738
use of objectives & allocated learning time & entering achievement levels & absenteeism, achievement in social studies curriculum program, 6th–8th grade students & teachers, 25822

School Club Membership

participation in minority student organizations, Black vs Asian American vs Hispanic vs Native American college students at predominantly White university, 15807
prior group membership, reconnaissance of new groups, college freshman attending campus activity fair, 18558

School Counseling

academic vs collegiate vs vocational vs nonconformist orientations, choice to seek help & type of counseling center services chosen & number of sessions attended, college students, 18671
adolescent & teacher intervention group, school suicidal behavior, special education high school students & teachers, 23138
applicability & roles of school psychological programs in provision of services, learning disabled college students, 28619
application of cognitive psychology of studying principles, individual-centered study counseling, 28651
attitudes toward computers, 8th & 12th grade males vs females, implications for school counseling, 28593
behavioral characteristics & teacher interventions, children of alcoholics, 15920
binomial expansion, evaluation of educational program effectiveness, school counselors, 28592
characteristics of stressful life events, male vs female college students attending student counseling center vs non-help-seeking students, 31351
clarification of year-long vs American Psychological Association accredited internships & criteria for accreditation, college & university counseling center internships, 2305
client expectations & counselor attitudes & behavior, premature termination of counseling, college student clients & counselors in university counseling center, 15901
college-sponsored career services & educational guidance program, community nonstudents, 28618
conceptualization & operationalization & measurement of racial identity, cross-cultural counseling process research, Black students, reply to criticism by J. E. Helms, 31314
conference telephone system, single session groups for mutual support, homebound disabled college students, 18674

school desegregation programs, public school enrollment trends, Whites, 1968–76, 25754
school desegregation, self concept, Black vs White junior high school students, northern vs southern US, replication of author's findings, 7678
social psychological & local areas' racial demography, long term effects of school desegregation on assimilation, Blacks, 11587
values & social activism & school desegregation, White Catholic vs Protestant vs Black Protestant male clergy, 19711

School Integration (Racial) [See School Integration]

School Learning
ability to learn reading & writing, students before age 6, 2428
adaptive education, cognitive & affective & behavioral outcomes of learning, elementary & secondary school students, meta-analysis, 10392
analysis of information handling techniques within classroom, 23041
cognitive abilities & locus of control & background experience & situational factors, development of metalearning in study processes, secondary & tertiary students, Australia, 13000
cognitive procedures in learning technical drawing, 14–18 L.E.P. students, 4880
cognitive processing model as framework for indication of student levels of understanding during classroom instruction, 10394
diminished auditory input through wearing of headphones, learning, learning disabled 5th graders, 2516
dramatic contexts & negotiation of meaning, continuity between learning environments of home & school, children, 25827
field dependent vs independent cognitive style, daily & weekly fluctuations in performance on verb conjugation vs perceptual vs mathematical tasks, 11 yr olds, 2441
formal schooling, cognitive development, high school graduates vs dropouts, 2-yr longitudinal study, 789
incomplete absorption & loss of information & effects on examinations, teaching-learning process in school, 4900
initiation & participation & demonstration & prevailing answers as variables in verbal disagreement, achievement & peer nominations of competence, 2nd–3rd graders in learning/discussion group, 15800
mental models of information processing & cognitive errors in science learning, college students, 15741

misconceptions & learning hierarchy for food webs, 10th grade biology students, 10339
multiple vs single elaboration dyads vs individuals, processing of descriptive vs procedural technical passages, college students, 15692
neurological & neuropsychological problems with learning in schools, children, 10529
note taking vs review of own vs instructor's notes, test performance, college students, 7637
notetaking vs review of instructor's notes & higher-order practice questions &/vs corrective feedback, factual & higher-order performance, college students, 25817
Piagetian genetic psychology & classroom learning, 4806
repeated study & retesting on reading assignments, acquisition & retention of rote vs conceptual material, slow vs fast learning college students, 7750
resegregation in desegregated schools & teacher attitudes, selection of grouping principles & classroom learning & behavior, elementary school teachers & Black & White 5th graders, 13026
review of instructor's &/vs personal notes of lecture vs mental review, achievement on factual items, college students who were listeners only vs nonattenders vs notetakers, 7638
school-related nearwork activity &/vs cognitive ability & school achievement, development of myopia, 12–33 yr olds, 12160
self instruction training, mathematics & reading & language arts homework completion rates, 8.9–9.9 yr old special education students, 23059
special problems in learning school's "hidden" curriculum, learning disabled 12 yr old male, 13075
stimulus demands, adaptation of learning strategies, 74–147 mo old learning disabled vs slow learning children vs 2nd graders, teaching implications, 31275
study of text using own vs facts vs comprehension learning strategy, test performance, 7th graders, 2439
theories of school learning & correlates of learning disabilities, model of learning disabled students as dissociated learners, 17516
TV viewing of Cousteau Society documentary vs science teacher's presentation of show's script, aquatic knowledge & attitude change, 9th graders, 2364
type & quality of implementation of science teaching strategy & reasoning ability, engagement assessed by on- & off-task behavior, middle & high school students taught by student teachers, 25823
verbal & nonverbal social cues & signaling of expectations, teaching-learning events in classrooms, teachers & students, 2459
verbal interaction in peer-directed groups, learning, elementary school students, 2415
view of TV as possible impediment to school learning, 13011

School Libraries

motivational library program, understanding of & attitudes toward & use of school library, 10th grade English classes, 28453
noise level reduction, perceptions of noise problems, patrons in undergraduate library, 23024
participation in library-oriented motivational intervention program, use of & attitudes toward library or librarian & reading, 8th graders & junior high librarians, 2402

School Nurses

college health nursing services, nurses, 31065

School Organization [See Educational Administration]

School Phobia

application of self efficacy theory to treatment plan & systematic desensitization, school phobia, Hispanic male 6 yr old, 20302
characteristics & treatment considerations, school phobia, 25030
family therapy, 14 yr old female with school phobia & her phobic parents, 22468
human relatedness concept incorporating facilitating environment & other aspects of D. Winnicott's theory, psychotherapy, 13 yr old female with school phobia & her family, implications for social casework clinical practice, 22691
institutional treatment, 9 & 12 yr olds with school phobia, 2111
psychiatric hopital treatment for school phobia during adolescence, incidence of psychiatric disorders, young adults, 10-yr followup, 30928
psychosocial characteristics of school phobia & guidelines for its early identification, children, 28588
rejection by school peer group, school attendance, 14 yr old female with school phobia, 18571
school refusal &/or truancy, children taken to court for failure to attend school, UK, 7655
similarities in school vs access refusal situations & possible treatment interventions, 8–12 yr olds & their post separated families, conference presentation, 22465

School Principals

administrative training desires, school principals, 22911
age & length of service & qualifications, performance of administrative tasks, primary school headmasters, Nigeria, 28384
attitudes toward mainstreaming & current support services for handicapped children, school principals, Australia, 22882
authoritarian principals & atmosphere of hostility & tension, self monitoring behavior, male vs female secondary school teachers in large vs small public vs private schools, Lebanon, conference presentation, 10304
compliance with federal legislation & administrative regulations concerning release of student records, public secondary school counselors & principals, 10307
construct validity of Principal Expectancy Motivation Scales, measurement of constructs & motivation toward managerial & instructional role & total motivation, school principals, 31347
evaluation of training program in interpersonal problem solving with staff members relative to mainstreaming, public high school principals, 15611
expectations of role of services provided by educational psychologist, principals & teachers & social workers, 28396
experiences with & perceptions of teacher misconduct & monitoring personnel behavior within school to prevent impropriety, secondary school principals, 7580
extent & effectiveness of on-the-job training of assistant principals in specific tasks, elementary & junior high & high school principals vs assistant principals, 25739
feelings & attitudes & general behavior intentions, receptivity toward Certificate of Secondary Education System, teachers & principals, Western Australia, 22917
inservice training & information dissemination & pastoral support & therapy, school principals & junior & infant & primary psychologist trainees, 28390
observation & research & expert opinion as school evaluation methods, degree of adherence to principles of individual education, school principals, 2341
opinions on reading instruction changes in merit pay program, elementary school teachers vs principals vs central administrator, 18449
Peer-Assisted Leadership program, school principals & administrators, conference presentation, 20650
perceived reasons for compliance with principal's requests & perceived social support from principal & fellow teachers, elementary school teachers, implications for occupational stress, 15589
perceptions of supervisory practices for instructional improvement, secondary school teachers vs principals, Nigeria, 12921
perceptions of teachers' instructional difficulties, elementary & middle school & high school principals, 12918
preservice training in school counseling & development, surveyed graduate programs for school principals & counselors, 10295
professional role in psychiatric hospital school, principals, 28174
redefinition & restructuring of relationship to accommodate functional communication & creative work, school psychologist & principal, 28399
role conflict & ambiguity & demographic data, perceptions of job robustness, elementary & secondary public school principals, 2306
role in elementary & secondary schools & educational uses of computers, male vs female principals & primary computer-using teachers, 22875
school level & enrollment & yrs of service & degree attained & sex & race, perceptions of preparation for & difficulty of work roles, school principals, 18446
societal & institutional factors & personal experience & personality, attitudes toward integrating mentally handicapped, primary & secondary & special education teachers & school principals, England vs US, 13117

training program in problem solving with conduct disordered adolescents, high school principals, 1-mo followup, 2323
types of acceptable principal's orders & reasons for compliance, teachers, 15592
School Psychologists
academic & vocational training programs, school psychologists, France, 22896
advantages & disadvantages & implications of age-range sectoring for service delivery, school psychologists, 28386
attributions for success vs failure in parent &/vs teacher consultations, school psychologists, 28405
background variables & turnover rates, rural vs urban school psychologists, 1977–80, 15607
congruence between training & role functions & present & preferred job & competence, school psychologists, replication of study by M. L. Meacham & P. D. Peckham, 28385
consultation activities, school psychologists, 1981–84, 3-yr longitudinal study, 10306
development of consumer feedback system, evaluation of performance, school psychology interns, 10288
dynamics of interactive relationship, college psychotherapist & dean of students, 25925
educational preparation & assessment of importance & performance of career development functions, high school psychologists & their handicapped students, 18607
evaluation procedure for assessment of development of professional consultation skills, school psychologist trainees, 2319
evolution of professional organization, school psychologists, 18364
experiences teaching 5th graders with behavior problems, school psychologist, 7744
formative evaluation of individual student programs & educational assessment methods, role in educational programs, school psychologists, 31320
historical perspective on role of school psychologists, 31328
history of psychology & licensing & certification & training, school psychologists, US, 22909
history of psychology & training in school psychology, school psychologists, Italy, 22910
history of school psychology training in Royal Danish School of Educational Studies, school psychologists, Denmark, 22912
identification of transference vs theme interference in consultee-centered mental health consultations, school psychologists, 12916
job satisfaction, school psychologists practicing in rural area, 18451
model based on service delivery roles & organizational factors, school psychologist-client relationship, 22915
model for division of labor between school psychologists & guidance counselors, Israel, 20656
need for change in procedures for assignment of cases, school psychologists, Denmark, 7771
need for greater publication activity, school psychology practitioners, 2334
need for modification of informational presentations to parent & teachers & principals, language specialists, 28394
perceptions of functions & roles of school psychologists, master elementary teachers vs school psychologists, 20652
perceptions of job satisfaction & stability & quality of professional life, rural vs urban school psychologists, 20654
primary prevention techniques & professional competence, school psychologists, 20657
procedures for vocational assessment of junior & senior high school students, school psychologists, 23137
professional field experience in educational preparation & accountability, school psychologist interns & practitioners, 22891
psychology training, school psychologists, West Germany, 22876
redefinition & restructuring of relationship to accommodate functional communication & creative work, school psychologist & principal, 28399
role of higher education institutions in training & professional development, school psychologists, 2330
roles & responsibilities in meeting needs of hearing impaired children, medical officers & teachers & educational psychologists working together in teams, 23096
rural environments & attributes, delivery of comprehensive services & training & recruitments, school psychologists, 12907
satisfaction with supervision of nonprofessional child-aides & adjustment changes in referred children seen by aides, school mental health professionals, 22893
school psychology training & admission criteria, school psychologists, Israel, 22901
scientist-practitioner model, preservice training for service delivery in rural communities & school settings, school psychologists, 12897
self evaluation model, school psychologists, 4817
student's race & assessment data indicating normal vs borderline/ambiguous vs mildly mentally retarded, psychoeducational expectations & diagnostic & placement decisions, school psychologists, 31340
training & professional status & role in primary school education, school psychologists, Brazil, 31149
training programs, school psychologists, Saudi Arabia, 22892
understanding of & participation in consultation with school psychologist & subjective perception of consultant, number of consultation contacts & rating of outcomes, elementary & junior high school teachers, 31142
views regarding urgency & prognosis of types of school adjustment problems, junior high & high school teachers vs mental health professionals, 15622
School Psychology
applicability & roles of school psychological programs in provision of services, learning disabled college students, 28619
content of & change in state administrative definitions of behavior disorder, implications for school psychology, 31277
cultural influences & urban ecological factors, emotional & sociobehavioral & academic development, low income urban Hispanic 4 yr old female, implications for school psychology professionals, 28633
demographic & historical factors & current research in rural school psychology, 12891
development & accreditation of programs in school psychology, extension of J. L. French's research, 15600
development of paraprofessional program in school psychology, students, 18444
historical review & listing of school psychology journals & texts & newsletters, 1930–85, bibliography, 31324
history of delivery of school psychological services, 1890–1930, 4987
history of psychology & licensing & certification & training, school psychologists, US, 22909
history of psychology & training in school psychology, school psychologists, Italy, 22910
involvement in school psychology training programs, minority group students, 18458
philosophical differences between early childhood education & special education, implications for school psychologists, 20646
prerequisite considerations prior to implementation of organization development in school district, school psychologists, 2303
preschool psychological services & problems with skill-oriented training & traditional practices, school psychologists, 20651
presentation of cases illustrating quality assurance policy of American Psychological Association, clinical & counseling & industrial/organizational & school psychology, 12812
program of institutional psychology in schools, Brazil, 7743
psychology training, school psychologists, West Germany, 22876
regional service delivery system models & funding issues, provision of school psychology services in rural areas, 12887
role & effectiveness & limitations of psychological services in socialist schools, 18415
school psychology in business & industry, 20643
school psychology training & admission criteria, school psychologists, Israel, 22901
special education services & mainstreaming & role of school psychologist, US, implications for British educational systems, 28561
strengths of rural settings in delivery of school psychology services, 12889
trends in information technology & demographics & decentralization of federal power, implications for education & school psychology, US, 18418
values & beliefs & changes in practice of school psychology, 12885

School Readiness
birth date & sex, performance on screening vs school readiness vs achievement tests, 3rd–6th graders, 15756
concurrent validity of Bracken Basic Concept Scale, evaluation of language & academic readiness, kindergartners through 2nd graders in regular vs remedial education, 4977
English standardization of Boehm Test of Basic Concepts-Form A, measurement of mastery of concepts required to achieve in 1st yr of school, 3.5–7.5 yr olds, Great Britain, 28643
perceptual motor functional development, preparation for school, dyslalic children, implications for rehabilitation, 30349
predictive validity of Bender Gestalt Test for Young Children, screening for school readiness & subsequent school performance, kindergartners followed through 4th grade, Australia, 15921
primary school readiness & adjustment, 6–11 yr olds from urban vs rural environments, 7660
School Superintendents
attitudes toward nontraditional individual education program, school superintendents, 2385
perception of role of social worker in schools, school superintendents vs school social workers, 15596
School Suspension
criteria & procedures & legal issues in termination of students from professional psychology programs, 15510
puberty as group therapeutic technique, social behavior skills & school attendance & suspensions & language arts & mathematics achievement, educably handicapped or learning disabled middle school students, 25933
School Truancy
family therapy, school refusal, 10 yr old male with enuresis & 15 yr old male with headaches & 8 yr old female with illegitimate physical complaints, case reports, 27855
home visits by education welfare officer, school attendance, referred absentee-mixed comprehensive secondary school students, UK, 25913
persistent school absence vs disciplinary expulsion, secondary school students, 7566
school refusal &/or truancy, children taken to court for failure to attend school, UK, 7655
successive approximation & token economy system, school refusal, 12 yr old male, 9840
Schools [See Also Colleges, Community Colleges, Elementary Schools, High Schools, Institutional Schools, Junior High Schools, Kindergartens, Military Schools, Nursery Schools, Seminaries, Technical Schools]
changing school administrators, school performance & effectiveness & communication & decision making, literature review, 4819
court decisions on mainstreaming & suggestions for residential schools & day programs, deaf children, 2505
development of approved certification program in school social work at University of Pennsylvania School of Social Work, 15518
goals & evaluation of Connecticut State Department of Education's School Effectiveness Project, 15652
goals & rewards & staff mobilization, effective schools & education in urban environments, 10280
history of Kamehameha schools & Early Education Program, Hawaii, 18507
ideology & organizational structure & teaching practices in effective school education, Black & other minority students, 15572
importance of involvement of school & family & clergy, moral development, junior high school vs college students, 1978–1983, 952
inservice teacher training, school improvement, Sweden, 28389
instructional practices & policies in effective inner-city schools, 15580
issues in health promotion program development in schools, 18680
juvenile delinquency & school & parental attachment, male Black vs White 10th & 11th graders classified as upper vs lower class, test of social control theory, 27425
leadership & climate & curriculum & finance & evaluation in effective schooling, meta-analysis of 1970–83 publications, 31129
low inference classroom interaction observation systems, teacher & school effectiveness studies, 31136
Milwaukee School Board's Project RISE, academic achievement, students, 15682
need for educational system to teach basic principles of responsibility, children, 28369
organization & philosophy & ethos of institutions & schools & residential homes & hospitals & custodial care centers, development & short & long term effects, children, 12721
organizational & attitudinal & methodological aspects of effective schools, Black & minority students, implications for instructional practices in urban public schools, 15585
perception of role of social worker in schools, school superintendents vs school social workers, 15596
problems in measurement & implementation of accountability systems, teachers & schools, 31310
role of Careers Service groups & relationship with school system, UK, 10540
role of school in alcohol education, 2412
school-based interdisciplinary team approach in promotion of physical & mental health, special services professionals, 18447
school effectiveness research, annotated bibliography & literature review, 31130
School Effectiveness Training program, instructional improvement, teachers in urban schools, 15612
school-is-work inservice training program, implementation of career education in school curriculum, instructors in large suburban school system, 18445
utility of participative management model, school budget development, communities, 12928
voting frequency & parenthood status, need for evaluative data in decision to support new school program, voters without vs with children in or not in public schools, 24386
Sciatic Nerve [See Spinal Nerves]
Science Education
ability to distinguish between causal & teleological explanation, 12th grade biology students, Israel, 2440
adapted vs nonadapted physical science text, test scores, learning disabled 7th graders, 15844
anxiety levels, male high vs low achieving high school science students, India, 31236
application of Piaget's theory of formal thought to science education, 18483
attitude toward science & spatial & mathematical ability & scientific personality, science grades, 8th graders, 2420
attitudes toward science & science education, 9 vs 13 vs 17 yr old Hispanic vs White vs Black students, 25856
attitudes toward teachers & classes & study, science education, 3rd vs 7th vs 11th graders, meta-analysis, 7685
cognitive & affective ability, prediction of science concept structure interrelatedness competence, middle school students, 2430
comprehension & representation of chemical equation balancing, high school chemistry students, 10425
computer assisted vs textual programed instruction & locus of control, acquisition of integrated science skills, preservice elementary teachers, 25753
computer software for informal assessment of learning disabilities in mathematics & science & reading comprehension & word processing & cognitive processes, 28610
concepts & Vee mapping, comprehension & learning of biology concepts, Black inner-city high school students, 18484
cooperative learning activities with vs without structured academic controversy vs individualistic learning, achievement & motivation to learn & attitudes toward science, 5th graders, 4850
cooperative vs competitive vs individualistic student-student interaction, affective outcomes of science instruction, secondary school students, Nigeria, 2470
curriculum enrichment activities & incentives, gifted students, England, 15813
deductive vs inductive experimental groups, judgments of observed peer teaching, preservice physics education students, 4820
development & reliability & validity of Test of Integrated Process Skills, measurement of science process skill achievement, middle & high school students, 2555
development of chemistry creativity & problem solving test, chemistry students, 18650
development of remedial teaching method for physics, academic achievement, 9th graders with learning difficulties, 2519

direct vs mnemonic vs free-study instruction, acquisition of dichotomous classifications of minerals, 12.4–14.7 yr old learning disabled students, 10488
direct vs mnemonic vs reduced list direct instruction vs free study, acquisition of science facts, learning disabled junior high school students, 31213
discovery vs nondiscovery classroom climate, biology process skills & content achievement, college students, replication of Science Process Inventory study, 2370
ecological validity of adjunct questions, college students in biology course, 18497
encouragement of curiosity & questioning in science education, elementary school students, 15683
engineering & science enrichment programs, achievement of academic parity with nonminority students, minority college students, 18511
enrollment in extracurricular science courses & activities & scientific ability & attitudes toward science, junior high school students, 2362
evaluation of cognitive development test, prediction of performance & placement in chemistry course, college students, 31318
factor analysis of affective determinants of science achievement, 17 yr olds, 7645
factorial & construct validity of Science Teacher Inventory of Need, secondary school science teachers, Malaysia, 7739
high ability as assessed by college entrance exams & strong academic background, differential performance & perception of performance in introductory chemistry & mathematics courses, male vs female college students, 31223
high vs low kinetic structure & unified vs varied micrograph content, acquisition of scanning electron micrograph reading skills, college biology students, 25774
impact of joint learning experience, scientific literacy & family relations, parents & their 6th–8th grade children, 25788
instruction requiring reasoning & molecular model usage, posttest achievement in chemical bonding, male vs female high school chemistry students, 10383
instruction through mentor, development of creative scientists, gifted high school students, 13099
interdisciplinary curriculum for teaching introductory psychology & philosophy & biology, college students, 15694
laboratory grouping according to reasoning ability, science achievement & gains in reasoning ability, college elementary education students, 4854
Lawson's formal reasoning test, prediction of achievement in science vs mathematics, male vs female 9th & 10th graders, Israel vs US, 2431
level & frameworks for understanding pressure in fluids, 12–16 yr olds, 28471
live plant & animal displays in biology classroom, knowledge of & attitudes toward science & biology, high school biology students, 18494
matching teaching methods & need level & cognitive style & locus of control, attitudes & achievement in physical science, 9th graders, 10390
mathematical model of mastery learning, science academic achievement prediction, college students in astronomy course, implications for instructional methods, 23009
mathematics & engineering & science achievement program, academic achievement & college enrollment in mathematics-science courses, minority high school students during & after program participation, 4832
mathematics & reading achievement & causal attribution & attitude toward school success & class behavior, teacher ratings & science achievement, desegregated Black vs White male vs female junior high school students, 20725
mental models of information processing & cognitive errors in science learning, college students, 15741
misconceptions & learning hierarchy for food webs, 10th grade biology students, 10339
note taking, cognitive process during information encoding during science lecture, 11th graders & college students, investigation of generative hypothesis, 15759
personality & attitudes, attainment in general certificate of education physics, male vs female high school students, 2-yr longitudinal study, UK, 23017
personality correlates of success vs failure in college science course, male vs female college students, 2425
physiological maturity, attitudes toward school science in 1st & 2nd vs 5th yrs of secondary school, male vs female students, England, 18539
precision teaching vs study guide methods of physical science text adaptation, test performance, high- vs middle- vs low-achievement learning disabled 7th graders, 10487
present status of education in natural sciences & technology, Sweden, 4859
processes in solving physics problems, 12th graders with good vs poor problem solving abilities, 2426
prolonged period of cooperative & competitive relationships, performance in science, junior secondary students, Nigeria, 31234
qualifications & experience & nationality, attitude toward science & science teaching, female vs male science teachers, Nigeria, 18453
quantitative & qualitative illustrated portrayal of females & minority groups in elementary science texts, 22969
recognition of concept definitions, English- vs Hindi-speaking high school students, Australia vs India, 18524
required writing assignments, achievement in chemistry, college students, 22951
science classroom & extracurricular experiences, career choices, male vs female high school biology students & their teachers, 10439
science education, elementary education majors, reply to comments by R. J. Whitaker, 22890
science laboratory behavior strategies, performance in & attitudes toward laboratory work, 11th grade biology students, Nigeria, 4894
science methods course, elementary school teachers, comments on study by R. A. Duschl, 22918
self instructional curriculum unit, development of advanced astronomy concepts, gifted 5th–7th graders, 28567
SES & general ability & self image, sex stereotypes & attitudes to science, male vs female 11 yr olds, implications for science education, 28509
single- vs mixed-sex cooperative vs individualistic learning situations, science achievement & attitudes toward cross-sex & cross-handicap relationships, learning disabled vs non-learning disabled 5th & 6th graders, 4851
single- vs mixed-sex science classes in single- vs mixed-sex schools, science achievement, male vs female 1st-yr secondary school students, 28431
special preparatory science education, developmentally delayed children, USSR, 7732
student & classroom characteristics, science inquiry skill, 17 yr old male vs female Whites vs non-Whites, 7646
successful science programs, gifted & talented high school students, 13056
teacher's understanding of nature of science & classroom factors, conceptions of nature of science, high school biology teachers & students, 18549
teaching strategies integrating science concepts with reading-language skills improvement, achievement on life science concept test, 7th graders, 28423
training in instructional use of microcomputer & use of microcomputers in mathematics & science education, male vs female teachers, 22914
TV viewing of Cousteau Society documentary vs science teacher's presentation of show's script, aquatic knowledge & attitude change, 9th graders, 2364
type & quality of implementation of science teaching strategy & reasoning ability, engagement assessed by on- & off-task behavior, middle & high school students taught by student teachers, 25823
understanding of science terms, 9 vs 13 vs 17 yr old students, 7652

Sciences [See Also Adolescent Psychology, Anesthesiology, Anthropology, Applied Psychology, Biochemistry, Biology, Cardiology, Chemistry, Child Psychiatry, Child Psychology, Clinical Psychology, Community Psychiatry, Comparative Psychology, Counseling Psychology, Dentistry, Developmental Psychology, Educational Psychology, Endocrinology, Engineering Psychology, Epidemiology, Experimental Psychology, Forensic Psychiatry, Geography, Geriatrics, Gerontology, Gynecology, Immunology, Industrial Psychology, Mathematical Psychology, Mathematics, Medical Psychology, Medical Sciences, Military Psychology, Neuroanatomy, Neurobiology, Neurochemistry, Neuroendocrinology, Neurology, Neuropathology, Neurophysiology, Neuropsychiatry, Neuropsychology, Neurosciences, Obstetrics, Ophthalmology, Orthopsychiatry, Physics, Physiological Psychology, Psychiatry, Psychobiology, Psychology, Psychopathology, Psychosomatic Medicine, Radiology, School Psychology, Social Psychiatry, Social Psychology, Social Sciences, Sociology, Surgery, Transcultural Psychiatry]
analysis of D. Bohm's developing postmodern thought & proposal for postmodern vision of reality & A. N. Whitehead's philosophy of prehensive wholeness, conference presentation, 16067
attitudes & aspirations toward graduate studies & science & research, female vs male juniors vs seniors, Sweden, 25836
attitudes toward science & science education, 9 vs 13 vs 17 yr old Hispanic vs White vs Black students, 25856
coexistence of wonder as root of religious experience vs understanding as drive for science, implications for artificial intelligence, conference presentation, 29782
conception & formulation & development stages of scientific creativity, 5205
course in science & technology careers, reentry adult college students, 2377
development of scientific phenomena & syndromes of psychosis, 5191
features of animal-environment interaction & role of social animal science in animal welfare & husbandry, 8272
formation of theories concerning empirical science in relation to psychology of perception, 5195
Freud's comparison of psychoanalysis to Darwinian evolutionary theory & Copernican revolution, conference presentation, 4340
history of psychology & of science, 18851
hypothesis of formative causation in R. Sheldrake's New Science of Life, 2746
implicate order in physics & philosophy & theology, reply to comments by R. J. Russell & G. F. Chew & D. R. Griffin & T. Peters, 16055
influence of German-language culture on Freud's thought, 26125
interrelationship of religious & scientific concepts, conference presentation, 24281
materialist philosophy, death & dying & gap between spirit & matter, 26105
nature of religion & science as search for wholeness, 16057
partial model of abstraction in mathematics & science thought, 16286
philosophical world view of science & technology & its implications for counseling, 27816
present status of education in natural sciences & technology, Sweden, 4859
proposal to place constraints on scientific & technological development & view of war as factor in progress, comment on S. B. Sarason's assertions, 11568
proposal to place constraints on scientific & technological developments, comment on S. B. Sarason's assertions, 11559
proposal to place constraints on scientific & technological developments, comment on S. B. Sarason's view, 11573
relations of science & religion in descriptive psychology, 26121
relationship between values & attitudes about reality, epistemological consistency & disciplinary trends, activist psychologists & college students, comments on articles by G. A. Kimble & by L. Krasner & A. C. Houts, 14528
science & humanism in psychoanalytic theory, 10717
science & theory of intersexual stages & etiological research on homosexuality, 6293
scientific data fabrication/manipulation as potential area for study of deviant behavior, 26129
scientific integrity & journalistic standards of neutrality of "Cosmos" TV series by C. Sagan, 3339
scientific status of history, 2785
sex differences, self efficacy for mathematics & science careers, disadvantaged 16–24 yr olds in precollege program, 31205
theory of wholeness & implicate order & postmodern consciousness, critique of theory by D. Bohm, conference presentation, 16074
views of consciousness & mind-brain interactions, union of religion & science, conference presentation, 997
Scientific Communication [See Also Professional Meetings and Symposia, Psychological Terminology]
analysis of articles comprising 1st 10 volumes of journal Behavioral Disorders, 12108
analysis of percentage of articles in "Journal of Individual Psychology" authored or co-authored by women, 1968–82, 28362
analysis of quantitative research, religious variables in psychiatric journals, 1978–82, 17733
analysis of statistical techniques used in "Journal of Educational Psychology", 1979–83, 4807
anonymous peer review of psychological manuscripts submitted for publication, criticism of S. J. Ceci & D. Peters's study, 18404
audience participation in sessions of Society for Psychophysiological Research, 15489
avoidance of synonyms in scientific discourse, 7920
bibliographic listing of English-language publications on psychology in Africa & Asia & Oceania, 2742
bibliography of theses & reports & books & reprints issued by departments of education, Sweden, 1984, 4804
bibliography, 1932–86, psychoanalytic writings of M. Fordham, 28867
bibliometric analysis of journal articles on learning disabilities, 14781
characteristics of & guidelines for writing case studies for planning & evaluation, criticism of G. S. Tellado's study of junior high school problem solving training program & its evaluation, 2294
checklists for correct American Psychological Association format for experimental & review-theoretical papers, 15547
clarity of request for psychiatric consultation, type of psychiatric diagnosis, medical patients, 22004
collective guilt & individual psychological boundaries regarding Nazi holocaust, professional & personal communication at meetings of International Psychoanalytic Association meeting, psychoanalysts, West Germany, 25654
comprehensive theoretical vs reductionist thinking in clinical literature, examples of therapist-patient & mother-child relations, 25110
computer analysis of readability, abstracts from occupational therapy journals, 22744
computer conference, formation of interpersonal ties, scientists, 5236
consensus & communcation in interpretation, psychoanalysts, 25685
content analysis of newsletters of state psychological associations, 20594
content analysis of papers published in "Psychometrika", 1960–84, 18905
content analysis of psychology theses & conference programs, incidence of works on children up to 12 yrs old, psychologists, Peru, 31040
content analysis of research published in 1982 volumes of "Journal of Personality & Social Psychology", reply to R. Carlson, 21900
coverage intention & bibliographic vs personal contact & manual search strategies & citation practices, authors of psychological research reviews, 13331
coverage of literature on mathematical modeling & computer simulation in "Psychometrika" during past 50 yrs, 18908
criticism of B. F. Skinner's objection to mentalism, 1938–75, 5192
dissemination & utilization of innovative psychosocial interventions, 17706
dreams & ESP, criticism of neglected or distorted reviews of parapsychology in psychology book publications, 13291
English translation of E. Hecker's classic paper "Die Hebephrenie", 9330
factor vs citation analysis of specialty areas, typology of specialization, population scientists, 6183

familiarity & gender & institutional prestige, evaluative judgments of convention program proposals, members of special interest groups, 2304
female productivity & collegial relations & research style, male vs female sociologists & college teachers, 8-yr followup, 4818
frequency of citations in Social Sciences Citation Index, Soviet scholars, comments on inclusion of foreign source material in study by V. S. Sexton & H. Misiak, 13286
frequency of citations on human aggression in psychological journals, 8256
frequency of qualifying words & expressions in research reports in social psychology, implications for validity of initial research, 3660
frequency of use of experimental designs & methodology in published nursing research, 1956–83, 23371
funding & productivity in mental retardation research, 1467
graduate psychology training models, scholarly activity as assessed by publications, program graduates, 2237
guidelines for presenting programs at conferences & inservice faculty training, school counselors, 25740
guidelines for writing manuscript to be submitted for publication, school counselors, 25728
health education & communication about research literature, 1994
historical review & listing of school psychology journals & texts & newsletters, 1930–85, bibliography, 31324
history & process of journal publication within American Psychological Association, 15484
history of literature on factor analysis published in "Psychometrika", 18914
history of psychometric theory & structured modeling & data analysis published in "Psychometrika" during past 50 yrs, 18907
history of test theory in psychometrics & relevant articles published in "Psychometrika", 1961–85, 18912
humorous critique of overuse of references in recent psychological journal writing, 18383
information services for retrieval of psychological literature, West Germany, 15527
integrative complexity of American Psychological Association presidential addresses, 1894–1981, 10729
intelligence testing & passage of 1924 Immigration Act & lack of consideration of previously published data, reply to 5 criticisms, 52
interrater agreement for journal manuscript reviews, comments on article by G. J. Whitehurst, 12808
language & country of publication & intellectual form & rate of obsolescence & publication journal, publications in educational psychology, 7569
letters of S. Freud & S. Ferenczi on psychoanalytic theory & technique, 1924–28, 30559
linguistic & semantic factors, psychology's development as international discipline, criticism of R. W. Russell's study, 18339
magnitude of relationships for statistically significant findings in social work journals, 1981–83, 8133
need for ability to communicate in various media, survey of requestors of information on Boys Town residential treatment program, implications for graduate psychology training, 13280
need for greater attention to previous published research on history of psychology, American Psychological Association journals, comments on article by M. Snyderman & R. J. Herrnstein on intelligence testing & 1924 Immigration Act, 53
need for greater attention to previous published research on history of psychology, comments on article by M. Snyderman & R. J. Herrnstein on intelligence testing & 1924 Immigration Act, 34
need for greater attention to previous published research on history of psychology, comments on article by M. Snyderman & R. J. Herrnstein on intelligence testing & 1924 Immigration Act, 45
need for greater publication activity, school psychology practitioners, 2334
need for greater respect & civility toward peers in professional communication, psychologists, 2261
negative consequences of pressure to publish, graduate & undergraduate college students, reply to criticism by M. Heesacker, 12956
neuropsychologically related journals, ranked clinical importance, neurologists, 28305
occurrence of unconscious critical mental activity as new research trend & impact of journal editors on trends, 272
operational specificity & labeling of baseline & intervention procedures in reports of behavioral treatments, experimental replication, 7997
organization of psychological research & publications, 5258
preparation of forensic reports & testimony, psychologists, 12880
pressure to publish research, graduate & undergraduate college students, criticism of D. Fox's article, 12961
problems of assessment in interrater agreement, reviewers of scholarly manuscripts, reply to criticisms by D. V. Cicchetti, 12883
process & lag in publication in referred journals, psychologist, 28355
production of psychological knowledge, extension of discussions by K. J. Gergen & S. Scarr & T. E. Schact, 23337
professional communication on paradoxical techniques in family therapy, 12482
publication history of 1st edition of "Great Soviet Encyclopedia" as source for history of psychology, USSR, 18850
publication of preliminary results of double-blind trial of phenelzine & imipramine & placebo, comments on research by M. R. Liebowitz et al, 30766
publication of preliminary results of double-blind trial of phenelzine & imipramine & placebo, reply to comments by E. S. Paykel, 30772
publications of psychoanalyst A. R. Martin, 1926–60, bibliography, 31031
published authors in "Psychological Review", 1894–1945, 31042
publishing in psychology, female academic psychologists, 12798
quality of journals published in vs quantity of publications listed on academic vitae, comment on S. C. Hayes suggestion, 2318
quality of journals published in vs quantity of publishers & need for selectivity in listing publications on academic vitae, comment on S. C. Hayes suggestion, 2307
rate of authorship in behavior analysis, research families, 4781
reasons for approval of human Ss research by institutional review boards, 12806
reasons for noncompliance with reprint requests, behavioral scientists, 4748
recent work from Research & Clinical Center for Child Development at Hokkaido University, Japan, 16869
reported Asian psychology journals in libraries, West Germany, 7923
requirement for reporting standard deviations vs standard errors of mean in American Journal of Psychiatry, 2935
research & psychoeducational development in The Journal of Humanistic Education & Development, implications for teachers & students, 20679
research utilization in clinical decision making, community mental health practitioners, criticism of study by W T. O'Donohue et al, 4739
review of published works by A. R. Martin, 30599
role of user-developer communication in computer-aided design applications, West Germany, 28827
roles as authors & editors of psychological journals, females, 10-yr followup, 11707
roles in promoting increased communication between American psychologists & psychologists in other parts of world, US Office of Naval Research, 2274
sex of author's name, evaluation of academic articles, college students, 6288
significant findings in therapeutic outcome research, publication submission & acceptance, meta analysis, comment on analysis by M. L. Smith & G. V. Glass, 20958
social class & health, assessment of Black Report, Great Britain, 29777
strategies for creation of positive image during colloquia presentations, psychologists, 10264
summary of psychological literature on identification, 1915–85, US, 17251
trends in research on Afro-American children published in Child Development, 1936–80, 29560

types of methodology & statistical analyses used & relationship between number of empirical vs nonempirical studies, forensic psychology experimental research cited in Psychological Abstracts, 1973–83, literature review, 29891
use of information resources & information seeking, health professionals, literature review, 31100
use of reliability estimates, articles published in Nursing Research & Research in Nursing & Health, 1978–82, 13351
use of research in justification of initial treatment decisions, community mental health practitioners, 4773
writings of Freud, international bibliography, 20934
4 contributions to analytical psychology of M. Fordham conveyed in his writings, 30566
Scientific Methods [See Experimental Methods]
Scientists [See Also Related Terms]
computer conference, formation of interpersonal ties, scientists, 5236
emergence of scientific researcher union, scientists, Italy, after 1945, 2215
factor vs citation analysis of specialty areas, typology of specialization, population scientists, 6183
need for orientation to prepare for teaching in academic setting, industry scientists temporarily assigned to teach science & mathematics in schools, 28387
purpose & organization & structure & conflict, research network, female social scientist, Norway, 4759
reasons for noncompliance with reprint requests, behavioral scientists, 4748
work of W. C. Allee in ecology & animal behavior, 23650
written personal narratives vs assessments of clinical interviews & psychometrics & observations, assessment of environmental stress, 28–52 yr old scientists in Antarctic for 142 days, 28839
Sclera [See Eye (Anatomy)]
Sclerosis (Nervous System) [See Also Multiple Sclerosis]
clinical symptoms, 67 yr old male with amyotropic lateral sclerosis accompanied by dementia, 14802
human leucocyte interferon-induced memory & psychomotor dysfunction, 46–65 yr olds with amyotrophic lateral sclerosis, 30739
use of computerized tomography in diagnosis of tuberous sclerosis, male & female not presenting with classical triad, 20158
Scopolamine
acute vs chronic exercise & fitness level, sensitivity to scopolamine vs synthetic muscarinic antagonists, male rats, 21553
aniracetam, delayed matching-to-sample performance, normal vs scopolamine-impaired pigeons & monkeys, 16764
aniracetam, matching-to-sample & short term memory performance, normal vs scopolamine-impaired female monkeys & male pigeons, 11331
anticholinergic scopolamine & methscopolamine bromide, spontaneous alternation & shuttle avoidance learning tasks, rats exposed to alcohol in utero, 21581
choline &/vs scopolamine, memory, healthy 18–30 yr olds, 16724
dextrolevoamphetamine vs scopolamine, locomotion & tendency to approach novel object & habituation, mice, 16542
flavors paired with apomorphine vs scopolamine vs methscopolamine vs physostigmine vs neostigmine, chin rub CRs & flavor avoidance, male rats, 29475
icv injection of scopolamine hydrobromide into septum & dorsal hippocampus & lateral ventricles, cardiac orienting reflex & heart rate classical conditioning, rabbits, 21576
interaction of physostigmine & scopolamine, verbal learning, college students, conference presentation, 5875
iv administration of diazepam & hyoscine, recognition memory, 20–52 yr olds, 8601
morphine vs scopolamine, discrimination between tones, male squirrel monkeys, 8586
pesticides vs physostigmine vs scopolamine vs methscopolamine vs chlordiazepoxide, performance on delayed response working memory tasks, male rats, 29425
relation between activity level & performance & scopolamine, acquisition & spatial memory of radial maze task, C57BL/6 vs DBA/2 mice, 23657
scopolamine & observation vs exploration of maze arm, response to change of environment assessed by selection of maze arm, male rats, 16698
scopolamine &/vs dextroamphetamine, habituation to continuous exposure to vestibular stimulation, 18–30 yr olds, 25332
scopolamine, aggressive & defensive-escape behavior, male singly housed vs castrated group housed mice, 5746
scopolamine, continuous nonmatching-to-sample & stimulus discrimination & retention in working memory, male rats, 14056
scopolamine, formation & reproduction of bilateral conditioned avoidance, rats, implications for role of emotions & cholinergic mechanisms in learning, 11264
scopolamine hydrobromide, free recall & recognition of dichotically presented nouns, female Ss, 5838
scopolamine injections in midbrain central gray, cholinergic mediation of hormone-induced sexual receptivity, female rats, 26734
scopolamine, learning & memory, 1 vs 2 vs 10 day old rats, 5912
scopolamine, spontaneous behavior & hippocampal theta rhythm, rats, conference presentation, 8554
scopolamine, vigilance & new learning & memory & physiologic & behavioral change, 42–73 yr olds with Alzheimer's disease, implications for medical evaluation of cholinergic system, 24720
scopolamine, vigilance performance, adults, comment on findings of E. D. Caine et al & K. Wesnes & D. M. Warburton, 21499
scopolamine vs age & stimulus complexity, information processing time measured by RT & latency of P300 component of event related EP, 19–33 yr old females, 8525
scopolamine vs atropine vs physostigmine vs neostigmine vs amphetamine, cholinergic & aminergic mechanisms in inhibitory conditioning, rat pups, conference presentation, 11322
scopolamine vs physostigmine, higher nervous system activity & physiological responses, college students, 5876
scopolamine, working & reference memory assessed by maze performance, male rats, 19421
scopolamine, working vs reference memory in maze, male rats, 16835
transdermal scopolamine, naval-related & cognitive test performance, 18–20 yr old male naval volunteers, implications for prevention of seasickness, 16640
Scopolamine Hydrobromide [See Scopolamine]
Score Equating
ability of examinee group, selection of linear vs equipercentile vs item response theory methods of true score equating on mathematics achievement test, high school students, 28609
correction of speeded subtest scores from answer sheets of Armed Services Vocational Aptitude Battery, current service applicants vs 1980 youth sample, 21023
efficiency of linear equating process & length & reliability of anchor test in educational measurement, 4979
equating of military mental tests, 2944
equipercentile test equating & presmoothing &/vs postsmoothing, magnitude of sample-dependent errors, 13483
pre- & postsmoothing in equipercentile test equating, sample-dependent errors, application to military selection tests, 8124
standard errors of Tucker equating, candidates for professional certification, 2852
Scores (Test) [See Test Scores]
Scoring (Testing) [See Also Cutting Scores]
alternative deletion patterns & standard vs cued blank conditions & verbatim vs synonymic scoring modes, cloze test performance, 6th grade readers, 15903
BASIC computer program, scoring of standard & decision-tree Luria-Nebraska Neuropsychological Battery, 2833
BASIC program, analysis of Farnsworth-Munsell 100 Hue Test, 5274
Bem-Spence categorical vs continuous methods of scoring androgyny using computer-simulated data, 29912
computer digitizing vs traditional scoring method for Bender Gestalt Test, emotionally disturbed vs normal 10–18 yr olds, 139
computer vs pencil-and-paper administration & scoring of speeded clerical tests, correct responses per minute & number of seconds per correct response, college students, 26215
computerized scoring & interpretation package, K-ABC Automated System for Scoring & Interpreting Standardized Tests, 13343
development of Junior High Life Experiences Survey & scoring strategies, assessment of life stress & prediction of maladjustment, 7th & 8th graders, 168

error analysis & scoring accuracy of Self Directed Search: A Guide to Educational and Vocational Planning, 9th graders, 10523
examinee error in answer sheet preparation, expected item scores in multiple choice testing, 13433
failure to properly score eating disorder inventory, criticism of article by K. J. Hart & T. H. Ollendick on bulimia in working & college women, 22258
FORTRAN computer program, scoring of Toddler Temperament Scale, 2814
frequency vs generalized vs individualized weights scoring methods for Life Experiences Survey as predictors of psychological symptomatology, 18–88 yr olds, 29011
hand procedures vs microcomputer, conversion of raw to derived scores on WISC-R in large vs small school district, 18645
historical overview of development of machine readable version of MMPI & use in psychiatry, 26185
impact of administration & automated scoring & interpretation of MMPI in health care delivery, medical patients, 26187
incidence of sleep disorders & weighting of Zeiss aversiveness scores, part-time students, 22235
interrater reliability & item difficulty & scoring implications, E. M. Koppitz's developmental scoring system for Bender Visual Motor Gestalt Test, 13447
mathematical model for cross sectional development of psychometrical intelligence, 8–65 yr olds, implications for age norms & scoring on intelligence tests, 10766
median split procedures, Bem Sex-Role Inventory gender role classifications & demographic characteristics, males vs females 17 yrs & older, 5276
microcomputers in administration & scoring & interpretation of psychological tests & professional & ethical & legal issues, 26181
MMPI score conversion tables, implications for false positive & negative rates & profile configurations, 1957 vs 1983, 28965
new scoring for General Health Questionnaire, measurement of chronic illness vs good health, 136
number correct vs weighted scores scoring conventions for Token Test & Reporter's Test, auditory comprehension vs expressive language skills, kindergartners through 9th graders, 25920
performance on Token Test & Reporter's Test, 15–16 yr olds with language disorders, 24849
polychotomous item response model, detection of inappropriate test scores, 26207
prejudice levels & accented speech of test taker, scoring of ambiguous WISC-R responses, 17–56 yr old test scorers & White vs Hispanic children, 23130
rating of severity of maladaptive behaviors on Part II of Adaptive Behavior Scale, revision of scoring system, residential staff of rehabilitation facilities for mentally retarded, Canada, 13436
reliability & validity of types of scoring criteria for conservation tasks, kindergartners & 1st–6th graders, 23446
scoring & factor analysis for Reitan-Indiana Aphasia Screening Test, patients with brain tumors or strokes or closed head injury, 16187
scoring of eating disorder inventory, results of study on bulimia in working & college women, reply to criticism of D. M. Garner & M. P. Olmsted, 22312
speed-precision theory of intelligence of A. H. van der Den & scoring of speed & precision components in time-limit test behavior, 5284
structure & reliability & scoring system of German version of Social Interview Schedule, 18943
use of J. E. Exner's 4-square scoring system of Rorschach protocols, appraisal of learning disabilities, 10.1–13.4 yr old males, 15936
validity of scoring system for eating disorder inventory, reply to response by T. H. Ollendick & K. J. Hart, 26212
validity of scoring systems of PREMIE vs Brazelton Neonatal Behavioral Assessment with vs without additional preterm items, low birth weight preterm infants in acute & recovery stages of cardiorespiratory illness, 16184

Scotland
adjudication & of facts & right to reprosecute, defendants found unfit for trial, Scotland, 24387
age at onset & first hospitalization, 15–74 vs over 75 yr old patients with affective psychosis, 1969–78, Scotland, 22043
attitudes toward genetic counseling & hemophilia, hemophiliacs vs carriers, Scotland vs Canada vs US vs Greece, 25369
changes in licensing laws, incidence of alcohol-related problems, general hospital inpatients & psychiatric referrals, Scotland, 1974–82, 17452
demographic & clinical characteristics & social class distributions, patients referred to pychiatrists for anorexia nervosa & bulimia & other psychiatric & eating disorders, Scotland, conference presentation, 24936
development of hospital based service & relationship to National Health resource, psychiatric patients, Scotland, 20521
development of questionnaire, assessment of attitudes toward having children, couples from family planning vs infertility vs antenatal clinic, Scotland, 14294
discontinuation of lithium, patients, Scotland, 1936
family background & demographic characteristics, illegitimate birth status & subsequent living conditions, females aged 18–21 at birth of illegitimate child, Scotland, 6216
frequency of schizophrenia assessed by discharge diagnosis, patients admitted to hospitals for 1st time, Scotland, 3833
informal methods of recruitment vs career placement service utilization, employment status, school leavers, Scotland, 28681
lithium as prophylactic therapy, hospital admissions & ECS & time on antidepressants & major tranquilizers, 18–77 yr old patients with affective illness, Scotland, longitudinal study, 1940
maternal age & parity & social class, perinatal & neonatal mortality, mothers, Scotland, 1960 vs 1971 vs 1981–82, 20147
opening of geriatric psychiatry day hospital, referrals to inpatient service & other effects, patients over age 65 yrs with organic brain syndromes, Scotland, 7404
prevalence of eating disorders, hospitalized psychiatric patients, Scotland, 11959
prevalence of lithium usage, Scotland, 1935
rehabilitation & support services provided by psychiatric hospitals vs general hospital psychiatric units, psychiatric patients, Scotland, 22621
simplified version of LOGO, understanding of number & shape concepts & problem solving concentration & cooperation, disadvantaged male vs female 6 yr olds, Scotland, 15666
socioeconomic background & prevalence of chronic disease & anxiety level about childhood problems, decision to use medical services, mothers with young children, 1-yr longitudinal study, Scotland, 7315
stadium facilities & quality of play & winning team, crowd behavior & related offenses at soccer matches, 16–29 yr old spectators, Scotland, 5019
unemployment, parasuicide, males aged 15 yrs & older, Scotland, 6667

Scotopic Stimulation
background, spatial properties of cone-rod interaction, adult Ss, 23535
determination of absolute thresholds for monochromatic lights vs direct comparison matching just above threshold, measurement of scotopic visibility curves, adult Ss, 13546
duration & size of peripheral vs foveal targets during scotopic vs mesopic vs photopic stimulation, duration of visual presentation in probe matching task, adult O's, 29048
light-induced retinal damage, CFF frequency at scotopic & photopic luminance, male rats, 5812
scotopic background stimulation, photopic increment thresholds, adult Os, implications for cone-rod interaction, 13543
sensitivity to scotopic flicker in parafoveal retina, 25 & 31 yr old males, 2987

Screening [See Also Job Applicant Screening]
audiometric screening in general ambulatory clinic & prevalence of hearing deficits, adolescents, 10008
civil & criminal liabilities & hiring practices & basic employee screening program, employers, 7794
development of 1st stage screening rule, assessment of prevalence of schizophrenia vs affective vs nonaffective neurotic disorders vs antisocial personality in community, 20–59 yr old psychiatric inpatients, Israel, 22119
eligibility requirements in hypnotic trials, 21–60 yr olds with insomnia, 4191
infant identification program for identifying hearing loss using high risk hearing register, newborns, 12194

interview data & J Chart, alcoholism assessment, 18312
Marxist methodology & theory of abilities, selection & education of sport talents, conference presentation, 31392
medical records data vs screening test, development of standardized procedure for identification of alcohol dependency, medical inpatients over 15 yrs old, 28161
need for improved screening & differential diagnosis procedures in learning disabilities field, 30312
Nijmegen questionnaire, screening & assessment of shortness of breath & peripheral & central tetany, hyperventilation syndrome patients, 9631
problems of & criteria for early screening programs, preschool children at risk for learning disabilities, literature review, 2591
radioreceptor assay in screening for cognitive toxicity of anticholinergic drugs, chronic & stable psychiatric outpatients, 20393
reliability & validity of screening procedure, mental development, children up to 3 yrs old, 18929
response to hemoglobinopathy screening & genetic counseling in prenatal care, mothers at risk for delivery of thalassemic child, 22632
routine screening for victims of sexual molestation, 15–21 yr old males from adolescent medicine clinic, 6-yr longitudinal study, 15238
RT, screening for brain disease, 18–70 yr olds, 1551
screening checklist, assessment of organizational & sequencing difficulties, learning disabled students, 2567
screening of cognitive deficits by physicians, dementia & delirium, elderly medical patients, 20206
screening system strategies, adolescents with mental aberrations, 9254
selection & talent prediction for sports achievement, top athletes, conference presentation, 31391
selection criteria & evaluation dimensions for participation in innovation & entrepreneurship workshop, college graduates in technical fields, Australia, 23182
strategies for identification & screening in private nonprofit child abuse prevention programs, high risk clients, 30845
trance logical & susceptibility screening & transparency response, hypnotizable Ss, 13710
tympanometry & otoscopy, screening programs for middle ear diseases, 7–9.5 yr olds, 1507
use of objective screening procedure, selection of public housing tenants, 22648
use of questionnaires in clinical practice as diagnostic screening tools of patient history, pediatricians, 25080
use of repeated rate-of-response measures, identification of students having difficulty in arithmetic, 1st graders, 28641
validity of survey vs in-court rating of attitudes vs nonverbal communication approaches to scientific/systematic jury selection, civil vs criminal cases, 6251

Screening Tests [See Also Psychological Screening Inventory]
benefit-cost analysis of screening program for phenylketonuria detection, newborns, 20438
birth date & sex, performance on screening vs school readiness vs achievement tests, 3rd–6th graders, 15756
construction & reliability & validity of teacher-child rating scale, assessment of school competency & problem behavior, teachers & their kindergarten through 6th grade students, 31337
correction of speeded subtest scores from answer sheets of Armed Services Vocational Aptitude Battery, current service applicants vs 1980 youth sample, 21023
critical review of Cambridge Kindergarten Screening Test, evaluation of speech & language development, 7748
Denver Developmental Screening Test, biologically vulnerable 4–12 mo olds, 21016
determination of cultural bias in Miller Assessment for Preschoolers, assessment of risk for communication disorders, male vs female Black vs White 3–5.5 yr olds, 26257
development & evaluation of Borgess Interaction Assessment, screening & identification of psychosocial risk, infants assessed at birth & 1 mo & 1 yr of age, 10841
development of auditory pursuit tracking as screening test, measurement of occupational hearing loss, male 16–21 yr olds with congenital blindness vs college students vs 37–54 yr old workers with noise-induced hearing loss, 21001
development of Preschool Behavior Checklist, screening emotional & behavioral problems, 26–58 mo olds, 21009
development of screening procedure, psychodiagnosis of somatization disorder, female psychiatric outpatients, conference presentation, 6829
development of short neuropsychological screening battery, identification of cerebral dysfunction, brain damaged vs normal 9–14 yr olds, conference presentation, 5329
discriminant validity of Brief Symptom Inventory for screening, drug abusers in rural outpatient treatment, 2913
effectiveness of Stanford-Binet Intelligence Scale vs PPVT-R as screening instrument for gifted children, 3.8–6.9 yr old preschoolers & kindergartners & 1st graders, 31334
effectiveness of WISC-R & Aphasia Screening Test, prediction of overall results of comprehensive neuropsychological evaluation, 8–16 yr old psychiatric patients, 27379
evaluation of Life Satisfaction in the Elderly Scale screening measure, 21012
factor analysis of Brazelton Neonatal Behavioral Scale vs nurses' perception of behavior, 3–4 day olds, 2923
factor structure & reliability of Waksman Social Skills Rating Scale, screening for social skills treatment programs & their evaluation, kindergarten through high school students with vs without emotional disturbances, 15947
factorial validity of Word Recognition Test & Meaningless Word Recognition Test and Spelling Test, assessment of dyslexia, female & male elementary school students, Italy, 31352
General Health Questionnaire as screening instrument & psychiatric correlates of coronary pathology, 21–73 yr old patients with established or presumptive coronary heart disease, 20261
Kaufman Test of Educational Achievement, screening of math & reading & spelling, 6–18 yr olds, 27473
knowledge of alpha-fetoprotein test in prenatal screening, midwives, Sweden, 10250
preventive public health strategy using screening tests & gamma-glutamyltransferase analysis, alcoholism & its complication, middle aged males, Sweden, 20553
psychological screening instruments in interviews, determination of correlation between demographic & psychological profiles & pregnancy, couples admitted to in vitro fertilization program, conference presentation, 18149
questionnaires vs hormone level tests, stress assessment & management, business & industrial personnel, 167
relevance of multiple criterion screen, female vs male 14–16.6 yr old students, 19971
reliability & psychometric properties of Carlson Psychological Survey & applicability as personality screening test, male adolescent offenders, 29009
reliability & validity & factor structure of instrumental activities of daily living measure, screening for impaired functional capacity, aged community residents, 23429
reliability & validity of Cognitive Capacity Screening Examination, identification & diagnosis of delirium & dementia, 16–75 yr old psychiatric patients, conference presentation, 5287
reliability & validity of short screening devices constructed from individual assessment instruments, 5352
scoring & factor analysis for Reitan-Indiana Aphasia Screening Test, patients with brain tumors or strokes or closed head injury, 16187
screening of Diagnostic Analysis of Reading Errors, differentiation among special populations, learning disabled vs emotionally disturbed vs gifted vs regular education 13–16 yr olds, 31382
screening using Miller Assessment for Preschoolers, developmental & later school-related problems, 2.8–5.7 yr olds, 16178
selected psychological screening battery, prediction of Grade 1 achievement, male & female kindergarten students, 18683
selection of test titles for identification & evaluation of learning disabilities, preschool to 3rd graders, 28601
self administered helping beliefs inventory, applicant screening for volunteer counselor training, experienced counselors vs members of recreational clubs with no experience but interested in helping others, 18965
standardized test methods & viewing conditions, screening for congenital & acquired color vision defects, 22226
test & interrater reliability of bedside cognitive screening tests, diagnosis of delirium & dementia, 16164

test-retest reliability of 3 short forms of McCarthy Scales of Children's Ability, estimation of general cognitive index scores, 5.3–6.3 yr olds, implications for screening for developmental disabilities, 25915
tests used to diagnose dyslexia, elementary school students, Italy, 31313
use of inappropriate cutoff scores, validity of Personality Inventory for Children Intellectual Screening & Adjustment scales, 4–5 yr olds, reevaluation of original study, 2891
utility of Child Abuse Potential Inventory, screening for physical child abuse, untreated male spouse abusers in military, 16162
utility of Connors Abbreviated Rating Scale, screening for attention deficit disorder with hyperactivity, 6–9 yr olds, 23409
utility of oddity task in development of screening test to detect school failure, learning disabled 3–8 yr olds, 17507
validation of Florida Kindergarten Screening Battery, preschool developmental screening test, multi-ethnic kindergartners, Canada, 23121
validity & reliability of screening test, identification of children of alcoholics, 10th–12th graders & experienced therapists & social work & family therapy students & health professionals, prevention implications, 13454
validity of Adjustment Scale of Personality Inventory for Children as screening measure, identification of behavior disorders, normal vs behavior disordered vs learning disabled 1st–6th graders, 28608
validity of Child Behavior Checklist, screening for maladjustment & assessment of psychosocial needs, 6–16 yr olds with epilepsy, 24886
validity of Language Identification Screening Test, 4.8–6.4 yr old kindergartners, 25919
validity of MacAndrew Alcoholism Scale & sociodemographic variables, screening for problem drinking & drug use, 9th–12th graders, 5353
validity of Screening Test for Academic Readiness, prediction & identification of giftedness, 6–15 yr olds, 28612
validity of translation of General Health Questionnaire & Clinical Interview Schedule, detection of minor psychiatric disorders, general practice clients aged 18 yrs & over, Italy, 16132
viewing duration & distance & illumination level, performance on pseudoisochromatic tests of color blindness, college students, 230

Sea Gulls

behavioral strategy, maximized fitness based on optimal decision rules, herring gulls, 8370
egalitarian conflict resolution during nest reliefs or feeding, gulls, 29232
foreign objects & pseudo-eggs in nests, ring-billed & California gulls, 23700
increased time spent on territory & subsequent reduced sleep time, territoriality, breeding pairs of herring gulls, 8369
kleptoparasitism on juvenile & adult brown pelicans, adult & 1st-winter laughing gulls, 397
model of vigilance, probability of detection of attacking sea gull, lapwing & golden plovers, 26467
morphology & physiological parameters, male-female vs female-female pairs of ring-billed gulls, 23726
predatory behavior of herring gulls, defensive behavior, common terns, 387
sex differences, foraging methods & efficiency, marked herring gulls, 23714
wing tags, breeding, ring-billed gulls, 463

Seals (Animal)

activity budgets during breeding season, gray seals in 2 topographically different rookeries, 26415
mother's presence vs absence & related levels of food intake, levels of activity & play & body weight, fur seal pups, Galapagos Islands, 8302

Seasonal Variations

between-year rainfall variation, population density, wintering sparrows, 430
birthdays & holidays & weather phenomena, children's psychological & physical & behavioral anniversary reactions to death of family member, 4–17 yr olds & parents or guardians, 3501
bright white light, seasonal depression, 37 yr old female physician, replication of study by N. E. Rosenthal et al, case report, 27752
Christmas season death rates, 1948–76, 27237
evening exposure to bright vs dim light & impact of sleep deprivation, female 27–36 yr olds with seasonal affective disorder, 30510
exposure to bright artificial light at night, antidepressant response to sleep deprivation therapy, 38–70 yr old seasonal vs nonseasonal depressives, 25082
exposure to long vs short photoperiods, neuroendocrine regulation of reproductive behavior, male Golden hamsters, 13828
hypomania due to longer daylight hours, 47 yr old male with 7 yr history of cycling bipolar affective disorder, 3905
intensive light exposure, sleep & endocrinological variables, 19–43 yr olds with insomnia during "dark period" of winter, Norway, 14948
marital status & prevalence of deaths during birth month, 35–84 yr olds, 1966–68, US, 30063
methodological concerns in study of birth seasonality, schizophrenic Blacks vs Whites, comments on study by B. J. Gallagher, 24618
monthly & weekly distributions of suicide & age & sex & means, 1968–77, West Germany, 20037
monthly distribution of suicides by method used, 4013
photoperiodic control of reproduction cycles & dietary obesity & body weight change, Syrian & Siberian hamsters, literature review, 29305
psychobiological factors & treatment, anniversary reactions, 21–79 yr old patients, 14818
race &/vs alcohol consumption, monthly vs seasonal vs day-of-the-week trends in homicide, Black vs White victims, 1973–83, 12031
season & reproductive state & environmental influences, time spent sleeping & feeding & standing, female & male & yearling Camargue horses, 407
season of birth, schizophrenia, literature review, 9218
seasonal affective disorder, school & psychosocial functioning, 6–17 yr olds, implications for differential diagnosis, conference presentation, 17411
seasonal affective disorder, 24 & 28 & 30 & 40 yr old females with major affective disorder, 14574
seasonal changes & food availability, habitat distribution & density, 26 species of transient insectivorous birds, 421
seasonal changes, feeding success & activity patterns & body weight, nonbreeding sanderlings, 19268
seasonal changes, frequencies of abuse, women abused by live-in male partners, 22174
seasonal variations & dominance, body weight & fat variations, partially migratory European blackbirds, 19267
seasonal variations, schizophrenic births, Canada, comments on article by A. Ede et al, 12019
seasonal variations, schizophrenic births, Canada, criticism of research of A. Ede et al, 11989
seasonal variations, schizophrenic births, Canada, reply to comments by B. Pasamanick & E. F. Torrey, 11921
sex & age & necklace type, differential distribution to wintering locations, brant, support for K. F. Abraham's hypothesis, 19294
social factors, seasonal variations in plasma testosterone levels, male lesser mouse lemurs, 23856
time of breeding season, nesting success, colonial vs single broods of fieldfares, 5601
variations in available resources, seasonal variation in time budgeting for feeding & ranging, green monkeys, 21254
weather & seasonal variables, outpatient visits to medical clinic, 2–86 yr old patients, 20445
winter, plasma testosterone levels & competition for food, male & female blackbirds, 11129
winter vs summer birth, mean extraversion score on Eysenck Personality Inventory, female student nurses, replication of study by D. P. Fourie, 9142

Seat Belts [See Safety Belts]

Secondary Education

analysis of number & types of reading events portrayed in 5 basal reading series for 1st–8th grades, 22946
attitudes toward teaching profession & overall job satisfaction, intermediate & secondary school teachers, 25725
cooperative learning methods based on contact theory, intergroup relations & academic achievement, minority & majority students in desegregated elementary & secondary schools, literature review, 12991

curriculum enrichment activities & incentives, gifted students, England, 15813
development of comprehensive & upper secondary school tests, Sweden, 10533
development of workshop on adaptation of regular curricula for special students, secondary teachers & administrators, 10313
efficacy of computer based instuction in secondary education, meta-analysis, 22924
feelings & attitudes & general behavior intentions, receptivity toward Certificate of Secondary Education System, teachers & principals, Western Australia, 22917
focus on meaningful work & independent living skills, special education programs in secondary schools, implications for teachers, 23093
integration between industry & education, secondary school head-teachers/administrators, Great Britain, 18422
pastoral care vs school counseling, secondary school education, England vs Canada, 23120
perceptions of quality of secondary school life, students vs teachers vs administrators, 7667
postprimary education, reasoning skills in argument construction, 1st vs 4th yr high school vs college vs graduate students vs nonstudents with vs without bachelor's degree, 15696
procedures for vocational assessment of junior & senior high school students, school psychologists, 23137
program for teacher involvement in curriculum development & expansion of social education, secondary school teachers, New Zealand, 28392
school reform policies, dropout rate, high school students, 13042
SES & sex, secondary schooling & career choice & achieved level after secondary schooling & IQ scores, Netherlands, 4890
sex & official status groupings, teacher career promotion, primary vs secondary school teachers, New Zealand, 28377
single-sex Catholic vs mixed-sex Catholic vs public schooling, cognitive outcome & academic achievement, high school students, 25791
statistical & nosographic & etiologic approach of classification in diagnostic categories, 11–16 yr old males enrolled in specialized boarding school, 20765
status of writing, upper secondary school students, Sweden, 25813
teacher's grade predictions vs achieved marks, secondary school students, New Zealand, 6-yr longitudinal study, 28483
vocational & career oriented secondary school programs, emotionally disturbed students, 28549
Secondary Reinforcement
behavior modification, diurnal enuresis, 6 yr old male, 4-mo followup, 25221
omission of signal stimulus for reinforced vs nonreinforced schedule component, conditioned behavior, rats, support for secondary reinforcement hypothesis, 3094
reinforcement theory & origins & development of token economies, 20361
Secretarial Personnel
work orientation & job involvement & assertiveness & burnout, 19–67 yr old secretaries, 10446
Secretarial Skills [See Clerical Secretarial Skills]
Secretion (Gland) [See Also Adrenal Gland Secretion, Endocrine Gland Secretion, Lactation, Salivation, Sweating]
castration & administration of progesterone in different dosages, specialized integumentary glands & secretion & scent marking, male musk shrews, 26556
evening administration of destyrosyl gamma endorphin, reversal of reduction of nocturnal urinary melantonin secretion & rapid antidepressant activity, 23–68 yr olds with major depression, 30708
exposure to aggressive vs nonaggressive rats, gastric secretion, rats, 26542
lesions in amygdala, pancreatic exocrine secretions, male rats, 13934
Security (Emotional) [See Emotional Security]
Sedatives [See Also Amobarbital, Atropine, Barbital, Chloral Hydrate, Chlorpromazine, Flurazepam, Haloperidol, Heroin, Hexobarbital, Meperidine, Molindone, Nitrazepam, Paraldehyde, Pentobarbital, Phenobarbital, Promethazine, Reserpine, Scopolamine, Thalidomide, Thiopental]
aqueous extract of valerian root, sleep, healthy 21–44 yr olds, 26626
chlordiazepoxide, sedative & hypothermic effects in classical conditioning paradigm, male rats, 21519
composite sedative, anxiety & autonomic symptoms, male patients with neuroses, conference presentation, 15165
cycloheximide administered on 7th postnatal day followed by pyritinol vs piracetam on 8th–14th days, performance on learning & passive avoidance tasks & dopamine & homovanillic acid in basal ganglia, male rats, 5885
ethanol, elimination rates & hypothermic & hypnotic responses, 3–30 mo old rats, 676
haloperidol vs chlorpromazine vs clozapine, rate & duration of operant vs reflexive licking, male rats, 5858
local application of ethanol, hypnotic effects & spontaneous discharge rates of cerebellar Purkinje neurons, Brown Norway vs Fischer male rats, 651
non-convulsive status epilepticus & confusion following drug withdrawal, 41–61 yr olds addicted to hypnotic/sedative drugs, 24767
paradoxical response to sedative-hypnotics & self injurious behavior & perinatal trauma, 17–45 yr old mentally retarded patients, implications for treatment & etiology of self injurious behavior, 4054
perinatal administration of cycloheximide &/vs pyritinol, exploratory & sexual behavior, male rats, 8550
protocol for use of sedatives & beta-adrenergic blocking drugs, anxiety, 7220
pyritinol vs piracetam & paradoxical sleep deprivation, ammonia levels in CNS tissues, male rats, conference presentation, 3223
residual effects of flurazepam vs triazolam, cognitive performance & mood, 40–65 yr olds with alcoholism, 20409
sedative hypnotic drugs vs placebo, subjective estimates & polygraphic measures of total sleep time, insomniacs, 22585
variations in dosages of Ro 15-1788 & valproate, anticonflict action of valproate & locomotion, male rats, 14014
zopiclone, insomnia, 18–60 yr old patients of family practice, 25291
Seeing Eye Dogs [See Mobility Aids]
Segregation (Racial) [See Social Integration]
Seizures [See Convulsions]
Selection (Personnel) [See Personnel Selection]
Selection Tests [See Also Psychological Screening Inventory]
content-oriented strategy based on behavioral consistency notion, development of selection tests, 20852
development of criterion test & assessment of construct validity, measurement of clinical problem solving ability for selection purposes, medical school students, conference presentation, 18632
job offers rejected randomly vs by best candidates, validity of personnel selection tests & utility per person selected, 15964
validity of situation tests, assessment & selection, police recruits, 13185
Selective Attention
acoustic vs visual prepulse & intense light flashes vs noise bursts, eye blinking during attention-directing acoustic vs visual foregrounds, infants vs college students, 16867
ACTH analog, selective attention assessed by auditory EPs & EEG & heart rate & blood pressure, 18–30 yr old males, 16565
attended vs unattended lists of whole & smaller constituent letters, recall by order of report vs temporal pairs vs letter size & sensory retention, female 18–51 yr olds, 21177
attention & similarity, modeling of identification & categorization of multidimensional perceptual stimuli, 16297
auditory selective attention abilities, normal vs cerebral palsied 5–21 yr olds, 24933
classification of multielement patterns by form & texture vs global & local shape, selective attention, 18–35 yr olds, 13562
cortical EPs & selective attention, 29275
development of selective attention & perception of dimensional structure of bi-dimensional stimuli, 6 vs 10 yr olds, 8732
direct vs observational learning, selective attention & central-incidental memory, kindergartners, 10418
discrete-trials version of Stroop color-word test, RT, college students, investigation of inhibitory mechanisms in selective attention, 13709
expected vs actual alcoholic content of drinks during high- vs low-attention demand task, sexual responsiveness, male social drinkers, 5950

fatigue, performance on visual-auditory dual task, 18–21 yr old males, support for K. Vervaeck's hypothesis of parallel processing, 288
focus of attention on color cue & varied Mueller-Lyer figures, matching of apparent length of comparison stimulus to figures, college students, 21085
haloperidol-induced dopamine receptor supersensitivity, deficits in selective attention to CS, male rats, 26642
heart rate & modification of blink reflex during warning interval of simple RT task as assessment of attentional selectivity, 5 vs 19–29 yr olds, 24089
hemispheric laterality, auditory focused attention, acute vs chronic schizophrenics vs mentally handicapped 19–65 yr olds, 24641
inability to regulate effects of external stimulation, reactivity to environmental events & cause of symptoms, schizophrenic Ss, 9269
limited attentional capacity processes in dual-task paradigm, detection of automatic targets & event-related brain potentials, college students, 344
matching & delayed matching-to-sample performance, measurement of visual processing time & selective attention to & memory for visual cues, 35–45 vs 46–59 vs 60–70 yr old male alcoholics vs 39–70 yr old male Korsakoff patients, 24795
measures of auditory & visual selective attention & perceptual style, prediction of motor vehicle accidents, 28–59 yr old drivers, 18690
negative priming effect & ignored vs attended objects, object selection & categorical internal representation, 18–45 yr old females, 29178
negative priming effect & superimposed vs spatially separate Stroop color word list-reading task, selective attention & response inhibition, 18–50 yr olds, 29109
noradrenergic modulation, selective attention & memory retrieval, 16424
practice, message detection on 1 vs 2 vs 3 channels with 1 channel shadowed, 21 yr old males, 255
procedures for guiding attention to complex stimuli, stimulus overselectivity, trainable mentally retarded 11.7–16.7 yr olds, 9464
psychoticism & creativity, dichotic shadowing & focused attention, Ss, 24703
response competition vs limited-capacity models of attention, categorization task performance levels, 13707
scopolamine hydrobromide, free recall & recognition of dichotically presented nouns, female Ss, 5838
selective & integrative visual attention, classification tasks, kindergartners vs 2nd vs 4th graders vs college students, 3422
selective attention & tone duration & pitch, aptitude-related differences in auditory information processing, high vs low ability college students, 10945
selective attention, disambiguating ambiguous figures, college students, 3000
selective attention, literature review, 21210
selective attention, negative vs positive vs mixed-symptom schizophrenic vs bipolar patients, 22057
selective attention to reading cues, mirror-image vs shape-detail matching vs consistent left-right ordering on picture-naming task, prereading 3–5 yr old spontaneous instructed learners vs nonlearners, 11413
selective attention to stimuli at 1 location in visual receptive field, neuronal activity in visual cortex & identification of properties of object, monkeys, 8398
selectivity of visual information processing in search vs nonsearch conditions, 19–27 vs 65–90 yr olds, 24147
sex & right vs left handedness, recall of letters & their positions in matrices in visual vs auditory vs noninterpolated activities, college students, 10977
spatial distribution of visual attention, reanalysis of data & comments on study by P. Podgorny & R. N. Shepard, 26308
spatial distribution of visual attention, reply to comments of B. Crassini, 26326
stimulus integration & selective information processing, central-incidental learning, kindergartners vs 2nd vs 6th graders vs college students, 3462
warning cue, attentional selectivity in visual RT task, college students vs 51–81 yr olds, 3444

Selective Breeding
development of taste aversion prone vs resistant ability through selective breeding, rats, implications for aversion learning efficiency & aversion therapy of alcoholism, 13778
differentiation for avoidance performance, inbred sublines of Roman High vs Low Avoidance rat strains, 482
evidence for differential sensitivities to alcohols & barbiturates & benzodiazepines & anesthesia-inducing compounds, mouse long vs short sleep strains, literature review, 26708
genetics vs environment & heterosis & within breed selection, fearfulness in potential guide dogs, Labradors vs German shepherds vs boxers vs sheepdogs, 3133
long term selection for geotaxis, domesticated lines of Drosophila melanogaster, 13782
Self Acceptance [See Self Perception]
Self Actualization
actualization & integration, death fear & anxiety, 16–74 yr olds, 27198
actualization & physical ability & physical self confidence & global sensation seeking, male vs female college students, partial support for A. Maslow's theory, 24569
apparent safety of group membership, reluctance to take responsibility for self & coping with psychological impotence, Jungian perspective, 11793
development of Reflections of Self & Environment, assessment of self actualization & creativity, adult students, 13402
hope as motivational factor in self actualization, 18–23 yr old productive vs nonproductive Black males, 17247
human development as expansion of individual self into all inclusive whole, 27177
knots & ties & bonds & nets, metaphorical expressions of capturing/liberating paradox of personal relationships, 14436
personality structure & self actualizing values, assertive vs nonassertive college students, 3761
sacred unconscious & self actualization theory & evil, 19863
self actualization & principled moral judgment assessed by Personal Orientation Inventory & Defining Issues Test, college & continuing education students, 9151
self care ability & self actualization, adults over 65 yrs old, 21667
transpersonal psychology & balanced integration of physical & emotional & mental & existential & spiritual levels of consciousness, 29179
Self Assessment [See Self Evaluation]
Self Care Skills
adaptation skills training, elderly & their supporters & caretakers, 25404
age, adaptive functioning, 6–69 yr old institutional residents with Down's syndrome, 25520
behavior & self help skills, severely or profoundly retarded 18–35 yr olds with behavior disorders living in hospitals vs small homes in community, 10110
behavioral program for training feeding skills, mentally retarded & behaviorally disordered 6–13 yr olds, 27928
color cueing & lighting enhancement program, performance of daily activities, Level III institutionalized elderly, 25484
Community Adjustment Program, adaptive living & social skills, visually impaired mainstreamed adolescents, 7730
community mental health day care program, social independent living skills, at-risk & physically impaired & depressed aged & Alzheimer's patients, 4619
community work readiness seminar, daily living skills, female chronic psychiatric patients, 12669
concerns & hopes & fears concerning life skills development of their trainable mentally retarded adolescents, parents, conference presentation, 24846
correspondence training, development of self care skills & helping behaviors, male 15–17 yr olds in residential group home, 27920
degree of community integration, mentally retarded 17–24 yr olds who had participated in special education programs, 28089
degree of self care during recovery stages, patients with left vs right side hemiplegia following stroke, 30362
dependency & family care, 18–22 yr olds with severe disabilities, 7329

development & content validity of set of assessment instruments, estimate of functioning in independent living skills, physically or mentally handicapped students, implications for training objectives, 13411
development of ranked activities daily living scale, function ability, poststroke patients, 5298
development of training in community living model of psychiatric care, 15301
developmental bibliotherapy, transition from school & home to career & independent living, disabled adolescents, annotated bibliography, 23071
evaluation of program to teach banking skills, mildly mentally retarded 16–17 yr olds, 10462
exploratory psychotherapy, functioning level, schizophrenic & borderline patients, 1 yr post-discharge followup, conference presentation, 30606
focus on meaningful work & independent living skills, special education programs in secondary schools, implications for teachers, 23093
importance of self care & independence training in special education curriculum, physically handicapped students, 2525
in vivo training with vs without simulation, acquisition & generalization of grocery item selection, 17–20 yr olds with moderate & severe mental retardation, 22754
inpatient treatment at residential care facility vs small community program, motor & eating adaptive skills, severely & profoundly mentally retarded physically disabled adults, 25558
interactional video instruction, academic achievement & life enhancement skills, mentally handicapped & learning disabled adolescents & young adults, 23052
living conditions & demographic characteristics & functional outcomes, male vs female schizophrenic patients who had received psychiatric treatment between 18 mo & 10 yrs earlier, followup study, 24731
long term training in community living vs traditional care, rate of hospitalization, 18–30 yr olds with schizophrenic disorders, 15302
model for teaching home cleaning skills, 30 yr old blind female with average intelligence, 4677
Nursing Adaptation Evaluation proposed Axis VI of DSM-III, functional self-care assessment, nurses & psychiatric patients, 22378
peer training of functional community skills, autistic 5 & 8 yr olds in residential treatment & normal peers, 15082
photo-bus-route-map intervention, access to mass transit system & applicability across routes & destinations, educable mentally retarded 22–26 yr olds, 2146
picture prompt training, generalization & maintenance of complex vocational & daily living skills, severely & profoundly retarded 13–19 yr olds, 15442
recommended sequence for teaching independent living skills, planned outcome of optimal generalization, severely handicapped individuals, 23087
reliability & validity & factor structure of instrumental activities of daily living measure, screening for impaired functional capacity, aged community residents, 23429
self care ability & self actualization, adults over 65 yrs old, 21667
self care rehabilitation program, acquisition of knowledge & skills, asthmatic episodes, asthmatic 2–14 olds, 31005
self report vs staff rating vs performance testing, assessment of self care ability, residents of old people's homes, 20516
simulation procedures for teaching menstrual care skills, moderately & severely mentally retarded 17–21 yr old females, 18303
single instance vs general case instruction in dressing skills, response variation & generalization, male severely mentally retarded 8–23 yr olds, implications for instruction in applied settings, 27891
structural & developmental factors in self care, self destructive behavior, 6013
tardive dyskinesia symptoms, ability to perform daily activities, 26–73 yr old psychiatric patients receiving neuroleptic drugs residing in foster home care, 27951
task analytic strategies & teaching of apartment upkeep skills, 19–33 yr old severely handicapped & mentally retarded rehabilitation clients, 22773
training in computational & shopping skills, moderately & mildly mentally retarded 32–53 yr olds, 28202
training in emergency fire-safety skills, mentally retarded 30–50 yr olds, 22750
training in independent living, self perception & expectations & needs, mildly mentally handicapped hospital residents & home dwellers & hostel tenants & their families & caretakers, 25547
type of social interaction, effectiveness of self care, elderly, 25360
university based occupational therapy program, therapist training & daily life management skills, chronic schizophrenic patients & occupational therapy students, 12748
validity of Street Survival Skills Questionnaire, measurement of adaptive behavior for independent living, mentally retarded 18–55 yr olds, 26214
verbal self instruction training vs modeling & imitation learning, acquisition & maintenance of independent living skills & generalization learning, institutionalized trainable mentally retarded 17.2–60.4 yr olds, 2141
working for wages via vocational training, social behavior & perceived competence & independent living skills, severely mentally retarded adults, 18295

Self Concept [See Also Self Esteem]

acceptance of responsibility for successes but not failures, academic self attributions & self concept, 5th vs 9th graders, 25843
achievement of identity, acceptance of evidence for paranormal, college students, 8910
actual-ideal vs actual-ought self concept discrepancy, dejection- vs agitation-related depression & anxiety, college students, 3738
age & cross cultural differences, self concept & self esteem & attitudes toward bodily physical attractiveness & effectiveness, 7th graders vs college students, Japan vs US, 916
age & intellectual level & self concept, affective learning styles, 6–11 yr olds classified as mildly mentally retarded & enrolled in special education classes vs high IQ enrolled in university laboratory schools, 28546
age & yrs of education & openness to experience, identity flexibility & life change, female vs male 24–61 yr olds, 17275
analysis of personal vs collective self concept, Blacks, 8954
anxiety & cross cultural differences in child rearing, cognitive complexity & self concept, comparison of 44 societies from Oceania & Africa & North America & South America & Asia, 29860
application of Jung's archetypal concept of self as approach to ethics, 26103
appraisal of personality characteristics of self & others, young children, 6106
assessment & treatment of "selfless syndrome", female psychotherapy clients who follow cultural prescriptions to seek satisfaction via self denial & fulfillment of others' needs, 27807
assessment of relationship among social interest & irrational beliefs & identity, medical & college students & psychiatric patients & Benedictine nuns, 27175
biblical views of self love & self worth, 6190
biofeedback training vs video game training, impulsivity & locus of control & self concept, 15–18 yr old incarcerated juveniles, conference presentation, 7463
boundary forming & containing functions of ego & ego-self relationship, male in mid 20's & female in mid 30's undergoing Jungian analysis, 4366
career development path, images of aging & self & work, male vs female 50–60 yr old college professors, 12909
changes in conceptualization of personal & social aspects of self understanding, kindergartners vs 2nd vs 4th vs 6th graders, 19685
characteristics of dimensions of self identity, 4–8 yr olds, Spain, 3503
clothing as reflection of low self esteem & feelings of inadequacy & emptiness, 32 & 42 yr old female analysands, 7017
college graduation, identity & intimacy crises stage, college seniors vs 24–27 yr old alumni, 8916
commuting vs on-campus living, intellectual & interpersonal self concept, college students, 18557
complexity of self concept, college students enrolled in people- vs non-people-oriented majors, 4919

complexity of self-representation, affective swings & self-appraisal, college students, implications for vulnerability to depression, 3748
computer assisted instruction, mathematical achievement & self concept & perception of quality of school life, disadvantaged 3rd–5th graders, Israel, 25782
confrontation between Lilith & Adam & Father-God-Animus in myth, finding & development of feminine self image, female analysands in 20s & 40s, 11850
congruity between actual vs ideal vs social self & product images, consumer product purchase motivation, female college students, 16048
conscious vs unconscious self concepts, emotionally disturbed vs educably mentally retarded vs speech-language impaired 10–13 yr olds, educational implications, 10481
construct validity of imposter phenomenon, female vs male university faculty members, 20664
construct validity of Self Description Questionnaire & relation to age & sex & academic measures, multidimensional measure of self concept, 11–18 yr olds, 23125
constructionism viewpoint & role of temporality & reflexivity & self concept in states of consciousness, 29175
constructivist theory & processes & definition of self & self in clinical practice, 17760
coordination of self concept & structure of activation & transfer, application of model to process-related constructs of R. S. Lazarus, 9154
creative drama & videotape playbacks, self & group observational skills & awareness & insight, 11 & 12 yr old females in therapy group, 30666
crisis intervention, self concept & self esteem & attribution & information processing related to school entry & transition & failure crises, students, 4997
cultural & social & individual factors, place & personal identity, literature review, 14529
culture shock & legal status & disturbance of self image, Algerian immigrants, France, conference presentation, 6194
decentralization of identity, revision of personal & social order in Western culture, 14286
defense mechanisms & anxiety & self concept & teaching methods, learning to read, children, 20685
degree of concurrent memory load & depressed vs nondepressed adjectives, efficiency & automaticity of self schema processing, female depressed vs nondepressed psychiatric patients, 14630
demographic characteristics & self concept & study methods, causal attributions for performance on college entrance exam, high school students, Philippines, 4922
denial & split identity & impulsivity, issues in psychoanalytic psychotherapy, chronic drug abusers, conference presentation, 28268
derived identity & depressive symptomatology, married vs single unemployed vs nonprofessional vs professional females, 14530
development of Offer Self-Image Questionnaire translation, adolescents, West Germany, 2920
development of professional self image in psychotherapeutic training, narcissistic implications, 4736
development of self concept, 25–35 vs 40–50 vs 55–65 yr old teachers, 15613
development of structural model & new measurement procedures for assessment, self conception, 11806
development of theory of behavioral & cognitive consistency based on personal identity, college students, 14494
developmental trends & sex differences in self concept & self esteem judgments expressed in protocols, kindergartners through 12th graders, 8816
didactic information & relaxation training & cognitive behavioral techniques, self concept & attitudes toward illness, 37–61 yr old female pain patients in outpatient pain management program, 27911
differential diagnosis & treatment of disidentification syndrome, 14 yr old female & her parents, case report, 30129
diminishing importance of metapsychological view in psychoanalytic concepts of self, 2777
early memories, male vs female college students with identity coping styles of foreclosure vs moratorium vs diffusion vs identity achievement, replication of research by R. L. Josselson, 19684
educational programs, confidence & self concept, gifted preschoolers, 13087
effectiveness of class preventive group counseling, self concept, 4th graders, 25935
efficacy of D. Dinkmeyer's Developing Understanding of Self & Others Program, self concept, 7th graders, 12988
ego & superego & self sentiment strengths, 12–18 yr old identical vs fraternal twins vs concurrently reared brothers vs unrelated males, 29677
ego ideal conflicts in adulthood, women in their 20's & 30's & 40's, 24200
ego identity & formal operations & egocentrism, 13–24 yr olds, 26935
ego identity in young adulthood, establishment & maintenance of intimate interpersonal relationship & happiness & life satisfaction, middle aged females vs males, 18-yr followup study, 11513
ego identity status & separation-individuation, college students, New Zealand, 24195
employment vs unemployment, self concept & values & affective reaction, job need & expectancy & locus of control & causal attributions, 15–18 yr old school leavers, 2-yr longitudinal study, Australia, 31402
evaluation of program effectiveness, development of understanding of self & others, 2nd & 3rd graders, 31377
evaluative system of school, self evaluation & development of self concept, 12–16 yr olds, 1979–83, West Germany, 11490
existentialism & discovery of transpersonal self, implications for humanistic psychology, 19867
experiential learning, development of self concept derived from process of adaptation to social & physical environment, aged, 16993
factor analysis & validity of Self Description Questionnaire vs peer rating of others' self concept, college students, 11821
factor structure of revised self description questionnaire & self concept inferred by self vs others & academic achievement, 5th graders, 10543
false feedback about similarity to others & ability to form vivid visual imagery, mood & self acceptance, college students, 14534
family authority structure, self consciousness in early adolescence, 4th & 5th vs 7th & 8th graders, implications for education, 8920
family interaction, achievement of identity in adolescence, 15–19 yr olds & their parents, 8814
family origins & characteristics of & true vs false self, bulimic females, implications for group vs individual therapy, 27590
family structure & interactions, perceptions of self & family, divorced vs married mothers & their 3–21 yr olds, 6219
father-son relationship & achievement of true ego identity, occupational self support, 27 yr old male psychotherapy patient, 12419
fear of death & self concept, nuns & schizophrenics & alcoholics & college students & Polish family members & nurses & yoga practitioners & elderly, 3777
feedback from intimates, change in self rating as result of bogus feedback discrepant with self esteem, college students in intimate relationships, 11778
feminist perspective on empowerment symbolism, self image & identity, females, conference presentation, 17147
frequency of classification as androgynous & impact of age on self concept, homosexual vs heterosexual adult females vs males, 24419
Freud's psychoanalytic vs H. Kohut's self psychology theories of development of normal identity, human females, 29714
geographic & occupational mobility, nostalgia & identity discontinuity, male vs female White vs non-White 18 yr olds & older, test of F. Davis's hypothesis, 3725
Gestalt therapy & drawing, 10 yr old male with negative identity formation & learning disabilities & violent behavior, 6923
grade level & reading achievement, negative item bias in self concept rating scales, 2nd–5th graders, 11523
group counseling & remedial reading program, reading skills & self concept, secondary school remedial readers, 2527
group pressure vs self doubt vs extremity of norm vs norm extremity order, conformity & attention, college students, 29938

group therapy, identity development, 2nd–4th graders with learning & family & individual problems, 7767
group therapy, self image & esteem & perceptions, implications for therapist role, 30634
guidelines to facilitate integration of disabled & intact identities of congenitally physically disabled children, 1717
hero self & capitalization of term "self", 2768
heuristics & human science research & pathways to self, 18869
holocaust fantasy as means of consolidating sense of identity during adolescence, Jewish female analysand, 22430
home leaving strategies of economic independence &/vs personal control &/vs positive emotional attachment, prediction of ego identity & college adjustment, college students, 28496
ideal personality profile, inter- & intrapersonal perception, married couples in therapy & clinical patients & nonpatients, 29981
identity & intimacy status research, marriage therapy & conflict, 21–35 yr old couples, 4395
identity problems, social phobia vs agoraphobia, outpatients, 3950
identity status in areas of occupation & political & religious ideology & sexual values, female college students of different ages, 27202
identity structure analysis, assessment of antidevelopmental identity characteristics & patterns & identity crisis, anorexia nervosa & bulimia patients, conference presentation, 25014
illness self concept, prediction of response to EMG biofeedback, 18–57 yr old patients with chronic musculoskeletal pain, 7139
imaging, self concept & lecturing effectiveness, teachers, 15623
individuality & diversity in perceptions of past & parents & external events & self identity, children of Holocaust survivors, 6148
inpatient treatment, medical & socioeconomic & psychological goals & self identity & racial & group consciousness, Black alcoholics, 28248
instructions regarding importance of decision rule & monetary incentive & perception of self expertise, use of decision rule in probabilistic task, college students, 21143
integration of behavioral-cognitive techniques into psychodramatic group therapy, behavior & ego strength & introversive tendencies, delinquent 14–16 yr olds, 12427
integration of family system & individual development perspectives, differentiation & individuation & identity formation, adolescents & young adults, 11537
interrelationship of abuse events & family relations & life contexts & self identity in process of adjusting to judgments of others about abuse, victims of sexual abuse, implications for treatment, 30525
interviewer interpretation of description of self, actual self esteem, 4–8 yr olds, 895
intimacy & identity, male vs female 22–35 yr olds, 30039
investigation of lesbian identities using Q-methodology, 17–58 yr old self defined lesbian females, 11700
jealousy & objectification of self & others, comments on article by S. A. Veereshwar, implications for humanistic psychology, 19846
joint vs nuclear family structure & attitude & self concept, Bengalee Hindu adolescent males, India, 24224
Jungian concepts of self, 2773
Jungian interpretation of narcissism & identity & alienation in double in G. Marquez's "El otono del patriarca" & myth of Narcissus, 24063
Jungian views of big vs little self, 2771
knowledge of illness & management of care & self concept, 8–10.9 yr old females with diabetes, 14805
knowledge of self, empathetic disposition, occupational therapy students, 10181
level of occupational knowledge & crystallization of vocational self concept, prediction of school-to-work transition difficulty, college & graduate students in business schools, 10459
level of self appreciation & interpersonal attitudes, attraction vs nonattraction dyads, 21998
life experiences, fear of success & identity status, college females aged 18–23 yrs vs 30 yrs & over, 20723
low vs moderately high vs very high self evaluation, 6401
management status orientation vs job security, self image & job satisfaction & attitudes & behaviors, front-line industrial supervisors, 25986
meanings of word "self" in normal language & dynamic psychologies & need for new terminology, 2786
measures of self concept & social network characteristics, middle income Black 12.9–15.5 yr olds, 29681
meeting of traditional & Western cultures, negative self concepts, adolescents, Nigeria, implications for counseling, 29728
method of teaching concepts of personality vs self, college students, 15646
military vs nonmilitary family environment, self image, 13–15 vs 16–18 yr old females vs males, 24240
minority identity development model of D. R. Atkinson et al, occupational counseling, minority adults, 15959
mirror behavior & development of self concept & perceptual exploration, young children, literature review, 16889
model of feminist identity development outlining stages for effectively dealing with prejudice & discrimination, implications for psychotherapy, 29692
models of identity crisis known as identity deficit vs identity conflict, implications for motivation & commitment, 24534
motivations for motherhood & self identity & concept issues, females, 11792
movement & physical activity programs, self concept & body image, handicapped children, 2166
multidisciplinary inpatient treatment program, self concept, patients with chronic spinal pain, 15347
multivariate approach to measurement & analysis of group & individual social identity, females, 29979
negotiation of self vs other vs group identities, ongoing group decision making, college students, 11727
noninterpreted vocational tests, vocational attitudes & self concept, 13–15 yr old high school students, 2573
occupational group & age, perception of self concept, 28–42 yr old females with careers, 17145
occurrence & therapeutic suggestions for treatment of splitting of self image, crime victims, 20307
parental & child attitudes & self concept, 5–14 yr olds with primary nocturnal enuresis, 25010
participation in Outward Bound Program, self concept, 16–31 yr olds, 17987
peer group &/vs family, self perception, employed vs unemployed working class 18–21 yr olds, Australia, 26947
perceived counselor power & trustworthiness & client motivation, prediction of change in self concept, college students, 23103
perceived parental support & self identification, alcohol & marihuana usage, Black & White & Puerto Rican & other Hispanic 7th & 9th graders, 26894
perception of present vs ideal self body images & self image with addition vs subtraction of 10 lbs & body image expected by family & personality associated with body images, 11–22 yr old anorexic vs obese females, 24866
perceptions of ideal mathematics student vs self as mathematics student, male vs female 9th–10th grade geometry students, 18536
performance feedback with negative implications for self identity in skill vs luck conditions, commitment to ineffective course of action to justify prior resource allocations, college students, 26337
personal & academic variables predictive of self concept, high school students, 28510
personality characteristics & high vs low levels of worry regarding future teaching problems, college students who intend to become educators, 12915
personality development in dimensions of relationships with family & friends & self & values, male vs female 25–44 vs 45–64 vs 65–99 yr olds, Japan, 26941
police stress as means of gaining professional legitimacy & prestige & of coherence to conceptions surrounding tasks & role expectations, police professionals, 24402
positive self image & autonomous behavior as predictors of compliance with contraceptive use, female adolescents, 25371
positive suggestions, negative self image & learned helplessness, learning disabled students, 28550
psychoanalysis, self structure & individuation & object relations, narcissistic female patient, case report, 30597
psychoanalysis theory & development, females, 8668
psychoanalytic self psychology & countertransference, male graduate student, case report, comment on analysis by H. Kohut, 30603

psychoanalytic view of development & persistence of self image as defective physically or psychologically, 27226
psychological approaches to self concept contradictions & identity problems, 11550
psychological distance & perception of problem drinkers vs self vs ideal self, doctors vs nurses vs general practitioners vs alcoholic patients, 22179
psychotherapy, development of self awareness & concept, 14.5 yr old adopted female, 6994
racial awareness & attitudes & self concept, Black 4–6.5 yr olds, reprint, 29747
Rational-Emotive Education group counseling, self concept & locus of control, learning disabled 8–11 yr olds, 1845
rational emotive therapy, self esteem & image, lower class & fundamentalist Christian & uncooperative adolescent clients & those with limited intelligence, 27843
relationships & emotional experience, gay identity development, married male, application of G. A. Kelly's personal construct theory, case report, 27178
reliability & psychometric characteristics of Negative Self-Evaluation Scale for Children, sampling differences, 2926
reliability & validity of assessment of perceived self efficacy & its relation to mathematics task performance & mathematics self concept, 9–10 yr olds, 28628
reliability & validity of extended version of Objective Measure of Ego Identity Status, college & high school students, 2890
reliability & validity of Portuguese- & Spanish-language translation of revised Janis-Field Feelings of Inadequacy Scale, assessment of self concept, 12–19 yr olds, Brazil & Ecuador & Paraguay & Uruguay & Venezuela, 18938
reliability of revised form of Tennessee Self-Concept Scale, deaf & hard of hearing 12–21 yr olds, 18950
repression-sensitization & self image disparity & mental health, 18–45 yr olds, 24546
research on self consistent image following reception of evaluative personal information, literature review, 21967
research orientation & self image, sociologists vs educators vs political scientists vs psychologists, 2207
response to & attitudes toward abuse of unemployed, unemployed 16–19 yr olds, 6107
role identity salience & voluntary blood donation, adult Ss, 24467
role of self concept in perception of others, male college students, 11820
school desegregation, self concept, Black vs White junior high school students, northern vs southern US, replication of author's findings, 7678
scores on Primary Self-Concept Inventory, Native American vs Anglo 4–5.9 yr olds, 10516
self administration of heroin, self image, 17–30 yr old addicts vs nonaddicts, 12040
self concept & academic achievement, male vs female 5th graders, 15753
self concept & esteem, peer relations, gifted 5.6–10.6 yr olds & their parents, 6130
self concept & health locus of control, male vs female 12–15 yr olds attending cystic fibrosis clinic, 4201
self concept & locus of control & formation of cognitive activity, young children, 6096
self concept & locus of control & health attitudes, metabolic control, insulin-dependent diabetic 9–12 yr olds, 4491
self concept & locus of control, academic achievement, high school seniors from National Center for Education Statistics' High School & Beyond study, 31230
self concept & peer popularity, obese 2nd–5th graders, 4204
self concept & perceptions by spouse or intimate partner, college students, 11849
self concept & performance motivation, physical performance level, 25–55 yr old chronic low back pain patients, 9610
self concept & self esteem & school climate & long range educational attainment, high school students, 5-yr followup, 18514
self concept & sex role attitudes & perceptions of closeness of self to TV & TV exposure, male vs female adults, Japan vs Korea vs Philippines vs US vs UK, 21985
self concept assessed by Kinetic Family Drawings & Animal Kinetic Family Drawings, 6–10 yr olds from intact vs divorced families, 22368
self concept, college students who had vs had not sought psychological counseling, 30910
self concept development & common deficits, psychotherapy patients, 17789
self esteem & depression, attributions for real vs hypothetical events, college students, 11854
self help concept, relationships, teachers & their students & parents, 12922
self image & consistency vs self enhancement & impression management social image factors, alcohol drinking behavior, high school students, 889
self image & self esteem & self concept & self assertion, psychotherapeutic progress, clients, 4350
self image, flight performance & professional adaptation, student pilots, 31418
self knowledge of personality & consistency of occupational perceptions, female college students, 31410
self perceived ability & importance of ability, avoidance & neglect of information search, college students, 9141
self satisfaction & integration & narcissism in Tolstoy's "War and Peace", Prince Andrei as Tragic Man vs Guilty Man, 29528
self schema decision inconsistency, mildly depressed vs cognitively vulnerable to depression vs nondepressed nonvulnerable college students, 30033
semantic differential assessment of self concept, reflection of perceptions by family members & psychiatrists, psychiatric patients, 9324
semantic differential of self vs body concept, adult physical education students, 1193
semantic-praxeological analysis, relations between personal identity & symbolic bodily structuring, patients with anorexia nervosa, 30409
sense of self & individuating self & primary self vs primary integrate as Jungian concepts, 2760
sex & culture, self concept, 14–17 yr olds, Nigeria vs England, 17007
sex & social class, self concept, learning disabled vs nonlearning disabled children with mean age of 9.4 yrs, 4059
sex composition of group, salience of gender identity & self concept, 17–55 yr old college students, 21906
sex differences & self schema & sex stereotypes, perception of others of same vs opposite sex, college students, 6355
sex role identity & personality & participation, college students who are competitive vs noncompetitive team vs individual sports participants, 21879
sex role identity, femininity & self concept scores & perception of comfort in maternal role, 19–37 yr old females assessed in late pregnancy & early postpartum, implications for nursing practice, 1098
sex role self concept & attitudes, marital satisfaction & personal adjustment, dual-worker couples with preschool children, 3584
sex role self concept, relationship quality & dysfunctional relationship beliefs, married vs heterosexual cohabitating vs gay vs lesbian couples, 29920
sexual abuse as children, identity development, emotionally disturbed 13–18 yr old females, 1411
social & affective predictors of academic achievement, freshman college students, 15771
social & educational experiences, 21–23 yr olds with congenital malformations stemming from maternal use of thalidomide, 6734
social perception & self concept, college students, 9117
socialization experiences & ego development, sex role identity, female vs male 22–26 yr olds, 19658
structured program of client-staff interaction, self concept, institutionalized geriatric mentally retarded males, 25476
student development program, ability & performance & self concept, college students, 18682
study & test taking skills & unrealistic expectations & belief in negative self statements & Type A behavior, high vs low achieving college students with high vs low test anxiety, 31224
symbolic interactionist theory & framework for terms self & self concept & identity & homosexual identity, 6300

systematic exercise, physical fitness &/vs self concept &/vs psychological stress, 22–75 yr olds, 27749
target's like vs dislike expectancy & high vs low self likability, perceiver's like vs dislike of target, college students, 29977
teacher expectancy, self concept & perception in social interaction process, middle school students, 13050
techniques for dealing with embarrassing events & confidence in own & estimation of others' performance, 18–57 yr old female vs male socially anxious patients, 9233
temperament, self ideal, male vs female adolescents, Czechoslovakia, 14226
theoretical basis for concepts of self & authentic self, implications for views of W. Grossman & H. Kohut & F. Kernberg, 27182
theory of self in psychoanalysis, 27197
therapeutic processes in "coming out", identity formation, lesbians, 22405
time limited group therapy with role playing & behavioral contracting & token economy, self concept & peer relations, 3rd graders, 17915
TV as source of stress & modernization, self concept, Algonkian speaking Cree Indians, Canada, 8-yr longitudinal study, 21763
Type A vs Type B self schemata, speed of processing & memory interference, college students, 27212
urban vs rural environment during upbringing, self concept, 14–20.5 yr olds, Nigeria, 8882
use of imaginary companion, ego development & splitting & transitional self, 3.8 & 4 & 5.6 yr olds, 21779
usefulness of Piers-Harris Children's Self Concept Scale, 8–15 yr olds, Australia, 20989
validity & reliability of Pictorial Self Concept Scale, hearing impaired 4–8 yr olds, 5297
validity of academic dimensions of self concept scale relative to scales of Maslach Burnout Inventory, elementary education graduate students, 15898
validity of Matson Evaluation of Social Skills with Youngsters, social-emotional problems & self concept, mildly mentally retarded & learning disabled & visually impaired deaf 8–19 yr olds, 21006
verbal self presentation, patients with somatization vs medical vs paranoid disorders vs depression, 6830
visibility of handicap & self concept & social maturity & organ transplantation, 18–29 yr old survivors of end-stage renal disease, conference presentation, 22224
vocational identity as evolving self & occupational concepts, ego-identity formation & vocational development, male vs female college students in combined bachelor of science program, 18399
1st school experience in country of origin vs host country, socialization & self concept & family relations & adaptation to host society, 14–16 yr olds from Antilles vs Maghreb, France, 3502
Self Confidence [See Self Esteem]
Self Congruence
actualization & integration, death fear & anxiety, 16–74 yr olds, 27198
congruity between actual vs ideal vs social self & product images, consumer product purchase motivation, female college students, 16048
deintegration theory of M. Fordham & synchronicity concept of Jung, 30052
development of theory of behavioral & cognitive consistency based on personal identity, college students, 14494
self schema decision inconsistency, mildly depressed vs cognitively vulnerable to depression vs nondepressed nonvulnerable college students, 30033
Self Consciousness [See Self Perception]
Self Control
aggression as predictor of weak self control, 9172
behavioral self control training, reductions in alcohol consumption & blood alcohol concentration, self referred drinking drivers, 28267
behavioral self regulation & internal locus of control, depression, college students, implications for learned helplessness, 11912
biofeedback & relaxation & cognitive skills training as multimodal adjunct therapy, anger control & behavior modification, hospitalized 13–18 yr olds, 28139
biofeedback techniques & instruments, self control of tension & stress in hierarchical physiological/psychological states, 25226
cognitive & relaxation coping skills program, anger reduction, healthy college students, implications for therapeutic self management processes in anger control, 20349
construct validity of Self-Control Schedule, college students, 13459
control judgments, Type A vs Type B college students, 14527
control theory in classroom, behavior choices, students & teachers, 31260
EMG biofeedback training &/vs brief psychotherapy, self control over muscle contractions, tension headache sufferers, 7131
evaluation of current smoking prevention strategies & proposal for self control skills model, adolescents, 12663
expected consumption & restraint, present consumption, female college student restrained vs unrestrained eaters, 12273
family dynamics & quality of day care, compliance & self regulation, 18 & 24 & 30 & 36 mo olds, 16994
food deprivation level, choice between larger- vs smaller-delayed reinforcer & response rates, pigeons, 16483
Freudian interpretation of T. Mann's treatment of homosexuality & conflict between ego & superego & impulse control in "Death in Venice", 24070
generalization effects of exposure treatment for phobias, 20 yr old female who presented with fears of death & losing control of self & excessive vulnerability to criticism, 25255
global self control vs task specific self efficacy estimates, prediction of self control, college students, implications for situation specificity of self control behavior, 3723
immediate reinforcement & delayed punishment using shock, key pecking behavior, pigeons, implications for processes regulating self control, 3083
initial assertion & cognitive self control skills, response to assertion training & cognitive self control treatment, depressed females, 22505
intention to raise skin temperature & use of warm imagery, control of peripheral skin temperature without biofeedback, 3213
internal scanning, prediction of adjustment following treatment, 25–57 yr old male alcoholics, 2-yr followup, 22799
martial arts training, concentration & self control & confidence, male vs female beginning vs intermediate vs advanced karate students, 4242
model of personal control, employees, 16010
model of psychological health & traditional vs liberated sex role stereotypes, professional personnel, 6295
neutral vs inhibition of vs deceptive expression vs communication through expression only, responses to negative vs neutral stimuli, male college students, 17224
parent's weight & control vs child self control, weight loss, 8–12 yr olds, 3-yr followup, 22247
perceived control & action control & coping style in anxiety-provoking situations & state-anxiety reactions, 17 yr old males vs females, 24202
perceived control & belief in paranormal, college students, 21963
rewards for high vs low effort, self control, 2nd & 3rd graders, 11486
self awareness exercises & activities, control of impulsive behavior & use of problem solving, learning disabled students, 13080
self control & self leadership & self management & self influence within organizations, 28794
self control & trait anxiety, performance during training, 16–17 yr old novice parachuters from military academy, 19596
self control of actions & self regulation, simple verbal learning, students & mentally retarded Ss, implications for improvement of scholastic instruction, 31292
self control of heart rate, comments on J. Brener's model, 19365
self control self instructional training program, 9–10 yr old males with attention deficit disorder & hyperactivity treated by mothers as adjunct therapist, 18005
self intervention vs determinism & analysis of behavior, reply to comments by B. N. Walier, 1204
self intervention vs determinist-behavioristic account of self control, comments on paper by P. F. Secord, 1212
self monitoring &/vs peer assisted self control training &/vs alcohol education, quantity & frequency of drinking & peak blood alcohol levels, 14–20 yr old American Indian high school students at high risk for problem drinking, 13126

self speech & regulation during dental visit, 8–12 yr old high vs low anxious children, 9995
social & self control skills training, 25–40 yr old females with unipolar depression & deficits in social or self control skills, 18008
techniques to develop intrinsic temper control, students, 12980
understanding of social learning principles, self control & grades & personality & conduct problems & immaturity & subcultural delinquency, 4th & 7th graders, 26919
utility & reliability & validity of measures of self control, 4th–6th graders & teachers & parents, 16169
Self Defense
imagined theft vs rape with armed vs unarmed assailant & locus of control, expectations of behavior during assault & postassault adjustment, male vs female college students, 11762
resistance strategy & rape completion & injury, rape victims, 1447
Self Destructive Behavior [See Also Attempted Suicide, Head Banging, Self Inflicted Wounds, Self Mutilation, Suicide]
analysis of B. Spinoza's concepts of pride & self abasement using K. Horney's psychoanalytic conceptions, 5209
antipsychotics vs stimulants vs anxiolytics vs antimanics, self injurious behavior, mentally retarded, literature review, 1955
assessment of cognitive state using mini-mental state scores, 35–46 yr old hospitalized patients with syndrome of self induced water intoxication & schizophrenia, 1397
conceptualizaton of construct & development of measurement instrument, chronic self destructiveness, college students & 24–71 yr old business women & 20–95 yr old Veterans Administration patients, 13428
contingent restraint & reinforcement of alternative behaviors & change in school activities, self injurious behavior, 14 yr old severely retarded female, 12530
creative concentration measurements & patterns of urinary excretion & water metabolism, 28–55 yr olds with self induced water intoxication & psychosis, 17433
destructivity in psychoanalysis, preoedipal personalities, 22435
epidemiology & risk factors of suicidal behavior, children & adolescents, 20045
group counseling, self defeating behaviors, learning disabled 9–10 yr olds, 12472
human self destructive urges, 20039
interpretations of narcissistic tendencies of title character in H. Ibsen's "Hedda Gabler", 24061
learned helplessness & depression, self directed punitive behavior, male college students, support for learned helplessness model of depression, 1118
level & certainty of self esteem, preparatory efforts for intellectual evaluation, male vs female college students, 30017
lunchroom vs outdoor vs classroom vs dormitory interpersonal antecedent events, self-injurious behavior, 6–16 yr old institutionalized retarded residents, 10069
masochistic sexual behavior & death, 32–45 yr olds, 20032
naturalistic & laboratory-induced behavior, animals, implications for animal models of self destructive behavior & suicide, 19248
nonfatal medicinal self poisoning & psychotropic prescription rates, England & Wales, 18053
object relations & defense mechanism theories, etiology of self mutilating & self destructive behavior, 4039
opiate antagonists, self injurious behavior & faulty attention, autistic infants, 25281
painful feelings as developmental roots of self damaging behavior, 4 yr old male analysand, 7022
paradoxical response to sedative-hypnotics & self injurious behavior & perinatal trauma, 17–45 yr old mentally retarded patients, implications for treatment & etiology of self injurious behavior, 4054
protective environments & appliances & helmets, treatment of severe self injurious behavior, hospitalized mentally & physically handicapped children, 1898
psychodynamics of self destructive skin disorders, 20139
psychodynamics of self destructive vs subtle types of self mutilation, 4010
psychotherapy, transformation of self destructive impulses to object relations, children & adolescents, conference presentation, 4287
rates of psychotropic medication & mechanical restraint, self injurious patients, 18113
ratings of time out vs differential reinforcement vs overcorrection vs shock, treatment of self injurious behavior, parents of autistic vs other handicapped vs nonhandicapped children, 1888
repetition of self poisoning & deaths, 12–20 yr olds who took drug overdoses, 1974–78, England, 9376
response deprivation contingencies & response satiation requirements, self injurious air swallowing, profoundly mentally retarded 21 yr old female, 27902
role of family in suicidal or self destructive behavior, case illustrations of 16 & 15 yr old females & 17 yr old male, 24793
self destructive behavior, substance abuse, literature review, 20024
self destructive behavior, 16–89 yr old hospitalized medical & surgical patients, 20514
self injury & diagnostic systems in psychopathology, 27244
self psychology treatment, self-aggression & self esteem & coping with grief, compulsive 84 yr old male, 6974
sex & level of retardation & effectiveness of reinforcement & punishment & DRO & lemon juice therapy & time out, self injurious & stereotyped behavior, profoundly mentally retarded Ss over 16 yrs old, includes bibliography, 15095
structural & developmental factors in self care, self destructive behavior, 6013
suicidal & parasuicidal behaviors & self-injury, patients with borderline personality disorder, 20026
treatment & nontreatment scheduling with multielement manipulations, self injurious behavior, 5.5 & 3.5 yr old handicapped & profoundly or severely mentally retarded females, implications for generality of treatment effects, 15089
treatment contracting, self destructive behavior, hospitalized borderline 22 yr old female patient, 10104
varied dosages of naloxone, reduction of self injurious behavior, 22 & 52 yr old profoundly retarded females, 27937
Self Directed Learning [See Individualized Instruction]
Self Disclosure
alignment theory vs conventional team building intervention, interpersonal relationships & work performance, work teams of masters of business administration students & business management teams, 20888
anticipated future interaction, self disclosure during acquaintance process, male vs female college students, 27150
anticipation of negative vs positive ramifications to disclosure in parental vs achievement vs sexual vs global topic areas, male vs female college students, 24487
assessment of feelings about relationship & social exchange behaviors & particularism & symbolism of resources, prediction of continuation of relationship, couples in new relationship, 21902
assurance of confidentiality &/vs videotape recording of interview &/vs interviewer's sex, depth of self-disclosure, male vs female college students, 11769
attribution, self disclosure reciprocity & liking, male vs female college students, replication of study by D. A. Taylor et al, 21931
counselor self disclosure & paradoxical vs nonparadoxical homework directives, counselor social influence, college students with test anxiety, conference presentation, 31366
counselors' self disclosure about their obvious vs nonobvious disability, perceptions of counselor, college students, 28123
degree of disclosure to & receipt of disclosure from others at individual vs dyadic level, reciprocity of self disclosure, college student sorority members, 21919
degree of self disclosure, grades & feeling of group cohesiveness, high school & college students, 13051
examiner sex & ethnicity & style of administration, responses on Jourard Self Disclosure Questionnaire, White vs Mexican American college students, implications for group personality testing, 18948
experimental cuing, evaluation apprehension & disclosure of deviant & symptomatic responses obtained from bogus pipeline vs open format testing, 19–55 yr old incarcerated male sex offenders, 30292
factors affecting nondisclosure in psychotherapy with White therapist, Black clients, reply to H. U. Ashby's & P. Bronstein's criticism, 17868
factors affecting nondisclosure in psychotherapy with White therapist, Black clients, criticism of C. R. Ridley's study, 17774
factors affecting nondisclosure in psychotherapy, Black clients, criticism of C. R. Ridley's study, 17759

field dependence & sex, self disclosure, graduate students with humanities vs science majors, India, 4903
group size, willingness & reciprocity of self disclosure, college students, 14443
informing clients of limitations of confidentiality, disclosure in clinical interview, single mothers, replication & extension of findings of I. Muehleman & M. W. Haut, 25121
legal admissibility of confession in noncustodial setting due to ruling in lack of applicability of 5th amendment & Miranda warnings in conferences with parole officers, parolees, 24381
opposite sex acquaintance vs friend vs best friend relationship, level of reciprocal self disclosure in dyadic conversation, college students, US vs Korea, 14447
partner vs relationship effects, self perception of self disclosures, graduate students & training group leaders, validation of social relations model, 19810
pattern of self disclosure, 14–19 yr old orphans vs nonorphans, India, 24197
playing of Prisoner's Dilemma game after stating vs not stating publicly vs privately intentions to compete or cooperate, behavioral consistency & feedback, female college students, 24527
positive vs negative topic & negative/depressed vs positive/nondepressed expressed attitude, mood, impression formation & self disclosure behavior, female college students, 24483
psychoanalytic vs humanistic vs behavioristic views of therapist self disclosure, implications for psychiatric nursing, 9687
reactions upon learning of husband's bisexuality & subsequent consequences, 23–59 yr old wives of bisexual husbands, 24428
reciprocity & self monitoring, self disclosure with new acquaintance, college students, 24482
role of personal disclosure by therapist as therapeutic tool & changing gender stereotyped behavior, male & female patients, 9737
self disclosure of interpersonal feedback, college students participating in human relations group, 17984
self disclosure on intimate topics, males vs females in dual vs single career marriages, 17088
self disclosure, verbal & nonverbal creativity, college students, 11810
self expression & group interaction in phenomenologically based group, mildly mentally retarded 21–54 yr olds, 7113
sex role orientation & intimacy of topic, self disclosure in same- vs opposite-sex romantic relationships, female college students, 19774
social confidence, sex role preference & tendency to disclose personal information judged from Ss' stories, female vs male college students, 14505
social psychological research on self-disclosure, framework for intimacy skills groups, 12498
sport team membership & coach's gender, self disclosure, high school female varsity athletes, 28512
teacher vs peer vs slightly older stranger as examiner, self report of drug use, high school students, 3522
teacher's self disclosure perceived as information pertinent to success in course, college students, 20756
therapist's disclosure of religious values & beliefs, intimacy of self disclosure, Jewish vs Christian male college students as clients, 1750
verbal nonimmediacy & self disclosure in double bind communication, male college students, 9094

Self Efficacy

action orientations & attitudes toward personal development & aging, 30–60 yr old married couples, 3375
actualization & physical ability & physical self confidence & global sensation seeking, male vs female college students, partial support for A. Maslow's theory, 24569
aided vs unaided participant modeling & practice trials, self efficacy expectancies & anxiety effects on motor skill acquisition, female college students, test of A. Bandura's self efficacy model of behavior change, 22498
application of self efficacy theory to treatment plan & systematic desensitization, school phobia, Hispanic male 6 yr old, 20302
behaviorally oriented weight reduction program, self efficacy & weight loss, 21–65 yr old overweight females, 6-wk & 6-mo followups, 30680
chronic depression & self schema & maladaptive competence, clinical & research implications, 12006
construct & concurrent & discriminant validity of Career Decision-Making Self Efficacy Scale, college students, 10828
degree of negative vs positive feedback & self efficacy & self evaluation & goals, motivation, college students, 30000
development & validity & reliability of Sexual Self Efficacy Scale-Form E, diagnosis of erectile disorders, 21–65 yr olds with vs without sexual dysfunction, 28979
educational enrichment, school-related self efficacy expectations & interests, 4–6 yr olds, 28457
esteem related feedback, mood & self efficacy & attribution of success, college students, 4443
field dependence/independence & individual efficacy, formation of automatized sequences & attention to task-relevant material, female college students, 23605
global self control vs task specific self efficacy estimates, prediction of self control, college students, implications for situation specificity of self control behavior, 3723
happy vs sad moods induced by hypnotized recall of romantic success or failure, efficacy judgments, college students, implications for self efficacy theory, 9149
helplessness induction task, judgment of amount of control responses had over outcome, college students, failure to support "cognitive deficit" theory of learned helplessness, 11801
hypno-imagery treatment, obsessive fears & avoidance behavior & self efficacy, female client, 6- & 18-mo followups, 9956
inconsistent definitions of self efficacy & outcome expectancies, 3703
judgmental heuristics, self efficacy judgments & behavior, high school & college students, 19655
microanalysis, assessment of extent to which self efficacy measures predict performance, 2949
microanalytic congruence measure, assessment of relationships between self judged efficacy behavior, 2941
modeling of task strategy use vs positive achievement beliefs, self efficacy & skill acquisition in division learning training program, 9.3–11.7 yr old students, 20702
modeling vs self instructional practice in mathematics with vs without attributional feedback & role of self efficacy, mathematics achievement, 6th graders, Australia, 31207
modeling with vs without participation, self efficacy & mathematics achievement, learning disabled 6.3–8.6 yr old students, 13098
parental perceptions of cognitive & social childrearing task difficulty, child's perception & actual social competence, male vs female 3rd–5th graders, 21664
perceived physical self efficacy, female vs male 42–74 yr olds, 14156
personal efficacy & locus of control & perceived contingency of parental reinforcement in thought structures, depressive vs paranoid patients, 1365
potency, coping with stress & maintenance of emotional homeostasis, adults, Israel, 19836
presence of observer & response contingent vs noncontingent outcomes, estimate of personal control, depressed vs nondepressed college students, 11787
rational behavior therapy, self efficacy, retirees, 14981
recall & recording of positive events, positive affect & coping effectiveness, college students & Coast Guard Academy cadets, 29171
reliability & validity of assessment of perceived self efficacy & its relation to mathematics task performance & mathematics self concept, 9–10 yr olds, 28628
role conflict in relation to supervisors & clients, self statements & anxiety level & performance, graduate student counselors, 15488
self efficacy & concern ratings, multidisciplinary pain-management program treatment outcomes, 25–73 yr old chronic pain patients, 27530
self efficacy & interest, consideration of traditionally male vs female occupations, male vs female 8th–9th graders, 10451
self efficacy & skill-based vs non-skilled-based training, pain tolerance, female college students, 20371
self efficacy & socialization tactics, role orientation & job satisfaction & commitment as measures of adjustment, newcomers to organizations, 26020
self efficacy & trait anxiety & S vs E control of pain stimulation, reaction to pain, 18–33 yr old males, 27220

self efficacy beliefs, prediction of academic performance & perceived career options, college students considering science & engineering fields, implications for career & academic counseling, 28617
self efficacy competence enhancement strategy, intellectual performance, high vs low socially disadvantaged Hindu male 10th graders, India, 25826
self efficacy expectations & health beliefs & post adherence behavior & resourcefulness, fluid intake compliance, 20–68 yr old dialysis patients, 30836
self efficacy, prediction of relapse following voluntary smoking cessation, adults who had quit smoking 1 yr earlier, 28269
self efficacy predictions vs actual performance in heterosexual interaction, male rapists vs child molesters vs non-sex-offender prison inmates vs high vs low SES community males, 30303
self efficacy theory & health behavior, literature review, 1197
sex & success vs failure condition & task difficulty, self efficacy & interest in math task, college students, 22998
sex differences, self efficacy for mathematics & science careers, disadvantaged 16–24 yr olds in precollege program, 31205
social cognition & self perception & self efficacy & outcome expectancies of aggressive behavior, male vs female 4–7 yr olds, 26931
structure of daily activities, self efficacy, Ss aged 60 yrs & over, 26926
training variables & post race performance & self efficacy & cognitive strategy use, marathon finishing time, runners, 23151
usefulness of self efficacy & outcome expectation measures, prediction of smoking status in controlled smoking treatment programs, chronic heavy smokers, 10158
verbalization of comprehension strategies, reading achievement & self efficacy & ability attributions, 4th & 5th graders with reading comprehension deficiencies, implications for remedial education, 7728
verbalization of subtraction & effort attributional feedback, self efficacy & mathematics skill performance, 11.2–16.2 yr olds classified as learning disabled in mathematics, 25871
viewing of videotape of female in nontraditional careers & attitudes toward women, career choices for self & hypothetical daughter & self efficacy, female college students, 25949

Self Esteem

ability grouping, academic achievement & self esteem, 4th–6th graders, 25803
ability vs health vs peer group formation vs frustration-relaxation vs experiences vs self-knowledge, explanations for student participation-self esteem relationship, female college students, 2451
academic & interpersonal experiences, self confidence, 16–19 yr old college freshmen, 4-yr followup, 15781
academic & social self esteem & attitude toward parents & locus of control, 9–14 yr olds from divorced vs intact families, implications for social casework, 8917
academic achievement & self concept of ability & self esteem, Black vs White college bound students, 15750
accuracy & confidence during rote learning, 10 yr olds, 8689
Adventure Etc. health promotion program, self esteem & locus of control & family dynamics, chronically ill & disabled adolescents, 25544
age & cross cultural differences, self concept & self esteem & attitudes toward bodily physical attractiveness & effectiveness, 7th graders vs college students, Japan vs US, 916
age & sex & success & failure & monetary payoff & self esteem & locus of control, level of aspiration, American Indian vs White 12–18 yr old students, 8847
amount of contact with newborns, self esteem & subsequent caretaking responsibilities, fathers, 14311
anxiety & confidence level before vs after first clinical practicum, White female graduate students with speech-language pathology major, 20630
assertiveness training, assertive behaviors & self esteem, male vs female 16–18 yr old high school students, 28645
assertiveness training vs attention control, depression & self esteem & assertiveness & attributional style, depressed housewives, 6-wk & 6-mo followups, 27894
attitudes toward development of self confidence & possessive individualism in school, students aged 11 yrs & older & teachers & parents, 31245
attribute type & relevance & individual differences in self esteem & depression, distortions in consensus estimates, college students, 14455
attributional style & self esteem & academic achievement, Black high school & college students, 10403
authoritarian dominance & self esteem & manifest anxiety, Australia, 3762
biblical views of self love & self worth, 6190
cognitive-affective reactions vs behavioral reactions, improvement of self esteem, college students, 3015
college organizational characteristics & student factors, affective development assessed by educational aspirations & academic/intellectual self confidence, college students, 25847
community-based parent-involved cultural enrichment program, cultural identity & self esteem, Japanese-American 4–12 yr olds, 25448
competence vs physical risk vs sensation perception, confidence in movement situations, college students, 200
concern for appropriateness & self esteem & social behaviors & attribution of causes of drug usage, college students, 14446
confidence in judgment & presence vs absence of clue information, successful recognition of implications of target Ss' word associations, college students, 24510

subordinate age, self vs supervisory performance ratings & causal attributions, 21–29 vs 30–39 vs 40–61 yr old registered nurses, 5061
taxonomy of transferable occupational skills for self assessment, 18712
teacher vs self evaluation & task difficulty, motivation to return to initial task, 6th graders, 10412
theoretical issues & instructional implications of self questioning, improvement of prose processing, students, literature review, 18512
validity & reliability of self assessment questionnaire for patient educators, 1st–3rd-yr family practice medical residents, 13456
value of Brief Psychiatric Scale & AMDP Scale & L. Sullwold's self rating scale, assessment of schizophrenia, chronic schizophrenic 23–59 yr olds, 9331

Self Help Techniques [See Also Self Management]
attitudes toward alcoholism & self help groups & type of alcoholism & intention to participate, prediction of participation in self help group, discharged alcoholic patients, 10169
brief group cognitive-behavioral stress management vs psychotherapy vs self help approach, genital herpes patients, 27703
clinical consequences of self psychology theory, 38 yr old mother with self anxiety & female social worker having problems in relationships with men, 1752
clinical stages in addictive & de-addictive process, drug addicts in inpatient clinic vs self help community, 25577
coping skills training & locus of control, immunization against learned helplessness & attributions of performance, college students, 20330
counseling service developed handouts on careers & relationships & sexuality as self help resource, college students & staff, 25900
delabeling & relabeling in Gamblers Anonymous vs Alcoholics Anonymous programs, recovery rate, participant O & members of Gamblers Anonymous & Alcoholics Anonymous, 22463

effectiveness of Parents Anonymous self help group, parents who abuse their children, 17985
evolution & functioning of dream analysis group, promotion of personal growth, college students, 7128
grief process as social construct & as timetable vs guide, 50–75 yr old widows & professionals, 27877
home computers, family empowerment & impact on mental health profession, mental health professionals, 11636
hospital-sponsored transitional chemical dependency self help groups, 31009
impact of participation in self help groups, adolescents with scoliosis & their families & adults with scoliosis, 7112
information processing system & associated cognitive controls & strategies for academic achievement improvement, children with learning disabilities, 15843
interpersonal & organizational & institutional roles of parents & role of health care professionals, self help groups, parents of children with cancer, 15074
knowledge of & interest in self help groups, 22–59 yr old social workers, 10191
leadership & organization of self help groups for parents of children with cancer, parents/members & social workers & nurses & doctors & others in related helping professions, 15339
letting go of guilt in natural high therapy, 25213
microcomputer, professional practice of systems psychotherapy & self help software, 12447
outline of W. R. Miller's work on problem drinkers & controlled drinking & development of self help book, literature review, 1978–83, 7147
participation in self help group, parents of children with cancer, 4372
psychological skills & self help techniques in adult education, 25763
psychosocial consequences of abortion, females, implications for post-abortion support groups, literature review, 15244
rational self counseling in short term culture free cognitive therapy, prevention & treatment of alcoholism, implications for Blacks, 28238
role of Parents Anonymous, assisting acceptance of community services, abusive parents, 30856
self coping cognitive treatment, test anxiety, college students, 15892
self determination & authenticity & hope & solidarity, self help group processes & identification resonance, 4402
self help concept, relationships, teachers & their students & parents, 12922
self-help group, elderly nursing home residents with symptoms of depression, 4373
self help group, 26–58 yr old daughters of alcoholic parents, 28227
self help groups, mental health, under 40 to over 60 yr old widows & widowers, 30675
self help manual based on behavioral principles, reduction in alcohol drinking, 18–74 yr old drinkers responding to advertisement for free help, 6-mo followup, 20552
self help skills education, abusive drinking, college students, 12771
self psychology, borderline neurocognitively impaired children, 9739
Senior Actualization & Growth Explorations groups led by professionals vs peers, goal attainment & physical & mental health, 60–83 yr olds, implications for development of self help groups, 9808
short term conjoint group therapy, marital relations, pathological gamblers & their wives who are members of Gamblers Anonymous & Gam-Anon, 22471
strategies used & variables, success in stop-smoking contest, community participants, 12769
symptom shaping & transformation & denial & suppression as self-healing techniques, schizophrenia, 6924
teaching of cognitive-behavioral skills & strategies as educational approach to counseling, 7385
The Compassionate Friends self-help group, adjustment & bereavement after child's death, parents, 4613
time & membership in self help support group, coping behaviors & distress, patients with genital herpes, 25425
use of self help groups as treatment resource, social workers, 15337
Self Image [See Self Concept]
Self Inflicted Wounds
behavior modification, self injurious & aggressive biting, severely mentally retarded blind 16 yr old female, 20-mo followup, 22477
behavior modification using differential reinforcement, self injury, severely retarded 17 yr old male, 22503
clinical & behavioral syndromes, self inflicted injury, children & adolescents, diagnostic implications, 14561
contingent response interruption procedure, self inflicted eye gouging, 6 yr old profoundly retarded male with severe congenital hearing & vision impairment, 9-mo followup, 4451
demography of suicide & self injury cases, risk management & litigation issues, male vs female 15–54 yr old patients, 24389
differential diagnosis & systematic psychiatric evaluation, 20 & 35 yr old females & 40 yr old male suspected of self injury, 30275
mild punishment & overcorrection & reinforcement of alternative behavior, reduction of self-injurious behavior, 12 yr old autistic severely retarded male, 11-mo followup, 25251
movement suppression time out, suppression of self injurious & dangerous & inappropriate poking behavior, psychotic & moderately & severely retarded 9–21 yr olds, 15112
multifaceted behavioral program, self injurious behavior, 6 yr old autistic female, 9835
perspectives on self injurious behavior, mentally retarded clients, implications for therapy, 12132
prevalence of self injurious behavior, institutionalized mentally retarded patients, 17508
rates of psychotropic medication & mechanical restraint, self injurious patients, 18113
self injurious behavior, avoidance vs self stimulation vs environmental controlling consequences at state hospital, 20–63 yr old severely & profoundly retarded patients & their residential staff, 10124
sensory extinction procedures via differential reinforcement, self injurious behavior, 23 yr old profoundly retarded & nonverbal & ambulatory male, replication of J. K. Luiselli's study, 12526
visual & facial screening, suppression of self injurious finger-sucking, 18 & 19 yr old profoundly retarded males, 18026
Self Instruction [See Individualized Instruction]
Self Instructional Training
cognitive behavior modification, private speech & problem solving task performance, learning disabled vs normally achieving 7–8.9 yr olds, 18007
general vs task specific self vs didactic instruction vs practice training, error detection ability & comprehension monitoring during reading, 4th graders, 10361
grouping according to physiological & cognitive reactions to social interaction test, responses to relaxation therapy vs self instructional training, 20–60 yr olds with social phobia, 20354
high vs low social reinforcement verbal self instructional training, social & academic behaviors, 2nd–5th graders, implications for effects of rapport on treatment outcome, 18471
self control self instructional training program, 9–10 yr old males with attention deficit disorder & hyperactivity treated by mothers as adjunct therapist, 18005
self instruction, learning subtraction, educable mentally retarded 11.1–13.6 yr olds with arithmetic deficits, 25878
self instruction training, mathematics & reading & language arts homework completion rates, 8.9–9.9 yr old special education students, 23059
self instruction with self talk & generalization training, academic achievement & cognitive ability, learning disabled & emotionally disturbed & behavior disordered students, 23094
self instructional training in special education class, targeted problem behaviors, 14 yr old male with schizophrenia, 10478
strategies for reassignment of homework to employ self statements for pain control, compliance, female college students, implications for counseling, 20311
strategy vs self instructional training, distractible behaviors during performance of mathematics task, 9.7–15.5 yr old students with conduct disorders, 2503
training in paying attention vs self instruction with modeling, modification of cognitive impulsivity, 9 yr olds, Mexico, 30697
use of self instructional package to teach job tasks, 28 & 38 yr old mentally retarded employees, 10143

verbal self instruction training, generalization of problem solving behavior, mentally retarded & hyperactive & learning disabled individuals, 22490
verbal self instruction training vs modeling & imitation learning, acquisition & maintenance of independent living skills & generalization learning, institutionalized trainable mentally retarded 17.2–60.4 yr olds, 2141
Self Management [See Also Self Instructional Training]
application of 5-stage model of self regulation to sport psychology, 20834
assessment of process of self cure, ex-smokers who quit on own vs current smokers who failed, 25586
behavioral self modification course, improvement in target behavior, college students, 15703
behavioral self regulation based on negative feedback control system, blood sugar control, patients with diabetes, 15117
cognitive behavioral skills training, depression & social integration & self management & child abuse, 17 yr old depressed maltreating mother, case report, 27881
contingency reinforcement in development of generalized verbal control, self regulation, 4 yr olds with deficits in social or academic behaviors, 23063
external & self control cue strategies, maintenance of vocational skills, mentally retarded employees, 10144
goal-setting & self regulatory skills in resource room setting, learning disabled 7th–8th graders, 20788
home-based self administered vs clinic-based therapist-administered relaxation &/vs biofeedback therapy, 18–65 yr old tension vs vascular headache patients, 15081
hypnotherapy in behavioral self management training, weight management & food intake control, 35 yr old obese female, 25338
multimodal self regulatory & biofeedback methods, 60 yr old male with complex ventricular arrythmia, 22480
phone vs mail prompting interventions, promotion of long term compliance with breast self examination, college faculty & staff members, implications for breast cancer prevention, 25061
proximity vs specificity planning, self regulation, 9838
psychoanalytic integration of conflicts of power & powerlessness theories & deficit theories based on findings of neurobiology & disorders of self- & interactional-regulation, 41 yr old male, 27785
revision of multimodal college-level self help course, 10366
self administered behavioral intervention, asthma & self control & esteem, 7–12 yr olds, 7145
self control technique, freedom from dependency on drugs, 5–13 yr olds with asthma, 9860
self directed in vivo exposure & paradoxical intention vs graduated exposure vs progressive deep muscle relaxation training, agoraphobia, severe & chronic patients, 18016
self efficacy, prediction of relapse following voluntary smoking cessation, adults who had quit smoking 1 yr earlier, 28269
self help smoking cessation programs, employees, literature review, 2693
self instruction vs progressive muscle relaxation, impulsive & inattentive behavior on cognitive tasks, learning disabled children with mean age of 10.4, 30701
self management & aversive strategies, smoking cessation & control, literature review, 25585
self management vs therapist management, weight reduction, females, 7143
self monitoring & correspondence training, independent story writing, 9.2–11.1 yr olds with disruptive classroom behavior, 2401
self regulation, concurrent cognitive processing, college students, 10968
self regulation vs compliance in patient-centered approach to management of medications, 14–54 yr old epileptics, 1915
self speech & regulation in fear provoking situation, 8–12 yr olds, 20363
self vs teacher management of token reinforcement, time on task & out-of-seat behavior, 8–12.3 yr olds in special classrooms at health camp, 23080
smoking behavior & belief about positive & negative consequences & moral attitudes & peer smoking & parental smoking, prediction of self initiated smoking cessation, high school students, 26902
tacit knowledge, competence in managing self & others & career, college faculty business & bank managers vs students, 947
teacher vs self administered reinforcers, sustained attention, male 8–11 yr olds with learning disabilities & attention deficit disorder, 4928
theory of planned behavior, prediction of success in attempted weight reduction, female college students, 3768
training in self verbalization of word lists from aggressive vs helpful vs neutral condition, perception of nonverbal social stimuli, male aggressive vs nonaggressive 4th–5th graders, 20340
training program for quieting skills & practice methods for extending consciousness associated with therapeutic intervention strategies, counselors, 12814
typology of behaviors & self management, 9–13 yr olds with asthma, 22304
university based occupational therapy program, therapist training & daily life management skills, chronic schizophrenic patients & occupational therapy students, 12748
Self Monitoring
accuracy in self monitoring positive vs negative classroom behavior, 3rd graders, implications for self control of impulsiveness, 4902
application of 5-stage model of self regulation to sport psychology, 20834
behavior therapy, weight loss & lifestyle, obese 29 yr old male, 6-mo followup, 22511
behavioral coaching techniques including self monitoring checklist & coach feedback, freestyle figure skating practice, 14–16 yr old female prenovice figure skaters, 28434
blood pressure predictions & emotions & symptoms & actual blood pressure, 21–61 yr old insurance company employees, 20439
classroom management using peer- & self-monitoring, disruption & nonparticipation during transition activities, 5–7 yr old special education students, 20772
cognitive group therapy, behavior change through monitoring complaints, clients with psychophysiological disorders, 12470
cognitive-mediational vs operant recording response vs multiple cueing stimuli models of reactivity in self monitoring, college students, 15105
concern for appropriateness & self esteem & social behaviors & attribution of causes of drug usage, college students, 14446
conservation information &/vs feedback &/vs self monitoring, natural gas consumption, community residents, 10660
dissociation & self awareness in directed daydreaming, 19–48 yr olds, 30676
objective self awareness behavior modification technique, classroom disturbances, elementary school students, 4858
positive vs neutral self monitoring with vs without videotaped feedback, performance & attitudes, unskilled golfers, 20355
problem solving process & self monitoring in biofeedback learning, 18–32 yr old males, 19360
self control treatment of self charting with paradoxical instructions, examples of 6 & 8 yr old White males with encopresis, 1890
self monitoring & correspondence training, independent story writing, 9.2–11.1 yr olds with disruptive classroom behavior, 2401
self monitoring & public posting & awareness of external evaluation, room cleaning behavior & accuracy of self reports, behavior disordered 12–14 yr olds in residential treatment, 20531
self monitoring &/vs peer assisted self control training &/vs alcohol education, quantity & frequency of drinking & peak blood alcohol levels, 14–20 yr old American Indian high school students at high risk for problem drinking, 13126
self monitoring, activity level & mood & psychological functioning, 60–93 yr old nursing home residents, 27925
self monitoring in clinical & natural environments, generalization of correct articulation of consonants in spontaneous speech, 6–10.8 yr olds with speech disorders, 18135
self monitoring of subgoals vs time on study vs distal goal & motivation level, academic performance, college students, 15757
self observation & expectation, placebo effect on state-trait anxiety, 21–23 yr olds, conference presentation, 14031

self observation, disruptive classroom behavior, behavior disordered & hyperactive 10–13 yr old males, 23076
self observed competence, task interest, male female 40–60 mo olds, 26795
self recording, on-task behavior, behavior disordered 10.2–12.3 yr old special education students, 2528
self recording procedure, attending to task & academic productivity, 15 & 17 yr old male students with moderate mental retardation & schizophrenia, 10491
short term reactivity in self monitoring of target behaviors, clients with agoraphobia, 1900
situation-specific coping list, assessment of coping patterns prone to migraine development, 20–58 yr old migraine patients, 1642
teaching of cognitive-behavioral skills & strategies as educational approach to counseling, 7385
training in monitoring utility of cognitive strategies vs strategy affect, maintenance of effective strategy, 2nd graders, 15653
validity of subjective experiences of exertion & speed feedback as compared to bicycle ergometer, monitoring & control of intensity of individual running speed, 18–24 yr olds, 10897
verbal self-regulatory processes & feedback, concept formation, college students, 29100
videotaped performance feedback of self observational learning of motor tasks, primary-grade children, 19588

Self Monitoring (Personality)

advertising appeals to product's image vs claims about product's quality, evaluative & behavioral reactions, college students with high vs low self monitoring personalities, 5158
assessment & validity of self monitoring construct, 26250
authoritarian principals & atmosphere of hostility & tension, self monitoring behavior, male vs female secondary school teachers in large vs small public vs private schools, Lebanon, conference presentation, 10304
cultural similarity & type of relationship & self monitoring, uncertainty reduction strategies in interpersonal interaction, college students, 17205
development of social psychopathy scale & self monitoring & anxiety, male vs female American college students, US & West Germany, 13462
factor structure of self consciousness & self monitoring & embarrassibility scales & total score & subscale correlations, 18–57 yr old college students, 6385
individual differences in level of planning & monitoring in interpersonal interactions between pairs of friends vs strangers, male-male vs male-female vs female-female dyads, 11737
individual needs & personality correlates, self monitoring, college students, 30006
rape & cultural myths & cognitive styles & self monitoring levels, marital therapy, rape victims & their husbands, 12437
reciprocity & self monitoring, self disclosure with new acquaintance, college students, 24482
scores on self monitoring scale vs Self Consciousness Scale's public vs private self consciousness vs social anxiety subscales, college students, 13468
self esteem & other personality traits, self monitoring, female vs male 16–18 yr olds, 11501
self focused attention & depression & self evaluation & mood & stressful life events, college students, 30046
self monitoring & social self esteem & machiavellianism & social assertion/aggression & sex role attitudes, development of humor, college students vs females over 60 yrs old, 21954
self monitoring, job tenure & performance & role perceptions, insurance agents & retail sales associates, replication of experiment by D. F. Caldwell & C. A. O'Reilly, 31504
self monitoring propensities & orientations toward sexual relationships, male vs female college students, 27211
validity of Lennox-Wolfe Self-Monitoring Scale, prediction of shrewd & pragmatic behavior style & relationship to shyness & sociability, freshmen college students, 10807

Self Mutilation

baclofen, self injurious behavior, 20 yr old mentally retarded male diagnosed as psychotic, 4528
behavior modification techniques, self mutilation, 4421
characteristics of patients who gouge out their eyes, 26 yr old male & 33 yr old female psychotic inpatients, 3834
life history & depression, self mutilation & attempted suicide, 46 yr old female, 3981
object relations & defense mechanism theories, etiology of self mutilating & self destructive behavior, 4039
psychoanalytic interpretation of motives behind blinding oneself in myths of Odysseus & Oedipus & Grimm brothers fairy tale, 26772
psychodynamics of self destructive vs subtle types of self mutilation, 4010
psychopathological aspects, self mutilation, psychotic children & adults, 6595
self mutilation, army personnel, France, 3963
self mutilation in clinic & psychiatric hospital environments, adult psychiatric patients, 4643
treatment combining clonidine & endorphin antagonist naltrexone, self mutilation, 27992

Self Observation [See Self Monitoring]

Self Perception

ability to express selected emotions through facial expression & self vs social perception of realism of expression, female college students classified as being low vs highly socially skilled, 24507
academic competence belief level, frequency of negative thought content vs subjective meaning attached to thoughts & anagram & mathematics test performance, female college students, 20716
adjective self descriptions, males & females with antisocial personality disorder, 27452
Adlerian approach to relationship of depression & locus of control & acceptance of self & others & perfectionism, college students, 27351
affect, self-relevant thoughts in depression, college students, 3758
age, stability of personality self ratings, 17–25 vs 43–53 yr olds, 30 yr longitudinal study, 21761
aptitude & achievement status, self perception of competence & locus of control & school related anxiety, average vs gifted 4th–6th graders, 23027
assessment of self knowledge & self evaluation, college students, implications for structure of self awareness, 6410
attachment behavior, perceptions & development of self control & competence, infants, implications for lifespan theory, 11491
attitudes toward self & toward normal & similarly disabled groups, patients with emotional disturbance vs multiple handicaps vs stroke vs paraplegia vs polio vs amputation, implications for use of social support groups, Nigeria, 11882
autonomic activity & its perception, individual differences in experience & expression of emotion, 5732
autonomous vs social individuality orientations to self, White male vs female 19–72 yr olds, 14503
awareness of dreaming, hypnotic susceptibility, college students, 14491
behavior reduction based on self perception theory vs behavior modification, reduction of junk food consumption, college students, 4429
behavioral & cognitive aspects of decision control, male vs female 4 vs 9 vs 14 yr olds, implications for socialization of powerlessness in females, 16888
behavioral analysis of spirituality & self awareness, 5189
benefits of social science through assimilation to own interests, Ss' enhancement as methodological criterion in psychological research, 2832
body perception, females with anorexia nervosa vs occupational therapy students, implications for occupational therapy activities, 15432
boundary properties of self & other representations in role portrayals, paranoid vs intermediate vs nonparanoid schizophrenic inpatients, 11944
capacity to detect proprioceptive-visual relations uniting self motion with visual display of that motion, 3 vs 5 mo olds, 8693
causal attributions for own vs another's cognitive & physical & social performance, young adult vs aged Ss, 26912
causal attributions in personal problem solving efforts, college students self appraised as effective vs ineffective problem solvers, 19835
centralization of facilities, perception of self & organization & subgroups in small & large social contexts, staff & patients with chronic schizophrenia in residential treatment center, 2089

classroom experience assessed by academic & conduct & personal interactions with teachers & peers, self perceptions of ability & conduct & effort, 2nd & 6th graders, 15805
classroom illustrative storytelling, assimilation of goals of understanding misbehavior & psychological self understanding, students, 18508
clinical value of self awareness seminar, psychotherapy students & psychotherapists, 28312
cognitive & motivational factors in attribution of personality traits to self, college students, 11809
cognitive behavioral therapy vs relapse prevention treatment, maintenance of reduced levels of self criticism, 22–59 yr old females, 9814
cognitive categorical systems, interpersonal & self evaluation, workers with transitional or high blood pressure, 4153
concepts of reflectivity as formulated by J. Lacan & R. Decartes & Freud, 18841
consciousness in evolution as environmental adaptation & development of self through symbols & role taking, 19664
control judgments, Type A vs Type B college students, 14527
cultural expectations expressed in institutional & interpersonal aspects of society, identity & motivation for social acts, 19826
definition of reflectivity & importance to psychology, 19177
definitions of self & other & larger social world, situated interaction, 19824
degree of familiarity with target person & positivity vs negativity of behaviors & public vs private nature of rating context, attribution of behaviors to situational influence, college students, 11780
desensitization exercises, teaching of behavioral self awareness with empirically identified target behaviors, elementary school students, 31211
desirability & controllability of personality traits, perception of degree to which traits characterized self vs average college student, college students, 11747
development of coding system to operationalize Gestalt therapy formulation of experiential organization, couples, 23451
development of instrument for measurement of perceptions of stressors in children's lives & experiences with & emotional reactions to these stressors, 3rd–6th graders vs professionals, 26201
differential perceptions of condition, 18–59 yr old patients with psychosomatic respiratory or gastrointestinal disorders vs physicians & nurse practitioners, 12214
distribution of like-self vs unlike-self judgments & self-other constructs & personal constructs development, 8–18 yr old anglophones & francophones, Canada, 29662
drawings of self & others in hospital art program, psychiatric patients, 6919
educational degree level, perceived knowledge & clinical functions, social workers in rural community mental health centers, 18377
ego development & variability of self experience, 20–50 yr olds, 8884
evaluative tendencies in judgments of contingency & attributions of causality & expectancy estimates & self schemata/self reference, nondepressed vs mildly vs severely depressed individuals, literature review, 3920
experimental manipulation of impression management self consciousness as measured by Self Consciousness Scales, male vs female 18–37 yr olds, 14458
factor structure of self consciousness & self monitoring & embarrassibility scales & total score & subscale correlations, 18–57 yr old college students, 6385
factors & influences involved in development of & perception of relationship with maternal & paternal grandparents, college students, 21839
failure vs success, persistent high vs low self focus, depressed vs nondepressed college students, 21973
family authority structure, self consciousness in early adolescence, 4th & 5th vs 7th & 8th graders, implications for education, 8920
feedback & debriefing, self perception & impression perseverance, college students, replication of study by L. Ross et al, 6360
feelings regarding parental role, inpatient schizophrenic Hispanic & alcoholic & suicidal & hallucinating & impulsive fathers in family treatment program, 9196
group gender composition & sex role attitudes, self perceptions & social behavior, male vs female androgynous vs sex role stereotyped college students, 9063
group therapy, self image & esteem & perceptions, implications for therapist role, 30634
happy vs sad moods induced by hypnotized recall of romantic success or failure, efficacy judgments, college students, implications for self efficacy theory, 9149
helping request salience & self focus & felt responsibility, willingness to help others, college students, 14470
high ability as assessed by college entrance exams & strong academic background, differential performance & perception of performance in introductory chemistry & mathematics courses, male vs female college students, 31223
high vs low empathy & affective perspective taking, machiavellianism & perceptions of prosocial motivation, male vs female 4th–5th graders, 19649
home environment variables & perceptions of self & parents & external authority, 6th & 8th & 10th & 12th graders, 24162
humorous vs disgusting cartoons or nonsense vs female-related topics, attitudes &/vs self observation & focal expressions &/vs identification of cartoon, 15–41 yr old males vs females, 23615
ideal & present self & social alienation & personal constructs as measured by repertory grid, females with anorexia nervosa, conference presentation, 24950
identification themes & motivation underlying drawing of image of self, male vs female 9–12 yr olds from rural vs urban environments, 3499
individual differences & sex roles & locus of control, cosmetics use, female college students, 24503
individual differences in visual self recognition & attachment relations, mothers & their infants at 18 & 24 mo of age, 8861
instruction in nonverbal communication & group integration & spatial-temporal orientation & relaxation, self perception expressed in drawings, 23–61 yr old teachers & social workers, 7129
interaction in group decision making task & subsequent random assignment of supervisor vs worker vs O label, self & social perception of initial interaction, male college students, 21945
internal vs external locus of control, susceptibility to expectancy information about self vs student's probable competence, female college students acting as teachers, 2308
internally controlling styles & self consciousness & self awareness & ego involvement, intrinsic motivation, male vs female college students, 24564
interpersonal vs intergroup behaviors & perceptions, Prisoner's Dilemma game, cooperative vs noncooperative female college students, 17220
interpretation of Draw-A-Person test & ethnic identity, 7–9 yr olds, Nigeria, 19686
interview & role reversal psychotherapeutic techniques, self perception & body image, overweight nonpsychotic psychiatric patients, 20317
knowledge of self, empathetic disposition, occupational therapy students, 10181
LSD, facilitation of attitudinal change & social insight & potential for use in international peace negotiations, 14019
magnitude & accessibility of different types of self discrepancies, type of emotional change experienced, college students, 27183
masculinity & self esteem & self acceptance, 19–65 yr old female professionals vs clients vs college students vs victims of domestic violence, 21982
meanings transmitted by clothing, perception & thinking, viewer & wearer, 27165
menstrual phase & self consciousness, social perception & mood, 21–50 yr old nursing students, 5736
mother vs child perception of child's anxiety level, 9–14 yr olds with diabetes, implications for coping behavior, 17622
nutritional status, self perceived chewing ability & dental status & social isolation, 76–93 yr old military veterans seeking outpatient treatment, 9976
objective assessment of body frame size vs subjective estimation of ideal weight from height & weight tables, adult males vs females, 19848
occupational group & age, perception of self concept, 28–42 yr old females with careers, 17145

operational definitions used in self consciousness research, 1202
optimism & self consciousness & physical symptoms & coping & health, college students, 19862
order effect in administration of Self-Consciousness Scale with other personality measures, college students, implications for S selection for personality research, 8098
own gum color, attitudes toward different colors of normal healthy gingiva, dental students, 2224
pain in initiation rites, transcendence of duality of self vs society & transformation of consciousness from child to adult, adolescents, 17050
paradox of bisexuality & self perceptions & marital & family relations, 30–75 yr old married bisexual men in conventional marriages, 24417
parental & self perception of sadness & types of depressive symptomatology, 1–6 yr olds, 6533
parental perceptions of cognitive & social childrearing task difficulty, child's perception & actual social competence, male vs female 3rd–5th graders, 21664
partner vs relationship effects, self perception of self disclosures, graduate students & training group leaders, validation of social relations model, 19810
pastoral counseling, guilt & self justification, 35 yr old female following out-of-wedlock pregnancy & self induced abortion, 2039
peer appraisal of attractiveness, self appraisal of attractiveness, 4th–8th graders, 6120
perceived ability & effort, shame following failure, college students, 2453
perceived competence & causal attributions for subjective vs objective success vs failure in competitive sport setting, 9–12 yr olds, 11516
perceived competence & levels of moral reasoning & frequency of charitable donation, gifted 4 vs 5 vs 6 vs 7 yr olds, 26943
perceived quality of life, 24–52 yr old severely mobility disabled individuals, 30466
perceived self vs other differences in life events & social context of stress, psychiatric symptoms, 21–60 yr old Anglo vs Mexican Americans vs Mexicans, US vs Mexico, 24737
perceived vulnerability of self vs average person vs college student vs friend to victimization, college students, 19827
perception of fair vs unfair behaviors in self vs in others, college students, 27162
perception of feedback about personality in neutral descriptive terms, evaluation of cognitive distortion, depressed vs nondepressed college students, 20000
perception of own vs other student's control over positive & negative life events, college students, 6427
perception of own vs peers' leadership style, male vs female college students, 1148
perception of self & ideal self, 15–52 yr old drug addicts in residential treatment centers, 2192
perception of self & perceptions of past & present & future, 10–12 yr old males vs females with asthma, 1620
perceptions & ratings of managerial leadership & staff job performance, occupational therapy directors & their nonmanagerial registered occupational therapist staff, 25624
perceptions of intelligence, gifted vs nongifted 12–17 yr olds, 21679
perceptions of personal attributes of self vs normal vs handicapped children, physically handicapped or learning disabled or emotionally disturbed vs nonhandicapped 4th–7th graders, 19881
perceptions of self & time, psychotic patients, 17375
personal construct psychotherapy, self perception, 22–52 yr olds with major depressive disorder, 17878
physical attractiveness & maladjustment, 17–49 yr old female vs male newly admitted psychiatric inpatients, 20503
physical health correlates, attitudes toward young vs old man vs self, 65–85 yr old hospitalized vs nonhospitalized vs outpatient veterans, 24944
physical vs psychological variables, long term self perceptions, male inpatients with spinal cord injuries, support for usefulness of causal analysis, 6745
positivism & capitalism & subjective self consciousness, 6171
predicted vs attained job changes over 1 yr, managers, Great Britain, 20871
presence of observer & response contingent vs noncontingent outcomes, estimate of personal control, depressed vs nondepressed college students, 11787
presence vs absence of audience, self consciousness assessed by performance on video games, 7–35 yr olds, 944
prior self-conceptions, attributions for own behavior & expectations for behavior of others, college students, 19821
private self consciousness & focus on internal aspects of self & life stress, susceptibility to physical illness, college students, 21993
process of self deception, reply to N. Hellman, 9123
projective assessment of self & other perceptions, 5332
psychoanalytic view of development & persistence of self image as defective physically or psychologically, 27226
psychological distance & perception of problem drinkers vs self vs ideal self, doctors vs nurses vs general practitioners vs alcoholic patients, 22179
psychometric properties of revised Self Consciousness Scale, college students, implications for use with other populations, 10834
psychophysical vs computational approach, study of optical transformations resulting in perceived self vs object motion, 13533
psychotherapy, development of self awareness & concept, 14.5 yr old adopted female, 6994
ratings of cause & severity of child's condition & emotional adaptation, degree of behavioral self blame, mothers of infants with perinatal complications, 22335
recall & memory of daily life events, author, 6-yr period, 21192
recall of words with semantic vs self reference encoding question, 2nd graders through adults, 8774
recognition memory of trait adjectives, college students classified as high vs low in private self consciousness, 3752
reflection & reflectivity in concept of activity, 18849
reflectivity & anthropology, comments on article by E. Nordenbo & B. Karpatschof, 18839
reflectivity & theory of knowledge using dissertation of K. Grue-Sorensen, implications for educational theory, 19180
reflectivity as core of human personality & self consciousness, 19852
reflectivity as metatheoretical attribute of anthropology, 18835
reflectivity in psychoanalysis & psychoanalytic theory, 20313
relationship between knowing & knower, Piagetian concept of development of self knowledge, children, 29549
retrospective self awareness & accuracy-confidence correlation, eyewitness identification, college students, 3701
role identity salience & voluntary blood donation, adult Ss, 24467
role of rationality & recrimination in regret, implications for theory of R. Sugden & G. Loomes, 27214
role of special education teacher, development of self understanding & self awareness & self esteem, learning disabled students, 13119
role taking & self awareness, acquisition of norms governing altruistic behavior, 1st–3rd graders, 6123
Rorschach measures of aggression & object relations & reality testing & self-object differentiation & splitting, male college students vs borderline vs transsexual adults, 9394
school level & enrollment & yrs of service & degree attained & sex & race, perceptions of preparation for & difficulty of work roles, school principals, 18446
scores on self monitoring scale vs Self Consciousness Scale's public vs private self consciousness vs social anxiety subscales, college students, 13468
self & peer perceptions, mentally retarded 9.3–19.9 yr olds with IQs of 50–74, 20077
self assessment level & academic performance, secondary school students, 4888
self awareness exercises & activities, control of impulsive behavior & use of problem solving, learning disabled students, 13080
self consciousness & autonomic perception, psychosomatic disorders, male vs female college students, 20225
self consciousness & social anxiety, belief in paranormal, college students, UK, 14485
self consciousness, concordance between self report vs clinical ratings of depression & anxiety, 19–61 yr old psychiatric inpatients, 24626
self deception as positive feedback mechanism, 19868
self focused attention & self esteem, self reported state depression, college students, 24539
self identity model of masochism, 24813

self knowledge of personality & consistency of occupational perceptions, female college students, 31410
self labeling & self esteem, educable mentally retarded in mainstream vs special education class, 23053
self observation in different states of mind & mood, 19181
self perceived physique & body build determined through anthropometry, 10–18 yr old males vs females, Nigeria, 19695
self perception & reflection on aging by J. Wesley, 16876
self perception of competence, 5th graders, Taiwan vs US, 6156
self perception of comprehension of literal vs nonliteral utterance in story, 7 vs 10 yr olds vs college students, 21676
self perception of emotions or personality & physical weakness & social relationships, 18–60 yr old patients with respiratory or gastrointestinal psychosomatic disorders, 4141
self perception of victimization, impact & fear of crime, victims, 14361
self perception, perception of others, literature review, 3712
self perception, 1st- vs 2nd-generation entrepreneurs, 20875
self perceptions of competence & performance expectations for mathematics vs spelling & attributions for success & failure, male vs female 5th & 6th graders, 2476
self psychology principles in long term group therapy, male 46 & 32 yr old hospitalized schizophrenic patients, 25186
self rating of adequacy & life satisfaction & perceptions of parents by normal offspring, parents of handicapped children & their normal college student children & college students with vs without handicapped sibling, 1673
self reference vs role play of self enhancing vs depreciating behaviors under high- vs low-choice conditions, self esteem, depressed vs nondepressed college students, 17261
self reported loneliness & maladaptive negative views of self & social world & depression, college students, 20002
self schema & listening to stories with Black vs White vs animal characters, recall, Black 6–7 yr olds, 21733
self vs others' perceptions of failure due to lack of ability vs effort, shy vs nonshy college students, 21940
self vs others' performance ratings in social interaction task, depressed vs nondepressed female college students, test of cognitive vs behavioral hypotheses, 17348
self vs public attention to food intake, eating, female college student dieters vs nondieters, 24565
self vs social perception of occupational status, commissioned Army nurses & physicians, 18719
semantic differential assessment of self perception vs personal ideal of beauty, 16–26 yr olds undergoing surgical correction of maxillo-facial deformities, 9993
sex differences, contributions of resources & self perception of power in dating relationship, college student couples, 6349
sex role orientation, ratings of perceived exertion, female college students, 17165
social & self perceptions, 12–18 yr old institutionalized delinquents vs noninstitutionalized high school students, implications for labeling, 1440
social anxiety & anticipation of future interaction, favorability of self presentation, college students high vs low in social anxiety, 6329
social cognition & self perception & self efficacy & outcome expectancies of aggressive behavior, male vs female 4–7 yr olds, 26931
social norms assessed by projective techniques, 60–74 yr olds, 16895
social perception & performance & self perception, male psychiatric vs nonpsychiatric patients, 14594
stability & change in self perception & achievement, Black 8th graders surveyed initially in 5th grade, 8849
stimulation of central visual field with radically expanding dot program, perceived self motion, college students, 5400
teacher expectancy, self concept & perception in social interaction process, middle school students, 13050
test standards of German adaptation of Self-Consciousness Scale by W. Heinemann, 17–42 yr olds, 5318
theology & psychology, transformation of anxiety into inner peace, illustrative case report, 17891
theoretical models for research on self perception of exertion during exercise, 27203
theory of self knowledge & method of measurement using Unforgettable Experience Recall, 6–70 yr olds, implications for education & counseling, 786
theory of self labeling processes resulting from concept of emotional deviance, voluntary treatment seeking, mental health clients, 25446
trait self consciousness & public & private self awareness, recall of people's names & characteristics in introduction situation, female college students, 6337
viewing of effective vs useless film instruction leading to respective success vs failure, drawing of inferences about personal capacities, high school students, 20745
vulnerability to depression, self-referent information processing & recall of depressed vs nondepressed content in personal adjectives, college students, 3746
world view & information, development of self awareness & differentiation of self from others, neonates & infants, 17012

Self Realization [See Self Actualization]

Self Reinforcement
acetaldehyde as positive reinforcer & mediator of psychopharmacological action of ethanol, rats & humans, conference presentation, 16545
body weight & food delivery schedule, self administration of phentermine, male rats, 16749
chronic methadone treatment of females throughout gestation & lactation, self administration of morphine, 85–90 day old rat offspring, 16658
cognitive-mediational vs operant recording response vs multiple cueing stimuli models of reactivity in self monitoring, college students, 15105
conditional environmental stimuli, morphine consumption after self administration training followed by period of abstinence, male rats, 26681
diazepam, maintenance of response to FR self administration of iv cocaine vs pentobarbital, monkeys, implications for study of drug dependency potential, 16558
electrical stimulation & quipazine & tryptamine, self stimulation of median raphe nucleus & lateral hypothalamus, rats, 29348
external vs internal task motivation orientation & self regulated vs externally imposed reinforcement, job performance, mildly mentally retarded adults, 4064
icv methyl naloxonium chloride injection into ventral tegmental area vs nucleus accumbens, opiate receptor role in iv heroin self administration, male rats, 16820
icv methylnaloxonium chloride, heroin self administration, male rats, 21613
lesions of central medial nucleus accumbens with 6-hydroxydopamine, morphine self administration & dose-effect relationship, male rats, 26620
lesions of nucleus accumbens septum induced by 6-hydroxydopamine, acquisition of heroin self injection, low body weight rats, 16538
naloxone & buprenorphine, schedule-induced self injection of acetaldehyde & responding or spontaneous activity, male rats, 26713
oral morphine vs clonidine self administration, morphine dependent vs abstinent rats, 5848
pentobarbital self administration, iv ethanol self administration & subsequent effectiveness of pentobarbital in maintenance of leverpressing for ethanol delivery, male rats, 26644
procedure for development & maintenance of ethanol self administration without food deprivation, rats, 21518
procedure for induction of oral self administered ethanol intoxication, free feeding male rats, conference presentation, 16641
prolactin, heroin self administration & development of morphine tolerance & morphine-induced analgesia, homografted vs sham-operated male rats, 16614
public goal setting, self reinforcement of study behavior, 20–60 yr old students, 7634
radical vs methodological behaviorism, private responses & stimulation & consequences, 2781
response rates in concurrent heroin self administration & lateral hypothalamic brain stimulation, male rats, 26669
role of endorphins in mediation of reward or aversion & motivation for self administration, animals, literature review, conference presentation, 26526

self administered vs external reward for playing with designated toy vs free play, playing time & rated interest, 5th & 6th graders, 19677
self vs external reinforcement, differences in performance of arithmetic task, male vs female 8 & 11 yr old parochial school students, 8909
stringent & nonstringent instructions & criterion setting & presence of tangible rewards, self reinforcement following arithmetic task, 3rd & 4th graders, 15782
2nd order reinforcement schedule, FR self administration of phencyclidine, monkeys, 16582
Self Report
accuracy of self-report of household energy conservation, adults in home energy survey, 8009
application of mental imagery self reports within operationistic framework of cognitive psychology, 19120
availability of information about task performance, ability attributes of task performance, male college students, 11743
awareness of objective measure & completion of performance test, self rating in retrospective pretest-posttest design & response shift phenomenon, college students, 20977
biases in actual vs recalled earlier self reports of tobacco vs alcohol vs marihuana use, high school students, 11481
biological monitoring, self report of cigarette smoking, 8th & 9th graders, 8663
clonidine vs methadone detoxification & O rating vs self rating of distress, determination of withdrawal response, opiate addicts, 22789
completion of Child's Report form, participation in assessment by special team of need for extended residential care, 10–17 yr olds, 18188
concern for appropriateness scale as moderator of dispositional & environmental variables associated with self reported use of alcohol & marihuana, college students, 2931
construct validity & statistical correlation, semantically negative- & positive-valence items on verbal self report measures of latent traits, 8th–9th graders, 10779
construction of self report performance measure, 21–60 yr old male commercial pilots, 23480
construction of self report questionnaire to identify social problems, surgical & medical patients & psychiatric outpatients & social work clients, 18937
construction of short form of Self Report Inventory for Depression, 156
correlations among self report anxiety & depression scales, male vs female college students, 8062
correspondence between child report & parent report of child's depression, 8–17 yr olds referred for psychiatric evaluation of depression, 11979
demographic factors, observed vs parents' reported safety belt use, parents & their children, Canada, 5031
depression levels measured by Depression Adjective Check Lists & Self-Rating Scale for Depression & Beck Depression Inventory, community-based mildly mentally retarded adults, 4071
development & validation of Children's Self-Report Psychiatric Rating Scale, clinical & normal 6–13 yr olds, 16122
development of brief self report measure of Type A behavior pattern, 20–71 yr old patients referred for coronary angiogram, 18925
development of self report questionnaire, measurement of distress & assertive behavior in interpersonal relations, phobic outpatients, 28928
development of self report questionnaire, measurement of ego strength, 6th graders, 8050
differences in estimation of symptoms in rating scale for depression, physicians vs depressed inpatients, 22047
duration of alcoholism, self report of cognitive errors, 23–62 yr old detoxified alcoholic male outpatients, 24751
emotive-abstract vs sensory modality vs control imagery as functionally distinct abilities & relationship to in-therapy imagery, test anxious college students, 22510
evaluation of self report data on drinking & driving in Students Against Driving Drunk program, high school students, 28456
facial expressions in self report of emotion, comments on study by J. B. Laird, test of facial feedback hypothesis, 21206
factor patterns of self report vs desirability ratings for traits on Bem Sex Role Inventory, female college students, 14390
factor structure & validity of student ratings vs teacher self ratings, evaluation of student progress & teacher effectiveness, high school teachers & students, 25886
first hand account of illness & recovery, schizophrenic patient, commendation of article printed in "American Journal of Psychiatry", 27300
further evidence supporting moratorium on utilization of self report data, alcoholic Ss, reply to S. A. Maisto & T. J. O'Farrell's comment, 24814
health status multidimensional functional assessment using self administered vs interview mode, 60–89 yr olds, 30071
introspectives, psychological & physical symptom reporting, 17–19 yr old college freshmen, 19559
limitations of self report rating scales, diagnosis of depression, 14652
loneliness assessed by UCLA Loneliness Scale vs self labeling measure, male vs female college students, 6376
Marlowe Crowne Social Desirability Scale scores, self report measures of assertion vs scores on dominance scale of California Psychological Inventory, college students, 14516
measured vs self reported body weight, obese clients who completed behavioral weight control program with spouse, 4-yr followup, 9851
need for caution in use of observational methods & proposed use of self report measures as indicators of behavior change, behavior therapy outcome research, 30688
need for caution in use of observational methods & proposed use of self report measures as indicators of behavior change, behavior therapy outcome research, comment on view of N. S. Jacobson, 30700
operant conditioning, control of pain reports, adult psychiatric hospital employees, 15104
problems with observational methods vs self report measures & proposed multimethod assessment strategy as indicator of behavior change, behavior therapy outcome research, comments on view of N. S. Jacobson, 30684
psychodiagnostic interview & self report, differential diagnosis of major depression & dysthymic disorders, psychiatric patients with mean age of 13.1 yrs, 11927
purpose of appraisal & expectation of validation, leniency of self appraisal in self reported classroom participation, college students, 31246
range of response categories in closed-answer format, behavioral reports & judgments regarding TV usage, adults, 26242
reanalyses of self report studies of mood structure, 110
reliability & concurrent validity of self report measures of depression & anxiety & social desirability, college students, 21020
reliability & validity of self report & interview measures, DSM-III Axis II personality disorders, 18978
reliability & validity of self report ego strength questionnaire & correlation with 16PF subtest & school conduct, 16124
reliability & validity of 4 self report alcohol questionnaires, diagnosis of alcohol problems, 5302
reliability of self report measures of alcohol consumption, 18–99 yr olds, 18999
reluctance to admit to homosexual feelings, adolescent males, comment on article by R. Green, 17001
report structure of real & artificial dream episodes, college students, 11042
reported severity of vomiting soon after vs 6 mo after gastric bypass surgery for obesity, 22–59 yr olds, implications for validity of retrospective reports of symptoms, 4592
self deception & impression management, report of psychological vs somatic distress, male vs female college students, 21981
self ranking of personality types in occupational counseling, Region 99 clients, 23167
self ratings vs rating by experts with thoughts presented randomly vs in context, prediction of speech anxiety & performance, college students in rhetoric class, 13371
self report assessment strategies, evaluation of preference for peer involvement vs playing alone or interacting with adults, 4–4.8 yr olds, 11473

self report diaries vs traffic analyzer system recorded data of telephone communications, college students, implications for analysis of organizational communication & behavior, 20966
self report measures, planning & management of educational & habilitation services, mentally retarded Ss, 20543
self report of body weight at age 21 vs indication of being overweight as children or teenagers, classification as early vs maturity onset obese, applicants for behavioral weight control program, 6905
self report of depressive symptoms, low back pain patients with few or no physical causes vs lumbar disc protrusion, 24880
self report of health, aged, 3368
self report vs cognitive task & assessment of self esteem, remitted bipolar vs depressive patients, 1401
self report vs E observation of participant interactions, college employees & fraternity brothers & regular users of community doughnut shop, 21911
self report vs interactional analysis of teacher-student interaction in adult vs preadult classrooms, university & community college & public school adult education teachers, 12905
self report vs interview assessment of life events, depressed inpatients, 22144
self report vs staff rating vs performance testing, assessment of self care ability, residents of old people's homes, 20516
self reported stress factors assessed through cognitive-behavioral perspective, migraine headaches, 19–55 yr old patients, 20246
self reported vs interviewer ratings of individual symptoms of major depressive disorder, psychiatric inpatients vs clinically experienced interviewers, 20005
self reports of marihuana & cigarette smoking vs physiological measures of expired air carbon monoxide & saliva thiocyanate, 7th & 9th–12th graders, 11378
self reports on Center for Epidemiologic Studies Depression Scale vs diagnostic interview results, detection of major depression vs generalized anxiety, mothers of chronically disabled children, 18928
self vs O ratings & heart rate, perceived exertion on bicycle ergometer, 21–49 yr old Os & 20–31 yr old bicyclists, 28661
shock intensity & self report of discomfort & social modeling influence, nonverbal expressive behavior & O's judgments of Ss' distress, college students, 5390
stimulus duration, partial report performance, college students, 16272
teacher vs peer vs slightly older stranger as examiner, self report of drug use, high school students, 3522
test-retest reliability of self reported estimates of alcohol consumption during pregnancy, recovering female alcoholics, 1409
time series analysis of self ratings of mood & upper respiratory infection, female college students, implications for menstrual cycle, 24882
transsexualism vs transvestism & desire for sexual reassignment approval, social desirability response set & self report, homosexual vs heterosexual male patients, 30804
type of illness & medication used & health care environment, agreement between self & provider report, aged & their health care providers, 4529
underlying model of mood & measurement of self reported stress & arousal, response to criticism by P. J. Cruickshank, 8056
utility of observational methods vs self report measures as indicators of change, behavior therapy outcome research, reply to comments by R. L. Weiss & P. Froman & J. M. Gottman, 30687
validity & sensitivity of nonverbal objective measures based on continuous observation vs self report, assessment of labor pain behavior, primiparae giving natural childbirth, 13398
validity of key informants vs health surveys, estimation of health risk behavior, reply to comments by R. E. Overstreet & I. Rootman, 8059
validity of key informants vs health surveys, estimation of health risk behavior, comments on article by E. Deaux & J. W. Callaghan, 8099
validity of nonverbal drawing techniques vs verbal report, description of pain location, 4.5–14 yr olds, 18969
validity of self report data, alcoholics, comment on view of C. G. Watson et al, 24787
validity of structured pediatric psychosocial interview, measurement of affective dimensions, healthy vs hemophilic 6–16 yr old males, 20262
validity to behavioral criteria, free-vs fixed-format self report personality assessment method, male high school students & army officer candidates, 2878
value of Brief Psychiatric Scale & AMDP Scale & L. Sullwold's self rating scale, assessment of schizophrenia, chronic schizophrenic 23–59 yr olds, 9331
within-subject correlation & variance measures, assessment of individual differences in faking on self report measures, 28976
Self Respect [See Self Esteem]
Self Stimulation [See Also Brain Self Stimulation]
acute chlordiazepoxide doses, ethanol self administration under current reinforcement conditions, male rats, 16783
ambient temperatures, frequency of self stimulation & seizures, rats, 5764
behavioral treatment package, pica & self stimulation, profoundly mentally retarded 4 yr old female, 18020
clomipramine & housing stimulation of striatal serotonin receptors, voluntary intake of ethanol, rats, 3284
computer controlled psychophysical measurement of recovery in neural substrates for self stimulation of ventrolateral tegmentum vs lateral hypothalamus, male rats, 23375
delayed reinforcement, lateral hypothalamic self stimulation, male rats, 29360
differential reinforcement of other & incompatible behaviors with vs without mild interruption, novel & self stimulatory behaviors, developmentally disabled 6 yr old, 4-mo followup, 4419
electrical self stimulation of lateral hypothalamus & medial prefrontal cortex, determinant of anodal & cathodal stimulus strength duration curves as measure of substrates of self stimulation, male rats, 21462
electrical stimulation of nucleus tractus solitarius, leverpressing rate for substantia nigra self stimulation & food consumption, food deprived cats, 21424
experimenter vs self administered electrical brain stimulation, learning & memory, literature review, 5698
familiar vs unfamiliar stimulus conditions, self stimulation, 3.7–10.9 yr olds with autism, 19981
food vs water deprivation vs glucoprivation vs intracellular vs extracellular dehydration, lateral hypothalamus self stimulation at eating & drinking sites, rats, 21376
intrathecal self injection of morphine before vs during vs after nociceptive stimulation, rats, 26645
kainic acid infusion into nucleus accumbens, apomorphine & cocaine & heroin self administration, male rats, 29493
lesions of central medial nucleus accumbens with 6-hydroxydopamine, morphine self administration & dose-effect relationship, male rats, 26620
location of medial pontine & mesencephalic sites, brain self stimulation behavior, male rats, 29366
naloxone & buprenorphine, schedule-induced self injection of acetaldehyde & responding or spontaneous activity, male rats, 26713
oxytocin, acquisition & maintenance of iv heroin self administration, heroin naive vs tolerant male rats, 16682
pentobarbital self administration, iv ethanol self administration & subsequent effectiveness of pentobarbital in maintenance of leverpressing for ethanol delivery, male rats, 26644
response effort & stimulation current, self stimulation train duration thresholds, male rats, 5782
role of endorphins in mediation of reward or aversion & motivation for self administration, animals, literature review, conference presentation, 26526
sc oxytocin & behaviorally active oxytocin fragments, attenuation of iv heroin self administration & tolerance, rats, 29442
self administration of hydromorphone vs cocaine & maintenance & tolerance, monkeys, 8616
sensory extinction procedures, nontargeted self stimulatory behaviors, autistic 7.2 & 12.8 yr old males, 25247
vaginal self stimulation perceived as pressure vs pleasure, pain tolerance vs detection thresholds, female 28–56 yr olds, 5399
varied dosages & self administration of ethanol, conditioned place preference, rats, 3271

varying deprivational states, level of iv low dose cocaine self administration, rats, 16748
Selfishness
self interest vs human solidarity as motivation in J. Conrad's "Falk: A Reminiscence", 24062
Semantic Differential
concept-specific semantic differential tests, affective meanings of 1st & 2nd & combined names, college students, West Germany, 19524
consistency of factor structure on semantic differential technique, college students & 18–87 yr olds, 23478
factor analysis by semantic differential method & Imai transformation structure theory, pattern goodness, 16202
factor analysis of attributions of label of feminist, college students, 14452
gender linked language effect vs sex role stereotypes, college students & 33–54 yr old nonstudents, 3711
meaning of mother & father & idealized I concepts assessed by semantic differential, neurotic adults, 22098
modified semantic differential scale, measurement of contradictory components in personality, 16152
reliability & construct validity of semantic differential format of Learning Style Inventory, undergraduate nursing students, 15919
semantic differential scale vs B. Bloom's Taxonomy of Educational Objectives, classification of test questions, junior college faculty members, 28620
semantic differential vs paired-comparison procedure, assessment of information received from cry sounds, mothers & their infants & children under 5 yrs, 2803
semantic space between self & best friend & acquaintance & favorite TV personality, adult TV viewers, 29499
text description with instrumental vs impulsive aggression, rating of aggressiveness on semantic differential, high school students, 17023
utility of semantic differential technique, measurement of psychological effects of disasters, 2910
validity & test-retest reliability of semantic differential Personal Involvement Inventory, measurement of consumer behavior, college & graduate business students & clerical & administrative staff, 10847
visually vs nominally vs semantically based matching processes assessed through primary effects in semantic matching task, college students, 29114
Semantics [See Also Antonyms, Homonyms, Synonyms]
activation of semantic & phonological coding processes during reading, adult Ss, 19100
alteration of labels attached to points & semantic clustering, memory of spatial locations, college students, 19136
attempt to name common object vs living being presented through pictorial stimuli, verbal-semantic representation of nouns & strategies to access them, aphasic patients, Hungary, conference presentation, 12251
clause position in multiclause sentences followed by spoken or written word vs picture probes, matching to semantic vs surface form & word recall & recognition, college students, 26356
comprehension of sentences containing semantic & pragmatic anomalies, college students, replication of study by P. C. Wason & S. S. Reich, Greece, 19531
congruence between reference fields & name order in learning miniature artificial language, English speaking 3.6–4.6 yr olds & Fijian 3.5–6 yr olds, 19580
construct validity & statistical correlation, semantically negative- & positive-valence items on verbal self report measures of latent traits, 8th–9th graders, 10779
content & organization of semantic attributes, 62–90 yr olds with dementia, 12206
contextual analysis vs semantic mapping vs keyword instructional strategy, recall of vocabulary definitions, high-achieving 4th graders vs low-achieving 4th & 5th graders, 4857
critical evaluation of E. Tulving's semantic-episodic memory distinction, 19143
critical evaluation of E. Tulving's semantic-episodic memory distinction, reply to comments of E. Tulving, 19155
critical evaluation of E. Tulving's semantic-episodic memory distinction, reply to criticism of G. McKoon et al, 19162
cross cultural & age differences, everyday social explanations, 8 & 11 & 15 yr olds & adults, US vs India, 29630
development of semantic & syntactic sensitivity, reading skills & achievement on oral language tasks, 1st vs 2nd vs 3rd graders, 31241
developmental trends in speed of semantic memory retrieval, literature review, 16963
differences in accuracy & response bias & latency to controlled vs automatic semantic priming, 18–24 vs 60–77 yr olds, 21692
direct storage memory model, explanation of semantic relatedness effect in verification situation, college & graduate students, 16326
dominance of linguistic vs semantic organization, verbal information processing abilities, bilingual 13–18 yr olds, 3459
ethno-logical & semantic theory, processes to relate meaning to action in linguistic & cultural contexts, 17035
explanation of method & meaning of trait ratings, test of systematic distortion hypothesis, college students, 18998
fixed code theory of relation between language form & meaning & use, implications for legal processes, 3349
homogeneous vs heterogeneous pictured items within 1 vs several semantic categories, response latencies & confrontation-naming performance, fluent vs nonfluent 27–78 yr olds with aphasia, 12299
ideology & linguistic description & sociopolitical beliefs, grammatical category of gender, 3344
impairment of ability to name visually presented stimuli with comprehension of corresponding names, 69 yr old female with optic anomia, 6844
incorporation of concept of sense in new way of looking at issues of technology & self from semantic perspective, 24059
inference making & verb semantics, resolution of anaphoric pronouns, college students, 21179
intentionality & irrational beliefs, college students, 9167
language acquisition in terms of syntax & semantics & use, 3–5 yr olds with severe to profound hearing losses, 9609
linguistic & semantic factors, psychology's development as international discipline, criticism of R. W. Russell's study, 18339
locus of control & semantic evaluation of time & drawings, adults, 5392
low vs medium vs high proportion effect during semantic priming, performance on lexical decision task, college students, 23595
malapropisms vs semantic vs mixed lexical substitution errors, speakers, Italy, support for psychoanalytic theory, 29513
masking of word & picture primes & naming of word targets, semantic priming, college students, 26360
meaning & grammatical relationships implied by cohesion in text, miscues in oral vs general reading & recall of cohesive & central items, male 6th grade poor readers, 15765
models of semantic memory, literature review, 16309
nomination vs action vs attribution signs from early sign teaching lexicons, perception of translucency, 4–4.9 vs 7–7.8 yr olds vs college students, 3446
number & distinctiveness of rated semantic vs graphic attributes, incidental memory of kanji, Japan, 13695
number of semantic domains in blocked vs mixed presentation of relevant vs irrelevant word pairs, performance on semantic priming vs Stroop-like tasks, college students, 721
organization of items in memory according to semantically related groups, Ss with motor vs sensory vs acoustic vs complex temporal aphasia, 6777
orienting conditions, free recall & semantic & acoustic cued recall performance, 20–40 vs 60–80 yr olds, 24161
orthographic vs semantic priming, word retrieval, college students, 5483
paradigm for abstraction of linguistic ideas & integration & interference, 24055
perceptually & nonperceptually based components in semantic activation during word recognition, college students, 13655
phonemic vs semantic partial information clues, guessing target words, 13–48 yr old patients with left vs right frontal vs temporal vs right frontal-temporal lobectomies, 14877
phonetic vs semantic thought processing, recognition, college students, implications of noise effects, Spain, 29121
physical-orienting vs semantic-orienting questions, memory for unrelated pictures, college students, 5493

presentation of semantically-linked stimulus exposed beyond control of awareness, priming for semantic materials consciously seen & transformed, adult Ss, 21172
presentation of words in 1st vs 2nd languages, acoustic vs semantic coding in long term memory, 18–30 yr old Hindi- or Nyanja-English bilinguals, 5973
production frequency of exemplars for categories & organization of semantic memory, institutionalized mentally retarded adults vs nonretarded children & adolescents & adults, 27485
production of action vs object words, language-impaired 2.7–3.3 vs language-normal 1.4–2.1 yr olds, evidence for relationship between phonology & semantics, 4081
propositional vs imagery models vs surface structure vs hybrid theories, prediction of sentential synonymity judgments, 18–34 yr olds, 5966
prosodic vs syntactic vs semantic characteristics, topic management in face-to-face vs non-face-to-face conversation, listeners, 3352
rated semantic characteristics of words, typicality ratings, nonretarded vs retarded adults, 20094
reading vs categorizing word series & sentences with semantically inappropriate words, N2 vs N400 vs P3 components of event-related brain potential, college students, 11166
rehabilitation therapy with semantic divergent techniques, volume & variability of verbal performance, 24–65 yr olds with aphasia, 10139
relational significance of words to action in psychoanalysis, 4315
repetition, word & pseudoword identification & memory, comments on article by T. C. Feustel et al & A. Salasoo et al, 11005
retrieval from semantic memory, patients with mild vs moderate/severe Alzheimer type dementia, 12250
semantic & episodic priming, dissociative effects for lexical decisions & episodic recognition, college students, 19116
semantic & morphological nature of verb usage, educable mentally retarded 8.6–9.6 vs 10–12.6 yr olds, Israel, 1486
semantic & word categorization tasks, saccade-related brain potentials, right handed 20–36 yr olds, 19333
semantic analysis of S. Fischer's Body Focus Questionnaire, 18920
semantic analysis of sentence structure & speech sequences, language therapy & psychotherapy, children, 4546
semantic classification of basic vs superordinate vs function relations, 17–78 yr olds with fluent vs nonfluent aphasia, 20207
semantic content of auditory stimulus, right vs left ear superiority in stress identification, graduate & college students, 10939
semantic context of word presentation, phasic voltage fluctuations in event related brain potentials, 5699
semantic description vs rhyme vs outline drawing lexical access conditions, accuracy & speed in production of target words, 6–14 yr olds, 16964
semantic discourse & form & meaning, written language development, hearing impaired 10–15 yr olds, 27689
semantic features & distances, activation processes in "subjective dictionary", 16288
semantic information in preceding test word, recognition RT, college students, 10974
semantic memory & ordering of taxonomic categories, college students, 26364
semantic priming, facilitation vs inhibition in lexical decision task, college students, replication of J. H. Neely's study, 19151
semantic relations & use of case & total & mean length of utterance in picture description task, mild anomic dysphasic vs nondysphasic 20–63 yr olds, 25005
semantic representations, comprehension & memorization of texts, children, 26821
semantic satiation, category membership decision latency & lexical priming, college students, 287
semantic similarity of items on instructor profile, ratings of instructors, graduate students, 2557
semantic transformation of German term "Behinderung" to define physical handicaps according to personal & social norms & as pedagogical problem, 2523
semantic vs phonological processing skills, deep dyslexic-type errors in word recognition responses, 7–8.8 yr olds with severe reading disabilities, 6694
semantically negative vs positive words, auditory evoked responses & identification of brain region that discriminates positive & negative features, college students, 8397
semantically related vs unrelated sentence context conditions, recognition of open vs closed lexical vs obligatory prepositions vs verb particles, college students vs patients with Broca's aphasia, 9534
semantics & pragmatics of locative expressions & their meaning, implications for artificial intelligence & linguistics, 21635
semantics in study of sex & gender & sex roles & gender identity, 3640
semantics, processes, memory development, 29614
sentence verification process & comprehension of false & true negatives, reply to criticisms by M. M. Akiyama, 24134
sexual arousal & level of sex anxiety, sexual double entendre responses to asexual stimuli, college students, 8222
significance of structure & function of semantic memory, semantic language disorders, 1495
situations with superior vs failing grade outcome & internal vs external locus of causality, written responses rated for affective dimensions of pleasantness vs arousal, implications for dictionary of affect in language, 19538
spelling of homophones using context of sentence, relationship between lexical & semantic systems, 48–62 yr old males with agraphia, 20231
structural &/vs semantic changes, same-different judgment tasks with pair drawings, 3–6 yr olds, 6080
superordinate category terms as mass nouns, 5968
syntactic & semantic comprehension cues, development of adult comprehension strategies, kindergartners through adult native English vs native Dutch speakers, 21718
syntactic & semantic parallelism & poetic functions of language, advertising slogans, Japan vs England & US, 5155
use of semantic cohesion analysis of conversational involvement, 17–34 yr olds in time-limited counseling groups, 17921
verification & comprehension of true vs false negatives in English language, Korean-speaking children, comments on experiment by K. J. Kim, 24110
word relevancy & display load, physical & semantic & controlled processing of nontargets in visual target detection task, college students, 10959
wording of verbal addition & subtraction problems, problem representations & solutions, 1st & 2nd graders, 2357
words varied in imagery value with imagery vs semantic rehearsal instructions & type of recall test, hyperamnesia & correct recall, college students, 13690

Semicircular Canals
single vs multifrequency sinusoids technique, evaluation of vestibulo-ocular reflex & semicircular canal function in rational testing, 19–62 yr olds, 26545
vestibular semicircular canal &/vs visual stimulation in occupational therapy, 5–9 yr olds suffering from attention deficit disorder with hyperactivity, 1-yr followup, 7452

Seminarians
attitudes toward humanistically oriented theology program & family & occupational goals, female ministry students, 2464
occupational stress & personal strain & personal resources in leadership roles, priests vs ministers vs seminarians vs nuns vs brothers, 26029
sexism & stages of relationship with seminaries, female Protestant seminarians vs rabbinical students, study of N. Hardesty's model, 992

Seminaries
sexism & stages of relationship with seminaries, female Protestant seminarians vs rabbinical students, study of N. Hardesty's model, 992

Semiotics [See Also Pragmatics]
police communications system, urban constabulary, UK, 31526
semiotic approach vs Marxian hegemony theory, role of cultural objects & their industrial producers & social groups of users in creation of meanings in mass culture, 8947

Senescence [See Aged]

Senile Dementia
ability to decide on superordinate category membership, measurement of retrieval failure in verbal fluency tasks, 67–92 yr olds with vs without senile dementia, 27528
age of onset & illness duration & nursing home admission, life expectancy, geriatric dementia patients who died in nursing home, 1656

alaproclate vs placebo, 65–93 yr old patients with senile dementia, 4479
attentuation densities in parietal & occipital & left thalamic regions & survival, patients with senile dementia of Alzheimer type assessed with computer cranial tomography, 17572
behavior modification methods of revalidation, senile dementia, conference presentation, 4461
brain biochemistry, memory function in normal aging vs senile dementia or Alzheimers disease, literature review, 17697
changes in cholinergic muscarinic receptors in postmortem brain samples, elderly patients with Alzheimer's disease &/vs multi-infarct dementia, 12265
cognitive ability & aging & cholinergic lesions & senile dementia, human Ss & nonhuman primates & rats, implications for animal models of age-related mental impairment, 16526
dihydroergotoxine vs naftidrofuryl therapy, elderly with senile dementia, US & Europe, 7276
epidemiology & diagnosis & characteristics of senile dementia & Alzheimer's disease, report of Florida study group of investigators, 9524
genetic & biochemical & neuropathological & clinical characteristics, Alzheimer's disease vs senile dementia, implications for treatment, 14837
inhibition of competing responses in recognition memory, 47–83 yr old amnesic patients with Korsakoff's syndrome vs senile vs multi-infarct dementia, 25001
morphology of nerve cells & neuropil & senile plaques in brains, deceased 85–95 yr olds with vs without senile dementia of Alzheimer type or mild senility, 27623
mortality & morbidity rates, mentally normal vs deteriorated elderly patients with hip fractures, 4123
mortality, patients with senile or multi-infarct dementia, Sweden, 15–25 yr longitudinal study, 27654
neuropsychological functioning, patients with presenile dementia & senile dementia of Alzheimer type, 14865
neurotransmitter pathway deficits in Alzheimer's disease vs senile dementia, comments on research review by J. Hardy et al, 27563
normal aging vs senile dementia, cognition & affect, conference presentation, 753
patterns of word association responses, institutionalized 60–96 yr olds with vs without dementia, 12276
pharmacological therapies, neuromediators & sleeplessness, aged with senility, 9913
prevalence of senile dementia & resulting mortality, 60 yr olds & older, 1947–57 vs 1957–72, 24975
senility as coping behavior, geriatric patients in nursing homes, 14913
senility process & other life factors in aging, implications for medical care of aged, 24937
shunting of CSF & malresorptive hydrocephalus vs hydrocephaly caused by cerebral atrophy, elderly patients with gait disturbances & dementia & incontinence, 30458
use of language disorder data in study of underlying deficit, patients with senile dementia, comments on use of data by P. E. Davis & S. J. Mumford & M. Skelton-Robinson & S. Jones, 4154
Senior Citizens [See Aged]
Sensation [See Perception]
Sensation Seeking
actualization & physical ability & physical self confidence & global sensation seeking, male vs female college students, partial support for A. Maslow's theory, 24569
age &/vs rewards of thrill- & adventure-seeking behavior, delinquency, implications for criminological theories, comments on article by T. Hirschi & M. Gottfredson, 14675
age &/vs thrill- & adventure-seeking behavior, delinquency, reply to criticisms by J. D. Baldwin, 14700
behavioral correlates of thrill-seeking personalities, 27174
biochemical correlates of sensation seeking & relationship to mania, 27389
conservatism & sensation seeking, music preferences, college students who were not music majors, 11802
excitement & wins & losses & sensation seeking in real vs laboratory gambling, experienced vs inexperienced male gamblers, 1405
factor analysis & construct validity of A. Vando's Reducer–Augmenter Scale, college students & correctional inmates, 28971
focused vs distributed attention performance, low vs high sensation seeking male 18–35 yr olds, 21984
high- vs low-stimulus conditions & sensation seeking & other personality traits, delinquency & helping behavior, 8th graders, 3543
locus of sensation seeking construct in personality domain, male applicants for security related jobs, Israel, 30002
novel vs familiar word pairs, stimulus seeking behavior, schizophrenic patients vs psychiatric aides, 3853
red vs blue color preference, high vs low stimulation seeking adolescents, 19683
sensation seeking & antisocial behavior, medical students, Spain, 12853
sensation seeking & extraversion & neuroticism & psychoticism, curiosity about morbid & sexual events in media & live sports, male vs female college students, 28849
sensation seeking & trait anxiety & needs for achievement & affiliation, male elite rock climbers, 27204
sensation seeking, cognitive complexity & means to maximize available stimuli, female college students, 19844
sensation seeking, movie selection & viewing & cardiac rate & response, female vs male college students, 21989
sensation seeking, skin conductance response levels, 17–24 vs 60–78 yr old females, 30038
Sensation Seeking Scale
Sensation Seeking Scale & biographical inventory, prediction of risk taking behavior, male college students, 3739
validity of Sensing Intuition Scale of Myers Briggs Type Indicator assessed by correlation with Sensation Seeking Scale & arousal seeking tendency instrument, adult grocery shoppers, 2888
Sense Organ Disorders [See Also Amblyopia, Anosmia, Color Blindness, Ear Disorders, Eye Disorders, Hemianopia, Menieres Disease, Motion Sickness, Myopia, Nystagmus, Otosclerosis, Strabismus, Tinnitus]
drug induced dysosmia & dysgeusia presenting as depression, 45 & 71 yr old females, 1931
Sense Organs [See Cochlea, Cones (Eye), Cornea, Ear (Anatomy), External Ear, Eye (Anatomy), Iris (Eye), Lens (Eye), Middle Ear, Olfactory Mucosa, Pupil (Eye), Retina, Rods (Eye), Semicircular Canals, Taste Buds, Vestibular Apparatus]
Sensitivity (Drugs) [See Drug Sensitivity]
Sensitivity (Personality)
dimensions of interaction, sensitivity to rejection & dependency, 20–50 yr old group therapy members, 12451
naive actors' functional evaluations vs formal ratings & rank orderings of comforting strategy sensitivity in dyad vs based on constructivist theory, college students, 9089
personality factors & mental health & happiness & communication, husbands vs wives, 17084
positive & negative social effects of divergency & excitability & sensitivity & perceptivity & entelechy traits, gifted adults, 30029
Sensitivity Training
brief encounter groups, positive vs negative affect, college students, 2-wk followup, 30677
interpersonal reflexive processes, Ss in vs not in sensitivity training groups, 7127
openness movement & T-group momentum & role in organizational development, 20331
Sensitization Repression [See Repression Sensitization]
Sensorimotor Measures
Bender-Gestalt vs Minnesota Percepto-Diagnostic Test-Revised, prediction of intellectual & academic performance assessed by WISC-R & Wide Range Achievement Test, 69–185 mo olds, implications for assessment of learning disabilities, 20820
construction & standardization of visuomotor test, assessment of effects of visuomotor ability, 4–6 yr olds from Head Start programs, Puerto Rico, 28927
cross cultural validity of Developmental Test of Visual-Motor Integration, mildly retarded 11–12 yr olds, Japan, 8114
performance level for both hands, lateral indices for composite finger localization & speeded pegboard tasks, right handed kindergarten students, 11470
performance on Design Copying & Motor Accuracy-Revised Tests of Southern California Sensory Integration Tests, 4–10 yr old Japanese vs Japanese Americans, 5331

reliability & validity of 3 tests of visual-motor integration, prediction of learning disabilities, kindergartners, 25887
validity & reliability & construction of adult norms for Nine Hole Peg Test, assessment of finger dexterity, 20–94 yr olds, 5316
Sensorineural Hearing Loss [See Hearing Disorders]
Sensory Adaptation [See Also Dark Adaptation, Light Adaptation, Orienting Reflex, Orienting Responses]
adaptation to cold water stress, tolerance to shock in approach-avoidance conflict situation & response latency in active-avoidance task, male rats, 23892
adaptation to high-contrast grating, degradation of discrimination for test gratings at angle to adapting grating, naive vs experienced Os, 2995
adaptation to rotation simulation, three-dimensional motion aftereffect, college students & authors & naive S, 239
adaptation to stroboscopic motion, perception of temporal order of adjacent visual stimuli along same axis, 208
artificial alteration of optical properties of eye, behavior & visual cognition & oculomotor adaptation, 2969
chromatic adaptive conditions, displacement thresholds for motion detection, 5401
contrast thresholds for detection of vertical sinusoidal test grating tracked during & after 3-hr inspection of high contrast adapting grating of same spatial frequency & orientation, adult Ss, 29049
convergence between adaptation & contrast effects in speech perception, college students, replication of experiment by J. R. Sawusch & P. Jusczyk, 5428
difficulty level of mental arithmetic, visual & proprioceptive adaptation to optical displacement, right handed college students, 13582
hypnotic anesthesia & goggle removal, head position during phases of prism-adaptation paradigm, right handed college students, replication of study by N. P. Spanos et al, 249
modulation sensitivity function of blue mechanism on dark & uniform yellow backgrounds, adult Ss, 29054
monaural vs binaural tone presentation & loudness level & stimulus frequency, simple vs induced loudness adaptation, 21–45 yr olds, 29065
naltrexone & forced intermittent cold water swim, stress-induced analgesia tolerance, male rats, 11298
optically imposed postsaccadic retinal image slip, adaptive oculomotor modifications, rhesus monkeys, 29319
pattern motion, direction-selective adaptation of neurons in middle temporal visual cortex, owl monkeys, 26517
rate of temperature change & stimulus duration & adaptation & sensitization, psychophysical responses to warmth & heat & experience of pain, 20–41 yr olds, confirmation of report of pain, 5393
rearing under red illumination for 1st 3 mo of life, color discrimination at 5 mo of age & increment threshold spectral sensitivity at 1.4 yr, monkeys, 23879
selective adaptation with speech, college students, test of adaptation level theory vs 2-stage model & criticism of article by Diehl et al, 5440
selective adaptation with speech, reply to criticism of J. R. Sawusch & J. W. Mullennix, 5429
spot spacing & timing, adaptation to apparent motion, adult Ss, 21068
theories of illuminant adaptation & limitations of color constancy, 13599
time course of perceptual adaptation from temporal coherence of frequency modulated tones to auditory system segregation, 10938
Sensory Deprivation
binding of radioactive serotonin to serotoninergic receptors in visual centers & frontal cortex, dark-reared & monocularly light deprived rats, 11140
binocular deprivation, subcortical contribution to synaptic density in visual cortex, cats, 3241
environmental conditions & intrapsychic variables & duration & perceived intent & expectation, effects of sensory deprivation in psychiatric seclusion vs solitary confinement, patients vs prisoners, 27710
high protein vs protein-free carbohydrate diet, dietary choice behavior, normal vs trigeminally deafferented rats, 8508
loss or impairment of hearing, feelings of security & control & psychological importance of nonspeech sounds, 20–47 yr olds with induced hearing deficiency, 260
monocular deprivation, pattern electroretinograms & tectal surface EPs, pigeons, 16455
monocular visual deprivation, cells in lateral geniculate nucleus, infant monkeys, 5748
neonatal surgical closure of naris, development of olfactory bulb, rat pups, 11241
object permanence, cerebral palsied quadraplegic 9 mo to 12 yr olds with various levels of mental retardation, 1550
reopening eye after monocular deprivation, size of neurons in primate lateral geniculate nucleus, infant monkeys, 5749
responses of segment of primary visual cortex, monocularly deprived vs normal rabbits, 13937
role of visual experience, activation of critical period for monocular deprivation in visual cortex, cats reared in total darkness from birth to 4–5 mo of age, 8480
unilateral naris occlusion, development of olfactory bulb dopamine & norepinephrine levels & behavior, rat pups, 21440
visual & tactile isolation & species-adequate substitute stimulation, peer interactions, 2–3 mo old squirrel monkeys, 23887
visual patching of one eye, saccadic magnitude & postsaccadic drift in unseeing eye, monkeys, 3243
Sensory Feedback [See Also Auditory Feedback, Delayed Auditory Feedback, Visual Feedback]
developmental limitations of sensory input, perceptual organization, newborns, literature review, 8798
sensory feedback, learning novel motor process, 13–44 yr olds, 8154
Sensory Handicaps (Attit Toward)
listening to audiotape enhancing empathy vs providing information, attitudes toward hearing impaired elderly, college students, implications for inservice training, 24505
reactions to Black vs opposite sex vs glasses-wearing vs wheelchair-bound vs facially disfigured vs obese child, White nursery school students through 3rd graders, 24228
Sensory Motor Processes [See Perceptual Motor Processes]
Sensory Neurons [See Also Auditory Neurons, Baroreceptors, Chemoreceptors, Cones (Eye), Mechanoreceptors, Nociceptors, Photoreceptors, Proprioceptors, Rods (Eye), Taste Buds, Thermoreceptors]
combination-sensitive neuron in auditory cortex, mustached bat, neuronal model for vowel normalization & representation in humans, 26527
cutaneous & proprioceptive stimulation, inferior olive neuronal responses, alert cats, 13912
development of somatosensory responsiveness in basal ganglia, kittens, 13826
ethanol, embryonic development of sensory & spinal cord neurons, chick embryos, 8530
functional properties of visual & eye-movement-related neurons of area 7a, rhesus monkeys, conference presentation, 3169
isolation & response to sensory stimulation of single dendritic branch of primary sensory neuron in abdominal ganglion, crickets, 5685
low vs high spatial frequency, face selective responses of neurons in cortex in superior temporal sulcus, macaque monkey, 21322
measurement of static & dynamic aspects of neuron sensitivity in visual system, 544
monocular visual deprivation, cells in lateral geniculate nucleus, infant monkeys, 5748
nerve growth factor, central synaptic function of Ia sensory neurons, neonatal rats, 26696
neuronal response latency in inferior colliculus, auditory brain stem responses, guinea pigs, 509
peripheral nerve injury, structural & function changes in sensory neurons & afferent synaptic connections & transganglionic changes, mammals, review of research, 23791
postnatal development of sensory influences on neurons in ventromedial hypothalamic nucleus, 1–2.5 day old vs adult rats, 5662
psychophysical & electrophysiological approaches, assessment of effects of neurotoxins on sensory functions, humans, conference presentation, 23379
reopening eye after monocular deprivation, size of neurons in primate lateral geniculate nucleus, infant monkeys, 5749

sensitivity to different face stimuli of neurons in cortex & superior temporal sulcus, macaque monkeys, 23794
sensory & autonomic & motor denervation, cholinergic involvement in trigeminal antidromic vasodilatation & plasma extravasation, male rats, 26598
slow & constant velocity rotations tilted at various angles from vertical, responses of neurons sensitive to static tilt in vestibular nuclei, decerebrate cats, 23916
striatal cortex neurons, conversion of small stimulus changes to response changes in spatial frequency discrimination thresholds, cats, 21283
topographic distribution & organization of visual & auditory neurons, male rhesus monkeys, conference presentation, 3174
2-deoxyglucose method, mapping of odor induced neuronal activity in antennal lobes, drosophila, 542
Sensory Pathways [See Afferent Pathways]
Sentence Comprehension
ability to construct structural syntactic & interpretative representation of utterances, agrammatic 32 yr old, results inconsistent with M. Linebarger's theory, 12294
adjective polarity & negative vs positive form, comprehension of comparison sentences, 4–6 yr olds, France, 14145
antecedent length & consistency, surface coping vs discourse model strategies in comprehension of anaphoric verb phrases, college students, 8639
auditory presentation of ambiguous vs unambiguous sentences preceded by relevant vs neutral context sentences, event related potential indices of processing, college students, 19103
auditory vs visual presentation & suppression of vocal vs visual activity, sentence memory & retention of wording & meaning, high school & college students, 29138
causal expectations, sentence integration, college students, 19102
clause position in multiclause sentences followed by spoken or written word vs picture probes, matching to semantic vs surface form & word recall & recognition, college students, 26356
clues & criteria for comprehension of quantitative or dimensional comparative sentences in English, children, 19585
comprehension instruction in preposition-object phrases using miniature linguistic system format, structure generalization, male language delayed 3.11 & 4.1 yr olds, 4543
comprehension of individual words, sentence comprehension, college students, 3037
comprehension of sentences containing semantic & pragmatic anomalies, college students, replication of study by P. C. Wason & S. S. Reich, Greece, 19531
context & task demand, perception & resolution of lexical ambiguities in sentences using pupillary measurements, college students, 26336
context, comprehension of difficult sentences, 4th–8th grade severely to profoundly deaf students, 20780
definite noun phrases & context, identification of anaphoric references, college students, Italy, 5454
degree of noise arousal & sentence completion vs passive reading & determined vs undetermined sentences, short vs long term sentence recall, male intermediate students, 3421
detection of target letters embedded in content vs function words in prose vs scrambled passages, 37–73 yr olds with Broca's vs Wernicke's aphasia, 12270
development of grammars underlying interpretation of complex sentences, 3.2–8.3 yr olds, 19608
development of grammatical system, comprehension of complex sentences, normal vs reading disabled children, comments on analysis by C. Stein et al, 14756
development of inference from focal idea to presupposed idea in elementary sentences, 2.8–4.1 vs 4.2–5.1 vs 5.6–6.3 yr olds, 824
divided attention task with same vs different presentation rates of simultaneous sentences, auditory comprehension, 8.8–12.8 yr olds with acquired language disorders, 12147
fluency & comprehension level, comprehension of sentences in isolation vs at end of paragraphs with vs without adherence to given-new structure, aphasic 23–80 yr olds, 17564
government & binding theory of syntax of N. Chomsky, sentence comprehension in agrammatism, implications for language processing models, 17592
grammatical orientation & control of constituent command constraint, comprehension of complex sentences, reading disabled 7–10 yr olds, 1490
inferential reasoning ability in sentence comprehension task, male patients with right hemisphere brain damage, 20123
interpretive complexity & clause structure & surface length of stimulus sentences, performance on toy moving & imitation tasks, 3.5–6.2 yr olds, 29648
isolation vs prior context exposure, comprehension of abstract vs concrete sentences, college students, 23603
lexical priming effect & comprehension strategies, sentence classification task performance, college students, 14092
linear sequence of lexical categories, sentence comprehension, agrammatic 41 yr old female, 17565
low- vs high-dominant properties of noun, color-naming interference & semantic access in sentence comprehension, college students, 328
memorization vs continuation task conditions, semantic vs phonological representation of sentence & identification of probe words, college students, 29130
mental lexicon & contextual word meaning, sentence comprehension, 10984
organization of sentences & thematic information, remembered duration of interval & memory & comprehension of prose material, college students, 317
parallel clausal structures, reading time & sentence comprehension, college students, 718
paraphrases vs annexes vs examples, perception of a correspondence between key sentences & schemas, 14.5–15.2 yr olds, 6092
pragmatic ordering principle of naming animates before inanimates, acquisition of word order relations in sentences, 2.8–5 yr olds, 835
propositional vs imagery models vs surface structure vs hybrid theories, prediction of sentential synonymity judgments, 18–34 yr olds, 5966
psychological status of literal meaning of sentence, 14087
replacement of word with pictured object in visually presented sentences, judgment of plausibility of sentence & recall, college age Ss, 29149
reversible vs nonreversible sentences with syntactic vs semantic distractor pictures, comprehension, 27–74 yr olds with Broca's vs Wernicke's aphasia, 9569
rhyme priming to visually dissimilar rhymes in lexical decision task, access & maintenance of speech-based codes in sentence comprehension, college students, 24053
sentence comprehension, loss of exact surface information, college students, 3046
sentence context, comprehension of meaning of ambiguous words, college students, 29517
sentence processing abilities, conduction aphasic female, 27557
sentence semantic & contextual information, word identification process, college students, 19121
sentences with active vs passive voice & varied degree of semantic constraint, sentence repetition, agrammatic aphasic 40–60 yr olds, 27642
signified vs probe word method, sentence comprehension, college students, 8642
syntactic & semantic comprehension cues, development of adult comprehension strategies, kindergartners through adult native English vs native Dutch speakers, 21718
syntactic complexity &/or unnaturalness, processing time for sentence comprehension, college students, support for G. Opacic & C. E. Osgood's theory, 11361
syntactic comprehension deficits, reading & aural comprehension, good vs poor 4th grade readers, 24825
teaching methods & neuropsychological differences & sentence comprehension strategies in reading Chinese characters, Peoples Republic of China, 18463
time representation by linear vector using sentence comprehension task, 19–30 yr olds, 21160
ungrammatical overgenerated sentences produced by violations of constraints on movement rules vs grammatical sentences, processing speed on sentence matching task, college students, 8202
verb vs object oriented syntactically ambiguous sentences, pupillary responses, 19368

visual movements during information processing of ambiguous Arabic sentences, Arabic-speaking college students, 8452
visual representation in comprehension of high imagery sentences, college students, improvement of methods & retest of conclusions by A. L. Glass & J. K. Eddy, 19109
word orders & case frames of simple transitive sentences, development of sentence processing strategies, Warlpiri 3.2–11.3 yr olds, Australia, 8696
Sentence Structure
abnormal verb phrase constructions in spontaneous speech, 42 yr old male with aphasic agrammatism, case report, 27622
acceptability judgments of adjective/noun switches inside noun phrases, Spanish-English bilingual college students who had code-switched since childhood, 731
antecedent length & consistency, surface coping vs discourse model strategies in comprehension of anaphoric verb phrases, college students, 8639
clause position in multiclause sentences followed by spoken or written word vs picture probes, matching to semantic vs surface form & word recall & recognition, college students, 26356
clues & criteria for comprehension of quantitative or dimensional comparative sentences in English, children, 19585
definite noun phrases & context, identification of anaphoric references, college students, Italy, 5454
development of grammars underlying interpretation of complex sentences, 3.2–8.3 yr olds, 19608
elaborations to relationships among key concepts in sentences, cued recall & recognition performance, college students, 323
function & structure of maternal speech, development of syntax, 2 yr olds & their mothers, 19607
grammatical orientation & control of constituent command constraint, comprehension of complex sentences, reading disabled 7–10 yr olds, 1490
integration vs decomposition in retention of complex sentences expressing complex ideas, psychology honors candidates, implications for constructive vs imagery vs tally theories, 19119
interpretive complexity & clause structure & surface length of stimulus sentences, performance on toy moving & imitation tasks, 3.5–6.2 yr olds, 29648
judgments of grammaticality of transitive verbs in sentence pairs, 3–4 yr olds, 29612
linear sequence of lexical categories, sentence comprehension, agrammatic 41 yr old female, 17565
order of enunciation of objects & properties of actions to be drawn, order in which objects are drawn, kindergarten & elementary school students, 19592
parallel clausal structures, reading time & sentence comprehension, college students, 718
pragmatic ordering principle of naming animates before inanimates, acquisition of word order relations in sentences, 2.8–5 yr olds, 835
recasting of sentence structure, language acquisition, 2.5–3.8 yr olds, 11406
right vs left hemisphere acquired lesions, performance on spoken measures of simple & complex sentence structure, 1.7–8.2 yr olds with brain damage, 17548
semantic analysis of sentence structure & speech sequences, language therapy & psychotherapy, children, 4546
semantically related vs unrelated sentence context conditions, recognition of open vs closed lexical vs obligatory prepositions vs verb particles, college students vs patients with Broca's aphasia, 9534
sentence constraint & cue validity, processing of expected vs unexpected congruous sentence completions, adults, 5473
sentences in familiar vs artificial language, extraction & encoding of prototypical transitivity or plurality in referential situations, native Japanese speaking college students who also spoke English, Japan, 23611
sentences with active vs passive voice & varied degree of semantic constraint, sentence repetition, agrammatic aphasic 40–60 yr olds, 27642
syntactic & prosodic cues to sentence boundaries, RT on identification of completed status of sentences, English- & Hebrew-dominant college students, Israel, 14085
syntactic complexity, disfluencies in sentence imitation & modeling tasks, 5 yr olds, 24125
syntax & grammatical relations hierarchy of noun phrases & conceptual accessibility, sentence formulation, college students, 29073
therapeutic sentence construction program, single word output, 41 yr old male with aphasia, 28017
ungrammatical overgenerated sentences produced by violations of constraints on movement rules vs grammatical sentences, processing speed on sentence matching task, college students, 8202
use of complementary vs abstract vs unpredictable sentences, bizarreness effect in free recall, 18–25 yr olds, 29120
visual presentation of words in sentence construction task, eye movements during processing, aphasic 48.1–75.1 yr olds, 12189
word orders & case frames of simple transitive sentences, development of sentence processing strategies, Warlpiri 3.2–11.3 yr olds, Australia, 8696
Sentences
causal expectations, sentence integration, college students, 19102
constraint & validity of sentence contexts, facilitation vs inhibition of lexical decisions, college students, 19106
content of stimulus sentences, dispositional retrieval cue type, high vs low authoritarian college students, 30049
contextual effects & priming, RT in sentence processing, college students, Japan, 5479
nonword facilitation in lexical decision task, college students, implications for word recognition, 5463
perception of vocal placement of vowels & sentences, graduate & college students serving as speakers & listeners, 5438
picture of sentence's subject or object or no picture, story learning & recall, 3–5 yr olds, 11414
pictures, voice frequency & RT measures of formulating single long sentences vs multiple short sentences, adults, 5964
reliability & validity & interscorer agreement & psychometric properties of Anomalous Sentences Repetition Test & parallel versions of test, differential diagnosis between organic brain dysfunction & psychotic depression patients, 29006
same or related vs unrelated sentence topics & individual differences, proactive interference in recall, college students, 13652
short term memory for rhyming & nonrhyming sentences in kindergarten, reading ability in 1st grade, children, 828
structural constituents of sentence completion test items, processing procedures & skill components in verbal comprehension, 6th graders & college students, Israel, 23465
transfer-appropriate-processing vs levels-of-processing reading theories & experimental design, recognition & memory for sentences & prose, college students, 21180
visual movements during information processing of ambiguous Arabic sentences, Arabic-speaking college students, 8452
Sentencing [See Adjudication]
Separation (Marital) [See Marital Separation]
Separation Anxiety
behavior disturbance & social competence & separation anxiety, male 4–14 yr olds with gender identity disorder of childhood, 24582
childhood separation anxiety disorder & sudden object loss, development of panic disorder, adults with panic disorder vs small-animal phobia, 19994
chronic illness & multiple hospitalizations, separation individuation & development of separation anxiety, 2 yr old female with acute lymphocytic leukemia, 25517
connection between acting out behavior & separation anxiety, female analysands in their 20's, 14993
early parental loss or separation, development of depressive disorder, 18–65 yr old psychiatric patients suffering nonendogenous depressive episode, 6588
factor structure of Separation Anxiety Test, college students, New Zealand, 28973
psychoanalytic view that culture shock & future shock are expressions of unresolved attachments & separations & losses, 11601
separation distress in strange situation & emotional responses, 19 mo old Down's syndrome vs 12.5 & 19 mo old normal infants, 1491
stimulation effects in hospital ward, emotional responses to separation from mother, 1–5 yr old males with minor illnesses, 10077

teaching relationships by use of body language, 6 yr old male with poor motor coordination & separation anxiety & immaturity & identity conflicts, 4931

Separation Individuation

anthropological-integrative psychotherapy, examination of disproportions & deficiencies & compensatory hypertrophy & conflicts in structures of communication, cardiac neurosis patients, 14984
chronic illness & multiple hospitalizations, separation individuation & development of separation anxiety, 2 yr old female with acute lymphocytic leukemia, 25517
concept of will & development according to O. Rank, 3394
crisis intervention approach, separation-individuation in termination of therapy, implications for social casework, 28128
early separation-individuation events & oedipal & preoedipal phenomena, neurotic disorders & psychoanalysis, female with difficulties in heterosexual relationships & female with neurotic depression, 25106
ego identity status & separation-individuation, college students, New Zealand, 24195
emotional & psychosocial differentiation from family of origin in premarital preparation process & Christian perspective, 14314
family psychodynamics & transactions, etiology of anorexia nervosa & borderline personality organization & other psychosomatic disorders, 12229
Freudian view of W. Blake's "The Book of Thel", 24071
individuation & attachment in personality development, comments on & extension of theory of E. H. Erikson, 14213
individuation as life span developmental process, contributions of M. Fordham, 29701
integration of family system & individual development perspectives, differentiation & individuation & identity formation, adolescents & young adults, 11537
inventory for assessment of pathology in separation-individuation process, patients with borderline personality, 2877
Jungian view of society's influence on individuation, 6421
Jung's concept of individuation & training of Jungian psychotherapists, 7516
lack of separation from family, couples therapy, couple with marital impasse, conference presentation, 17942
manic depressive psychosis & separation individuation theory in pathology of V. S. Woolf, 8647
maternal personality, individuation, 14 yr old male presenting with anxiety & poor school performance & drug abuse & his mother presenting with anxiety 1 yr later in psychoanalysis, 6987
object relations perspective on relational dynamics of merging, male vs female gay couples, 27094
openness vs avoidance of Holocaust information & separation individuation & degree of Holocaust-induced identity & altruism & coping behavior, nonclinical 17–58 yr old 2nd generation Holocaust survivors vs Jewish adults, North America, 11838
psychoanalysis, self structure & individuation & object relations, narcissistic female patient, case report, 30597
psychoanalytic perspective on compulsion to repeat self defeating behaviors & role of separation individuation process, conference presentation, 1804
psychodrama, self nurturing & self expressive role development & separation individuation, 19 yr old male, 9745
psychological individuation & drug choice, male chronic drug abusers, 12112
rapprochement crisis during separation-individuation, chronic hopelessness & response to analyst, 30 yr old female, 7076
rapprochement phase of separation-individuation & infantile neurosis, object relations conflicts in marriage, 40 yr old female in pathological marital interaction & 42 yr old male with psychosomatic symptoms, 6430
reawakening of infantile conflicts & empire of self in Shakespeare's tragedy "Anthony & Cleopatra", 5987
recent vs Freudian psychoanalytic theory of paternal role in child's development & ability to separate, conference presentation, 29752
relational shift of emotional separation through explicit communication, adult twins, literature review, 16970
revisions of Jung's concepts of self & individuation, 5207
self-other differentiation & symbolization in psychosis, autistic & schizophrenic & "transitional" children, implications for cognitive & psychosocial development, 27261
separation crisis, psychic economy of family, 17 yr old female borderline analysand, 25158
separation-individuation & maternal psychotherapy, 13.5 yr old female analysand, 7032
separation-individuation model & dynamics of W. Loman family in play "Death of a Salesman", 16851
sublimation & addiction as complementarities, 24742
symbiosis & separation-individuation within intimate love relationships, adults, 17204
theory of development of problem behavior when leaving home & J. Haley's family treatment model, adolescents & adults, case illustration, 12456
therapeutic issues, parent-child relations & communication, hearing children of deaf parents, 9773
transpersonal processes, conflicts in Oedipal & separation-individuation phases of development, 8 yr old male, 17005
use of imaginary companion, ego development & splitting & transitional self, 3.8 & 4 & 5.6 yr olds, 21779
validity of Separation/Individuation Test of Adolescence, 9th–11th graders & college students, 23452

Septal Nuclei

ACTH-related agents & septal lesions, hyperemotionality & septal reactions during training, rats, 650
acute ethanol intoxication, dopamine turnover & serotonin neurotransmission in nigrostriatal & septohippocampal pathways, C57B1 vs Balb/c mice, conference presentation, 16678
acute vs subchronic stress, cholecystokinin & substance P in hippocampus & septum & prefrontal cortex & dentate gyrus, male rats, conference presentation, 16499
antivasopressin serum injections into dorsal & ventral hippocampus & dorsal septum, memory & passive avoidance behavior, male rats, implications for vasopressin treatment of memory disorders, conference presentation, 29484
bilateral septal lesions, open field social behavior, male rats, 23918
caffeine & levo-N6-phenyliso-propyladenosine, leverpressing on VI reinforcement schedule, male rats with damage to hippocampal system, 5768
cross-species embryonic & hippocampal septal transplants from mice, restoration of ability to learn conditioned forced alternation behavior mediated by hippocampus, rats, 26600
delay of partial or continuous reinforcement in maze arm & hippocampal vs septal lesions, choice preference for partial or continuous maze arm, male rats, 11255
destruction vs lesions of septum &/vs dorsal hippocampus, conditioned avoidance & internal inhibition formation, rats, 11242
dopamine agonists vs antagonists vs psychostimulants, medial septal self stimulation, rats, 3292
dual runway configuration, performance of spatial integration task, normal vs septal-lesioned rats, 11246
electrical stimulation vs lesions of medial or lateral septal areas, preferences for sodium chloride saccharin vs acetic vs quinine solutions, male rats, 16505
electrocoagulation of medial vs lateral septum, septal syndrome & sleep-wake cycle & instrumental reflexes & responses to CS, cats, 5804
electrolytic destruction of mammillary body or septum, taste aversion conditioning to saccharin & memory, rats, 618
fluprazine hydrochloride, defensive behavior pattern, wild vs septal lesioned rats, 21481
group rearing vs isolation, hyperdefensiveness toward E, weanling rats with lateral septal vs medial accumbens vs medial hypothalamic lesions, 13915
intraseptal injections of 6-hydroxydopamine, catecholamine neuronal activity & time discrimination behavior, male rats, 11305
intraseptal morphine vs naltrexone, pentobarbital-induced narcosis & hypothermia, male rats, 29409
lateral septum lesions induced by 6-hydroxydopamine & frustration due to omission of reward, behavioral reactivity, hungry adult male rats, 13908
lesions in lateral septum induced by 6-hydroxydopamine, spontaneous alternation & acquisition & reversal of spatial discrimination task, male mice, implications for role of cholinergic system in control of behavior, 13924
lesions of nucleus basalis magnocellularis & medial septal area, memory in behavioral & maze discrimination tasks, male rats, 26606

low frequency septal stimulation & behavioral testing, tyrosine hydroxylase activity in hippocampus, male rats, 29363
medial vs dorsolateral septal lesions, rate of acquisition of lever-pressing for water established with autoshaping task, male rats, 26617
nerve growth factor injections & neonatal ventromedial hypothalamus vs septal nucleus lesions, active avoidance task performance, rats, 8471
nicotine tartrate & septal lesions, drinking & diuresis, male rats, 5750
septal lesion, lordosis response induced by estradiol, 5 vs 10–13 vs 21–27 mo old female rats, 23922
septal lesions, biting attacks, rats of high vs low emotional strains, 5793
septal lesions, feeding & grooming & exploring & resting/sleeping, female rats, 26601
septal lesions, open field gregariousness, rats reared in group vs individual cages prior to lesions, 26608
septal lesions vs olfactory bulb lesions vs parachlorophenylalanine injections, muricide, rats, 8494
substance P injected into amygdala vs substantia nigra vs medial forebrain bundle vs septum, positive reinforcement in maze learning, rats, 693
training procedures, FI responding following septal lesions, male rats, 13940
ultrasound production & lordosis before & after bilateral electrolytic lesions in lateral septum/bed nucleus & corticomedial amygdala & lateral habenula, female golden hamsters treated with estradiol benzoate & progesterone, 13930

Septum [See Septal Nuclei]

Sequential Learning
construct validity of Kaufman Assessment Battery for Children Sequential & Simultaneous Processing scales, male vs female 2.5–12.5 yr olds, 28970
successive processing & sequential memory of English language, deaf students, implications for development of speech & reading, 20768

Serial Anticipation (Learning)
partial reinforcement schedules, rate of autoshaped keypecking, pigeons, 26404
pattern element discrimination, serial anticipation & pattern extrapolation, male rats, support for memory-discrimination model of serial learning, 29195
psychophysiology of classical conditioning learning & anticipation, 8448
serial anticipation vs complete presentation method, retention of erroneous responses in verbal learning, 4th–6th graders, 8688

Serial Learning [See Also Serial Anticipation (Learning)]
acquisition & transfer of inhibitory stimulus control in serial feature-negative discriminations during conditioned suppression, albino rats, 13734
active vs passive modality effects with silently presented tactile input, recency recall, college students, 11013
auditory vs visual presentation of grouped lists, recall, adults, 5488
contributions of H. Ebbinghaus to evolution of association theory & serial learning, 10996
experimental conditions favoring rule encoding vs associative learning as studied by S. H. Hulse & H. L. Roitblat, serial learning, male albino rats, 23662
group seriation training, acquisition & transfer of serial learning, kindergartners, 29618
interrun interval, serial learning, rats, 13732
knowledge of ordinal position in serial learning task, pigeons, 23689
length of retention interval & intertrial interval, tracking in serial learning or delayed discrimination task, male rats, 11054
linguistic information presented in American Sign Language vs fingerspelled vs printed English, serial recall, deaf signers vs hearing college students, 22283
loci mnemonics vs progressive-elaboration instruction, memory & recall & recognition of concrete word series, college students, 23627
memory of travel slides vs kaleidoscope patterns, pigeons vs monkeys vs 21–41 yr olds, 16361
mnemonic technique for learning lists of words, learning disabled vs nondisabled junior high school students, 20770
prior pairings of CS2 with UCS, nature of associations formed in serial compound conditioning, rats, 11065
role of rehearsal proficiency & item identification in developmental auditory serial short term memory, 1st–6th graders, 16913
simultaneous rapid alternating stimulus naming & reading measures, differentiation of impairment & sequencing & attention-organization ability & prediction of later reading performance, dyslexic 2nd graders tested since kindergarten, 20790
strategies for serial order recall of items in texts, high school students, 8730
subjective organization, temporal contiguity of recall in multitrial sequence, male college students, 13688
suffix effect, immediate serial recall of preterminal items on number lists of known vs unknown lengths, college students, 5502
trimethyltin exposure, serial pattern learning, rats, 26661

Serial Position Effect [See Also Primacy Effect, Recency Effect]
alphabetic vs nonalphabetic suffix, serial recall of letters presented with Optacon visual display, college students, conference presentation, 13673
alphabetical name order, memory performance for semantically constrained sentences, police cadets, 19166
auditory & temporal factors & modality effect, immediate recall, college students, 19129
auditory vs visual modality & suffix effects, serial recall of melodic vs harmonic musical materials, 18–79 yr old professional musicians & music students, 21188
group & position of items, short term memory & recall, college students, 16321
primacy & recency serial position effects, stereotyped responding in multi-item spatial memory task, pigeons, 23691
serial position curves for RT & accuracy in visual search for individual array items, college & graduate students, test of model of overlapping processing of characters, 26313
storage of incidental order information in form of combination items derived from subjective grouping of memory set items, college students, 5503
syllable stress & serial position, error variability in polysyllabic productions, 5.2–6.9 yr olds with speech delays, 9482
word frequency & list length, long term serial position curve & recall, college students, 29131

Serotonin
acute & chronic antidepressant treatment, 5-HT neurotransmission, implications for depression, literature review, 18121
acute ethanol intoxication, dopamine turnover & serotonin neurotransmission in nigrostriatal & septohippocampal pathways, C57B1 vs Balb/c mice, conference presentation, 16678
acute vs chronic clonidine treatment, whole blood serotonin & tryptophan levels, 8–45 yr old patients with Tourette syndrome, 18077
acute vs chronic immobilization stress, brain levels of noradrenaline & dopamine & serotonin & 5-hydroxyindoleacetic acid, rats, 11202
age, serotonin concentrations in postmortem brains & serotonin receptors, 17–100 yr olds, 555
antidepressant drug administration to increase availability of dopamine vs norepinephrine vs serotonin, voluntary alcohol intake, male rats, 632
antidepressant drugs, 5-HT uptake & storage & efflux in blood platelets, literature review, conference presentation, 29448
bilateral injections of 5-HT & methysergide to antero-medial hypothalamus, carbachol-induced emotional-defensive vocalizations, cats, 29418
bilateral rostral hypothalamic injections of 5,7-dihydroxytryptamine, hippocampal serotonin depletion & estrogen & food deprivation-induced locomotor activity, ovariectomized rats, 24044
binding of radioactive serotonin to serotoninergic receptors in visual centers & frontal cortex, dark-reared & monocularly light deprived rats, 11140
blood platelet serotonin concentration, patients with dissociation vs paranoid/manic depressive schizophrenia, conference presentation, 6482
blood platelet uptake of serotonin, 24–55 yr old male alcoholic inpatients who had undergone detoxification, 22166
blood platelet uptake of 5-HT, unipolar vs bipolar depressed patients, 6562

blood serotonin & Type A behavior pattern, male college students, 1191
brain levels of 5-HT & 5-hydroxyindoleacetic acid, 22–55 yr old suicide victims vs chronic schizophrenic 21–74 yr olds who committed suicide or died of other causes, 30284
brain serotonin, need to snack on carbohydrates vs mealtime consumption of carbohydrates & proteins, obese & normal weight humans, 14919
calcium ion concentrations, activity of serotonin-containing dorsal raphe neurons, male mice brain slices, implications for treatment of mood disorders, 21330
cerebral 5-HT, sleep wake cycle, frogs, 16419
characterization & effects of antidepressant drugs, temperature sensitive high affinity serotonin binding, rats, implications for treatment, 16651
chronic corticosterone treatment, behavioral responses to drugs affecting 5-HT & dopamine systems, male rats, 26646
chronic phenytoin, stereotyped motor response to 5-HT agonist, rats, 661
clomipramine & housing stimulation of striatal serotonin receptors, voluntary intake of ethanol, rats, 3284
computer analysis of digitized autoradiographs, dopamine & serotonin binding sites in basal ganglia or neocortex, male rats, 11139
delta-9-tetrahydrocannabinol &/vs testosterone proprionate, copulatory behavior & plasma testosterone or hypothalamic dopamine or serotonin levels, castrated vs intact male mice, 5934
desipramine, platelet binding sites for imipramine representing 5-HT receptor & prolactin response to tryptophan, 26–36 yr old healthy males, 11279
diazepam, ECS-induced changes in behavior mediated by 5-HT & dopamine & alpha-adrenoceptors, male mice, implications for use of benzodiazepines during ECT, 16642
dietary tryptophan, brain serotonin & 5-hydroxyindoleacetic acid, awake cats, 16430
dietary tryptophan restriction & age, levels of serotonin & norepinephrine in brain, rats, implications for human aging, 602
digital subtraction autoradiography, location of serotonin & dopamine receptor sites in forebrain, rats, 7984
dominance, behavioral responses induced by fluoxetine vs quipazine vs tryptophan, male monkeys in stable social groups, 26727
dopaminergic & serotonergic mechanisms in action of lisuride on locomotor activity, rats, 16624
dopaminergic vs serotoninergic anorectic drugs, insulin vs 2-deoxy-dextro-glucose-induced hyperphagia, male rats, 16583
drug & environmental manipulation of opiate & serotonergic systems, pain perception assessed by tail flick testing, 6 day old rats, 13907
drugs influencing serotonergic neurotransmission & raphe nuclei lesions, dominant-subordinate behavior in competition for water & water intake, male rats, 26571
ECS treatment vs antidepressant drugs, hypothermic response to 8-hydroxy-2-(di-N-propylamino)tetralin produced at serotonin receptors, male mice, 23974
ejection of 5-HT, decreased conductance serotonergic response of ink motor neurons, marine mollusk, 8622
endogenous & evoked dopamine & noradrenaline & serotonin from hypothalamus & caudate nucleus, male rats, 23830
endogenous imipraminelike material from brain, imipramine binding & serotonin uptake in brain & platelet preparations, rats, 19335
errors in acquisition of delayed alternation & cortical levels of dopamine & noradrenaline & 5-HT, male rats not treated with drugs, 13824
estradiol, evoked & basal efflux of norepinephrine & 5-HT in hypothalamic slices, female rats, implications for depression & emotional lability associated with estradiol therapy, 16663
ethanol &/vs thyrotropin releasing hormone, locomotor activity, neonatal rats treated with 6-hydroxydopamine & 5,7-dihydroxytryptamine, 16569
ethanol, efflux & release of norepinephrine & dopamine & 5-HT from hypothalamus, rats, 16662
fenfluramine vs fluoxetine vs imipramine, 5-HT activity & memory function assessed by appetitive learning, male rats, 5886
fenfluramine vs norfenfluramine isomers, brain levels of isomers & serotonergic mechanisms, male rats, 671
fenfluramine vs quipazine doses & lesion-induced depletion of serotonin, tolerance to anorexia & behavioral syndrome, male rats, 16579
fluoxetine vs methysergide, synergistic behavioral effects of intrathecal serotonin &/vs tryptamine injection, male mice, 662
food &/vs maternal deprivation, 5-HT & 5-hydroxyindoleacetic acid levels, 4 vs 10 vs 16 vs 22 day old rats, 5771
forebrain lesions, choline & dopamine & serotonin brain levels & avoidance conditioning & spatial discrimination, rats, implications for role of cholinergic system in human memory & Alzheimer's disease, 11252
gonadectomy vs hormone replacement vs neonatal hormone treatment, serotonin behavioral syndrome, rats, 16465
hippocampus perfused by tetrahydro-beta-carboline, release of norepinephrine & serotonin-containing neurons & beta-carboline induced anxiety, rats, 21529
imipramine &/vs chlorpromazine, 5-HT-2 binding sites in cerebral cortex, male rats, implications for treatment of depression, 14027
imipramine binding & serotonin uptake in platelets, depressed patients, 18111
imipramine binding & serotonin uptake, 13–17 vs 22–35 yr olds with obsessive compulsive disorder, 17437
immobilization & amphetamine & chloramphetamine & dimethyltryptamine, sniffing & grooming behavior & body shakes, rats, 8562
in vivo dialysis perfusion, monitor of dopamine & 5-HT neural activity in caudate nucleus, male rats, 26502
interactions of buspirone & TVX Q 7821 with 5-hydroxytryptamine receptor binding sites in brain membranes, bovines, 29465
intrahypothalamic injection of 5-7 dihydroxytryptamine, 5-HT levels in hypothalamic nuclei & lordosis response, female rats, 13976
involvement of 5-HT in mechanism action of hallucinogenic agents, rats, 16637
ip morphine administration, endogenously released striatal dopamine & serotonin, male rats, 16574
isolation vs grouping & aggressive interactions with vs without MAO or tyrosine hydroxylase inhibition, midbrain & hypothalamic 5-HT & norepinephrine & 5-hydroindoleacetic acid levels & turnover, male golden hamsters, 21401
lactate infusion, precipitation of panic attacks through serotonin reuptake stimulation, panic disorder patients, 24673
lesions & anxiolytic drugs & anatomy of 5-HT system of CNS, anxiety, conference presentation, 599
lesions of descending spinal serotonergic pathways, analgesia & avoidance deficit induced by parachloro-amphetamine, male rats, 23925
lesions of dorsal & median raphe nuclei, development of spontaneous obesity, obese female rats, 3254
lesions of serotonergic pathway induced by 5,7-dihydroxytryptamine, alpha adrenoceptor activity assessed by binding in cortex & hippocampus & hypothalamus, male rats, 21460
lesions to descending serotonergic pathways & intrathecal administrations of 5,6-dihydroxytryptamine, initial vs late nociception in formalin vs tailflick tests, male mice, 19441
level of serotonin & 5-hydroxyindoleacetic acid in CSF, patients diagnosed with probable Alzheimer's disease, 30475
lithium, alcohol intoxication & desire to drink & cognitive dysfunction & CNS serotonergic tone, detoxified alcoholics, comments on article by L. L. Judd & L. Y. Huey, 2203
lithium carbonate &/vs valproate, serotonergic synthesis, male rats, 5936
lithium, platelet 5-HT receptor response, bipolar vs unipolar patients, 1963
long term administration of baclofen, 5-HT head twitching & 5-HT_2 receptor binding sites, male mice, 8585
long term exposure to diazepam, sensitivity to 5-HT & GABA in dorsal raphe nucleus & GABA receptor binding & bicuculline seizure threshold, male rats, 23967
low vs high nicotine doses, exploratory behavior & synthesis & turnover of 5-HT & dopamine & norepinephrine, male rats, 23998
meta-chlorophenylpiperazine, release of plasma prolactin & cortisol & growth hormone, adult male rhesus monkeys, 13951

methiothepin pretreatment & quipazine vs levo-5-HTP, serotonergic supersensitivity assessed by head twitch response, male rats, 19433
neuroendocrine regulation & dopamine agonists & brain & spinal cord lesions & serotonin & hypothalamohypophyseal system, adrenal enzyme induction during stress, conference presentation, 29322
neuroimmunomodulatory interactions of norepinephrine & 5-HT, 23837
noradrenaline & 5-HT depletion, 5-methoxy-N-N-dimethyltryptamine-induced analgesia, male rats, 624
noradrenaline vs serotonin injections into basomedial amygdala, acquisition & retention of instrumental reaction & conflict behavior & pain perception & regulation of gross behavior, male rats, 16760
noradrenaline vs 5-HT neurotoxins with vs without pretreatment with desipramine, active & passive avoidance impairment & retention, male rats, 11268
parachlorophenylalanine & fenfluramine pretreatment & tryptophan, 5-HT turnover & preference for protein diet, male rats, 14013
parachlorophenylalanine, depletion of serotonin & reduction of nicotine-induced hyperactivity, female rats, 21505
pharmacological vs high frequency electrical stimulation of midbrain raphe & locus ceruleus, recovery cycles of EPs to light in visual cortex, rats, 5774
phencyclidine, 5-HT & 5-hydroxyindoleacetic acid in brain, mice, 16733
platelet 5-HT & CSF concentration of 5-hydroxyindoleacetic acid, motor behavior, schizophrenic patients, 9276
platelet 5-HT uptake during menstrual cycle, mood, regularly menstruating females, 19371
prostaglandin, neuronal tryptophan & serotonin uptake & release & serum tryptophan levels, male mice, 5871
prostaglandin, pentobarbital sleeping time & serotonergic system, male mice, 5872
putative serotonin agonist, food intake, freely feeding vs food deprived male rats, conference presentation, 29405
quantitative autoradiographic mapping of serotonin-1 receptors in brain, male rats, 23824
quantitative autoradiographic mapping of serotonin-2 receptors in brain, male rats, 23823
quipazine & methylsergide, rhythmic jaw movements, guinea pigs, 5827
quipazine vs methysergide, play behavior, juvenile rats, 11324
quipazine vs 5-methoxy-N-N-dimethyltryptamine vs 8-hydroxy-2-(di-no-propylamine) tetralin, thermoregulatory responses, Fawn-Hooded vs Sprague-Dawley rats, 5861
rebound sleep following deprivation, 5-hydroxyindoleacetic acid & 5-HT concentrations in dorsal raphe nucleus & thalamus, male rats, 16504
repeated administration of serotonin agonists, development of tolerance to behavioral syndrome & suppression of locomotor activity, male rats, 16796
role of norepinephrine & dopamine & serotonin in mental disorders, 3819
role of serotonin & desglycinamide-arginine-vasopressin & denervation of hippocampus, ethanol tolerance, male rats, 600
role of serotonin as neurotransmitter & in etiology & drug treatment of depression, 25324
saline vs lorazepam with vs without cold exposure, pineal melatonin & N-acetylserotonin content & serotonergic turnover, rats, 23897
serotonergic neurotoxin injections into right vs left frontal cortex, serotonin concentrations in cortex & median raphe & spontaneous activity, rats, 3274
serotonergic receptor stimulation by serotonin agonists vs zimeldine, seminal emission & penile erectile responses, intact vs spinal lesioned male rats, 24004
serotonin & antidepressant drug injections into nucleus accumbens, melatonin- & apomorphine-induced locomotor activity & rearing & grooming & sniffing, male rats, 5847
serotonin & quipazine injections into amygdala, aggressive behavior & open field activity & pain thresholds, rats, 681
serotonin & 5-hydroxyindoleacetic acid levels in CSF, patients with Parkinson's vs Alzheimer's disease, 22342
serotonin, food intake & appetite, literature review, conference presentation, 628
serotonin levels & platelet counts, male vs female autistic children & 1st-degree relatives, 6544
serotonin metabolism & treatment with 5-HTP, depression, patients with vs without suicidal tendencies, 7223
serotonin uptake inhibition &/vs MAO inhibitor clorgiline, sensitivity of audiogenic seizures, mice, 26748
serotonin vs 5-methoxy-N,N-dimethyltryptamine, aversive thresholds following stimulation of dorsal periaqueductal gray matter, male rats, 11223
stimulus generalization of hallucinogenic drugs & lisuride & serotonin, rats, 29417
subcutaneous histamine & serotonin followed by sodium chloride or receptor antagonists, drinking behavior, rats, 21539
time course of action of single vs repeated ECS, head twitches & locomotor activity induced by serotonergic agonists & antagonists as measure of sensitivity, male rats, 11230
topical application of serotonin in caudate nucleus, discharge rate of caudate cells & EEG activity during wakeful & sleeping periods, male rats, conference presentation, 14075
training in discrimination of serotonin agonist vs saline, generalization of dose-response & time-duration parameters, male rats, implications for serotonin binding sites, 16636
tritiated spiroperidol, labeling of dopamine & serotonin receptors in frontal cortex, male rats & postmortem humans, 16414
tryptophan depletion, mood & performance on proofreading task while listening to dysphoric distraction, 18–25 yr old males, implications for role of low brain 5-HT in depression, 23907
vagotomy, anorectic effects of 5-HT, male rats, 21374
Vmax values & serotonin uptake by platelets, twins with infantile autism or developmental language disorder, 19943
1 vs .5 mg endosulfan & methysergide pretreatment, 3H-5-hydroxytryptamine binding in frontal cortical membrane & aggressive behavior, 3–5 wk old rats, implications for serotonergic system involvement in neonatal neurotoxicity, 29492
5-HT, behavioral changes, rats & mice, literature review, conference presentation, 644
5-HT hypothalamic depletion vs intracerebral administration of 5-HT & agonists, sexual receptivity stimulated by progesterone & estradiol benzoate priming, female rats, 8488
5-HT injections & drug-induced lesions to nucleus accumbens & nigrostriatum, circling responses to apomorphine & amphetamine, male rats, 19458
5-HT release induced by para-chloroamphetamine, avoidance learning & motor activity & nociception, male rats, 16741
5-HT, renal nerve activity in desynchronized sleep state, decerebrated cats, 16522
5-HT, salivary secretion & biting movements & pharyngeal peristaisis aspects of feeding behavior, medicinal leeches, conference presentation, 21307
5-methoxy-N,N-dimethyltryptamine, circadian variation in head-twitch response & 5-HT syndrome, male mice, 16727
5,7-dihydroxytryptamine-induced depletion of brain serotonin, amphetamine-induced locomotor & exploratory behavior, rats, 26666
8-hydroxy-2-(di-n-propylamino)tetralin, feeding behavior, male rats not deprived of food, 16612
Serotonin Antagonists [See Also Lysergic Acid Diethylamide, Mianserin, Molindone, Parachlorophenylalanine]
alaproclate, pupillary response to tyramine vs phenylephrine vs pilocarpine eye drops, 17–58 yr old depressed patients, 1960
alaproclate to block serotonergic reuptake system vs pirenperone to block postsynaptic receptors, learning & memory, mice, 16544
alaproclate, tremor & salivation induced by oxotremorine vs arecoline vs physostigmine, male rats & mice, implications for Huntington's chorea & Alzheimer's disease, 14032
alaproclate vs placebo, 65–93 yr old patients with senile dementia, 4479
bilateral injections of 5-HT & methysergide to antero-medial hypothalamus, carbachol-induced emotional-defensive vocalizations, cats, 29418
cianopramine vs amitriptyline, depressed 20–93 yr olds, 18061
citalopram, severe depression, 25–69 yr old inpatients, 18101
citalopram vs mianserin, 26–62 yr old endogenously depressed inpatients, 20383

clomipramine vs citalopram, orthostatic hypotension, depressed 23–62 yr olds, 22524
desipramine & 5-HT receptor antagonists & uptake inhibitors, ethanol consumption, selectively bred alcohol preferring rats, conference presentation, 16730
dominance, behavioral responses induced by fluoxetine vs quipazine vs tryptophan, male monkeys in stable social groups, 26727
dosage of citalopram, depressive symptoms & central amine & amino acid metabolism, depressed 18–65 yr olds, 25269
efficacy & side effect profile of fluvoxamine, 21–64 yr old outpatients with major affective depression, 4481
fluoxetine, analgesic effects of morphine in tailflick paradigm & its affinity for opioid receptors & discriminative stimulus properties, rats, 16664
fluvoxamine vs imipramine, major depressive disorders, 18–65 yr old outpatients, 4518
imidazole, behavioral effects of morphine & haloperidol & methysergide, rats, 19444
intrathecal administration of methysergide &/vs yohimbine, antinociception induced by stimulation of nucleus raphe magnus vs nucleus reticularis paragigantocellularis, male rats, 21364
lesions to descending serotonergic pathways & intrathecal administrations of 5,6-dihydroxytryptamine, initial vs late nociception in formalin vs tailflick tests, male mice, 19441
low vs high doses of zimeldine, memory, 49–65 yr olds with Alzheimer's disease, 18046
metergoline vs diazepam, subjective anxiety assessed by simulated public speaking test, 20–24 yr olds, test of role of 5-HT in human anxiety, 13986
metergoline vs methysergide vs cyproheptadine vs mianserin vs cinanserin, punished responding reinforced by stimulus shock termination vs food presentation, squirrel monkeys, 16567
metergoline vs quipazine & novel vs familiar environment, locomotor activity, male rats, 16555
methiothepin pretreatment & quipazine vs levo-5-HTP, serotonergic supersensitivity assessed by head twitch response, male rats, 19433
methysergide, suckling vs feeding, 20 vs 25 vs 30-day-old rat pups, 8611
naloxone vs methysergide & tonic & phasic pain tests, analgesia induced by electrical stimulation of periaqueductal gray, male rats, 5773
pirenperone, effect of LSD & N-N-dimethyltryptamine & mescaline & 2-5-dimethoxy-4-methylamphetamine on FR 40 operant behavior, male rats, 11317
pirenperone following priming with estradiol benzoate with & without progesterone, sexual receptivity & behavior, ovariectomized female rats, 16717
pirenperone vs ketanserin vs pizotifen & serotonin agonist, discriminative stimulus effects of LSD & spiroperidol binding to striatal dopamine receptors, male rats, 21565
pireperone & quipazine, inhibition of mating behavior, sexually naive vs experienced male rats, 5900
pituitary-adrenocortical disinhibition & intolerance to fluvoxamine, 21–60 yr old outpatients with major depression, conference presentation, 15124
pretreatment with haloperidol vs methysergide & cathinone vs dextroamphetamine vs cocaine, conditioned shock avoidance responding, male rats, 16660
quipazine & methylsergide, rhythmic jaw movements, guinea pigs, 5827
quipazine vs methysergide, play behavior, juvenile rats, 11324
relatively selective MAO inhibitors with clomipramine, rats, implication for antidepressant drug interaction effects, 29452
ritanserin vs R 56413, LSD/saline drug discrimination, male rats, 16597
serotonergic receptor stimulation by serotonin agonists vs zimeldine, seminal emission & penile erectile responses, intact vs spinal lesioned male rats, 24004
serotonin vs 5-methoxy-N,N-dimethyltryptamine, aversive thresholds following stimulation of dorsal periaqueductal gray matter, male rats, 11223
setoperone, 30–73 yr old chronic schizophrenic patients, 12541
subcutaneous histamine & serotonin followed by sodium chloride or receptor antagonists, drinking behavior, rats, 21539
tetrahydrocannabinol & serotonin-negative & dopamine-positive substances & defense conditioning, EP in cerebral cortex & visual differentiation, cats, 26703
time course of action of single vs repeated ECS, head twitches & locomotor activity induced by serotonergic agonists & antagonists as measure of sensitivity, male rats, 11230
zimeldine, mechanism of reduction of ethanol consumption, male rats, 16635
zimeldine vs maprotiline treatment, 20–59 yr old outpatients with major depressive disorder, 20406
zimelidine vs alaproclate, 24–73 yr old hospitalized patients with endogenous depression, 4462
5-HT receptor antagonist, dextrolevo-5-HTP-induced response suppression in operant conditioning animal model of depression, male rats, 29428
5-HT uptake inhibiter zimeldine, bipolar affective disorders, 18–70 yr old patients who had been successfully treated with lithium for 7–12.5 yrs, 4478
Serotonin Metabolites [See Also Hydroxyindoleacetic Acid (5-)]
long term therapy with desipramine & zimeldine & clorgyline, norepinephrine turnover & metabolism & CSF changes, depressed 18–70 yr olds, 12575
MAO inhibitor cimoxatone, norepinephrine & dopamine & serotonin metabolites in CSF, monkeys, 13980
Serotonin Precursors [See Also Tryptophan]
central & peripheral injection of 5-hydroxytryptophan & serotonin, insomnia induced by parachloraphenylalanine, cats, 3312
levo-5-HTP & carbidopa, tolerance to wet-dog shake behavior & seizure threshold, female rats, 16746
levo-5-HTP, outpatients suffering from anxiety states, 7193
pretreatment with tryptophan or 5-hydroxytryptophan, anticonvulsant activity of diazepam & flurazepam & chlordiazepoxide, mice, 8572
prolonged treatment with tricyclic antidepressants, actions of 5-hydroxytryptamine, rat hippocampal slices, 3319
RO 4-4602 pretreatment, taste aversion induced by levo-5-HTP, male rats, 16619
serotonin metabolism & treatment with 5-HTP, depression, patients with vs without suicidal tendencies, 7223
Serpasil [See Reserpine]
Serum (Blood) [See Blood Serum]
Servicemen [See Military Personnel]
Severely Mentally Retarded
acquisition of visual equivalences between colors & printed words, auditory reading comprehension & oral naming of printed words, severely mentally retarded teenage males, 22207
aerobic exercise program, health & intelligence & adaptive behavior, institutionalized severely & profoundly mentally retarded 15–38 yr olds, replication of previous study, 10120
auditory &/vs visual stimulation, work output on stationary bicycle, severely retarded 22–30 yr olds, 15084
behavior & self help skills, severely or profoundly retarded 18–35 yr olds with behavior disorders living in hospitals vs small homes in community, 10110
behavior during large vs small group dining situation, severely & profoundly mentally retarded 21–30 yr olds in community-based residential facility, 10090
behavior modification, self injurious & aggressive biting, severely mentally retarded blind 16 yr old female, 20-mo followup, 22477
behavioral programing with adaptive equipment, lip closure, severely retarded 9–13 yr old males with oral motor dysfunction, 18022
bivariate plotting procedure, pure-tone auditory assessment, institutionalized severely & profoundly mentally retarded adults, 12127
brief time out with vs without contingency delay, aggression & disruption, normal & mildly & severely retarded 3–15 yr olds with behavior disorders, 22497
care practices & organization & management & physical environment & activities in hospital wards vs nonhospital residential homes, severely or profoundly retarded 18–35 yr olds, 12726
common law duty for support, parents of adult children with severe mental retardation or physical handicap, case law, 1040
comparison & message formulation skills in referential communication, severely mentally retarded children, 25538
complex stimulus relations, exclusion in matching-to-sample, 20 yr old brain damaged & autistic male, 22209

contingency reinforcement of cooperation vs contingency of cooperation involving verbal feedback, basic behavior, severely retarded children, 9867
contingent restraint & reinforcement of alternative behaviors & change in school activities, self injurious behavior, 14 yr old severely retarded female, 12530
conversational responses to listeners' request for clarification, speaking vs nonspeaking mentally retarded 23–56.6 yr olds, 30313
development of nocturnal sleep patterns, severely mentally retarded 6 mo through 20 yr olds, 4077
development of standardized IQ scores for MA range below 5.3 yrs on 1972 version of Stanford Binet, severely & profoundly retarded adults, 9427
developmental & basic skills & eliminative & environmental adaptation & "Markaling" approaches to curriculum development, severely retarded adolescents, 23084
differential clinical & EEG & radiological characteristics, institutionalized mildly to severely mentally retarded patients with epilepsy, conference presentation, 30061
differential reinforcement of other & incompatible behaviors with vs without mild interruption, novel & self stimulatory behaviors, developmentally disabled 6 yr old, 4-mo followup, 4419
discrimination shift learning & response inhibition, moderately & severely mentally retarded 12–16 yr olds, 9469
factors impacting employment status, parents of educable- or trainable- or severely mentally retarded young adults, implications for community-based vocational instruction & job placement, 31004
familial patterns of mental retardation, family members of Black vs White mildly vs severely mentally retarded children, reprint, 30328
graded stimulus vs prompt fading vs trial & error training, visual shape discrimination, severely mentally handicapped 7–14 yr olds, implications for applied training procedures, 27929
habilitative arts therapy, creativity, mildly retarded 21–31 yr olds & severely retarded 10 yr old, 15439
in vivo training with vs without simulation, acquisition & generalization of grocery item selection, 17–20 yr olds with moderate & severe mental retardation, 22754
individualized educational & training program, severely mentally retarded children, USSR, 7735
inpatient treatment at residential care facility vs small community program, motor & eating adaptive skills, severely & profoundly mentally retarded physically disabled adults, 25558
institutional vs integrated residential care services, social & community participation, moderately to severely mentally retarded 20–50 yr olds, Sweden, conference presentation, 12622
learned visual discrimination task with experimentally provoked environmental confusion, RT, severely mentally retarded, 20091
manual direct select communication board, generalization of acquired vocabulary, preschool severely handicapped learners, 18604
medical & interdisciplinary review, utilization of antipsychotic drugs, institutionalized severely & profoundly mentally retarded, 15140
methods for teaching functional reading, severely retarded &/or retarded autistic adolescents with limited English proficiency, 2506
mild punishment & overcorrection & reinforcement of alternative behavior, reduction of self-injurious behavior, 12 yr old autistic severely retarded male, 11-mo followup, 25251
movement suppression time out, suppression of self injurious & dangerous & inappropriate poking behavior, psychotic & moderately & severely retarded 9–21 yr olds, 15112
neuroleptic withdrawal & methylphenidate, dyskinetic symptoms, severely & profoundly mentally retarded adolescents & adults, 1906
neuroleptics, seizures, 24–80 yr old mentally handicapped inpatients, 30741
object vs photograph training, acquisition & transfer & generalization of category labels, severely retarded 5–21 yr olds, 18009
observational analysis of on-task performance & student involvement, profoundly or severely mentally retarded students in special classes, implications for establishing norms for evaluating severely handicapped students, 18585
observational learning & direct training, matching-to-sample discriminations, moderately to severely retarded 19–25 yr old males, 24831
occupational therapy, psychomotor & occupational skills, severely mentally retarded, 7458
orthographic letters vs lexigram elements, discriminability in match-to-sample task, institutionalized nonspeaking severely mentally retarded residents, 4073
overrepresentation in institutions, severely & profoundly mentally retarded American Indian children from birth to 19 yrs old, Canada, 2082
perception of diagnostic & treatment programs & needed services, parents of autistic & mentally retarded children, Poland, 6684
perceptions of sheltered workshop program, mildly vs moderately vs severely retarded employees, 10129
picture prompt training, generalization & maintenance of complex vocational & daily living skills, severely & profoundly retarded 13–19 yr olds, 15442
placement decisions, development, institutionalized severely mentally retarded with mean age of 11.9 yrs at institutionalization, 10093
prevalence of psychiatric disorders & severe & mild mental retardation, 20–60 yr olds, Sweden, 20084
receptive vs expressive training with verbal labels & manual signs, generalized learning of referential labels, severely retarded 5–19 yr olds, 18010
rehabilitation through prolonged education in trade schools, severely handicapped students, 12-yr longitudinal study, 20546
response-contingent prompting & reinforcement in behavioral training program, prevocational work performance, blind & severely retarded 21–22 & 24 yr old females, 25545
self injurious behavior, avoidance vs self stimulation vs environmental controlling consequences at state hospital, 20–63 yr old severely & profoundly retarded patients & their residential staff, 10124
serum carnosinase deficiency & predisposition to mental deficiency, 3.5–8 yr olds with attention deficit disorder or developmental delay or neurofibromatosis or severe mental retardation, 14811
sign language rehearsal strategy & generalization to uninstructured trials, memory, nonverbal severely mentally retarded vs deaf 5.4–14.7 yr olds with low normal to normal IQs, 27913
simulation procedures for teaching menstrual care skills, moderately & severely mentally retarded 17–21 yr old females, 18303
single instance vs general case instruction in dressing skills, response variation & generalization, male severely mentally retarded 8–23 yr olds, implications for instruction in applied settings, 27891
social construction of reality, family's attribution of competence to severely retarded child, comments on case report by M. Pollner & L. McDonald-Wikler, 14774
social construction of reality, family's attribution of competence to their severely retarded 5.5 yr old daughter, 14772
social disadvantage vs nondisadvantage & mental vs nonspecific handicap, early provision for special needs & parental access to information & support services, mentally handicapped 7–13 yr olds, 27470
social vs dietary control, rumination, severely & profoundly mentally retarded 15–22 yr olds, 15379
sources of stress, families with severely mentally retarded children, 27472
soy polysaccharide added to liquid formula diet, bowel functioning, constipated & tube-fed & nonambulant severely or profoundly mentally retarded Ss, 14931
stereotyped body rocking & hand gazing behavior, severely mentally retarded infants with mean ages of 19 & 23 mo, 24836
stress levels, families with preschool moderately & severely retarded vs nonhandicapped children, New Zealand, 30339
structural vs systems family therapy in day treatment setting, 9–14 yr old severely disturbed boys & their parents, conference presentation, 9768
supported work model, competitive employment placement & training & retention, moderately & severely retarded clients, 28203
therapeutic amenorrhea induced by lynestrenol vs norethindrone, 15–44 yr old moderately to severely mentally retarded females, 2-yr followup, 18084

toys as conditioned reinforcers & stereotypy, 13–15 yr old severely retarded & 22–26 yr old profoundly retarded males, 9439
training & supervision program, increase & validation of functional classroom tasks, teachers of severely & profoundly handicapped adolescents & adults, 15858
treatment & nontreatment scheduling with multielement manipulations, self injurious behavior, 5.5 & 3.5 yr old handicapped & profoundly or severely mentally retarded females, implications for generality of treatment effects, 15089
trial-and-error training vs fading, color discrimination, severely mentally handicapped 22–59 yr olds, training & educational implications, 25263
vocational training, competitive employment in nonsheltered, work environment severely retarded & autistic adolescents & young adults with limited English proficiency, 25542
working for wages via vocational training, social behavior & perceived competence & independent living skills, severely mentally retarded adults, 18295
10 vs 30 daily massed practice opportunities, acquisition of discrimination skills, severely retarded 12–21 yr old students, 15841
Severity (Disorders)
age & ethnicity & level of retardation, kind of residence, mentally retarded & developmentally disabled individuals, 9988
age at onset, duration of episode in unipolar depression, 18–88 yr olds, 24671
cerebral ischemia & severity of lesions, dichotic listening patterns & language recovery & memory, right handed 31–75 yr old aphasic patients, 6-mo study, 27638
character style vs locus of control vs seriousness of medical illness, depression & anxiety, psychiatric consultation patients, 22019
client preparation & problem severity, understanding & attitudes & expectations of child psychotherapy, 6–12 yr olds & 1 of their parents, 27763
degree of retardation & age & institutional setting, pica, 5–73 yr old institutionalized mentally retarded, 30962
description of psychiatric intensive care unit based on general hospital model, acutely psychiatrically ill patients, 2085
developmental therapy & demographic factors & level of disturbance, development of behavior & communication & socialization & academics, autistic & developmentally delayed & emotionally disturbed 5–8 yr olds, 4-yr longitudinal study, 17716
diagnosis & psychotic symptoms as components of global rating of severity of psychiatric disorder, hospitalized patients, 2-yr followup, 6508
family interaction patterns & locus of control, prediction of presence & severity of anorexia nervosa, females, 24908
genetic & genital & neuro-organizational & nongenital morphological & behavioral sexual differentiation, onset age & outcome differences in schizophrenia, 22117
genetic loading & parental marital adjustment & severity & chronicity & age of exposure to proband manic depressive parent's illness, offspring psychopathology, 5–18 yr olds, conference presentation, 22070
haloperidol & severity of illness, plasma homovanillic acid concentrations, schizophrenic males, 3829
health locus of control & severity, agoraphobic 19–65 yr olds, 3802
inclusion of severity of illness in psychiatric diagnostic formulations, prediction of perspective health insurance consumption, 17737
locus of control orientation & severity of psychiatric illness, 10–21.5 yr old chronically disturbed inpatients, conference presentation, 28152
National Adult Reading Test & Mill Hill Vocabulary Scale—Synonym section scores, estimation of premorbid intelligence & severity of dementia, 65–86 yr olds with Alzheimer's disease vs multi-infarct vs mixed etiology dementia, 27640
neurogenic & life stress & behavioral influences, development of borderline & sustained hypertension, 22343
rating of seriousness of personal problems, 18–72 yr old telephone counselors vs community members, 4604
rating of severity of maladaptive behaviors on Part II of Adaptive Behavior Scale, revision of scoring system, residential staff of rehabilitation facilities for mentally retarded, Canada, 13436
reliability & validity of Addiction Severity Index, adult alcohol & drug abusers, 148
reliability of abbreviated form of full Schedule for Affective Disorders & Schizophrenia, differential diagnosis & measurement of severity, unipolar depressed vs paranoid schizophrenic vs nonparanoid schizophrenic patients, 28969
severity of impairment & age & SES & parent background, language & cognitive ability & psychosocial behavior & academic achievement, hearing impaired 5–18 yr olds, 17576
severity of injury & locus of control & personality resources, psychological & occupational adjustment, male 17–64 yr old hand injury patients, 6813
severity of stuttering, recall & recognition of high visual imagery words in reading passages & hemispheric EEG alpha asymmetries, 12–44 yr old male & female stutterers, 20102
sex & age of onset & chronicity & prodromal personality characteristics & other factors, schizophrenia, conference presentation, 22051
sex & education & age, type & degree of language impairment, aphasic adults, 17579
siblings hospitalized with acute or chronic or progressive illness, changes in feelings & family relations, 5–17 yr olds, 15227
size & location of cerebral ischemia lesions, performance on digit & noun dichotic listening tasks, right handed 31–75 yr old aphasic patients, 6-mo study, 27639
social support & illness severity & age & education & income, psychological well-being, 21–80 yr old females with rheumatoid arthritis, 17613
stuttering severity & brain stem EP testing, 19–37 yr old stutterers, 20097
Type A behavior pattern, patients with minimal vs severe coronary atherosclerosis, 1547
type of obsessions & severity of illness & prognosis, patients with atypical vs typical obsessive neurosis, 22125
use of Severity of Alcohol Dependence Questionnaire, 18–60 yr old problem drinkers, 6668
validity of Pain Disability Index, discrimination between high vs minimal level of disability, 22–70 yr olds with chronic low back pain, 18977
videotaped preparation for psychotherapy program in various treatment settings, dropout rate, 18–53 yr old clients with high vs low severity ratings, 1817
visual- & somatosensory- & brain stem auditory EPs, measurement of severity of clinical involvement, 9–37 yr old patients with Friedreich's ataxia, 1621
Sex Chromosome Disorders [See Also Klinefelters Syndrome, Turners Syndrome]
clinical symptoms, males with recessive sex-linked mental retardation with X-chromosome fracture, 9450
cognitive dysfunction & intellectual impairment & emotional-motivational sphere, children with Lesch-Nyhan's syndrome, 9614
diagnosis & research of fragile-X syndrome, implications for mental retardation in males, 22299
sex chromosome aberrations, males with psychotic disorders, implications for diagnosis, 6617
triple X or 47,XXX karyotype, 19 yr old female who committed homicide, 20183
Sex Differences (Animal) [See Animal Sex Differences]
Sex Differences (Human) [See Human Sex Differences]
Sex Differentiation Disorders [See Genital Disorders]
Sex Discrimination
advocacy strategies for confrontation of sex discriminatory practices, female college faculty in large urban university, 25736
ageism & sexism, traditional vs liberal lifestyle conflicts, 41–49 yr olds, implications for psychotherapy, 30569
amount & relevance of information, sex discrimination in personnel selection, job applicants, meta analysis, 5056
applicant's sex & concern for equal employment opportunity, responses to mailed job applicant resumes, corporations, 18723
approaches to sexism in school & disadvantages of traditional sex roles, educational psychologists, comment on view of S. Bayley et al, 28378
bias in psychological studies on sex differences, literature review, 13284
discrimination in medical profession & education, female doctors, South Africa, 15561
experimental research in race & sex discrimination in industry, 31533

female gender role sensitivity in marriage & family therapy practice, 25207
gender & sexist touching behavior in classroom, teachers, 2465
grievance options within university & state & federal agencies & success rate, female college teachers, 25731
handling of presented sex equity issues brought by female faculty members, court system, 24373
historical account of organized efforts to confront sex discrimination, female psychologists in academe, 1941–59 & period following 1969, 25691
identification of circumstances when negative evaluations occur, competent professional females, 25974
integration of organizational behavior theories & perspectives on sex differences in value of social relationships & achievement, institutional sex discrimination, female college faculty members, 25732
legal & economic aspects of comparable worth, 28713
occupational sex discrimination & bias & stress & familial demands, mental & physical well-being, female managers, 20884
organizational training program, employee tensions & discrimination as females enter management positions, 28706
perception of incidences of discrimination in workplace, professional females, 7863
presentation of comparable worth in pay to management as good business following federal Appeals Court decision maintaining double pay standard, personnel professionals, 6245
promotion of gender equality in workplace, organizational development personnel, 18747
proposal for expansion of legal views of discrimination, allowance for employment discrimination lawsuits occurring due to impact of biased stereotyped attitudes & preconceptions, implications for females in academe, 24401
psychological forces reinforcing sex discrimination, female college faculty, 25748
reevaluation counseling, patriarchal oppression, females, 4635
regression analysis, investigation of sex discrimination in salaries, criticism of L. W. Seberhagen's study, 28767
reliability artifacts in comparable worth procedures, 10596
religious suppression of women, comments on interpretation of D. A. Shrock, 983
salary, male vs female clinical social workers in rural vs urban community mental health centers, 10223
sex & race, task-based performance appraisal, Black vs Hispanic vs White blue collar employees, implications for discrimination cases, 10600
sex-based manipulation in workplace, female clinical psychologists, 10196

drawings of male & female figures, sexual differentiation & identification & anxiety, pre- vs postmenarcheal 7th & 8th grade females, 934
early onset of anorexia nervosa, breast development & growth in height & stature & delayed puberty, 14.8–24 yr old female patients, conference presentation, 24979
exposure to aggressive behavior, reproductive development, male mice, 8433
exposure to clean vs soiled bedding of unfamiliar cousins & unrelated males vs fathers or uncles, acceleration of 1st estrus, juvenile female mice, 23851
food pellets contingent on wheelrunning, energy allocation strategies & reproductive development, male vs female peripubertal intact vs gonadectomized house mice, 21402
groups not aggregated vs aggregated above & below median body weight & density, food intake & feeding efficiency & weight gain & age at puberty, crossbred pigs, 16364
mating behavior & effect of estradiol & progesterone on lordotic responsiveness, genetically obese male Zucker rats, evidence for deficient sexual differentiation of brain, 5648
neonatal gonadectomy, sexual differentiation, Japanese quail, 604
photic period during ontogeny, age at eye-opening & vaginal introitus & feeding on solid food & age at 1st parturition, gerbils, 3071
pre- vs postpubertal play soliciting behavior, intact vs castrated vs sham-operated male vs female rats, 29248
prenatal malnutrition or environmental stress, development of sexually dimorphic nucleus of preoptic area, rats, 8385
psychoanalytic theory of sexual development & unconscious body representations, child & adult stutterers, 27488
pubertal androgen or estrogen development & friends' sexual involvement, sexual motivation & involvement, 12–15 yr olds & their parents, 24230
pubertal testosterone, development of sexual & aggressive behavior, castrated vs intact mice, implications for effect of Y chromosome on pubertal testosterone, 24025
repeated ip injections of tetrahydrocannabinol, delayed vaginal cornification & onset of estrus & ovulation, female rats, 16622
sexual maturation & spatial ability, female vs male college students, 19638
testosterone propionate treatment during middle vs late gestation vs neonatal period, masculine copulatory behavior & ex copula phallic responses, male vs female rats, 14047
Sexual Deviations [See Also Exhibitionism, Fetishism, Incest, Pedophilia, Sexual Masochism, Sexual Sadism, Transsexualism, Transvestism, Voyeurism]
causes & circumstances of sodomy, juvenile delinquents, 14693
clinical characteristics, 16 yr old male with necrophilia, 9412
contradictions in concept of perversion regarding countertransference & psychoanalytic theory & practice, 3961
definition & contradictions in concept of perversion & nature & function of fetishism, comments on views of A. Lussier & R. Barande & I. Barande, 4024
etiology & diagnostic classification system, vampirism, 14650
events in sexual development as possible cause of perversion, 4018
existence of concept of perversion, comments on views of A. Lussier & I. Barande & R. Barande, 3991

existence of perversion & role of psychoanalyst in treatment, comments on views of I. Barande & R. Barande, 3990
identification in sexual perversions, comment on paper by M. Glasser & J. McDougall, conference presentation, 27393
incidence of paraphilias in pornographic magazine titles, 1979–83, Australia, 16858
interpersonal phenomenon in Rorschach test, 5–12 yr old feminine males who met DSM-III criteria for gender identity disorder of childhood, 6613
lithium vs oxyprothepine decanoate vs cyproterone acetate, males with pedophilia or exhibitionism or other sexually deviant behavior, 9874
metapsychological view of origin & nature of fetishism & perversions, 4025
need for definition of auto-eroticism & narcissism prior to definition of perversion, 4029
patient's expectancy & aversive covert vs imaginal desensitization, reduction of compulsive anomalous sexual behaviors, 15–72 yr old males, 25250
perversion as means of suppressing law of God-father image & escaping paternal world of genitality, 6637
psychoanalytic view of fetishism & other perversions as symptoms of psychic disorder, 3973
psychoanalytic view of identification & neoneeds & neosexualities, conference presentation, 22172
psychoanalytic view of identification in sexual perversions, 22158
psychotherapy, homosexual obscene telephone calls, married 25 yr old male, 7009
SES & educational level, attitudes toward abortion & homosexuality & sexual deviations & crimes, Spain, 11695
sexual perversion in contemporary society & role of psychoanalyst in definition, 3962
superego & body image, perversion, illustrative case of female being treated for alcoholism who attempts to castrate & murder her lover, 3960
treatment strategies, abnormal sexual desires, 30 & 36 yr olds, 20274
violence & perversion, comments on A. Lussier's interpretation of fetishism, 3965
Sexual Disorders (Physiological) [See Genital Disorders]
Sexual Fetishism [See Fetishism]
Sexual Function Disturbances [See Also Frigidity, Impotence, Premature Ejaculation, Vaginismus]
assessment of sexual problems, couples, treatment implications, 1664
assessment techniques for evaluation of sexual dysfunction, males & females & couples, 20132
attitudes & sexual relations & functioning, alcoholic husbands & their wives, 14746
bromazepam, outpatients with psychoneurotic or depressive or sexual disorders, conference presentation, 7260
contraction exercises & mixed behavioral treatment with bibliotherapy, orgasmic problems & premature ejaculation, 18024
current techniques & recent developments in treatment methods, males & females with orgasmic dysfunctions or vaginismus or premature ejaculation or erectile dysfunction, literature review, 20281
development & validity & reliability of Sexual Self Efficacy Scale-Form E, diagnosis of erectile disorders, 21–65 yr olds with vs without sexual dysfunction, 28979
diagnosis & treatment of low sexual desire & erectile dysfunctions & premature & inhibited ejaculation, males, literature review, 30425
differences in self reports of sexual arousal & perception of control over arousal & sexual response while anxious & distractibility during sexual stimulation, adults with inhibited sexual excitement vs sexually functional Ss, literature review, 20115
epidemiology & diagnosis & management of sexual dysfunctions, patients with multiple sclerosis, conference presentation, 1646
erotic stimuli, penile tumescence & EEG hemispheric asymmetry, sexually functional vs dysfunctional 31–60 yr old males, 12180
evaluation & treatment of sexual dysfunction, 16–18 yr old males, 14930
factors related to prognosis following sex therapy, 16–68 yr old couples with sexual dysfunctions, 27714
feminist critique of sexist content & deficiencies in theory & practice, family therapy, literature review, 15056
Freudian theory & techniques of Masters & Johnson in psychotherapy of sexual dysfunction, 25135
gender identity & sex role expectations & performance, sexual function & satisfaction, 17–43 yr old heterosexual couples, 29923
geriatric sex problems & counseling & sexual medicine, 12639
group treatment with rational-emotive therapy & masturbation exercises & social skills training, males with sexual dysfunctions, 17715
group vs individual treatment of primary vs secondary orgasmic dysfunction, 22–51 yr old females, 4452
hypnosis & imagery, sexual function & dysfunction, bibliography, 25057
mother blaming & homosexuality & sexual dysfunctioning & incest, male identical twins, comments on inclusion of author's article as cite in article by P. J. Caplan & I. Hall-McCorquodale, 11881
nocturnal penile tumescence & penile responses to erotic stimulation in waking state, diabetics vs nondiabetics with sexual dysfunction, 6914
nonsexual cognitive distractor vs high vs low arousal film, penile responding, 22–64 yr old sexually functional vs dysfunctional males, 9496
outcomes of sexual dysfunction therapy, couples assessed at pretreatment & during & after treatment, 3-mo & 3-yr followups, 30628
penile implant surgery, ejaculatory & orgasmic experience, 30–69 yr old males with psychogenic orgasmic dysfunction, 25349
physiological aging, biologically- & surgically- & illness-related sexual changes & suggested coital positions, males & females over 50 yrs, 24437
plasma testosterone level, severity of disorder & sexual dysfunction, depressed male patients, 30244
pleasure & arousal & dominance, sexual desires & dysfunction, 21–51 yr old heterosexuals, 29922
prenatal exposure to diethylstilbestrol, sexual activity level & functioning, 17–30 yr old females, 30756
primary vs secondary sexual aversion syndrome, 18–36 yr old females & males, 30378
proposed multiaxial classification system, male sexual dysfunctions, 14796
psychoanalysis followed by sex therapy, psychosexual dysfunctions, married male patient, 12347
psychodynamics of monosymptomatic sexual disorders, human males, 22276
quality of sexual relationship & sexual dysfunction, 26–45 yr old couples with diabetic partner, 30414
sex therapy, sexual dysfunctions, male homosexuals, 4335
sexual dysfunction, insulin-dependent diabetic 18–50 yr old females, 30437
sexual experience & dysfunction & physical & sexual abuse, 19–50 yr old alcoholic females, implications for recovery programs, 30258
sexual fantasy content & activity patterns, males with inhibited sexual desire vs erectile dysfunction, 17641
sexual function & behavior & hormonal profiles, 17–60 yr old males with chronic epilepsy, 14826
shock threat contingent on sexual arousal & sensate vs spectator attentional focus instruction, thought content & affective state while viewing erotic films, 22–64 yr old sexually functional vs dysfunctional males, 12167
shock threat contingent on sexual arousal & spectator vs sensate attentional focus instructions, penile tumescence & subjective arousal while viewing erotic film, 22–64 yr old sexually functional vs dysfunctional males, 12166
short term behavioral treatment program, orgasmic dysfunction, 4413
similarities in depression & other symptoms & treatments of eating & sex disorders, conference presentation, 12300
subjective level of pleasure & anxiety felt during phases of sexual sequence, normal vs dispermic 22–42 yr old males, 14897
tamoxifen vs testolactone & dihydrotestosterone vs aromatized testosterone, sexual functions, normogonadotrophic oligozoospermic vs eugonadal vs agonadal 21–46 yr old males, 30731
taxonomy of subjective meanings in psychogenic sexual dysfunction, males, implications for sex therapy, 20285

testosterone, sexual functioning, 42 yr old lepromatous male with testicular atrophy, 9897
treatment of sexual dysfunction & countertransference & transference, elderly couples & young female sex therapists, 12421
urologic cancer treatment, sexual functioning, implications for sexual counseling, 10002
yohimbine, sexual functioning, males, 18040
Sexual Harassment
attribution & social psychological factors, understanding of sexual harassment, college students as laypersons, implications for sex role attitudes, 27104
experiences of sexual intimacy with & sexual advances from psychology educators & perceptions of ethics, female members of Division of Clinical Psychology of American Psychological Association, 20585
individual vs group psychotherapy, therapeutic experiences, female sexual harassment victims, 27740
multivariate analysis of perceptions of sexual harassment in work setting, college students, 27092
personal characteristics & reported behaviors & consequences of formal sexual harassment charges, complainants, 5122
prevalence of sexual harassment, employees of psychiatric hospitals, 2229
self reported incidents of sexual harassment by teachers, female vs male college vs graduate students in physics & chemistry & economics & sociology, 23037
sexual harassment experiences & attitudes, female psychologists, 2262
Sexual Intercourse (Human) [See Also Extramarital Intercourse, Incest, Premarital Intercourse, Rape]
age & sex, sexual & contraceptive knowledge & attitudes & behavior & communication patterns & demographics, White vs Black vs Hispanic vs Asian 16–25 yr olds, 26925
age of menarche, age of first sexual intercourse, 15–19 yr old females, implications for sex education, 1971 vs 1976, 14239
attitudes toward sexuality & interest in sexual activity, primiparous & multiparous females during pregnancy & 1st postnatal year, 1-yr longitudinal study, 27095
change in proportion of participation in coital relationships, college aged males vs females, 1900–80, 3624
coital rate, dizygotic twinning, mothers, 13780
contraceptive knowledge & use, sex guilt, college students, implications for birth control counseling, 9057
differential motives for engaging in sexual intercourse, male vs female college students, 6275
husband's vs wife's age & marital duration & birth & marriage cohorts & contemporaneous period, coital frequency, spouses, longitudinal study, 14308
love & liking for partner & satisfaction & commitment & personal attitudes & values, sexually open vs closed relationships, 21–70 yr old male homosexual couples, 24416
menstrual cycles, hot flashes & plasma estradiol & testosterone levels & sexual activity, 41–56 yr old perimenopausal females, 23853
physiological aging, biologically- & surgically- & illness-related sexual changes & suggested coital positions, males & females over 50 yrs, 24437
practical management therapy, ability to climax during intercourse, females, 4270
previous patient-therapist sexual contact, subsequent psychotherapeutic processes & issues, patients, 7511
psychodynamics & therapeutic processes of patient-therapist sexual contact, patients & therapists, 7508
recall of past sex act & masturbation & associated guilt & free sex & guided sex fantasy, sexual arousal & affect, college students, 3628
sex differences & sex guilt & authoritarianism, affective responses & sexual arousal to heterosexual & masturbation slides, college students, 3633
sexual liberalism & frequency & awareness of discrimination & age, prediction of proactive vs reactive power in sexual interactions, male vs female college students, 19764
theories of J. Milton vs St. Augustine vs Christian interpretation of Genesis & sex between Adam & Eve, 24082
young age & conservative sexual values & expectation of no pain & negative affect, subjective experience of pain vs no pain during 1st intercourse, female college students, 24441
Sexual Masochism
masochistic sexual behavior & death, 32–45 yr olds, 20032
Sexual Receptivity (Animal) [See Animal Sexual Receptivity]
Sexual Reproduction
body fat & lean mass ratio & ovulatory cycles & reproductive ability, females, 21336
cyclophosphamide, premeiotic cell injuries & behavior, male rats & their adult offspring, 19418
Differential K Theory & delay of reproductive effort & extraversion & neuroticism, Mongoloids vs Caucasoids vs Negroids, 24568
evidence of multiple paternity, bobolink, 19255
exposure to long vs short photoperiods, neuroendocrine regulation of reproductive behavior, male Golden hamsters, 13828
feeding regimens, growth, water snakes, implications for effects on reproduction, 8483
sociobiological views of rape & reproductive success, 17445
Sexual Sadism
psychodynamics of sadistic behaviors, sex offenders, 14726
Sexuality
adolescent sexuality & countertransference issues, therapeutic community staff, 2117
anxiety & symbolic sexual dream content, college students, 3764
attitudes toward & performance regarding sexual habilitation of chronically ill & disabled infants and children, registered occupational therapists, 25636
attitudes toward sexuality & interest in sexual activity, primiparous & multiparous females during pregnancy & 1st postnatal year, 1-yr longitudinal study, 27095
authoritarianism, affective responses to heterosexual vs homosexual stimuli & attributions of responsibility & attitudes toward E's sexual characteristics, male vs female college students, conference presentation, 9150
behavioral homework sexual exercises, changes in attitudes & behaviors & feelings related to sexuality, married couple with inhibited sexual desire, 25249
beliefs about female sexuality & power to pollute vs preserve life & relations between male vs female power, Hindu villagers, India, 21815
concept of masochism, females, comments on article by P. J. Caplan, 11703
concept of sexual attraction & arousal, implications for research, 6282
confrontation of sexual issues in psychotherapy, 82 yr old depressed male, case report, 27806
culture change & assimilation, sexuality & gynecological treatment & contraception, North African Islamic immigrants, France, conference presentation, 7312
dating & sexuality, widowed or divorced 60–92 yr olds, 26883
drug addiction as refutation of sexuality, 22180
feminism & sexual issues in high risk reproductive & childbearing situations & role of perinatal social workers, 15309
feminist critique of sexist content & deficiencies in theory & practice, family therapy, literature review, 15056
feminist perspectives on patriarchal dominance, sexuality, females, 9076
form & function & method in experience of sexuality, females, comments on article by P. J. Caplan, 11705
healing of transgressions & pollution of boundary transitions among sexual & social & symbolic domains, Northern Yaka, Zaire, 21810
historical & epistemological considerations of role of sexuality in analyst-analysand relationship, 30548
historical attitudes toward & personal integration of spirituality & sexuality, 14274
mind-body interactionism position in S. Freud's early work, 2790
obesity & sexuality, psychodynamics in psychological treatment, females, 12361
pornography's roots in male sexual strategy/fantasy & predisposition for polygamy, contemporary male frustration & aggression toward female & monogamous patterns of sexuality, 14403
psychoanalytic theory of & approaches to penis envy & androgyny & sexual identity & sexuality, 25093
psychoanalytic view of male sexuality & aggression as power, 27102
psychosexual & interpersonal dimensions of sexuality, 22–57 yr old diabetic vs nondiabetic females in long term relationships, 24983

psychosocial vs pharmacological factors, alcohol's effects on sexuality, literature review, 14410
requests for sexual vs other types of information about male vs female targets, female vs male college students, 27158
self reports about participation in sexual activities & feelings about sexual experience at present vs between 20–30 yrs old, male vs female 60–85 yr olds, 9056
sex education & sexuality & attitudes toward sociosexual relations & apathy, physically disabled college students, 18567
sexual factors in occurrence of psi, 7932
sexual issues in clinical practice of geriatric psychiatry, 56–85 yr old patients, 12330
sexual issues in psychiatric treatment, geriatric patients, comment on article by B. Liptzin, 12316
sexual orientation as destiny, implications for homosexuality, 6279
sexuality & aging, literature review, 11400
sexuality & intimacy, aged, comment on article by J. Traupmann, 11383
sexuality & marriage & parenthood, mentally retarded people, 24833
sexuality & psychosexual development, aged, 11390
sexuality & sexual issues in alcoholism treatment, 2178
sexuality of older people, application to analysis & analytic psychotherapy, 15014
shame & sexual content & link to body image, 6405
social change & theories & need for interdisciplinary research, sexuality, 14392
social constructions of sexuality & romance vs adventure script of relationships, females, 17217
social theory of authoritarianism & sexuality & its application to study of post-World War I fascist regimes, Europe, conference presentation, 9134
stigmatization associated with research on sexuality, 27090
supernatural power & sexuality & paradigm of women's space in religion & culture, 6192
understanding masochism, females, comments on article by P. J. Caplan, 11698

Shamanism
healing techniques & cultural functions of shamans, 14287
influence of shamanism, Okinawa, 11595
mental imagery cultivation as cultural phenomenon & role of visions in shamanism, 12 comments appended plus author's reply, 26973
shamanistic faith healing & modern Western medical care, help seeking behavior for treatment of mental disorder, psychiatric inpatients, Okinawa, 12641
veracity of C. Castaneda's reports of shamanistic experience, comments on article by A. Kootte, 8955

Shame [See Guilt]

Shape Perception [See Form and Shape Perception]

Sharing (Social Behavior)
conflicts between group members & potential joiners & kin-directed altruism & individual energy expenditure & sharing rules, optimal foraging group size, Inuit foragers, Canada, conference presentation, 3576
incentive value of item, sharing behavior, kindergartners & 4th graders, 19682
problem solving interactions during learning games at computer & jigsaw puzzles, 3.7–5.6 yr olds, 8769
sharing vs nonsharing of materials, evaluation & power & action aspects of affective meaning during college activities, female college students, 12736
simulation game of helping intentionality & harm doing, restitution, male college student dyads, 11740
unequal distribution of food & sharing behavior, 3–5 yr olds, 21746

Sheep
association of auditory stimulus to feed delivery & consumption, feed intake & feeding behavior, lambs, 374
barley food, facilitation of movement through handling system, sheep, 21226
birth of lamb in normal pen vs cubicles in pen, birth site selection & maternal behavior, primiparous ewes & their lambs, 16372
breed & group size & density, spatial cohesion & dispersion patterns, grazing sheep, 16362
click stimulus, auditory EPs, conscious sheep, 26501
distance recognition of partner, ewes & lambs permanently housed indoors vs outdoors, 448
peer associations & group size patterns, ewes & 6–16 wk old lambs, 21235
recordings of maternal vocalizations in amniotic sac vs bedside maternal flank, newborn responses to maternal bleats, lambs, 19296
sensory aspects & influence of amniotic fluid, postnatal bonding, purebred Merino ewes & their lambs, 23756
vocalizations, behavioral interactions, Jacob vs Dalesbred vs Soay ewes & their lambs, 471

Sheltered Workshops
perceptions of sheltered workshop program, mildly vs moderately vs severely retarded employees, 10129

Shifts (Workday) [See Workday Shifts]

Shock
anticipation of unavoidable shock & pain & attention to stimulus, phasic heart rate change, college students, 11237
behavioral program with contingent electric shock, severe aggressive behavior, 20 yr old institutionalized dually diagnosed deaf male, 18002
beta-endorphin injections & baseline fighting behavior, development of shock-induced mutual fighting, male rats, 11228
buprenorphine vs morphine, maintenance of shock under shock titration procedure, male squirrel monkeys, 23959
chronic stress, neuronal cell death in retina, male vs female rats, 23896
conditioned suppression &/vs electric footshock & naloxone injection, pain threshold & opioid receptor activity, mice, 3233
cue location & temporality & shock vs illness as aversive stimulus, food aversion learning, criticism of L. G. Sullivan's study, 13750
electric footshock, functional changes in opioid agonist & antagonist receptor binding & analgesia & behavioral changes, male rats, 26592
electric shock, sulfhydryl & phospholipid groups of endogenous opioid agonist & antagonist receptors in synaptic membranes, male rats, 21433
electric shock with vs without morphine vs preinduction shock, tonic immobility termination thresholds, chickens, 11233
electric shocks & loud tones, assessment of how separate cross modal aversive events are integrated into judgments of pain, college students, 16227
escapable vs inescapable shock, defensive strategies in water maze & subsequent discrimination performance, male mice, 5789
escapable vs inescapable shock, noradrenaline & 3-methoxy-4-hydroxyphenylethyleneglycol levels in hypothalamus & amygdala & thalamus, male rats, 11236
escapable vs inescapable shock, stress-induced analgesia, male rats, 11232
fighting vs social interaction, motor depression induced by inescapable shock, normotensive & genetically hypertensive rats, conference presentation, 11213
fixed vs variable duration inescapable shock, acquisition of shuttle escape response & behavioral changes, rats, 376
footshock & reinforcement, nonassociative learning in T-maze, male mice, evaluation of predictions of reinforcement & neophobia-arousal theories, 5787
frequency of unavoidable shocks, suppression & facilitation of barpress response, rats, 8284
histamine H-2 receptor antagonists vs naloxone, nonopiate footshock-induced analgesia, male rats, implications for role of histamine & H-2 receptors in endogenous nonopiate analgesia, 16472
improvement of rotating cage apparatus, avoidance training, rats, 5241
inescapable shock vs subsequent escape avoidance learning, activity, male vs female rats, 26588
inescapable vs escapable shock & number of interval between shocks, susceptibility to bicuculline-induced seizures, male rats, 23884
introduction of shock presented at fixed time of day, food & water intake & activity level, male rats, 23671
low environment temperature vs immobilization vs random footshock stress, plasma corticosterone & fatty acid & glucose levels, male rats, 16492

naloxone & preshock, shock-induced defensive burying, male rats, 8487
naloxone & shock intensity, variable-cycle avoidance performance, rats, 595
naloxone vs naltrexone, intermittent footshock vs brief shock vs transpineal ECS vs tailshock induced helplessness & analgesia, young vs old Charles River vs Sabra rats, 21422
naltrexone & escapable vs inescapable shock, analgesia & escape behavior, male rats, 11229
naltrexone, footshock-induced performance deficits in shuttle acquisition & pain sensitivity, rats, implications for role of opiate receptors, 16416
Pavlovian contingencies & zero operant contingency, subsequent shock-escape acquisition in shuttle box, escapable-shock vs yoked inescapable-shock vs no shock rats, 23660
percentage of shocked acquisition & goal-punished extinction trials, extinction of escape conditioning, rats, support for stimulus-directive interpretation of self punitive behavior, 26590
picture of happy vs fearful facial expression & attached vs unattached shock electrodes, fear responses, college students, 16329
postaggression shock punishment, subsequent behavior, dominant vs isolated male mice, 13711
potency of photoflash with footshock, retrograde amnesia, male rats, support for recency theory in serial learning & memory tasks, 19222
preference for shock with signaled shock-free periods vs without signals, rats, 5528
pregnancy, seizure threshold & valproic acid vs phenobarbital vs carbamazepine vs phenytoin disposition & efficacy, late gestation mice, implications for humans, 19383
ratings of time out vs differential reinforcement vs overcorrection vs shock, treatment of self injurious behavior, parents of autistic vs other handicapped vs nonhandicapped children, 1888
sensitivity to electric shock & discrimination learning & open field behavior & emotionality, phenotypic differences in avoidance learning, selectively bred rats, 3077
shock punishment intensity vs duration vs frequency, species-typical aggressive display, Siamese fighting fish, 26591
shock stimulation, nicotine ingestion, squirrel monkeys, 26586
single vs group housing & shock & activity stress procedure, development of ulcers, male rats, 13902
sodium pentobarbital vs phenobarbital injections during pregnancy, offspring response to shock, female rats & offspring, 8575
stress induced via immobilization vs injection vs uncontrollable shock, operant learning & ponderal & gastric mucus, male vs female rats, 19384
tyrosine & exposure to shock vs no shock, norepinephrine metabolism in locus ceruleus & hippocampus & hypothalamus & behavioral deficits, male rats, 16495
vasopressin deficiency & restraint &/vs intermittent shock & stress, susceptibility to development of stomach ulcers, 6 vs 18 wk old rats, conference presentation, 19390
work of E. A. Asratyan on theory of traumatic shock & antishock liquid, 11895

Shock Therapy [See Also Electroconvulsive Shock Therapy]
electrical vs chemical aversion with counseling, alcoholic patients, 15457

Shock Units
optically isolated computer compatible shock circuit, escape or avoidance conditioning, 13334
professional accountability & modifications to shock device in treatment of aggressive behavior, 20 yr old institutionalized dually diagnosed male, 18001

Shoplifting
attitudes toward shoplifting behavior & personality characteristics & demographic background, consumers, implications for shoplifting deterrents, 14705
mass media direct & indirect information programing, prevention of shoplifting, literature review, 3619

Shopping [See Consumer Behavior]

Shopping Centers
demographic variables & attitude functions & store behavior, store attitude & behavior, patrons of discount & catalog stores, 23320
ecological features of supermarkets, disruptive behavior, 1–12 yr olds & their mothers, 8897
group-administered bonus pay, retail store performance, store managers, 2-yr followup, 10615
job attitudes & personal characteristics, propensity to leave, retail store managers, implications for top retail management, 10608
store attributes, decision to buy apparel, young vs over 60 yr old shoppers, 23322
use of shopping malls as hangout, adolescents, 881

Short Term Memory [See Also Iconic Memory]
aniracetam, matching-to-sample & short term memory performance, normal vs scopolamine-impaired female monkeys & male pigeons, 11331
apparent motion of dot patterns, short term visual memory, college students, 10998
articulatory suppression & fixed vs varied preloads & foreknowledge of report order, recall of attended letters & order-of-report effect, 18–51 yr olds, 5487
attention level & short term memory, hyperactive 6–8 yr olds, 24860
auditory & visual interference, immediate recall of melody, college students, 3040
bizarre imagery & image interaction, brief & long term memory of word pairs, college students, implications for mnemonic learning, 13669
Chinese vs English verbal stimuli, short term memory capacity explained by chunking & articulatory loop theories, 21194
computational attention in visual short-term memory, graduate students, 21187
construction & validity of memory scale, measurement of storage & processing components of immediate & short term memory, 12–68 yr olds, 8069
context effects, short term memory, college students, replication of P. R. Falkenberg's study, 318
continuous visual control vs short term motor memory for guiding locomotion & action in space, reply to comments of D. Elliott, 26297
continuous visual control vs short term motor memory for guiding locomotion & action in space, college students, replication of & comments on study by J. A. Thomson, 26291
differential auditory discrimination task & preceding task performance, sensory-evoked potentials in dentate gyrus, rats, implications for short term information storage, 23801
discourse structure, short term memory in understanding anaphora, college students, 8243
dorsal hippocampal vs dorsomedial thalamic lesions, short & long term memory during delayed alternation & passive avoidance tasks & interference effects, male rats, 21470
duration of stimulus luminance, visual information acquisition & short term memory, comments on model by G. Sperling, 29084
event related potentials & existence of short duration memory trace, literature review, 8399
fading short term memory for patch quality, 3-spined sticklebacks, 8349
goal-arm confinement as reactivation treatment, delayed alternation, male rats, 23667
group & position of items, short term memory & recall, college students, 16321
hyperstriatal lesions, acquisition & retention of go/no-go vs spatial alteration vs delayed response vs spatial discrimination tasks, pigeons, 13931
identity model based on short term & long term memory components, comparison of anticipation & study-test methods in cued recall & recognition, 11002
interference in short term visual memory, backward masking, schizophrenic 18–55 yr olds, 11954
interpolated stimuli, retroactive interference of short-term memory, pigeons, 5553
lead acetate, extinction of conditioned taste aversion & short term memory trace, albino rats, 11345
luminance reduction & role of intrinsic noise in visual system, short & long term picture memory, comments on article by G. Loftus, 21117
manipulation of movement efference & limb direction with vs without knowledge of results, acquisition & transfer performance & movement representation in memory, college students, 8242
mathematical model of immediate recall of word lists of different lengths, college students, 29151

matrices of letters vs familiar vs unfamiliar shapes presented at different interstimulus intervals, passage of information from sensory storage to short term memory, college students, 19154
method of transitions, studies of short term memory of perceptual material using contrast stimuli, 3052
nicotinic acid vs xanthinol nicotinate, memory, 35–45 vs 55–65 vs 75–85 yr olds, 26699
number of combinations & elements in problem & role of short term memory, problem solving task performance, college students, 19165
number of familiar items & their syllabic complexity, capacity & acoustical aspects of short term memory for Chinese vs English words & idioms, native Chinese speakers, test of chunking & acoustical loop hypotheses, 21195
number of variable dimensions, short term memory for figural items, college students, 29152
number pairs presented with vs without rectangle, recall, adults, 5505
oral iron therapy, short term memory & attention span, 14–24 yr old pregnant females, 30733
oral stimulus recognition test, measurement of short term memory, elderly paranoid patients, 3816
performance on short term semantic & visual memory tasks, patients with history of alcohol abuse, 24762
phonological coding & inner speech & short term memory, patients who are dysarthric due to brain damage, 20113
priming & long vs short term retention intervals, word fragment completion, college students, 308
priming effects & short vs long retention intervals, perception identification of vs recognition memory for words, 3050
priming in short term memory as model for latent inhibition & habituation, male rats, 11074
pure-tone stimulation, discrimination of intensity differences & short term memory, 2nd–6th graders vs college students vs mildly mentally retarded 22–33 yr olds, 24829
related vs unrelated noun pairs with vs without digit preload, response latency in sentence production & short term recall of pairs & preload, college students, 21186
reversible lesion in inferotemporal vs prefrontal cortex, electrical activity & performance on visual short term memory task, macaques, 8499
role of hippocampus in processing stimuli in short term memory, animals & humans, 18 comments & author's reply, 29293
role of rehearsal proficiency & item identification in developmental auditory serial short term memory, 1st–6th graders, 16913
role of short term memory in learning delayed reaction vs alternation, cats, 5563
same-modality vs semantic distractor tasks during retention interval, short-term memory for odors, college students & faculty, 3057
short term image memory, rats, 5529
short term memory capacity, mildly vs moderately retarded vs normal beginning students vs 3rd–4th graders, 6692
short term memory for content & position of visual stimuli, 20–70 yr olds with aphasia, 30342
short term memory for rhyming & nonrhyming sentences in kindergarten, reading ability in 1st grade, children, 828
short term memory performance using delayed conditioned discrimination procedure, homing pigeons vs jackdaws, 29221
short term memory processes, maintaining location during counting, college students, 8240
simultaneous visual & auditory signals, short term memory, pigeons, 5556
simultaneous vs sequential presentation of visual stimuli, immediate ordered recall, college students, 26359
size & shape of haptic stimuli & response with same vs opposite hand, short term memory in delayed matching-to-sample task, monkeys, 29186
size of constant prefixes presented during production of numerical information on keyboard, short term memory, college students, 324
stimulus vs performance based measures of auditory backward recognition masking, pitch identification, college students, 3007
storage of numbers in auditory & visual short term memory, digit-span recall, college students, 302
suffix effect, immediate serial recall of preterminal items on number lists of known vs unknown lengths, college students, 5502
taxonomic category of words & intertrial interval, recall & skin conductance response, college students, implications for habituation & proactive inhibition in short term memory, 23874
test stimuli categorical membership knowledge, directed- vs random-entry model conceptualizations of selective search in short term memory, college students, 13684
text structure, short- & long-term retention for prose, elementary education majors, 21196
time delayed matching to sample task, short term memory process & forgetting, mild & moderate & severely mentally retarded adults, 1470
use of Learning Efficiency Test, assessment of short term memory ability, 12.3 yr old male with perceptual motor difficulties, implications for instructional strategies, 28581
variation in length of retention interval, interference in short term memory, rats, 3075
verbal rehearsal & short term memory for lists of pictorial items, capacity for items & order information & semantic organization & nonlist intrusions, language disordered 7.5–12.8 yr olds, 12227
visual mask, hypnotizability & speed of information transfer from iconic to short term memory, high vs low hypnotic Ss, replication of research by R. E. Ingram et al, 16305
zopiclone vs flunitrazepam vs triazolam vs lormetazepam, information processing in short term memory scanning task, female 24–40 yr olds, 8612
Short Term Potentiation [See Postactivation Potentials]
Short Term Psychotherapy [See Brief Psychotherapy]
Shyness [See Timidity]
Siamese Twins
historical review of psychological & physiological findings from study of Siamese twins, 29257
Sibling Relations
attachment & quality of relationship & roles, split placement in foster families, siblings, 30847
birth order & age interval between siblings, patterns of interaction with sibling vs peers, preschool & school aged same- vs mixed-sex sibling dyads, 2nd followup study, 16969
birth order & envy & jealousy, relations & character formation & object relations, siblings, 6144
Brothers & Sisters Fighting Survey designed & administered by gifted students, perception of causes & cures of sibling rivalry, gifted 4th graders & female vs male 4th–5th graders, 15857
characteristics of stepsibling relationships in remarried families, implications for developmental tasks for children of divorce, 9008
conflict with siblings vs parents, middle-class 10th graders, 9000
constructive role of & positive intricacies between siblings as reflected in psychoanalytic literature, 6211
differential sibling interaction & peer characteristics, variance in sibling personality difference scores on Sibling Inventory of Differential Experience, 12–28 yr old biological vs adoptive sibling pairs, 29686
direct prompting & modeling, reciprocal interactions & generalization, cerebral palsied & mentally retarded 4 yr olds & their 6.8–8.1 yr old siblings, 6-mo followup, 28200
maternal employment, relations with parents & siblings & peers, 10th graders, 6142
maternal ratings of easy vs difficult temperaments & sibling deidentification, middle class vs inner city mothers & their children, 6235
mother's own sibling relations, relationship with 1st born & preparation of daughter for newborn sibling, mothers pregnant with 2nd child, 6206
parental & sibling reactions & role of multidisciplinary treatment team, chronically ill children, 30450
parental influence, sibling relations & parent child relations, 6221
pathological sibling deidentification, 3–15 yr old first pairs of siblings with 1 or both designated as patients, 15067
positive influences & development-promoting aspects of siblings born in close developmental proximity, 4.5 & 2.5 yr old siblings, 6029
pragmatics of speech toward infant at 12–18 vs 18–24 mo of age, mothers vs 3–5 yr old siblings, 783
psychodynamics, sibling relations, 14295

quantity & quality of closeness of relationship as biasing factor in IQ heritability analysis, same-sex monozygotic vs dizygotic twins, 19313
reactions to social behaviors by 4–8 yr olds, parents vs siblings, 3580
self perceived personality traits as determinants of psychological position vs birth order, children from families with 2 or 3 same-sex siblings, 11520
self perception & social comparison & gender identity & sex of sibling, educational & occupational aspirations, male vs female 16–18 yr olds, Scotland, 11471
sibling relations, children over 9 yrs old labeled vs not labeled as gifted, 26989
sibling relationships, behavior at home & school & peer relations, 36–64 mo olds, 887
sibling relationships in children's literature, bibliography, 14106
sibling variables, perceptions of family learning environments, Anglo-Australian vs Greek vs Southern Italian 16 yr olds, Australia, 29722
structure of naturally occurring verbal quarrels, 5 yr olds & their 4–6 yr old peers vs 2–4 vs 6–9 yr old siblings, 26933
Siblings [See Also Brothers, Heterozygotic Twins, Monozygotic Twins, Sisters, Triplets, Twins]
anxiety & depression & psychosomatic complaints & behavior problems, parents & siblings of 4.7–18.1 yr olds with end-stage vs progressive renal disease, 27549
attachment & quality of relationship & roles, split placement in foster families, siblings, 30847
attitudes & defenses & emotional reactions to & subsequent family crisis following birth of mentally retarded child, parents & grandparents & siblings of mentally retarded 1–17 yr olds, 14768
birth order & envy & jealousy, relations & character formation & object relations, siblings, 6144
birth order, level of educational attainment, high school graduates & their siblings, 7633
characteristics & concerns & identification of counseling needs, siblings of handicapped children, implications for school counselors, 30911
clinical patterns & etiological factors & health care utilization, families with more than 1 handicapped child, 11900
consistency & change in maternal behavior toward siblings, biological vs adoptive siblings at 12 vs 24 mo of age, 21828
consistency of mother's behavior & development of individual differences, siblings each at 12 mo old, 8833
constructive role of & positive intricacies between siblings as reflected in psychoanalytic literature, 6211
early childhood sibling loss, psychosexual development & separation anxiety & survivor guilt & self esteem & pregnancy issues, female analysands, 30571
etiology & cerebellar disturbance, sisters with mania, reply to comments of C. G. Krasnow, 27254
etiology of mania, 33 & 34 yr old sisters with cerebellum disturbance, comments on article by K. G. Yadalam, 27242
event-related brain potentials during syllable discrimination task, 18–40 yr olds & their 19–39 yr old schizophrenic siblings, 1367
familial effect, brain ventricular size using computerized tomography scanning & interviews, patients with schizophrenia & their 25–42 yr old siblings, 22042
family relations & structure & severity of disability, psychological adjustment, siblings of mentally or physically handicapped children, implications for role of school psychologists, literature review, 11499
family size vs ordinal position vs sibling gender vs spacing, sex role development & social competence, college students, 19752
family structure & contiguity, IQ similarity, siblings, 861
feeding behavior & sibling competition, cattle egret families with nestlings, 26431
historical account of acquisition of personal pronouns, 1st born vs sibling, discussion of C. Cooley's 1902 work, 3456
impact on normal siblings & family dynamics, handicapped child, 6728
incidence of autism & cognitive disability, siblings of autistic children, 1253
intellectual & social experiences in widely vs closely spaced infant-sibling dyads, sibling status variables & infant cognitive level, 1–7.8 yr olds, 24157
interaction between mother & 1st born child before vs after birth of sibling, mothers & their 18–43 mo old 1st borns, 1005
loss of sibling in childhood or adolescence, mourning prohibitions, 15–74 yr olds, 3537
maternal affectionate & verbal & controlling behavior, development, 24–36 mo old biological vs adopted siblings, 26793
maternal interview vs direct observation of 1st child's temperament & behavior before vs after birth of sibling, mothers & their 18–43 mo olds, 1006
minimal age differences between siblings, risk of schizoid disorders, neurotic patients, support for hypothesis of neglect in development of schizoid disorders, 9291
need for assessment of risks/benefits & potential need for preparation prior to sibling visits in pediatric intensive care unit, 3–16 yr olds, 15254
neurological abnormalities, parents & siblings of schizophrenic patients, 30163
parents' educational background & early learning experiences & public school placement, brother & sister gifted with mathematical reasoning ability, 28559
peer workshop training program, understanding of & factual information & attitudes about handicaps, normal 3.8–7 yr olds with handicapped sibling, 1702
perception of experiences in family environment, 12–28 yr old White siblings from adoptive vs nonadoptive homes, 751
personal & familial factors, antisocial behavior, antisocial adolescents with non-antisocial same-sex sibling, 9406
platelet MAO activity & psychiatric disorder in probands, predisposition to bipolar affective disorders & reactive depression & alcoholism, parents & siblings of probands, 22137
presence of handicapped sibling & family relations, normal siblings, literature review, 1485
preventive group intervention, knowledge & feelings toward sibling's cancer, 7–12 yr old siblings of oncology patients, 28045
recent sibling death, behavior problems using parental answers on Child Behavior Checklist, 4–16 yr olds, 26922
request by sibling with prestige for family therapy, 25 yr old social worker with manic-depressive sister & parents whose relationship had deteriorated, 1846
role of siblings in psychoanalysis, 9746
self rating of adequacy & life satisfaction & perceptions of parents by normal offspring, parents of handicapped children & their normal college student children & college students with vs without handicapped sibling, 1673
sibling constellations, development of social cognition, female vs male 1st- vs 2nd-born college students, 24181
sibling number & birth order, IQ & educational attainment & current job status & earnings, offspring, research needs & implications for married couple's choice of number & spacing of children, 17068
sibling with chronic illness, psychological adjustment & risk of psychological disturbance, healthy children, literature review, 11485
siblings hospitalized with acute or chronic or progressive illness, changes in feelings & family relations, 5–17 yr olds, 15227
sibship size, participation in skill development program, 5–16 yr olds living in low-income housing project, Canada, 22662
social classes, adoptees vs biological full siblings vs maternal half vs paternal half siblings vs biological children of adoptees' adopted parents, 489
socialization & behavioral qualities, 4–6 vs 9–10 yr old only vs sibling children, implications for family planning, China, 21663
sources of stress & respite care programs, parents & siblings of intellectually handicapped children, 22200
temperament, Down's syndrome children with mean age of 30 mo vs their siblings, 9440
Sick Leave [See Employee Leave Benefits]
Side Effects (Drug) [See Also Drug Addiction, Drug Allergies, Drug Dependency, Drug Sensitivity]
acute adverse reactions to alcohol vs marihuana vs hallucinogens vs phencyclidine & psychological distress, drug use patterns, 10th vs 11th vs 12th graders, 1-yr study, implications for drug abuse prevention programs, 26907
adinazolam, progressive replacement of depressive symptoms with manic symptoms, 29 yr old female patient with major bipolar disorder, 22572

administration of psychotropic drugs, vocational aptitude & interest scores, psychiatric inpatients, 30737
adverse drug reactions, acute psychiatric admission rates, 18–87 yr olds, Israel, 20511
age & incidence of drug-induced parkinsonism, psychiatric patients over vs under 40 yrs old being treated with haloperidol, followup study, 18083
akathisia variants & tardive dyskinesia, comments on article by T. R. Barnes & W. M. Braude, 4536
alprazolam, development of acute excitatory states with features suggestive of mania, 32–34 yr old patients, 3 case reports, 1957
alprazolam, development of hepatitis, 32 yr old female patient with agoraphobia & panic attacks, 18068
alprazolam-induced mania, 29 yr old female with depression, 25316
alprazolam, manic episodes, 20 yr old female & 22 yr old male with panic disorder, 22573
alprazolam vs diazepam for 7 consecutive days, sleep quality & daytime sleepiness & performance & mood, 20–42 yr old nonanxious volunteers, 24023
altered consciousness & EEG dysfunction induced by valproate/neuroleptic treatment, 38–64 yr olds with schizoaffective disorder, 28003
amitriptyline, heart rate & blood pressure, 60–82 yr old depressed patients, 25275
amitriptyline treatment, development of acute cerebellar syndrome, depressed 58 & 65 yr old male & female patients, 7234
amitryptyline vs mianserin, frequency & amplitude & duration of nocturnal penile tumescence & sleep characteristics, healthy 18–35 yr olds, 29443
amoxapine vs standard neuroleptics, serum neuroleptic level & activity & extrapyramidal side effects, 32–53 yr old patients with affective disorder or schizophrenia, 25289
anticipatory nausea & vomiting & anxiety after completion of chemotherapy, 20–46 yr old male cured Hodgkin's disease patients, 22519
antihistamines, severity of CNS impairment, implications for use by aircrews, conference presentation, 12569
antimotion sickness drugs, performance on pursuit motor task, 18–30 yr olds, implications for drug use by aircrew members, conference presentation, 12596
antimotion sickness drugs, tracking under static vs dynamic conditions & visual fixation ability during motion, college students, implications for transportation systems, 12581
antipsychotic activity & maintenance dosage & side effects of haloperidol decanoate vs pipothiazine, 19–50 yr old male schizophrenic outpatients, 18033
antipsychotic drug side effects & relationship to dosage levels, acute & long term psychotic states, conference presentation, 12559
antipsychotic drugs & prevalance & nature of akathisia, 21–43 yr old chronic schizophrenic outpatients with tardive dyskinesia, 4468
anxiety & nausea & vomiting before vs during vs after chemotherapy, 17–81 yr old cancer patients, 12571
atropine, neurotoxicity & brain damage resulting from interaction between lithium & stress-induced increases in cholinergic activity, 15207
behavioral screening method, assessment of limbic & striatal blocking effects of neuroleptic drugs, male rats, 20970
benzodiazepine therapy, psychoactive drug-induced confused state & abnormal EEG, 38–57 yr old patients, 7258
benzodiazepine treatment, development of automatism, patients with anterograde amnesia, 4486
benzodiazepines, receptor-mediated chemotoxis of human monocyte, implications for drug therapy, 21582
bromocriptine, haloperidol-induced neuroleptic malignant syndrome, 17 yr old male with psychotic symptoms, case report, 30790
bromocriptine mesylate, serum prolactin levels, 18–50 yr old psychiatric outpatients with thioridazine-induced hyperprolactinemia, 25276
bromocriptine, neuroleptic drug-induced tardive dystonia, 27 yr old male with schizoaffective psychosis, case report, 30751
bromocriptine, psychotic symptoms & anxiety & aggressiveness & organicity, 35 yr old female in treatment for regeneration of menstrual cycle, case report, 27999
bromperidol, schizophrenia, 14–67 yr old patients, 4516
butyrophenone group of neuroleptic drugs, Pisa syndrome, case illustrations of 57 & 32 yr old males, 1964
calcium metabolism, epileptic 16–70 yr old institutionalized mentally retarded patients receiving anti-epileptic drugs, 15131
carbamazepine & haloperidol, psychotic symptoms, 22–64 yr old psychotic male patients, conference presentation, 22514
carbamazepine, development of fatal aplastic anemia & severe dermatitis & hepatitis, 24 & 42 & 49 yr old female patients with bipolar disorder, 1939
carbamazepine, exacerbation of seizures, 2–12 yr olds with complex partial seizures, 25327
chlorimipramine &/vs thioridazine, torsade de pointes ventricular tachycardia, 71 & 60 yr old depressed females with long QT interval syndrome, implications for EKG evaluations of depressed patients, 15137
chronic ethanol administration, turnover of dopamine & noradrenaline in caudate & accumbens nuclei, male rats in swimming test, implications for depression, 26657
chronic haloperidol, biochemical parameters of neuroleptic-induced brain damage & tardive dyskinesia, male rats, 26640
clinical & chemical & pharmacologic properties & therapeutic actions & side effects of oral psychotropic medications, France, conference presentation, 4523
clinical & mechanical aspects & impact of haloperidol, gait abnormality, 36–66 yr olds with Huntington's disease, 30745
clinical considerations in diagnosis of isoniazid-induced pellagra encephalopathy, necropsy cases of 35–72 yr old tuberculous schizophrenic patients, Japan, 20172
clomipramine, inappropriate lactation with amenorrhea, 26 yr old female being treated for attempted suicide, 18028
clomipramine vs citalopram, orthostatic hypotension, depressed 23–62 yr olds, 22524
clozapine vs fluperlapine, 64–80 yr old patients with Parkinson's disease & drug-induced psychosis, 25322
CNS stimulating vs antipsychotic vs anxiolytic vs antidepressant drugs, traumatic edema in ear pinna, rats, 5896
codeine & acetaminophen, acute psychotic symptoms, 20 yr old White male, 9916
cognitive performance, medicated schizophrenic patients with tardive dyskinesia, 18043
computer analysis of voiceprints, diagnosis of tardive dyskinesia, psychiatric patients who had been treated with long acting phenothiazines, 6741
cranial nerve palsy induced by lithium therapy, 27 yr old male with manic depression, 25326
dantrolene sodium followed by fluphenazine, neuroleptic malignant syndrome resulting from fluphenazine treatment, schizophrenic 19 yr old male, case report, 30747
dantrolene sodium, neuroleptic malignant syndrome, 64 yr old male, 15156
delta-tetrahydrocannabinol, tolerance to hypothermic effects & reduced brain histamine & clomipramine-induced withdrawal symptoms, male rats, 21617
deposits of iron in basal ganglia & substantia nigra & treatment with lithium carbonate & haloperidol, male patient with bipolar affective disorder who developed tardive dyskinesia, criticism of report by W. G. Campbell et al, 18035
depression as side effect of thiazide diuretics, hypertensive 44–69 yr olds, 4520
desipramine, painful postcoital testicular retraction, 44 yr old male with major depression with melancholia, 22591
detection & correction of errors in prescribed medications & drug iatrogenesis, pharmacists & their students & physicians, implications for liability exposure of medical organizations, 25272
development of acute pancreatitis after overdose with amoxapine & procyclidine, 26 yr old female with schizoaffective disorder, case report, 27588
development of acute psychoses following bupropion treatment, 35–75 yr olds, 12550
diabetic ketoacidosis associated with lithium, 41 yr old male with no family history of diabetes, case report, 27976
diagnosis & drug treatment & prevention of neuroleptic drug-induced tardive dyskinesia, 27979
diagnosis & treatment of neuroleptic malignant syndrome, comments on article by J. L. Levenson, 22556

diagnosis & treatment of neuroleptic malignant syndrome, comments on J. L. Levenson's discussion, 22582
diagnosis & treatment of neuroleptic malignant syndrome, reply to criticisms of S. D. Roth et al & D. F. Levinson & G. M. Simpson & P. S. Mueller, 22555
diazepam, visuomotor RT, adults, 8517
differential diagnosis of neuroleptic malignant syndrome following neuroleptic drugs, febrile patients, 30427
dihydroergokryptine, cerebral bioelectrical activity & symptom severity & side effects, Parkinsonian patients, 22584
diisopropylfluorophosphate vs oxotremorine & physostigmine, behavioral supersensitivity to muscarinic antagonists, rats, 23962
diphenylhydantoin & trimethadione & phenobarbital, delayed development & hyperactivity & impaired learning & brain amino acids, rats & their prenatally exposed offspring, conference presentation, 29486
diphenylhydantoin encephalopathy, 26 yr old female with epilepsy, 7177
diphenylhydantoin, sex-linked recessive lethal mutations, Drosophila melanogaster, implications for treatment of epilepsy, 26730
disulfiram, hepatitis, alcohol abusing 39 yr old female, 18327
disulfiram, hepatotoxicity, 40 yr old female with alcoholism, 2176
domperidone vs haloperidol vs chlorpromazine, stereotypic behavior elicited by systemic apomorphine & catalepsy, mice, 24046
dosage &/vs regular slow release lithium preparations, impairment of renal concentrating ability, patients with bipolar depression vs manic disorder, 30757
dosage level of alprazolam, inhibition of orgasm, 44 yr old female with borderline disorder, 7242
dosage level of clonidine, atypical tic disorder following methylphenidate treatment, 11 yr old female with attention deficit disorder, 1923
dosage of tricyclic antidepressant drugs & diagnosis & weight gain & clinical improvement & patient characteristics, reported excessive appetite & craving for sweets, depressed 50–86 yr old outpatients, 25329
doses of morphine & painful stimuli, analgesia & sensory & affective visual analog scale responses, 20–40 yr olds, 19485
drug-free periods & neuroleptic & antiparkinsonian intake & organicity, tardive dyskinesia, psychiatric outpatients, conference presentation, 22601
drug induced dysosmia & dysgeusia presenting as depression, 45 & 71 yr old females, 1931
drug surveillance program, research on psychotropic drug-induced side effects, 9903
ECT treatment of neuroleptic malignant syndrome, 46 yr old hospitalized male with schizoaffective disorder, 14947
effectiveness & limitations of neuroleptic drugs, pediatric psychiatry, 9888
effects from short term drug administration, taxonomy of prediction of therapeutic drug efficacy, animals & normal Ss & patients, 20392
efficacy & side effect profile of fluvoxamine, 21–64 yr old outpatients with major affective depression, 4481
efficacy & side effects of zimeldine vs doxepin hydrochloride, depressed in- & outpatients, 25315
efficacy & speed of onset & cardiovascular & adverse effects of amoxapine & maprotiline & trazodone & bupropion, 12577
evidence for side effects of maprotiline vs amoxapine vs trazodone, 18082
fatal heatstroke induced by fluphenazine decanoate & benztropine mesylate & haloperidol, 54 yr old male with chronic schizophrenia, case report, 27978
fenfluramine & mazindol, cardiomyopathy, mildly obese 36 yr old female, 22537
fenfluramine, autism, 7 & 9 & 10 yr old males, 9911
fenfluramine therapy, autism, 9930
fluoxetine vs imipramine vs amitriptyline vs doxepin, EKG, 18–88 yr olds with major depressive disorder, conference presentation, 7171
fluphenazine esters, side effects induced by maximal plasma concentration, 35–60 yr schizophrenic outpatients, 22512
function & treatment modalities of Medically Induced Addiction Center program, 69 yr old with chronic stasis ulcer, 18328
haloperidol & insulin-induced hypoglycemia, somatotropin, 3.5–5.3 yr olds with autism, 20382
haloperidol-induced akathisia, homicide & suicide, 23–52 yr old males, conference presentation, 12582
high aspirin-induced blood level of salicylate, hearing music as form of tinnitus, 70 yr old female with otosclerosis & rheumatoid arthritis, 22219
high doses & depot preparations as risk factors, 18–64 yr old patients with neuroleptic malignant syndrome, literature review, 1928
homovanillic acid level in CSF & side effects due to treatment with haloperidol or chlorpromazine & benztropine, 18–38 yr old psychotic patients, 9876
human leucocyte interferon-induced memory & psychomotor dysfunction, 46–65 yr olds with amyotrophic lateral sclerosis, 30739
hypertensive episodes following physostigmine therapy, 72 yr old female in treatment for Alzheimer's disease, case report, 27943
hypomania following addition of levo-tryptophan to MAO inhibitor, 28 & 32 yr old depressed females, 12549
iatrogenic effects of antipsychotic medications, akinesia & tardive dysmentia & frontal lobe disorder, schizophrenic patients, 9901
iatrogenically induced tardive dyskinesia from neuroleptic treatment & patient-therapist sexual activity & use of patient's records vs examination for opinion, malpractice actions, psychiatrists, case law, 1059
imipramine, panic disorder beginning during recreational cocaine use & continuing after drug termination, 25–29 yr olds, case reports, 22515
importance of communication & informed consent regarding neuroleptic-induced dyskinesia, clinicians & their patients on drug therapy, 1941
in vitro vs in vivo ethanol, radioactive t-butylbicyclophosphorothionate binding to GABA receptor complex, rats, 26754
increased carbidopa/levodopa ratio, levodopa pharmacokinetics & side effects, healthy 21–25 yr olds, 26687
increased dosage of fluoxetine, increased mania, 44 yr old male with treatment resistant depression, 22523
instruction in tardive dyskinesia, recall of instructions, 26–66 yr old schizophrenics with vs without tardive dyskinesia, implications for treatment, 25290
lack of association between cognitive impairment & tardive dysmentia scores, chronic psychiatric patients, criticism of article by I. C. Wilson, 9309
levodopa with carbidopa, amelioration of levodopa-induced side effects & blood amino acid concentrations, patients with advanced Parkinson's disease, 30704
lithium at lower therapeutic levels, thirst & polyuria, patients attending lithium clinic, 18071
lithium carbonate & piroxicam interaction presenting as lithium toxicity, 64 yr old female with drug-induced ataxia & tremor & confusion & history of manic depression & osteoarthritis, 22600
lithium carbonate, downbeat nystagmus, male 57 yr old with manic depression, 15142
lithium carbonate, hair loss, patients on long term drug therapy, 26008
lithium carbonate in addition to neuroleptic therapy, extrapyramidal syndrome, manic 27 yr old female inpatient, case report, 27995
lithium carbonate, pituitary & peripheral hormones in serum, patients with endogenous depression, 20391
lithium carbonate retard side effects, psychiatric patients, conference presentation, 15152
lithium carbonate therapy, kidney side effects & psychopharmacological interactions, psychiatric disorders, implications for caution & monitoring of renal function during lithium treatment, 25279
lithium carbonate tolerance, 21 & 59 yr old females with history of bipolar depression who had been labeled lithium intolerant, 4501
lithium carbonate-triggered headaches, 45 yr old female depressed patient, 25271
lithium carbonate, urinary or urgency incontinence, 44–73 yr old females, 25318
lithium carbonate, 1st degree A-V block, 19–58 yr old patients, 9918
lithium, circadian rhythms, rats, 26707
lithium, development of dental alterations, patients, 4483
lithium, development of hypothyroidism & autoimmune thyroiditis, manic depressive 17–61 yr olds, 9878

lithium, development of sexual impotence, 42 & 58 yr old male patients, 4471
lithium discontinuation, side effects, patients with bipolar affective disorder, 18056
lithium therapy, renal functioning, manic depressive patients, 6–18 mo longitudinal study, 27949
lithium, thyroid function & antithyroid antibodies, psychiatric patients, 7216
lithium toxicity & subsequent death, brain glycine levels, 37 yr old inpatient with major affective disorder, 15193
lithium toxicity induced by combined amiloride hydrochloric acid-hydrochlorothiazide, 72 yr old female with bipolar disorder, 18049
lithium treatment, renal function & creatinine clearance & blood serum & urine levels of sodium & potassium & weight gain, 4515
long term antidepressant use in urban community mental health center, 20–70 yr old outpatients, 25317
long term lithium treatment & possible side effects, manic depression, 9941
long term lithium treatment, weight increase & affective disturbances, literature review, 9948
long term treatment with perphenazine decanoate, plasma concentrations & extrapyramidal side effects, psychotic patients, 27974
long term use of flupentixol decanoate, dropout & intervening depressive syndromes, chronic schizophrenic outpatients, 25273
long term use of over-the-counter psoriasis ointment containing mercury, side effects of motor tremors & intellectual deterioration & altered emotional state, 69 yr old male, 7180
low dosage desipramine, delirium, depressed 68 yr old female, 22552
maintenance neuroleptic vs lithium carbonate treatment, prevalence & outcome of persistent tardive dyskinesia, patients with bipolar disorder, 30763
MAO inhibitors & tricyclics vs levodeprenyl, protection against pressor response & hypertensive effect of oral vs iv tyramine, 27–62 yr olds with primary depression, 30765
maprotiline, articulation & finding of words, 54 yr old male with depression, 18098
maprotiline, development of seizures, depressed patients, 12544
maprotiline, myoclonus, 54 yr old female with depression & chronic chest pain, 15132
maprotiline vs trimipramine, unipolar major affective disorder, 18–60 yr old patients, 12572
mechanisms of action & clinical pharmacology & treatment efficacy & side effects of valproate, literature review, 22542
medical & psychological side effects of prophylactic lithium therapy, manic depression, 4530
medical & psychosocial complications from tardive dyskinesia, literature review, 6908
mental confusion following ranitidine treatment for bleeding gastric ulcer, 68 yr old female, 18110
metrizamide myelography, development of Broca's aphasia & speech apraxia & stuttering, 62 yr old male with lower extremity weakness & urinary incontinence & 54 yr old female with low back pain, 30446
mianserin & amitriptyline & imipramine & maprotiline pulse & blood pressure & salivary secretion & finger sweating, healthy volunteers, 8632
mianserin vs nomifensine & clobazam, depressed patients, conference presentation, 30749
milenperone, aggressiveness & side effects, 66–89 yr old nonpsychotic psychiatric patients, 20379
molindone vs haloperidol, masking of withdrawal-exacerbated tardive dyskinesia, 18–70 yr old subchronic schizophrenic & schizoaffective disordered outpatients, 22540
mono- vs polytherapy with diphenylhydantoin, level of phenytoin & side effects, patients, 12580
myopathy due to misuse of ipecac, 26 yr old female with bulimia & depression, 9586
naloxone dyskinetic movements following levodopa administration, 52 & 64 yr old males with Parkinson's disease, 15185
naltrexone, dysphoria, 28–39 yr old former opioid addicts, implications for treatment compliance, 4703
neuroleptic dosage adjustment & treatment with antiparkinsonian agents, akathisia, 18 & 28 & 29 yr old schizophrenic patients, 25325
neuroleptic dose & tardive dyskinesia, attention & information processing & psychophysiology, 18–55 yr olds with chronic schizophrenia, 4535
neuroleptic drug-induced skin pigmentation, 19–65 yr old chronic hospitalized schizophrenic patients, Europe & Asia & Central & South America & North America & Africa, 25266
neuroleptic drug induced tardive dyskinesia & subsequent development of fatal myoglobinuric renal failure, 45 yr old female with schizophrenia, 18076
neuroleptic drugs, tardive dyskinesia, 9926
neuroleptic drugs, tardive dyskinesia & other movement disorders, handicapped children, 1922
neuroleptic malignant syndrome, 3 case reports, 7204
neuroleptic vs organic & metabolic hysteria-like symptomatology, patients, 20381
neuroleptic withdrawal & methylphenidate, dyskinetic symptoms, severely & profoundly mentally retarded adolescents & adults, 1906
neuroleptics vs lithium, renal function, 21–71 yr old psychiatric patients, 15204
neuropsychological & genetic risk factors, tardive dyskinesia, 20–37 yr old patients with schizophrenia, 3954
neurotoxic effects of prescribed medications, 7229
obstetric drugs, behavioral development, infants, evaluation of studies by T. Anders et al & C. N. Jacklin & E. E. Maccoby & A. F. Korner et al, 4503
occurrence of side effects in phenelzine & tryptophan therapy, 28 & 57 yr old males & 31 yr old female with major depression & melancholia or bipolar depression, implications for use of serotonergic agents with MAO inhibitors, 25301
onset of confusional manic symptoms following amoxicillin treatment for urinary tract infection, 30 yr old female, 18032
oral lorazepam, immediate & delayed recall, 19–36 yr olds, 5895
perphenazine decanoate vs perphenazine enanthate, plasma concentrations & extrapyramidal side effects, 27–58 yr old schizophrenic inpatients, 27972
perphenazine decanoate vs perphenazine enanthate, plasma concentrations & extrapyramidal side effects, acute psychotic patients, 27971
personality correlates of physical reaction to prolactin, maternity patients, 4-yr longitudinal study, 9899
pharmacological & side effect profile of butorphanol, research review, conference presentation, 8592
phenothiazine derivatives, immune response & cytotoxicity, 5920
phenothiazine therapy, agranulocytosis, 35 & 33 yr old males & 64 & 63 yr old females with schizophrenia, 20424
phenytoin, reversible chronic cerebellar ataxia & axonal polyneuropathy, 17 & 50 yr old females with epilepsy, 20377
phenytoin therapy for post-head-injury seizures, dysfluency & stuttering, 42 yr old male, 12564
physostigmine, arrhythmic effect, 85 yr old male with Alzheimer's disease, 25283
physostigmine, ranitidine-associated delirium, 25 yr old female with depression & suicidality, 25292
pigmentary retinopathy following thioridazine treatment, 51 yr old female with paranoid schizophrenia, 25295
pipotiazine palmitate, duration of therapeutic & side effects, psychotic 33 yr old female, 12554
pituitary-adrenocortical disinhibition & intolerance to fluvoxamine, 21–60 yr old outpatients with major depression, conference presentation, 15124
population at risk & clinical precautions & diagnosis & treatment with bromocriptine & dantrolene, neuroleptic malignant syndrome, 22565
prenatal diazepam exposure, functional deficits & neural alterations measured by auditory function & restraint stress tests, rats & their offspring, conference presentation, 29439
prenatal exposure to diethylstilbestrol, sexual activity level & functioning, 17–30 yr old females, 30756
prenatal exposure to exogenous estrogen, sexual orientation, 17–30 yr old females, 4482
prevalence & somatic concomitants of anticipatory nausea & emesis, cancer patients receiving chemotherapy, 4480
prevalence of rabbit syndrome, 42–77 yr olds receiving neuroleptic treatment, 22602

prevalence of tardive dyskinesia, 55–91 yr old psychiatric outpatients, 1532
prolonged morphine vs naloxone administration, met-enkephalin levels & opiate receptor density & number of H-dihydromorphine & dextro-Ala-dextro-Leu-(H)-enkephalin binding sites in striatum & brain stem, 4–5 wk old mice, 16575
propafenone, development of secondary mania, 39 yr old female with heart problems, 4495
propranolol, tonic-clonic leg jerking following withdrawal from imipramine, depressed & hypertensive 47 yr old overweight female, case report, 27957
propranolol, 32 yr old female with transitory spatial disorder, 4470
psychogenic polydipsia & nephrogenic diabetes insipidus secondary to lithium, 50 yr old male with schizoaffective disorder, 25280
psychopharmacotherapy & complications, patients with cortical disturbance syndromes & psychosensory disorders & toxic polyneuropathy, 20405
psychosis & neuroleptic malignant syndrome, 32 yr old male, 4463
psychosomatic & behavioral factors in incidence of gastrointestinal disorders & possible complications induced by pharmacological agents utilized in treatment, geriatric patients, 22553
psychotropic drugs administered between bentonite edemas of paws, acute inflammatory reaction, rats, 14017
psychotropic drugs, adverse effects, psychiatric outpatients, 9940
psychotropic drugs, sexual response & orgasmic inhibition, female patients, 15189
radioreceptor assay in screening for cognitive toxicity of anticholinergic drugs, chronic & stable psychiatric outpatients, 20393
ranitidine, depression, 45 yr old female with headaches & 78 & 65 yr old males with duodenal ulcer or dyspepsia, case reports, 27939
recognition & characteristics & diagnosis of tardive dyskinesia, 9910
remoxipride & side effects, 19–50 yr old florid schizophrenics, 25304
residual effects of flurazepam vs triazolam, cognitive performance & mood, 40–65 yr olds with alcoholism, 20409
respiratory drugs, psychiatric reactions, 18059
responsibility & compensation for tardive dyskinesia, patients in long term treatment with antipsychotic medications, 1061
retinopathy & tardive dyskinesia following low-dose thioridazine, 67 yr old male with bipolar disorder, 18031
risks of antidepressants vs antipsychotics vs anxiolytics vs lithium during pregnancy, 15145
safety of combined neuroleptic drugs & lithium therapy, manic patients, 27960
serum concentrations of zuclopenthixol decanoate, side effects & clinical state, 26–72 yr old schizophrenic patients, 25298
serum thyroxine & urine concentrating ability & adenylate cyclase inhibition, development of nephrogenic diabetes insipidus & hypothyroidism, patients receiving lithium, 30791
side effect & dependence profile of nalbuphine, research review, conference presentation, 8605
side effects & improvement & response predictors of diazepam, patients with anxiety, 27993
side effects & safety of fluoxetine, 7272
side effects following triazolam administration, 36 yr old male with insomnia, 15197
side effects from Tylenol & Feldene & Flexeril & Ativan & imipramine, 67 yr old female with auditory & visual hallucinations, 7161
side effects of clozapine vs chlorpromazine, psychiatric patients, 7264
side effects of metrizamide injection used as contrast medium in lumbar myelography, 33 yr old female with low back pain, 25270
side effects of neuroleptic drugs, 30706
Sominex, tardive dyskinesia, 50 yr old schizophrenic female on chronic neuroleptic therapy, 22549
steroid-tricyclic interaction, toxic psychoses, agitated & depressed 50 yr old female treated with prednisone for temporal arteritis, 1934
subtherapeutic or lethal doses of anticonvulsants, sudden death, epileptic patients, implications for patient compliance in epilepsy, 27980
successive administration of viloxazine & dosulepin, cardiotoxicity, 41–82 yr olds with endogenous & involutional depression, 7240
sulpiride-induced hyperprolactinemia & impotence, 24–46 yr old patients with schizophrenia or anxiety disorders, 7271
symptoms & etiology, neuroleptic-induced tardive dysmentia vs supersensitivity psychosis, criticism of I. C. Wilson's article & S. Mukherjee's criticism, 9271
system for monitoring tardive dyskinesia & legal & media issues, 9908
tardive dyskinesia as side effect of antipsychotic drugs, psychiatric patients, 15144
tardive dyskinesia symptoms, ability to perform daily activities, 26–73 yr old psychiatric patients receiving neuroleptic drugs residing in foster home care, 27951
temazepam or triazolam vs other benzodiazepines, side effects involving agitation, 29–75 yr olds with insomnia, 15181
therapeutic effect & safety of alprazolam vs doxepin, primary unipolar depression, 18–70 yr old outpatients, 4464
therapeutic efficacy & side effects of nomifensine vs maprotiline vs imipramine, patients with endogenous vs reactive depression, 7169
thioridazine induced inhibition of sexual response, males vs females, 1951
thioridazine, serum prolactin level & occurrence of prolactin secreting pituitary chromophobe adenoma, male 42 yr old with paranoid schizophrenia, case report, 28004
tolerability & therapeutic effects of long term clozapine, 14–73 yr old hospitalized psychiatric patients, 12-yr longitudinal study, 4524
toxic hepatitis as side effect induced by antidepressants or phenothiazines or antiepileptics or anxiolytics or other neuroleptic drugs, psychiatric disorders, 30726
toxic symptoms from desipramine, 64 yr old female with major depression, 4490
transdermal scopolamine, naval-related & cognitive test performance, 18–20 yr old male naval volunteers, implications for prevention of seasickness, 16640
trazodone & increase in libido, female 26 yr old with anhedonia & hypersomnia & guilt & suicidal ideation & 34 & 44 yr olds with dysthymic disorder, case reports, 27956
trazodone, erythema multiforme, female 63 yr old with treatment-resistant depression, 15138
trazodone, prolonged penile erection as side effect, 46 & 52 yr old depressed & suicidal businessmen, 1948
treatment of neuroleptic malignant syndrome, comments on article by J. L. Levenson, 22566
triazolam, immediate & delayed recall, 21–37 yr olds, 29472
tricyclic antidepressants or MAO inhibitors or lithium or trazodone or alprazolam or bupropion or nomifensine or ECT, cardiovascular function, cardiac patients, literature review, conference presentation, 27968
tricyclic vs tetracyclic antidepressant drugs, seizures, psychiatric inpatients, 7191
tryptophan, serum prolactin & neuromotor function & subjective mood & blood pressure & pulse, depressed patients before & during tranylcypromine treatment, 25313
verapamil, phenelzine-induced hypomania, depressed 48 yr old female, 30719
viloxazine, sleep EEGs, 30–57 yr old patients with depression, 4531
withdrawal of antiparkinsonian drugs & maintenance of neuroleptic therapy, tardive dyskinesia symptoms, 33 & 57 & 60 yr old females with manic depression or schizophrenia, 25334
withdrawal of neuroleptic drugs & tardive dyskinesia side effects, 5–47 yr old mentally retarded patients, 30735
written informed consent vs informal discussion about possibility of tardive dyskinesia, relapse or neuroleptic treatment noncompliance, chronic psychiatric patients, 1-yr followup, 4514
yohimbine, imipramine-induced orthostatia, 55 yr old female with depression, 18064
zimeldine-induced Steven's Johnson syndrome, depressed 69 yr old female patient, 18104
zopiclone, insomnia, 18–60 yr old patients of family practice, 25291
1-methyl-4-phenyl-1,2,3,6-tetrahydropyridine neurotoxicity, human Ss & monkeys, implications for animal model of Parkinson's disease, conference presentation, 20396
1 night of sleep deprivation & treatment with valproate sodium vs carbamazepine, sleep-wakefulness patterns, normal vs epileptic 8–60 yr olds, 25277

Sight Vocabulary
categorization level, sight word learning & recall, 5.9–6.7 prereading 1st graders, 4887
focal attention vs contextual theories, word recognition learning through visual exposure, 1st graders, 4891
sight word instruction with sign language, primary school children in special & regular classrooms with normal hearing, 20714
word list for computer assisted instruction in elementary school based on computer software programs, 7590
Sign Language
ABABA single-case program, establishment of selected hand signs, severely aphasic-limb-apraxic 71 yr old patient, 27889
acquired deafness & use of sign language, social networks, deaf & hard of hearing adults, 12750
American Sign Language signs in habituation-dishabituation task, discrimination of salient gestural contrasts along dimensions of repetition vs plane vs arcness vs direction, hearing 128–138 day olds, 19582
brain damage with vs without aphasia, recognition & imitation of Amer-Ind gestures vs American Sign Language signs, 55–86 yr olds, 27526
comprehension of English through Seeing Essential English & Sign English, deaf 5.4–8.8 yr olds, 25860
correspondence of messages conveyed by simultaneous speech & sign communication, deaf female 19 yr olds & 27 & 33 yr old teachers with varying experience in English &/or sign language, 6823
cued speech training, lipreading & generalization of skills to articulation responses, 23 & 26 yr old males with congenital bilateral sensorineural hearing loss, 22606
development & sign-based perceptual abilities, deaf 5–9.9 yr olds, 20164
development of linguistic & cognitive flexibility evidenced by nonliteral language use, deaf vs hearing 7.9–14.7 yr olds, 27618
development of social & communicative rules & competent use of sign language & exploration of environment, prelingually deaf 1–3 yr olds, 1579
discourse skills development in sign language, profoundly deaf 3.8–11.4 yr olds with deaf vs hearing parents, 6848
French sign language, communication & identity development, psychotic deaf children, 4681
grammar & gestures in conversational sign language vs conversational speech, 8644
iconicity, acquisition of sign systems, young children with communication disorders, comments on article by M. Orlansky & J. Bonvillian, 3789
iconicity, learning of sign systems, 10493
imitation of American Sign Language as language learning & nonimitative utterances as knowledge of linguistic structure, chimpanzee, 8297
linguistic information presented in American Sign Language vs fingerspelled vs printed English, serial recall, deaf signers vs hearing college students, 22283
matching of signed & spoken message, mothers of hearing impaired 4.5–6 yr olds, implications for parent training, 20251
nomination vs action vs attribution signs from early sign teaching lexicons, perception of translucency, 4–4.9 vs 7–7.8 yr olds vs college students, 3446
oral & sign language communication ability, hearing disordered preschoolers & their mothers, 30426
recasting in American Sign Language or Pidgin Sign English by mother vs teacher, acquisition of syntactic-semantic structures in sign language, deaf 9–76 mo olds, 22317
role of head & torso & face & eyegaze, sign language communication, deaf signers, 24864
sight word instruction with sign language, primary school children in special & regular classrooms with normal hearing, 20714
sign language, interpersonal interaction, deaf children, 27531
sign language rehearsal strategy & generalization to uninstructured trials, memory, nonverbal severely mentally retarded vs deaf 5.4–14.7 yr olds with low normal to normal IQs, 27913
signed target phoneme & traditional therapy, acquisition of target phonemes, 5 yr old male with developmental apraxia of speech, 7304
speech &/vs signs vs cues expressive modes, speech intelligibility, profoundly deaf college students, 27490
spoken Spanish & English & conceptual sign language as trilingual education, deaf Hispanic children, implications for parents & teachers, 20766
structure & acquisition & British Sign Language as 1st language, deaf people, Great Britain, 4119
use of sign language in reading readiness programs, preschool age children, 22932
visual-perceptual-spatial deficits, learning of sign language, deaf children, 20781
Sign Rank Test [See Wilcoxon Sign Rank Test]
Signal Detection (Perception)
amplitude quantization & white Gaussian image noise, accuracy of visual signal detection, 21072
auditory signal detection, reality testing, hallucinating vs nonhallucinating schizophrenic patients, 24614
central regulations of visual sensory input, schizophrenic individuals, 6610
development of hearing prosthesis to replace functions of inner ear, conference presentation, 2819
diazepam & amphetamine sulfate, CFF frequency values, healthy males & females, evaluation of signal detection theory, 16700
hypnosis & signal detection theory, comments on article by P. L. Naish, 21209
introversion vs extraversion & neuroticism, nervous system response to visual RT & signal detection task, male college students, 16231
light adaptation conditions & intertrial interval & measurement orientation of sinusoidal grating stimulus, orientation discrimination in signal detection, 19079
luminance reduction & role of intrinsic noise in visual system, short & long term picture memory, comments on article by G. Loftus, 21117
noise correlation, detectability of disk signals in medical imaging, adults, 23557
Nucleus Limited multichannel cochlear prosthesis with wearable speech processor, conference presentation, 2838
optical distance of virtual image display, detection & recognition of small targets at infinity, 18–26 yr olds, implications for spatial disorientation & visual acuity of pilots, 28822
pairs of auditory stimuli varying in pitch within range of probability, processes in assessment of differences within 3-threshold payoff matrices, 19–28 yr olds, 8200
perception & discrimination of neutral vs emotive word stimuli, depressed vs nondepressed college students, implications for Pollyanna hypothesis, 27364
postcues, detection of auditory signals of uncertain frequency, college students, 19086
practice, message detection on 1 vs 2 vs 3 channels with 1 channel shadowed, 21 yr old males, 255
prediction of distance of underwater target detection, experienced divers, 21080
prior knowledge, detection & identification of visual signals in static noise, experienced Os, application of signal detectability theory, 21073
problems with hypnosis defined in terms of signal detection, comments on P. L. Naish's article, 21211
quiet vs white vs notched noise & tone bursts, early/middle EP & response detectability & latency & frequency specificity, normal-hearing 21–32 yr olds, 29261
signal detection account of hypnosis, reply to comments by V. H. Gregg & A. E. Whiteley & T. Moon, 21213
signal detection analysis, pain ratings following metamizole vs placebo treatment, headache patients, 9882
signal detection theory & methodological problems in research on effects of hypnosis on memory, 16333
signal detection theory & model of hypnosis, implications for clinical psychology, 21212
signal detection theory methodology, time of day experimentation & motivational state & true efficiency, college students, 5220
signal processing by House-3M cochlear implant, consonant perception, 20–58 yr old profoundly deaf single channel implant patients, conference presentation, 2812
spatial frequency masking, strategies in detection task performance, 21115
stimuli presented in auditory &/vs visual modalities, detection & recognition performance, sonar operators, 23294

stimulus presentation frequency, brightness discrimination & generalization, college students, test of adaptation-level vs signal detection theories, 13590
testing of models of criterion setting process in signal detection, 22–34 yr olds, 5421
theorems of detection-based interpretation of visual resolution, predicted vs observed performance in simple vs 1-of-m signal detection vs recognition tasks, 21070
tone level & signal-to-noise ratio, RT to onset of tone against background of continuous noise, 3011
wearing chemical protective clothing during exposure to heat & humidity, signal detection over visual field, 18–35 yr old male Army soldiers, 16032
word recognition in vocabularies of specific sizes, 18–30 yr olds, application of signal detection vs choice theory, 21190
Signal Intensity [See Stimulus Intensity]
Significance (Statistical) [See Statistical Significance]
Silent Reading
high vs low level proposition in text structure, oral vs silent reading rate & comprehension & cognitive processes, college students, 16324
oral reading to self vs audience vs silent reading with vs without listening, reading comprehension & recall, college students, 10411
vocabulary & word decoding & guided & motivational techniques, oral & silent reading, elementary school students, 20696
Similarity (Stimulus) [See Stimulus Similarity]
Simile [See Figurative Language]
Simple Schizophrenia
premorbid personality characteristics at onset, social & job adaptation, patients with onset of chronic simple schizophrenia at 10–20 yrs, 6592
Simulation [See Also Computer Simulation, Flight Simulation, Heuristic Modeling, Markov Chains, Mathematical Modeling, Simulation Games, Stochastic Modeling]
demographic characteristics & biopsychological responses, 17–58 yr old medical military personnel wearing chemical defense gear in simulated chemical warfare, 13178
description of large-group simulation Lump Sum, decision-making processes, multicultural groups, 9097
head positions & intensity of forward-facing impact, psychomotor performance in horizontal decelerator facility, implications for aircrew members during crash landings, 5382
high vs low information conditions, simulation of psychopathological responses & clinical judgments of depression, college students, 17365
information processing model of effectiveness of job performance feedback, college students, 20860
jury dogmatism & defendant similarity & pretrial suffering, sentencing decisions, college students as jury members, 21929
low-fidelity simulator, formation of hypotheses based on feasible set of symptom-case pairs & strategy for shifting to evaluation stage, marine engineer trainees, 18726
minimal vs lengthy delay between simulated vs in vivo instruction, community fast food restaurant performance, 8 & 13 yr old males with severe mental handicaps, 10138
neurotoxic chemical exposure scenarios previously encountered & recommended solutions, conference presentation, 26044
plastic vs inert adaptation, work capacity during head-down tilt simulated weightlessness, 3230
power press simulator, evaluation of workstation design options for foot switch & dual palm activation devices, industrial workers, 26035
psychological aspects of use of vehicle simulators in research, 100
psychological simulation of task & mental training methods vs training-by-doing, safe training method, machine plant trainees, 25965
reliability of simulated user trials in product design & enhancement, users in computer & telecommunications industries, 18782
simulated family therapy, therapist skill attainment, 25–59 yr old graduate family therapy students, 7562
simulation & games, learning about & changing cultural prejudices & discrimination, 17040
simulation approaches in forensic & legal psychology, 24394
simulation exercises & videotapes, development of group leadership skills, 31073
simulation of exposure to success of females in traditionally male occupations, subsequent sex bias in selection decision, male vs female college students, implications for organizational behavior, 24511
simulation studies, analysis of assumptions & approximations in biased network theory of A. Rapoport, 27151
undetected use of Ss trained to simulate disease, performance & information recorded on patient chart, family physicians, Canada, 31098
use of realistic organizational simulation for diagnosis & development, members of management teams, 10606
Simulation Games
computer simulated matrix vs functional organizations operating in volatile environment, organizational effectiveness, business students, 23222
development of Geriatrix, role-playing game to encourage empathy for elderly patients & their health-care providers, medical students, 31066
distributed learning of global maximum in 2-player stochastic game with identical payoffs, decision makers, 10657
external threat, group business decision-making processes in management simulation game, graduate business students, 5077
payoff matrix vs predictability of environmental state in computer simulated game, choice behavior, 3036
rationality in dollar auction game vs international escalation, 24253
simulation game of helping intentionality & harm doing, restitution, male college student dyads, 11740
simulation using microcomputer of equity concerns & social traps, 11774
teaching effectiveness of business games, college students, literature review, 1973–83, 22993
use of innocent deception in simulations utilized for teaching or research, trust, 22870
utilization of television quiz show model in leadership training workshop, college student government leaders & peer advisors, 25793
Simulators [See Simulation]
Sin
functioning of self in religion regarding biblical beliefs of sin & psychological notions of positive self regard, 17056
Sincerity
role of sincerity in teaching, classroom teachers, 25738
Single Cell Organisms [See Microorganisms]
Single Parents
development of Single Parenting Questionnaire, assessment of parenting factors that relate to child adjustment, divorced custodial parents, 5342
divorce & maternal employment status, sex role attitudes, mothers & their 3–6 yr olds, 17080
family relationships, stepfamilies vs 2-parent vs single parent families interviewed when eldest child was 2 or 5 or 10 yrs old, 26987
family stresses, adoption, single vs 2-parent adopters, 29846
family structure & interactions, perceptions of self & family, divorced vs married mothers & their 3–21 yr olds, 6219
imaginativeness & creative behaviors, preschoolers from single parent families, 14210
incidence of parental psychiatric disorders & divorce & single parents & pathological parent-child relationships, psychotic & borderline adolescents, implications for treatment, 11901
interactions in which mothers defer control to son & sons assume control, discrimination of high- vs low-problem mother-child dyads, 24–40 yr old divorced or separated White mothers & their 6–9 yr old sons, 3596
needs & stresses & dynamics, single parent families, implications for social work practice, 28120
parent-adolescent relations in single-parent divorced family, 15–18 yr olds, 9013
Parenting After Divorce educational prevention program, children's adjustment & parent functioning & family environment, divorced custodial parents of 7–12 yr olds, 7130
record keeping & outcomes & costs of paraprofessional parent aide program, prevention of child abuse or neglect, 28 yr old single mother, 15292

satisfaction & adjustment & comfort with roles of father & single person, divorced or separated fathers, implications for social workers, 14303
sex role attitudes & sex stereotyped behavior, single parent divorced mothers & their children, 17087
short vs long term effect of group competency-based program, stress & mental health, single mothers on government assistance, 10031
single parent & broken homes, emotional & psychological functioning & sexuality, children, 29828
socioeconomic level, children's adjustment, mothers of single vs 2-parent families, 14302
values & childrearing practices, childhood development, conventional married 2-parent vs single mother vs unmarried "social contract" vs communal group families, 12-yr longitudinal study, 27019
1-parent vs 2-parent families & parental educational attainment, mathematics achievement & word knowledge, 13 & 18 yr old junior high & high school students, 25821
Single Persons
division of authority & responsibility & role strain & societal constraints, happiness in marriage or single living, females, 8970
friendships & social support systems & methods of meeting people, satisfaction with single life, unmarried adults, Canada, 9122
personality correlates & educational vs career goals, childbearing plans, unmarried female college students, 11617
personality correlates & lifestyle, 24–65 yr old single females as "other women" in affair with married male, 27105
personality differences on MMPI, primigravida vs multigravida vs sexually active nonpregnant unmarried females, 17258
validity & reliability of Heterosocial Assessment Inventory for Women, measurement of dimensions influencing social behavior, single female college students, 20999
Sisters
etiology of transsexualism, sisters 39 & 40 yrs old, 22163
symptoms & course of illness, 15 & 20 yr old sister & brother with Hallervorden-Spatz's disease, 4208
Sixteen Personality Factors Question
assessment using 16PF & questions on lifestyle, hospitalized patients with acute myocardial infarction, 4142
factor structures of Arabic version of 16PF Form A & Eysenck Personality Questionnaire, college students, Egypt, 28926
higher-order personality dimensions, Interpersonal Style Inventory vs 16 PF, detoxified alcohol-dependent inpatients, 10808
Motivation Analysis Test & 16PF variables & telic dominance scale, 30 yr olds & younger, 3749
performance on 16PF, male vs female agoraphobic vs non-agoraphobic parents & their families, 19963
personality characteristics & motivational distortion as measured by 16PF , male offenders arrested for driving under influence vs reckless driving, 22187
personality factors as assessed by 16PF, American College Test scores, college honor students, 2434
reliability & validity of self report ego strength questionnaire & correlation with 16PF subtest & school conduct, 16124
score profile patterns in 16PF, high school & college students and adults, 10809
Size
brief familiarization experience with object, sensitivity to familiar size as information for distance of objects under monocular vs binocular viewing conditions, 7 mo olds, 21703
changing target size as stimulus for accommodation, 23–35 yr olds, 23554
contrast reversal of checkerboard pattern of variable check size & contrast, pupillary responses, adult female Ss, 13594
duration & size of peripheral vs foveal targets during scotopic vs mesopic vs photopic stimulation, duration of visual presentation in probe matching task, adult O's, 29048
memory vs perception condition, magnitude estimates of line length & polygon area, college students, 193
model of retinal inhomogeneity, prediction of contrast sensitivity for circular homogeneous or inhomogeneous sinusoidal targets, 16257
numerical size perceptual processing for digits & for words written in Hindi vs English, 23–35 yr old Indians studying in US, 23617
perception & comprehension of projective size/distance & projective shape/orientation relationship, 3 vs 4 yr olds, 16944
perception of position & of size for Muller-Lyer illusion figures, optometry students, 23546
school size, cognitive learning, 6th & 11th graders, 15737
sinusoidal grating size & spatial frequency, apparent contrast, 245
size & distance & visual angle perception creation of paradox through standard descriptions of visual spatial experiences, 19071
size-distance relationship in perceptions of art, preferences & interest & duration of looking, college students, 14098
size of visual display, estimation of duration of video game play, college students, 26289
size ratio & orientation & familiarity, matching of simultaneously presented patterns with respect to shape, adult Ss, 23555
stimulus size, word & face recognition, right handed college students, 13564
symbol size, Braille learning, sighted male college students, 19150
terrestrial passage theory of moon size & distance illusion, comments on C. F. Reed's paper, 2984
terrestrial passage theory of moon size & distance illusion, reply to criticism by G. R. Loftus, 2994
Size (Apparent) [See Apparent Size]
Size (Group) [See Group Size]
Size Discrimination [See Also Apparent Size]
alphabetical vs ideographical presentation of digits, perception of physical & numerical size, college students, 5416
angle-arm length, angle estimation & orientation contrast, college students, 3003
field dependence, judgments of magnitude of assimilation vs contrast Delboeuf distortions, high school students, 8781
illusory contours, size illusions, college students, implications for principle of size contrast, 13580
integration of height & width in perceptual & memorial judgments, college students, 10893
knowledge of judgments made by others, perceptual judgment of figural size, 3692
presentation of small vs large animals, impact of context on judging relative size of objects, college students, 5450
utilization of static & kinetic information, depth & monocular relative-size judgments, 3–4 vs 7–8 yr olds & young adults, Malawi, 3435
visual accommodation & apparent size, judgments of size & distance, pilots, review of psychophysiological experiments, 19074
Skeletomuscular Disorders [See Musculoskeletal Disorders]
Skewed Distribution
skewed data distributions, permutation tests of association, 10863
Skill Learning [See Also Fine Motor Skill Learning, Gross Motor Skill Learning]
ability & skills in interactive video system usage, institutionalized mentally retarded 11–50 yr olds, 23055
additive contributions of problem solving component skills, production of effective solutions, 27–61 yr old male inpatients enrolled in alcoholism treatment, 4715
analysis & simulation model of verbal protocols for learning to program recursive functions, 8 yr old & college students, 16323
cognitive processes in expert skill in computer programing, literature review, 5068
Community Adjustment Program, adaptive living & social skills, visually impaired mainstreamed adolescents, 7730
computer simulation of task of heating beaker of water & controlling set temperature, analysis of acquisition of process control skills & fault detection, operators, replication of study by E. R. Crossman & F. W. Cooke, 29143
development & reliability & validity of Test of Integrated Process Skills, measurement of science process skill achievement, middle & high school students, 2555
development of language & social values & skill learning in socialization process, 19557
dissociation between acquisition & performance of skills & learning & retention of new facts, amnesic patients vs college students, 17571
evaluation of program to teach banking skills, mildly mentally retarded 16–17 yr olds, 10462

history & principles behind thinking skills/cognitive education programs for children & application to adult programs, 28443
individual differences & practice & task length & interference, learning & retention of armor procedural skills, soldiers in operational &/vs training units, 10590
information processing capabilities & learning strategies & performances, athletic skills, 7780
measurement hierarchy learning vs guided discovery vs exposition of principle vs refreshment of skill training methods, training transfer, 16 yr old school leavers in construction trades course, Great Britain, 28421
model for teaching home cleaning skills, 30 yr old blind female with average intelligence, 4677
modeling of task strategy use vs positive achievement beliefs, self efficacy & skill acquisition in division learning training program, 9.3–11.7 yr old students, 20702
need for instruction in systematic approach to error detection & correction, students, 20677
number of cues & trials on geometric problem solving tasks, identification of relevant & redundant attributes & learning skills in concept identification, male vs female 18–26 yr olds, 8194
obstructions to & suggestions for development of problem solving skills, students, 2353
peer role play & training in interview techniques course, skill learning, college students & their course graduate trainers, 15650
picture prompt training, generalization & maintenance of complex vocational & daily living skills, severely & profoundly retarded 13–19 yr olds, 15442
process of tryout evaluations & coaching methods, teams' win-loss-tie records & individual player improvements, coaches & soccer players under 8 yrs old, 2403
rationale vs no-rationale behavioral vs verbal practice, acquisition & maintenance of fire emergency skills, 2nd–4th graders, 28433
relapse prevention model in personnel training, retention of skills, managers, 28741
relation between automaticity & skill, literature review, 16319
response-contingent prompting & reinforcement in behavioral training program, prevocational work performance, blind & severely retarded 21–22 & 24 yr old females, 25545
role of competent imagery in effective motor skill learning & performance, comments on interpretations of studies by K. B. Start & A. Richardson & by E. I. Rawlings & I. L. Rawlings, 16232
self taught memory skills training, memory performance & depression, 60–82 yr olds, 22321
sibship size, participation in skill development program, 5–16 yr olds living in low-income housing project, Canada, 22662
simulation procedures for teaching menstrual care skills, moderately & severely mentally retarded 17–21 yr old females, 18303
skills-building smoking prevention methods, 6th graders assessed 6- & 15-mo post intervention, 25438
stages of acquisition of hand bimanual motor skill, female 1st–2nd graders vs 21–31 yr olds, 19589
summer program, retention of previously learned skills, multiply handicapped students on vacation from residential schools for blind, 25880
task requirements & prior knowledge, learning computer tasks, 2706
tennis balls vs modified scarf juggling techniques, learning juggling & transfer of skills & time on task, college students, 13662
training programs for developing high performance skills, 2619
transfer of text-editing skill, computer naive 18–30 yr olds, 320
verbal self instruction training vs modeling & imitation learning, acquisition & maintenance of independent living skills & generalization learning, institutionalized trainable mentally retarded 17.2–60.4 yr olds, 2141
visual-spatial ability, acquisition of pattern recognition game skill, college students, 23639

Skilled Industrial Workers
job-induced structural vs emotional interference, quality of family life, 25–34 yr old White male rotating-shift plant operators & their spouses, 5104
perceptions & importance of work characteristics, car & steel industry personnel in different countries, 7855
psychoticism & other personality factors, prediction of future work status, 17–62 yr old male skilled & semiskilled workers vs school leavers, 6-mo to 1-yr followup, 11816
skill level, perceptions of implementation of robots, manufacturing industry assembly line workers vs job setters vs skilled workers, 18758
speed of information & machine pacing & work-rest schedules, mental workload, experienced timber graders, 7875

Skills [See Ability]

Skin (Anatomy)
characteristics of muscarinic cholinergic receptors on human skin fibroblasts, patients with major affective disorder, 1341
epinephrine stimulation of beta receptors in skin fibroblasts with similar growth characteristics, formation of cyclic adenosine monophosphate, patients with dementia of Alzheimer type, 6895
moving air-jet stimulation, response of single guard vs down hair afferent nerve fibers innervating hindlimb hairy skin, anesthetized cats, 23827
transport of sodium vs lithium across outer & inner barriers of epithelial membranes, toad skin, implications for therapeutic & adverse effects of lithium in humans, 3269

Skin Conduction [See Skin Resistance]

Skin Disorders [See Also Allergic Skin Disorders, Alopecia, Dermatitis, Herpes Simplex, Lupus]
acne or psoriasis or eczema, physical discomfort & personal & social life, 16–79 yr olds, 6802
aggression, patients with depression vs psoriasis, 6446
description of symptoms & clinical & dermatopathological findings, family with Rud syndrome, 17624
holistic view & ego structure & psychodynamics of skin disease, 14789
lithium carbonate, 16 yr old male with severe prolonged catatonia with associated flushing reaction, 7224
multiple indicators multiple causes structural equation model, assessment of new drug therapy in terms of improved life quality, psoriasis patients, implications for cost effectiveness studies, 30748
neuroleptic drug-induced skin pigmentation, 19–65 yr old chronic hospitalized schizophrenic patients, Europe & Asia & Central & South America & North America & Africa, 25266
painful spontaneous skin bleeding in Garner-Diamond syndrome, female patient with borderline personality structure, 9599
personality structures derived from psychometric data, psoriasis patients, 9555
prevalence of alcoholism, female vs male patients hospitalized for treatment of psoriasis vs other dermatologic disorders, 27632
psychodynamics of self destructive skin disorders, 20139
psychological parameters of psoriasis, patients, 4-mo longitudinal study, 9500
Stevens-Johnson syndrome & toxic epidermal necrolysis & systemic allergic reaction to phenytoin &/vs phenobarbital, psychosis & neurological impairment, 36 yr old female, 11864
stressor exposure, psychoendocrine & metabolic reactions, 28–44 yr old males with psoriasis, 30354
trazodone, erythema multiforme, female 63 yr old with treatment-resistant depression, 15138
visualization technique of O. Simonton in hypnotherapy, multiple warts, 10 yr old female, 9959
zimeldine-induced Steven's Johnson syndrome, depressed 69 yr old female patient, 18104

Skin Electrical Properties [See Skin Potential, Skin Resistance]

Skin Potential
skin potential responses during nocturnal sleep, mentally retarded 3.9–8 yr olds, 4076

Skin Resistance
anticipated or already processed information, orienting response evocation as measured by skin conductance response, 14–31 yr olds, 19369
aversive tones & emotional instructions & cognitions regarding snakes vs rabbits, skin conductance CR & its extinction, 18–42 yr olds, 21199
content of psychotherapeutic session, skin conductance response, 37 yr old female with multiple phobias & anxiety, 17805
CS preexposure, differential conditioning & extinction of electrodermal response, college students, 8142

CSF 5-hydroxyindoleacetic acid levels & habituation of skin conductance response, 21–67 yr old suicide ideators vs violent vs nonviolent suicide attempters, 30263
fear relevant vs irrelevant pictorial CS with vs without shock, skin conductance during habituation vs acquisition vs extinction, male vs female college students with high vs low fear of snakes, support for preparedness theory, 11195
ganzfeld stimulation, skin conductance levels & labile imagery & enhanced psi performance, college students, 20928
generation of frequent & large electrodermal skin conductance responses to faces of persons previously known, 2 female prosopagnosia patients, 12292
hypothalamic-pituitary-adrenal dysregulation & skin conductance measures of habituation & stimulus specificity & dishabituation, depressed dexamethasone suppressors vs nonsuppressors, 30204
icv 6-hydroxydopamine, skin conductance activity, male rats, 14071
instruction to attend vs not to attend to neutral vs emotional masked auditory stimuli of increasing intensity, EMG & heart rate & skin conductance, 21–30 yr old females, implications for research in auditory subliminal perception, 568
patterns of skin conductance & heart rate & skin temperature, psychiatric patients referred for chronic pain, 6432
range correction transformation vs standardization of responses, neutralization of individual differences in skin conductance responsivity, college students & 7.5–14 yr olds, 13862
relaxation & arousal exercises, Achilles tendon reflex & frequency & amplitude of skin conductance & resistance responses, practitioners of autogenic training, 29337
relaxation training, emotional stability as measured through biofeedback skin conductance level, males, 8444
response amplitudes vs tonic levels of electrodermal activity, subsyndromal college students at high risk for bipolar depressive illness, 11962
scoring criteria, habituation of skin conductance orienting response, neuroleptic-free schizophrenic patients, replication of study by D. F. Levinson et al, 30176
sensation seeking, skin conductance response levels, 17–24 vs 60–78 yr old females, 30038
skin conductance activity, paranoid schizophrenic inpatients under neuroleptic medication vs remitted outpatients, 6510
skin conductance, differentiation of subtypes & relation to atypical dexamethasone suppression test, patients with unipolar vs bipolar disorder, 30243
sodium chloride concentration of electrolytes, skin conductance responses & levels to deep breaths & loud noise, 18–55 yr olds, 13846
stimulus meaning, skin conductance recovery time, 10–30 yr olds, replication & extension of earlier study, 6012
stimulus omission & change, dishabituation of skin conductance, 17–38 yr olds, 5735
taxonomic category of words & intertrial interval, recall & skin conductance response, college students, implications for habituation & proactive inhibition in short term memory, 23874
transswitching in contextual stimulus control of conditional vasomotor & electrodermal reactions to angry & friendly faces, 19–35 yr olds, 21360
visual EPs & skin conductance & EMG levels & psychoticism, 1st-degree relatives of schizophrenics vs neurotics, 3824

Skin Temperature
autogenic training & time of day, subjective vs objective finger skin temperature, patients with neurodystonia, 9861
biofeedback vs modified autogenic relaxation training, chronically cold peripheral skin temperature, 25 yr old females, implications for diagnosis & treatment of migraine headache & Raynaud's disease, 25244
intention to raise skin temperature & use of warm imagery, control of peripheral skin temperature without biofeedback, 3213
muscle tension & skin temperature reliability of Psychophysiological Stress Profile, 23–52 yr old hospital patients, 26217
patterns of skin conductance & heart rate & skin temperature, psychiatric patients referred for chronic pain, 6432
validity of groin skin temperature as physiological measure of psychosexual arousal, 21–35 yr olds, 19367

Skinner Boxes
chlordiazepoxide & sodium amylobarbitone, partial reinforcement extinction effect in runway & Skinner box, rats, 670
VIC-20 computer & BASIC program as controller for operant chambers, 26146

Slang
use of fashion & slang as types of acceptable deviance & forms of social control, 3559

Sleep [See Also NREM Sleep, REM Sleep]
amineptine, sleep patterns assessed by polygraphy, 23–26 yr old volunteers, 5821
amitryptyline vs mianserin, frequency & amplitude & duration of nocturnal penile tumescence & sleep characteristics, healthy 18–35 yr olds, 29443
aqueous extract of valerian root, sleep, healthy 21–44 yr olds, 26626
arginine vasotocin & electrolytic lesions in raphe dorsalis vs raphe pontis nucleus, sleep induction, cats, implications for sleep wake cycle, 596
attitudes toward & positions & disturbances & duration of sleep, Ss aged 50 yrs & older, Australia vs Greece vs Italy vs Mexico vs Spain vs Venezuela vs US, 11043
auditory awakening thresholds & stress, insomniacs, experimental replication, 1570
basic information about sleep & diagnostic classification scheme for sleep disorders, 17651
brown vs white nursing staff uniforms, nocturnal disturbed behavior, visually impaired male 34–86 yr old hospitalized patients with Alzheimer's disease or stroke or schizophrenia or Huntington's chorea or alcoholism, 22735
buspirone with vs without flurazepam vs triazolam, sleep pattern & daytime function, 21–60 yr olds with chronic insomnia, 25323
calcium with vs without calmodulin antagonists, ethanol-induced sleep duration, male mice, 29480
classical conditioning of alimentary reflexes in sleep stages, cats, 13740
clockwise vs counterclockwise rotation of work shifts, sleep & stomach problems & cardiovascular risk factors, policemen, Sweden, 5100
clonidine &/vs yohimbine, sleep EEG, 25–34 yr olds, 19464
clovoxamine, sleep parameters assessed by EEG, 31–55 yr old depressed patients, conference presentation, 12566
covariations of mood & sleep, 56–66 yr old females, 5-yr followup study, 11040
creativity & sleep & dreams, college students & adults, 14522
degree of learning & amount of paradoxical sleep, synthesis of radioactive cerebral DNA during shuttlebox avoidance training, female rats, 13799
delta sleep inducing peptide levels in CSF, male vs female hospitalized schizophrenic vs depressed vs healthy 18–70 yr olds, 6550
delta sleep-inducing peptide-like immunoreactivity in brain regions & thalamic tissue, complex maze behavior, male rats, 26506
delta-wave sleep, 20–44 yr old depressed inpatients, 6545
desipramine vs amitriptyline, EEG sleep, depressed hospitalized patients, 1952
development & methods & results of various approaches to sleep research, animal & human Ss, 29263
development of nocturnal sleep patterns, severely mentally retarded 6 mo through 20 yr olds, 4077
dexamethasone suppression test & all night sleep EEG, REM latency & density, 16–61 yr olds with depression, 22092
diagnosis & adenoidectomy vs adenotonsillectomy as treatment, obstructive sleep apnea & hypopnea, 2–11 yr olds, conference presentation, 1984
dichotic click detection & CV discrimination task performance, circadian variation in lateral asymmetry & EEG characteristics, endogenously vs nonendogenously depressed patients, 30094
distribution of neurons containing immunoreactive delta sleep-inducing peptide in hippocampus, male rats, 3153
drug experience, time before falling asleep behind wheel on closed track & subsidiary RT during prolonged driving, college students, 23295
EEG & motor signs of perception in stage 2 & REM sleep, 11039
EEG-monitored sleep, female 19–39 yr olds with anorexia nervosa vs bulimia, 30478

EEG of panic attack during sleep, 36 yr old female with agoraphobia, 11963
EEG sleep-patterns, 6.0–15.9 yr olds, 497
energy expenditure through exercise, mood & subsequent nocturnal sleep, 22–27 yr old male joggers, 26550
exercise at night during total sleep deprivation, subsequent sleep, healthy male college students, 19178
exposure to warm vs cool water, EEG sleep parameters, 20–23 yr old physically unfit females, 3229
extended sleep, young depressed patients, comment on article by D. R. Hawkins et al, 22074
extended sleep, young depressed patients, reply to criticism of A. J. Lewy et al, 22059
extended sleep, 17–25 yr old depressed patients, 1309
group housing vs isolation, eating & sleeping & drinking patterns in social stress, rats, 467
histamine antagonists, sleep, male 17–27 yr olds, 5913
incidence of breathing disorders during sleep, 2–6 yr olds with breath-holding spells, 9613
increased time spent on territory & subsequent reduced sleep time, territoriality, breeding pairs of herring gulls, 8369
indomethacin, ethanol-induced sleep time, male vs female C57BL/6 vs C3H/2 mice, 8543
knowledge & misconceptions on sleep & dreams, college students in introductory psychology course, 15758
knowledge vs practice of sleep hygiene techniques, sleep-onset vs sleep-maintenance insomniacs vs good sleepers, 27601
lifestyle & stress & sleep, circadian rhythm & catecholamine & adrenaline excretion, villagers, conference presentation, 11190
lormetazepam, determination of need for prescription of hypnotic drugs for normalization of sleep following operation, surgical patients, 18034
mentation & visual imagery during REM vs NREM sleep, elderly females, 5518
mianserin, sleep parameters assessed by EEG, 29–58 yr old depressed inpatients, conference presentation, 30755
neurobiological processes & expenditure of energy by sleeping brain, reinforcement of memories, 11148
nocturnal penile tumescence & penile responses to erotic stimulation in waking state, diabetics vs nondiabetics with sexual dysfunction, 6914
noise exposure, nonauditory physiological & health responses & performance & behavior & sleep & communication, literature review, 30059
number of awakenings & time in stage 1 sleep, cognitive functions, 50–70 yr olds, 8701
obstructive sleep apnea syndrome induced by oral cyst, 47 yr old male, 12158
paradox of sleep & dreams, 21214
pararchloroamphetamine, sleep pattern & respiratory rate in REM & NREM sleep, male rats, 11286
pentobarbital-induced sleep time, male vs female mice, 8626
periodic complexes in serial sleep & waking EEGs, 54–69 yr old Creutzfeldt-Jakob disease patients, 20126
physical fitness & body composition, sleep & nighttime secretion of human growth hormone & prolactin & cortisol, 20 yr old male athletes vs nonathletes, 578
polygraphic study of nocturnal physiological sleep, 42 yr old father & 12 & 18 yr old sons with Marinesco-Sjogren syndrome, 6721
polygraphic study of nocturnal sleep, patients with Huntington's chorea, 6907
prostaglandin, pentobarbital sleeping time & serotonergic system, male mice, 5872
recovery from circumcision, plasma cortisol & sleep patterns, 2–3 day old males, 1989
Research Diagnostic Criteria vs J. C. Nelson & D. S. Charney's criteria for endogenous depression vs DSM-III melancholia, analysis of EEG sleep data & clinical characteristics, patients with primary unipolar depression, 3867
research on relationship among dreams & sleep & memory, 16330
sedative hypnotic drugs vs placebo, subjective estimates & polygraphic measures of total sleep time, insomniacs, 22585
skin potential responses during nocturnal sleep, mentally retarded 3.9–8 yr olds, 4076
sleep & wake patterns as predictions of morbidity & mortality, infants in intensive care, 1-yr followup, diagnostic implications, 25006
sleep apnea syndrome as precursor of sudden infant death syndrome, 30448
sleep architecture, self reported good vs poor sleepers receiving radiation for lung cancer, 12279
sleep, auditory brain stem & middle latency response, 25–30 yr old females, 5701
sleep characteristics at home vs laboratory, 20–25 yr olds, 26375
sleep characteristics, relationship between bulimia & affective disorder, bulimic 23–24 yr old females, 30479
sleep characteristics, 18–63 yr old patients with atypical vs endogenous depression, 1357
sleep deprivation, sleep & EEG power spectra, rats, 8466
sleep disruption, sleep & performance & mood, 18–32 yr olds, implications for sleep apnea, 3201
sleep disturbances & somatic complaints, 10–12 yr old victims of lightning strike disaster, 24584
sleep EEG & EMG & EOG, 23–60 yr old inpatients with major vs minor depression vs major depressive disorder in remission, 19945
sleep EEGs, mentally retarded children, literature review, 6699
sleep efficiency & REM activity & latency, patients with major primary vs secondary depression, 27366
sleep fragmentation induced by tones, behavioral control of respiration during sleep & daytime sleepiness, college students, implications for behavioral treatment of sleep disorders, 23863
sleep patterns assessed by EEG as means of assessing depression, 18–39 yr olds with borderline personality disorder, 6583
sleep patterns, chronic alcoholic 25–55 yr old males 21 days after detoxification, 20061
sleep recordings, schizophrenic 19–36 yr olds vs obsessive compulsive 16–43 yr olds, implications for serotonergic-deficiency hypothesis of schizophrenia, 1297
sleep spindle activity & transient EEG activation, 2–4 vs 9–11 yr old cats, 5666
sleep state organization, full-term vs preterm vs small-for-gestational-age neonates, 3470
sleep vs wakefulness, bursting discharge pattern of unit activity, male rats, conference presentation, 3182
stage scoring vs computer quantification of tonic EEG activity, study of sleep electro- & psychophysiology, 18–40 yr old males, 74
surgical treatment of obstructive sleep apnea, clinical management & treatment compliance of simultaneously presenting mood disorder, 52 yr old female with bipolar affective disorder, 25044
tactile/kinesthetic stimulation, sleep/wake behavior & activity level & weight gain, preterm neonates, 24150
tail myoclonus at sleep onset & during paradoxical sleep & EEG paroxysmal discharges, baboons, 3149
thalidomide vs pentobarbital, neuronal activity in preoptic area during wakefulness & slow wave vs REM sleep, cats, 654
triazolam vs pentobarbital, performance impairment & recognition memory tasks & sleep quality & potential for abuse, male 20–40 yr old volunteers with histories of drug abuse, implications for therapeutic usage, 16773
use of sleep laboratory in monitoring sleep disorders & clinical & neurological & biochemical & physiological aspects of sleep, 8270
vaginal pulse amplitude, physiological measurement of sexual arousal during sleep vs erotic conditions, females, 19366
viloxazine, sleep EEGs, 30–57 yr old patients with depression, 4531
waking & sleeping EEGs & occipital spikes, blind 9–30 yr olds, 1556
5-HT, renal nerve activity in desynchronized sleep state, decerebrated cats, 16522

Sleep Deprivation

age, sleep deprivation effects, 20–25 vs 50–59 yr old males, 5776
classical- vs multiple platform- vs pendulum-induced deprivation of paradoxical sleep, physiological correlates of stress, male rats, 23883
cognitive functioning & nutritional deprivation, acutely vs chronically sleep deprived house officers, 18373
dexamethasone suppression test & therapeutic sleep deprivation, cortisol response, endogenously vs nonendogenously depressed patients, 30170

disturbed sleep, contingent negative variation in EEG, 20–24 yr old males, 556
exercise & physical work load & sleep loss & continuous work & time of day, cognitive performance, 18–24 yr old Marines, 15967
exercise at night during total sleep deprivation, subsequent sleep, healthy male college students, 19178
exposure to bright artificial light at night, antidepressant response to sleep deprivation therapy, 38–70 yr old seasonal vs nonseasonal depressives, 25082
extended flight operations in helicopter simulator, performance & stress & fatigue, 21–28 yr old Army aviators, 15970
high vs low energy diet & sustained exertion & sleep deprivation, military performance, male military cadets, 31440
locus ceruleus lesion & REM sleep deprivation, neophobia & open field behavior, male rats, 19408
paradoxical sleep deprivation, stress & emotionality, male rats, 5755
periodic sleep deprivation &/vs antidepressant drugs, drug-refractory depression, patients with endogenous depression, 27702
pyritinol vs piracetam & paradoxical sleep deprivation, ammonia levels in CNS tissues, male rats, conference presentation, 3223
rebound sleep following deprivation, 5-hydroxyindoleacetic acid & 5-HT concentrations in dorsal raphe nucleus & thalamus, male rats, 16504
REM deprivation & interruption of dream activity, circadian rhythms & associated affective state & depression, 27739
REM sleep & sleep deprivation, learning, animals, literature review, 13853
REM sleep deprivation & immobilization & cold stress, emotional-motivational behavior, male rats, 8477
REM sleep deprivation & lesions of suprachiasmatic nucleus, circadian rhythms of water & alcohol intake, male rats, 584
REM sleep deprivation, grooming &/or shaking induced by enkephalinase inhibitor phosphoramidon vs naloxone-precipitated opiate withdrawal, male rats, 21421
short sleep periods within extended sleep deprivation periods, extended performance on attention & continuous production & precision & cognitive tasks, 18–22 vs 40–60 yr olds, 13876
sleep deprivation & age & altitude & workload, cognitive & mental arithmetic performance & problem solving & tracking, 30–39 vs 60–69 yr olds, 16485
sleep deprivation & increase vs decrease in MAO activity, prediction of response to maprotiline or clomipramine, depressed patients, 9896
sleep deprivation & physical fatigue, perception of intensity of exercise of short vs long duration, females & males, 26574
sleep deprivation, depression, literature review, 9651
sleep deprivation followed by naps & abrupt awakening near circadian peak or trough in body temperature, RT & cognitive performance during quasi-continuous tasks, 18–30 yr olds, 13866
sleep deprivation, RT & immediate recall & sleepiness & body temperature, normal vs insomniac 55–71 yr old males, 9509
sleep deprivation, sleep & EEG power spectra, rats, 8466
sleep deprivation with interrupted vs uninterrupted naps, cognitive performance & mood, 21–30 yr old Army infantrymen, 15969
sleep deprivation with vs without incentive, auditory vigilance performance, graduate students, 5520
sleep deprivation with vs without naps, performance on sustained computerized tasks & reported sleepiness & attention, male volunteers, 13356
sleep deprivation with vs without physical exercise, mood & cognitive performance, male college students, 13857
sleep disruption, sleep & performance & mood, 18–32 yr olds, implications for sleep apnea, 3201
sleep loss, performance in sustained cognitively demanding mental tasks during command & control simulation, female college students, implications for military operations, 13858
total & partial sleep deprivation, therapeutic management of sleep during depression, 4251
total following partial sleep deprivation, cognitive performance, 19–36 yr old infantry soldiers, England, 15968
total sleep deprivation, dexamethasone suppression test, volunteers, 19467
total sleep deprivation, responsivity during recovery sleep, college students, 8262
1 night of sleep deprivation & treatment with valproate sodium vs carbamazepine, sleep-wakefulness patterns, normal vs epileptic 8–60 yr olds, 25277
7-hr delay or advance of sleep due to transmeridian flight or night shift sleep displacements, phase shifts of circadian rhythms of rectal temperature & urinary norepinephrine secretion, 64 yr old male, 23861

Sleep Disorders [See Also Insomnia, Narcolepsy, Sleepwalking]
abnormal REM sleep & somnabulistic behavior, 78 yr old female, case report, 30412
acetaminophen vs benzodiazepines, sleep patterns & daytime behavior, 65–98 yr old geriatric patients, implications for nursing, 25297
basic information about sleep & diagnostic classification scheme for sleep disorders, 17651
behavioral treatment, excessive daytime sleepiness & periodic cataplexy & nocturnal urinary frequency, 61 yr old female with multiple medical problems, 6- & 12-mo followups, 4436
clonazepam, periodic leg movements, patients with insomnia & hypersomnia, 4519
computerized ambulatory monitoring system & all-night polysomnographic recordings of EEG & EOG & EMG vs subjective scoring, analysis of heart rate & physical activity data for sleep assessment, 25–83 yr olds with sleep disturbances, 17563
CSF pressure during nocturnal sleep, 24 & 40 & 51 yr old male patients with sleep apnea hypersomnia syndrome, 1645
death anxiety incorporated into phase-related sleep disorder, 5 yr old female, 6869
developments in diagnosis & treatment of sleep disorders, 17695
diagnostic classification schema & historical overview of drug therapy, dream disorders, 27933
dopaminergic treatment, sleep disturbances, 40–71 yr old Parkinson's patients, 1908
dysphoric daydreaming patterns, insomnia & nightmares, male vs female college students, 12282
evaluation of sleep apnea & diagnosis of Kleine-Levin syndrome, 17 yr old male with hyperphagia & obesity & daytime hypersomnia, 12185
excessive fragmentary myoclonus in NREM sleep, 22–70 yr old patients, 22230
factors in assessment of sleep disorders as neurological disorders, 14879
habituation of EEG & autonomic & EMG components of orienting reaction to auditory stimulus, epileptic vs normal 6–33 yr olds with night terrors, 1630
hypnotic drugs, management of sleep difficulties arising during air operations, aircrew members, conference presentation, 12570
incidence of sleep apnea & periodic movements in sleep, elderly, 17547
incidence of sleep disorders & weighting of Zeiss aversiveness scores, part-time students, 22235
maprotiline, anxiety & mood & sleep disturbances, female vs male depressed patients, 7270
medical interpretation of "Old Hag" paralysis, Newfoundland, 12193
nasal continuous positive airway pressure, obstructive sleep apnea, 52–68 yr olds, 2000
neurodevelopment & age & sex, night terrors & nightmares, 6–12 yr olds, 27683
obstructive sleep apnea, 10–79 yr olds with daytime sleepiness & loud snoring, implications for treatment, 12263
ongoing & supportive & educational followup care for treatment of sleep disorders, 4585
operant techniques, extinction of persistent nighttime sleep disturbance, dog, 8280
pharmacological therapies, neuromediators & sleeplessness, aged with senility, 9913
phenazepam, sleep disorders following detoxification, alcoholic patients, 4704
prevalence & correlates of sleep disturbance, 9th & 10th graders, 4151
properties & efficacy of benzodiazepines & hypnotic drugs, sleep disorders, 18099
recordings of EEG & EKG & EMG & EOG & GSR during nocturnal sleep, 18–40 yr olds with sleep disorder complaints & anxious vs hysterical neurosis vs schizophrenia, 17412

relationship between sleep disorders & Gilles de la Tourette's syndrome, comment on G. Barabas' view, 1635
relationship between sleep disorders & Gilles de la Tourette's syndrome, reply to R. Sandyk's comments, 1512
role in assessment & diagnosis & management of sleep disorders, neurologists, 14814
role in assessment & diagnosis of sleep disorders, neurologists, comment on view of A. Culebras & M. M. Mitler, 14841
role of medical & psychological disciplines in diagnosis & treatment of sleep disorders, 6740
sleep apnea, 49–85 yr old major depressives vs nondepressed patients with probable Alzheimer's disease, 14895
sleep complaint & continuity & periodic movements, patients with insomnia vs excessive daytime sleepiness, 1631
sleep disorders, 15–25 yr old patients with Gilles de la Tourette's syndrome, reply to comments of G. Erenberg, 22223
sleep disorders, 15–25 yr olds with Gilles de la Tourette's syndrome, comments on study by G. Barabas et al, 22248
sleep disturbance, chronic pain patients, 22315
sleep disturbances & deterioration of cognitive abilities, males with mean age of 69.5 yrs, 4219
sleep disturbances, patients with mild vs moderate Huntington's disease, 24907
sleep terror, 23 yr old pregnant female treated with diazepam, 17672
symptoms & assessment & pathophysiology & treatment of obstructive & central & mixed sleep apnea, literature review, 22285

Sleep Inducing Drugs [See Hypnotic Drugs]

Sleep Onset
alprazolam vs diazepam for 7 consecutive days, sleep quality & daytime sleepiness & performance & mood, 20–42 yr old nonanxious volunteers, 24023
body fat & lean body mass, slow wave sleep & onset & length of sleep, athletic vs nonathletic college students, 346
comparison of hypotheses explaining sleep onset REM episodes, depressed patients, 24712
concepts & assessment procedures & physiology & psychological management techniques, sleepiness, 17545
counterdemand manipulation & progressive relaxation training in paradoxical intention therapy, sleep onset latency, 29–58 yr olds with chronic insomnia, 9828
distribution of REM sleep & sleep onset, 19–20 yr old males, 559
EEG activity patterns during falling asleep vs varied mental load, conference presentation, 3166
knowledge vs practice of sleep hygiene techniques, sleep-onset vs sleep-maintenance insomniacs vs good sleepers, 27601
levotryptophan in presleep auditory EP procedures, sleep latency, poorly sleeping males, 3328
midazolam, total sleep time & sleep latency & nocturnal awakenings & morning feeling states, 60–85 yr olds with insomnia, 22550
monotonous tone of 80 db vs 38 db with vs without light flashes vs silence, sleep onset time, human Ss, 8425
narcolepsy, sleep-onset REM periods, polysomnographic variables, patients with mean age of 42.9 yrs, 17575
sleep fragmentation induced by tones, behavioral control of respiration during sleep & daytime sleepiness, college students, implications for behavioral treatment of sleep disorders, 23863
sleep onset REM periods, 18–69 yr olds with major depression, 1250
validity & consistency & reactivity of afternoon naps, assessment of sleep-onset insomnia, college students, 12219
1-methylisoguanosine, REM & NREM sleep & sleep latency, rats, 26726

Sleep Wake Cycle
acetaminophen vs benzodiazepines, sleep patterns & daytime behavior, 65–98 yr old geriatric patients, implications for nursing, 25297
acute & chronic amitriptyline, sleep-wake activity, male rats, 5915
cerebral 5-HT, sleep wake cycle, frogs, 16419
chronic EEG & EMG & EOG recordings, differentiation of sleep wake stages, male squirrel monkeys, 20962
cytidine vs uridine vs adenosine, dose response effects on sleep & wakefulness, male rats, 24016
development of sleep cycles, premature infants, conference presentation, 3380
electrocoagulation of medial vs lateral septum, septal syndrome & sleep-wake cycle & instrumental reflexes & responses to CS, cats, 5804
free-running temperature & sleep-wake cycles during temporal isolation of circadian rhythms, performance efficiency of serial search vs verbal reasoning vs manual dexterity tasks, 22–79 yr olds, 3191
icv injections of delta sleep-inducing peptides or omega-amino-caprilyl-DSIP, sleep-wake activity & brain temperature, rats, 29461
individual differences & sleep medication, phases of sleep/wakefulness, institutionalized 67–93 yr olds, nursing implications, 10063
intensive light exposure, sleep & endocrinological variables, 19–43 yr olds with insomnia during "dark period" of winter, Norway, 14948
isolation from external time cues, sleep & circadian rhythms & rectal temperature & clinical state, depressed &/or manic 36–56 yr old inpatients, 22138
lesions to nucleus reticularis pontis oralis & caudalis, slow wave & REM sleep during day vs night, cats, 5795
methoxamine HCL vs prazosin HCL vs yohimbine HCL, sleep wake cycle, rats, 678
midazolam, total sleep time & sleep latency & nocturnal awakenings & morning feeling states, 60–85 yr olds with insomnia, 22550
physiological & behavioral correlates of wakefulness & drowsiness & slow wave & paradoxical sleep with nuchal isotonia or hypotonia, 1 yr old ganders, 19348
REM sleep cycle gating & termination of sleep, 2 wks to 13 mo old infants, 24151
shift work, circadian rhythms & sleep wake cycle & health & family & social life, 13234
sleep complaint & continuity & periodic movements, patients with insomnia vs excessive daytime sleepiness, 1631
sleep wake cycle, circadian rhythms in alertness & body temperature, 18–21 yr olds, 560
sleep-wake patterns, autistic children over vs under 4 yrs of age, 9265
spontaneous sleep terminations from REM sleep, 18–25 yr olds, 341
theophylline, 24-hr rhythms of sleep-wake & subjective sleepiness, 20–30 yr old males, implications for role of xanthines in sleep disorders, 19352
thermal acclimation & exposure to ambient temperatures, sleep wakefulness cycle, male hamsters, 3240
tone of nonspecific synchronizing vs desynchronizing cerebral systems during sleep vs wakefulness, 16–50 yr olds with epilepsy with focus in left vs right hemisphere, 17653
topical application of serotonin in caudate nucleus, discharge rate of caudate cells & EEG activity during wakeful & sleeping periods, male rats, conference presentation, 14075
visually scored stage 4 EEG & metabolic process in post-nap sleep, 21.6–27.1 yr old males, 21296
1 night of sleep deprivation & treatment with valproate sodium vs carbamazepine, sleep-wakefulness patterns, normal vs epileptic 8–60 yr olds, 25277

Sleepwalking
abnormal REM sleep & somnabulistic behavior, 78 yr old female, case report, 30412

Slosson Intelligence Test for Child
revised Slosson Intelligence Test vs WISC-R norms, 6–14.7 yr old Black & White students referred for placement in special education classes vs classes for gifted & talented, 28637

Slow Learners
concurrent validity of Children's Adaptive Behavior Scale & Adaptive Behavior Inventory for Children vs Adaptive Behavior Scale-School Edition, educable mentally retarded & slow learning 6–10 yr olds & their parents & teachers, 31335
home environment & cognitive & social development, 7–14 yr old slow learners, 3-yr longitudinal study, 1483
stimulus demands, adaptation of learning strategies, 74–147 mo old learning disabled vs slow learning children vs 2nd graders, teaching implications, 31275

Slow Wave Sleep [See NREM Sleep]
Smell Perception [See Olfactory Perception]
Smiles
laughter during discussions of resentful situations, expressions of anger & authentic smiling, female college students, 6346
natural vs impassive maternal facial expression, smiling, infants with Down's syndrome, 22199
Smoking (Tobacco) [See Tobacco Smoking]
Snails
ejection of 5-HT, decreased conductance serotonergic response of ink motor neurons, marine mollusk, 8622
grouping & multiple mating vs isolation & removal of vas deferens, oviposition rate, hermaphrodite freshwater snails, 26582
Snake Phobia [See Ophidiophobia]
Snakes
copulation, female attractiveness & male ability to resume courtship & mating, red-sided garter snake, 8381
courtship & mating, ovarian follicular maturation, female garter snakes, 8423
emergence from nest, activity patterns & shedding, newly hatched pine snakes, 8311
experimentally-induced inability to detect chemical cues, predatory striking & envenomation, prairie rattlesnakes, 5747
female mimicry by production of female pheromone, reproductive competence, male garter snakes, 16377
female mimicry, increase in chances of mating with receptive females, male garter snakes, comments of study by R. T. Mason & D. Crews, 16380
formation of mating balls & group courtship behavior, male red-sided garter snakes, 8342
gonadectomy & neonatal or yearling estradiol or testosterone treatment, courtship behavior & sexual attractivity, red-sided garter snakes, 23951
intracranial testosterone, courtship behavior, male Canadian red-sided garter snakes, 8536
lesions of anterior preoptic area &/or ventromedial hypothalamus, courtship behavior, male red-sided garter snakes, 11244
long term captivity, strike-induced chemosensory searching, rattlesnakes, 11100
ophthalmoscopic technique, direct observation of cone mosaic through natural pupil, garter snake, conference presentation, 28904
strike- vs visually-induced chemosensory searching, cobras vs taipans vs tiger snakes vs death adders vs rhinoceros vipers, 26449
visual stimuli, orientation & attack behavior, experienced & ingestively naive garter snakes, 406
Sociability
gender, amiability & hostility, residents of rural community network, 6328
quality of clerk-customer interaction & individual differences in sociability, customers, 26062
sociability vs impulsivity, positive vs negative affect vs life satisfaction, college students, 24543
social & task orientation, behavior in cooperative problem solving task, 4th graders, 8878
teacher's rating vs observation in natural setting, measurement of popularity & sociability, 31–71 mo olds, 13383
validity of Lennox-Wolfe Self-Monitoring Scale, prediction of shrewd & pragmatic behavior style & relationship to shyness & sociability, freshmen college students, 10807
Social Acceptance
acceptance of homosexuality & masculine gender identity, males who had had homosexual & heterosexual experiences, Mexico, 24420
aspirations at school & perceptions of popularity, females from 6th to 10th grades, 5-yr study, 25831
classroom leadership role, social interactions & sociometric standing, 4.3–4.4 yr old socially withdrawn kindergartners, 4-wk followup, 28515
concern for appropriateness & self esteem & social behaviors & attribution of causes of drug usage, college students, 14446
depression, rejection by & response of others, replication of experiment by J. C. Coyne, 17351
disruptive & aggressive & socially inappropriate behavior, 3rd–6th graders who are rejected vs neglected vs accepted by their peers, 11478
importance of membership in & acceptance by group, personality congruence & satisfaction with & functioning in environment, 16–70 yr olds in occupational & educational groups, 18774
peer & teacher & parent ratings of social skills & peer acceptance, mainstreamed learning disabled vs nonhandicapped 6.3–11.9 yr olds, 18587
peer ratings of aggression & social acceptance & personal status ratings, concurrent prediction of behavioral & subjective adjustment, aggressive 4th–6th grade males, 8863
problems in social integration, intellectually retarded young adults, comments on F. S. Brimblecombe's view, 14770
proposal & evaluation of joint use of positive-nomination & rating scales, identification & discrimination of sociometrically rejected & neglected children, 2nd–6th graders, 28929
social acceptance in regular classroom, learning disabled vs nonhandicapped 9th–12th graders, 18605
social status, conversational behavior & loudness & physical attractiveness ratings & cooperation, socially accepted & rejected & mixed status 3rd graders, 14221
tutoring regular class peers, social acceptance, educable mentally retarded 4th–6th graders in self contained special education classes, 15850
variations in sociometric formulations, differential effects of academic status on social acceptance in classroom, 7th–9th graders, 25854
Social Adaptation [See Social Adjustment]
Social Adjustment
academic achievement & majors & study habits & socioemotional adjustment, Chinese-born vs 2nd vs 3rd vs 4th generation Chinese American college students, 10458
acculturation & learned helplessness & stress management models, individual differences in psychosocial adjustment, Southeast Asian refugees, US, 14283
active or passive mechanisms of social adaptation, development of values & norms & attitudes & aspiration picture of vs perception of existing household residential situation, residents, 20914
adaptive behavior & social adjustment & academic achievement, educable mentally retarded vs learning disabled vs behavior disordered vs regular class 7–9 yr olds, 13103
adjustment, patients who experienced severe closed head injuries at ages 16–39 yrs, 7-yr followup, 17642
behavior disturbance & social competence & separation anxiety, male 4–14 yr olds with gender identity disorder of childhood, 24582
behavior problems & social competence, male vs female 6–11 yr olds from violent vs nonviolent families, 14702
biological maturation & peer relations in socialization process, females studied from age 8–25 yrs, longitudinal study, 21669
cerebral dysfunction, mortality & long term social adjustment, alcoholics admitted to psychiatric hospital during 1949–69, 11–31 yr followup, 6632
childhood sexual victimization experience, adult social & psychological & sexual functioning, female 18–57 yr olds victimized as children or adolescents, implications for treatment, 30269
chronic drug-taking & psychosocial adaptation, college student vs adolescent vs adult chronic marihuana users, 12059
cognitive performance & social adjustment, children at risk for schizophrenia, Israel, 3935
construction of self report questionnaire to identify social problems, surgical & medical patients & psychiatric outpatients & social work clients, 18937
coping with emotional & social & environmental changes of moving, children, bibliography, 19672
demographic characteristics & social support & self esteem & mood & psychosocial needs, homosexual or bisexual male outpatients with acquired immune deficiency syndrome or related complex, 22241
development of Junior High Life Experiences Survey & scoring strategies, assessment of life stress & prediction of maladjustment, 7th & 8th graders, 168
development of social support networks during adaptation to college life, male vs female college students, 12-wk longitudinal study, 15787

divorce crisis, constructive resolution & adjustment, members of kibbutzim assessed 2–5 yrs post divorce, Israel, 11619
early intervention, social functioning, young families, test of model of prevention in social work, 10049
early popular vs rejected vs average status, later social adjustment, kindergartners, 3-yr followup, 15799
eating disorders & social functioning, 19–36 yr old female medical students, 12828
emotional & social adjustment strategies in low SES families, mothers of physically disabled vs nondisabled children, Mexico, 22322
environmental demands & expectations & capacities & abilities & motivations & temperament, psychosocial functioning, support for goodness of fit model, reprint, 30027
evaluation of risk of affective pathology & social adjustment, 40–60 vs 60 yr olds & older with depression, 9232
exposure to family violence, behavioral & social adjustment, 4–13 yr olds who were current or former residents of shelters for battered women, 17495
forced geographical relocation, individual coping styles & social network characteristics & psychological adjustment, 24–50 yr old community residents, Israel, 9178
history & theoretical orientation & daily activities at residential school, maladjusted 9–15 yr old males, England, 15840
home & health & social & emotional adjustment, academic achievement, 18–21 yr old female college students, India, 7680
home health care, vocational & emotional & social adjustment, wives assisting their husbands with home hemodialysis, 7346
interrelationships among drug abuse & other social pathology indices, 12086
IQ & moral reasoning ability, maladjusted vs adjusted mildly mentally retarded vs normal 12–15.8 yr olds, 6680
length of father presence & age & maternal age & education & family income, employment status, Black males in single parent families headed by mothers, 6-yr followup, 31399
level of occupational knowledge & crystallization of vocational self concept, prediction of school-to-work transition difficulty, college & graduate students in business schools, 10459
masculinity vs femininity, psychosocial adjustment, male vs female 1st-yr medical students, 2284
methodological issues, studies on impact of maltreatment on psychosocial adjustment, children, 30286
methods for assessment of social & emotional behavior, preschool age children, 21670
models of social bonding & community adjustment & service use, chronically mentally ill adults, 9253
need for equal emphasis on cognitive development & emotional readjustment, maladjusted children, implications for special education, 15881
outpatient adolescent reception group, social & school adjustment, 3 sisters, 1822
parent-child relations & personal & social adjustment, members of families with biological &/vs adopted children, 19728
patterns of response to stress & psychological & social adjustment, 6–16 yr olds exploited by adults through sex rings & pornography, reprint, 30255
perception of premorbid stress experiences, drug abusive vs non-drug abusive adolescents classified as socially maladaptive vs psychasthenic, 17319
personality problems & social & school & emotional adjustment, 10 yr olds with spina bifida, implications for support, 25002
physical attractiveness & maladjustment, 17–49 yr old female vs male newly admitted psychiatric inpatients, 20503
placement in adoptive vs foster homes vs with biological mother during infancy, social adjustment & school underachievement & nervous disturbances, Ss evaluated at 11 vs 15 yrs of age, longitudinal study, 1219
positive & negative social effects of divergency & excitability & sensitivity & perceptivity & entelechy traits, gifted adults, 30029
premorbid life situation & social adjustment, schizophrenic 15–40 yr olds, 9267
premorbid personality characteristics at onset, social & job adaptation, patients with onset of chronic simple schizophrenia at 10–20 yrs, 6592
preretirement education program, preretirement socialization & satisfaction with retired life, working vs retired attending vs nonattending manufacturing employees, 31521
problems in social integration, intellectually retarded young adults, comments on F. S. Brimblecombe's view, 14770
prognostic validity of premorbid adjustment measures, schizophrenic & psychotic patients, 5-yr followup, 8094
psychiatric & social impact of injury, 16–64 yr old male severe head injury patients & female relatives assessed 3 & 6 & 12 mo after injury, 24938
psychiatric aftercare services, readmission & symptomatology & social adjustment, discharged psychiatric patients, Canada, 6-mo & 2-yr followups, 22685
psychiatric morbidity & social functioning, 19–65 yr old female relatives of 16–64 yr olds with severe vs minor head injuries assessed 3 mo after injury, 24939
psychological/emotional & social/instrumental & medical/educational needs, lower SES mothers of asthmatic children, 17574
psychosocial adaptation & body build & length of residence in Corpus Christi, Mexican American vs Anglo adolescents, 19687
psychosocial assessment in community treatment, chronically mentally ill, 25419
psychosocial seizure inventory, assessment of emotional adjustment & adjustment to seizures, patients with epilepsy vs multiple sclerosis, 25000
purpose & development of Ebony group, social adjustment, Black children placed in White foster homes, England, 7386
reading & mathematics achievement & personal & social & educational adjustments, physically disabled students in regular elementary school, 23023
reliability of Pyramid Scales, criterion-referenced measure of adaptive behavior, developmentally disabled persons, 10812
residential resources for treatment & referral/placement pattern & criteria for institution evaluation, emotionally disturbed & maladjusted children, 15343
role of physical environment, prevention & reduction of psychological & social problems, patients in acute care & psychiatric institutions, 30982
self esteem & ethnic identity & behavioral adjustment, Anglo vs Chicano 8th–9th graders, US, implications for clinical practice, 900
severity of injury & locus of control & personality resources, psychological & occupational adjustment, male 17–64 yr old hand injury patients, 6813
social & emotional adjustment & 2nd language learning & academic achievement, immigrant children, postwar years to 1980, Sweden, 24121
social & family & developmental history & attitudes toward school & transfer, social adjustment in transition to secondary school, underreacting & maladjusted entering secondary school students, England, 4-yr followup, 7657
social & work adaptation, patients with temporal vs focal epilepsy, 23-yr longitudinal study, 20214
social adaptation, former group psychotherapy patients with schizophrenic psychosis, 4-yr followup study, 20325
social adjustment & academic performance background, college adjustment & academic achievement, Black vs Chicano college students in predominantly White college, 20729
social adjustment & interaction, 20–56 yr old head injured patients, implications for rehabilitation, 10137
social change & culture & adaptation & co-parenthood, families, 21820
social functioning & psychiatric symptoms & alcohol abuse & personality, 15–59 vs over 60 yr old psychiatric patients in primary care, 9224
socialization & personal adjustment to role of medical professional, medical students, 4-yr study, 31041
special education programs, emotional & social competence development, gifted preschoolers, 2535
state of war, psychiatric morbidity & mental health treatment facilities & social adjustment, mental patients & civilians, Israel, 6618
symptoms & social adjustment, 27–63 yr old Cambodian concentration camp survivors who were treated for posttraumatic stress disorder, 1-yr followup, 1681

validity of Child Behavior Checklist, screening for maladjustment & assessment of psychosocial needs, 6–16 yr olds with epilepsy, 24886
validity of Revised Social Anhedonia Scale & social adjustment & psychosis proneness, male vs female college students, 149
visible physical impairment resulting from cancer treatment, psychosocial adjustment, pediatric patients, 2002
1st school experience in country of origin vs host country, socialization & self concept & family relations & adaptation to host society, 14–16 yr olds from Antilles vs Maghreb, France, 3502
4-stage model of intercultural adjustment, intercultural training & psychological constructs in adjustment to unfamiliar environment, 19704
Social Anxiety
clinical & demographic characteristics, socially dysfunctional 18–63 yr old behavioral psychotherapy patients, 11933
compliance & teticence vs oppositional behavioral symptoms, preschoolers with elective mutism, 30175
conceptual complexity as mediator of negative thoughts & affect, socially anxious college students, 19839
distress & frequency of involvement in initiation of social contact & conversation with stranger, avoidant personality disordered 19–62 yr old behavior therapy outpatients, 12012
encounters with strangers, consistency of demonstrated fear of strangers, 13–15 mo olds, 21790
factor analysis of Fear of Negative Evaluation Scale & Avoidance of Social Situations Scale, male vs female students, 5322
high vs low social anxiety, self consistency & self esteem & receptivity to interpersonal evaluation, adult Ss, 19801
locus of control & social anxiety & intolerance for ambiguity, career development, Asian American college students, literature review, 25951
micro- vs midi- vs global-level behavioral assessments & physiological arousal, social anxiety & skills, male college students, 2857
partner similarity, anxiety & interpersonal attraction & partner evaluation, socially anxious vs nonanxious college students, 3671
patterns of physiological reactivity & cognitions during social encounter, socially anxious Ss with mean age of 20.4 yrs, 3947
peer relations, 15–18 yr old Black males classified as conduct disordered vs anxious-withdrawn vs well-adjusted, 17476
performance expectancies & self focused attention, social performance in mixed-sex dyads, moderately socially anxious male college students, 24466
prediction of & actual outcome of & dropout rate from group social skills training program, 16–50 yr old socially anxious psychiatric patients, 20329
scores on self monitoring scale vs Self Consciousness Scale's public vs private self consciousness vs social anxiety subscales, college students, 13468
self consciousness & social anxiety, belief in paranormal, college students, UK, 14485
self report & peer rating & laboratory interaction & self monitoring, 18–34 yr old females, 17332
situational determinants, physiological reactivity & frequency of negative cognitions, socially anxious patients, 30232
social anxiety & anticipation of future interaction, favorability of self presentation, college students high vs low in social anxiety, 6329
social insecurity & blood pressure & sympathetic arousal & Type A pattern, 23–67 yr old male medical or surgical patients, 21352
techniques for dealing with embarrassing events & confidence in own & estimation of others' performance, 18–57 yr old female vs male socially anxious patients, 9233
Social Approval
academic help seeking & perceptions of academic competence & social attractiveness & peer status in reading & math classes, 3rd & 5th graders, 25845
acceptance & isolation & rejection by classmates, mainstreamed 3rd–6th graders with behavior disorders & learning disabilities & mental & physical handicaps, 4960
apprehension of estimation & need for social approval in psychological diagnosis, psychiatric patients & their psychologists, 14925
behavioral sports fitness training, social status, 7–13 yr olds, 9831
classroom-based short term social problem solving program, social problem solving abilities, popular vs rejected vs neglected vs average 4th graders, 25796

occupational status & economic sector location & subjective view of social class & SES, world view & social tolerance & political attitudes, Blacks vs Whites, US, 8959
race & ethnicity & culture & class & sex, subgroup formation & interaction in lunch court setting, White vs Black vs Chicano urban high school students, 13028
race by social class stereotyped perceptions of females, female vs male college students, 21887
race vs social class, participation in leisure activities, Black vs White adult urban residents, 11600
sex & social class & conflict situation, prediction of aggressive behavior, upper- vs lower-middle-class 15–18 yr old high school students, 21748
sex & social class, alcohol consumption & prevalence of alcoholism, 18–65 yr old urban residents, Sweden, 3993
social class & drugs & ecological extremes, fetal body size & shape & composition, 8660
social class & ethnicity, schizophrenic patients admitted to psychiatric facility, Israel-born Jews, test of social selection vs social causation hypothesis of schizophrenia, 1288
social class & health, assessment of Black Report, Great Britain, 29777
social class & marital & immigrant status, prevalence of mental disorders, 18–65 yr old urban residents, Sweden, 3852
social class & personality & adjustment & lifestyle factors assessed by memory performance, 65–93 yr olds, 24090
social class & social structures, career mobility, males, Austria vs France vs US, 31514
social class & sociological diffusion of psychoanalytic treatment, 1950–80, 15020
social class, access to psychiatric care at community mental health center, psychiatric patients, followup on research by A. B. Hollingshead & F. C. Redlich, 15293
social class, career mobility, 20–65 yr old males, 28717
social class, defeminization, male homosexuals, 3630
social class, Eating Attitudes Test scores, female students from state vs private schools with symptoms of anorexia nervosa, England, implications for test reliability, conference presentation, 23426
social class of biological vs adoptive father, IQ & educational level, 18–26 yr old male adoptees, 19644
social class, patterns of preventive health behavior, 45–64 yr old females, 6377
social class, psychosomatic illness, patients with peptic ulcer or asthma, India, 4193
social class, sex identification & sex typing in human figure drawings, male vs female 8 & 9 yr olds, Nigeria, 29730
social classes, adoptees vs biological full siblings vs maternal half vs paternal half siblings vs biological children of adoptees' adopted parents, 489
social rank & urbanization & segregation, urban mortality, 969
social status & psychiatric diagnosis & alcohol consumption, mortality, 18–65 yr old males vs females, Sweden, 27236
social status, outcome of psychiatric illness, 15–55 yr old psychiatric patients, 2-yr followup, conference presentation, 17721
socioeconomic class & gender, delinquent behavior, high school students & their parents, test of Marxian power-control theory, 14698
status-participation & high-cultural interests & activities, educational attainment & marital selection, adult males vs females, 11-yr followup, 14269
theories of criminogenesis & crime & social class, criticism of C. R. Tittle's argument, 1441
theories of criminogenesis & crime & social class, reply to criticism by G. Nettler, 1462

Social Class Attitudes [See Socioeconomic Class Attitudes]

Social Clubs (Therapeutic) [See Therapeutic Social Clubs]

Social Comparison

asymmetry of perceived similarity between persons in relation to degree of social stereotypy of person concerned, 6353
distribution of like-self vs unlike-self judgments & self-other constructs & personal constructs development, 8–18 yr old anglophones & francophones, Canada, 29662
effectiveness of least restrictive environment transfer through social comparison, mentally retarded 6–18 yr olds who transferred from institutional setting to segregated community facility, 28096
egotism & in-group favoritism ratings of home in suburbs, 16–82 yr olds, Australia, 9103
false feedback about similarity to others & ability to form vivid visual imagery, mood & self acceptance, college students, 14534
information search bias, production of self-serving attributions for success & failure & maintenance of positive self evaluations, college students, 6365
initial experiences with task failure vs success & observation of peers' task outcomes, achievement expectations, lower-class urban Black vs middle-class rural White male vs female 3rd graders, 2422
intergroup discrimination, self esteem, college students, 3678
perceptions of ideal mathematics student vs self as mathematics student, male vs female 9th–10th grade geometry students, 18536
preference for social comparison with people experiencing positive vs negative affect, depressed college students, 27301
role of reference groups inside vs outside of organization, job & pay satisfaction, workers vs managers in manufacturing firm, 31532
social comparison & referent cognitions & perceived injustice, 21898
social comparison model demonstrating perceptions & evaluations & reactions to tasks, employees, 23282
social comparison preferences & pay evaluations, female vs male college students, 19822
social comparison task- vs status- vs norm-relevant ability appraisal, 21947
social comparison vs individual oriented teacher comments, academic achievement & motivation & school related personality factors, 6th–10th graders, 13009
social comparison vs persuasive argumentation processes as mechanisms underlying group polarization, literature review & meta-analysis, 24477
social comparison vs romantic situation, ratings of jealousy vs anger vs sadness vs embarassment, college students, 24523
social comparison with similar vs superior vs inferior peer, development of evaluation standards, 1st & 4th graders, 8840
social comparisons revealing positive vs negative inequality, happy vs sad affect & behavioral & cognitive responses, 1st & 2nd graders, 26920
theoretical perspectives on role of social comparison in coping behavior, female 29–78 yr olds with breast cancer, 12301

Social Dating

additional information, change in perception of partner in simulated dating relationship, male vs female college students, implications for counseling & clinical relationships, 11751
assessment of feelings about relationship & social exchange behaviors & particularism & symbolism of resources, prediction of continuation of relationship, couples in new relationship, 21902
causes of relational vs early date rape, 20060
dating & sexuality, widowed or divorced 60–92 yr olds, 26883
dating expertise, processing social interaction scripts, female vs male college students, 19805
dating jealousy in hypothetical situations, male vs female college students, 17161
determinants of sexual & dating behavior, 12–18 yr olds, 14231
differential sexual socialization & relative deprivation, date rape, male college students, 27415
exit vs neglect vs voice vs loyalty problem solving typologies, prediction of relationship distress/nondistress, college student dating couples, 21927
experience of family & dating violence, 15–20 yr olds, 12103
family structure & relations, early dating behavior, female vs male college students, 11480
features of organizations & individuals, romantic relationships at work, adults, 23246
individual differences in perceptions of others' beliefs regarding proper premarital sexual behavior & in own behavior & in perception of others' behaviors at dating stages, male vs female students, 24438

intimacy & domestic violence & reports to police, boyfriends/girlfriends & husbands/wives & ex-husbands/ex-wives, 20023
level of intelligence of females who do vs do not initiate dates, ratings of impressions with bipolar adjectives, male college students, 9114
perceived prevalence of courtship violence on college campuses, college directors of counseling centers & housing systems & students, 1410
perceptions of sexual norms & engaged vs steady vs casual dating trends, male vs female college students, 15-yr followup, 20754
predictions of learned helplessness model of depression & breaking up, college students, 19970
rights assertion &/vs expression of positive thoughts & feelings, role play responses in contraceptive problem situations, female vs male actively dating college & graduate students, implications for social skills training, 27097
sex differences, contributions of resources & self perception of power in dating relationship, college student couples, 6349
social constructions of sexuality & romance vs adventure script of relationships, females, 17217
social exchange theory & degree of equity-inequity, emotional responses & behavioral tendencies & marriage intentions, intimate romantic couples, 11730
stage of dating relationship, intimacy behavior & expectation of peer behavior, pregnant female 15–19 yr old abortion clinic clients vs 17–19 yr old female student nurses, 26890
test of uncertainty reduction theory with acquaintances & friends & in dating relationships, college students, Japan vs Korea vs US, 6332
Type A vs Type B behavior patterns of female partner, perception of quality of & satisfaction with & love in dating relationships, heterosexual couples, 27149

Social Demonstrations
perceptions of labor violence & negotiation over nature of colonial power, Dutch elite, 19th–20th centuries, Sumatra, 29903
SES & educational status, willingness to participate in nonviolent protest vs civil violence to eliminate racial discrimination, test of "new urban Black" vs social marginality hypothesis, 29887

Social Density
between-year rainfall variation, population density, wintering sparrows, 430
breed & group size & density, spatial cohesion & dispersion patterns, grazing sheep, 16362
dynamics of population growth & spatial patterns, India, 1951–81, 967
groups not aggregated vs aggregated above & below median body weight & density, food intake & feeding efficiency & weight gain & age at puberty, crossbred pigs, 16364
high population density & commercial development & building density, neighborhood satisfaction & safety, Chinatown residents aged 18 yrs & older, implications for development planning & policy, 20908
high vs low density & controllable vs uncontrollable outcomes, attribution of events to crowding, college students, 29957
male vs female density &/or breeding synchrony, competition over location of & access to spatially scattered females & sperm competition, male ground squirrels, 21273
population size & density, crime & divorce & violence & public assistance, 14253
sex & population density, egg cannibalism, 2 related stickleback species, 29249
size hierarchy & density & feeding frequency, surfacing behavior & food conversion rate, air-breathing fish, 3194
urbanism, misanthropy, respondents of general social surveys, partial support for subcultural urban theory, 24263

Social Deprivation [See Also Social Isolation]
experiential deprivation & CA & nature of stimuli, visual vs verbal recall & mnemonic competence, 5–8 yr olds, 29647
family background & demographic characteristics, illegitimate birth status & subsequent living conditions, females aged 18–21 at birth of illegitimate child, Scotland, 6216
psychological & physiological characteristics of criminals, college students, Netherlands, test of social deprivation theories, 24754
separation from mate for 1 vs 4 vs 10 days, pair reformation & parental behavior & related aggression, male & female cichlids with brood, 29353
separation of 5 vs 10 vs 20 minutes followed by 30 minutes of reunion, cortisol levels, mother–infant pairs of squirrel monkeys, implications for shorter periods of separation in attachment behavior research, 21417
social economic & educational policies, mental health, Black children & their families, implications for psychiatric training, 6112

Social Desirability
development of Junior High Life Experiences Survey & scoring strategies, assessment of life stress & prediction of maladjustment, 7th & 8th graders, 168
factor patterns of self report vs desirability ratings for traits on Bem Sex Role Inventory, female college students, 14390
low vs high empathy vs social evaluation, tendency to offer help to other person in need, college students, 21935
measurement & control of social desirability bias in experimental & survey research, literature review, 11716
performance on measures of hopelessness & social desirability & irrational beliefs, suicidal vs nonsuicidal patients, 6644
person orientation & perceived importance of scholastic success in attainment of popularity & influence of peers on achievement behavior, female vs male 10th vs 12th graders, 21888
personality dimensions of neuroticism & social desirability, male vs female delinquent vs nondelinquent adolescents & their parents, 27398
principal-factor deletion technique, control of socially desirable responding on personality inventories, adult Ss, 6375
psychological well-being & social desirability, 65 yr olds & older, implications for measurement in social gerontology, 24203
reliability & concurrent validity of self report measures of depression & anxiety & social desirability, college students, 21020
reporting bias, correlation between negative life events & subclinical psychological symptoms, college students, 10745
social desirability bias in Least Preferred Coworker Scale, mining company & insurance firm managers, 2858
social desirability response bias as source of discrepancy between subjective weights & regression weights, college students, 23400
social desirability response bias, assessment of job satisfaction & commitment to current organization, accountants, 13230
transsexualism vs transvestism & desire for sexual reassignment approval, social desirability response set & self report, homosexual vs heterosexual male patients, 30804
values & health behavior & social desirability, female college student smokers vs nonsmokers, application of W. J. Conroy's value change strategies & replication of C. M. Kristiansen's study, Great Britain, 27118

Social Discrimination [See Also Sex Discrimination]
analysis of American Psychological Association annual convention programs for cultural & ethnic content & emergence of policy statements, 1977–82, 31071
anti-Black prejudice & discrimination, elevated levels of neurotic symptomatology, 18–64 yr old urban Whites, South Africa, 6191
appropriateness of failure to help & source of helping request, willingness to help Black recipient, White female college students, 24506
case of Atascadero State Hospital v Scanlon & 11th amendment immunity & discrimination, job applicant with diabetes & other handicaps, 24338
case of Larry P. v Riles involving racial bias in intelligence tests & placement in programs for mildly retarded minority children, 11678
consistency & continuity in Plessy v. Ferguson & Brown v. Board of Education & cases of reverse discrimination, 17128
critique of "Cleburne" decision, discrimination & rights, mentally retarded citizens, 9429
discrimination against females & minority groups & reverse discrimination, effectiveness of affirmative action in achievement of equal employment opportunity, 9022
discrimination in recruitment & admission & retention processes, Black & Native American & Puerto Rican & Mexican American graduate students, 28373
disintegration vs integration, attitudes toward handicapped, 24879

employment stigmatization of ex-political detainees & ex-convicts & ex-mental patients, personnel practitioners, 5044
ethnopsychoanalytic study of oppression of Jews & homosexuals, 6200
experimental research in race & sex discrimination in industry, 31533
forms of ostracism in society, conference presentation, 962
historical overview of impact of minority status & discrimination & suggestions for & role of teachers in creation of bias-free educational environment, immigrant Asian-American students, 28517
issues discussed & resolutions made concerning mental health & South Africa's apartheid policy, conference presentation, 11588
limitations of classical validation method & alternate analytic strategies, assessment of racial discrimination, 8036
Lora v Board of Education of City of New York, identification & placement in segregated special day schools, Hispanic & Black students with emotional disturbances, 11692
power differentials, intergroup behavior, college students, 24490
psychological sources & social conditions & cultural preconditions, violence against subgroups by governments & powerful groups, 6184
religiosity as end in itself vs as quest, display of overt vs covert racial prejudice, college students, 17222
sex & race, task-based performance appraisal, Black vs Hispanic vs White blue collar employees, implications for discrimination cases, 10600
simulation & games, learning about & changing cultural prejudices & discrimination, 17040
state court decisions on employment discrimination due to alcoholism or obesity or handicaps, case law, 27041
stigma reversal & reverse discrimination in treatment of majority vs minority groups, implications for public policies, 17047
structure of power & cultural norms & structural aspects of work & management development, reinforcement of occupational segregation on basis of sex, females, 31449

Social Drinking
alcohol drinking behavior, psychological/cognitive functioning, social drinking college students, implications for identification of at-risk social drinkers, 6304
alcohol, performance on video game & test of coordination, college students in alcohol education program, 5007
alcohol, social activity & aggression & testosterone level, male social drinkers with aggressive vs nonaggressive predisposition, 6307
cognitive-affective stress management training, reduction in alcohol consumption, heavy social drinking male college students, 7497
diet & ethanol dose & social drinking level, salsolinol excretion, male & female social drinkers, implications for etiology of alcoholism, 16655
dose & personality traits, magnitude of alcohol-attenuated stress response, 21–30 yr old male social drinkers, 24455
historical experience with alcoholism & construct accessibility, judgments of drinking habits of hypothetical others, college students, 21948
internal vs external attributions & antecedents to drinking, American Indian vs White college student social drinkers, 29928
smell & feel of preferred alcoholic beverage, skin conductance level & heart rate, alcoholics vs nonproblem drinkers, 22164

Social Environments [See Also Academic Environment, Animal Environments, Classroom Environment, College Environment, Communes, Communities, Ghettoes, Home Environment, Kibbutz, Neighborhoods, Rural Environments, School Environment, Social Support Networks, Suburban Environments, Towns, Urban Environments, Working Conditions]
assessment of individual & family system & community interaction, evaluation of problem behavior, preschool age children, implications for school psychologists & counseling, 23145
attribution patterns of success & failure in achievement & social situations, learning disabled vs normally achieving 9–17 yr olds, 14763
environmental quality of day care centers, social interaction with peers & teachers & solitary play & time on task & noninteraction, male vs female 4 yr olds, 23025
husband's vs wife's age & marital duration & birth & marriage cohorts & contemporaneous period, coital frequency, spouses, longitudinal study, 14308
identification of situational taxonomies through idiographic vs consensual approaches, 1137
immigrant status & neighborhood quality & family income & child's sex & street type, parental values, parents of 9–11 yr olds, 1002
inner city vs suburban vs rural settings, social complexity of play choices, male vs female 4th graders, 8903
intervention model, interface with environment, mentally handicapped adults, 28215
judgment of impairing social situations in terms of theories of helplessness & loss of control & reactance & coping & stressful situations, impaired speakers, 1134
perception of family & social environment & social support, well-being & academic adjustment, high school students, 21759
physical health status & social environment, depression, lung cancer patients & their spouses, 4135
political & economic conditions following revolution, fieldwork & relationship with informants, sociologist, Algeria, 11596
relative social ranks & age & familiarity of interlocutors & presence of outsiders & interaction setting & task expectations, choice of syntactically-based directives, Black male agricultural migrant workers, 5978
religion psychology, improvement of social environment, children, 5198
situational context & type of potential companion, desire to affiliate, 17–19 yr olds, Israel, 14212
social contacts & confiding relationships & leisure activities as discriminating indices, depressed patients vs controls, 14592
social context of alcohol consumption, college students vs driving while intoxicated offenders, 1407
social ecological perspective, stress & coping & social support, 15 yr old males, 21770
social environment & media system & interpersonal networks, dependency on mass media, individuals, application of sociological framework, 26761
social environment & structure of health care delivery system, behavior & performance of individual physicians, Great Britain, 12628
social environments & drinking attitudes & behavior & problems, young drinking offenders vs juvenile delinquents, 14713
social-spatial processes, delinquency & crime, West Germany, implications for urban & criminal sociology & urban land-use strategies, 30300
social structure & available roles & physical layout of locale, race track & casino experience, players, application of E. Goffman's paradigm for analysis of leisure games, 14266
stability of hysteric personality trait, college student sorority members assessed while living in sorority house vs vacationing at home vs during Rush Week, 18552
Swiss vs High German & situation formality, subjective social status & solidarity, 14–15 yr olds, Switzerland, 11502
time of day & precursor availability & sex & age & social environment, neurotransmitter & metabolite concentrations in CSF, humans & nonhuman primates, implications for neurochemistry of schizophrenia & depression, 23813
zone concept framework, socialization of cognition in home environment, children, 29652

Social Equality
citizenship education & social control vs social justice & equitable economic opportunity, African Americans, 18474
discrimination against females & minority groups & reverse discrimination, effectiveness of affirmative action in achievement of equal employment opportunity, 9022
emphasis on productivity vs harmony in workplace & reward allocation by equality vs equity rule, evaluation of allocation & allocator, college students, Korea vs US, 23192
gender inequality perpetuation in comic strips, 21878
inferences from historical literature on art about social structure & economic conditions & prevalence of artistic & cultural pursuits in metropolitan areas, US, 24257

mathematical models of high vs low proportion of Blacks in labor force with high vs low occupational vacancy rate, achievement of racial equality through affirmative action & economic growth, 27065
nonrecursive model for analysis of link between political democracy & income distribution inequality, 27059
perception of fairness in distribution & retribution of subrules of equality & contribution principles, female nursing students, Sweden, 24530
perceptions of inequalities in daily activities, adults, Poland, review of sociological studies from 1960–80, 17049
social interest as fundamental concept of Adlerian individual psychology, 14520
sociobiological assumptions & gender-based inequities & enculturation of male/female division of labor, 21881
verbal expression of gratitude as expression of social inequality, Tamil speakers, South India, 26959
Social Facilitation
roles of music in social utility & as source of entertainment, 11370
social facilitation & role of interindividual relationships, learning, Guinea baboons living in enclosed area, 29202
social situations with vs without Os vs concurrent performers, dynamic balance performance, 4 vs 6 vs 8 yr olds, 11387
task difficulty, performance, college students working alone vs with co-worker vs collectively, 3676
verbal expression of gratitude as expression of social inequality, Tamil speakers, South India, 26959
Social Groups [See Also Dyads, Minority Groups]
development of classification system to facilitate sociological research of alternative lifestyle groups, Australia & New Zealand, 991
endogenous vs exogenous communication orientation, perceptions of national relationships with international economic partners, members of occupationally defined elite groups, Mexico, 998
ethnography & participant observation, determination of vocabulary & topics & attitudes in intragroup communication & social identity, Haida Indian & White residents of Haidaville, Alaska, 24052
extension of Heiderian balance theory for quantified data, triads of peers, 11739
familiarity & cognitive factors, organization of social information & person perception in small group social situations, 21901
mathematical model of stochastic relations in social networks, structure of nominations of esteemed peers, mathematicians, 1130
power differentials, intergroup behavior, college students, 24490
psychological phenomena associated with membership in majority & minority groups, high school students attending schools consonant or dissonant with parental SES, 28508
social units & participation, recreation activities, 29934
Social Immobility [See Social Mobility]

community design characteristics & mental health & social interaction, 31566
criterion-related validity of self report inventories, prediction & measurement of heterosocial skillfulness, male college students, 18944
cross cultural & age differences, everyday social explanations, 8 & 11 & 15 yr olds & adults, US vs India, 29630
curriculum focusing on social & emotional concerns, self esteem & expression, learning disabled students, 13058
dating expertise, processing social interaction scripts, female vs male college students, 19805
definitions of self & other & larger social world, situated interaction, 19824
degree of disclosure to & receipt of disclosure from others at individual vs dyadic level, reciprocity of self disclosure, college student sorority members, 21919
demographic & other characteristics, returnees vs nonreturnees to high school reunion 10 vs 20 vs 30 yrs after graduation, 27191
determination of source of dispute & selection of tactics, adjustment of mediating behavior, labor mediators, 13198
development of short observation method, assessment of activity & contacts, elderly persons in residential care, 5250
early popular vs rejected vs average status, later social adjustment, kindergartners, 3-yr followup, 15799
emotional arousal & social interactive behaviors in strange situation, mothers & their infants tested at 12.5 & 19.5 mo of age, 26891
emotional value of social interactions & distance, permeability of interactional space, incidental passers-by, 19806
environmental quality of day care centers, social interaction with peers & teachers & solitary play & time on task & noninteraction, male vs female 4 yr olds, 23025
feminist perspectives on human functioning & interaction, literature review, 9077
frequency of association in voluntary groups & community size & occupational prestige & education, anomie, 1135
general activity & social interaction & open hostile activity, male vs female 1st graders, 931
halopemide, social contact & initiative & activity, 20–65 yr old female psychiatric patients, 9887
healing of transgressions & pollution of boundary transitions among sexual & social & symbolic domains, Northern Yaka, Zaire, 21810
impartial information presented as high vs low blame, divergence between perspectives of actor vs recipient in evaluation of aggressive behavior, 1149
institutional vs integrated residential care services, social & community participation, moderately to severely mentally retarded 20–50 yr olds, Sweden, conference presentation, 12622
interaction strategies in buyer-seller relationships, organizational buying behavior, marketing & purchasing managers, 7814
interpersonal betrayal & cooperative social interaction, self evaluation, female depressed college students, 14428
interpersonal circle theory vs social relations model interpretations of structure of relationships, graduate students, 24498
Interview Schedule of Social Interaction, assessment of adequacy of interpersonal social support networks, 45–70 yr old males with or at risk for ischemic heart disease, 6898
level of social activity & reticular arrhythmias & emotional stress & Type A behavior as risk factors, ischemic heart disease & mortality, middle aged males, Sweden, 8-yr followup, 25007
listening skills & sensitivity to nonverbal behavior, cultural differences in social business interactions, business and industrial personnel, 5095
maternal interactions outside family, aversive mother-child interactions, 25–35 yr old mothers & their 4–10 yr old children with severe interaction problems, 30262
mediation of social conflict, literature review, 11571
methodology for assessment of psychosocial relations, adolescents, 29736
model of external constraints & social interactions & non-binary relations, 5373
moral systems & indirect reciprocity, conference presentation, 1116
nature & effects of linguistic environment & social interaction, normally developing language learning children, bibliography, 8773
nature of social relations, 9087
need for examination of attribution theories & their impact on study of interactional behavior, 1115
need for greater respect & civility toward peers in professional communication, psychologists, 2261
negotiated order perspective & early symbolic interactionist approaches, social organization & analysis of behavior in complex organizational situations, 19702
pets, promotion of health & social interactions, families, implications for therapists, 8982
physical & verbal stroking in transactional analysis, withdrawn social behavior, 70 yr olds & older from skilled-care nursing home, 7044
pictorial stimuli & social cognition measures, tolerance for ambiguity, deaf 1st–4th graders, 20121
positive vs negative thinking, competence in achievement vs social interaction situation, college students, 27179
prediction of participation in social activity program, moods & loneliness, residents of senior citizen apartment 50 yrs old & older, 15404
preschool play center environment & free play materials, free play activity & social vs nonsocial behavior & positive vs negative social interaction, male vs female preschool children, 24219
projective & social & surrogate function in social interactions, pets, 9101
properties of personality & development of social relations from perspective of Soviet psychology, 9158
recreation therapy, activity involvement & social interaction, mentally retarded 16–65 yr olds, 1869
relaxation & guided imagery training vs social contact, immunocompetence, 60–88 yr olds in independent-living facility, 4434
role of social interaction & importance of humor, personal development & career awareness, gifted adolescent females, implications for counselors, 24194
role of Young Pioneer Brigade, social activity, blind children, USSR, 4973
rules in different social relationships, 18–25 vs 30–60 yr olds, 14423
self report vs E observation of participant interactions, college employees & fraternity brothers & regular users of community doughnut shop, 21911

sex, perception of facial affect & physical proximity, adults, India, 19802
social & cognitive & affective components of neighboring, literature review, 3689
social communicative interactions with own vs unfamiliar child, mothers & their 4–5.9 yr old stutterers vs nonstutterers, 1497
social contact & treatment outcome, 16–59 yr old inpatients with schizophrenia & affective disorders, 1-yr followup, 7408
social contact, abusive behavior, mothers & their children, Israel, 1731
social interaction & heart rate & blood pressure, dyads of 4th & 5th grade males with type A vs type B behavior, 21792
social interaction & negative emotions & work process control & job demands, work stress & satisfaction, comprehensive 1st–9th grade teachers, 25744
social interaction, lay knowledge of heart attacks, 35–50 yr olds, 29962
social interactions in free-play settings, 28–32 mo olds in kibbutz vs urban setting, Israel, 8860
social relations & cognitive processes in creation & improvisation of puppet shows, 3 yr olds in pairs, conference presentation, 8905
social relationship & interpersonal communication reasearch & leader-as-medium metaphor, implications for leadership training programs, 11724
social relationships & depression, 6th & 7th graders, 16985
social vs personal attraction vs categorization, group formation, male & female 16–17 year olds, Australia, support for M. A. Hogg & J. C. Turner's social attraction hypothesis, 26906
structural model of social exchange of Piaget, applications to interpersonal & group relations, 29940
structured program of client-staff interaction, self concept, institutionalized geriatric mentally retarded males, 25476
systematic biases in sequential data-analytic techniques, analysis of temporal organization of coded social interaction units, 14430
teacher expectancy, self concept & perception in social interaction process, middle school students, 13050
themes in effectiveness & nature of mediation of social conflict, literature review, 11565
type of social interaction, effectiveness of self care, elderly, 25360
volunteer's dilemma game as simulation of social traps, 14426

Social Isolation

age of isolation, attack & fighting behavior, male mice, 348
aggression toward & social isolation of & food sharing with 2 yr old offspring following birth of infant, C. goeldii family, 26446
Antarctic isolation, cognitive ability, response to criticism by A. F. Barabasz et al, 8232
Antarctic isolation, cognitive processing, police recruits vs Antarctic exposed personnel, criticism of study of K. G. White et al, 8187
Antarctic isolation, inversion perception conformity, males exposed to long term winter vs short term summer isolation, implications for regression to primary process thinking as response to isolation, 23530
city vs suburban settlement, interpersonal estrangement, adults, 8942
classroom leadership role, social interactions & sociometric standing, 4.3–4.4 yr old socially withdrawn kindergartners, 4-wk followup, 28515
collaborative skills & academic group contingencies, achievement & cross-handicap relationships & voluntary use of collaborative skills, socially isolated & withdrawn 8th & 11th graders, mainstreaming implications, 31255
community isolation, academic achievement, 6th graders in rural schools, Newfoundland, 23014
complex sensory environment vs isolation, cortical EPs, male rats, 8395
conceptual frameworks for research on social support & loneliness & social isolation, 17262
conversational skills training, nonverbal & verbal dyadic interactions & ratings of interpersonal attractiveness, 21 & 27 yr old males with adjustment problems & social isolation & loneliness, 15101
dietary tryptophan & social isolation, territorial aggression & locomotor activity & monoamine neurochemistry, male mice, 23997
drug-induced stress & endorphin activity & depletion of brain monoamines, spontaneous social isolation & motor activity, rats, conference presentation, 14060
economic & political & social & psychological & institutional methods of eliminating caste system, India, 6180
ethanol, aggression, individually-housed female mice, 21598
extrafamilial vs familial contacts & objective vs subjective aspects of social isolation, schizophrenic outpatients, 24648
forms of ostracism in society, conference presentation, 962
group housing vs isolation, eating & sleeping & drinking patterns in social stress, rats, 467
grouping & multiple mating vs isolation & removal of vas deferens, oviposition rate, hermaphrodite freshwater snails, 26582
increasing similarity intelligence, child who has suffered from social isolation, longitudinal study, 11519
individual programming in skilled-nursing facility, elderly room-bound residents, 30929
intermittent vs continuous social separation, alcohol consumption, juvenile monkeys, 16479
isolation & isolation-induced conflict as potential stressors, voluntary alcohol consumption, male rats, 21388
isolation from natal nest at emergence, ability to recognize nestmates, bald-faced hornet potential queens, 19281
isolation vs grouping & aggressive interactions with vs without MAO or tyrosine hydroxylase inhibition, midbrain & hypothalamic 5-HT & norepinephrine & 5-hydroindoleacetic acid levels & turnover, male golden hamsters, 21401
maternal separations as infant, behavioral responses & plasma cortisol levels in unfamiliar situations, pigtailed macaques, 2.5–4.9 yr followup, 29227
nutritional status, self perceived chewing ability & dental status & social isolation, 76–93 yr old military veterans seeking outpatient treatment, 9976
ostracism & legal case against leaders of Old Amish Church, male 33 yr old former member, implications for sociobiology of individual rights, conference presentation, 982
peer relations, 15–18 yr old Black males classified as conduct disordered vs anxious-withdrawn vs well-adjusted, 17476
perceptions of seclusion & time out, 5–13 yr old emotionally disturbed residents of treatment facility, 7433
postaggression shock punishment, subsequent behavior, dominant vs isolated male mice, 13711
prerelease offer of companionship & financial support, voluntary acceptance of aftercare service, socially isolated male prisoners, England, 25540
psychosocial effects of occupational intermittent husband absence, wives of offshore oil rig workers, 11630
rearing in isolation from adult conspecific song, innate song differences, male swamp vs song sparrows, 434
rearing in isolation vs with others, mouse killing behavior & open field ambulation, male Sprague-Dawley vs Wistar rats, implications for introversion/extraversion & animal aggressiveness, 16376
septal lesions, open field gregariousness, rats reared in group vs individual cages prior to lesions, 26608
social isolation & capacity to express needs, key helpers of amputees, implications for exploitation of females as caregivers, 7353
social isolation & issue of passivity, female alcoholics, 24772
social isolation & rehabilitation, children, literature review, 20544
social isolation & rejection & forebodings of Holocaust & radical transformation of superego during adolescence, obsessions & narcissistic & masochistic problems, middle aged Jewish male, 25096
social isolation, attack readiness in tests with conspecifics, male swordtails, 16370
social isolation vs group housing, odor preferences & urine marking, male rats, 13760
social network analysis of living alone & social isolation, patients being admitted to hospital with primary depressive illness & alcoholism & personality disorder/neurosis, 1320
socially impoverished environment, neglectful vs nonneglectful mothers, 12099
solitary confinement as punishment, inmates, literature review, 2140

songs of isolation-reared vs natural conspecifics vs heterospecifics, inter- & intrasexual communication, male & estradiol-treated female sparrows, 21411
speech reading course, feelings of isolation & insecurity, 35–75 yr olds deafened later in life, 12755
standard & standard care plan for restraint & seclusion, psychiatric patients, implications for nursing, 15384
strategies used to withdraw from communication, mentally retarded 22 & 34 & 40 yr olds with antisocial tendencies & mood disturbance & idiosyncratic mannerisms, 14765
structured activities vs friendship, mental health, volunteers over 60 yrs old & socially isolated 51–91 yr olds, New Zealand, 15274
systematic torture & forced exile & symptomatology & use of hypnosis & family therapy & compassionate therapies to foster human dignity, Salvadoran torture victim refugees, Costa Rica & Nicaragua & US, 22383
techniques of group psychotherapy, social isolation & depression, 70–95 yr old male residents of home for aged, 9785
therapeutic use of seclusion or restraints with chronic destructive behavior, hospitalized chronic mentally ill patients, 22716
total social isolation vs mother present with vs without contact vs peer present, behavioral & physiological responses, rhesus monkeys at 4–6 vs 8–10 mo of age, 8479
troop-specific response to long calls, moustached tamarins briefly separated from own troop, 3122
use of seclusion & restraint in inpatient psychiatric settings, adults, 10118
use of seclusion & restraint in state hospitals, psychiatric patients, 4-mo followup, 10105
validity of concept of alienation, critique of M. Seeman's works, 1182
visual & tactile isolation & species-adequate substitute stimulation, peer interactions, 2–3 mo old squirrel monkeys, 23887

Social Learning [See Also Imitation (Learning), Imprinting]
analysis of results of conservation learning in terms of cognitive restructuring vs submission to others, Ss with mean age of 6 yrs, 8839
application of social learning & circumscription/compromise theories to career development & decision making, 28680
audio- & videotaped samples of glossolalia & live modeling & direct instruction & encouragement, learned fluency of glossolalia, 18–44 yr old college students, 17424
computer simulation of social interaction based on Piaget's concept of action schema, reproduction of social structure & role of social learning, 28888
empirical & methodological problems in social learning research, 2821
etiology of childhood conduct disorders, coercion theory vs cognitive social learning model, 12102
individual vs group social-learning approach treatment, 20–66 yr olds with major or minor depressive disorder, 27837
individual vs group training & differences in brain excitability, learning & retention, short- vs long-sleep bred mice, 352
organization of experiences & learning history, development of psychological traits, humans & animals, 24165
ratings of enjoyability of selected activities & frequency & associated variables & self efficacy to resist bingeing/purging, prediction of bulimic behaviors, 17–32 yr old females, 12233
social facilitation of mobbing response by males, female zebra finches, 26445
social learning theory, explanation of maintenance or cessation vs initiation of cigarette smoking, junior & senior high school students, 3-yr longitudinal study, 24196
social learning theory vs mathematics aptitude-anxiety model, mathematics final examination performance, college students, 10558
social learning treatments with families, reduction of out-of-home placements, abused 3–12 yr olds, 12489
social learning vs experiential thematic interaction treatment approaches, shy Ss, 17754
understanding of social learning principles, self control & grades & personality & conduct problems & immaturity & subcultural delinquency, 4th & 7th graders, 26919

Social Maladjustment [See Social Adjustment]

Social Mobility
appropriateness of Head Start for minority families in 1980s & as a vehicle for upward mobility, comments on articles by V. Washington & V. J. Oyemade, 10397
disadvantaged upbringing in multiproblem welfare family, subsequent midlife income & employment & criminality & mental health, 47 yr old inner-city males, longitudinal study, reprint, 29778
ego defense mechanism, upward social mobility, lower- & working-class male adolescents, 40-yr longitudinal study, 942
intergenerational & career mobility patterns & fluidity, 20–64 yr old males, Great Britain vs US, 24258
social dislocation, genealogical interest, genealogists & other lobbyists, 29834
weakness of Head Start as vehicle for economic mobility & strategies for future directions, minorities, 10367

Social Movements [See Also Activist Movements, Civil Rights Movement, Student Activism, Womens Liberation Movement]
absence of rural youth in ecology movement, 890
anti-war counterculture of 1960s & 1970s in reaction to industrialism, development of new-age romanticism as alternative lifestyle, 24254

technologies & strategies in delivery of human & health care & educational services in rural areas, mentally & physically handicapped children & their parents, 12327
therapeutic use of dogs in child welfare work, 22657
university-based Parents & Children Together project as in-home alternative to foster care, child abuse &/or neglect families, 30882
volunteer functions & roles & considerations in social services, aged, 7365

Social Skills

ability to express selected emotions through facial expression & self vs social perception of realism of expression, female college students classified as being low vs highly socially skilled, 24507
age & individual differences, tactfulness in giving negative feedback to peers, learning disabled & nondisabled 1st–4th graders, 9455
age at 1st hospitalization & premorbid social competence & developmental categorization of symptomatology, patients with major affective vs personality disorder vs neuroses, 9249
alcohol misuse prevention program, knowledge of effects of & risks of alcohol misuse & social skills to resist peer pressure, 5th–6th graders, 28415
analysis of internal structure of social competency scale by R. W. Levenson & J. M. Gottman, male vs female college students, 20994
anxiety & physical attractiveness & level of social skill, unmarried White 18–30 yr old males & female confederates, 21942
appropriateness & rate of occurrence of heterosexual social behavior in bar & restaurant setting, mentally retarded vs non-mentally retarded adults, implications for social skills training, 9425
attitudes toward same sex child with physical handicap vs mental retardation & social & academic competence vs incompetence, 3rd–4th vs 7th–8th vs 11th–12th grades, 24227

behavior problems & social competence, male vs female 6–11 yr olds from violent vs nonviolent families, 14702
behavioral-analytic assessment of social skills, blind adolescents, 1654
cognitive problem solving dialoguing & drama therapy in group counseling, interpersonal skills, Black 10–15 yr olds in foster care, 20497
cognitive strategies & instructional set information & practical responding to test suggestions, modification of hypnotic susceptibility, college students of high vs low susceptibility, 21207
compensation for lack of social skills through job competence, socially inept male workers, 13235
construction & reliability & validity of teacher-child rating scale, assessment of school competency & problem behavior, teachers & their kindergarten through 6th grade students, 31337
construction & validation of Teacher Rating of Social Skills-Children, teacher assessement of student social skills, kindergartners to 6th graders & teachers, 31315
construction & validity of Heterosocial Skill Observational Rating System, female college students, 143
criterion-related validity of self report inventories, prediction & measurement of heterosocial skillfulness, male college students, 18944
cultural background & age of child, valuation of social competence in parenting style, parents of 8–18 yr olds of European vs Japanese ancestry, Hawaii, 27008
degree of social support & physical attractiveness & social skills, male vs female college students, 1155
deinstitutionalization, daily living skills & interactions with staff in residential program, Ss with developmental & mental health disabilities, 2163
development & evaluation of behaviorally referenced rating system for heterosocial skills, college students, 8113
development & psychometric properties of test of interpersonal competence for employment, assessment of knowledge of interpersonal skills in employment setting, mildly retarded 14–52 yr olds, 26194
development & reliability of Social Competence Questionnaire, college students, 4992
development of curriculum to meet emotional & social needs, gifted students, 31270
development of moral judgment & behavior, mentally retarded children, literature review, 6683
development of questioning conventions & degrees of politeness, 7–16 yr olds, 3544
development of social & communicative rules & competent use of sign language & exploration of environment, prelingually deaf 1–3 yr olds, 1579
etiological & treatment issues, social interactional problems, learning disabled children & adolescents, 30338
evaluation of formats for intermediate level assessment of social skills, day hospital & psychiatric patients, 7999
factor analysis of Social Performance Survey Schedule, measurement of dimensions of social behavior, male vs female college students, 21002
factor structure & reliability of Waksman Social Skills Rating Scale, screening for social skills treatment programs & their evaluation, kindergarten through high school students with vs without emotional disturbances, 15947
family size vs ordinal position vs sibling gender vs spacing, sex role development & social competence, college students, 19752
group measurement of & issues regarding social-cognitive problem solving, 4th–6th graders, 24176
high quality government-run intervention program vs regular day care program, intellectual & language & social skills, disadvantaged Ss aged 3 yrs & over, Bermuda, 10027
high vs low social skills, verbal productivity & dominance in social interactions, male college students in conversation with female, test of J. M. Gottman's model, 29946
humor & social competence with peers, male vs female 5th–8th graders, 21785
individual differences in parent-child relationship & identity formation & role taking skills, adolescents, 16990
interpersonal competence, schizophrenic-prone male college students, 1259
lithium vs conventional treatment methods & ECT, relapse & social performance, 19–66 yr olds with bipolar affective disorder, conference presentation, 9894
male-female relations, social skills & negative emotions, Black upper division college students, 28513
mapping of social & behavioral characteristics, preparation for mainstreaming, junior high school & hearing impaired students & their teachers & parents, 31287
micro- vs midi- vs global-level behavioral assessments & physiological arousal, social anxiety & skills, male college students, 2857
multidimensionality of social intelligence & its construct independence from general intelligence, 18–65 yr olds, 14506
nature & development of social cognition & social competence in childhood through adolescence, 16996
nonverbal decoding skills as measure of social intelligence, college students & staff & adults, 29992
parental perceptions of cognitive & social childrearing task difficulty, child's perception & actual social competence, male vs female 3rd–5th graders, 21664
peer & teacher & parent ratings of social skills & peer acceptance, mainstreamed learning disabled vs nonhandicapped 6.3–11.9 yr olds, 18587
peer directed messages & responses, 2 vs 4 vs 6 vs 8 yr olds, 19670
peer identification & empirical validation of problematic interpersonal situations, 26–43 yr old male veteran drug addicts, 27419
peer-related social competence & individual social behaviors & language development & MA & teacher-rated social competence & behavior problems, developmentally delayed 1.3–6.3 yr olds, 4063
peer relations, social learning & development, preschool children, implications for instructional interventions, 19680
personalized vs standard role plays, assessment of social skills, 21–63 yr old depressed outpatients, 27283
physical & emotional health & social competence, mildly & moderately retarded adolescents in school for educably retarded, implications for school health services, 31289
positive practice overcorrection specific learning objectives, stereotypic vocalizations & social behavior, autistic 8.7 yr old, 4959
premorbid adjustment & physical attractiveness & adequacy of present interpersonal behavior & hospital adjustment before discharge, length of time before readmission, male vs female 18–56 yr old psychiatric patients, 24629
premorbid social competence & psychiatric outcomes, male vs female 1st-time admission psychiatric patients with affective vs personality disorders vs neuroses, 22714
quality of regular vs special day care centers vs family day homes, development of social behavior & competence, maltreated preschoolers, 24750
race & age & social skills, judgments of quality of children's role play performance, Black vs White 8 yr olds vs college students, 14224
relational competence & satisfying personal relationships & adjustment, young-old vs old-old adults, 21767
relational competence & social support networks, 17248
reliability & validity of Positive Behavior Subscale of Social Performance Survey Schedule, college students, 147
reported closeness to parents vs siblings, social competence, college students, 24167
reported social competence & behavior problems & school performance, 6–11 yr old learning disabled males & their parents, 12137
rights assertion &/vs expression of positive thoughts & feelings, role play responses in contraceptive problem situations, female vs male actively dating college & graduate students, implications for social skills training, 27097
self efficacy predictions vs actual performance in heterosexual interaction, male rapists vs child molesters vs non-sex-offender prison inmates vs high vs low SES community males, 30303
self vs others' performance ratings in social interaction task, depressed vs nondepressed female college students, test of cognitive vs behavioral hypotheses, 17348
significance of friends for social competence & implications for mental health, early adolescence, literature review, 29735
social & school competence, 9–17 yr olds with short stature secondary to growth hormone deficiency vs constitutional delay vs Turner's syndrome, 3-yr longitudinal study, 9550

social competence & behavioral problems & IQ, 6–11 yr old males with learning disabilities, 6689
social competence & social problem solving skills, learning disabled vs normally achieving vs low achieving 8th grade males, 9462
social confidence, sex role preference & tendency to disclose personal information judged from Ss' stories, female vs male college students, 14505
social problem solving skills & social competence, 6th graders, 11503
social skills & empathy, Black nonhandicapped vs learning disabled 3rd–5th graders, 30314
social skills & social support, stress-induced depressive affect, 15–27 yr old incoming college students, 21961
social skills course, attitudes & teaching methods & management & problem solving skills, college teachers, 15599
social skills, visually impaired 15–18 yr olds, 4189
social strategies & expectations as components of social competence, male parochial high school students, 26923
socially supportive behavior during computer instruction, development of esteem & social skills & feelings of empowerment, learning disabled high school students, 13088
structured support group therapy, interpersonal & cognitive problem solving skills, psychiatric inpatients, 22461
tacit knowledge, competence in managing self & others & career, college faculty business & bank managers vs students, 947
teacher perceptions of interpersonal behavior, learning disabled vs "socially normal" 8–15 yr old students, 31274
temperament & adjustment associations as assessed by Dimensions of Temperament Survey & Perceived Competence Scale for Children & depression scale, 6th graders & college students, 24242
validity & reliability of Heterosocial Assessment Inventory for Women, measurement of dimensions influencing social behavior, single female college students, 20999
validity of Adolescent Problems Inventory, measurement of social competence in situations related to antisocial behavior, 14–18 yr old Black vs White incarcerated males, 20997
validity of assertion & conversation role-plays as social skills assessment, male patients in maximum security psychiatric hospital, 30953
validity of evaluation questionnaire, assessment of interpersonal skills & humanistic qualities, medical residents, 20572
validity of Matson Evaluation of Social Skills with Youngsters, social-emotional problems & self concept, mildly mentally retarded & learning disabled & visually impaired deaf 8–19 yr olds, 21006
videotape behavioral test of interpersonal competence for children, responses to positive vs negative vs combined assertion scenes, emotionally disturbed 9–11 yr old males, 11941
visibility of handicap & self concept & social maturity & organ transplantation, 18–29 yr old survivors of end-stage renal disease, conference presentation, 22224
wilderness camp, community coping & social skills, adult chronic psychiatric patients, 6-mo followup, 18178
working for wages via vocational training, social behavior & perceived competence & independent living skills, severely mentally retarded adults, 18295

Social Skills Training

affective education vs social skills training in life skills curricula in regular & special education & mental health disciplines, 7570
alternative evaluation approach for junior high school problem solving training program, criticism of G. S. Tellado's study, 2389
attrition patterns for psychosocial &/vs pharmacologic treatments, female primary nonbipolar depressives, 25054
behaviors targeted for social skills training, children & adolescents, literature review, 9807
changes in conversational skills & peer responses during social skills training, treatment outcome, unpopular 9.3–12.8 yr olds, 17980
characteristics of & guidelines for writing case studies for planning & evaluation, criticism of G. S. Tellado's study of junior high school problem solving training program & its evaluation, 2294
classroom-based short term social problem solving program, social problem solving abilities, popular vs rejected vs neglected vs average 4th graders, 25796
client characteristics & life skills training programs, refugees & non-job-ready employment center clients, Canada, 7461
clinical characteristics & comprehensive behavioral management program, complex tinnitus, depressed male musician, 20344
cognitive behavioral approach, social skills learning, 16–50 yr old psychiatric in- & outpatients, 12537
cognitive restructuring & relaxation & social skills training in group stress management program, implications for social work practice, 1901
cognitive vs social rigidity & intelligence & personal adjustment & evaluation of social problem solving skills training program, 60.9–88 yr olds, 24091
cognitively oriented moral reasoning development program, acceleration of moral development, aggressive or disruptive 13–17 yr olds at risk for behavior disorders, 20335
Community Adjustment Program, adaptive living & social skills, visually impaired mainstreamed adolescents, 7730
conversation skill training, skill acquisition & generalization, 20 & 25 yr old females with personality disorder & undifferentiated schizophrenia, followup study, experimental replication, 2150
conversational skills training, nonverbal & verbal dyadic interactions & ratings of interpersonal attractiveness, 21 & 27 yr old males with adjustment problems & social isolation & loneliness, 15101
Developing Understanding of Self & Others Activities Kit, social & interpersonal skills instruction, elementary school students, 15702
developmental model for enhanced leisure skill training & functioning within career education, mentally retarded Ss, 12742
direct prompting & modeling, reciprocal interactions & generalization, cerebral palsied & mentally retarded 4 yr olds & their 6.8–8.1 yr old siblings, 6-mo followup, 28200
effectiveness of social skills training, male 15–17 yr olds in psychiatric hospital with diagnoses of conduct or adjustment disorder, 25489
evaluation of social skills training program, 25–41 yr old psychiatric inpatients, 4652
factor structure & reliability of Waksman Social Skills Rating Scale, screening for social skills treatment programs & their evaluation, kindergarten through high school students with vs without emotional disturbances, 15947
general-social vs social-vocational vs social-sexual skills training, maintenance of skills, mild to moderate mentally retarded adults, 6–18 mo followup, 2138
group social skills & problem solving training, conversation & peer relationship skills, shy 12–14 yr olds, 9806
group therapy, social skills training, 12464
group treatment with rational-emotive therapy & masturbation exercises & social skills training, males with sexual dysfunctions, 17715
history & theories of social/life skills training movement, includes bibliography, 6939
identification of client/recipient & presentation & implications of findings, junior high school's failure to continue successful problem solving training program, remarks on G. S. Tellado's study, 2361
interdisciplinary group processes/life skills training program in VA Medical Center, 7438
internal empathy & cognitive labeling & demonstrated empathy, male & female advanced college students listening skills course, 31252
interpersonal cognitive problem solving training, solving interpersonal problems & classroom behavior, low income preschoolers in rural Head Start program, replication of study by M. B. Shure, 12954
junior high school's failure to continue successful problem solving training program, criticism of G. S. Tellado's study & comments on critiques by M. Q. Patton & M. D. McCorcle & D. E. Engel, 2363
medication & family treatment &/vs social skills training, relapse during aftercare treatment, schizophrenic 17–55 yr olds from high expressed emotion families, 30507
mixed vs same-sex composition of counseling group for heterosexual interpersonal skills, college students, literature review, 18622

modeling-based intervention, self reported change in interpersonal problem solving, 1st-line supervisors, implications for assessment of alpha & beta & gamma change, 15995
modeling instruction & behavior rehearsal social skills training, nonverbal interpersonal communication skills, male speech & hearing impaired 29 yr old, 28217
modeling vs coaching vs treatment packages vs social problem solving cognitive behavioral procedures, social skills, children, literature review, 4425
need for development of social skills training programs, learning disabled students, 10507
organizational change perspective of school's failure to continue successful junior high school problem solving training program, criticism of G. S. Tellado's study, 2384
outpatient program for cognitive & social skills retraining, head trauma patients, 30984
peer-initiation vs teacher-antecedent interventions, reciprocal social interaction, 4 yr old males with autism, 22502
peer-mediated intervention, increasing social behavior, blind & multihandicapped 9.3–11.6 yr olds & 3rd grade companions, 4-mo followup, 15115
peer social initiations, positive interactions, exceptional children, 20787
peer training of functional community skills, autistic 5 & 8 yr olds in residential treatment & normal peers, 15082
picture-cue training program, interaction with peers vs teacher, language delayed 4–6 yr olds, 4935
positive thought processes & social skills training by school counselors, loneliness & shyness, children, 31359
prediction of & actual outcome of & dropout rate from group social skills training program, 16–50 yr old socially anxious psychiatric patients, 20329
problem solving skills training, problem solving & locus of control & self esteem, 7th–9th graders, 2410
promotion of social learning in classroom, teachers of learning disabled students, 2550
rational behavior skills instruction, personal perception orientation & emotional outlook & concepts before vs after training in public school, 15–19 yr old emotionally disturbed & learning disabled students, 10494
record keeping & outcomes & costs of paraprofessional parent aide program, prevention of child abuse or neglect, 28 yr old single mother, 15292
rehabilitation & social skills training, chronic psychotic in- & outpatients, 20534
scientific & sociohistorical perspectives of social skills training, 20333
short term audiovisual group, social skills training, psychiatric inpatients in transition from hospital to community setting, 30661
social & cognitive skills training, coping ability & parenting skills, pregnant or parenting 14–19 yr olds, 25210
social & self control skills training, 25–40 yr old females with unipolar depression & deficits in social or self control skills, 18008
social pressures & social skills training approaches, prevention of drug abuse & tobacco smoking, adolescents, literature review, 28224
social skills board game using role play, increase in social skills & decrease in bizarre behavior, 13–17 yr olds with autism or behavior disorders or psychoses, 15116
social skills course, attitudes & teaching methods & management & problem solving skills, college teachers, 15599
social skills training & rehabilitation, schizophrenic patients, 25564
social skills training &/vs interpersonal problem solving training, social competence, moderately & mildly mentally retarded 44–81 yr olds, 28196
social skills training, consumer-related interpersonal skills, hearing impaired 17.7–18.6 yr olds, 2162
social skills training focusing on assertiveness & anger control & child management & problem solving, episodes of violence & frustration, 36 yr old mother abusing her 11 yr old son, 4450
social skills training in group counseling & therapy, 12446
social skills training, mentally retarded, literature review, 1875
social skills training, negative attitudes toward social interaction, mentally retarded 18 yr old & male 24 & 27 yr olds, 22751
social skills training, play behavior & reciprocity with peers, 5.7 vs 6.3 vs 7.8 yr old females, 7598
social skills training, psychopathology & rehospitalization & social functioning, 29–35 yr old medicated schizophrenic inpatients at risk for relapse, 9-mo & 2-yr followups, conference presentation, 22725
social skills training, visually handicapped children, 4600
social skills training, vocational adjustment, 28 yr old male psychiatric patient, case report, 27917
social skills training, vocational interpersonal skills & alcohol use & inpatient hospitalizations & job stress, 51 yr old male, 24-mo followup, 28194
social skills training vs alternative treatment procedures, mentally retarded vs depressed vs psychiatric in- vs outpatients, literature review, 4676
social skills training vs direct reinforcement methods, 21–67 yr old mentally retarded patients, 6-mo followup, 1878
social skills training vs holistic health therapy, social skills & adjustment & relapses & rehospitalization, schizophrenic males evaluated 9 wk after treatment & for 24 mo in community, 20548
special education programs, emotional & social competence development, gifted preschoolers, 2535
teaching interaction approach, development of social skills, disruptive & non-disruptive students, 15644
teaching of macrame as recreational activity & social skills training, disabled 19–33 yr olds, 18298
Toward Affective Development program, awareness of alternatives in psychosocial situations, 6th graders, implications for use in school curriculum, 10353
treatment effectiveness evaluations/generalization of social skills training using elements of deception, adolescent males, 23395
utility of psychodrama in group psychotherapy & social skills training, deaf patients, 25203
validation & training of adult-child interaction skills, parents indicted for & professionals dealing with child abuse & neglect, 12521
welcoming committee training groups using task-centered approach, psychosocial training, institutionalized older adults, 22734

Social Stress
clinical evidence of heart disease & risk factors & psychosocial factors, prediction of coronary artery disease, valvular heart disease patients, 6731
daily experiences of stressful events & emotional arousal & physical activity & migraine headache cycles, 23–63 yr old migraine sufferers, 22293
group housing vs isolation, eating & sleeping & drinking patterns in social stress, rats, 467
personal attitude & social stress, etiology of mental illness, China, 24734
social support & social pressures & psychological distress during unemployment, male vs female Black vs White urban 17 yr olds, England, 18715
societal pressures & suggested coping techniques, psychiatrists, 10206
transitional stress & social support, depression & somatic complaints & school performance & satisfaction & satisfaction with quality of life, 1st-yr American medical students, Israel, 7553

Social Structure [See Also Caste System, Lower Class, Middle Class, Social Class, Upper Class]
algebraic method, identification of structurally weak ties in sociometric data, 5371
analysis of religion of antiquity in N. D. Fustel de Coulanges's "La Cite Antique", E. Durkheim's theories of social morphology & solidarity in "The Division of Labor in Society", 974

sociological constructionist thinking & sociocultural factors in alcohol dependence & addiction, 17485
state anxiety & personal & social stress prevention factors, coping in long term stress situation, immigrant male heads of families, Israel, 19708
status & solidarity as dimensions of language variation & choice, cultural hegemony vs working class & minority community practices, Spain, integration of sociolinguistic & social theory, 29520
stressful events vs conditions, levels of alcoholism, US, test of R. F. Bales's theory, 1435
success vs failure experience & achievement motivation, competition in a scarcity culture, male college students, India, 24273
theory of psychic & sociocultural mechanisms, bodily & psychological & cultural alienation, psychiatric patients, 30155
translation as cultural treason, China, 21636
valuation of popular music as political & social expression, 14–25 yr olds, East Germany, 11554
values & experiences & informal rules & institutional arrangements, drunk driving incidents, literature review, conference presentation, 24773
White cultural bias & needs of diverse populations in counseling psychology, 30899
workshop teaching importance of ethnicity & cultural factors in medicine, 1st-yr medical students, 15566

Socioeconomic Class Attitudes [See Also Lower Class Attitudes, Middle Class Attitudes]
attitudes toward capital accumulation & inheritance, differential fertility between social classes, rural married females, France, 1901–75, 19729
contradictory demands & expectations of family & workplace, determination of class consciousness, female clerical workers, 14394

endogenous vs exogenous communication orientation, perceptions of national relationships with international economic partners, members of occupationally defined elite groups, Mexico, 998
entrepreneurial vs alienated ideological type, structural & cultural class locations, self employed petty bourgeoise opal miners, Australia, 17031
occupational status & economic sector location & subjective view of social class & SES, world view & social tolerance & political attitudes, Blacks vs Whites, US, 8959
religious & socioeconomic & symbolic aspects, acceptance vs rejection of theory of evolution, nonfundamentalists vs fundamentalist Protestants vs Catholics, 8944
Socioeconomic Status [See Also Family Socioeconomic Level, Income Level, Lower Class, Lower Income Level, Middle Class, Middle Income Level, Social Class, Upper Class, Upper Income Level]
accent & social class, attribution of success & failure & status & solidarity evaluations, college students, 6367
age & cognitive development & SES, understanding of various TV concepts & viewing patterns, male vs female 5–12 yr olds, 11409
age & marital & employment status & education & family income & number of school age children, migration within vs between metropolitan vs nonmetropolitan areas, 45–59 yr old males, 1967–75, 17028
age of mother & SES & access to health care, pregnancy outcome & newborn & infant mortality, mothers under 16 to over 20 yrs old, 30823
aggressive behavior & electronic video game playing, adolescent males vs females from different socioeconomic neighborhoods, Mexico, 29737
area analysis of social indicators & rates of mental illness, Jews, Israel, implications for mental health planning & epidemiologic studies, 3847
association with other delinquents & belief in laws & school performance & SES & age factors, prediction of juvenile delinquency, male vs female 7th–10th graders, Canada, 9377
attitudes toward world of work, female vs male 6th vs 9th vs 12th graders living under positive vs negative economic conditions, 23038
beliefs about work & demographic variables, managers, Iraq, 25977
categorization of occupations along dimension of comparative social justice, process of social categorization, company managers vs chemical workers vs college students, 18714
class mobility & SES, schizophrenic vs high- vs low-risk nonschizophrenic 20–30 yr olds, 10-yr followup, support for class drift hypothesis, 6601
client SES, judgment of prognosis & choice of therapeutic technique, survey of members of American Psychological Association Clinical Psychology Division, 20634
cognitive vs affective perceptions of life values, males with high vs normal income vs wives of high income males vs females with normal income, 3710
commitment to involvement & expectations of significant others & other obstacles, utilization of senior centers, Black vs White male vs female aged of varying socioeconomic status, 28095
construction of ethnic & gender identities through sports & social attitudes toward sports as defining marginal position in society, females & ethnic minority groups, UK, 18696
corporate power & social status & market position, selection of board members & subsequent corporate interlocks in regional network, chief executive officers in manufacturing corporations, 28735
culture vs socioeconomic differences, family helping behavior, Black vs White elderly parents of adult children, 9003
development of SES-Composite Index, measurement of SES in developmental outcome studies, infants, 2869
endogenous vs exogenous communication orientation, perceptions of national relationships with international economic partners, members of occupationally defined elite groups, Mexico, 998
ethnic-cultural background & SES & duration of residence, educational attainment, immigrant students, 15734
ethnicity & SES & employment status of wives, census respondents, Hawaii, 24265
factors & significance of social class stratification, Harijans, India, 968
family status & SES background & DSM-III classification of developmental disorders & offenses & recidivism, 12–18.9 yr old male incarcerated juvenile offenders, 6653
farm size & income vs individual attributes, subjective well-being & expectations for future quality of life, farm operators, 11828
gender & race & SES, self esteem, Black vs White 11th graders, 11533
grade & age & SES & mental ability & sex, attitudinal career maturity, high school students of mixed European & African descent, South Africa, 31267
grade & socioeconomic level, performance on Purdue Elementary Problem-solving Inventory, 2nd vs 4th vs 6th graders in low- vs middle-income school, implications for gifted education, 7751
immigrant status & neighborhood quality & family income & child's sex & street type, parental values, parents of 9–11 yr olds, 1002
initial experiences with task failure vs success & observation of peers' task outcomes, achievement expectations, lower-class urban Black vs middle-class rural White male vs female 3rd graders, 2422
institutional sector & social origins & age & education & income & social contacts, attitudes toward economic policies, industrial vs nonindustrial executives & owners of large fortunes, US, 17238
interpretation of machismo as result of SES of males, Puerto Rico, implications for clinical practice, 27700
job rewards & SES & wages & IQ & age, job mobility, 14–24 yr old females, 6-yr longitudinal study, 7784
leisure activity & income & health, life satisfaction, aged female homemakers vs retirees vs workers, 17010
living conditions during childhood & coronary risk factors, adults, Norway, 24863
low SES & Black ancestry, racial prejudice & residential segregation from Whites vs Blacks, Puerto Ricans, 26970
motivation for pursuit of excellence in low SES urban setting, Black young adult, 30016
occupational social class & concepts of health & perception of vulnerability to disease, 21–55 yr old females, 9130
orientation of childrearing values toward obedience & conformity vs self direction & internal dynamics, low income rural White & Black mothers of 5th–6th grade children vs samples of urban middle & working class mothers, 14320
parent-offspring & sibling resemblances for verbal & visuospatial components & total IQ scores, families from manual vs nonmanual social groups, 8384
parental expectations & family environment & individual characteristics & SES, educational & occupational aspirations, 16 yr olds, 5-yr longitudinal study, 24204
parents' psychological state & SES & birth order & infant sex, report of infant temperament, 19–48 yr old mothers vs fathers of 2–3 mo olds, 24320
perceptions of Black vs White SES, commitment to affirmative action policies, Whites, 17048
perceptions of supportiveness of extended kin & nonkin & SES & stressors, depression & general mental health, Blacks aged 17 yrs & older, 8975
precorrected spelling & grammar in essay, judgment of student's SES & evaluation of essay quality, 3rd graders & teachers, 7650
process & content of attributional thinking, Black vs White 7th graders of different SES, 15785
public health & medical & educational & economic factors, infant mortality, families, Sri Lanka, 6462
race & parity & prenatal care & SES & home environment, labor & delivery complications & birth weight & cognitive & motor development, Black vs White adolescent vs adult mothers & their infants, longitudinal study, 21688
race &/vs SES differences on intelligence tests, Blacks vs Whites, examination of Spearman hypothesis as discussed by A. R. Jensen, 23501
racial & SES differences vs tests' loading according to Spearman hypothesis, IQ test performance, Blacks vs Whites, reply to A. R. Jensen's criticism of criticism by present author, 23500
racial vs SES differences in IQ test performance & test of Spearman's hypothesis, Blacks vs Whites, reply to criticism by L. G. Humphreys, 23502
relationship to mother & environmental & SES influences, development of antisocial behavior & juvenile delinquency, 14733

remittances to male seasonal labor migrants, household reproduction & maintenance of social & economic conditions, peasant females, Jamaica, 29790
risk of marriage breakdown, members of different social classes, Great Britain, 3593
rural to urban migration, employment & education & housing problems & health & mortality issues, youth, Columbia & other Third World countries, 29807
SES & age & life-change events, vulnerability to psychological stress, Blacks vs Whites, 1195
SES & amount of available money, delinquent behavior, 14–16 yr olds, 14687
SES & conceptual tempo, performance on WISC-R, male 4th graders, 11461
SES & educational level, attitudes toward abortion & homosexuality & sexual deviations & crimes, Spain, 11695
SES & educational status, willingness to participate in nonviolent protest vs civil violence to eliminate racial discrimination, test of "new urban Black" vs social marginality hypothesis, 29887
SES & individual differences, structure & sequence of formal & postformal thought, 13.7–14.7 vs 16.7–17.9 vs 19–21.6 vs 40.5–52.2 yr olds, 814
SES & intelligence, occupational values, male vs female 14 yr olds, 880
SES & marital status & number of children, disciplinary responses to descriptions of child behavior over wide age range, 15 yr old & older males vs females, Australia, 3597
SES & marital status & other factors, depressed vs nondepressed middle aged females, 6517
SES & master's in business administration degree, starting & current salary, females vs males, 10625
SES & parent attendance at & instruction compliance during behavioral parent training program, family outcomes, families with noncompliant aggressive 2–15 yr olds, 1–3 yr followups, 20322
SES & parental attitude & home environment & relations & dependence/independence & mutual trust, prediction of self esteem, secondary school students, India, 24236
SES & participation in community organizations, life satisfaction, aged, 3387
SES & race or ethnicity, anxiety & functional & health status & coping ability, Black vs Hispanic vs White 1st acute myocardial infarction patients, 6-mo & 1-yr followups, 22246
SES & sex, secondary schooling & career choice & achieved level after secondary schooling & IQ scores, Netherlands, 4890
SES & type of instruction & positive feedback & quality of collection, performance on free classification tasks, 6.9–10.8 yr old students, 2355
SES &/vs traditional vs experimental curricular spatial skill emphasis, assumption of another person's point of view, 6 yr old 1st graders, Italy, 31248
SES, attribution for own vs other's success vs failure, 6th graders, Israel, 19654
SES, frustration & anxiety, high school students, India, 17018
SES, musical preferences, 12–18 yr olds, Jamaica, 11482
SES, self esteem & academic achievement & achievement orientation, Black vs White 5th graders, 2462
sex & family type & economic status, time taken for identification of disorder, family members recently diagnosed as mentally ill, India, 30236
sex & SES & age, family structure & sexual stereotypes & sex roles, 4.5–12.5 yr olds & college students, Venezuela, 29727
sex & SES, gross motor development, Black vs White infants during well-baby visits in 1st 2 yrs, longitudinal study, 26814
sex differences & SES & translation of Parent Temperament Questionnaire, French-speaking 2nd graders, Canada, reprint, 29724
social class & preschool family intervention, mother-child interactions, 12 yr olds & their mothers, 12-yr followup, 29839
social class, logical & verbal abilities, 5 vs 9 vs 13 yr olds from urban vs suburban districts of Rome, Italy, 24146
social status & economic dependence, access to justice & social legal services, females, India, 29885
sociodemographic characteristics & health status, prediction of nursing home admission, aged, longitudinal study, 18278
sociodemographic characteristics, participation in nonconsumptive wildlife-oriented activities near home, surveyed Ss over 15 yrs old, US, 1980, 14521
socioeconomic & political & social structure factors, bandits, India, 1412
socioeconomic background & prevalence of chronic disease & anxiety level about childhood problems, decision to use medical services, mothers with young children, 1-yr longitudinal study, Scotland, 7315
socioeconomic conditions & health effects of child labor, working children under age 16, India, conference presentation, 3393
socioeconomic factors & health conditions & educational levels, narcotic drug abuse, comparison of 152 countries, 24805
socioeconomic level, children's adjustment, mothers of single vs 2-parent families, 14302
sociopolitical attitudes & social backgrounds, male vs female high school students majoring in technology vs natural vs social sciences vs economics, Sweden, 25846
spouse behavior & social & demographic & personality characteristics, coronary heart disease incidence, husbands, conference presentation, 9526
status & community of reference, agricultural innovations, farmers, literature review & meta-analysis to test status innovation model developed by F. Cancian, 6178
undergraduate vs graduate training, social & economic status, psychologists in Federal District, Brazil, 4734

Sociolinguistics
analysis of articulation lesson transcripts, misarticulating 6–9 yr olds, 10499
analysis of sociolinguistic grammars vs variable rules from perspective of N. Chomsky's criteria of adequacy for grammars & linguistic theory, 3350
attitudes toward Serbo-Croatian dialect system & related historical & cultural factors, Yugoslavia, 5967
comprehension of Polish metaphoric phrases, 19–45 yr old applied linguistics & Polish philosophy & psychology students, Poland, 29511
conservatism & status & solidarity as sociolinguistic explanations of sex differences in language, 29510
integration of nativist theory of language development with sociolinguistic theory of language practice, 29635
linguistic assimilation & psychological adjustment, self confidence with English, Chinese college students, Canada, 29801
linguistic concepts of society & images of language in sociolinguistic literature, 724
quantitative analyses of discourse options, isolation of causal sequences of structure & meaning & social action in discourse & operationalization of semantic & pragmatic constraints, 24058
sex & political orientation & social change, use of sociolinguistic variable "u", villagers aged 12 & older, Spain, 19525
Slovenian language standardization & relationship to Serbo-Croatian & interaction with sociocultural factors, Yugoslavia, 5975
status & solidarity as dimensions of language variation & choice, cultural hegemony vs working class & minority community practices, Spain, integration of sociolinguistic & social theory, 29520
symbolic values borrowed from Spanish, expression of differences in ritual status internal to peasant communities, Mexicano speakers, Mexico, 29793

Sociologists
female productivity & collegial relations & research style, male vs female sociologists & college teachers, 8-yr followup, 4818
political & economic conditions following revolution, fieldwork & relationship with informants, sociologist, Algeria, 11596
research orientation & self image, sociologists vs educators vs political scientists vs psychologists, 2207
role & theoretical perspective in sociology, female sociologists, US, literature review, 17025

Sociology [See Also Sociobiology]
analysis of religion of antiquity in N. D. Fustel de Coulanges's "La Cite Antique", E. Durkheim's theories of social morphology & solidarity in "The Division of Labor in Society", 974
concepts of deviance vs out-of-family placement in educational sociology theory, comments on H. Kupffer's essay, 2290
conceptual differences in sociological vs psychological approach in attitudes toward work, 18702

contributions of W. James & G. H. Mead & C. H. Cooley to social psychology & symbolic interaction, 19786
current state of medical sociology, Great Britain, 9982
development of classification system to facilitate sociological research of alternative lifestyle groups, Australia & New Zealand, 991
epistemology of cultural sciences as M. Weber's contribution to sociology, 11563
ethno-logical & semantic theory, processes to relate meaning to action in linguistic & cultural contexts, 17035
ethnomethodology vs symbolic interactionism, comments on discussion by M. Gallant & S. Kleinman, 17216
ethnomethodology vs symbolic interactionism, reply to criticism by A. W. Rawls, 17202
feminist methodological techniques in sociology & history & anthropology, 6276
history & development of symbolic interactionist perspective on family relations & roles, 19719
impact of sociological & anthropological & linguistic perspectives, vitality & cross cultural applicability of psychological theories, 28879
interdisciplinary connections of psychology & work sciences, Hungary, 16093
methodological problems of structuralist approach, sociobiographical research, Germany, 2805
need for sociological investigation of improvisational sex, 6290
overemphasis on negative vs positive sociological conceptions of deviance, 3557
polygynous vs monogamous mating system, nutritional constraints on sexual selection for optimal body weight, male vs female primates, 5650
psychology vs sociology, 38
role & theoretical perspective in sociology, female sociologists, US, literature review, 17025
sociological analysis of regions, procedures for regional planning, 18789
sociological perspective on concept of charisma as used by M. Weber, 3550
sociological perspectives on trauma & stressful life events, conference presentation, 26115
sociological viewpoint of concept of trust, 1131
sociology vs literature as appropriate philosophy of life in industrial society, 971
structural-functionalist & symbolic interactionist perspectives on socialization, 19558
theoretical foundations & historical development of sociology of law, Poland, 24378
Sociometric Tests
graph theory & condensation method & macroscopic group structure, 11732
measurement of peer interactions & popularity, rejected children, 19691
micro- & macrostructure models for Davis-Leinhardt set of empirical sociomatrices, 26956
nomination vs rating method & activity content, assessment of intergroup relations in classroom, female vs male junior high school students of Western vs Middle Eastern origin, Israel, 20753
peer social & learning choices & learning style preference, grouping method for instruction, 6th graders, 12989
proposal & evaluation of joint use of positive-nomination & rating scales, identification & discrimination of sociometrically rejected & neglected children, 2nd–6th graders, 28929
sex & class & hierarchical level as predictors of in- vs out-group status & perceptions of group experience, measurement of leader-member exchanges, high school students in Junior Achievement companies, 6-mo study, 18540
simulation studies, analysis of assumptions & approximations in biased network theory of A. Rapoport, 27151
test-retest reliability & convergent validity of peer nomination & R. C. Roistacher's sociometric rating scale, preschool & kindergarten students, 13410
validation of sociometric structure with data on individuals' attributes, male inmates surveyed by J. H. Gagnon, 105
variations in sociometric formulations, differential effects of academic status on social acceptance in classroom, 7th–9th graders, 25854
Sociopath [See Antisocial Personality]
Sociopathology [See Antisocial Behavior]
Sociotherapy
group sociotherapy, alcoholics, 10170
Sodium [See Also Sodium Ions]
adrenalectomy, neural responsivity of chorda tympani & auriculotemporal nerve to taste solutions & tactile stimulation & salt intake, male rats, 11249
alpha-melanocyte-stimulating hormone &/vs saline intake & light phases, aggressive & social & locomotor behavior, male mice, 11327
amiloride, chorda tympani responses & salt taste, male rats, 5822
atriopeptin II, diuresis & urinary sodium concentration & osmolality & salt appetite, hydrated vs sodium-depleted male rats, 26660
benzodiazepines, mechanisms of action at receptors & food & water & sodium intake, literature review, 3282
compound stimulus exposure composed of salt & other flavors, intake of other flavor following induced sodium appetite, rats, lack of support for multiple directional association model, 26583
concentrations of sucrose & sodium chloride & citric acid & temperatures, recognition threshold of capsaicin in ethanol & water, 18–35 yr olds, 21059
depletion of spinal cord norepinephrine & forebrain dopamine, blood pressure & drinking responses to angiotensin II or carbachol or sodium chloride in CNS, male rats, 23975
early postnatal dietary sodium chloride deprivation, behavioral taste preferences & chorda tympani nerve responses, adult rats, 26567
electrical stimulation vs lesions of medial or lateral septal areas, preferences for sodium chloride saccharin vs acetic vs quinine solutions, male rats, 16505
ethanol & pentobarbital, veratridine-stimulated sodium uptake along voltage-sensitive channels in whole brain synaptosomes, male rats, 26712
ethanol, drinking response to hypertonic saline injections, male rats, 5867
forced feeding of varying concentrations of sodium chloride, 2-deoxy-dextro-glucose-induced feeding & CNS levels of dynorphin-A, male rats, 8522
forced imbibition of sodium chloride, feeding behavior & hyperphagia & brain dynorphin, male rats, 21486
hypernatremic dehydration, 1.5 & 2.5 & 15 yr olds with severe psychomotor retardation, 17620
intraventricular administration of atrial natriuretic factors, spontaneous or angiotensin-II stimulated water or sodium intake, male rats, 26706
iv angiotensin II infusions & low dietary sodium, activity of angiotensin II receptors in olfactory lobes & diencephalon & midbrain & cerebellum & medulla, male rats, 26752
low vs high sodium diet & furosemide vs deoxycorticosterone acetate vs indomethacin, ethanol-induced motor impairment, male rats, 21381
polydipsia & chronic hyponatremia, 37–55 yr old psychiatric inpatients, 11951
pre-test levels of cholesterol & sodium & potassium & blood glucose, prediction of postdexamethasone cortisol levels, patients with major depressive disorder, 14661
preoperative exposure to saline vs water deprivation vs insulin-induced feeding, saline ingestion, male rats with lateral hypothalamic lesions, 11256
rate of sodium deficiency correction, rabbits, 5745
removal of area postrema, consumption & excretion & balances of sodium & potassium, male rats, 29377
salted food & prior exposure to salt, preference for unsalted foods, rats, 8464
single vs repeated lithium administration, cerebral calcium & sodium & potassium level, female rats, implications for use of calcium antagonists in treatment of mania, 11336
sodium chloride & hydrochloric acid mixture, drinking behavior, sodium deficient male rats, 3235
sodium chloride concentration of electrolytes, skin conductance responses & levels to deep breaths & loud noise, 18–55 yr olds, 13846

sodium depletion & infusions of angiotensin II or carbachol into lateral ventricles, salt appetite & sodium & water balances, male rats, 23965
sodium loss induced by prolonged lateral ventricular infusions of carbachol, water & sodium intake & distribution & excretion, male rats, 5845
water deprivation, food intake & sodium balance, male rats, 3245
Sodium Ions
blood trace element concentrations, permeability of erythrocyte membranes to sodium & potassium ions, schizophrenic children, 19895
Sodium Pentobarbital [See Pentobarbital]
Solvents
behavioral performance tests, assessment of solvent toxicity to nervous system, humans, conference presentation, literature review, 30393
computer-administered neurobehavioral evaluation system, evaluation of effects environmental agents on CNS function, 20–69 yr old blue collar workers & college staff & faculty, conference presentation, 23360
development & psychodynamics of solvent & inhalant & volatile substance abuse, 9402
ethanol consumption vs toluene vs trichloroethylene inhalation, blood concentrations & vigilance performance in monotonous conditions, male Ss, conference presentation, 13957
exposure to alcohol &/vs toluene, preference for & aversion to alcohol & weight gain & organ toxicity, male rats, 21578
inhalation exposure to toluene, discrimination of pentobarbital, male mice, 16769
inhalation of toluene vs halothane vs ethanol vapors, response rate under FR schedule for water reinforcement, male mice, 11320
long term exposure to organic paint solvents, regional cerebral blood flow & organic brain dysfunction & attention ability, 27–64 yr old male workers in paint industry, 30442
long term occupational exposure to toluene, memory, male rotogravure vs offset printers, Finland, 30416
metaxylene, central adrenergic receptor binding in hypothalamus & diencephalon & cortex & cerebellum & feeding & drinking behavior, female mice, 29470
neurotic effects of exposure to organic solvents, patients, literature review, conference presentation, 30460
neurotoxicity of organic solvents, implications for research, literature review, conference presentation, 30465
sex & family background & academic achievement & negative behaviors, solvent abuse, 12–15 yr olds, 1968–84 Japan, 30282
solvent inhalation, respiratory function, 10–31 yr old solvent inhalers, 30301
teaching family model, rehabilitation of industrial solvent dependence, 7–13 yr olds with inhalant abuse, 28221
toluene vapor exposure till unconsciousness as model of inhalant abuse, locomotor behavior, rats, 8539
6-hr exposure to toluene, psychomotor & perceptual skills & vigilance, 29–50 yr old male printers, 20877
Somatosensory Cortex
ambivalent visual-vestibular & vestibulo-somatosensory stimulations, perceived self motion, 17–38 yr olds, 19050
bipolar electrical tooth pulp stimulation, EPs in primary motor & somatosensory & secondary somatosensory cortices, monkeys, 19395
cytoarchitectonic organization of hindlimb sensorimotor cortical representation, rats, 26504
intracortical microstimulation, neuronal EPs & distribution of sensory & motor cortex projection fibers vs terminals from thalamus to motor cortex, cats, 26589
lesions of ventrolateral nucleus of thalamus, projection of sensory cortex to motor cortex, cats, 26595
pre- &/vs postoperative impoverished vs enriched environment, locomotor recovery following cortical lesions, rats, 11245
sensorimotor area left hemisphere dysfunction measured by brain electrical activity mapping, neuroleptic-treated right handed schizophrenic patients, 30144
sensorimotor interactions, primary somatic sensory cortex & area 5 of association cortex, monkeys, 8403
Somatosensory Evoked Potentials
attention, somatosensory EPs, college students with high physical anhedonia vs high perceptual aberration vs schizophrenic people, 11945
contralateral median nerve stimulation, frontal & central & parietal short & middle latency somatosensory EP's, 18–57 yr olds vs patients with unilateral cerebral ischemia, 4120
development of somatosensory responsiveness in basal ganglia, kittens, 13826
diagnostic value of somatosensory EPs assessed through stimulation of peripheral nerves, 9–54 yr olds with multiple sclerosis or epilepsy or cortical atrophies, 24965
electrical stimulation of spinal trigeminal tract & increase vs decrease in somatosensory EP, reflex movement amplitude & nociception, rats, 8490
electrical stimulation of spinal trigeminal tract & naloxone vs morphine administration, cortical somatosensory EP & reflex movement amplitude & nociception, rats, 8470
electrical stimulation to paw during foreperiod of RT task, EPs in medial lemniscus vs thalamic nucleus vs internal capsule vs anterior gyrus, cats, 13913
insulin-induced hypoglycemia & cortical auditory EP & peripheral brain stem & cortical components of somatosensory EPs, cats, 21291
median nerve stimulation & voluntary thumb movement, somatosensory EPs, 15 & 18 & 19 yr olds, implications for use of somatosensory EPs in study of disturbed motor function physiopathology, 26524
nonfocal ultrasound, evoked potentials of striatum & medullar reticular formation, rats, 11231
personality & somatosensory EPs, college students, 3199
primary vs secondary suture vs grafting, motor & sensory electroneurographic & electromyographic results & somatosensory EPs, patients with traumatic transection of median & ulnar nerves at wrist, 12647
repetitive stimulation, somatosensory EP elicited by wrist extension, 19–60 yr olds, 5663
somatosensory & acoustic stimuli, short latency nonprimary responses in anterior part of middle suprasylvian gyrus, anesthetized cats, 5702
somatosensory-cerebral EPs, 18–65 yr old males with impotence with vs without systematic &/vs neuropsychiatric symptoms, 1555
somatosensory EPs, 29–54 yr olds with Huntington's chorea, 17558
somatosensory evoked potentials, female migraine vs tension headache sufferers, 9587
vibrotactile stimulus to forefingers, lateralization of somatosensory evoked cortical potentials, 19–61 yr olds with schizophrenia or severe affective illness, 14585
visual- & somatosensory- & brain stem auditory EPs, measurement of severity of clinical involvement, 9–37 yr old patients with Friedreich's ataxia, 1621
Somatotropin
acute clonidine before vs during vs after methylphenidate treatment, plasma growth hormone & 3-methoxy-4-hydroxyphenelethylene glycol levels & receptor sensitivity, male 8.8–13.2 yr olds with attention deficit disorder & hyperactivity, 18063
acute vs chronic administration of clomipramine vs amitriptyline, prolactin & growth hormone & thyrotropin plasma levels, depressed inpatients, conference presentation, 12551
concentration of CSF somatostatin, patients with nondepressed Alzheimer's disease & Parkinson's disease, 1639
concentration of neuropeptide Y in cortex & hippocampus & activity of dopamine beta-hydroxylase & concentration of somatostatin, Ss with Parkinson's disease, 14788
CSF acetylcholine & plasma cortisol & growth hormone as potential indicators of cholinergic deficits, diagnosis, 49–80 yr olds with Alzheimer's disease, 30379
dexamethasone suppression test & serum growth hormone & plasma vasopressin & homovanillic acid levels, 18–73 yr old endogenous vs nonendogenous depressive in- & outpatients, 3939
dorsomedial hypothalamic nuclei lesions, diurnal patterns of plasma growth hormones, growth retarded male rats, 13918
feeding & fasting & refeeding, plasma concentrations & patterns of secretion of growth hormone & insulin, obese pigs, 21392

growth hormone treatment, attention level during tasks, 8.7–14.1 yr olds with growth hormone deficiency, 9943
haloperidol & insulin-induced hypoglycemia, somatotropin, 3.5–5.3 yr olds with autism, 20382
homovanillic acid CSF levels reflecting central dopamine release & apomorphine-induced human growth hormone levels indicating central dopamine receptor activity, schizophrenic 18–37 yr olds, 9362
human growth hormone response to clonidine & urinary free cortisol level, depressed adults, 27291
icv & ip & central administration of growth hormone releasing factor, satiety, male rats, 13997
iv levotryptophan infusion, plasma prolactin & growth hormone levels, 24–42 yr old chronic schizophrenics receiving long term neuroleptic therapy vs healthy volunteers, 18044
lysine-8-vasopressin, mood & daily growth hormone & cortisol & melatonin & prolactin levels, depressed 37–67 yr olds, 22603
meta-chlorophenylpiperazine, release of plasma prolactin & cortisol & growth hormone, adult male rhesus monkeys, 13951
naloxone, plasma prolactin & cortisol & growth hormone levels before vs after ECT, 30–71 yr old patients with endogenous vs schizoaffective depressive disorders, 30506
nerve growth factor, central synaptic function of Ia sensory neurons, neonatal rats, 26696
neural somatostatin receptor concentrations, 72–90 yr old Alzheimer's disease patients, 17552
neurotensin & somatostatin & thyrotropin releasing hormone in brain tissue & CSF, 20–86 yr old schizophrenic & Huntington's chorea patients, 6445
physical exercise at submaximal work loads, dental pain thresholds & plasma levels of ACTH & cortisol & prolactin & growth hormone, 23–44 yr old males, 3214
reactivity of growth hormone to pharmacological stimuli in depression, conference presentation, 3815
serum levels of growth hormone & time spent in war zone, 18–33 yr old soldiers with battle fatigue, Iran, 21359
somatostatin & bombesin & cholecystokinin levels in CSF, schizophrenic patients, 6507
somatostatin receptors in brain vs pituitary vs pancreas, rats, implications for cognitive function & extrapyramidal motor system control, 5713
somatostatinlike immunoreactivity in lumbar CSF, patients with Alzheimer's or Pick's disease, 1560
thyroid releasing hormone-induced changes in thyroid stimulating hormone & prolactin & growth hormone, 19–69 yr olds with depression or alcoholism or schizophrenia or adjustment disorder, 24613

Somatotypes
self perceived physique & body build determined through anthropometry, 10–18 yr old males vs females, Nigeria, 19695
thematic similarities in Jung's "Psychological Types" & E. Kretschmer's "Physique & Character," proposal for integrated typology of psychological & somatic characteristics, 23334

Somesthetic Perception [See Also Cutaneous Sense, Kinesthetic Perception, Pain Perception, Pain Thresholds, Tactual Perception, Temperature Perception, Texture Perception, Vibrotactile Thresholds, Weight Perception]
ambient stimulus array concept of J. J. Gibson & affect, bodily feelings, 5511
bilateral medial temporal resection for epilepsy at age 27, perception of pain & internal states of hunger & thirst, amnesic 54 yr old male, 15237
body part identification ability, 23–75 yr olds with aphasia or anomia or bilateral posterior lesions, 9615
capacity to detect proprioceptive-visual relations uniting self motion with visual display of that motion, 3 vs 5 mo olds, 8693
pressure sensitivity threshold & subjective sensitivity to bodily signals, 20–57 yr old bulimic females, 17598

Somesthetic Stimulation [See Also Tactual Stimulation]
acceleration, nystagmus response, 29–69 mo old autistic children, implications for brain stem dysfunction, 6571
ambivalent visual-vestibular & vestibulo-somatosensory stimulations, perceived self motion, 17–38 yr olds, 19050
centrifugation or tilting & total body vibration, orientation to gravitational vertical, implications for military training, 3244
cutaneous & proprioceptive stimulation, inferior olive neuronal responses, alert cats, 13912
efficacy of therapeutic vestibular stimulation as form of sensory stimulation, meta-analysis, 14958
lateral hypothalamic lesions, locomotor & feeding activity produced by tail pinch vs vestibular stimulation, cats, 13901
lesions of interstitial nucleus of Cajal, vestibular horizontal canal neurons, cats, 26602
lights out after exposure to optokinetic stimulus, afternystagmus decay, 21–35 yr olds, 228
moving air-jet stimulation, neuronal activity in dorsal column's receptive field, rats, 23882
moving air-jet stimulation, response of single guard vs down hair afferent nerve fibers innervating hindlimb hairy skin, anesthetized cats, 23827
Octanoate during visual or somatosensory stimulation, activation of brain pathways, rats, implications for brain anatomy, 5927
oropharyngeal stimulation, cholecystokinin-induced satiety during sham feeding, male rats, 23885
vestibular semicircular canal &/vs visual stimulation in occupational therapy, 5–9 yr olds suffering from attention deficit disorder with hyperactivity, 1-yr followup, 7452
vestibular stimulation as early experience, infants, research & treatment applications, 14186
vestibular stimulation, motor performance, 4–10 mo olds with Down's Syndrome, 15431
vestibular stimulation through waterbed flotation, approach & avoidance behaviors, premature infants, 15251
visual vestibular interaction, smooth-pursuit tracking, 20–60 yr old psychotic vs schizophrenic in- and outpatients, 9270

Somnambulism [See Sleepwalking]

Sonar
Canterbury Child's Aid & auditory-motor & sonar aid training, visually-impaired female who used aid from 6 mo through 4 yrs of age, 4567

Sons
caring for elderly widowed, daily lives, sons vs daughters, 1000
categorization of social behavior descriptions attributed to sons vs daughters, parents of 6–11 yr olds, 29816
child personality traits & parental attitudes, 29–56 yr old parents & their 5–26 yr old hemophilic sons, 30400
expectations & aspirations for their 1–45 yr old sons vs daughters, White fathers, 17071
family reactions & experiences, mother of schizophrenic son, 3909
father attitudes & nonverbal behavior, early adolescent male cognitive development, 34–62 yr old fathers & their 12–13 yr old sons, 8797
father-son relationship & achievement of true ego identity, occupational self support, 27 yr old male psychotherapy patient, 12419
incestuous relationships & need to recognize & treat, father & daughters & son, 17444
incidence of hyperactivity, adolescent males of alcoholic fathers, 20066
interactions in which mothers defer control to son & sons assume control, discrimination of high- vs low-problem mother-child dyads, 24–40 yr old divorced or separated White mothers & their 6–9 yr old sons, 3596
maternal personality, individuation, 14 yr old male presenting with anxiety & poor school performance & drug abuse & his mother presenting with anxiety 1 yr later in psychoanalysis, 6987
mother's educational expectations, academic achievement, male 5th graders, 20731
mother's role in provocation of matricide, 34 yr old male, comments on study by J. Campion et al, 14711
parent-child transmission rates, personal vs political attitude expression, mothers vs fathers & their 16–20 yr old daughters vs sons from 8 countries, 14321
parental characteristics & child behavioral adjustment, 6–11 yr old males in joint vs maternal custody, 29743
parental exhibitionism & self-centeredness & later imitation of deviation by offspring, mother & son, 3982
pre- & postwar relationships with fathers who are World War II veterans, Vietnam veterans with severe post-Vietnam stress syndrome, 1366
presence of spouse vs dyadic situation with son vs daughter, quality of parent-child relations, parents & their early adolescents, 24298

primary endogenous & powerful inhibition against consummating full genital intercourse with their sons, human females & primate models, 6628
psychiatric profile & lifestyle & perceived paternal threat, 20–40 yr old males charged with patricide, 3977
pubertal status, parent-child relations, 7th grade males & their parents, 8989
role of primary caregiver to older frail parent, 26–69 yr old sons vs daughters, 29833
school behavior & achievement as predictive factors of future alcoholism, 19–20 yr old sons of alcoholic fathers, longitudinal study, 22167
sex role attitudes, demand for independent accomplishments made on sons vs daughters aged 7–12 yrs, mothers, India, 29855
traditional vs nontraditional sex role attitudes, communication with sons vs daughters, 28–39 yr old mothers & their 30–42 mo old infants, 1025
vicarious traumatization, 10 yr old son of Vietnam veteran suffering from posttraumatic stress disorder, 11997
Sorority Membership
identification & training of peer counselors, college student members & residents of fraternity or sorority houses, 25921
stability of hysteric personality trait, college student sorority members assessed while living in sorority house vs vacationing at home vs during Rush Week, 18552
Sorting (Cognition) [See Classification (Cognitive Process)]
Sound [See Auditory Stimulation]
Sound Localization [See Auditory Localization]
Sound Pressure Level [See Loudness]
Sourness [See Taste Perception]
South Africa
anti-Black prejudice & discrimination, elevated levels of neurotic symptomatology, 18–64 yr old urban Whites, South Africa, 6191
apartheid & role of clinical psychologists, South Africa, 20578
attitudes toward love, young adults, South Africa vs North America vs Uganda, 29926
attitudes toward South Africa & Blacks vs Whites, Whites vs Asian Indians, South Africa, implications for work of W. G. Sumner & T. W. Adorno et al, 24271
belief in 'just world', adolescents vs young adults, Great Britain vs South Africa, 11494
changing alcoholic consumption pattern, incidence of liver cirrhosis & alcohol hepatitis & chronic calcific pancreatitis, Blacks, South Africa, 6867
characteristics & perceptions, 21–40 yr old patients refusing general hospital psychiatric inpatient treatment, South Africa, 2116
classification of word vs sound stimuli, English vs Afrikaans speaking 1st graders, South Africa, discussion of procedure by J. Downing & P. Oliver, 19573
cognitive vs social vs physical aspects of school functioning, perceptions of sources of control, Indian Hindu 4th–7th graders, South Africa, 13020
cross-cultural psychiatric research, South Africa, 3577
demographics & professional activities & theoretical orientation & career satisfaction, attitudes toward clinical practice & theory, clinical psychologists, South Africa, 28327
discrimination in medical profession & education, female doctors, South Africa, 15561
empirical studies of racial attitudes, South Africa, literature review, 29795
enrichment program development, 6–9 yr old gifted students, South Africa, 15874
factor structure & concurrent validity of union commitment scale, Black vs White miners, South Africa, 16135
factor structure of New South African Group Test, White vs mixed race African speaking vs White vs Indian English speaking 13 yr olds, South Africa, 13405
formation of personality components prior to old age, male vs female Black vs White 15–60 yr olds, South Africa, cross cultural test of E. H. Erikson's development theory, 24211
grade & age & SES & mental ability & sex, attitudinal career maturity, high school students of mixed European & African descent, South Africa, 31267
issues discussed & resolutions made concerning mental health & South Africa's apartheid policy, conference presentation, 11588
learned helplessness perspective of community developmental program, survey of plantation employees, 23147
perceptions of guidance teacher as helping agent, high school teachers vs students, South Africa, 28642
practice preferences, clinical psychologists, South Africa, 4727
repeated sessions & group composition & symbolic encounter, group decision making on political issues & attitudes toward feminism, college students, South Africa, 19793
role perceptions & role of need for clarity & achievement & autonomy, work satisfaction & involvement, Black workers, South Africa, 5093
sex or nationality, sociopolitical attitudes, male vs female high school students, Great Britain vs South Africa, 29697
statutory legislation from 1897 to 1956, family businesses, Indian families, South Africa, 17072
use of verbs in naming causality in interactions between speakers & role of measuring technique, Afrikaans- vs English-speaking college students, South Africa, replication of experiment by R. Brown & D. Fish, 19539
South America [See Also Argentina, Brazil, Chile, Colombia, Venezuela]
age at first experience & age & sex of first partner & satisfaction experienced in first encounter, psychosexual development, male homosexuals, Uruguay vs Spain, 11702
biological revolution in psychiatry, Latin America, 25023
concept of madness in culture of Caingua, Argentina, 24275
content analysis of psychology theses & conference programs, incidence of works on children up to 12 yrs old, psychologists, Peru, 31040
culture & placenta disposal rituals, Africa vs Asia vs Europe vs Latin America vs Peru, 3565
elite family firms & economic development, 19th century, Latin America, 24303
epidemiology of headache, rural residents, Ecuador, 14898
family & kinship networks & business interests vs individuals & political organizations, political structure, 1790–1890, Latin America, 24286
hallucinogenic basis & analysis of early Valdivia phase ceramic bowl iconography, Ecuador, 17188
ideal marriage rules vs biological relatedness, application of kinship terminology in classification of marriages, Yanomamo Indians, South America, conference presentation, 3569
limited needs vs fitness maximization model, predictions of foraging behavior & allocation of time to hunting, Ache foragers, Paraguay, conference presentation, 3570
microanalysis of kinship vs racial & occupational groups, patterns of residential segregation & household organization & population density & land-use in cities, colonial times & early 19th century, Latin America, 24299
need for reorganization of institutions & creation of social supports for appropriate socialization, youth, Latin America, 8810
neuroleptic drug-induced skin pigmentation, 19–65 yr old chronic hospitalized schizophrenic patients, Europe & Asia & Central & South America & North America & Africa, 25266
perceptions of problems & issues & research in experimental analysis of behavior, professors & researchers & practitioners in behavior analysis, Spain & Latin America, 18342
psychoanthropological analysis of sadness or pena, Ecuador, 8964
reliability & validity of Portuguese- & Spanish-language translation of revised Janis-Field Feelings of Inadequacy Scale, assessment of self concept, 12–19 yr olds, Brazil & Ecuador & Paraguay & Uruguay & Venezuela, 18938
retrospective analysis of parental childrearing practices, Latin American vs Cuban American vs White college students, Colombia & Venezuela vs US, 8979
role of family in shaping political & social & economic institutions, 19th century, Latin America vs US vs Europe, literature review, 24305
role of hallucinogenic drugs & sensory stimuli, ritual healing, 20–60 yr old patients, Peru, 9907
United Nations national youth policies, prevention & treatment services, adolescents, Latin America, 4599
South Korea
acquisition of left-branching languages, preference for backward patterns of anaphora, monolingual 3–11 yr olds, Korea vs Japan, 29632

emphasis on productivity vs harmony in workplace & reward allocation by equality vs equity rule, evaluation of allocation & allocator, college students, Korea vs US, 23192
managerial decision styles, business managers, Japan vs Korea vs US, 20866
opposite sex acquaintance vs friend vs best friend relationship, level of reciprocal self disclosure in dyadic conversation, college students, US vs Korea, 14447
parental ability & education & occupation, offspring's cognitive ability, parents & teenage or older offspring, Hawaii vs Korea, 16924
self concept & sex role attitudes & perceptions of closeness of self to TV & TV exposure, male vs female adults, Japan vs Korea vs Philippines vs US vs UK, 21985
test of uncertainty reduction theory with acquaintances & friends & in dating relationships, college students, Japan vs Korea vs US, 6332
South Pacific
list of general textbooks on history of psychology, India & Indonesia & Japan & Korea & Malaysia & Pakistan & Peoples Republic of China & Philippines, 18855
pharmacologic & clinical properties & cultural significance of betel & kava & pituri plants, South Seas, 17179
postcolonial radical legal innovations, residents of Vanuatu, South Pacific, 29802
preferential thinking styles with scientific concepts, English vs Hindi speaking 7th–10th graders, India vs Tasmania, 25820
ultraviolet radiation & carotenoids in diet, color discrimination, Ss living near equator, Mangaia, test of M. H. Bornstein's hypothesis, 13557
South Vietnam [See Vietnam]
Southeast Asia [See Also Indonesia, Malaysia, Philippines, Thailand, Vietnam]
age & racial differences, incidence of suicide, Singapore, 4009
factor analysis of scores on adult or junior form of Eysenck Personality Questionnaire, female vs male adults & children & adolescents, England vs Singapore, 16984
firewalking & induction of trance state & increase in skin resistance, Singapore, 26090
health belief model & preventive health behavior, adults, Singapore, 19859
job satisfaction, employees, US vs Singapore, 28801
list of general textbooks on history of psychology, India & Indonesia & Japan & Korea & Malaysia & Pakistan & Peoples Republic of China & Philippines, 18855
Spaceflight
antimotion-sickness medication vs electrolyte solution & perceptual & physiological factors, parabola flight sickness, adult airplane passengers vs astronauts vs astronaut candidates, 20417
disorientation & stomach pH, vomiting during space flight, astronaut candidates, 9624
mechanisms of space motion sickness, literature review, 9527
psychophysiology & biorhythms & work rest cycles in spaceflight, health & work capacity, Salyut-6 & Salyut-7 crew members, USSR, 10598
space flight, behavior & performance & psychological responses, space crews, 18759
Spain
age & performance on manipulative subscales of Spanish adaptation of WISC, male vs female 5.5–8.5 yr olds, Spain, 29581
age at first experience & age & sex of first partner & satisfaction experienced in first encounter, psychosexual development, male homosexuals, Uruguay vs Spain, 11702
application of structural theories of C. Levi-Strauss to analysis of legal processes & limits of legal protection, Spain, 9033
attitudes before vs after municipal elections, female vs male voters 18 yrs & older from agricultural vs industrial towns, Spain, 1979, 27082
attitudes toward & positions & disturbances & duration of sleep, Ss aged 50 yrs & older, Australia vs Greece vs Italy vs Mexico vs Spain vs Venezuela vs US, 11043
attributes of subculture, university graduates, Spain, 11593
certification of legal insanity & legal innocence & family & marital law, Spain, 11644
concept of legal insanity & need for revised definition by psychiatric & legal experts, Spain, 29904
correlation with stereotype of prison inmate & role of lack of familial relationships in criminal behavior, married & single prisoners, Spain, implications for social control, 9416
development of educational psychology, Spain, 31131
development of policy for provision of assistance for alleviation of psychological problems, young farmers, Spain, 9045
drug usage, Spanish male & female 14–25 yr olds, 3483
economic conditions & transition to democracy & increasing unemployment, electoral outcomes in 1977 & 1979 & 1982, voters, Spain, 6258
education & working conditions, job satisfaction, 14–25 yr olds, Spain, 5113
educational & cultural status & SES of family & etiology of delinquency, juvenile delinquents, Spain, implications for prevention, 12057
educational psychology themes & authors, papers presented at national pedagogical congresses, 1955–84, Spain, 31125
evolution from research in human to animal psychology during history of behavioral laboratory of Autonomous University of Barcelona, Spain, 5163
factor analysis of Spanish translation of W. P. Kreml's scale, measurement of authoritarian personality, college students, Spain, 155
framework for analysis of negotiations for military base rights, US & Spain, 1975–76, 29760
historical development of youth-oriented political & religious & recreational organizations & psychological effects of membership, 1936–39, Spain, 8896
history of work & organizational psychology, Spain, 20837
increase in juvenile delinquency, 1975–79, Spain, 1449
inter- vs intragroup ethnic stereotyping, Spanish vs Malaysian vs American college students, 3575
intergenerational differences of social & political attitudes & behavior, adolescents, Spain, 3527
knowledge of & attitudes toward use of legal & illegal drugs, primary & secondary school teachers, Spain, 12929
masculine & feminine stereotypes, 20–35 yr old female vs male college students vs textile & metallurgical workers, Spain, 27101
mathematical quantitative analysis of sociocultural factors contributing to delinquency, Spain, 1954–75, 7986
multifaceted program for prevention of drug abuse, youth, Spain, 10167
patient histories & diagnosis & treatment in psychiatric emergency service, Spain, 1983, 7419
perceptions of problems & issues & research in experimental analysis of behavior, professors & researchers & practitioners in behavior analysis, Spain & Latin America, 18342
philosophical bases of criteria for insanity defense, Spain, 29894
presentation of objects at same height vs with smaller object higher than bigger one, comprehension of "big", Spanish- vs English-speaking 3.2–4.3 vs 5.4–5.9 yr olds, Spain vs England, 8737
prevalence of drug dependency & organic lesions, opiate-dependent patients, Spain, 3970
prevalence of hyperactivity, male vs female 2nd–4th graders, Italy vs New Zealand vs Spain vs US, 14887
problems & emotional demands & prevention of pregnancy, adolescents, Spain, 785
problems causing profound psychological effects & functions & goals of International Youth Year, youths, Spain, 779
proposed constitutional changes & educational & military conscription reforms, physiological & psychological & economic development & youth crisis, Spain, 11379
proposed government extension vocational services programs, rural adolescents living in Adalucia Region, Spain, 5037
proselytizing by fanatic groups & sects, youth, Spain, 6160
psychopharmacological effects of alcohol & marihuana & amphetamines & heroin & LSD, development of physical & psychiatric disorders, adolescents, Spain, 12077
reliability & validity of Spanish translation of Physical Anhedonia Scale, detection of predisposition to schizophrenia, 19–23 yr old females, Spain, 10833
reorganization of government policy, legal counsel & social services, adolescent immigrants & mentally disturbed, Spain, 4628

research in individual differences & intracranial stimulation & behavioral medicine carried out at Psychology Section of Autonomous University of Barcelona, 1979–83, Spain, 5160
SES & educational level, attitudes toward abortion & homosexuality & sexual deviations & crimes, Spain, 11695
sex & political orientation & social change, use of sociolinguistic variable "u", villagers aged 12 & older, Spain, 19525
sexual behavior, college students, Spain, 3631
socialization, education & academic performance, female 9–11 yr olds vs college students, Spain, 28475
Spanish Civil War, development of culture & science & technology & social & political factors, Spain, 18821
test-retest reliability of Spanish version of Junior Eysenck Personality Questionnaire, children & adolescents, Spain, 28990
therapeutic programs & goals & outcomes at halfway house, mentally ill patients, Spain, 12758
Spanish Americans [See Hispanics]
Spasms
anticonvulsive drugs & consequent corticosteroid treatment, 10 day through 12 month olds with infantile spasms, 7282
behavioral treatment, 48 & 53 yr old females with blepharospasm presenting with hemifacial spasm, etiological implications, 22488
electrical stimulation of trigeminal or facial nerve, eyelid reflexes, patients with primary or postparalytic facial hemispasms, 4126
intramuscular haloperidol, 35 & 75 yr old males with intractable hiccups, 9906
Spatial Ability
acquisition of knowledge of lengthy route through unfamiliar surroundings, 11 yr old, example of conceptual model of children's acquisition of spatial knowledge, 3428
adult guidance & cognitive restructuring, construction of model of large scale space with space on view, 4 yr olds, 19599
age & instructional programs, ability to learn to visualize 3-dimensional spatial relationships, 13–18 yr olds, Bahrain, 28454
age differences, spatial problem solving, kindergartners vs 2nd vs 3rd graders vs college students, 6095
aging & enriched environment, performance in radial maze & recovery function of visual EP, 7–8 vs 30–33 mo old male rats, 29217
attitude toward science & spatial & mathematical ability & scientific personality, science grades, 8th graders, 2420
auditory vs visual stimulus & manual vs verbal response mode combinations & asymmetric transfer, single- & dual-task performance, right handed male college students, 23515
blind conditions, coding of location of objects, sighted & blind children with mean age of 8.8 vs 10.9 yrs, 14875
cognitive & spatial abilities, 13–19 yr old Turner's syndrome patients with normal intelligence, 14855
construction of horizontal vs vertical vs diagonal lines & explanation of oblique effect, 5 vs 8 yr olds vs college students, 19594
construction of revised Raven Coloured Progressive Matrices, assessment of effect of laterality of lesions & language impairment, patients with left vs right brain damage vs aphasia, 12195
coordination of perspectives in space & drawing, low & low-middle SES Black 8–14.4 yr olds, 14198
correlations between measures of spatial ability, male vs female college students, 13472
development of geometrical model of visual discrimination & mental transformation, effect of angular disparity & degree of symmetry on determination of polygon orientation, experienced Os, 23571
ECS shock, working vs reference spatial memory in radial maze, male rats, 29359
exercises in visuospatial cognition, spatial visualization & orientation aptitude, college students, 10357
factor structure of tasks requiring mental rotations of 3-dimensional structures represented in diagrams, 14–17 yr olds, 863
frontal vs temporal lobe lesions, performance of spatial & nonspatial conditional associative tasks, 13–54 yr old patients, 24963
hormones, spatial ability & verbal fluency & perceptual speed & accuracy, male vs female 12.7–23.2 yr olds with congenital adrenal hyperplasia, 20230
hyperstriatal lesions, acquisition & retention of go/no-go vs spatial alteration vs delayed response vs spatial discrimination tasks, pigeons, 13931
imagery ability & generation of multipart images, 19 & 32 yr old commissurotomy patients, 13814
imagination & spatial ability & short term & visual recognition memory on visual vs verbal tasks, mathematically vs artistically gifted 12–14 yr olds, 26830
instructional methods, spatial learning, 5 yr olds, 18480
instructions to expect spatial/locational vs verbal/event posttest, recall of map-prose information, high school students, 13141
issues in sex differences in spatial abilities research & theory building, literature review, 10956
kinds of social interaction in collaborative work vs individual work on spatial perspective problems, task performance & cognitive change, 5–7 yr olds, 14116
language & visuospatial abilities, brain damaged vs learning disabled young adults, 19880
level of sequence knowledge, performance on state-comparison mental rotation vs movement recognition tasks, 5–13 yr olds, 29591
mother behind opaque vs transparent barrier, ability for selection of open path to goal, mobile 10 vs 12 vs 14 mo olds, 26840
multivariate path analysis of reading ability & symbol processing speed & spatial reasoning, reading disabled 7.5–12 yr olds & their nuclear families, 4067
naloxone, spatial memory in radial maze, 4–6 vs 24–26 mo old male rats, 29368
parent-offspring & sibling resemblances for verbal & visuospatial components & total IQ scores, families from manual vs nonmanual social groups, 8384
perceptual & constructional & nonverbal memory tasks, assessment of focal CNS dysfunction & speech lateralization in spatial deficits, 13–18 yr olds with Turner's syndrome, 20208
performance on measures of nonverbal ability, left vs right handed aphasic 35–70 yr olds, 9511
performance on paper & pencil version of Piaget's water level test, male vs female college students, 18957
performance on Piagetian projective & Euclidean spatial tasks, 8th vs 10th vs 12th graders, 26856
performance on spatial tasks unconfounded by enabling skills, adult patients with right-hemisphere lesions, 22309
physical knowledge vs Euclidean reference training, concept of horizontality, female college students who failed Piagetian water-level task, 21682
precursors of spatial ability, 6–12 yr olds, Kenya, 4-yr longitudinal study, 16938
reversal of decline in abilities of inductive reasoning & spatial orientation, 64–95 yr old males vs females, 14-yr longitudinal study, 19639
right hemisphere spatial performance, male vs female 40–60 yr olds with major depressive disorder, conference presentation, 3863
right vs left handed segregation of verbal & spatial tasks, task-hemispheric integrity effect & time sharing efficiency in concurrent task performance, right handed males, 19318
SES &/vs traditional vs experimental curricular spatial skill emphasis, assumption of another person's point of view, 6 yr old 1st graders, Italy, 31248
sex & spatial ability, perception of rotated facial profiles, 4th vs 8th graders vs adults, 842
sex differences, spatial ability, meta-analysis, 8757
sexual maturation & spatial ability, female vs male college students, 19638
spacial ability vs cognitive restructuring vs reading comprehension, mathematical problem-solving performance, 3rd–7th graders, 28493
spatial & verbal & mathematical ability & feminist & mathematics attitudes, prediction of achievement in statistics course, male vs female graduate students, 25905
spatial & verbal & mathematical ability assessed by microcomputer games, male vs female adolescents, 19625
spatial ability & musical talent & lateral dominance & androgyny, male vs female 9–14 yr olds, 3432
spatial ability, speed vs accuracy of mental rotation processing of familiar vs unfamiliar alphanumeric stimuli, college students, 236
spatial memory in radial maze running, pigeons, 5569
spatial skills in close-body & local & geographical/travel space, prediction of efficiency in travel, visually impaired 5–12 yr olds, 24915

spatial thinking abilities, 6th vs 10th grade Navajo vs non-Native American students, implications for science education, 23000
spatial visualization ability, mathematical problem solving, 6th–8th graders, 7630
structure of ability to visualize rotations about 3 Cartesian axes in 3-dimensional diagrams vs models, 14–15 yr old students, 26861
sympathetic ingrowth of superior cervical ganglion fibers sprouting into hippocampus, spatial alternation deficits, rats with kainic acid lesions to hippocampus, 21445
testing spatial abilities in different languages, bilingual 12–40 yr old students proficient in English & Arabic or Hausa or Yoruba, 2587
training program, formation of transformation rule system of coordinates in spatial representation task, 1st graders, 15668
use of directions &/vs landmarks &/vs end information in descriptions of routes, 5.1–6.1 vs 8–9.3 yr olds, 29655
validity of Everyday Spatial Activities Test, assessment of spatial experiences & application to academic aptitude & achievement & vocational behavior, college students, 23123
visual-spatial ability, acquisition of pattern recognition game skill, college students, 23639
6-hydroxydopamine lesions in nucleus accumbens, alternation behavior & spatial discrimination & reversal learning in extinction paradigm, adult male rats, 29376
Spatial Discrimination [See Spatial Perception]
Spatial Distortion
fingers in crossed positions, perceived position of stimuli touching crossed fingers, adult volunteers, 10896
Spatial Frequency
adaptation to high-contrast grating, degradation of discrimination for test gratings at angle to adapting grating, naive vs experienced Os, 2995
application of concepts & methods of modern spatial-filtering theory, analysis of spatial Gestalt perception, adult Ss, 2983
blur & spatial frequency & luminance, rod & frame task, college students, 16246
contrast sensitivity to interference fringes in 10–65 cycles/degree range, adult Ss, 13597
cortical magnification vs spatiotemporal frequency vs contrast, displacement thresholds for oscillating grating, human Os, 5425
detectability of phase shifts in 2-dimensional images as function center frequencies & bandwidths, adult Ss, 23536
direction & amount of spatial displacement in saltation effect experiments, college students, 270
Fourier analysis, assessment of score charts for Farnsworth-Munsell 100-Hue Test, 21026
gratings of different spatial frequencies with static noise & grating masks, detection & discrimination of visual grating targets, 21119
hemispheric &/or hemiretinal differences in contrast sensitivity & oblique effect, adult Ss, 21091
hemispheric specialization & sensitivity to visual & auditory frequencies, 19340
instruction & higher level control in accommodation studies' response spatial frequency profile, amblyopic vs strabismic vs normal Ss, 7990
intramodal matching procedure, determination of equal contrast sensitivity contours for monocular & binocular vision & wide luminance range, adult Ss, 16244
low vs high spatial frequency, face selective responses of neurons in cortex in superior temporal sulcus, macaque monkey, 21322
masking & spatial & spectral correlations, perception of 2 images combined, 29039
monocular vs binocular vision, contrast perception over wide luminance & frequency & contrast changes, 20–24 yr olds, 2970
multiple spatial frequency channel models, predictions for summation & uncertainty effects on detection of gratings containing simple vs compound spatial frequencies, 21096
noise gratings of various spatial frequency bandwidths & central frequencies, contrast & modulation detection, 227
optical phase transfer functions & pupil diameter, discrimination of spatial phase, 215
optimization of uncertainty relation for resolution in space & spatial frequency & orientation by 2 dimensional visual cortical filters, 13548
pairs of sinusoidal gratings with different spatial frequencies, visual discrimination performance, experienced Os & college students, evidence of interactions between spatially tuned mechanisms, 21107
parallel vs orthogonal gratings, storage & discrimination of spatial frequency information, human Ss, 5417
pattern vs flicker vs coherent drift thresholds, upper spatial & temporal limits of velocity perception, author & naive S, 222
peripheral movement & flicker, detection thresholds of sinusoidal gratings, adult Ss, 13539
position quantization by receptive fields, spatial frequency discrimination at low frequencies, 2980
presentation of temporal pulses at low spatial frequencies, sinusoidal flicker sensitivities, 210
random-dot mask presented at intervals, perception of shape moving behind a slit, practiced vs naive Ss, 213
randomness in spatial frequency content of stimuli on successive trials, determination of thresholds for spatial interval discrimination, adult Ss, 13574
responses of single neurons in striate cortex & estimation of threshold levels in spatial-resolution tasks, anesthetized paralyzed Old World monkeys, 13820
responses of striate cortex cells to gratings of increasing numbers of cycles centered on cells' receptive fields, cat & monkey, 13796
single vs complex sinusoidal gratings presented to left vs right visual field, contrast sensitivity & subthreshold summation effects & adaptation aftereffects & spatial frequency discrimination, right handed Ss, 21297
sinusoidal grating size & spatial frequency, apparent contrast, 245
slow vs rapidly flickering sinusoidal gratings that reverse phase, contrast & spatial frequency sensitivity, aged vs young Ss, 29643
spatial & temporal frequency, meridional variations in spatial displacement detection, 22–26 yr old males, 2992
spatial &/or temporal sampling rate, apparent visual contrast of sinusoidal gratings, humans Ss, conference presentation, 2993
spatial acuity of posteromedial lateral suprasylvian cell neurons, adult cats, 3151
spatial frequency & orientation & temporal frequency selectivity of visual motion system, adult Ss, 21067
spatial frequency & orientation tuning of striate cortex cells as predictor of receptive field shape, cat, 13836
spatial frequency & retinal eccentricity & distance from fixation point, stereo & vernier acuities within spatial channels, adult Ss, 21114
spatial frequency combinations over 4 octave range, contrast sensitivity, practiced & naive adult Ss, 13568
spatial frequency gratings, iconic formation, schizophrenic 18–45 yr old males, 30216
spatial frequency masking, strategies in detection task performance, 21115
spatial frequency model for hyperacuity, 23538
spatial frequency of high vs low pass filters, detectability of narrow bars & determination of grating sensitivity curves & contrast & sensitivity function, 8165
spatial frequency of pattern gratings, figure ground perceptual organization, college students, 26317
spatially & temporally modulated stimuli of sinusoidal gratings presented in Maxwellian view, accommodative responses, experienced Os, 21109
stimuli with difference-of-Gaussian luminance profiles, measurement of depth-increment thresholds within postulated spatial channels as function of depth from fixation plane, adult Ss, 13534
stimulus delay, discrimination of orientation of square-wave gratings, 2–3 mo olds, 3452
stimulus duration & contrast & frequency, visual persistence, reading disabled 7.4–11.1 yr old males, 6695
stimulus velocity vs contrast vs spatial frequency, lower temporal limits of movement perception, author & naive S, 221
suprathreshold spatial frequency & contrast dependencies of enhancement effect, adults, 19075
task demands & spatial frequency composition of stimuli, role of cerebral hemispheres in face perception, college students, 13586
temporal frequency discrimination at & above detection threshold using low & medium spatial frequencies, adult Ss, 29044

transfer of information between neighboring retinal areas following presentation of spatially limited optical stimuli, examination of local character of spatial frequency channels, 25–27 yr olds, 23564
uniform field flicker masking of visible persistence at range of spatial frequencies, examination of role of low-level visual deficit in reading disabilities, reading disabled 12 yr olds, 17530
variation of spatial & temporal frequencies & orientation of motion, sensitivity to shearing & compressive motion in random dots, adult Ss, 26320
variations in interfering & inducing grating spatial frequency & contrast & phase, grating-induction magnitude, adult Ss, 29052
vertically displaced peripheral gratings, grating detection, adult Ss, 2997
visual EP in response to counterphase grating stimulation, measurement of grating acuity, 1–53 wk olds, 29631
visual masking, spatial frequency discrimination thresholds, experienced adult Ss, 13583

Spatial Imagery

age & instructional programs, ability to learn to visualize 3-dimensional spatial relationships, 13–18 yr olds, Bahrain, 28454
complexity of objects, construction of mental representation of objects from successive views, graduate students & staff members, 13516
creative role of homospatial thinking in visual art, art students, 13637
mental rotation & visual familiarity, college students, test of automatic broadening & mental rotation hypotheses, 21095
model of neural network for spatial memory & images, 11156
model of neural networks that encode visuospatial information for storage & reconstruct mental images from storage, 11141
perception of shapes as same vs different, 11–66 yr old right vs left brain damaged patients, 9596
task demand characteristics, RTs in mental image scanning experiments, humans, 19111
voiced naming of probe letter before vs after visual presentation of probe letter, spatial & iconic memory, college students, 13681

Spatial Organization

ability to use supports to retrieve visible vs invisible & covered vs uncovered objects, infants with mean ages of 38.2 & 38.4 wks, 3471
age differences, use of abstract reference frame to infer spatial relationships, 2nd & 3rd vs 5th & 6th graders vs college students, 29610
alteration of labels attached to points & semantic clustering, memory of spatial locations, college students, 19136
apparent contrast of sinusoidal grating in simultaneous presence of peripheral gratings, adult Ss, 23543
apparent displacement of lines & dots in parallel line figure, college students, implications for basis of Poggendorff effect, 23541
application of concepts & methods of modern spatial-filtering theory, analysis of spatial Gestalt perception, adult Ss, 2983
arm length & spatial separation between & size of angles & practice, degree of misalignment in modified version of Morinaga's illusion, college students, 23575
aversive underwater radial maze, spatial working memory in choice of "safe" place, rats, 21222
center- vs boundary-dependent strategies in spatial exploration & map-drawing, 3028
chance vs structure in visual patterns & subjective probability, college students, 2999
cognitive & motivational factors, perceptual organization in viewing reversible stereogram, college students, 16265
comparative floorplan analysis, development of spatial & organizational concepts for architectural design guidelines for health centers, Netherlands, 5147
conditions & methodology for sensing hyperacuity thresholds of 1 sec, 13563
confounding of luminous flux with topological factors in visual perception, comments & replication of study by L. Chen, 16266
cueing of spatial position of target letter, recognition accuracy, college students, 21121
depth separation of frame & circle or in frame beyond or in front of circle, orientation-inhibition effect, adult Ss, 23542
detectability of phase shifts in 2-dimensional images as function center frequencies & bandwidths, adult Ss, 23536
determination of luminance contribution function for spatial location in hyperacuity tasks, adult Ss, 23529
differently oriented lines in patterns, duration of fragmentary &/vs unitary afterimages, 19–27 yr olds with perfect vision, 214
distance between stimulus & eye vs horizontal distance from trunk of S, perceptual aftereffect & distance perception, normal Ss, 8173
dual runway configuration, performance of spatial integration task, normal vs septal-lesioned rats, 11246
ECS, spatial memory of mazes, male rats, replication of study by D. A. Shavalia et al, 5784
frequency of attempts to represent occlusion of objects in drawing, 6 yr olds, 16933
instruction to attend to layout of vs route through funhouse, spatial exploration & memory, 6–7 vs 8–9 yr olds, 11416
instructional methods, spatial learning, 5 yr olds, 18480
interstimulus interval & monocular availability of local-identity information, perceptual organization of three-dimensional apparent motion, author & college students, 219
inverted presentation of photographs, recognition of faces vs landscapes vs dog breeds, college students vs 29–77 yr old dog experts, 21075
map features represented by labels with vs without symbols vs mimetic drawings & verbal information, recall of text, good vs poor 5th–6th grade readers, support for conjoint retention hypothesis, 28410
map recall & learning strategies & performance, young adult vs middle aged vs aged females, 24158
metastable apparent-motion displays, local analysis vs global effects in motion perception, naive Ss, 26325
misoriented letters on various directional axes, identification of transformation used to produce misorientation, adult Ss, 21071
optimization of uncertainty relation for resolution in space & spatial frequency & orientation by 2 dimensional visual cortical filters, 13548
order of enunciation of objects & properties of actions to be drawn, order in which objects are drawn, kindergarten & elementary school students, 19592
pattern orientation, time required in identification of line drawings of natural objects, college students, 26315
perception of position & of size for Muller-Lyer illusion figures, optometry students, 23546
pictures of faces presented as superimposed images & in inverted mode, configurational integration, college students, 10924
presence of novel taste & spatial contiguity between taste & tone, potentiation of auditory aversions, rats, 3082
presentation of objects at same height vs with smaller object higher than bigger one, comprehension of "big", Spanish- vs English-speaking 3.2–4.3 vs 5.4–5.9 yr olds, Spain vs England, 8737
prior information about hiding sites, spatial organization & recovery of hidden marbles, kindergartners vs 2nd graders, 26818
randomness in spatial frequency content of stimuli on successive trials, determination of thresholds for spatial interval discrimination, adult Ss, 13574
real-time visual processing theory, analysis of perceptual groupings of textures & boundaries & emergent segmentations, 26312
recall of objects & location in array, 12–51 yr old patients with unilateral frontal vs temporal lobe excisions, 6874
reference systems encoded in cognitive maps of town, college students resident in town for 1–2 mo vs 1 yr, 26341
representation of individual objects in drawings vs spatial relationship between objects in scene, 4.6–7.2 yr olds, 8719
retroactive interference, spatial working & reference memory of 8-arm radial maze, rats, 13753
right hemisphere lesions & left hemisphere neglect & space representation in brain, right handed patients, 4106
serial search by focal attention, discrimination among different combinations of linear orientations, experienced & naive Ss, 16267
social-spatial processes, delinquency & crime, West Germany, implications for urban & criminal sociology & urban land-use strategies, 30300
span & coding & retrieval strategies, visual spatial memory, 11–12 & 19–24 & 40–45 yr olds, 11402
spatial frequency & orientation tuning of striate cortex cells as predictor of receptive field shape, cat, 13836

spatial knowledge of home environment, children, 8702
spatial memory for retrieval of stored seeds vs seeds encountered while searching, wild-caught marsh tits & black-capped chickadees, 23746
spatial proximity of sequentially vs randomly displayed points & tendency to track moving points, suppression of visible persistence & estimation of number of points seen simultaneously, college students, 10911
spatial separation & retinal eccentricity, 2 dot vernier acuity, adult Ss, 21069
spatial thinking operation types, determination of relative location of figures in space vs relationship between elements of single figure, college students, 5462
speed vs accuracy in mental rotation, 11 vs 14 vs 19 yr olds, 830
standard vs strategy instructions with vs without practice on dot-connecting problems, 9-dot problem solving, college students, 10972
stimulus delay, discrimination of orientation of square-wave gratings, 2–3 mo olds, 3452
stimulus size & location, active vs passive smooth eye movements, 20 to 40 yr olds, 21112
strongly vs partially hierarchical vs nonhierarchical theories of spatial representations, recognition of locations & distances between objects in actual vs on maps of spatial layouts, college students, 10975
target spatial location uncertainty, foveal luminance increment detectability, normal & amblyopia Ss, 16242
use of landmarks &/vs relational terms &/vs cardinal directions &/vs mileage estimates & frequency of omission & commission errors in direction giving, male vs female college students, 23620
vertical vs horizontal-frontal vs -lateral object arrangements, use of correct spatial terms in descriptions, 3–10 yr olds vs college students, 8715
vertically displaced peripheral gratings, grating detection, adult Ss, 2997
visual-perceptual-spatial deficits, learning of sign language, deaf children, 20781
visual processing of dots in square or circle frame locating them on vertical vs horizontal vs oblique axes, graduate & college students & staff, evidence of internal frame of reference in visual perception, 26306
visual stimulation & concurrent counting task, speed of discovery of alternative organization of ambiguous geometric figures & subsequent reversals, college students, 244
visuospatial memory, 57–85 yr olds with dementia, 1558

Spatial Orientation (Perception)

ability to return home over large distances with aid of landmarks, desert isopod, 23720
acoustic & visual cues during foraging dance, 4 species of honey bees, 5640
adaptation stimuli inside vs outside of focus of spatial attention, object color & shape integration in preattentive vision & McCollough aftereffects, college students, implications for feature-integration theory, 21088
age & homing experience & transportation in distorted magnetic field vs total darkness, disorientation in homing, 5–6 mo vs 1–9 yr old homing pigeons, 8489
age, spatial memory, male rats tested at 6 vs 26 mos old, 23658
allocentric vs egocentric frame of reference, exploration of original & novel object in arena & spatial memory task performance, gerbils, 11089
atropine, spatial navigation strategies, rats, 11347
attention to vertical & horizontal & oblique patterns & tilted body positions, gravitational & retinal factors in perception of orientation, 3–7 mo olds, 11426
blur & spatial frequency & luminance, rod & frame task, college students, 16246
capacity for rotation vs construction spatial perspective task performance, 6–8 yr olds, 19634
center- vs boundary-dependent strategies in spatial exploration & map-drawing, 3028
centrifugation or tilting & total body vibration, orientation to gravitational vertical, implications for military training, 3244
cognitive capacity & cerebral lateralization & structural basis of amnesia & disorders of reaching due to parietal lesions, human vs nonhuman primates, literature review, 5649
complex phototropotactic system, ability to find sea, hatching turtles, 5619
contrast & orientation & binocularity, pattern EPs, adult Ss, 13593
contributions to studies of animal spatial orientation through hypothesis about cognitive maps of E. C. Tolman, 5574
crossed vs uncrossed RTs to visual stimulus & performance of dichotic listening task, 21 yr old female with agenesis of corpus callosum, implications for bilateral speech representation, 4164
cues, spatial learning in mazes, cats, 13743
depth of processing, recognition memory for normal vs inverted photographs of faces, college students, 13678
depth separation of frame & circle or in frame beyond or in front of circle, orientation-inhibition effect, adult Ss, 23542
displacement from nests & release in open vs confined conditions at varied distances from nests, homing time & performance, worker wasps, 23754
early crawling experience, spatial orientation ability, 4–5 mo olds, 8762
exercises in visuospatial cognition, spatial visualization & orientation aptitude, college students, 10357
factor structure of tasks requiring mental rotations of 3-dimensional structures represented in diagrams, 14–17 yr olds, 863
familiarity of landmarks, ability to return home over large distances, desert isopods, 23719
fine orientation discrimination & shape constancy, 4 mo olds, 16911
global pattern/randomness threshold, orientational anisotropy in visual system, humans, 16256
group training, development of basic orientation & unaided mobility & hearing skills, visually impaired individuals with minimal or no mobility skills, 10133
hemispheric &/or hemiretinal differences in contrast sensitivity & oblique effect, adult Ss, 21091
horizontal vs vertical posture, estimation of line bisection point, right handed college students, implications for role of gravitational coordinates & apparent spatial locus of events, 13540
hypothetical view of brain activity & interrelationships in spatial orientation, 13800
incidence & doubtful significance of nonstandard orientations of key for Aphasia Screening Test, epileptics & patients aged 16 yrs & older with confirmed & outpatients referred for neurological disorders, 14819
investigation of inhibitory effect associated with externally controlled covert orienting in visual space, college students & staff, 13520
light adaptation conditions & intertrial interval & measurement orientation of sinusoidal grating stimulus, orientation discrimination in signal detection, 19079
medial frontal lesions, spatial problem solving, male rats, 13927
misoriented letters on various directional axes, identification of transformation used to produce misorientation, adult Ss, 21071
model of hippocampal neuronal activity in specific locations, animals, 11177
Morris water swimming task, place learning & ability to generalize to another place problem in single trial, male rats, implications for neurobehavioral experimental design, 19233
orientation & length of Hebrew letter strings, lexical decision RT, college students, Israel, 10970
orientation preferences, 7–53 wk olds with significant astigmatism, 24901
parallel vs 2-alternative forced choice method of constant stimuli of orthogonal orientations, visual contrast discrimination thresholds, adult Ss, 26327
pendular chair test, turning sensations & driving ability, airline pilot aspirants, 18698
perception & comprehension of projective size/distance & projective shape/orientation relationship, 3 vs 4 yr olds, 16944
perception of induced motion in frame vs point conditions, oculomotor visual capture vs straight ahead shift in eye movements, 10923
position of architectural surfaces, perceived differential enclosing effect, college students aged 18–41 yrs, 26047
posttraining naloxone administration, retention of spatial learning, male rats with bilateral 6-hydroxydopamine lesions of dorsal noradrenergic bundle, 11212
postural regulation & spatial processing, college students, 13629

practice of tasks, recovery of verbal & visuospatial functioning, alcoholic males, 12047
preparatory spatial familiarization, attitudes about academic & spatial & social affairs in school, male 5.1–6.2 yr olds entering kindergarten, 28501
presentation of two visual stimuli, contour orientation sensitivity assessed by visual EPs as indicator of precortical processing, cats, 11174
propranolol, 32 yr old female with transitory spatial disorder, 4470
relational factors in rod and frame effect, adult Ss, 19037
reversals in object manipulation following parietal lobe infarction, 70 yr old mixed manually dominant male, 14825
salient-feature coding, hand or finger position responses in spatial precuing tasks, college students, 26296
serial search by focal attention, discrimination among different combinations of linear orientations, experienced & naive Ss, 16267
sex & spatial ability, perception of rotated facial profiles, 4th vs 8th graders vs adults, 842
shift of attention to cued spatial location, RT to subsequently presented target light, college students, 13588
size ratio & orientation & familiarity, matching of simultaneously presented patterns with respect to shape, adult Ss, 23555
small head/body tilts, displacement of visual subjective vertical, college students, 2989
solar cues & geomagnetism, migratory orientation, savannah sparrows, 8353
spatial & temporal frequency, meridional variations in spatial displacement detection, 22–26 yr old males, 2992
spatial distribution of visual attention, reanalysis of data & comments on study by P. Podgorny & R. N. Shepard, 26308
spatial distribution of visual attention, reply to comments of B. Crassini, 26326
spatial frequency & orientation & temporal frequency selectivity of visual motion system, adult Ss, 21067
spatial localization of event in square vs circular room with vs without landmark, 8 mo olds, 16926
spatial neglect & anosognosia, 24967
spatial skills in close-body & local & geographical/travel space, prediction of efficiency in travel, visually impaired 5–12 yr olds, 24915
spatial thinking operation types, determination of relative location of figures in space vs relationship between elements of single figure, college students, 5462
stimulus delay, discrimination of orientation of square-wave gratings, 2–3 mo olds, 3452
superimposition of grating within 1-dimensional visual noise of different orientation, tilt illusion, adult Ss, 29037
superior colliculus lesions & previous exposure to platform, ability to locate hidden platform in swimming pool, male rats, 11253
time elapsed after initial maze task before electrical hippocampal stimulation at vs below seizure threshold, spatial working memory, male rats, 23910
up vs down vs left vs right judgment of location of features of naturalistic & geometric shapes, college students, 16252
upright vs angular presentation of letters in right vs left hemifield, discrimination & mental rotation RTs, reading disabled 11–13 yr olds, 14751
use of word vs arbitrary letter to indicate right-left vs up-down orientation & location judgments, RT, college students, 29050
variation of spatial & temporal frequencies & orientation of motion, sensitivity to shearing & compressive motion in random dots, adult Ss, 26320
visual processing of dots in square or circle frame locating them on vertical vs horizontal vs oblique axes, graduate & college students & staff, evidence of internal frame of reference in visual perception, 26306

Spatial Perception [See Also Apparent Distance, Apparent Movement, Apparent Size, Autokinetic Illusion, Depth Perception, Distance Perception, Motion Perception, Size Discrimination, Spatial Distortion, Spatial Organization, Spatial Orientation (Perception), Stereoscopic Vision]

ability to infer spatial relationships in large familiar environment, male vs female 3.2–4.2 vs 4.5–5.5 yr olds, 6062
age differences & rates of acquisition & forgetting of spatial memory problem, increase & decay of long term synaptic enhancement, 12 vs 27 mo old male rats, 13785
algorithmic response patterning in radical mazes, spatial encoding, rats, 26394
anterior vs posterior loci of lesions, presence & severity of visual hemineglect, 8–76 yr old patients with left vs right brain damage, 1618
application of concepts & methods of modern spatial-filtering theory, analysis of spatial Gestalt perception, adult Ss, 2983
aquatic & gym program, fine motor performance & rhythmic sense & position in space & behavior, 1st–6th graders with communication & coordination & behavioral & emotional disorders, 13113
area, distance for visually resolving grid gratings, college students, 29059
basal forebrain lesions, choice accuracy in working memory task vs spatial discrimination in reference memory task, male rats, 23920
behavioral & optical & anatomical investigation of spatial visual acuity across range of luminance, wedge-tailed eagle, 29294
brief familiarization experience with object, sensitivity to familiar size as information for distance of objects under monocular vs binocular viewing conditions, 7 mo olds, 21703
caudate-putamen vs posterior cortex lesions, spatial maze learning & overshadowing-potentiation effects, male rats, 13935
cerebral hemispheric asymmetries for visuospatial abilities, male monkeys with left vs right unilateral occipital lobectomy & splenial transection, 5798
color & position processing, visual pattern perception in background masking task, female college students, 21065
complexity of objects, construction of mental representation of objects from successive views, graduate students & staff members, 13516
compound sinusoidal gratings with fundamental & higher frequency components, prediction of phase discrimination performance, application of model of human spatial vision, 21106
contour intersections, visual sensitivity to line curvature, experienced Ss, 13595
coordination of displacements, 4–5 yr olds, 6-mo longitudinal study, 812
decision rule & memory variance & criterial noise, line orientation discrimination, 21122
detection & discrimination of Gabor signals in 2 paradigms, determination of signal's relative importance for spatial vision, Ss with normal vision, 10908
development of understanding of visible & invisible object displacements, 9–30 mo olds, 8789
developmental object & spatial concepts, infants, literature review, 8706
dual runway configuration, performance of spatial integration task, normal vs septal-lesioned rats, 11246
eccentricity dependency of contrast matching & oblique masking, adult Ss, 23574
EEG pathology, deficits in optical-spatial perception, developmentally delayed 4–10 yr olds with spastic diplegic vs hemiparetic cerebral palsy, 6755
egocentric responses during performance of spatial perspective-taking tasks, young children, 8723
environmental assessment & cognitive mapping & environmental stress & spatial behavior in environmental psychology, literature review, 23302
EPs elicited by vernier offsets vs other cues to hyperacuity, 25–37 yr old males, 13830
forebrain lesions, choline & dopamine & serotonin brain levels & avoidance conditioning & spatial discrimination, rats, implications for role of cholinergic system in human memory & Alzheimer's disease, 11252
formation & delayed time & 1st vs 2nd order responses in spatial alimentary natural CR, dogs, 5572
fornix transection following pre-operative training, memory of running recognition task with visual-spatial configurations, monkeys, 3256
free vs forced choice & retention interval in radial maze task, development of spatial memory, 18–71 mo olds vs college students, 3410

functional hemidecortication by spreading depression in vs epileptic focus on neocortex, spatial memory task performance, male rats, 16534
general computational mode of perception of visual objects & space, mammals, literature review, 19064
history of application of mathematical group theory to study of visual spatial perception, 5397
hyperstriatal lesions, acquisition & retention of go/no-go vs spatial alteration vs delayed response vs spatial discrimination tasks, pigeons, 13931
implications of scale model environments as simulation of experiential space-time relativity, 28830
intertask redundancy & spatial proximity of task displays & degree to which task displays constitute single object & resource demands, dual-task integrality, college students, 10922
intraperitoneal physostigmine vs pilocarpine, spatial memory impairment induced by lesions of nucleus basalis magnocellularis, male rats, 13899
language comprehension vs spatial discrimination tasks, hemispheric asymmetries in visual EPs, normal 22–37 yr olds, 3156
lesions in lateral septum induced by 6-hydroxydopamine, spontaneous alternation & acquisition & reversal of spatial discrimination task, male mice, implications for role of cholinergic system in control of behavior, 13924
mechanisms of perception of environment as stable, 250
mirror- & TV-guided tasks, spatial problem solving ability, chimpanzees, 8291
model of neural networks that encode visuospatial information for storage & reconstruct mental images from storage, 11141
neurophysiological & psychophysiological model of color spatial vision, literature review, 212
optical phase transfer functions & pupil diameter, discrimination of spatial phase, 215
orienting tasks with vs without estimates of distance between target & nontarget positions, immediate & delayed recall of linear arm movement, right handed college students, 19137
parallel vs orthogonal gratings, storage & discrimination of spatial frequency information, human Ss, 5417
postural regulation & spatial processing, college students, 13629
real-life video & computer-generated graphic analogs, development of imagery & spatial thought, 3rd graders vs junior high school vs college students, 14162
recognition of laterally inverted mirror images, blind vs sighted children vs rhesus monkeys, 9531
rehabilitation, development of concepts of spatial & temporal relationships, children with cerebral palsy, 4695
relation between development of binocular vision & spatial perception, 4–5 mo olds, 16919
representation of spatial arrangement of cubes in drawings, normal 7.3–8 vs 12.2–13 yr olds vs mentally retarded 12.6 yr olds, England, 14752
restricted vs unrestricted head movement using monocular vs binocular vision, distorted room illusion, college students, criticism of position of J. J. Gibson & ecological theory, 21082
route segmentation, proximity judgments & macrospatial distance estimation, college students, 21142
self initiated locomotion vs passive transportation to search locations, search activity, 10.3–11.2 mo olds, 8698
sequential-mechanisms models, assessment of 2-point threshold performance & role of physiological mechanisms in spatial & intensity visual discrimination tasks, 21083
size & distance & visual angle perception creation of paradox through standard descriptions of visual spatial experiences, 19071
spatial aspects of memory in face drawing, chronic skid-row males with alcoholism, 17478
spatial compatibility effects in assignment of symbolic stimuli to discrete finger responses, college students, 13527
spatial interference in periphery, vernier acuity scaled to estimates of cortical magnification factor, experienced Os, 13570
spatial interference, vernier acuity, 27–43 yr olds with unilateral amblyopia associated with strabismus &/vs anisometropia, 14860
spatial pattern sequentially outlined in sound system with vs without visual cues, measurement of audiospatial processing, 18–44 yr olds, 19090
spatial perception, differences in block play constructions, male vs female 11–12.5 vs 13.5–14.7 vs 18.2–19.8 yr olds, replication of study by E. Erikson, 8708
spatial thinking performance on perceptual matching & silhouette photographs matching test, right handed left- vs right-hemisphere damaged patients, 6786
subjective balance of pictures, college students, 21101
systemic training in spatial concepts, children with low vision, 13079
tactual exploration of tangible pathway & spatial & movement-based techniques for encoding pattern information, blindfolded college students & blind 18–65 yr olds, 4159
training program, formation of transformation rule system of coordinates in spatial representation task, 1st graders, 15668
use of convergence principle in pointing task, blind 5–14 yr olds & adults, 24927
Spearman Rho [See Rank Difference Correlation]
Special Education
adaptation & implementation of nondirect instruction pattern, gifted students, 13060
additional practice & instruction, word comprehension in analogies, learning disabled 7th–8th graders, 7701
admission policy of Royal Schools for Deaf at Manchester, England, 23045
advantages & disadvantages of use of aversive procedures in special education programs, behavior disordered students, conference presentation, 2533

Special Education Students

ability to learn to use word processor, 9.5–12.2 yr old learning disabled students, implications for evaluation of instructional software, 20777
access to computer, positive reinforcement to increase appropriate social behavior, learning disabled & mentally retarded high school students, 13108
active involvement books & games, reading education, learning disabled students, 23077
adaptive behavior & social adjustment & academic achievement, educable mentally retarded vs learning disabled vs behavior disordered vs regular class 7–9 yr olds, 13103
adolescent & teacher intervention group, school suicidal behavior, special education high school students & teachers, 23138
age & intellectual level & self concept, affective learning styles, 6–11 yr olds classified as mildly mentally retarded & enrolled in special education classes vs high IQ enrolled in university laboratory schools, 28546
attitudes toward mainstreaming & placement, special education administrators & teachers & regular teachers & principals from school districts with high vs low use of mainstreaming, 20775
aural & reading & responding & oral & writing techniques in self-voice method, mathematics education, 14.3–18 yr old dyslexic male students, 23078
behavioral remediation program, oral reading errors & comprehension, moderately mentally retarded 11–17 yr olds, 31299
career & group counseling & assessment strategies, adjustment & career needs, learning disabled students, 23117
career aspirations & confidence & work & job knowledge, 2nd vs 8th grade prelingually deaf residential school students, 7695
causal relationships & story information & macrocloze exercises & story trees & inferential questions, comprehension, 10.1–12.7 yr old learning handicapped readers, 28580
characteristics & career opportunities, special education students, West Germany, 7700
children's enrollment in Portage home advisory service, educational placement & development, parents of developmentally delayed 3.8–9.8 yr olds, 28547
class size, attention & communication & disruptive behavior, educable mildly retarded children, 23060
classroom activities & teacher interaction, male vs female 2nd yr junior students with vs without special educational needs, 28531
classroom behavior & structured teacher-student interaction & language development, mildly retarded special education students & their teachers, 13062

classroom management using peer- & self-monitoring, disruption & nonparticipation during transition activities, 5–7 yr old special education students, 20772
client characteristics, special education assessment & placement services, socially & emotionally disturbed students, 25869
cognitive behavior modification vs direct instruction vs holistic approaches in special education, learning disabled students, 25876
cognitive processes & differences in sequential vs simultaneous processing scores assessed by Kaufman Assessment Battery for Children vs WISC-R, autistic 6–12 yr olds, implications for school performance, 31326
computer-administration of dictation spelling tests, spelling achievement, 2nd graders vs learning disabled 10.3–13 yr olds in special classrooms, 18578
computer assisted instruction, basic academic skills in reading & math, educable mentally retarded & learning disabled & emotionally impaired & culturally different elementary aged children, 15871
computer software, students with reading & other learning disabilities, 18616
conscious vs unconscious self concepts, emotionally disturbed vs educably mentally retarded vs speech-language impaired 10–13 yr olds, educational implications, 10481
counselor role & school counseling techniques, learning disabled students, 23144
cross-age tutoring program, school performance, emotionally disturbed 14.5–16.5 yr old tutors & educable mentally retarded 9.3–12.1 yr old tutees, replication of C. A. Maher's program, 18596
curriculum & classroom management techniques, teachers of mainstreamed learning disabled students, 23061
day school programs, reintegration into regular school system vs residential placement & psychoeducational outcomes, children aged 5 yrs through adolescence with behavioral or emotional disturbances, 23048
deafness-related training programs, deaf graduate students, 7696
demographic & handicapping & achievement factors, academic integration, hearing impaired students 8 yrs & older, 2485
density of instructional commands & reinforcement of discrete compliant responses, noncompliant behavior, emotionally disturbed 6 yr old male with brain damage, 15863
development of assessment measures of children's analogical thinking modifiability, 4–6.5 yr old disadvantaged & regular & special education kindergartners & mentally retarded 10–16 yr olds, 13471
development of oral narrative skills in classroom setting, learning disabled children, 18583
developmental & basic skills & eliminative & environmental adaptation & "Markaling" approaches to curriculum development, severely retarded adolescents, 23084
diagnostic & therapeutic & instructional issues in mainstreaming, children with behavior problems, West Germany, 2534
dialogue journals & teacher-student interaction, language & think skills acquisition, hearing impaired students, 28575
DRO, stereotyped behavior & task performance, autistic 14–21 yr old students, 25865
effect of attribution retraining on arithmetic helplessness, effect of success-failure schedules on Ss' attributions & persistence, 9–15 yr old male special education students, 10482
emotional & social concerns at school & home & with peers, gifted 7–18 yr olds, 31280
extracurricular activities, language development, mentally retarded students, 10464
factor analysis of items in teacher ratings on Children's Behavior Rating Scale, identification of cognitive deficits, 5–15 yr olds in regular & special education classrooms, 23127
family & psychological & demographic variables, reading & math achievement, deaf 8–15 yr olds in residential state school, 15852
goal ambitiousness & mastery & achievement, special education students with learning disabilities & educable mental retardation & emotional handicaps, 4938
grade level, language reception & sense of inadequacy in speech act & understanding of effect of stress on deep structure, male vs female gifted vs remedial kindergartners through 6th graders, 28558
grading, mainstreamed handicapped secondary school students, literature review, 2495
graphical & animated microcomputer instruction, reading & writing & communication skills, deaf 3.2–8.5 yr olds, 23090
haptic manipulation & verbal rehearsal & visual imagery in geometric study organizer, recall of textbook information, learning disabled & other mildly handicapped secondary students, 13065
higher level thinking skills program taught by specialists vs volunteer teachers, cognitive skills, gifted 1st–6th graders, 2507
Identi-Form system of identification & prescriptive programming, educational diagnosis, gifted students, 2549
identification of subgroups assessed by WISC-R, learning disabled students with mean age of 125.3 mo, 31376
importance of self care & independence training in special education curriculum, physically handicapped students, 2525
individualized instruction & ability grouping, auxiliary educational program planning, exceptional special education students, USSR, 7724
individualized program for general reading readiness skills, braille reading, mainstreamed visually impaired students, Israel, 25881
instructional modeling, mental imagery learning skills, mildly to moderately mentally retarded vs learning disabled 4–16 yr olds, 15827
inventiveness games & branched fiction & pantomime & creative dramatics, remedial reading students, 13096
live evaluation vs stage puppets vs 2-way interactive TV hand puppets, evaluation of intellectual & psychomotor & emotional characteristics, mentally retarded vs learning disabled vs emotionally disturbed special education 1st & 2nd graders, 13143
logic problems in reading & reasoning & fact review & concept formation instruction, learning disabled students, 23086
LOGO computer program, education & teaching, 2nd yr college students & hyperactive children, 15847
mainstreaming & cooperative learning strategies, friendship & achievement & motivation & attitude, normal & handicapped students, 20774
measurement of rate & accuracy of academic gain, evaluation of instructional objectives in least restrictive classroom environment, mainstreamed learning disabled & behavior disordered & mentally retarded students, 15830
mental retardation or learning or other concomitant disabilities & educational needs, visually impaired Rocky Mountain/Great Plains residents from birth to 21 yrs old, 25863
microcomputers, development of writing & Braille-Edit word processing skills, visually handicapped students, 25868
minimum competency testing, deaf students, 2581
modeling with vs without participation, self efficacy & mathematics achievement, learning disabled 6.3–8.6 yr old students, 13098
needs in career education & guidance & counseling, schoolchildren with severe physical disabilities, 2559
neurological impress method & presenting technique, reading achievement, reading disabled students, 23068
nominal group technique, assessment of career education objectives & methods, deaf students, 7694
nonnatural family settings, regular vs special education classroom placements, learning disabled & mentally retarded & emotionally disturbed vs regular education students, 23049
objective & systematic observation by speech therapist & teacher & pediatrician, educational diagnosis, developmentally delayed students, USSR, 7737
observational analysis of on-task performance & student involvement, profoundly or severely mentally retarded students in special classes, implications for establishing norms for evaluating severely handicapped students, 18585
organic curriculum approach, remedial reading, male 6th grader & 20 yr old female with severe language comprehension problems, 23095
organizational skills instruction, students in resource classes, 23065
paradoxical strategies, coping with hyperactivity in classroom, teacher of 8 yr old hyperactive learning disabled student, 2526
parental help in home, reading performance, 8–15 yr olds in special education school for children with moderate learning difficulties, 18603
participation in individualized education program development, parents of handicapped students, 13094

participation of parents in relational language instruction & therapy, special education students, 28527
peer social initiations, positive interactions, exceptional children, 20787
Pez Candy Dispenser, delivery & fading out edible reinforcers, moderately retarded special education students, 10496
Piagetian analysis of information processing using LOGO language on microcomputer, learning disabled children, implications for microcomputer use with learning disabled students, 13063
prevalence of behavior problems, male vs female 6–11 vs 12–18 yr old learning disabled students, 18579
problems of social stigmatization, children in special education, 2504
psychiatric diagnosis & intellectual functioning & academic achievement, emotionally disturbed inpatients vs special education students with mean ages of 115 vs 97.9 mo at time of admission, 22023
Public Law 94-142 & implementation of individual education plan, students with cancer, 23056
reading & mathematics achievement tests, prediction of teacher ratings of student grade level & selection of appropriate tests, behaviorally disturbed children & adolescents attending special school, 28584
regression vs linear equating short form models of WISC-R, psychiatric vs special education 6–16 yr olds, 18993
reliability & validity of Behavior Objective Checklist, determination of individualized education objectives, preschool to 6th grade psychiatric patients in residential educational program, 2576
remedial program in spelling & grammar, 8–9 yr old developmentally delayed students, implications for teaching methods, USSR, 7731
revision of Eysenck-Withers Personality Inventory, measurement of extraversion & neuroticism, educable mentally retarded students with mean age of 14.9 yrs, Canada, 18628
room arrangement & teacher mobility in classroom management, class behavior, teachers of learning disabled students, 23058
score on WAIS-R 3 yrs after evaluation on WISC-R, adolescents referred for special education, implications for classification & placement of educable mentally retarded, conference presentation, 20826
screening of Diagnostic Analysis of Reading Errors, differentiation among special populations, learning disabled vs emotionally disturbed vs gifted vs regular education 13–16 yr olds, 31382
self control of actions & self regulation, simple verbal learning, students & mentally retarded Ss, implications for improvement of scholastic instruction, 31292
self esteem, perceptions of cultural differences between home & school environments, Native American behaviorally disordered or emotionally disturbed 11.7–14.8 yr olds in special education classes on reservation, 13111
self governing student committee's role in special boarding school, mentally retarded students, USSR, 7687
self instruction training, mathematics & reading & language arts homework completion rates, 8.9–9.9 yr old special education students, 23059
self instruction with self talk & generalization training, academic achievement & cognitive ability, learning disabled & emotionally disturbed & behavior disordered students, 23094
self recording, on-task behavior, behavior disordered 10.2–12.3 yr old special education students, 2528
self recording procedure, attending to task & academic productivity, 15 & 17 yr old male students with moderate mental retardation & schizophrenia, 10491
self vs teacher management of token reinforcement, time on task & out-of-seat behavior, 8–12.3 yr olds in special classrooms at health camp, 23080
software programs, creative writing & thinking about stories, learning disabled children, 18589
special preparatory science education, developmentally delayed children, USSR, 7732
specification in state implementation plans of psychologists as multidisciplinary team members, evaluation of students' handicapping conditions, surveyed directors of special education, 15602
strategies &/vs abilities training, factual recall & sequencing & inference in prose comprehension, educable mentally retarded children & adolescents, 23082
structured experience vs traditional remedial teaching methods, problem solving strategies, mentally retarded students, conference presentation, 20769
student-centered strategies, promotion of transfer learning, special education students from resource room, 20761
student race & severity of hearing loss, estimates of appropriate testing placement, hearing impaired students, 4971
successive processing & sequential memory of English language, deaf students, implications for development of speech & reading, 20768
summer program, retention of previously learned skills, multiply handicapped students on vacation from residential schools for blind, 25880
systematic prompting system, increase of independent written language production, 14–15 yr old behaviorally disordered students, 13110
task specific learning strategies, coping with curriculum demand, adolescents with learning disabilities, 20675
teacher & student turn relations & remedial strategies, forms & patterns of verbal overlaps in classroom discourse, 8.4–12.3 yr old special education students with communicative disorders, 18610
teaching strategies to promote self esteem, learning disabled students, 13109
teaching techniques using musical instruments, creativity & self expression & socialization & musical competence, mildly to moderately mentally retarded children & adolescents, conference presentation, 20791
Touch Math program as supplement or remedial education, teaching addition & subtraction & multiplication & division skills, grades kindergarten through 4 & grades 2–12, 23054
treatment methods for reading disorders & dyslexia, children in special education classes, 31295
use of V. Spolin's theater games, creativity & personal worth, 6–9 yr olds with psycho-emotional or physical problems or learning disorders, 25858
validity of Adjustment Scale of Personality Inventory for Children as screening measure, identification of behavior disorders, normal vs behavior disordered vs learning disabled 1st–6th graders, 28608
visually vs auditorily oriented residential vs day schools, vocal & verbal RTs in tasks of increasing phonetic complexity, 7–14 yr old hearing impaired students, 13072
vocational & career oriented secondary school programs, emotionally disturbed students, 28549

Special Education Teachers

adolescent & teacher intervention group, school suicidal behavior, special education high school students & teachers, 23138
attitudes toward mainstreaming & perceptions of handicapped exceptional children, regular vs special educators from categorical vs noncategorical labeling states, implications for improvement of special education services, 10483
attitudes toward mainstreaming & placement, special education administrators & teachers & regular teachers & principals from school districts with high vs low use of mainstreaming, 20775
awareness of & experiences with & attitudes toward nonverbal communication aids, special educators, 25872
classroom behavior & structured teacher-student interaction & language development, mildly retarded special education students & their teachers, 13062
consultation, participation in annual review multidisciplinary team meetings, special education teachers, 12904
definition & prevalence & school program availability & teacher training & program standards, multihandicapped hearing impaired students, literature review, 10286
description of & attitudes toward normalization concept, health care service providers for mentally retarded & special education teachers, Australia, 12790
development & validity & reliability of Teacher Stress Inventory, teachers of exceptional students, 15897

developmental vs difference position on mental retardation, judgments about failure in children labeled mentally retarded, regular vs special education college & graduate students & classroom teachers, 10511
dynamics & sources & prevention of burnout, special education personnel, 28379
efficacy of EDY training course in behavioral techniques, 29–50 yr old special school teachers working with severely mentally retarded, 22908
ethnographic design for examination of behavior patterns, teachers of gifted students in independent study, 28406
factor analysis of job satisfaction variables, 20–63 yr old teachers of mentally retarded & learning disabled & emotionally disturbed & severely handicapped students, 25720
factors in & degree of occupational stress, teachers of learning disabled vs nonlearning disabled handicapped students, 18430
higher level thinking skills program taught by specialists vs volunteer teachers, cognitive skills, gifted 1st–6th graders, 2507
home visits, identification of child's learning needs & ways for parents to participate, preschool & primary & special education teachers, 22975
importance of special education & need for special education teachers, Denmark, 4942
individual behavior management system, involvement of parents in meeting needs of their children with behavior problems, special education teachers, 23089
initiation of educational programs for handicapped & regular students, special education teachers, 18612
interrater reliability of Teacher Rating Scale of Behavior Rating Profile, learning disabled 3rd–5th graders & regular vs resource room teachers, 31353
job-related stress, need for & use of over-the-counter & prescription drugs & alcohol, special vs regular education teachers, 12903
knowledge & use of empirically supported vs nonsupported spelling instruction methods, special education teachers of learning disabled & educable handicapped students, 4966
knowledge of & exposure to prevalence & etiology & testing & prevention & treatment & characteristics of hearing loss, classroom & special education teachers, 18439
master of arts program, competence in academic instruction & orientation & mobility & instruction of severely/profoundly handicapped blind children, teachers, followup study, 25733
methods for control & prevention of aggressive behavior, special education teachers, 15860
microcomputer simulation, teacher training, special education teachers, 10293
minimum certification requirements for teachers of hearing impaired, survey of state departments of education, 2311
need for discussions about music education & special needs of learning disabled students, special education & music teachers, 18606
need for special education & well-trained special education teachers, Denmark, 4927
paradoxical strategies, coping with hyperactivity in classroom, teacher of 8 yr old hyperactive learning disabled student, 2526
peer & administrative support & stress, full time special education teachers, 15601
perceived job-related stress, life stress & social adjustment & health, special education teachers, 2299
perceived role conflict & role ambiguity & burnout, special education teachers, 22885
perceptions of children's behavior problems, clinical psychologists vs school counselors vs teachers with special education training vs regular education teachers, 12917
perceptions of gifted reevaluation practices, special education teachers & supervisors, 28391
perceptions of parental participation in individual education plan process, special education teachers, 20773
perceptions of special education episodes, regular classroom vs resource vs special day class teachers, 23085
perceptions of student characteristics & criteria & perceptions of relative power to impose diagnostic labels, special education teachers & school officials & parents of learning disabled students, 20786
perspectives brought to mainstreaming process, deaf children & parents of handicapped vs nonhandicapped & special vs general education teachers & administrators, implications for preparation of teacher training programs, 23073
professional preparation & teaching methods & classroom management & interaction with parents & other factors, teachers of trainable vs profoundly mentally retarded students, 15878
ratings of acceptability of various treatments for learning disabled vs mentally retarded vs behavior disordered students, regular vs special education teachers & college students, 18429
ratings of student behavior problems in disruptive vs nondisruptive classrooms, regular vs special education teachers, 28402
role in special education, learning disabilities resource room teachers, 4816
role of special education teacher, development of self understanding & self awareness & self esteem, learning disabled students, 13119
roles & responsibilities in meeting needs of hearing impaired children, medical officers & teachers & educational psychologists working together in teams, 23096
single vs multiple certification, teachers of hearing impaired students, 2333
societal & institutional factors & personal experience & personality, attitudes toward integrating mentally handicapped, primary & secondary & special education teachers & school principals, England vs US, 13117
teacher & student turn relations & remedial strategies, forms & patterns of verbal overlaps in classroom discourse, 8.4–12.3 yr old special education students with communicative disorders, 18610
test variability & instructional variables, explanation of reading level of learning disabled child to parents, regular & special education teachers & reading specialists, 13116
tolerance levels for behavior problems commonly found in regular classrooms, regular elementary school vs special education teachers, 12925
training & special education curriculum, teachers, comments on articles in previous issue, 7692
training & supervision program, increase & validation of functional classroom tasks, teachers of severely & profoundly handicapped adolescents & adults, 15858
training in effective use of microcomputer instruction & related classroom considerations, special education teachers, 15618
Specialization (Academic) [See Academic Specialization]
Species Differences
acoustic & visual cues during foraging dance, 4 species of honey bees, 5640
acoustic communication & mating behavior, 2 species of Muelleria-nella, 23702
aggressive behavior & distribution of nest sites & territoriality, 3 species of sticklebacks breeding sympatrically in tide pools, 21252
behavioral differences during autoshaping, crows vs pigeons, 29208
breed & group size & density, spatial cohesion & dispersion patterns, grazing sheep, 16362
carotenoid content & transmission of light & distribution patterns & functions of cone oil droplets, 19 species of birds, conference presentation, 506
change in site of reinforcement, keypeck response, tit vs blackbird vs songthrush vs sparrow species, 23685
cholecystokinin, feeding behavior, animals & humans, conference presentation, 19476
clutch size & time of laying & starvation vs predation, fledging success, herons vs egrets, 450
CNS stimulating & depressant & neuroleptic & tranquilizing drugs & cholinergic & cholinergic blocking drugs, conditioned avoidance responses, gerbils vs mice vs rats, 29446
coexistence of 2 species, reproductive success, 9-spined & 3-spined sticklebacks, conference presentation, 19260
cognitive capacity & cerebral lateralization & structural basis of amnesia & disorders of reaching due to parietal lesions, human vs nonhuman primates, literature review, 5649
colored &/vs flavored food & lithium chloride injection to induce sickness, acquisition of color & taste aversions, ducks vs geese vs pigeons vs quail vs chickens, 11070
conditions eliciting & costs & benefits of alarm calls, woodpeckers in mixed-species flocks, 464

conspecific vs heterospecific young, parental care, paired zebra & Bengalese finches, 5639
construction of silk nests, 2 species of ants, 23729
contrast thresholds for detection of sinusoidal gratings appearing within 1-dimensional random noise, adult female cats vs humans, 29262
courtship & assortative mating, 2 captive cowbird subspecies, 408
cranial & physical characteristics & distribution & natural history & reproductive anatomy & social behavior, two species of stumptail macaques, China, 349
depth perception, Mongolian gerbils vs spiny mice, 16342
development of agonistic & feeding behavior, largemouth vs rock bass vs pumpkinseed vs bluegill sunfish, 8309
development of social relations & maternal behavior, rhesus vs long-tailed vs Tonkean macaque monkey infants, 19292
discrimination of letters & random dot patterns, pigeons vs humans, 5534
diving abilities, common murres vs Atlantic puffins vs black guillemots vs razorbills, 5626
early cognitive development using Piagetian framework, infant macaques vs humans, 11081
exploratory behavior, species of murid rodents, 5583
extract containing chemical cues from damaged conspecifics, alarm reaction, western toad vs Cascades frog tadpoles, 419
eye position during fixation on luminous targets, macaques vs 19–33 yr old human males, 3173
genetics vs environment & heterosis & within breed selection, fearfulness in potential guide dogs, Labradors vs German shepherds vs boxers vs sheepdogs, 3133
interspecies generality & experimental analysis of behavior, humans vs animals, comments on A. Baron & M. Perone's paper, 2807
interspecific & interracial conflict, foraging & feeding behavior, dark-eyed & grey-headed juncos, 8350
interspecific interactions, fish density & species abundance ratios & male reproductive success, 2 species of sticklebacks, conference presentation, 19252
learning & singing song of white-crowned sparrow, wild male savannah sparrow, 401
maternal activity & broodcare, 2 species of lactating guinea pigs, 11111
mutual grooming & exploration between males & females, Lemur fulvus vs L. macaco, 23725
neurophysiology of geniculate ganglion taste systems, cats vs dogs vs goats vs rats, 494
object manipulation patterns, 6 families of nonhuman primate, 23753
observational learning capacity, juvenile vs adult thrushes vs tits vs blackbirds, 23684
ontogeny of feeding, black crappie vs smallmouth bass, 26419
patterns & intensity & symmetry in aggressive behavior & response to aggression, 3 species of macaques, 21275
polyspecific associations & daily activities & vertical separation & foraging behavior & traveling modes, saddle-backed vs red-chested moustached tamarins, 19303
prey-emitted acoustic cues, resource partitioning, 2 species of carnivorous bats, 26468
rearing in isolation from adult conspecific song, innate song differences, male swamp vs song sparrows, 434
responses to infant isolation peeps from 3 populations, adult Bolivian vs Peruvian vs Guyanese squirrel monkeys, 26461
seasonal changes & food availability, habitat distribution & density, 26 species of transient insectivorous birds, 421
sex & species & chlorpromazine, hepatic alcohol dehydrogenase, inhibited mouse & rat, implications for psychotropic drug therapy during alcohol intoxication, 8584
short term adjustments of song patterns, avoidance of overlap & acoustic interference during song of other species, 4 species of forest birds, 23741
short term memory performance using delayed conditioned discrimination procedure, homing pigeons vs jackdaws, 29221
species differences, loud calls, free-ranging male lion-tailed macaques vs Nilgiri langurs, 3109
species differences, odor-based double alternation patterning, wood vs male albino rats, foraging implications, 23774
time spent in shade & physiological factors of thermoregulation, Brahman vs Shorthorn vs Brahman/Hereford-Shorthorn cross steers, 479
vibration signals, 2 species of fiddler crabs, implications for evolution of species-specific acoustic display, 470

Species Recognition
acoustically-mediated individual recognition, male bicolor damselfish, 8356
color pattern &/vs chemical cues, recognition of & response to male vs female conspecifics, territorial male wasps, 449
devocalization during embryonic development, development of preference & recognition of species maternal call, Peking ducks, 358
distance recognition of partner, ewes & lambs permanently housed indoors vs outdoors, 448
extract containing chemical cues from damaged conspecifics, alarm reaction, western toad vs Cascades frog tadpoles, 419
genetic diversity of major histocompatibility complex, immunologic & chemosensory discrimination & species-specific structural & biochemical variation, mice, 16391
individual recognition via vocal short calls, pikas, 5590
isolation from natal nest at emergence, ability to recognize nestmates, bald-faced hornet potential queens, 19281
mirror-image reactions, tool-using male adult monkeys, 385
modification & playback of full song messages, song & species recognition & meetings, territorial male blackbirds, 23701
perception of mirror image, macaque monkeys, 29243
playback of conspecific vs heterospecific song vs dialects, song discrimination & species recognition, 6 species of male Darwin's ground finches, 454
recognition of conspecific odor, mantis shrimp, 393
recognition of maternal & paternal calls, bank swallow chicks, 458
recognition of nestmates, male social wasps, 457
responses to infant isolation peeps from 3 populations, adult Bolivian vs Peruvian vs Guyanese squirrel monkeys, 26461
species discrimination & concept formation, rhesus monkeys, 29250
water conditioned by familiar & unfamiliar siblings, water preference & chemosensory recognition of siblings, juvenile coho salmon, 452
2–5 mo without queens, recognition of queens upon reencountering them & changes ensuring society's survival, 1–2 yr old worker ants, 16363

Spectral Sensitivity [See Color Perception]
Speech [See Oral Communication]

Speech and Hearing Measures
acoustical measurements vs clinical ratings, severity of vocal pathology, 6.1–11.5 yr olds with vocal nodules, 9481
audiological vs 2-interval forced-choice procedures, measurement of pure tone audibility thresholds & response bias, normal hearing vs hearing impaired 17–83 yr old listeners, 20201
Auditec NU-6 word lists, performance intensity functions, 13–77 yr olds with cochlear disorders vs retrocochlear lesions, 8092
development of auditory pursuit tracking as screening test, measurement of occupational hearing loss, male 16–21 yr olds with congenital blindness vs college students vs 37–54 yr old workers with noise-induced hearing loss, 21001
development of clinical method, measurement of pneumotachographic phonatory airflow, pathological speakers, 8060
evaluation of Carrow Elicited Language Inventory vs LARSP as imitative vs spontaneous language assessment, 5 yr old male, 8076
interlist equivalencies for numeral & vowel/consonant multiple choice monosyllabic test, severely & profoundly deaf young adults, 13473
microcomputer software, assessment of language & phonetic & phonological performance, 8027
microprocessor-controlled speech pattern tests using synthetic speech, assessment of development of ability to process speech contrast of increasing complexity, 7–14 yr olds with hearing impairment Ss brain stem disorders, 24912
oral stereognostic ability & lip & tongue diadokokinetic skills, 8 yr olds to young adults, implications for diagnosis of speech disorders, 12153
perceptual-acoustical comparison of measures of speech waveform perturbations, 22–75 yr old voice patients before & after voice therapy/surgery, 20095

phonological analysis procedures, 4 & 6 & 7 yr olds in speech-language clinic for phonological remediation, 7303
predictive & congruent validity of sentence completion test of grammatical forms, use of standard vs nonstandard English during spontaneous conversation, 15.7–23.4 yr old Black males, 16163
principal-component analysis vs curve fitting, analysis of large numbers of audiograms, family with hereditary progressive hearing loss, 1661
psychometric characteristics & validity of language & articulation tests, reply to criticism by J. R. Muma, 2905
psychometric principles & test validity, clinical utility of norm-referenced language & articulation tests, comments on article by R. McCauley & L. Swisher, 2907
receptive vocabulary level & pure tone thresholds, performance on adaptive speech task using monosyllabic words, 3–7 yr olds with normal hearing vs conductive hearing loss, 27613
speech dominance & visual half field task performance, 13–56 yr old epileptic patients, 20247
threshold sensitivity & frequency specificity in auditory brain stem response audiometry, assessment of peripheral auditory impairment, difficult-to-test young children, 1543
tympanometry & otoscopy, screening programs for middle ear diseases, 7–9.5 yr olds, 1507

Speech Anxiety
apprehension in interpersonal communication, 5–11 yr olds, Sweden vs US, 19696
assertive vs cooperative conflict style preference & communication preference, Ss drawn from private industries & government agencies & universities, 11843
instructional desensitization vs placebo vs waiting list psychotherapy groups, reported confidence & affect & anxiousness & behavioral manifestations of public speaking anxiety, college students, 4430
mood state inventory scales, measurement of tension & depression & fatigue & confusion & vigor, college students with high vs low communication apprehension, 18930
previous experience in simulated public speaking situation, psychophysiological stress responses & coping strategies during public speaking, female college students, 8442
self ratings vs rating by experts with thoughts presented randomly vs in context, prediction of speech anxiety & performance, college students in rhetoric class, 13371

Speech Characteristics [See Also Articulation (Speech), Pronunciation, Speech Pauses, Speech Pitch, Speech Rate, Speech Rhythm]
absolute vs relative differences in short vs long speech segments, 7.8–8.4 vs 28–40 yr old speakers of American English, implications for development of children's speech motor control, 3454
accent & social class, attribution of success & failure & status & solidarity evaluations, college students, 6367
acoustic & perceptual & physiologic measurements, high- vs low-intelligibility productions of /t/ & /d/, 48–63 yr old male esophageal speakers, 9476
acoustic analysis of vocal fundamental frequency variability & duration, 11–25 mo olds grouped according to physical development, 3455
acoustic properties, production of intonation & contrastive stress patterns, 52–68 yr old esophageal vs tracheoesophageal laryngectomized patients, 6765
acoustical & perceptual bases for phonetic distinctions in language, 21140
airflow & volume & durational characteristics of speech, profoundly hearing impaired 17–19 yr olds, 6797
amplified sidetone &/vs loud noise stimulation, vocal intensity & stuttering frequency, 19–44 yr old stutterers, 12151
analysis of prosody in spontaneous speech, patients with global aphasia limited to CV production, conference presentation, 27527
analysis of word duration & pitch perturbation & within-word phonetic segments, female between 46–149 wks old, relevance to theories of phonetic development & language change, 8760
auditory comprehension of neutral vs melodically intoned vs affectively toned sentences, 52–74 yr old aphasic patients, 6897
babbling monologs produced following acquisition of 1st word, consonant parameters of place & manner of articulation in word vs babbling development, 1 yr old male, 8722
body movements, communication of emphasis in speech, opposite-sex conversation dyads of strangers vs friends, 27155
categorical discrimination & tactile vs auditory perception of synthetic syllables presented along voice onset time continuum, 22–43 yr olds, implications for tactile aids to lipreading, 10941
characteristics of German speech intonation, 11356
consonant acoustic vs phonetic features as more appropriate description of perceptual confusions among speech stimuli in multitalker babble background, college students, 23586
cultural conventions for interaction, linguistic features of Quiche Mayan speech directed to children, adults & 1.8–2.8 yr olds, Guatemala, 19629
direct vs indirect speech acts, face management & speaker status & social information, college students, 29951
discrimination of speech patterns, speech vs non-speech disordered schizophrenic vs normal controls, 24610
dynamic frequency warping, adaptation of speaker differences in automatic speech recognition of arbitrary speakers, 16279
electroglottographic & acoustic waveforms of onset of voicing in stuttered vs fluent utterances, 21–48 yr old stutterers, 4080
empty speech characteristics during picture description task, 48–82 yr olds with Alzheimer's dementia vs Wernicke's vs anomic aphasia, 4178
facial appearance & speech style & handwriting, personality attributions, college students, 21951
feedback filtering at varying cut-off frequencies, nasalization & self perception of nasality, female graduate students, 10940
feedback of listener-judged naturalness rating of spontaneous speech, naturalness ratings & stuttering frequency, 16–55 yr old male stutterers, 12611
fluent vs normally disfluent vs stuttered speech, accessory nonverbal behaviors, 10–40 yr old stutterers, 9483
free vs story vs routine vs interview & scripted conditions, speech productivity & intelligibility & representativeness & reactivity, children with speech delays, 9490
function & structure of maternal speech, development of syntax, 2 yr olds & their mothers, 19607
history of research in relationship between psychological states & speech characteristics, 19903
imitative vs contingent vs noncontingent strategies, topical relationships among utterances adjacent to maternal utterance, productively language disordered 3.6 & 3.7 & 4.2 yr olds, 17541
individual differences & temporal variation in frequency spectrum of Japanese vowels, male speakers, conference presentation, 728
instructions & practice, vocal intensities while reading with Edinburgh Masker, 15–35 yr old stutterers, implications for clinical effectiveness of Masker, 12152
intense short term delayed auditory feedback program, consonant-vowel duration & vocal frequency, 7–14 yr old male stutterers, 12612
interrater reliability of intelligibility ratings of oral reading & continuous discourse speech from esophageal & tracheoesophageal speakers, raters experienced vs inexperienced with alaryngeal speech, 27525
intonational emphasis & sentence position, judgments of textual coherence, college students, 14091
isochronous speech rhythm in English vs French, perceptual illusion of regularly occurring stress in language, French vs English speakers, 16283
language production & memorizing tasks, cerebral blood flow in cortical & subcortical regions, 26–44 yr olds, 553
laryngeal & tongue movements during vowel & consonant production, control of individual speech gestures, adult Ss, 11360
lexical cohesion & formal thought disorder during vs after psychotic episodes, schizophrenic vs schizoaffective vs manic patients, 24701
linguistic characteristics of impaired train of thought or irrelevant speech, 57 yr old male with aneurysm who experienced fronto-temporal craniotomy, case report, 27538
linguistic interpretation of forms of psychopathology, 6502
listener ratings during stuttering therapy program, speech naturalness, 10–14 yr old stutterers, 4545
lofepramine & imipramine vs clonidine & guanfacine, fundamental frequency & spectral energy in speech samples, male students & 20–40 yr olds, 8547

manual/oral motor reaction times & speech disfluencies as result of delayed auditory feedback, normally speaking female college students, 23587
meaning in schizophrenic speech, 14576
methods for teaching French intonation & role of psycholinguistic vs cognitive factors, native speakers of English, 18491
patterns of motor control of upper vs lower lips, speech, 18–24 yr old males, implications for dysarthria, 27489
patterns of paralexic speech errors during oral reading, patients with Wernicke's vs Broca's aphasia vs unilateral right hemisphere lesions, 20221
perception of fry register vocalizations, Black vs White 17–23 yr old females with standard southern English vs Black dialect, 19091
perceptual-acoustical comparison of measures of speech waveform perturbations, 22–75 yr old voice patients before & after voice therapy/surgery, 20095
phonation vs direction of movement vs ongoing speech production, lip muscle reflex responses during mechanical stimulation, 18–38 yr olds, 21415
phonetic-acoustic & communication development research into functions & characteristics of infant cries, literature review, 3424
planning & structuring monological speech, developmentally delayed vs mentally retarded 5–7 yr olds, 9463
positive & negative thought disorders & reference failures, speech performance, manic vs schizophrenic inpatients, 27306
prejudice levels & accented speech of test taker, scoring of ambiguous WISC-R responses, 17–56 yr old test scorers & White vs Hispanic children, 23130
production of esophageal voice during insufflation testing, nonlaryngectomized young adults, implications for speech disorders, comments on article by S. D. McGarvey & B. Weinberg, 9478
production of esophageal voice during insufflation testing, nonlaryngectomized young adults, reply to comments by P. C. Doyle, 9494
prosodic vs syntactic vs semantic characteristics, topic management in face-to-face vs non-face-to-face conversation, listeners, 3352
psychoacoustics & temporal patterns, speech & nonspeech, 21131
pure-tone loudness discomfort levels, prediction of speech loudness discomfort levels, 60–90 yr olds with sensorineural hearing loss, 30356
recognition of familiar voices presented forward vs backward, males vs females 25 yrs old & younger vs 26–45 yrs old vs 46 yrs old & older, 5445
segmental & prosodic speech characteristics, speech intelligibility, severely to profoundly hearing impaired speakers, 4169
sex of child & parent & child's speech, parent's speech during interactive problem solving, 9 yr olds & their parents, 14318
social motivational factors, segmental phonological style-shifting, male English speaking broad-accented radio personality & entertainer, Wales, 29512
speech & thought disorders, schizophrenia, comments on proposal by E. Chaika, 3868
speech & thought, schizophrenia, reply to comments by I. Lanin-Kettering & M. Harrow, 3822
speech characteristics & causal-correlates variables & individual differences, diagnostic classification, 1.9–9.6 yr olds with speech delays & phonologic disorders of unknown origin, 30348
speech characteristics & cognitive & emotional characteristics, conduct & anxiety disordered 8.9–12.7 yr olds, 22168
speech characteristics during retelling of story to adult vs peers, 4–5 vs 5–6 vs 6–7 yr olds, implications for role of situational factors vs egocentrism, 6067
speech errors as way of understanding fundamental aspects of cognitive processing of language, college students, 29106
speech errors with independent levels of processing, top-down serial processing models of speech production, 14089
speech intelligibility & distinctive feature usage, deaf 8–15 yr olds, 14874
speech signals using different pitch estimation methods for time-domain harmonic-scaling/sub-band coding, choice of higher quality signal, listeners, 8021
speech style & gender stereotypes, perceptions & expectations of corporate success, male vs female managerial job applicants & college student Os, 20861
structural & functional features of productive language during semistructured activities with mother, full-term vs medical at risk or premature 2 yr olds, 17295
stuttering therapy, stuttering frequency & aerodynamic characteristics of fluent speech, young adult stutterers, 20436
supplemental fluency training during maintenance period, voice onset time, 18–40 yr old stutterers, 12613
suprasegmental variables identified by acoustic correlates of stress & pragmatic function of repair vs original utterance in conversation, preschool age children in age & ability groups, 6069
syllable stress & serial position, error variability in polysyllabic productions, 5.2–6.9 yr olds with speech delays, 9482
syntactic & prosodic cues to sentence boundaries, RT on identification of completed status of sentences, English- & Hebrew-dominant college students, Israel, 14085
syntactic complexity, disfluencies in sentence imitation & modeling tasks, 5 yr olds, 24125
talker differences, speechreading performance, hearing impaired 15–17 yr olds, 9573
techniques for understanding & factors affecting speech intelligibility, hearing impaired speakers, 24876
temporal features of speech produced under normal vs stress vs disguise speaking conditions, speaker identification, 25–45 yr olds, 3347
temporal measurement of speech using conventional spectrograms vs digital oscillograms, 26168
temporal parameters of acoustic waveform for word-initial /p/ & /b/, preschool & school age stutterers, 1504
temporal perception & production skills, classifications as normal vs language impaired, language impaired 5–8.5 yr olds, 1503
training or enhancement of vowel duration cue, improved final fricative voicing perception, hearing impaired college students, 28026
trait vs state anxiety & speaking styles, 19171
transcortical motor aphasia, development of foreign accent in speech, right handed 56 yr old female, case report, 27564
type of surgery & biographical & social factors, esophageal speech proficiency, patients with laryngectomies, 12623
validity & reliability of perceptual rating systems, assessment of voice quality, patients with vocal fold nodules or polyps, 28930
verbal & nonverbal expression of affect in speech, depressed vs positive symptom vs negative symptom schizophrenic patients, 11964
verbal self presentation, patients with somatization vs medical vs paranoid disorders vs depression, 6830
vocal overlap & turn-taking in speech, 3 yr olds with Down's syndrome, 9456
vocal tension & harshness, partially hearing impaired 19.3–24.2 yr olds, 6903
voice & speech cues, perception of deception, college students, 19536
voice analysis as indicator of activation component of bargaining process in industrial marketing, 26052
voice characteristics, paranoid schizophrenic inpatients, 9299
voice onset time & vowel duration in identification of object or action pictures, acquisition of voicing contrast for English stop consonants, Arabic speaking 2–5 vs 7–11 yr olds with 2–12 vs 18–54 mo of English experience, 19593
voice onset time identification of synthetic speech stimuli "ga" & "ka", aphasic 44–83 yr olds, Japan, 27586
vowel normalization based on machine classifications of speaker vs phoneme information in short vowels occurring in constant context, male vs female Finnish speaking 20–45 yr olds, 8185
vowel pairs with same phonetic qualities & different acoustic characteristics, paired comparison judgments, college students, test of accuracy of perceptual features obtained in multidimensional scaling studies, 16274
white noise & unknown speech as dichotic stimulation, evaluation of emotional tones of speech & hemispheric asymmetry in auditory function, male vs female college students, 23588
word selection & actualization, 15–65 yr olds with efferent-motor vs afferent-cognitive aphasia, 6843

Speech Development

absolute vs relative differences in short vs long speech segments, 7.8–8.4 vs 28–40 yr old speakers of American English, implications for development of children's speech motor control, 3454

acoustic analysis of vocal fundamental frequency variability & duration, 11–25 mo olds grouped according to physical development, 3455
age at onset of meaningful speech, phonetic inventory size & place & manner of articulation of consonantal phones, 15 vs 18 vs 21 vs 24 mo olds, 11453
age, consistency of products in articulation development, 2.4–5.4 yr olds, 19613
age, motor equivalence for speech, articulation disordered vs nonhandicapped 4 yr olds vs adults, 20103
analysis of word duration & pitch perturbation & within-word phonetic segments, female between 46–149 wks old, relevance to theories of phonetic development & language change, 8760
articulation & stress patterns, hearing 18–20 mo olds with deaf vs hearing mothers, 11446
audiological & speech/language & psychological characteristics, identical deaf male triplets followed from age 2.5–5.5 yrs, 4105
babbling monologs produced following acquisition of 1st word, consonant parameters of place & manner of articulation in word vs babbling development, 1 yr old male, 8722
behavior modification techniques, enhancement of speech in Estonian school, mentally retarded 1st- & 2nd-graders, USSR, 7717
categorization & normalization of natural vowels produced by male vs female child, 2.8–3.4 yr olds, 19615
combinatorial play & conceptual development & early multiword speech, 18–24 mo olds, 19641
comfortable effort level vs visually monitored vocal intensity task, peak oral air flow production for stops & fricatives in connected speech, 8–10 vs 22–34 yr olds, 11451
comprehension & production of explicit vs implicit directive forms, 3 vs 4 vs 5 yr olds, 8791
critical review of Cambridge Kindergarten Screening Test, evaluation of speech & language development, 7748
curriculum for development of reasoning & speaking abilities, mildly retarded students, USSR, 7729
development of syntactic structures in speech, 1–5.5 yr olds, Israel, 29595
development of visual speech training aid for vowel acquisition, hearing impaired, implications for differentiation of male vs female vs child utterances, 20435
egocentric speech or talking aloud to oneself, 4–7 yr olds, 11411
explicit phonetic analysis of speech & reading acquisition, literature review, 804
familiarity with component words, ability to produce productive vs associative vs groping 2-word positional patterns beyond lexically-based patterns, female 1.3 & 1.5 yr olds, 29583
family & community linguistic & cultural context, assessment of English language competence, Native American children, 2568
identification of language background of babbling of English- & Spanish-learning 7–10 vs 11–14 mo olds, monolingual English vs bilingual English-Spanish 18–35 yr olds, 5443
incidence of velar vs palatal fronting, 31–54 mo olds, 6072
manipulation of external environment & mother's response to child's behavior to obtain desired objects, shaping demand behavior, autistic child with poor functional speech skills, 27896
model of speech development, hearing impaired children, 24889
order of acquisition of intonation comprehension involving different groupings & nucleus placements & context-wide vs -limited tones, male vs female 10 yr olds vs college students, 8717
performance on tests to measure phonetic analysis of speech, 4–6 yr olds, literature review, 8713
phonetic-acoustic & communication development research into functions & characteristics of infant cries, literature review, 3424
phonetic tendencies & consonant use in babbling & early words & phonological word-selection patterns, 16 mo olds, 7-mo study, 26871
phonological constraints, transition from single-word to combinatorial speech, male from 11–23 mo old, longitudinal study, 29594
pragmatics of speech toward infant at 12–18 vs 18–24 mo of age, mothers vs 3–5 yr old siblings, 783
production of action vs object words, language-impaired 2.7–3.3 vs language-normal 1.4–2.1 yr olds, evidence for relationship between phonology & semantics, 4081
role of speech therapist & tutor, speech development, preschool students with underdeveloped speech, USSR, 7736
speech & cognition & gestures & expression, children with speech disorders, 1500
speech characteristics during retelling of story to adult vs peers, 4–5 vs 5–6 vs 6–7 yr olds, implications for role of situational factors vs egocentrism, 6067
speech dominance & visual half field task performance, 13–56 yr old epileptic patients, 20247
stages of acquisition of phonemic split, functionally misarticulating male 4.9 mo old, implications for normal language acquisition & foreign language learning, 27491
syntactic categories in speech, 2–2.4 yr olds, 29651
teleological nature of speech processes, conference presentation, 722
vowel duration & final transition & voicing during closure, determination of voicing in final stop consonants, 3 vs 6 yr olds vs adults, 14194

Speech Disorders [See Also Articulation Disorders, Dysphonia, Stuttering]
ability to interpret proverbs as method of studying speech & thought disturbance, schizophrenic patients, 9261
acoustic & perceptual & physiologic measurements, high- vs low-intelligibility productions of /t/ & /d/, 48–63 yr old male esophageal speakers, 9476
acoustical measurements vs clinical ratings, severity of vocal pathology, 6.1–11.5 yr olds with vocal nodules, 9481
articulatory & voicing characteristics, 49–68 yr old dysarthric vs dyspraxic males, 12149
assessment of esophageal voice, laryngectomy patients, 12634
current speech disorders & recovery from previous disorders, college freshmen, 13-yr study, 17536
development of clinical method, measurement of pneumotachographic phonatory airflow, pathological speakers, 8060
development of CNS, 6–13 yr olds with speech & language disorders, 24850
development of psychiatric & learning disorders, at risk 1.7–15.9 yr olds with communication disorders, 9191
direct application of technical linguistic concepts to analysis & assessment & remediation of speech disorders, comments on article by N. Hewlett, 9487
disfluency variables & language measures & articulation, 1st–3rd vs 4th–6th grade possible clutterers vs stutterers, 1501
doctor-patient interactions & treatment of speech & communication problems, institutionalized prepsychotic & autistic children, 28014
early history of vocabulary loss, 2.2–14.8 yr olds with autism, 6546
examiner familiarity, test performance, language-handicapped preschool & school age students, implications for assessment, 14786
examiners' experience & personal familiarity, test performance, speech- &/or language-impaired preschool age children, 2565
free vs story vs routine vs interview & scripted conditions, speech productivity & intelligibility & representativeness & reactivity, children with speech delays, 9490
improvement of remedial education programs, children with speech disorders, USSR, 10512
linguistic analysis of speech disorder in psychosis, literature review, 22061
maprotiline, articulation & finding of words, 54 yr old male with depression, 18098
mechanisms underlying bound morpheme loss errors, normal vs agrammatic speech, 1502
metathesis & favorite sound usage in phonological pattern, 4 yr old phonologically disordered male, clinical implications, 6701
oral stereognostic skills & dysarthria test performance & biorhythms, 1st-yr female speech therapy students vs speech handicapped 8–15 yr olds, 24852
parent & child attitudes & parent-child interactions in speech therapy, speech disordered children, 28023
perceptions of clutterers, speech-language pathologists vs regular & special education educators, 24854
perceptual-acoustical comparison of measures of speech waveform perturbations, 22–75 yr old voice patients before & after voice therapy/surgery, 20095
perceptual motor functional development, preparation for school, dyslalic children, implications for rehabilitation, 30349

phonation analyzer, measurement of glottal flow & sound pressure level & fundamental frequency, 17–74 yr olds & college students with voice disorders with vs without laryngeal pathology, 8033
phonetics vs phonology as defined in linguistics, application to speech pathology vs phonetic & phonological disorders, 9480
phonological analysis procedures, 4 & 6 & 7 yr olds in speech-language clinic for phonological remediation, 7303
positive & negative thought disorders & reference failures, speech performance, manic vs schizophrenic inpatients, 27306
prevalence of speech & language disorders, 5 yr old kindergartners, Canada, 30341
problems in counseling & rehabilitation, clients with speech-language disorders, 1969
production of esophageal voice during insufflation testing, nonlaryngectomized young adults, implications for speech disorders, comments on article by S. D. McGarvey & B. Weinberg, 9478
production of esophageal voice during insufflation testing, nonlaryngectomized young adults, reply to comments by P. C. Doyle, 9494
psychological & psychiatric disorders & achievement problems, children with disorders of speech & language development, literature review, 9186
reactions to type of stuttering & hypernasality & lisping speech disorders, college students, 17539
recent findings on prevalence & correlates of speech & language disorders & relation to psychiatric disorders, children, 30340
regression in speech capabilities, autistic vs mentally retarded children, 30066
research on developmental dysphasia & speech disorders, children, 17632
signed target phoneme & traditional therapy, acquisition of target phonemes, 5 yr old male with developmental apraxia of speech, 7304
speech & cognition & gestures & expression, children with speech disorders, 1500
speech characteristics & causal-correlates variables & individual differences, diagnostic classification, 1.9–9.6 yr olds with speech delays & phonologic disorders of unknown origin, 30348
speech disorder & left hemisphere disease, review of literature in 18th & 19th century, 6716
syllable stress & serial position, error variability in polysyllabic productions, 5.2–6.9 yr olds with speech delays, 9482
terms "phonetics" & "phonology" as applied in study of speech pathology, 9479
transcription of phonetic detail in speech, unintelligible 5–8 yr old males, 12145
treatment withdrawal, production of target behaviors in untrained single words vs connected speech in phoneme acquisition process, phonologically impaired 4–4.8 yr old males, 7302

Speech Handicapped
aided & unaided augmentative communication, persons without speech, 22755
integrative counseling approach, speech/language impaired clients, 25456
interrater reliability of intelligibility ratings of oral reading & continuous discourse speech from esophageal & tracheoesophageal speakers, raters experienced vs inexperienced with alaryngeal speech, 27525
modeling instruction & behavior rehearsal social skills training, nonverbal interpersonal communication skills, male speech & hearing impaired 29 yr old, 28217

Speech Measures [See Speech and Hearing Measures]

Speech Pauses
punctuation vs lineation, prediction of pauses & temporal unity of oral readings of poetry, 29519
repeated practice reading stories, reading rate & comprehension & number of speech pauses & word recognition accuracy, less able 4th–6th graders, 10342
speech pause time & short REM sleep latency & cortisol nonsuppression, evaluation of psychomotor retardation, depressed 21–71 yr olds, 14611
speech pauses, intelligibility of sentences, 12–14 yr old deaf speakers, 27612

Speech Perception
ability to identify speech presented against competing speech & field dependence, alcoholic vs nonalcoholic adults, 27450
acoustic & perceptual & physiologic measurements, high- vs low-intelligibility productions of /t/ & /d/, 48–63 yr old male esophageal speakers, 9476
aging, response criteria in speech recognition tasks, 18–40 vs 65–75 yr olds with normal vs mildly impaired hearing, 27562
alterations in speaking rate, recognition of familiar male voices, 5446
Analysis & Recognition of Acoustic & Linguistic Information ear model as representation of structure of spatiotemporal information within cochlea, 21127
audio information presented with vs without visual cues & age, language comprehension, 30–79 yr olds, 14174
auditorily presented sentences containing phonemes similar to target, time needed to detect target phoneme, college students who were native speakers of English, 10947
auditory & phonemic contrast, perception of rise-time & affricate/fricate distinction in speech, comments on study by J. E. Cutting & B. S. Rosner, conference presentation, 264
auditory comprehension of neutral vs melodically intoned vs affectively toned sentences, 52–74 yr old aphasic patients, 6897
auditory perception & discrimination of naturally spoken vs loudness-matched vowels, postlingually deaf 19–79 yr olds with cochlear implants, 27536
auditory priming & prior visual experience, recognition of words presented in white noise, 20–60 yr olds, 3010
auditory semantic detection & reading aloud & visuo-spatial tasks, speech perception & production as separate processes, 20–40 yr old females, implications for attention models, 29069
auditory training, speech perception & comprehension, hearing impaired 1st–3rd graders, 4926
auditory/lipread vs auditory/graphic presentation of word lists, processing of lipread & heard speech vs graphic information, 259
availability of information specifying consonant identity in brief segments at offsets of vowel-consonant syllables, college students, 16275
categorical trends in imitation of synthetic vowels, replication of experiment by R. D. Kent, 21137
categorization & normalization of natural vowels produced by male vs female child, 2.8–3.4 yr olds, 19615
coarticulation from nasal consonant to adjacent vowel, identification of vowel, French speakers, conference presentation, 262
cognitive theory of phonetics, speech synthesis & automatic speech recognition, 16284
consonant acoustic vs phonetic features as more appropriate description of perceptual confusions among speech stimuli in multitalker babble background, college students, 23586
controlled attention, dichotic listening performance for different classes of speech sounds, right handed college students, 16273
convergence between adaptation & contrast effects in speech perception, college students, replication of experiment by J. R. Sawusch & P. Jusczyk, 5428
CV syllables with vowels & fricatives vs plosives, RT in consonant or vowel identification task, conference presentation, 265
duration & diotic vs dichotic presentation of isolated dynamic vs static formant transitions of synthetic syllables, spectral/temporal fusion in speech perception, college students, 3012
dynamic frequency warping, adaptation of speaker differences in automatic speech recognition of arbitrary speakers, 16279
ear asymmetry in organizational language processes, college students, 16285
feedback filtering at varying cut-off frequencies, nasalization & self perception of nasality, female graduate students, 10940
formant bandwidth & auditory frequency selectivity, detection of place of articulation in stop consonants, Ss with moderate hearing impairments of cochlear origin, 22334
formant vocoder device, speech perception, deaf patients, conference presentation, 4557
gated speech stimuli, anticipatory coarticulation of vowel gestures, apraxic vs dysarthric 51 vs 29 yr olds, 6706
glycerol, auditory threshold & psychophysical tuning curves & speech perception, 18–59 yr olds with sensorineural hearing loss due to Meniere's disease, 9622
higher formant frequencies & relative amplitude levels of 3-formant stimuli, identification of /i/ & /y/ & RT, college students, Finland, 5426

House-3M single-channel vs Vienna single-channel vs Nucleus Limited multichannel cochlear implant, speech discrimination & lipreading, deaf patients, conference presentation, 4576
human vs automatic recognition of steady-state French speech sounds in 3 databases, trained listeners, conference presentation, 261
identifiability of male vs female voices in line-up after 1-wk retention period, implications for testimony involving voice identification, 5444
identification & discrimination of consonant-vowel syllables, 18–23 vs 60–75 yr olds, 19083
identification of /p/ & /v/ in English minimal pairs spoken by native Arabic speakers learning English, native English speakers, Jordan, test of contrastive analysis hypothesis, 16846
identification of language background of babbling of English- & Spanish-learning 7–10 vs 11–14 mo olds, monolingual English vs bilingual English-Spanish 18–35 yr olds, 5443
identification of whispered vs phonated isolated vowels, 22.2–32.8 yr olds, 5436
increase in associational-cognitive task demands, discrimination & recognition of emotional prosodic stimuli in semantically neutral phrases, right handed 39–79 yr old males with left vs right hemisphere brain damage, 12291
individual skill & assessment situation as factors in study of coding strategies, patients with communication disorders & hearing impairment, 12269
intelligibility & comprehension & perceptual processing of synthetic speech produced by voice response devices in human-machine communication systems, conference presentation, 19532
intelligibility as criterion for evaluation of spoken errors, non-native speakers of English, 3345
interaural-level differences, magnitude of speech recognition masking-level differences, 21–30 yr olds vs 42–62 yr olds with vs without asymmetrical sensorineural hearing loss, 1670
interrater reliability of intelligibility ratings of oral reading & continuous discourse speech from esophageal & tracheoesophageal speakers, raters experienced vs inexperienced with alaryngeal speech, 27525
intonational emphasis & sentence position, judgments of textual coherence, college students, 14091
isochronous speech rhythm in English vs French, perceptual illusion of regularly occurring stress in language, French vs English speakers, 16283
language models & search algorithms, speech recognition, 2836
lipreading with vs without single-channel cochlear implant, perception & tracking of connected speech, deaf 18–72 yr olds, 12266
magnitude estimation procedure vs speech discrimination performance, differentiation of hearing aid quality, 23–77 yr old hearing aid users, 1567
microprocessor-controlled speech pattern tests using synthetic speech, assessment of development of ability to process speech contrast of increasing complexity, 7–14 yr olds with hearing impairment Ss brain stem disorders, 24912
models of nuclear intonation, prediction of categorical perception of British English, 16276
modulation-analyzing model of speech perception, 21136
monaural testing, grouping by location & auditory word discrimination, right handed 20–39 yr olds, 26331
multilevel hierarchical automaton model of human auditory perception, 21132
orthographic syllable structure & phonological representation of words, RT & performance on syllable detection task, college students, 8186
patterns of phoneme identification disorder, 22–62 yr olds with cochlear vs 8th nerve disorder, 12210
perception of fry register vocalizations, Black vs White 17–23 yr old females with standard southern English vs Black dialect, 19091
perception of vocal placement of vowels & sentences, graduate & college students serving as speakers & listeners, 5438
perceptual stability of stop consonants cued by silence, college students, 13609
perceptually-based linear predictive analysis, analysis of naturally & synthetically produced vowels in psychophysical domain, 21354
performance on speech comprehension tests indicative of defective interhemispheric integration & abnormal specialization of language function, adolescents at risk for schizophrenia, 30148
peripheral & central processing model of vowel identification, adults, 267
personally relevant language materials, auditory comprehension & speech perception & naming & reading comprehension, 47–73 yr olds with aphasia, 9492
pitch contour & speech rate, perception of synthetic speech, college students, 19093
procedure for generation of stimulus continua through monaural fusion, speech perception, 13369
production & perception of articulatory continuum for English fricatives, 21139
production & perception of aspirated vs prevoiced stop consonants, moderately deaf French speaking 12–20 yr olds, 9616
prolonged consonants using processing method, discrimination scores, congenital sensorineural hearing impaired children, 27629
psychoacoustics & temporal patterns, speech & nonspeech, 21131
pure tone audiograms & speech discrimination & nystagmus, 21–49 yr old helicopter pilots, conference presentation, 490
quiet vs multitalker babble, nonsense syllable recognition, 18–28 yr old normal hearing Ss, 19085
reading skill & special processing, 9–12.7 yr old dyslexic readers, 27479
receptive language processing & ear advantage, 7.5–13.5 yr olds with Down's syndrome, 1475
receptive vocabulary level & pure tone thresholds, performance on adaptive speech task using monosyllabic words, 3–7 yr olds with normal hearing vs conductive hearing loss, 27613
recognition of familiar voices presented forward vs backward, males vs females 25 yrs old & younger vs 26–45 yrs old vs 46 yrs old & older, 5445
reverberation time & noise level, multidimensional scaling of confusion in Dutch consonant identification, 26–40 yr old speakers & 18–23 yr old listeners, 268
revision of motor theory of speech perception, 29067
room reverberation & noise, speech discrimination, 60–69 yr olds with hearing impairment, 24909
same-different discrimination procedure, test of 3-factor model of speech perception, English speaking college students vs native Hindi speakers aged 25–45 yrs, 13612
selective adaptation in boundary shifts & acoustic structure of French voiced stops, detection of place of articulation, French speaking college students, replication of experiment by W. E. Cooper, 21138
selective adaptation with speech, college students, test of adaptation level theory vs 2-stage model & criticism of article by Diehl et al, 5440
selective adaptation with speech, reply to criticism of J. R. Sawusch & J. W. Mullennix, 5429
semantic context & intonational & coarticulatory & silent interval cues in reconstruction of missing words in speech perception, college students, 23584
shadowing & mimicking as spoken responses to speech stimuli, review of research on speech-motor perceptual & auditory processing, 21134
signal-to-noise ratio for speech reception threshold, hearing impaired listeners, 27651
single channel input- & output-dependent compression aids, speech perception, sensorineurally hearing impaired 44–80 yr olds, 1985
spectral center of gravity & model of auditory representation of American English vowels, 21141
spectral rate-of-change & endpoints in diphthongs, dynamic processing of speech, 21125
speech &/vs signs vs cues expressive modes, speech intelligibility, profoundly deaf college students, 27490
speech comprehension via lipreading & electrostimulation, cochlear implant patients, conference presentation, 4556
speech pauses, intelligibility of sentences, 12–14 yr old deaf speakers, 27612
speech perception & word recognition & lexical access, 21135
speech reception thresholds & auditory discrimination functions for different frequency regions, 12–20 yr olds with severe hearing impairment & deafness, 24931

speech shadowing & comprehension, response delay in repetition of spoken prose, female college students, 21133
steady-state formant frequency patterns & place of articulation, identification of vowels & stop consonants in syllable initial position, 18–51 yr olds with dyslexia, 12136
stimulus-response compatibility & memorability in discrimination task, perception of isolated vs coarticulated vowels in CVC syllables on basis of category vs acoustic characteristics, college students, 13606
stochastic model, coding speech signals at low bit rates, 21640
synthetic voiced stop consonants & initial noise burst &/vs format transitions cued place continua, identification frequency, normal hearing 18–30 yr olds vs hearing impaired 24–63 yr olds with speech perception problems, 30347
techniques for understanding & factors affecting speech intelligibility, hearing impaired speakers, 24876
temporal measurement of speech using conventional spectrograms vs digital oscillograms, 26168
test-retest reliability of dichotic listening task, measurement of lateralization of receptive language, 33–65 mo olds, 28958
TRACE II model of speech perception & interactions of phoneme & word perception, 10942
trading relations among acoustic cues in phonetic discrimination task, college students, implications for phonetic classification, 269
training with synthetic vs natural speech, perception of synthetic words & sentences, college students, 6-mo followup, ergonomic implications, 10946
use of phonetic rules in automatic speech recognition, conference presentation, 104
validity of short form of Speech Sounds Perception test of Halstead-Reitan Battery, geriatric patients with Alzheimer's disease or mixed dementia or pseudodementia, 13438
verbal vs musical stimuli, attention to right vs left side, right handed individuals, 545
visual influence & lipreading ability, 2.4–6.8 vs 16–32 yr olds, replication of work by D. W. Massaro, 16936
visually vs auditorily oriented residential vs day schools, vocal & verbal RTs in tasks of increasing phonetic complexity, 7–14 yr old hearing impaired students, 13072
voiced vs voiceless consonants, locus of selective adaptation in speech perception, 18–45 yr olds, 26333
voicing onset time of initial consonant, discrimination of synthesized 5-formant CV syllables, 6–11 yr olds vs college students, 26822
vowel normalization based on machine classifications of speaker vs phoneme information in short vowels occurring in constant context, male vs female Finnish speaking 20–45 yr olds, 8185
vowel pairs with same phonetic qualities & different acoustic characteristics, paired comparison judgments, college students, test of accuracy of perceptual features obtained in multidimensional scaling studies, 16274
2-formant models of vowel perception, criticism of study by K. K. Paliwal et al, 256

Speech Pitch

articulation & stress patterns, hearing 18–20 mo olds with deaf vs hearing mothers, 11446
evaluation of weighted Burg autoregressive spectral estimation methods, pitch-synchronous analysis of short segments of nonnasalized voiced speech, 8020
first formant masking effects at different decibels, identification of voiced stop consonants, adults with sensorineural hearing loss, 4121
formant bandwidth & auditory frequency selectivity, detection of place of articulation in stop consonants, Ss with moderate hearing impairments of cochlear origin, 22334
intense short term delayed auditory feedback program, consonant-vowel duration & vocal frequency, 7–14 yr old male stutterers, 12612
literal content of verbal message vs intended level of vocal intonation, encoding of paralinguistic affect, male vs female 6th graders, 26850
models of nuclear intonation, prediction of categorical perception of British English, 16276
order of acquisition of intonation comprehension involving different groupings & nucleus placements & context-wide vs -limited tones, male vs female 10 yr olds vs college students, 8717
pitch contour & speech rate, perception of synthetic speech, college students, 19093
pitch-synchronous analysis/synthesis system, manipulation of formant frequencies & bandwidths for voiced speech, applications in voice modification & speech perception research, 8012
semantic context & intonational & coarticulatory & silent interval cues in reconstruction of missing words in speech perception, college students, 23584
vocal tension & harshness, partially hearing impaired 19.3–24.2 yr olds, 6903

Speech Processing (Mechanical) [See Also Synthetic Speech]

algorithm for automatic alignment of natural speech with corresponding transcription, conference presentation, 78
algorithm for use of acoustic indices, automatic sentence recognition, conference presentation, 94
diphone spotting & embedded diphone methods, continuous speech recognition without segmentation, conference presentation, 97
evaluation of weighted Burg autoregressive spectral estimation methods, pitch-synchronous analysis of short segments of nonnasalized voiced speech, 8020
expert system for reading speech sonograms, conference presentation, 84
extraction of acoustic cues using grammar of frames, automated perception of sentences, conference presentation, 69
guidelines for optimal use of stimulus-central processing-response compatibility of speech technology, conference presentation, 18897
human vs automatic recognition of steady-state French speech sounds in 3 databases, trained listeners, conference presentation, 261
intelligibility & comprehension & perceptual processing of synthetic speech produced by voice response devices in human-machine communication systems, conference presentation, 19532
intelligibility & user interface problems in text-to-speech synthesis systems, conference presentation, 19535
method for automatic generation of phonetic dictionaries for speech comprehension systems, conference presentation, 88
phoneme recognition, automatic recognition of spoken words, conference presentation, 76
phonetic expert system, automatic sentence decoding, conference presentation, 66
pitch-synchronous analysis/synthesis system, manipulation of formant frequencies & bandwidths for voiced speech, applications in voice modification & speech perception research, 8012
pseudo-phonetic decoding, automatic speech recognition, conference presentation, 83
segmentation strategy & syllable-template-matching, recognition of continuous speech, Japan, conference presentation, 101
specifications for generative system of decoding phonetic models, conference presentation, 91
speech signals using different pitch estimation methods for time-domain harmonic-scaling/sub-band coding, choice of higher quality signal, listeners, 8021
speech technology & research, France, conference presentation, 19082
syntactic expert system, automatic speech recognition, conference presentation, 61
synthesis-by-rule & nonlinear time alignment, automatic labeling of speech, conference presentation, 64
type & amount of secondary feedback, speed & accuracy in automatic speech recognition data entry, college students, 10656
use of phonetic rules in automatic speech recognition, conference presentation, 104
vowel normalization based on machine classifications of speaker vs phoneme information in short vowels occurring in constant context, male vs female Finnish speaking 20–45 yr olds, 8185

Speech Rate

age differences, oral reading rates & pauses, 44–82 yr old males vs females, 19623
airflow & volume & durational characteristics of speech, profoundly hearing impaired 17–19 yr olds, 6797
alterations in speaking rate, recognition of familiar male voices, 5446

bilateral thalamic surgery, rapid speech rate, 45 yr old patient with Parkinson's disease, 7316
divided attention task with same vs different presentation rates of simultaneous sentences, auditory comprehension, 8.8–12.8 yr olds with acquired language disorders, 12147
laryngeal & tongue movements during vowel & consonant production, control of individual speech gestures, adult Ss, 11360
pitch contour & speech rate, perception of synthetic speech, college students, 19093
speech disfluencies, speech rate in dyadic conversations, 4–5.9 yr old stutterers vs nonstutterers & their mothers, 4088
speech rate & length of material & linguistic structure, speed of processing, 18–22 vs 65–73 yr olds, 21675
speech rate & Welsh vs British accent & attributional context, ratings of speakers on competence adjectives, listeners, 29975

Speech Rhythm

amplified sidetone &/vs loud noise stimulation, vocal intensity & stuttering frequency, 19–44 yr old stutterers, 12151
cognitive rhythms of speech production, critique of controversy between M. J. Power & G. Beattie, 19528
increase in associational-cognitive task demands, discrimination & recognition of emotional prosodic stimuli in semantically neutral phrases, right handed 39–79 yr old males with left vs right hemisphere brain damage, 12291
isochronous speech rhythm in English vs French, perceptual illusion of regularly occurring stress in language, French vs English speakers, 16283
music, improvement in speech rhythm, schools for hearing impaired, 2542
semantic context & intonational & coarticulatory & silent interval cues in reconstruction of missing words in speech perception, college students, 23584

Speech Therapists

anxiety & confidence level before vs after first clinical practicum, White female graduate students with speech-language pathology major, 20630
characteristics & evaluation of clinical practicum performance, supervisors & their failing vs average vs outstanding speech-language clinicians, 20579
need for modification of informational presentations to parent & teachers & principals, language specialists, 28394
need for training to provide adequate care to underserved/neglected clients with communication disorders, speech pathologists & audiologists, conference presentation, 25650
perception of performance immediately after therapy session vs after viewing video of own performance, speech therapy students, 12843
ratings of student directed language remediation session, clinical supervisors, 10249
strategies for adequate training to interact effectively with other professionals & clients & their families in various settings, speech pathologists & audiologists, conference presentation, 25663

Speech Therapy

adapted cuing technique, enhancement of oral stimuli in increasing correct speech responses, 5.5 yr old with dyspraxia, 25342
analysis of articulation lesson transcripts, misarticulating 6–9 yr olds, 10499
application of technology to acquisition of language & conversational ability, 3–7 yr olds with cerebral palsy & female 48 yr old with dysarthria, 9960
auditory-visual stimulation vs direct-production treatment, production of interrogative morphemes, 35–58 yr olds with agrammatic aphasia, 28027
bilateral representation of language functions, recovery following language therapy, male vs female aphasics, 1625
body awareness & respiration & articulation, deaf children & 5.5 yr old male in speech therapy, 28019
clinical utility of microcomputer software for instruction & language intervention, 5 & 8 & 16 yr olds with language disabilities & male 60 yr old with aphasia, 9961
comprehension instruction in preposition-object phrases using miniature linguistic system format, structure generalization, male language delayed 3.11 & 4.1 yr olds, 4543
computed tomographic scan lesion localization, posttreatment response to melodic intonation therapy, 24–62 yr old aphasics, 15216
content & consistency of subject descriptions, language handicapped children, review of child language intervention studies, 4548
content & objectives of graduate education, communication disorders & speech pathology & audiology, conference presentation, 25667
content & objectives of undergraduate education, communication disorders & speech pathology & audiology, conference presentation, 25635
contribution of J. G. Sheehan's approach-avoidance theory, client-clinician relationship & therapeutic processes in treatment of stuttering, conference presentation, 25341
conventional vs microcomputer administration of speech therapy tasks, 60–76 yr old dysphasic stroke patients, 28018
cued speech training, lipreading & generalization of skills to articulation responses, 23 & 26 yr old males with congenital bilateral sensorineural hearing loss, 22606
development of visual speech training aid for vowel acquisition, hearing impaired, implications for differentiation of male vs female vs child utterances, 20435
differences between professional's self assessed competency & clinical services needs of handicapped & ratings of graduates competence, speech/language pathology & audiology, conference presentation, 25664
doctor-patient interactions & treatment of speech & communication problems, institutionalized prepsychotic & autistic children, 28014
dynamic palatography, visual training & correction of articulation disorders, 6 yr old female with cleft palate, Japan, 30798
evolution of communication therapy program, hearing impaired children & adults, 15217
fantasies in speech therapy, 5–6 yr old female who terminated therapy, case report, 28011
feedback of listener-judged naturalness rating of spontaneous speech, naturalness ratings & stuttering frequency, 16–55 yr old male stutterers, 12611
group emotional & stress psychotherapy, stuttering, 7301
group language therapy, 3–4 & 15–17 yr olds with combined language & motor difficulties, 4082
Helm Elicited Language Program for Syntax Stimulation, agrammatism, 51–66 yr olds with aphasia, 28015
impact of recent trends & implications, speech/language pathology & audiology profession, conference presentation, 25641
instruction in regulated respiration technique with vs without help, verbal fluency in laboratory vs over phone & taped vs not taped, 15–37 yr old stutterers, 20099
intense short term delayed auditory feedback program, consonant-vowel duration & vocal frequency, 7–14 yr old male stutterers, 12612
intensive inpatient relaxation & breathing exercises & speech therapy, maintenance of fluency, 22–54 yr old stammerers, 25–61 mo followup study, 1970
intervention program, comprehension monitoring skills, language impaired 5.8–8.2 yr olds, 30796
issues in establishment of specialized certification in subareas of speech/language pathology & audiology, conference presentation, 25632
language & speech intervention, clinical progress & psychological test results, 5–13 yr olds with language or psychomotor disorders, 28021
language retraining, disturbances in comprehension of oral & written language, patients with afferent motor aphasia, 4544
listener ratings during stuttering therapy program, speech naturalness, 10–14 yr old stutterers, 4545
Main Channel project, speech & language & auditory skill development, severely to profoundly hearing impaired bilingual/bicultural inner-city preschoolers, 15218
methods for provision of continuing competence, practicing speech/language pathologists & audiologists, conference presentation, 25620
microcomputer-based biofeedback device, transfer of treatment in parkinsonian dysarthria, criticism of paper by R. Rubow & E. Swift, 18134
microcomputer-based biofeedback device, transfer of treatment in parkinsonian dysarthria, reply to criticism by R. B. Hoodin, 18136

microcomputers for information management in speech-hearing clinics, 7982
need for ability to understand & apply new technologies in diagnosis & prosthetic devices & education, speech/language pathology & audiology graduates, conference presentation, 25661
need for recognition of importance of & competence in utilization of research data, speech/language pathologists & audiologists, conference presentation, 25658
occupational & speech therapy, preschool children with developmental problems, 14963
parent & child attitudes & parent-child interactions in speech therapy, speech disordered children, 28023
participation in precision fluency shaping model of therapy, manipulation of vowel duration to achieve fluency, adult stutterers, 1971
phonological analysis procedures, 4 & 6 & 7 yr olds in speech-language clinic for phonological remediation, 7303
problems in counseling & rehabilitation, clients with speech-language disorders, 1969
proposal to include students from other disciplines in undergraduate & graduate level training programs, speech/language pathology & audiology, conference presentation, 25684
randomized controlled trials, evaluation of speech therapy, patients with aphasia, criticism of article by D. Howard & T. R. Pring, implications for meta-analysis, 28013
randomized controlled trials, measurement of speech treatment effectiveness, patients with aphasia, 28016
role of speech therapist & tutor, speech development, preschool students with underdeveloped speech, USSR, 7736
role of speech therapy, language disorders & dyslexia, 28022
self monitoring in clinical & natural environments, generalization of correct articulation of consonants in spontaneous speech, 6–10.8 yr olds with speech disorders, 18135
semantic analysis of sentence structure & speech sequences, language therapy & psychotherapy, children, 4546
sensory integrative & speech therapy, perceptual motor skills & speech articulation, 6 yr old male with vestibular & tactile & clinically based dyspraxia, 1693
signed target phoneme & traditional therapy, acquisition of target phonemes, 5 yr old male with developmental apraxia of speech, 7304
single case study method, measurement of efficacy of speech therapy, patients with aphasia, 28025
speech & psychological reconstruction, relapse of stuttering, adult stutterers who achieved fluent speech, 12610
speech therapy based on diagnosis vs unspecific training, articulation disorders, kindergartners, 15884
speech therapy, dyslexia from psychological & emotional problems, children, 28024
speech therapy, female child with echolalia, case report, 28012
speech therapy, mood, 38–92 yr old aphasic stroke patients, 28020
speech therapy, speech fluency & elective & narrative language, 18–71 yr olds with Broca's vs Wernicke's vs amnestic aphasia, 28028
stuttering therapy, stuttering frequency & aerodynamic characteristics of fluent speech, young adult stutterers, 20436
supplemental fluency training during maintenance period, voice onset time, 18–40 yr old stutterers, 12613
surgical &/vs voice therapy, 4–15 yr olds with dysphonia, 3–6 yr longitudinal study, conference presentation, 1726
therapeutic sentence construction program, single word output, 41 yr old male with aphasia, 28017
training or enhancement of vowel duration cue, improved final fricative voicing perception, hearing impaired college students, 28026
treatment for dysfluency, locus of control, 6–16 yr olds who stutter, 2- & 6-mo followups, 30797
treatment of hypernasality, children, reply to criticism by S. J. Peterson-Falzone, 7300
treatment withdrawal, production of target behaviors in untrained single words vs connected speech in phoneme acquisition process, phonologically impaired 4–4.8 yr old males, 7302
utility of Groningen voice button for vocal rehabilitation, patients who underwent laryngectomy, 12631
utility or desirability or need for professional doctorate degree, speech/language pathology & audiology, conference presentation, 25660
verbal training program, quantity & quality & variability of understandable speech, 6.9 yr old nonverbal male, 1968
word vs syllable training, production of target phonemes in trained vs generalization contexts, severely & profoundly hearing impaired 6.2–12.3 yr olds, 7299
Speed [See Velocity]
Speed (Response) [See Reaction Time]
Spelling
analysis of spelling errors, illustrative case of gifted 2nd grade male, 7639
application of linearly ordered content domain to spelling, implications for instruction & curricula, 15730
application of microcomputer in language experience approach, spelling skills, nursery school students, 15687
assessment of spelling as part of literacy skills & behavioral objectives approach to teaching spelling, children, 18478
cognitive performance correlates of written language ability, good vs poor performing 2nd–4th graders, Nigeria, 16939
computer-administration of dictation spelling tests, spelling achievement, 2nd graders vs learning disabled 10.3–13 yr olds in special classrooms, 18578
computer assisted vs traditional instruction & no-practice condition, spelling skills, behavior disordered elementary school students with attentional difficulties, 25862
computer-readable files containing spelling errors of English words, implications for design of computerized spelling corrector for poor spellers, 21637
consonant vs vowel spelling errors, native English speaking 4th–6th graders vs Spanish speaking adults learning English as 2nd language, US & Mexico, 25805
contextual constraints & misspelling, eye movement patterns & fixation during reading, skilled readers, 254
deficit in phonological processing abilities, performance on reading & spelling & immediate memory tasks, 21 yr old female college student, 22215
dictated word list vs paragraph, spelling accuracy & error patterns, learning disabled 9.5–13 yr olds, 18577
educational strategies, improvement of memory & attention & spelling ability, gifted & learning disabled elementary & high school students, 13061
expanded ability-based vs missed classroom practice, retention of multiplication facts & spelling lists, 3rd graders, 7610
generalization techniques package, spelling word retention, 4th & 5th graders, 2348
grapheme buffer & phoneme-grapheme conversion, writing & spelling impairment, 60 yr old male with pure dysgraphia, Italy, 1609
individual differences in spelling strategies for orthography of verbs, 16–18 yr olds, Netherlands, 21632
interclass competition & grade posting, spelling performance, 3rd graders, 12939
interrelation of word recognition & spelling & reading comprehension & writing skills in literacy acquisition, 1st graders, 2-yr longitudinal study, 29616
invented spelling in language arts education, language development, children, 22961
invented spellings & strategies & errors, young children through adult good vs poor spellers, implications for spelling education, 10400
knowledge & use of empirically supported vs nonsupported spelling instruction methods, special education teachers of learning disabled & educable handicapped students, 4966
microcomputer assisted spelling instruction & selection of software, teachers, 22923
neuropsychological model based on information processing theory, writing & oral spelling skills & deficits associated with agraphia, 22319
nonword spelling & biasing, 9–11 yr olds vs college students, 801
oral & written spelling, left handed 39 yr old male with right hemisphere infarct & language representation, case report, 30365
orthographic vs phonetic knowledge of vowel alternation patterns, accessing of derivational morphological rules in pronunciation & spelling, 6th & 10th grade poor spellers, 21735
phonological deficit & reading & spelling of nonwords, 10 yr old male with developmental phonological dyslexia, case report, 24843

precorrected spelling & grammar in essay, judgment of student's SES & evaluation of essay quality, 3rd graders & teachers, 7650
predictive validity of correlates of reading & spelling & mathematical learning disabilities, kindergartners, 1-yr followup, 15769
promotion of positive attitudes toward spelling, 22921
reading & spelling skills, male prisoners who read at or below 5th grade level, 12751
relationship between spelling rules & sounds, reading comprehension, children vs adults, Denmark & US, 6068
remedial program in spelling & grammar, 8–9 yr old developmentally delayed students, implications for teaching methods, USSR, 7731
self perceptions of competence & performance expectations for mathematics vs spelling & attributions for success & failure, male vs female 5th & 6th graders, 2476
self selection of spelling words, spelling scores, 1st–4th graders, implications for spelling programs for learning disabled students, 28542
software for computer assisted instruction in spelling, students with learning disabilities, 28574
spelling ability & sensitivity to morphonemic structure & word formational principles underlying English spelling, college students, 19523
spelling ability for classes of words & verbal comprehension, phonologically dysgraphic 66 yr old female, 24848
spelling ability using phoneme-to-grapheme rules, dysarthric cerebral palsied 15.6–16.4 yr olds, 22214
spelling of homophones using context of sentence, relationship between lexical & semantic systems, 48–62 yr old males with agraphia, 20231
spelling of immediately preceding item, lexical decisions about spoken words, college students, 5461
spelling performance, patient with acquired dysgraphia vs 17 yr old female with developmental dysgraphia, 22218
spelling-to-sound regularity, pronunciation of low frequency words, criticism of articles by M. S. Seidenberg & Seidenberg et al, 21639
spelling-to-sound regularity, pronunciation of low frequency words, response to criticism of D. Norris & G. Brown, 21641
verbal vs visual-perceptual or phonetic stimulation of right vs left hemisphere, event related potential amplitudes & reading & spelling ability, dyslexic children, 6675
voiced vs voiceless spelling of stop consonants after /s/, kindergartners vs 1st graders vs college students, 21737
word strategy training & directed vs student- vs teacher-controlled study methods, spelling performance, learning disabled 4th graders, 10477
words & nonwords containing regular vs homographic spelling patterns, reading performance & decoding processes, dyslexic vs nondisabled good vs poor reading 3rd–4th graders, 14778

Sperm
age, sperm concentration, 2–4 vs 12–13 vs 20–24 mo old male hamsters, 29308
dynamics of male-male interactions & sperm competition during copulatory episodes, triads of 1 female & 2 male deer mice, 26426
sperm & embryo number in females, determination of potency of successive ejaculations, 103–172 vs 223–402 day old male rats, 19354
sperm capacitation & competition & female fecundity, impregnated female golden-orb-weaving spiders, 8310

Spiders [See Arachnida]

Spina Bifida
adequacy of social services in meeting health care & social needs, young adults with cerebral palsy & spina bifida & muscular dystrophy, UK, 22637
cognitive ability & achievement & effects of functional motor level & shunting, 6–15.7 yr olds with uncomplicated myelomeningocele, 4199
decision against active treatment, emotional adjustment & marital relations & physical & mental health & decisions regarding future pregnancies, parents of deceased baby with spina bifida, 2–7 yr followup, 12190
intelligence, children with spina bifida born between 1973 & 1978 given immediate vs delayed surgical treatment at birth, 6-yr followup, implications for criteria for selection for surgery, 28074
multidisciplinary team management of cognitive dysfunction, children with spina bifida, 27720
personality problems & social & school & emotional adjustment, 10 yr olds with spina bifida, implications for support, 25002
psychosocial & cultural factors in treatment, parents of children with spina bifida cystica, Nigeria, 12336

Spinal Column
pre- vs postlocalizer cast periods, adaptive coping behavior, 14 yr old female hospitalized for surgical treatment of idiopathic scoliosis, 15228

Spinal Cord [See Also Dorsal Horns, Dorsal Roots, Extrapyramidal Tracts, Pyramidal Tracts]
adrenergic drugs, spinal nociceptive processing, animals & humans, 11351
bilateral dorsal vs unilateral dorsolateral spinal cord lesions, incidence of contact defensive immobility, male albino rabbits, 11263
cholecystokinin administered to lumbosacral spinal cord, opiate-mediated footshock analgesia, rats, conference presentation, 19440
depletion of spinal norepinephrine through injection of 6-hydroxydopamine, development of swimming behavior, newborn female rats, 3320
dissociation between joint position sense & vibratory sense, 53 yr old female & 61 yr old male with compressive cervical myelopathy, 30457
ethanol &/vs tailflick test, tolerance to ethanol-induced spinal reflex, male rats, 16672
GABA agonists THIP vs baclofen, antinociceptive response, male mice with spinal transections, 16507
hexosaminidase-A deficiency initially diagnosed as atypical juvenile onset spinal muscular atrophy, 14–34 yr old patients, case reports, 30444
intralimb coordination of paw-shake response, normal vs spinal adult cats, 29375
intralimb kinetics of paw-shake response, spinal adult cats, 29370
lead, neurotransmitter release at central synapses in vitro in spinal cord & transport of exogenous GABA & acetylcholine & cis-3-aminocyclohexane carboxylic acid, rats, 692
lesions of dorsolateral funiculus spinal pathway, pain suppression mechanisms in phasic vs tonic pain, rats, 619
lesions of ipsilateral dorsolateral &/vs contralateral anterolateral dorsal column, tactile discrimination, monkeys, 23933
leucine- & methionine-enkephalin & endogenous opiates & potassium released during transcutaneous electrical stimulation, spinal nociceptive transmission & analgesia, frogs, 5788
moving air-jet stimulation, neuronal activity in dorsal column's receptive field, rats, 23882
multidisciplinary inpatient treatment program, self concept, patients with chronic spinal pain, 15347
role of spinal cord & cerebellum, control of locomotor behavior, lower vertebrates & mammals, 5682
role of spinal systems in analgesia action of ECS, male rats with total transections & lesions in dorsal half of spinal cord, 11261
serotonergic receptor stimulation by serotonin agonists vs zimeldine, seminal emission & penile erectile responses, intact vs spinal lesioned male rats, 24004
spinal electroacupuncture induced analgesia, substance P & methionine & leucine enkephalins, male rats, conference presentation, 19400
spinal lesions, onset of fore- vs hindlimb paw-shake responses & posture development, kittens, 3252

Spinal Cord Injuries
alpha coma induced by decompression sickness complicated by spinal cord lesions, 21 yr old male, 12286
auditory & visual feedback, postural hypotension, 23 & 32 yr old males with cervical spinal cord lesions, 4431
disability-linked attributions of behavior & disposition, spinally injured males vs amputees vs nonhandicapped medical patients, 20248
EMG cutaneous reflex response from tibialis anterior or 1st dorsal interosseous muscles, 7–15 yr olds with hemiplegia or spinal cord compression or acute vs myalgic encephalomyelitis or learning disabilities or sacroid granulomatosis, 12272
exercise training program, mood & emotions, 27 yr old male with spinal cord injury, 7464

hospital program for emotional care, spinal cord injury patients, 20505
physical vs psychological variables, long term self perceptions, male inpatients with spinal cord injuries, support for usefulness of causal analysis, 6745
prevalence of atlantoaxial instability & resultant cervical spinal cord compression, 20–70 yr olds with Down's syndrome, 17496
purpose in life, spinal cord injured paraplegic vs quadriplegic males, implications for rehabilitation, 17664
saphenous nerve stimulation, flexion reflex & long term spinal reflexes, cats with spinal cord injuries, 609
sexual functioning & attitudes, males & females with spinal cord injuries, suggestions for rehabilitation counseling, 2160
spinal cord injury, vocational interests, 20–72 yr old males, 23170
Spinal Fluid [See Cerebrospinal Fluid]
Spinal Ganglia
avoidance vs escape leg position learning & memory in prothoracic vs mesothoracic ganglia, headless cockroaches, 3255
Spinal Nerves
contralateral median nerve stimulation, frontal & central & parietal short & middle latency somatosensory EP's, 18–57 yr olds vs patients with unilateral cerebral ischemia, 4120
dissociation between joint position sense & vibratory sense, 53 yr old female & 61 yr old male with compressive cervical myelopathy, 30457
dorsal root entry zone thermocoagulation, phantom arm phenomena, nonamputee male 18–62 yr olds with cervical root avulsions & brachial plexus injuries, 25368
ethanol, embryonic development of sensory & spinal cord neurons, chick embryos, 8530
measurements made from walking tracks, evaluation of functional condition of sciatic nerve trunk following damage, rats, conference presentation, 5225
median nerve stimulation & voluntary thumb movement, somatosensory EPs, 15 & 18 & 19 yr olds, implications for use of somatosensory EPs in study of disturbed motor function physiopathology, 26524
primary vs secondary suture vs grafting, motor & sensory electroneurographic & electromyographic results & somatosensory EPs, patients with traumatic transection of median & ulnar nerves at wrist, 12647
tibial nerve CS & differential conditioning paradigm, deep peroneal motor nerve response, spinal cats, 8496
Spleen
combined castration & adrenalectomy & stressors, thymic & spleen weights & primary immune response, mice, 13917
Split Brain [See Commissurotomy]
Split Personality [See Multiple Personality]
Spontaneous Abortion
clinical psychiatric aspects of induced & spontaneous abortion, 28050
emotional stress of loss of unborn child, cell-mediated immunity, 16–42 yr old females, 9990
heavy vs moderate maternal alcohol consumption during pregnancy, fetal alcohol syndrome & fetal damage & functional deficits in early childhood, 20213
social influences & group contagion in creation of anxiety-evoking collective belief, miscarriages, pregnant women in kibbutz community, Israel, 2-yr followup, 3572
Spontaneous Alternation
anticholinergic scopolamine & methscopolamine bromide, spontaneous alternation & shuttle avoidance learning tasks, rats exposed to alcohol in utero, 21581
chlordiazepoxide vs picrotoxin vs bicuculline vs muscimol vs baclofen, spontaneous alternation & response behavior to stimulus change in maze, male rats, 14038
cross-species embryonic & hippocampal septal transplants from mice, restoration of ability to learn conditioned forced alternation behavior mediated by hippocampus, rats, 26600
dextroamphetamine vs haloperidol, dopamine sensitive-alternation of arm choice in Y maze, male rats, 675
foot & tail shock, amphetamine-elicited stimulus perseveration in Y-maze spontaneous alternation task, male mice, 21425
lesions in lateral septum induced by 6-hydroxydopamine, spontaneous alternation & acquisition & reversal of spatial discrimination task, male mice, implications for role of cholinergic system in control of behavior, 13924
role of bilaterally asymmetrical leg movements, turn alternation, wood lice, 29199
role of cerebellum in learning related to exploratory behavior assessed by spontaneous alternation & habituation in T-maze, 2 mo old nervous mutant mice, 26507
vertical climbing maze, spontaneous alternation, rats, 3079
6-hydroxydopamine lesions in nucleus accumbens, alternation behavior & spatial discrimination & reversal learning in extinction paradigm, adult male rats, 29376
Spontaneous Remission
cognitive processes, initiation & maintenance of spontaneous recovery, alcoholics, 2185
spontaneous remission processes, anxiety neurosis, 6596
Sport Psychology
application of 5-stage model of self regulation to sport psychology, 20834
cognitive-behavioral methods & psychological skills, sports performance, athletes, Portugal, 7778
fitness & selection & achievement in sports, conference presentation, 31397
guidelines for prevention of excessive stress, athletes, implications for sport psychologists, 18693
history & overview of sport psychology, 31394
Marxist methodology & theory of abilities, selection & education of sport talents, conference presentation, 31392
motivation & goal setting, skill & confidence in sports performance, athletes, 23150
patterns of psychological problems, athletes, 30065
percentage of time & ability to win match after losing first set, top 20 ranked tennis players from 1980 US Tennis Association yearbook, 23153
record & experience prior to managerial succession, organizational performance, National Basketball Association coaches & their teams, implications for organizational behavior, 18778
relationship between personality traits & sporting activities, personality testing & psychological counseling, members of national sailing team, West Germany, 18218
role of sports psychology in 1984 Olympics, 28666
standards for practice & consultation model of sport psychology, psychologists, 31086
validity & reliability of norms for Sport Psychology Quiz, college students & faculty, 10816
visual motor behavior rehearsal, sports performance, implications for behavior therapy, 23156
Sports [See Also Baseball, Basketball, Football, Martial Arts, Swimming, Tennis]
ability to cope with situations of high arousal in miniature golf training vs minor vs large competitions, 7–59 yr olds, 26877
age & sex, fulfillment of psychological needs by different games & sports, 3–14 yr old females vs males, 26940
analysis of competition & intrinsic motivation in sport & games, children, 949
attitudes toward female participation in different sports, members of town general population, 17166
attitudes toward rules of soccer, soccer coaches, 5022
attitudes toward sports & reasons for participation in sports & mental & physical changes after physical activity, 19–55 yr old fitness class students, 31388
behavioral coaching techniques including self monitoring checklist & coach feedback, freestyle figure skating practice, 14–16 yr old female prenovice figure skaters, 28434
behavioral sports fitness training, social status, 7–13 yr olds, 9831
boxing & chronic brain damage, ex-boxers, 20245
causation theories & suggestions for lessening violence during soccer matches, Africa, 14701
characteristics & incidence of participation in orienteering, females aged 10 yrs & over, New Zealand, 29750
circadian rhythms, athletic performance, athletes, 26544
compatible vs incompatible relationships & athletic performance & satisfaction, female college athletes & their coaches, 13032

construction of ethnic & gender identities through sports & social attitudes toward sports as defining marginal position in society, females & ethnic minority groups, UK, 18696
content analysis of cognitions related to playing table tennis, ping pong players, 10961
cultural value of physical responsibility & expression of collective strength, justifications for decision to run in marathon, entrants over 30 yrs old, Australia, 14473
development of rating scale, identification of physical & cognitive & emotional & interpersonal requirements of athletic activities, US Naval Academy midshipmen, 20998
development of rehabilitation services in pediatrics & military medicine & return to sports participation approach, handicapped, 2153
distributive vs retributive vs procedural justice in sports & games, 5023
downhill snow skiing as therapeutic recreation, amputees & blind clients, 2152
field dependence, participation in open- vs closed-skill sports, 13–22 yr old athletes, 14124
group process work & individual counseling, members of college ice hockey team, 17724
history & form of high-powered full bore rifle shooting, UK vs Canada vs US, 23149
imagery, track & bowling performance, male cross country runners & professional bowlers, 20840
incentives & motivations to play minivolleyball, child vs his/her parents & school, implications for relationship between child & trainer, 21744
internal vs external locus of control, female vs male volleyball players vs team captains, 7776
lability & strength of nervous system, stable & dynamic components of wrestling style, wrestlers, 11201
life stress, injuries, intercollegiate volleyball players, implications for generalization of football data to volleyball players, 22346
manipulation of knowledge of results, learning of slalom ski movements, 19–35 yr olds, 13653
needs fulfillment & participation in team sports, school age disabled children, implications for rehabilitation, 1595
participation in competitive sports events, physically handicapped, implications for rehabilitation, 1516
perceived competence & causal attributions for subjective vs objective success vs failure in competitive sport setting, 9–12 yr olds, 11516
positive vs neutral self monitoring with vs without videotaped feedback, performance & attitudes, unskilled golfers, 20355
predictors of generalized & specific performance expectancies, 9–14 yr old male wrestlers participating in competitive tournament, 26860
process of tryout evaluations & coaching methods, teams' win-loss-tie records & individual player improvements, coaches & soccer players under 8 yrs old, 2403
psychoanalysis of sports, 2763
reasoning about athletic aggression, male vs female high school & college basketball players, test of N. Haan's model of interaction morality, 29544
refinement & extension of multioperational model, identification of variables related to optimal performance at elite levels of wrestling, olympic wrestling candidates, US, 23154
relationship between personality traits & sporting activities, personality testing & psychological counseling, members of national sailing team, West Germany, 18218
relaxation & cognitive rehearsal, anxiety levels & underwater diving performance, beginning SCUBA students, 22491
selection & talent prediction for sports achievement, top athletes, conference presentation, 31391
self esteem & locus of control, physically disabled athletes vs nonathletes, 20259
self-esteem vs physical vs soccer competence scores, prediction of soccer skills, 8–13 yr olds, 755
self serving attributional biases in competition, male vs female adult racquetball players, 5028
sensation seeking & trait anxiety & needs for achievement & affiliation, male elite rock climbers, 27204
sex role identity & personality & participation, college students who are competitive vs noncompetitive team vs individual sports participants, 21879
soccer knowledge & interest, recall of real vs simulated scores, college students, 29144
social background & sex & academic vs athletic context, achievement goals & motivation & attribution of success or failure to ability vs efforts, Anglo vs Mexican American high school students, 20721
social world of race track backstretch, workers & trainers, 26958
sport participation & life satisfaction, male vs female adolescents, 9-yr longitudinal study, 784
sport participation, maturity of moral reasoning regarding general social problems & sport specific dilemmas, male vs female high school & college basketball players vs swimmers, 26787
sport-related & psychological factors, predictors of wrestling performance outcomes, 9–14 yr old males, 775
sports participation as therapy & life enhancement, physically disabled, 2145
stability of estimates of success in masculine vs feminine vs gender-neutral motor tasks of football vs ballet vs swimming, male vs female 1st & 2nd vs 6th & 7th graders vs 17–21 yr olds, 26859
stadium facilities & quality of play & winning team, crowd behavior & related offenses at soccer matches, 16–29 yr old spectators, Scotland, 5019
state intervention in sport & physical recreation, UK, 18694
structural-developmental approach to moral cognitions of intentionally injurious sport acts, male vs female high school vs college athletes, 13022
subscales of anxiety inventory & pre- vs postcompetitive state anxiety & self confidence & performance, golfers, 11824
success vs failure, sources of stress or worry, intercollegiate wrestlers, 12958
supply constraints & urban community sports leadership program's approach to & bias against females, program staff, 31390
trait anxiety before vs after competition, 18–29 yr old college soccer team players, 1171
validation of Wingate Sport Achievement Responsibility Scale, distinction between sport-specific vs locus of control attributions, adult athletes, 2598
Spouse Abuse [See Family Violence]
Spouses [See Also Housewives, Husbands, Wives]
action orientations & attitudes toward personal development & aging, 30–60 yr old married couples, 3375
Adlerian concept of personality priority in financial counseling, married couples, 15062
alcohol use, happily married vs discordant but nonviolent couples vs abusive husbands & their wives, 12117
alternative explanation for finding of high rates of psychopathology, mates of schizophrenic females, comments on finding by J. Parnas, 30219
anchoring on own preferences, prediction of spousal preferences for new product concepts, husbands & wives, 26060
assessment of hospital genetic counseling clinic, couples with schizophrenic relatives at risk for having schizophrenic children, 22733
attitudes & sexual relations & functioning, alcoholic husbands & their wives, 14746
attitudes toward involvement in treatment of spouses, husbands vs wives of individually referred outpatients, 30583
attitudes toward spouse abuse, male vs female police personnel, 3607
attitudes toward spouses & their marriage & marriage in general, validation of marital questionnaire, 18–50 yr olds who were happily married vs filing for divorce, 5343
attributional analysis of intimacy of relationship &/vs extenuating circumstances, blaming of victim vs perpetrator in videotaped mock spouse abuse situation, college students, 1159
biographical & sociocultural & psychopathological & criminal data, husband killing & uxoricide, male vs female committed psychiatric patients, 9388
biological basis of caste subdivision & skin pigmentation, assortative mating, Punjabi Hindu couples from Khatri & Arora castes, India, 11605
causal attribution & adjustment, early vs advanced stage female cancer patients & their spouses, 12202

childlessness, marital satisfaction, voluntarily childless couples, 3583
chronic pain & marital problems, chronic pain patients & their spouses, implications for family treatment, 20499
cognitive & emotional factors mediating attentive responses, spouses of chronic pain patients, 1522
completed yrs of education, twins & their spouses & parents, Norway, 19308
conceptual analysis of anger & interspousal violence, 6648
concordance for excessive smoking & alcohol & caffeine consumption during pregnancy, identification of families at risk, spouses, Israel, 27540
construct validity of Dutch version of Maudsley Marital Questionnaire, assessment of marital discord, 30–47 yr old married couples, 20983
counseling & Christian spiritual renewal, marital difficulties, married 30 yr old male & 24 yr old female, 17973
development of problem solving & communication skills using Marriage Contract Game, focus on marital problems, couples requesting psychiatric treatment for children, 1850
development of questionnaire, assessment of attitudes toward having children, couples from family planning vs infertility vs antenatal clinic, Scotland, 14294
dual careers, power distribution & management of work & domestic & social life & intimacy & issues of contact & withdrawal, husband & wife co-therapists, 8990
duration of marriage & family-of-origin experiences, marital adjustment, married couples, implications for marital therapy, 9016
dynamics of cognitive appraisal & coping processes & short term outcomes of stressful encounters, 26–54 yr old married couples, 21910
emotional & social maturity & education level & age at marriage & marriage duration & sequencing & timing of parenthood, marital disruption, married couples, 9001
Enhancing Marital Sexuality program, sexual & marital satisfaction, normal couples, 25212
evaluation of components of complete behavioral marital therapy package, married couples, 6-mo & 1-yr followups, 4383
family composition & duration & role in relationship & personality correlates, resolution of joint task as evaluated by Joint Rorschach, cohabitating vs married couples, 29827
family mapping as clinical informational tool, 26 yr old female & 37 yr old alcoholic husband, 2196
feminist approach, family therapy, 31 yr old divorced female suffering & also deriving power & fulfillment from abusive ex-husband, case report, 30640
helpful vs unhelpful social support attempts for bereaved, persons who lost spouse or child in motor vehicle accident 4–7 yrs earlier, 29959
home health care, vocational & emotional & social adjustment, wives assisting their husbands with home hemodialysis, 7346
humor preferences & interpersonal attraction, single & married college couples, 17211
husband's vs wife's age & marital duration & birth & marriage cohorts & contemporaneous period, coital frequency, spouses, longitudinal study, 14308
husband's vs wife's possession of educational & economic & social resources, participation in decision making & conjugal power, Jewish married couples, Israel, 14310
immigrant vs native status & educational & occupational background & location of workplace, attitudes toward premarital sex, widows & spouses aged 60–70 & spouses between 19–30 yrs old, Hungary, 14406
importance of Bible reading & prayer at home, marital adjustment, couples from sect vs evangelical vs liberal vs Catholic religious affiliations, 14304
influences on each other's TV viewing behavior, spouses, 26763
intellectual & personality variable similarity vs complimentarity, mate choice & marital satisfaction, couples, 17078
interaction of personality traits & external stressors in concubine syndrome & use of interactional model in assessment & treatment, 27 yr old female with chronic headaches triggered or reinforced by husband, 14817
interactional aspects of obsessive compulsive neurosis & implications for treatment, patients & their spouses, 30151
issues of secrecy & offspring adjustment in artificial insemination by donor program, 19–49 yr old donors & recipient couples, Australia, 20463
job stress & mental health & marital adjustment & social relations, off-the-job adjustment, single vs dual career couples, 29848
maintenance of friendly relationship, divorced couples, 27017
male vs female sex role value differences, divorced vs married adults, 9061
marital adjustment & spouse participation, outcome of behavioral treatment & spouses' psychological functioning, agoraphobic females & their spouses, 20351
marital conflict & sex of S being coded vs coding, perceptual agreement in rating own vs other's interactions, couples, 17082
marital locus of control & approach to marital problem solving, couples, 27004
marital relations, couples in which husband is clergyman, 3594
marital stress, attributions for positive vs negative interactions with spouse vs stranger, married couples, 24306
mastery & interpersonal trust & primary & secondary appraisals & coping & health status & psychological symptoms, 26–54 yr old spouses, 19792
measures of Adlerian construct of personality priorities in marriage, married college couples, 26986
multicomponent cognitive behavioral smoking program with vs without spouse attendance at spouse support program, smokers & their spouses, 1–12 mo followup, 15456
occupational stress, marriage, family relations, female & male clergy & their spouses, 29844
onset of disease, assessments of quality of life, end-stage renal disease patients & their spouses, 6784
partner's sex role & children, marital adjustment, 18–65 yr old Black vs White couples, 1023
peer support group, husbands & wives with spouse in nursing home, 30971
perceived sex role identity & ideology, marital adjustment, young married couples, 8992
perception & interpretation & reciprocation of positive vs negative feelings in discussion of relationship problem, female vs male spouses & members of cohabiting couples, 11725
perception of TV portrayals of close relationships, married couples, 706
perceptions of egalitarianism of role relations & equity, marital adjustment & satisfaction & individual well-being, dual career husbands vs wives, implications for family therapy, 9005
personality characteristics, male spouses of agoraphobic females, 9210
personality congruence, marital satisfaction, distressed vs nondistressed married couples seeking vs not seeking marriage counseling, 24289
personality traits, marital adjustment, 21–45 yr old married couples, India, 6222
physical health status & social environment, depression, lung cancer patients & their spouses, 4135
power-dependence in marital relations, weight loss, overweight 25–46 yr old married females who had been in diet program, 29830
power issues & feminism, family therapy, 57 yr old husband & wife, 30616
preferences & valued characteristics & sex differences in mate selection, 18–40 yr old spouses & college students, 19790
presence of spouse vs dyadic situation with son vs daughter, quality of parent-child relations, parents & their early adolescents, 24298
psychological reactions, spouses of borderline patients, implications for psychotherapy, 17893
psychophysical state of health & coping style & locus of control, Israeli spouses of dialysis patients born in Asia & North Africa vs Europe, 14908
psychosocial characteristics, 21–53 yr old infertile couples assessed prior to surgical treatment for female's tubal damage, 14856
psychosocial satisfaction & somatopsychological reactions & expectations of disordered vs normal partner & acceptance of disorder, couples with 1 partner with insulin-treated diabetes, 27589
reassertion of finding of high rates of psychopathology due to biological or phenotypic traits, mates of schizophrenic women, reply to R. Shinkwin's comments, 30196
relationship with opposite sex parent, marital relations, spouses, implications for family & marriage therapy, case report, 30648

reliability of scales to assess stages of marital conflict, 19–28 yr old married couples, 28946
role assignment & conflicts & marital communication & family environment, cancer patients & their spouses with children at home, 5-mo followup, 22340
self disclosure on intimate topics, males vs females in dual vs single career marriages, 17088
sex & marital intimacy, wives vs husbands, clinical implications, 24435
sex & sex role attributes, perceptions of intimacy & marital relationship following birth of child, couples, 1011
sex role assortative matching, marriage adjustment, androgynous vs traditional vs undifferentiated or cross-type married couples, 6228
sex role self concept, relationship quality & dysfunctional relationship beliefs, married vs heterosexual cohabitating vs gay vs lesbian couples, 29920
sex roles & division of household responsibilities, 22–30 yr old married vs unmarried couples, 9059
similarity between descriptions of spouses & parents, differential importance of parents for partner choice, married college students & health professional couples, 3601
social & environmental factors in assortative mating for height, couples of arranged marriages, Pakistan, 11603
social-behavioral consequences of drinking & relation to spouses psychiatric symptoms, 27–63 yr old alcoholic husbands & 19–58 yr old nonalcoholic wives, replication of P. Steinglass's study, 22007
social support counseling, emotional & social & physical functioning, newly diagnosed lung cancer patients & their significant others, 7008
spouse behavior & social & demographic & personality characteristics, coronary heart disease incidence, husbands, conference presentation, 9526
spouse support, compliance with cardiac rehabilitation program, male myocardial infarction patients & their wives, 15421
stress & factors mediating responses to stress, child-abusing vs non-child-abusing couples, 24778
structural exchange theory approach to marital jealousy, married males vs females, 24300
symptoms & syndromes & behaviors from 1 wk to 4 yrs following death of spouse, 20–76 yr old widows & widowers, 1245
tendency of couples whose first name begins with same letter to marry, spouses, 1920–84, test of assortative mating theory, 19721
traditional vs independent vs separate couple types, relational control patterns in neutral & conflict discussions, married couples, 17094
understanding of other person's pain & perception of impact on own health, healthy spouses of mate with chronic pain, 27657
valuation of childbearing & parenthood vs educational & occupational success, fertility decisions, voluntarily childless couples vs couples with children, Canada, 27012
wife's number of siblings & couple's desired family size, future family size, parents of 2 children families, Canada, 21819
work- & non-work-related variables, job & life satisfaction, dual career couples, India, 24317

Spreading Depression
functional hemidecortication by spreading depression in vs epileptic focus on neocortex, spatial memory task performance, male rats, 16534
unilateral & bilateral cortical spreading depression elicited by cathodal current, radial maze performance, rats, 23908

Squirrels
alarm calls to aerial predators, vulnerability of callers vs noncallers & alerting of relatives, ground squirrels, 23745
anisotropic distribution of preferred direction & visual field location, optic nerve fibers, squirrels, 493
foraging rate & time exposed to predators, immediate food consumption vs carrying food to safety, grey squirrels, 433
male vs female density &/or breeding synchrony, competition over location of & access to spatially scattered females & sperm competition, male ground squirrels, 21273
pineal melatonin content, duration of hibernation bout, hibernating vs euthermic ground squirrels, 16449
size & sexual composition of litters & age-specific survival & recruitment rates, co-occurrence of female kin, Columbian ground squirrels, 8343

Stability (Emotional) [See Emotional Stability]
Stage Plays [See Theatre]
Stammering [See Stuttering]

Standard Deviation
anchoring & intuitive heuristic, judgment bias of means & standard deviations, college students, 29085
intercorrelation & differences among rating dimensions as used by individual raters, unstandardized standard deviation measure of halo effect, 16167
investigated accuracy & reliability of F. L. Schmidt et al procedure for estimating standard deviation of job performance in dollars, 29013
reporting of standard deviations vs standard error measures to accompany group means, reply to comments by R. M. Hamer, 26258
reporting standard deviations vs standard errors of mean with group data, comments on article by J. J. Bartko, 26269
requirement for reporting standard deviations vs standard errors of mean in American Journal of Psychiatry, 2935

Standard Error of Measurement [See Error of Measurement]

Standard Scores
efficacy of statistical evaluation of unusual vs actual differences in performance on Vineland Adaptive Behavior Scales, 23140
indices of scatter for WISC & WISC-R scores, clinic-referred population, 18990
problems with standard scores for various levels of Vineland Adaptive Behavior Scales, mentally retarded individuals, 26248
rational standard & standard transformed score models, numerical to letter grade correspondence in educational measurement, 15944
reliability of methods for estimation of raw score standard error, interpretation of achievement & ability test scores, 18631
revised norms of Slosson Intelligence Test IQs vs PPVT standard scores, 30–89 mo old Black rural Head Start children, 20818
sex &/vs age, old vs new standard scores of Family Environment Scale, 13–19 yr old White females vs males, 28947
Type I errors in calculation of mean & standard deviations among age groups of Vineland Adaptive Behavior Scales, mentally retarded, comments on article by A. B. Silverstein, 26197

Standardization (Test) [See Test Standardization]

Standardized Tests
concurrent validity of Comprehensive Tests of Basic Skills & teacher's ratings, achievement in 5 curricular areas, 4th–5th grade teachers, 20805
content relevance & coverage of 3 standardized tests of grammatical ability, 16156
curriculum bias in standardized & criterion-referenced reading achievement tests, elementary education, implications for educational placement, 20823
legal problems with standardized testing instruments & legal imperative for using curriculum-based measurement in special education evaluation, 10527
performance on standardized reading tests, placement in mainstream gifted programs, gifted Hispanic bilingual children, 28533
standardized test methods & viewing conditions, screening for congenital & acquired color vision defects, 22226
teacher prediction of correct responses on Science Research Associates Achievement Series, high vs low performance 3rd & 5th graders, 20718
teacher-prepared vs district-wide standardized vs statewide assessment tests, educational decisions, beginning teachers, 23112
test taking skills & strategies, achievement on standardized reading tests, elementary school students, 10423
utilization of cloze & standardized reading tests, investigation of effect of sentence combining on reading comprehension, college students, 15939
validity of Diagnostic Achievement Battery, measurement of academic abilities, 6–14 yr olds, 15913

Standards (Professional) [See Professional Standards]

Stanford Achievement Test
format & direction changes of Stanford Achievement Test & Metropolitan Achievement Test & Comprehensive Tests of Basic Skills, assessment of reading achievement, implications for testing learning disabled students, 10562
Stanford Binet Intelligence Scale
development of standardized IQ scores for MA range below 5.3 yrs on 1972 version of Stanford Binet, severely & profoundly retarded adults, 9427
disparities in IQs derived from WAIS vs WISC vs Stanford Binet Intelligence Scale, institutionalized mentally retarded adolescents & young adults, 17532
effectiveness of Stanford-Binet Intelligence Scale vs PPVT-R as screening instrument for gifted children, 3.8–6.9 yr old preschoolers & kindergartners & 1st graders, 31334
Kaufman Assessment Battery for Children vs McCarthy Scales for Children's Abilities vs Stanford-Binet Intelligence Scales, early intervention placement, 49–73 mo olds referred with learning problems, 31354
Stanford-Binet Intelligence Scale vs WAIS-R IQ scores, 21–55 yr olds, 29004
validity of Kaufman Assessment Battery for Children Global Mental Processing scales vs Stanford-Binet Intelligence Scale Form L-M, gifted children, 26254
validity of Reynell Developmental Language Scales & Stanford-Binet Intelligence Scale & PPVT, prediction of WISC-R scores 4–8 yrs later, 3 & 5 yr olds, 26246
Stanines [See Standard Scores]
Stapedius Reflex [See Acoustic Reflex]
Startle Reflex
acute vs chronic imipramine administration, fear-enhanced startle, male rats, 23945
amygdala vs cerebellar peduncles vs red nucleus lesions, potentiated startle as measure of conditioned fear, male rats, 13928
associative learning of light paired with shock, startle reflex, male rats, implications for function of lateral lemniscus, 5779
auditory vs visual prestimuli followed by lesions to inferior colliculus, amplitude of acoustic startle response, male rats, 3260
cocaine, acoustic startle & relationship to dopamine receptors, male rats, 16606
cocaine vs strychnine, startle responses elicited from acoustic startle vs electrical stimulation of ventral cochlear nucleus, male rats, 26678
food deprivation & shock-conditioned fear, potentiation of acoustic startle response & heart rate, extension of experiment by J. J. Meryman, 8460
habituation & sensitization of acoustic startle response, male vs female 3 vs 26 mo old Fischer vs 3 vs 32 mo old Sprague-Dawley rats, 19225
habituation to patterned vs gray hindwing Catocala moth prey models, startle response to novel gray vs patterned wing models in anomalous context, caged blue jays, 26407
knowledge vs lack of knowledge of occurrence of auditory stimulus, emotional content of startle response, adults, 11186
lisuride & 8-OH-DPAT & other ergot-related compounds, acoustic startle response, rats, 16809
mild reflex-modifying tone to inhibit overt reaction, habituation of startle reflex, rats, 362
naloxone, tailflick response to inescapable footshock & startle response to shock & tones, male rats, 16830
oxytocin doses, startle response, male rats, 21535
potentiated startle paradigm, acoustic startle response & freezing, rats, 11068
prolonged food & water deprivation, activity level & startle magnitude, male rats, 29344
role of transmitters & drugs & behavioral processes, startle habituation, rats, literature review, 16408
short vs long term habituation of acoustic startle response, chronic decerebrate male rats, 11250
spontaneous startle activity, normal & healthy 1–2 day olds with many obstetric complications & prenatal malnutrition, 14160
tonal frequency & intensity modulations prior to glabella tap, amplitude of elicited glabella reflex, college students, 13602
water deprivation for 0–21 hrs & percussive stimulus, thirst drive strength & magnitude of startle reflex, male rats, 8463
Starvation
blood levels of free fatty acids & beta-hydroxybutyric acid & triiodothyronine & noradrenaline as indices of starvation, female 18–39 yr olds with bulimia vs anorexia nervosa, 17648
physiological & psychological effects of extreme starvation, 30484
State Dependent Learning
bilateral hippocampal kindling, state dependent learning in aversive inhibitory avoidance paradigm, male commissurally intact vs split brain rats, 5772
consistency of affective states at learning & recall, recall ability, 4.6–5.6 yr olds, lack of support for state dependent theory, 29596
electrical stimulation of hippocampus, state-dependent learning for & performance on avoidance task, male intact vs split-brain rats, 3236
state-dependent learning & Pavlovian conditioning, behavioral tolerance to drugs, 3272
State Hospitals [See Psychiatric Hospitals]
State Trait Anxiety Inventory
McGill Pain Questionnaire vs MMPI vs SCL-90-R vs State-Trait Anxiety Inventory vs rating scale, assessment of anxiety & depression, chronic pain patients with mean age of 45.6 yrs, 129
psychometric properties of State-Trait Anxiety Inventory for Children & its relationship with standardized achievement measures, assessment of anxiety & academic achievement, kindergartners to 1st graders, 31363
reliability of items on State-Trait Anxiety Inventory, discrimination between actual vs retrospective anxiety, Ss with athletic backgrounds, 23482
Statistical Analysis [See Also Analysis of Covariance, Analysis of Variance, Binomial Distribution, Chi Square Test, Cluster Analysis, Confidence Limits (Statistics), Consistency (Measurement), Effect Size (Statistical), Error of Measurement, F Test, Factor Analysis, Frequency Distribution, Item Analysis (Statistical), Mean, Meta Analysis, Multivariate Analysis, Nonparametric Statistical Tests, Normal Distribution, Parametric Statistical Tests, Predictability (Measurement), Skewed Distribution, Standard Deviation, Statistical Data, Statistical Estimation, Statistical Norms, Statistical Probability, Statistical Regression, Statistical Rotation, Statistical Significance, Statistical Tests, Statistical Weighting, T Test, Time Series, Variability Measurement, Wilcoxon Sign Rank Test]
ability of examinee group, selection of linear vs equipercentile vs item response theory methods of true score equating on mathematics achievement test, high school students, 28609
advantages of ipsative pattern analysis, test battery profiles, 29018
algebraic vs statistical vs optimization version of additive constant problem of multidimensional scaling, 175
analysis of information processing components underlying substitution test performance, 9–11 vs 18–25 vs 60–89 yr olds, 16930
analysis of statistical techniques used in "Journal of Educational Psychology", 1979–83, 4807
analysis of 2-mode 3-way metric unfolding via alternating weighted least squares, 2943
ANOVA vs regression coding vs commonality analysis for analyzing experimental educational data, 28648
APL function for Radlow & Alf's exact chi-square test, 13329
Apple II programs for circular statistical analysis of orientation or biological rhythms, animals, 13347
application of exploratory statistical methods to language pathology & diagnosis, 19–93 yr old acute stroke patients, 19011
application of linearly ordered content domain to spelling, implications for instruction & curricula, 15730
approach for modeling contingency table structure & full rank marginalization, calculation of posterior densities of possible interactions & structure partitioning, Marine corps students grouped by school & test grade, 19018
appropriateness of Classical Latent Additive test model for different reaction modes, 23508
assessment of trends & time series data in clinical practice utilizing C statistic analysis, 19026
basic concepts & applications of configural frequency analysis, 5366
BASIC program, discriminant function analysis, 5260
BASIC program for generation of orthogonal polynomials & trend analysis, 26262
biased estimation in power law, 16199

bootstrap analysis methods, assessment of standard error & statistical accuracy & complicated data structures, implication for FORTRAN, 10861
Cohen's profile similarity coefficient & product-moment correlation, 19022
complementary use of loglinear & correspondence analysis for decomposition of contingency tables, 10884
computer program, calculation of statistics in meta-analysis, 23506
computer programs, fitting ultrametric & additive trees to proximity data by least squares methods, 5226
computer software for application of distribution counting vs general purpose sorting algorithms to sorting of test scores, 26267
computerized analytic technique for identification of multiple rating perceptions in training task factor data, 13489
computerized correlation vs analog techniques, removal of eye movement artifact from EEG, 23808
computerized statistical analysis of themes in "L'Immoraliste" by A. Gide, 21643
computerized 4-program data-analysis system utilizing optical scanning device, 26164
concept of personality types or syndromes defined by configural frequency analysis, 6400
construct & discriminant & concurrent validity of test by L. Duss, female vs male 1st–5th graders, 13393
continuous function of fuzzy set membership values, construction of index of fuzziness, 16193
control of autocorrelation in sequential categorical data of 2 interactants, 26264
control of type I & type II errors in statistical hypothesis testing & sample size, 10867
data aggregation, reliability & validity & transsituational consistency & error measurement, 185
descriptive methods, correlations between component scores from different studies, 16222
descriptive vs inferential quantitative job classification techniques, literature review, 28783
desynchronization of drive & mood as indicator of time structure of manic depression, patients, test of U. Supprion's hypothesis, 14651
discriminant function analysis, search for biochemical markers of alcoholism, 1452
effectiveness of community action group protest against bank, 5-yr longitudinal study, implications for use of interrupted time series analysis in community psychology research, 977
effects of violation of sphericity assumption with respect to Type I error rate of Quasi F, 21032
eigenvalue method vs geometric mean procedure, ratio scaling of Monte Carlo simulations for direct estimation & constant sum response methods, 26259
estimation procedures as alternative to power analysis, 26261
evaluation of measures of discrimination accuracy & ROC curves, comments on approach by J. A. Swets, 26277
evaluation of microcomputer statistical software for research & instruction, academic psychologist & college students, conference presentation, 18867
exploratory data analysis techniques in behavioral sciences, 13504
exponential & power law utility functions, computed upper bound on ruin probability, decision makers, 26281
facet analysis, development of definitional framework for study of job characteristics, executives, 29027
formal equivalence of kappa & del measure of prediction analysis techniques, 8126
formula to test bivariate uniqueness of pairs of subtest scores, Shipley Institute of Living Scale, applications for cognitive & personality measures, 10892
FORTRAN IV programs, data analysis using fuzzy set theory, 5265
Fourier analysis, assessment of score charts for Farnsworth-Munsell 100-Hue Test, 21026
General Unfolding Analysis-Version 2, analysis of preference or dominance data, 10860
genetic epidemiology, criticism of J. S. Williams & H. Iyer's statistical model for analysis of twin family data, 13487
grouping of variables & interpretation of data in etiological studies of affective disorder, 17355
hierarchical analytic strategy, graphical representation & analysis of Rasch model residuals, 13491
history of psychometric theory & structured modeling & data analysis published in "Psychometrika" during past 50 yrs, 18907
history of test theory in psychometrics & relevant articles published in "Psychometrika", 1961–85, 18912
infeasible pairings in matching paradigm & null hypothesis, 2945
information-theoretic approach to testing of exact order of brand choice process, 8138
instruction in coding levels of qualitative variables for multiple linear regression analysis, 10377
internal external locus of control scale, dimensionality of locus of control concept, college students, France, 8065
interrater reliability in Device Effectiveness Forecasting Technique, assessment of scalar properties in Monte Carlo simulation training device, 28994
log linear models, analysis of sequential categorical data on dyadic interactions, 8125
magnitude of dependency among litter mates & Type I error rate distortions from individual vs litter mean scores in open field testing, rats, 29185
matrix comparison via Mantel test, evaluation of behavioral patterns, animals, 184
measurement of organizational & psychological climate, literature review, 2651
measurement of variables within attitude theories on scale level required by respective combination rule, 13449
method for application of EBLOC graph-theoretic technique to cyclically dense data, analysis of social structure of cliques, prison inmates, 1122
method of detecting potentially bad data for improvement of factor analysis, 177
methodological & statistical research issues, effectiveness of schooling, 22865
microanalysis, assessment of extent to which self efficacy measures predict performance, 2949
missing data, statistical analysis of simulated clinical time-series data in behavioral research, 13493
model of normative structure & attitude crossover path, prediction of attitudes toward & trial of new appetite suppressant product, consumer panel members, 13282
modeling chance-adjusted disagreement between raters, 189
Monte Carlo studies & random models & testing of norms & similarity, replication of study by D. Leutner & I. Borg, 19009
Monte Carlo studies & random models & testing of norms & similarity, reply to replication of U. Droge & W. Bien, 19002
multiple regression vs path analytic techniques & iris color, modeling of hearing threshold levels, textile workers exposed to low- vs high-noise levels, 29025
nearest neighbor analysis of data sets & geometric models, implications for theory & methodology, 13502
pair comparison vs appreciation method, analysis of value systems, 13492
Pearson correlations vs multiple regression vs continuous vs discrete discriminate analysis, behavioral consistency over time & context, 21030
permutation statistics in single case design, 6 & 10 mo olds & mentally handicapped 26 & 47 mo olds with sleeping difficulties, 23363
potential for misinterpretation of data sets through faulty statistical analyses & graphical presentation, 26271
probability of coverage tolerance intervals for beta binomial true score model, 19014
problems in pooling multiple observations in 1 data set in ethology research, 10746
procedure for analysis of simulated random samples, detection of heterogeneity associated with intercept in linear regression, 13478
proposed new method of analyzing attrition from research study, representativeness of continuing Ss to original sample, elderly respondents in retirement history study, 29553
random coefficient regression model, multilevel analysis of results from contextual analysis or slopes-as-outcomes approaches & least squares or maximum likelihood estimations, 19007
relative operating characteristics of indices, identification of model of discrimination process implied by index, 13499

reliabilities & duration quotients of clinically derived WISC-R subtest composites, 2889
reliability artifacts in comparable worth procedures, 10596
role of statistical methods in clinical studies, conference presentation, 2934
SCORERECALL program, scoring protocols from multiple free-recall trials, 26368
selection of sample size & type I vs type II errors in statistical inference, comments on article by P. Koele, 10862
selection vs interaction vs systems approaches to fit in structural contingency theory, organizational assessment by personnel & measures of performance, employees in security units, 20881
simple vs harmonic vs exponential logistic curves & modified exponential & Gompertz curves & F. M. Bass's differential equation model, analysis of consumer durables & music recordings & information dissemination, 13488
simplex covariance matrix & growth curves, implications for educational measurement, 2584
simplex model as alternative to "exploratory" techniques in factor analysis of IQ & achievement tests, factor vs simplex vs split simplex analysis of Richmond Basic Skills Test, 11–12 yr olds, 20799
single S statistical analysis of computer assisted biofeedback, 38 yr old male with episodic stress disorder & 21 yr old female with migraine headaches, conference presentation, 18865
single S vs traditional statistical design in steady-state EP research, 27–44 yr old males, conference presentation, 19010
specification searches in covariance structure modeling, 26275
stage scoring vs computer quantification of tonic EEG activity, study of sleep electro- & psychophysiology, 18–40 yr old males, 74
statistical analysis for application of scaling models to data from several groups, 19003
statistical analysis of reading test, measurement of reading comprehension of informative text, 3rd–6th graders, 7746
statistical analysis of reinforcement procedures used in experiments relating to choice, animals, 16359
statistical analysis of Wechsler Intelligence Scale for Children, 154
statistical apparatus for 3-state Markov model of memory development, 10857
statistical method to test for nonrandomness in cyclic sequence, humans & animals, 23493
statistical methods for multiple comparisons between group means, analysis of articles published in New England Journal of Medicine, 1978–79, 26268
statistical model for interpretation of psychological scaling research, 19025
statistical model of child placement decisions, 13367
statistical procedure for cross cultural transportability of deductive measurement, comment on D. E. McCauley & M. Colberg's theory, 13503
statistical procedure in additive vs balance vs emergent properties models of masculinity/femininity interaction & psychological androgyny, 1181
statistical procedures used in cross cultural comparision of hierarchy & despotism & polygyny, reply to criticism by L. Mealy & R. K. Young, 2936
statistical procedures used in cross cultural comparison of sociopolitical variables & reproductive success, criticism of article by L. L. Betzig, 2951
statistical properties of threshold estimation from forced choice psychometric functions, 19020
statistical rules for applicability of 2 path analysis models to same data set, 29029
statistical technique for improvement of split half reliability estimates of Rorschach, premedical college students & clinical outpatients, 23487
statistical vs clinical approaches in psychology, 2808
statistics for single-S research designs, 16205
stochastic multidimensional scaling method, analysis of paired comparisons data & spatial representation of Ss & stimuli, 26263
strategies for reduction of large contingency tables to smaller number of variables to predict nominal dependent variables, 181
subject-based & computer simulation multiobjective decision making analysis methods, implications for management decision making, 26344
tripartite structural analysis & mathematical modeling, implications for social systems, 5358
uniformly better confidence intervals from T. A. Bishop's technique extending C. Stein's 2-stage procedures to general linear model, 10888
use of chi-square tests & D-measures in psi experiments, criticism of H. C. Kaner's argument, 2748
utility of generalizability theory, analysis of national performance monitoring survey, 11–15 yr olds, 15908
validation of sociometric structure with data on individuals' attributes, male inmates surveyed by J. H. Gagnon, 105
validity of structured exploratory data analysis, familial & ethnic influences on cognitive abilities, criticism of article by S. Karlin & D. Carmelli, 23772
variation of decision rules for classification, prediction of response rates & determination of cutoff points for acceptance, credit card holders who received mail offer, test of discriminant analysis in classification procedures, 31584
very simple structure technique of W. Revelle & T. Rocklin, extraction of factors from responses on Rotter's Internal-External Locus of Control Scale for subscale construction, college students, 2909
within-subject correlation & variance measures, assessment of individual differences in faking on self report measures, 28976

Statistical Correlation [See Also Linear Regression, Phi Coefficient, Rank Difference Correlation, Rank Order Correlation]

accuracy of Fisher vs Hotelling transformation of correlation coefficient, power & Type I error rate for small vs large sample sizes, 13479
adjusted least squares coefficients, assessment of degree of association in contingency tables, 5359
aggregation, spurious correlations of behavioral stability, criticism of computer simulation studies of H. D. Day et al, 23497
ANOVA vs simple correlation vs multiple regression, analysis of linear data in behavioral sciences, 19023
BASIC program for estimation of correlations from solved path coefficients, test of goodness of fit of restricted structural equation models, 23499
classification & correlation approaches, assessment of behavioral effects of early maternal restriction & rejection, rhesus monkey infants, 19186
Cohen's profile similarity coefficient & product-moment correlation, 19022
combinatorial data analysis strategy, comparison of 2 arbitrary measures of proximity between objects of set, 10866
computer simulation evaluation in tests of significance for correlation matrix based on cumulative distribution functions, 10876
confidence testing, anomalous responses, medical students, 13494
construction of psychometric computer program using factorial & correlational analysis, 26184
continuous vs binary presentation & magnitude of correlation & expectancy, ability to assess correlational relations, college students, 21163
control of autocorrelation in sequential categorical data of 2 interactants, 26264
conversion of singular matrix to multiple correlation matrix for maximum likelihood factor analysis, 16197
correlated error among dependent & independent variables, moderated multiple regression analysis, 8123
correlation of mean alcohol consumption with other variables over time & determination of medical & social burden to community, comments on research by R. E. Kendell, 24445
correlation of 4 conservatism questionnaires, prediction of humor responses, college students, West Germany, 28996
correlational design, assessment of response rate difference between face-to-face interviews & mailed questionnaires, implications for social change surveys, 13340
correlations & discrepancy scores among Wechsler intelligence vs memory scale quotients, 16–50 yr old closed-head-injured patients, 18987
descriptive methods, correlations between component scores from different studies, 16222
disattenuated correlation of behaviorally anchored vs mixed standard vs Likert-summated vs forced choice vs simple graphic rating scales, performance appraisal, review of research, 5275

estimation of correction of correlation coefficients rising from range restricted populations, 10850
external validity in psychology laboratory experiments, 13328
factor analysis of Stewart Personality Inventory & correlations of subscales with California Psychological Inventory & Eysenck Personality Inventory, 19–42 yr old college students, 10839
formula for assessment of reliability of correlation coefficients in test-retest designs, 10864
FORTRAN IV program for estimation of statistical power in correlational research, 26266
inflated significance, assessment of individual correlations from correlation matrix, 8122
jackknife vs multicrossvalidation vs analytical formula method, estimation of shrinkage of multiple coefficient of correlation, 5355
Kappa coefficient, measurement of agreement between Os over time using continuous nominal scales, implications for significance testing, 13480
linear correlational techniques vs hierarchical clustering models, intergenerational cohesion, older parent-adult child dyads, 5252
measure of association between nominal & ordinal variables & sampling distribution, 2940
method for testing correlations between 2 measures derived from small samples, determination of equivalence of WAIS-R & WISC-R scores, deaf adolescents, 23495
paired comparison methods in educational research, assessment of dimensionality of judgment criteria & identification of source of data intrasitivity, adults as judges, 7757
partialling vs variance-isolation procedures as models of variance of correlated variables, 5356
Pearson product-moment correlations between WAIS-R & Wide Range Achievement Test, patients with suspected dementia, 9580
per capita alcohol consumption as crucial variable in determination of social & medical burden to community, reply to comments by S. W. Duffy, 24450
psychometric contamination in correlational studies of depression & self esteem, college students, 13384
psychophysics of covariation detection in judging variable relatedness, college students vs statistical experts, 13490
reliability & validity of self report ego strength questionnaire & correlation with 16PF subtest & school conduct, 16124
robustness of meta-analytic method, 21037
rules for determination of number of components to retain, 21041
skewed data distributions, permutation tests of association, 10863
statistical tables, estimation of effect size for differences between correlation coefficients & between independent proportions, educational & psychological testing implications, 13495
statistical tests for serial correlation & time series analysis resulting from repeated measures designs, 5363
structural models for perfect circumplex & quasicircumplex, 19005

Statistical Data

BASIC program for ranking statistical data, 13377
grouping of variables & interpretation of data in etiological studies of affective disorder, 17355
metric & nonmetric models for standard printer scatterplots, 19015

Statistical Estimation [See Also Least Squares, Maximum Likelihood]

accuracy of Rasch estimates in item discrimination, 26282
ALPHATAB program, lookup table for Bayesian estimation of ability for use in computerized adaptive testing, 10764
applicability of Shipley Institute of Living Scale to WAIS conversion to WAIS-R, minimum security prisoners, 28921
applications of Rasch vs alternative model that includes guessing parameter, selection of items to obtain discrimination between abilities near latent trait value, 29012
basic linear model under multivariate normal theory, comments on article by D. J. Bartholomew, 10853
Bayesian procedure for estimation of ability & difficulty parameters of Rasch's multiplicative Poisson model for misreading of achievement tests, students, 28614
Bayesian procedure for estimation of parameters in 2-parameter logistic item response model, 2955
Bessel function algorithm for obtaining uniform minimum-variance unbiased estimates for log-normal distributions, 29014
biased estimation in power law, 16199
classic averaging vs Bayesian inference method, estimation of auditory brain stem response when electrical activity is nonstationary, 21293
constrained quadratic spline estimator of hazard function of random variable, 2937
development of equations for estimates of full MMPI scale scores for Improved Readability Form for use with cognitively impaired, hospitalized psychiatric patients, 28924
estimated parameter variance-covariance matrix, determination of experimental design for averaging model parameters in information integration theory, 5376
estimation of correction of correlation coefficients rising from range restricted populations, 10850
estimation of tau & lambda & kappa statistics with small sample sizes, 29028
estimation procedures as alternative to power analysis, 26261
evaluation of performance of robust vs conventional schemes, ability estimation in conjunction with logistic item response theory models, 8139
experimental situation & response sequences, probability of correct response in associative learning, 5364
factor analysis & loadings & estimation & least squares, nonnormally distributed variables & 2nd- & higher-order cross products, 2952
factor score estimates as conditional expectations of random variables, comments on article by D. J. Bartholomew, 10849
formula-based estimation of cross validity, 21033
intuitive vs maximum likelihood method, estimation of effects of countermeasure on number of traffic accidents at road junctions, 20829
investigated accuracy & reliability of F. L. Schmidt et al procedure for estimating standard deviation of job performance in dollars, 29013
jackknife vs multicrossvalidation vs analytical formula method, estimation of shrinkage of multiple coefficient of correlation, 5355
magnitude-estimation response pool, production of lingual vibrotactile magnitudes, 18–40 yr olds, 19040
maximum likelihood vs robust estimation vs Rasch model of person analysis, estimation of examinee ability & identification of measurement disturbances, 5283
methods for estimation of impact of expected demographic & socioeconomic shifts, product demand, US, 8131
model & estimator of examinee-level measurement error & test form difficulty adjustments, 29017
Neyman-Pearson hypothesis testing model, realized vs specified error-risks in estimation of pilot-sample population variance estimate, 13497
order restricted inference analysis, test of theories regarding genetic makeup of patients with unipolar affective disorder, 10878
procedure for statistical estimation of power spectral density from EEG time series data, 13496
reanalysis of regression coefficient of offspring IQ on parental IQ & need for caution in estimating coefficient from restricted sample, comment on findings of C. Benbow et al, 191
robustness of LOGIST computer program based on item response theory model, estimation of test item & trait parameters, 26270
SIMDATA & BAYIRT computer software, Bayesian estimation of parameters in 3-parameter logistic model & mode of joint posterior distribution of parameters, 8135
simulation studies, analysis of assumptions & approximations in biased network theory of A. Rapoport, 27151
use of reliability estimates, articles published in Nursing Research & Research in Nursing & Health, 1978–82, 13351
validity of key informants vs health surveys, estimation of health risk behavior, reply to comments by R. E. Overstreet & I. Rootman, 8059
validity of key informants vs health surveys, estimation of health risk behavior, comments on article by E. Deaux & J. W. Callaghan, 8099
1- vs 2-parameter logistic latent trait model, estimation of person & item difficulty parameters for responses to attitude survey with varied sample size, employees of companies, US, 23436

Statistical Measurement [See Also Binomial Distribution, Frequency Distribution, Mean, Normal Distribution, Predictability (Measurement), Skewed Distribution, Standard Deviation, Statistical Norms, Statistical Probability, Variability Measurement]
bootstrap analysis methods, assessment of standard error & statistical accuracy & complicated data structures, implication for FORTRAN, 10861
conditional violations of axioms in additive conjoint measurement, evaluation of potential models for fitting components of multidimensional stimuli, 10875
constants in curve fitting, measurement of learning & transfer, 187
continuous function of fuzzy set membership values, construction of index of fuzziness, 16193
first differences vs 2-wave panel models of social change, 8130
percentage & correlational methods vs event-by-event examination of O's records, estimation of reliability of duration data, 8034
Statistical Norms
assessment of similarity of multidimensional scaling configurations, 176
magnitude-estimation response pool, production of lingual vibrotactile magnitudes, 18–40 yr olds, 19040
Monte Carlo studies & random models & testing of norms & similarity, replication of study by D. Leutner & I. Borg, 19009
Monte Carlo studies & random models & testing of norms & similarity, reply to replication of U. Droge & W. Bien, 19002
statistical evaluation of Box and Block Test, measurement of manual dexterity norms, male vs female 20–94 yr olds in 5-yr interval age groups, 10813
statistical norms & reliability of Children's Depression Inventory, 8–16 yr olds, 16180
statistical norms for revised Missouri Children's Behavior Checklist-Parent form, parents of 9–14 yr olds, 16177
statistical norms for RT & pursuit rotor & hand tapping & arm-hand steadiness psychomotor tasks, male & female 1st–10th graders, 19637
Statistical Probability [See Also Binomial Distribution]
ALPHATAB program, lookup table for Bayesian estimation of ability for use in computerized adaptive testing, 10764
Bayesian analysis of impact of situational variables, prediction of client behavior, 20290
Bayesian inferential methods, response definition in psychophysiology, 19364
Bayesian procedure for estimation of ability & difficulty parameters of Rasch's multiplicative Poisson model for misreading of achievement tests, students, 28614
comparison of power rates for combined probability procedures, 21039
computer program to solve hypergeometric probability of contingency tables, 26265
probabilistic sets & their entropy, measurement of ambiguity of random & fuzzy clustering algorithms, 16204
reliability of observations & sample size & shape & magnitudes of treatment effects, power of paired samples rank transform vs Wilcoxon's signed ranks statistic, 10854
representativeness of events, conjunction error, college students, decision making implications, 21166
Statistical Regression [See Also Linear Regression, Multiple Regression]
adjusted least squares coefficients, assessment of degree of association in contingency tables, 5359
ANOVA vs regression coding vs commonality analysis for analyzing experimental educational data, 28648
approximation of confidence intervals in fixed & random predictive regression models, 21029
bootstrap analysis methods, assessment of standard error & statistical accuracy & complicated data structures, implication for FORTRAN, 10861
covariance & regression slope models vs correlation model, assessment of validity generalizations, 29023
criterion-scaled vs dummy variable regression, repeated measures/randomized blocks ANOVA, 13485
inconsistent aggregation, bias in regression coefficients in State Education Statistics, 13148
instruction in coding levels of qualitative variables for multiple linear regression analysis, 10377
intuitive vs maximum likelihood method, estimation of effects of countermeasure on number of traffic accidents at road junctions, 20829
item-ability regression model, analysis of psychometric properties of Graduate Record Examination item types & determination of fit for latent trait model, 10769
least squares vs diagnostic measures of leverage & influence, estimation of regression coefficients, 16206
reanalysis of regression coefficient of offspring IQ on parental IQ & need for caution in estimating coefficient from restricted sample, comment on findings of C. Benbow et al, 191
regression analysis, investigation of sex discrimination in salaries, criticism of L. W. Seberhagen's study, 28767
regression equations of H. E. Nelson & P. McKenna, assessment of premorbid Full Scale IQ on WAIS vs Schonell Graded Word Reading Test vs National Adult Reading Test, patients with Alzheimer's disease, 27575
regression of observed variables on component variables in principal components analysis, 10870
use of statistical regression for predictive purposes, 190
Statistical Reliability
accuracy of self-report of household energy conservation, adults in home energy survey, 8009
cross-sample generalizability of Fear Survey Schedule-III dimensions, invariance of phobic factors, noninstitutionalized phobics vs heterogeneous psychiatric inpatients, 26189
estimation of acuity for sinewave luminance gratings, determination of reliability & individual differences in visual EP measurements of visual acuity, 17–25 wk olds, 24144
factor indeterminancy of generalizability theory & common factor analysis based on random effects model of ANOVA, 29031
inter- & intrasession reliability, psychophysiological poststress adaptation, college students, 13859
internal reliability & modification of H. Eysenck's scale, measurement of sexual attitudes, 10790
investigated accuracy & reliability of F. L. Schmidt et al procedure for estimating standard deviation of job performance in dollars, 29013
need for understanding of reliability coefficients & standard error of measurement in interpretation of scores of Luria Nebraska Neuropsychological Battery, 10797
PASCAL computer program, assessment of interrater reliability & calculation of kappa statistic of nominal scales, 5279
Pearson correlations vs multiple regression vs continuous vs discrete discriminate analysis, behavioral consistency over time & context, 21030
reliability of Axes I & II of DSM-II & DSM-III, psychodiagnosis, child psychiatrists & clinical child psychologists, 11878
reliability of axis V of DSM-III & effects of psychiatric diagnosis & age & ethnicity & marital status & sex, 20–60 yr old psychiatric inpatients, 27296
reliability of measurement instrument, power of significance test in block design, 26273
reliability of psychiatric diagnosis in emergency room, patients subsequently hospitalized, 2099
reliability of scholastic success predictions, vocational guidance counselors vs teachers of high school students, France, 25889
systematic biases in sequential data-analytic techniques, analysis of temporal organization of coded social interaction units, 14430
temporal stability & response order bias in content of retrospective reports on organizational decision to initiate research project, principal investigators at research laboratory, followups at 6-mo intervals, 13209
use of reliability estimates, articles published in Nursing Research & Research in Nursing & Health, 1978–82, 13351
validity & reliability of abbreviated version of Family Coping Strategies scale, couples, 16120
Statistical Rotation
rotation to perfect congruence, cross validation of variable-component correlations & component weights across populations using same variables, 16223
Statistical Sample Parameters
mean & size & variability of sample, intuitive judgments on normal distribution data, college students, UK, 23498

method for testing correlations between 2 measures derived from small samples, determination of equivalence of WAIS-R & WISC-R scores, deaf adolescents, 23495
Pascal program for P. A. Games & J. F. Howell's procedure for multiple comparisons among means of groups with unequal variances & sizes, 23511
reliability of observations & sample size & shape & magnitudes of treatment effects, power of paired samples rank transform vs Wilcoxon's signed ranks statistic, 10854
1- vs 2-parameter logistic latent trait model, estimation of person & item difficulty parameters for responses to attitude survey with varied sample size, employees of companies, US, 23436
Statistical Samples [See Also Statistical Sample Parameters]
accuracy of Fisher vs Hotelling transformation of correlation coefficient, power & Type I error rate for small vs large sample sizes, 13479
Bartlett's test, measurement of departure from sphericity hypothesis, comments on D. N. Lawley's vs A. R. Baggaley's approximations of average off-diagonal correlations, 21035
BASIC program, multivariate profile analysis for 2 independent samples, 23512
control of power & determination of sample sizes in planned comparisons, 10889
Neyman-Pearson hypothesis testing model, realized vs specified error-risks in estimation of pilot-sample population variance estimate, 13497
principal components analysis of WAIS-R on matrix of intercorrelations between subtests, standardization sample vs 16–17 vs 70–74 yr olds, 26196
validity of statistically derived prediction instruments & sample selectivity, recidivism, criminals, 8104
validity of use of family samples from normal populations in substance abuse research, families willing vs unwilling to participate in substance use study, 23383
Statistical Significance
accuracy of Fisher vs Hotelling transformation of correlation coefficient, power & Type I error rate for small vs large sample sizes, 13479
ANOVA vs randomization vs contingency tables, testing statistical significance of rule-based models of human problem solving, 16207
chi-square test of R. A. Fischer for significance of combined results from several independent studies, 26278
comparison of power rates for combined probability procedures, 21039
comparison of Type I error rates & powers of 2-sample multivariate rank vs normal scores procedures vs Hotelling's T-2, 26286
computer simulation evaluation in tests of significance for correlation matrix based on cumulative distribution functions, 10876
cumulation of Type I & Type II error probabilities in hypothesis testing research & use of tests of significance, applications to educational & psychological research, 26283
false negatives on MacAndrew Alcoholism Scale & elevated repression scores, measurement of addictive personality, male chronic alcoholics vs drug addicts, 28937
FORTRAN IV program for estimation of statistical power in correlational research, 26266
FORTRAN IV simulation algorithm, testing robustness properties of 2-way nonorthogonal ANOVA, 5369
inflated significance, assessment of individual correlations from correlation matrix, 8122
magnitude of relationships for statistically significant findings in social work journals, 1981–83, 8133
microanalytic congruence measure, assessment of relationships between self judged efficacy behavior, 2941
need for caution in interpretation & provision of tables of statistically significant differences in subtest scaled scores on Test of Reading Comprehension, 28599
PASCAL microcomputer program, computation of Tukey-Kramer pairwise multiple comparison procedure, 5370
power analysis at level of combined probabilities, 8136
power of Wilcoxon W test vs Student's t test, 16219
procedure & justification of directional 2-tailed test of significance, 2946
reliability of experimental measures, power of significance tests, 26285
reliability of measurement instrument, power of significance test in block design, 26273
robustness of meta-analytic method, 21037
significance levels & effect size related to flaws in ganzfeld psi studies, meta-analysis, 1974–81, 5166
significance test for use with tables provided by R. S. Barcikowski for analyses based on group means & intraclass correlation coefficient in educational research, 28589
statistical power of training evaluation designs, 2800
use of Bonferroni procedure in significance testing & methods for alleviation of loss of statistical power, 29024
Statistical Tables
approach for modeling contingency table structure & full rank marginalization, calculation of posterior densities of possible interactions & structure partitioning, Marine corps students grouped by school & test grade, 19018
FORTRAN program, nonasymptotic chi square analysis of contingency tables with small expected cell frequencies, 23494
inconsistent aggregation, bias in regression coefficients in State Education Statistics, 13148
linear transformation equations, development of nonnormalized T-score tables based on contemporary normative MMPI data, 23510
significance test for use with tables provided by R. S. Barcikowski for analyses based on group means & intraclass correlation coefficient in educational research, 28589
statistical tables, estimation of effect size for differences between correlation coefficients & between independent proportions, educational & psychological testing implications, 13495
strategies for reduction of large contingency tables to smaller number of variables to predict nominal dependent variables, 181
validity of State Education Statistics table, inferences about education indicators used in policy making & recommendations for improved data collection & analysis, US, 13152
1-sided exact Z test, hypothesis of equal stress probabilities in comparative trials contingency tables, 13486
Statistical Tests [See Also Chi Square Test, F Test, Nonparametric Statistical Tests, Parametric Statistical Tests, T Test, Wilcoxon Sign Rank Test]
ANOVA vs randomization vs contingency tables, testing statistical significance of rule-based models of human problem solving, 16207
bivariate uniqueness analysis, uniqueness of pairs of scores on profile tests, 28966
control of power & determination of sample sizes in planned comparisons, 10889
effects of violation of sphericity assumption with respect to Type I error rate of Quasi F, 21032
instruction in concept & application of power considerations & statistical tests, 10351
method for testing correlations between 2 measures derived from small samples, determination of equivalence of WAIS-R & WISC-R scores, deaf adolescents, 23495
reliability of measurement instrument, power of significance test in block design, 26273
statistical procedure for determination of uniqueness of test scores in test profile in multivariate chi-square distribution, applications in computer-based test interpretation programs, 29016
use of chi-square tests & D-measures in psi experiments, criticism of H. C. Kaner's argument, 2748
1-sided exact Z test, hypothesis of equal stress probabilities in comparative trials contingency tables, 13486
Statistical Validity [See Also Factorial Validity, Predictive Validity]
accuracy of teachers' rating of academic ability in mathematics or English, 2nd graders & their teachers, 7755
accurate estimates of validity of job/test combinations, less experienced industrial psychologist judges, 26221
approximation of confidence intervals in fixed & random predictive regression models, 21029
attitudes toward spouses & their marriage & marriage in general, validation of marital questionnaire, 18–50 yr olds who were happily married vs filing for divorce, 5343
comparison of results for noninteractive vs interactive vs independent multiplicative vs Taylor Series 1 & 2 validity generalization procedures, 21028

computer simulation & validity of equating method in latent trait model, 16216
confirmatory factor analysis, evaluation of discriminant & convergent validity of multitrait-multimethod matrices, 26280
convergent validity & temporal stability & age-related patterning, home observation & Infant Behavior Questionnaire as measurements of infant temperament, infants tested at 3 vs 6 vs 9 mo old, 24223
convergent validity of 6 methods of attribute importance measurement, consumer decision making, female college students, 23370
covariance & regression slope models vs correlation model, assessment of validity generalizations, 29023
discriminate validity, Psychiatric Diagnostic Interview, medical patients vs psychiatric inpatients vs outpatients, 19973
evaluation of internal & external validity, case studies in "American Journal of Clinical Hypnosis", 1973–83, 10417
formula-based estimation of cross validity, 21033
framework for evaluation & strengths & weaknesses of criterion-related validating designs, 29030
jackknife vs multicrossvalidation vs analytical formula method, estimation of shrinkage of multiple coefficient of correlation, 5355
multiple absence measures & multivariate normality, study of employee absenteeism, 102
participant reports & use of demographic variables & estimates of SES & reading level & structural modeling, statistical conclusion validity of career education program evaluation, high school students & teachers, 10354
rank order vs unit vs critical incident vs regression methods of weighting predictors, composite scores in concurrent vs cross validity job analysis studies, college housing residents, implications for personnel psychology, 5354
role of general & cognitive ability in prediction, 171
rotation to perfect congruence, cross validation of variable-component correlations & component weights across populations using same variables, 16223
statistical validity & situational specificity hypothesis in personnel selection, postal workers, 2837
statistical validity in repeated measures & random block design, 8128
validity & consistency & reactivity of afternoon naps, assessment of sleep-onset insomnia, college students, 12219
validity & reliability of abbreviated version of Family Coping Strategies scale, couples, 16120
validity generalization procedures, 28923
validity of assertion & conversation role-plays as social skills assessment, male patients in maximum security psychiatric hospital, 30953
validity of clinical & diagnostic history & questionnaires vs psychiatric interview, diagnosis of alcoholism, hospital patients, 12091
validity of DSM-III subgroups of anxiety states & phobias, patients meeting DSM-III anxiety disorder criteria, 23483
validity of mean squared error measure vs weighted error, quality criterion for pictures reproduced for human viewing, 26276
validity of National Institute of Mental Health Diagnostic Interview Schedule for Children, 7–11 yr old psychiatric vs pediatric referrals, 13381
validity of Pearlin-Schooler method of analysis of strain & coping, 188
validity of polygraph testing, implications for government usage, 96
validity of scoring system for eating disorder inventory, reply to response by T. H. Ollendick & K. J. Hart, 26212
validity of subjective experiences of exertion & speed feedback as compared to bicycle ergometer, monitoring & control of intensity of individual running speed, 18–24 yr olds, 10897

Statistical Variables [See Also Independent Variables]
factor analysis & loadings & estimation & least squares, nonnormally distributed variables & 2nd- & higher-order cross products, 2952
factor analysis of measured variables & dichotomous test items & estimation of factor loadings & maximum likelihood solutions, 19021
FORTRAN program for Johnson-Neyman statistical technique, determination of group differences while controlling for influence of independent variables, 23504
limited freedom of choice in research situations, interpretation of independence of variables & action, 16098
measure of association between nominal & ordinal variables & sampling distribution, 2940
partialling vs variance-isolation procedures as models of variance of correlated variables, 5356
psychophysics of covariation detection in judging variable relatedness, college students vs statistical experts, 13490
strategies for reduction of large contingency tables to smaller number of variables to predict nominal dependent variables, 181

Statistical Weighting
analysis of angular variation vs ANOVA, group differences in raw vs flattened ALSCAL-derived weights in Monte Carlo results, 10879
analysis of 2-mode 3-way metric unfolding via alternating weighted least squares, 2943
comparison of 7 mathematical models & value & uncertainty as weighting factors in impression formation, college students, 14474
factor analysis & loadings & estimation & least squares, nonnormally distributed variables & 2nd- & higher-order cross products, 2952
finding common configuration & weights in individual scaling, 10886
incidence of sleep disorders & weighting of Zeiss aversiveness scores, part-time students, 22235
item weighting for improved efficiency of diagnostic scales, 10820
median split procedures, Bem Sex-Role Inventory gender role classifications & demographic characteristics, males vs females 17 yrs & older, 5276
oblique multiple group component analysis of salient weights, factor structure of MMPI scale intercorrelations & indices, job applicants vs inmates vs psychiatric patients vs theology students, 13394
rank order vs unit vs critical incident vs regression methods of weighting predictors, composite scores in concurrent vs cross validity job analysis studies, college housing residents, implications for personnel psychology, 5354
rotation to perfect congruence, cross validation of variable-component correlations & component weights across populations using same variables, 16223
social desirability response bias as source of discrepancy between subjective weights & regression weights, college students, 23400
validity of mean squared error measure vs weighted error, quality criterion for pictures reproduced for human viewing, 26276
weight matrix in asymptotic distribution-free methods, 10871

Statistics
amount of data required for successful classroom demonstrations of statistical concepts, 10344
ANOVA of residuals vs ANCOVA as least squares estimation of model parameters, implications for statistical instruction, 10358
applied statistics course for bachelor's degree, employment in government & industry & business, college students, Brazil, 10369
consumer-oriented research teaching technique, anxiety reduction in experimental design & statistics course, college students, 31169
instruction in coding levels of qualitative variables for multiple linear regression analysis, 10377
instruction in concept & application of power considerations & statistical tests, 10351
knowledge of statistics & perception of health risks of smoking, male vs female college statistics students, 3651
misconceptions & errors in behavioral statistics textbooks, 10320
multiple quiz vs traditional vs multiple final method of testing, statistics mastery, college students, 12997
parameter values & distributions, behavioral sciences, 10881
role of statistics in psychiatry, 19012
simulation exercise of labor-management dispute in descriptive statistics course, college students, 15711
spatial & verbal & mathematical ability & feminist & mathematics attitudes, prediction of achievement in statistics course, male vs female graduate students, 25905
statistical consulting in college environment, 10308
statistical reasoning training, thinking about & solving everyday problems, adults & high school & college students, 29079

statistics achievement, female vs male college students, 15732
statistics course, form & structure of cognitive organization of statistical concepts, college students, 12971
Status [See Also Occupational Status, Socioeconomic Status]
ascribed status & lexical diversity & accent, perceived status & solidarity & control of speech style, college students, 19813
cycle of popularity & interpersonal relations, females in middle school settings, implications for self esteem & adult friendship, 24175
defendant's power & conformity status & degree of deviance & activity significance of offense, levels of assigned punishment, college students, 21941
development of cognition of social status, kindergartners vs 1st vs 2nd vs 3rd graders, 26911
direct vs indirect speech acts, face management & speaker status & social information, college students, 29951
expectation advantage created by diffuse status characteristic of sex, task cues of verbal latency & initial gaze length & verbal loudness, college students, 9100
face-to-face interaction & conversation & hormonal activity & sympathetic nervous system changes in response to stress, allocation of status ranks & dominance behavior, human & nonhuman primates, 27144
humor patterns, formal & informal status, business vs health care task oriented groups, partial support for superiority theory of humor, 29945
individual & group characteristics of prosocial interaction & person-group similarity, social status & peer popularity, male children in summer program for behavioral & social problems, 20072
interaction in group decision making task & subsequent random assignment of supervisor vs worker vs O label, self & social perception of initial interaction, male college students, 21945
life domain satisfaction & social status, urban residents, Great Britain, 3759
orientation toward power & peer relations, homemakers vs working vs retired females, implications for social work practice, 24222
perception of status of people 5–100 yrs old, 17–35 yr olds, 16866
residential & work setting status, judgments of occupants & setting itself, college students, 29976
social status, children & adolescents & adults with learning disabilities, literature review, 1469
status-participation & high-cultural interests & activities, educational attainment & marital selection, adult males vs females, 11-yr followup, 14269
Swiss vs High German & situation formality, subjective social status & solidarity, 14–15 yr olds, Switzerland, 11502
symbolic values borrowed from Spanish, expression of differences in ritual status internal to peasant communities, Mexicano speakers, Mexico, 29793
Stealing [See Theft]
Stelazine [See Trifluoperazine]
Stepchildren
characteristics of stepsibling relationships in remarried families, implications for developmental tasks for children of divorce, 9008
family belief systems & developmental stages & boundary & hierarchy issues, family therapist role & therapeutic processes, stepfamilies, 4387
family relationships & psychological adjustment, male vs female 9–12 yr olds & their stepparents, 21824
family relationships & special problems in stepfamilies, implications for counseling, literature review, 6237
family relationships, stepfamilies vs 2-parent vs single parent families interviewed when eldest child was 2 or 5 or 10 yrs old, 26987
stepchildren, stability & satisfaction of 2nd marriage, spouses, 29857
Stepparents
adjustment & symptoms, stepmother syndrome, stepmothers, 27005
family belief systems & developmental stages & boundary & hierarchy issues, family therapist role & therapeutic processes, stepfamilies, 4387
family relationships & psychological adjustment, male vs female 9–12 yr olds & their stepparents, 21824
family relationships & special problems in stepfamilies, implications for counseling, literature review, 6237
family relationships, stepfamilies vs 2-parent vs single parent families interviewed when eldest child was 2 or 5 or 10 yrs old, 26987
guidelines for problems encountered in stepfamilies, 3591
Jungian analysis of role played by mother & stepmother characters in archetypal fairy tales & myths, 24065
social casework & adoption after death of natural mother, adoptive stepmother of husband's 5 yr old daughter, 30861
stepchildren, stability & satisfaction of 2nd marriage, spouses, 29857
stepfamily dynamics, implications for self help & family therapy, 22388
Stereopsis [See Stereoscopic Vision]
Stereoscopic Presentation
determination of thresholds for anaglyphic dynamic random element stereograms that reverse in depth, 27–34 yr olds, 16271
partial vs whole surface slant with vs without disparity discontinuities, stereoscopic depth perception, 2977
procedures of C. Wheatstone vs D. Brewster, depth perception in stereograms, college students, 23559
random dot stereograms & binocular contrast stimuli, visual EP components, adults with normal vision, 11170
Stereoscopic Vision
alternating frequencies of dichoptic stimulus presentation, frequency of fusion & loss of fusion & binocular depth perception, 16–45 yr olds, 29607
cortical neural response to dynamic random dot stereograms lacking depth cues other than disparity, monkeys, conference presentation, 3167
determination of thresholds for anaglyphic dynamic random element stereograms that reverse in depth, 27–34 yr olds, 16271
development & assessment of monocular vs binocular acuity vs stereoscopic vision, 0–11 mo olds, 794
dichoptic strobe illumination, nasal/temporal asymmetries in monocular optokinetic nystagmus & optokinetic after-nystagmus, stereoblind vs normal 18–52 yr olds, 226
dichoptic viewing of moving random-dot stereograms, perception of motion in depth vs lateral movements, 218
dim violet bar vs random-dot stereograms superimposed on bright yellow background, depth perception mediated by blue-sensitive mechanism, 508
discrimination of retinal disparity stimuli for diplopic vs fused images, 3160
fixation on stationary point vs tracking of moving target, magnitude of Pulfrich stereoeffect, humans, 16264
geometric ways to compute retinal disparity, 16195
monocular processing involving edge-detecting mechanisms, stereopsis, 2991
relation of random dot stereo illusion to Anstis-Howard-Rogers effect, adult Ss, 16248
relationship between & characteristics of visual pathways mediating stereopsis vs binocular rivalry, 29303
spatial frequency & retinal eccentricity & distance from fixation point, stereo & vernier acuities within spatial channels, adult Ss, 21114
stereoscopic phenomenon & depth perception vs monocular vision, development of vision theories of C. Wheatstone vs D. Brewster, 23577
subjective contours of stereograms, stereoscopic capture & matching of elements that convey no disparity information, experienced Ss, 23567
vertical disparity tolerance in random dot stereograms, O's with normal acuity & stereo vision, 29055
Stereotaxic Atlas
motor performance task, brain electrical activity, adults, 13789
Stereotaxic Techniques [See Also Brain Stimulation, Chemical Brain Stimulation, Electrical Brain Stimulation, Spreading Depression]
amygdala electrical activity using stereotactic technique & implications for altering of aggressive conduct of patients with epilepsy & schizophrenia & mental deficiencies, 23356
nuclear magnetic resonance, visualization of stereotactic brain lesions, 29 yr old male suffering from anxiety & erythrophobia & alcohol abuse, 1998

Stereotyped Attitudes
age & school curriculum, sex role stereotypes & preferences for sex typed activities or games, male vs female 5 vs 7 yr olds in parochial vs progressive school, 13018
age, attitudes toward old persons, male graduate students vs 58–72 yr old retirees, India, 24164
asymmetry of perceived similarity between persons in relation to degree of social stereotypy of person concerned, 6353
attitudes toward Jews & economic issues, Black male vs female college students, 20759
auto- & heterostereotyped attitudes, aboriginal vs Anglo-Australian 9th & 11th graders, Australia, 31256
belief that new acquaintance was psychotherapy client vs psychology student, interpersonal interaction, college students, implications for stereotypes of psychotherapy clients, 29968
Bem Sex Role Inventory scores & internal vs external sexism & perceived innate sex differences, male vs female college students, 29916
bias in trait attributions & stereotype judgments of personality-role congruence & likability of target S, college students, 21937
changes in personal stereotypes, college students, 11752
cognitive processing model of effects of intergroup contact, generalization of attributes from sample to population & aspects of & contexts for changing stereotyped attitudes, 11717
content analysis of sex role portrayals in adult & children's TV material, 14078
content analysis, pictorial representation of males vs females in popular computer magazines, 21891
contribution of language use to group stereotypes, Westerners vs Chinese Ss speaking English vs Cantonese, 17039
degree of sex role stereotypy & causal attributions, relationship between varying amounts of noncontingent reinforcement & subsequent performance, male vs female college students, implications for learned helplessness & reactance theories, 17203
development of Gender-Stereotyped Attitude Scale for Children, kindergartners & 1st & 2nd & 4th graders, 2918
differential socialization & role stereotypes, females, Japan, 11694
early childhood sexism in family, low self esteem & sense of insecurity characteristic of underlying depression, functioning females, 30225
ethnicity & sex, preference for gender-stereotypic job applicants, Micronesian vs US college students, Guam, 3627
gender labels, evaluation of sex typing of occupations, 3rd vs 5th graders vs high school vs college students, 938
gender role stereotyping as social ecological barrier, group therapy effectiveness, 12460
gender stereotypes & cognitive organization, literature review, 19758
group gender composition & sex role attitudes, self perceptions & social behavior, male vs female androgynous vs sex role stereotyped college students, 9063
historical experience with alcoholism & construct accessibility, judgments of drinking habits of hypothetical others, college students, 21948
infant welfare movement & medical profession's attempts to legitimize supervisory role over mothers, stereotype of females as incompetent, early 20th century, Australia, 29914
instruction-set, attitudes measured by questionnaire on sex-role stereotyping in clinical functioning, psychiatrists & psychologists & social workers, replication of study by I. Broverman et al, 4779
inter- vs intragroup ethnic stereotyping, Spanish vs Malaysian vs American college students, 3575
labeling as full- vs pre-term, maternal relations with unfamiliar infants & stereotyped attitudes, 20–34 yr old mothers & male vs female college students, 21844
level of categorization & content of gender stereotypes, college students & adults, 29915
masculine & feminine stereotypes, 20–35 yr old female vs male college students vs textile & metallurgical workers, Spain, 27101
measure of attitudes toward women, 18–35 yr old rapists, detained at mental health center vs incarcerated, 24801
model of psychological health & traditional vs liberated sex role stereotypes, professional personnel, 6295
mother's employment, development of sex role stereotypes, 5–7 yr olds, reply to article by L. M. Jones & J. L. McBride, 26878
negative stereotyped attitudes toward & of sales personnel, implications for training, 13175
novel stimuli labeled for own vs opposite sex, exploratory behavior & memory for stimuli, 4–9 yr olds, 29670
occupational image subcultures of nursing profession, job attitudes & performance expectations for rewards, 26–30 yr old staff nurses, 31497
own-race bias in construction of lineups using Black & White "suspects", Black vs White college students in mock criminal investigations, 11646
perception of female protagonist on TV, 3–5 vs 6–7 vs 9–10 yr olds, 8851
perception of own vs peers' leadership style, male vs female college students, 1148
perception of sexism in gender-biased language, college students, conference presentation, 14401
perception of stereotypes & personality of brass vs woodwind vs string vs percussion players, high school musicians, 11477
perceptions & change in sex role stereotypes, male vs female college students, replication of sex role conception study by A. C. Sherriffs & J. P. McKee, 19779
personality traits & stereotyped attitudes & behavior, cognitive impression formation processes, college students, 21952
physical attractiveness &/vs gender role behavioral information, inferences of stereotypic dimensions, male & female college students, 24513
physical attractiveness stereotyping & individual differences in cognitive structure & political party affiliation, active party supporters, Canada, 1147
physical attractiveness stereotyping in verbal messages & sexism on TV commercials, college students, 21882
play with stereotypically masculine vs feminine toys, motor activity level & vigor of play, male vs female 14–28 mo olds, 26929
pretour information booklet & intergroup contact, stereotyped attitudes in intellectual vs social vs political areas, Israeli tourists, Egypt, 11584
proposal for expansion of legal views of discrimination, allowance for employment discrimination lawsuits occurring due to impact of biased stereotyped attitudes & preconceptions, implications for females in academe, 24401
proposed psychological androgyny model of sex roles to transcend sex typing, 27088
race by social class stereotyped perceptions of females, female vs male college students, 21887
racial & ethnic stereotyping as defensive mechanism in interracial therapeutic relations & need to accept patient's individuality, 16 & 24 & 28 & 35 yr old Black male & female & Puerto Rican female clients & their White female therapists, 22421
rating of self estimated vs actual knowledge of sex stereotyped traditional vs nontraditional occupations, male vs female college students, 25954
reactions to Black vs opposite sex vs glasses-wearing vs wheelchair-bound vs facially disfigured vs obese child, White nursery school students through 3rd graders, 24228
recall of statements by strong vs weak same- vs opposite-sex group applicants & evaluation of applicants, role of familiarity in categorization process, male vs female college students, 17231
reification of Mediterranean as culture area & perpetuation of negative stereotypes, social anthropologists, comments on paper by M. Herzfeld, 11589
reliance on gender stereotypes when making inferences about another person, kindergartners vs 3rd vs 6th graders vs college students, 21745
role of correlated cues in social judgment process, college students, 19823
SES & general ability & self image, sex stereotypes & attitudes to science, male vs female 11 yr olds, implications for science education, 28509
sex & SES & age, family structure & sexual stereotypes & sex roles, 4.5–12.5 yr olds & college students, Venezuela, 29727
sex combination of target actors & role appropriateness & message type, perceptions of assertive behavior, male vs female college students, 3719
sex differences & self schema & sex stereotypes, perception of others of same vs opposite sex, college students, 6355

sex of author's name, evaluation of academic articles, college students, 6288
sex of target person & behavioral information, stereotype vs normative criterion based assertiveness judgments, college students, replication of base-rate fallacy study by A. Locksley et al, 1151
sex-related dependency themes in fictional books, review of plot summaries in "Publisher's Weekly", children & adolescents, 1983–84, 27109
sex role orientation & stereotypes/attitudes toward marriage, male vs female Greek- vs Anglo-Australian young adults, Australia, 17149
sex role polarization, attitudes toward male & female homosexuality, male vs female students, Israel vs US, 9068
sex role stereotypes & sex of protagonist, prose recall, male vs female high school students, 6060
sex role stereotypes in creative writing manuscripts, male vs female 5th–6th grade authors, 8913
sex role stereotypes, occupational performance ratings & causal attributions of performance, college students, 7803
sex role stereotyping in clinical judgments of mental health, psychiatrists vs psychologists vs social workers, 20614
sex role stereotyping of adult male vs female vs adult of unspecified sex, 29–66 yr old female vs male psychologists vs psychiatrists, 10258
sex stereotyping in children's toy advertisements, college student raters, implications for sex role development, 5157
sex trait stereotyped attitudes, 5 vs 8 yr olds, Malaysia, 3545
sex trait stereotypes, traits attributed to male vs female peers, 10–17 yr olds, 8864
sex-typed vs neutral personal information, sex bias in occupational suitability judgments, college students, 29917
sex typing & division of labor, marital satisfaction & attitudes across transition to parenthood, wives in last trimester of pregnancy, 6-mo longitudinal study, 19714
social-psychological stereotyping & party identification, 19736
speech style & gender stereotypes, perceptions & expectations of corporate success, male vs female managerial job applicants & college student Os, 20861
stereotyped attitudes, interactions with outsiders & in-group behavioral patterns, members of racial & ethnic groups, 8953
stereotyped portrayal of Black mothers in literature, children, 1964–80, 6014
stereotyped portrayal of parents in popular fiction, adolescents, 6004
stereotyped responses to faces, college students, implications for jury decisions, 1145
stereotypes for color associations, 20–60 yr olds, Yunnan Province of China vs US, 21962
treatment by male doctors, female patients with hysteria, 20308
TV as source of counterstereotyped information, social knowledge & sex role development, children, 21756
TV violence & sex & race stereotyping & commercials, children & adolescents, 16887
understanding of gender identity & sex stereotypes, sex-typed preferences, 4–8 yr olds, 894
urban barbershop as sex role socialization setting, Black male barbers as informants & fieldworkers, 19760
use of body weight vs alternative dimension, categorization of information & playmate selection, 3–12 yr olds, 11553
videotaped vignettes & student responses, instruction in effects of physician's values & stereotyped attitudes on doctor/patient relationship, medical students, 31079

Stereotyped Behavior

acute vs chronic administration of amphetamine & phencyclidine, stereotyped behavior & locomotor responses & cross-sensitization, male rats, 19449
acute vs chronic administration of phencyclidine, locomotor activity & stereotypy & ataxia & neurotensinlike immunoreactivity in frontal cortex, male rats, 8620
apomorphine-induced sterotypy & spiroperidol binding to haloperidol-treated striatum as animal model of tardive dyskinesia, female rats, implications for role of striatal dopamine receptors in tardive dyskinesia, 26673
apomorphine vs dextroamphetamine, stereotyped behavior & activity level & binding of spiroperidol, male rats with experimentally induced diabetes mellitus, 11333
apomorphine vs haloperidol, spontaneous stereotyped licking behavior, monkeys, 8568
bilateral intra-accumbens injection of cholecystokinin octapeptide analog, open field locomotor & rearing activity, male rats, 21583
bilateral lesions of striatum induced by 6-hydroxydopamine, apomorphine-induced yawning, male rats, 29349
blindism behaviors, school age blind children, Nigeria vs England, 24856
caffeine, taste aversions & neophobia & mimetic behaviors & locomotor activity, female rats, 29489
cholecystokinin octapeptide &/vs vasoactive intestinal peptide, rearing & sniffing & head stereotypy & grooming, neofrontal-decorticated male rats, conference presentation, 19466
cholecystokinin octapeptide vs ceruletide vs ceruletide analogs, antagonism of apomorphine-induced gnawing & cage climbing, male mice sensitized by scopolamine or teflutixol, 5954
chronic administration of thioridazine vs fluphenazine, apomorphine-induced stereotypical gnawing behavior, male rats, implications for treatment & prevention of tardive dyskinesia, 16638
chronic phenytoin, stereotyped motor response to 5-HT agonist, rats, 661
cimetidine vs ranitidine vs imidazole, N-n-propylnorapomorphine-induced penile erections & stretching & yawning, male rats, 8535
clorgyline &/vs pargyline, apomorphine-induced stereotypy & spiroperidol binding, rats, 29394
computer assisted observational method for quantifying drug-induced stereotypic behavior illustrated by thioridazine & apomorphine, male rats, 8014
cytidine (5')diphosphocholine, haloperidol-induced striatal dopamine synthesis & apomorphine-induced stereotypy, male rats, 621
dextroamphetamine, motor movements & stereotypic behavior & cardiac catecholamine & brain norepinephrine levels, male rats, 19509
domperidone vs haloperidol vs chlorpromazine, stereotypic behavior elicited by systemic apomorphine & catalepsy, mice, 24046
DRO & monetary restraint procedures, reduction of stereotypic responses, visually impaired mentally retarded 7–9 yr old students, 13055
DRO, stereotyped behavior & task performance, autistic 14–21 yr old students, 25865
experience with trapping task or test context, atropine-induced stereotypic body movements & coordination & surface contact with body & snout, rats, 13974
feeding periods, general activity vs stereotypic vs aggressive behavior, tethered sows who had 1 vs 2–6 previous pregnancies, implications for animal welfare, 16381
fluorescent vs incandescent lighting, stereotypic behaviors, autistic vs intellectually handicapped 5.5–18 yr olds, implications for lighting in therapeutic settings, 22203
genotype & chronic stress, climbing behavior induced by apomorphine hydrochloride, male DBA/2 vs C57BL/6 vs hybrid mice, 23773
gonadectomy vs hormone replacement vs neonatal hormone treatment, serotonin behavioral syndrome, rats, 16465
haloperidol treatment over 30–90 days, apomorphine-induced behavior & striatal spiperone binding & choline acetyltransferase activity, 6.5 vs 13 vs 27–30 mo old mice, implications for tardive dyskinesia in elderly, 682
icv injections of substance P, hindlimb scratching & grooming, 40–60 vs 120–150 day old Swiss-Webster vs C57BL/6J vs DBA/2J mouse strains, 21522
injection of dopamine antagonist MJ-13980 vs haloperidol, pituitary dopamine receptor binding & serum prolactin concentrations & apomorphine-induced stereotyped behavior, male rats, 26684
intervals between dosages of repeated apomorphine, motor activity & stereotypy response, male rats, 11275
ip vs icv administration of haloperidol vs sulpiride vs amisulpiride, antagonism of apomorphine-induced behavior, male rats, 24014
lesions of nigrostriatal system & cocaine, rotational behavior, female rats, 16644

leucine & methionine-enkephalin & naloxone & naltrexone injections into caudate putamen & globus pallidus, rotational behavior & bodily asymmetry, male rats, 21512
lisuride pretreatment, effect of lisuride on food intake & locomotor activity & body temperature & stereotyped & mounting behavior, male rats, 5826
midbrain reticular formation &/vs medial vs lateral substantia nigra pars compacta lesions, ipsiversive circling behavior, male rats, 23931
morphine, behavior induced by dextroamphetamine injections into caudate putamen, female rats, 11350
naloxone vs naltrexone & derivatives, apomorphine-induced stereotypical climbing behavior, male mice, 14039
neuroleptic drugs, spontaneous or drug-induced purposeless chewing movements, female rats, 686
nitrogen &/vs helium at pressure, apomorphine- vs dextroamphetamine- vs morphine-induced locomotor activity &/vs stereotyped behavior, male mice, 29467
overcorrection procedures, stereotyped behavior, 7.2–12.8 yr olds with autism, 20357
parental toy-choice preferences & stereotyping, child toy preferences & sex role typing, 18–32 yr old parents & their 2–3 yr olds, 11531
perceived seriousness of stereotyped behavior, staff reactions, institutionalized mentally retarded & their attending mental health staff, 20629
perception of frequency of sex stereotyped vs neutral behavior, college students, 17163
phenylmethanesulfonyl fluoride vs methanesulfonyl fluoride vs physostigmine salicylate, suppression of methylphenidate-induced stereotyped gnawing, female rats, 5907
positive practice overcorrection specific learning objectives, stereotypic vocalizations & social behavior, autistic 8.7 yr old, 4959
prenatal & postnatal haloperidol exposure & apomorphine, stereotyped behavior & locomotor activity, female rats & their offspring, conference presentation, 29403
prenatal exposure to methylazoxymethanol, apomorphine- vs haloperidol-induced stereotypy & catalepsy, rat pups, 29471
primacy & recency serial position effects, stereotyped responding in multi-item spatial memory task, pigeons, 23691
putative D-1 antagonist SCH 23390, stereotyped behavior induced by D-2 agonist RU24213, male rats, 24015
removal of vomeronasal organ with vs without subsequent olfactory bulbectomy, catnip reaction, cats, 13926
role of personal disclosure by therapist as therapeutic tool & changing gender stereotyped behavior, male & female patients, 9737
sensory extinction procedures, nontargeted self stimulatory behaviors, autistic 7.2 & 12.8 yr old males, 25247
sex & level of retardation & effectiveness of reinforcement & punishment & DRO & lemon juice therapy & time out, self injurious & stereotyped behavior, profoundly mentally retarded Ss over 16 yrs old, includes bibliography, 15095
sex role stereotype &/vs sex differences, self presentation of skills & abilities, female vs male college students in leadership positions, 11759
sex-typing & sex role identity in play & game preference, male vs female 7 & 9 & 11 yr olds, Netherlands, 24238
single ip dose of haloperidol vs droperidol, stereotyped behavioral responses to acute sc apomorphine administered 7–40 days after neuroleptic drug, male rats, 23944
sodium phenytoin vs carbamazepine vs ephedrine vs levodopa, methamphetamine-induced stereotyped behavior & tremor, male mice, 16669
stereotyped body rocking & hand gazing behavior, severely mentally retarded infants with mean ages of 19 & 23 mo, 24836
stereotyped movements, handicapped children, 17284
sulfated vs unsulfated cholecystokinin octapeptide injections into nucleus accumbens, dopamine-mediated behaviors, male rats, conference presentation, 19431
superior colliculus vs medial vs lateral substantia nigra pars compacta lesions, ipsiversive vs contraversive circling behavior, male rats, 23932
symptomatology of aphasia with recurrent utterance, implications for anatomical-clinical correlations & prognosis & therapy, 27606
toys that emitted vibration or light or sound, play & stereotyped behavior, profoundly handicapped children, 20090
varying rates of auditory beats emitted by metronome, rates of stereotypic behaviors, 8–15 yr old profoundly handicapped children, 1479
verapamil, stereotyped behavior & rearing & hypothermia induced via apomorphine hydrochloride, mice, implications for efficacy in treatment of mania, 26733
visual & facial screening, suppression of self injurious finger-sucking, 18 & 19 yr old profoundly retarded males, 18026
withdrawal from amphetamine pretreatment, time course of enhanced stereotyped response to amphetamine & relationship to dopamine release from striatum, male rats, 23995
within sequence temporal delays, stereotyped responses in conditioning paradigm, pigeons, 29214

Sterility
pathogenic concept of female sterility & infertility, selection of patients for in vitro fertilization & counseling based on psychological factors, human females, conference presentation, 18155
psychoanalysis, married couples treated for functional sterility, 17927

Sterilization (Sex) [See Also Castration, Hysterectomy, Male Castration, Ovariectomy, Tubal Ligation, Vasectomy]
attitudes toward last born child assessed by parent child interaction, multiparous females sterilized postpartum, 8968
case of In re Welfare of Hillstrom & reversal of surgical sterilization order, female with mental retardation, 24332
child-related attitudes & values & lifestyle adjustment, females who were voluntarily childless vs primigravida vs sterilized after having 2 children, 29823
mental health & elective sterilization, females, India vs Colombia vs Nigeria vs Philippines vs UK, 6- vs 12-mo followup, 10004
neonatal gonadectomy, sexual differentiation, Japanese quail, 604
pretreatment attitudes & knowledge & psychological adjustment & recovery following surgery, female patients undergoing laparoscopy for sterilization vs primary vs secondary infertility investigation, 28078
reversal of decision to allow parents to have mentally retarded child sterilized, case law, 27038

Steroids [See Also Cholesterol, Corticosteroids, Corticosterone, Hydrocortisone, Prednisolone, Progesterone]
lithium vs oxyprothepine decanoate vs cyproterone acetate, males with pedophilia or exhibitionism or other sexually deviant behavior, 9874
methylprednisolone pulse therapy, cerebral systemic lupus erythematosus, 31 yr old female, 22577
motion sickness susceptibility, serum levels of steroid hormones, male 20–30 yr old military personnel, 3195
ovariectomy & subsequent ecdysteroid decrease, dominance & nest building & egg laying behavior, female primitive social wasps, 29374
sex steroids, nonverbal memory processes, 8–18 yr olds with Turners syndrome & their 9–25 yr old siblings, 17588
steroid treatment, 6 yr old female with ophthalmoplegic migraine & Tolosa-Hunt syndrome accompanied by palsy of right 3rd cranial nerve, 15155
steroid-tricyclic interaction, toxic psychoses, agitated & depressed 50 yr old female treated with prednisone for temporal arteritis, 1934

Sticklebacks
aggressive behavior & distribution of nest sites & territoriality, 3 species of sticklebacks breeding sympatrically in tide pools, 21252
allocation of foraging efforts, 3-spined sticklebacks, conference presentation, 19293
coexistence of 2 species, reproductive success, 9-spined & 3-spined sticklebacks, conference presentation, 19260
competition for food & parasitism, risk of predation & choice of distant vs nearby food, 3-spined sticklebacks, conference presentation, 19270
fading short term memory for patch quality, 3-spined sticklebacks, 8349
fertilization, rhythm of creeping through, male sticklebacks, conference presentation, 19291
filial cannibalism, male brook sticklebacks, conference presentation, 19283

genetic factors, inter-individual variation in aggressive behavior, juvenile & adult male & female sticklebacks, conference presentation, 19237
interspecific interactions, fish density & species abundance ratios & male reproductive success, 2 species of sticklebacks, conference presentation, 19252
olfactory nerve transection & role of chemoreception, parental fanning adaptation & sexual behavior, male 3-spined sticklebacks, conference presentation, 19411
population density & nest spacing & predation, aggressive & reproductive behavior, breeding male sticklebacks from various sites, conference presentation, 19256
problem solving & complex manipulatory abilities, sticklebacks, conference presentation, 19192
properties of innate releasing mechanisms & role of color, aggressive behavior, sticklebacks, criticism of study by J. J. ter Pelwijk & N. Tinbergen, conference presentation, 19236
reinforcement schedules, role of cognition in ringswimming & gluing for courtship, male sticklebacks, conference presentation, 19226
sex & population density, egg cannibalism, 2 related stickleback species, 29249
sign stimuli using dummies with male coloration & female shapes & male & female postures, courtship & aggressive behavior, male 3-spined sticklebacks, conference presentation, 19280
suitability for ethology studies, sticklebacks, conference presentation, 19185
territoriality, reproduction & quantity & quality of offspring, competitive vs solitary male 3-spined sticklebacks, conference presentation, 19284
Stimulants of CNS [See CNS Stimulating Drugs]
Stimulation [See Also Afferent Stimulation, Auditory Stimulation, Aversive Stimulation, Brain Stimulation, Electrical Stimulation, Olfactory Stimulation, Perceptual Stimulation, Prismatic Stimulation, Self Stimulation, Somesthetic Stimulation, Spreading Depression, Subliminal Stimulation, Tactual Stimulation, Taste Stimulation, Verbal Stimuli, Visual Stimulation]
infant stimulation home care program, motor & mental development, 6 mo to 13 yr olds with Down's syndrome, 12.5-yr longitudinal study, 22683
role of hallucinogenic drugs & sensory stimuli, ritual healing, 20–60 yr old patients, Peru, 9907
vaginal stimulation & strychnine, analgesia at spinal cord, female rats, 16774
vagino-cervical stimulation, sociosexual behaviors, behaviorally estrous female rats with vs without pelvic nerve transection, 5596
Stimulation Seeking (Personality) [See Sensation Seeking]
Stimulators (Apparatus) [See Shock Units]
Stimulus (Unconditioned) [See Unconditioned Stimulus]
Stimulus Ambiguity
ability to reverse ambiguous figure in mental imagery & reconstrue figure in own drawing, college students, 10957
ambiguity & questionnaire without questions & response style, college students, Netherlands, 18916
amodally complete vs equivalently truncated vs open figures, latency to identify, adults, 29042
auditory presentation of ambiguous vs unambiguous sentences preceded by relevant vs neutral context sentences, event related potential indices of processing, college students, 19103
context & task demand, perception & resolution of lexical ambiguities in sentences using pupillary measurements, college students, 26336
frequent vs recent priming of ambiguous stimulus description &/vs interstimulus delay, categorization, college students, 278
lexical ambiguity & word recognition, 2nd vs 4th vs 6th graders, 19642
neural network model of multistable perception, 23553
pattern masking of pictures to prevent conscious representation, interpretation of ambiguous pictures presented supraliminally, college students, 26322
perception of centaur as man on horseback & origins of Greek centaur, preschool age children & college students, 10894
recency effect, perception of ambiguous figures, college students, 29063
selective attention, disambiguating ambiguous figures, college students, 3000
visual stimulation & concurrent counting task, speed of discovery of alternative organization of ambiguous geometric figures & subsequent reversals, college students, 244
Stimulus Attenuation
anticipation of unavoidable shock & pain & attention to stimulus, phasic heart rate change, college students, 11237
Stimulus Change
change in absolute frequency of tones, maintenance of relative pitch discrimination, starlings & cowbirds & mockingbirds, 8273
graduated stimulus change & trial & error training procedures, discrimination learning, profoundly retarded adults, 24834
shift from 32 to 4 percent sucrose solution, consummatory behavior & corticosterone levels, male rats, implications for emotional responses in negative contrast effect, 29312
stimulus omission & change, dishabituation of skin conductance, 17–38 yr olds, 5735
Stimulus Complexity
ability &/vs color vs monochrome &/vs photograph vs line drawing form, perceptions of biological pictures, 13–14 yr olds, 26857
chance vs structure in visual patterns & subjective probability, college students, 2999
configurational effects & alternatives, perceptual discrimination, college students, 10927
feedback & divided attention instructions & similar vs different types of task pairs, dual-axis position tracking, college students, 203
food deprivation & stimulus complexity & number of trials, exploratory behavior, rats, 3091
infrared system for detection of pecks at target letters occurring in strings with nontarget letters on TV screen, pigeons, 7991
low detail black & white line drawings vs high detail color photographs & time between initiation & completion of image display, evaluation of simulated teleshopping presentations, Os, 13281
number of familiar items & their syllabic complexity, capacity & acoustical aspects of short term memory for Chinese vs English words & idioms, native Chinese speakers, test of chunking & acoustical loop hypotheses, 21195
pattern complexity, reconstruction of patterns from memory, 16–31 mo olds, 11434
quantitative & structural factors in judgment of pattern complexity, college & graduate students, 26314
responses to objects high vs low in complexity & responsiveness & kinds of objects preferred, 6–13 mo olds, 3468
scopolamine vs age & stimulus complexity, information processing time measured by RT & latency of P300 component of event related EP, 19–33 yr old females, 8525
simple vs complex audio &/vs visual messages, processing costs in TV viewing, college students, conference presentation, 26353
spectral complexity & rate of temporal change of stimuli, attention to auditory stimuli, 2 vs 4 mo olds, 26816
stimulus complexity & rule usage, visual perspective-taking task, preschoolers vs 1st vs 3rd vs 5th graders vs college students, 6058
testosterone, strength of imprinting to red box vs stuffed jungle fowl, chicks, 13959
visual stimulus intensity & complexity, bimanual vs unimanual RTs, 20 yr old acallosal male, 14878
Stimulus Control
acquisition & transfer of inhibitory stimulus control in serial feature-negative discriminations during conditioned suppression, albino rats, 13734
blocking procedure, modification of stimulus-reinforcement interaction in avoidance & food training, rats, 23686
diazepam vs pentobarbital vs cyproheptadine vs flurazepam, stimulus control of behavior under FR stimulus shock termination, male rats, 16790
discrimination of benzodiazepine antagonist Ro 15-1788, stimulus control, rats, 16608
discrimination training on free-operant avoidance baseline & perceived safety of stimulus, inhibitory stimulus control, hooded male rats, 29218
discriminative properties of food vs aversive effect of food withdrawal in FR schedules, control of temporal location of schedule-induced attack, male pigeons, 8285

dosages of morphine vs cocaine, role of stimulus control in drug discrimination, pigeons, 21603
expanded stimulus control assessment & intervention model for reduction of clinically significant problems of aggression, developmentally disabled, 27898
external stimulus control & physiological mediators, meal initiation & meal size, 29324
exteroceptive discriminative stimuli, water intake during operant conditioning for blood pressure elevation, baboon, 3096
infrared system for detection of pecks at target letters occurring in strings with nontarget letters on TV screen, pigeons, 7991
methylphenidate, stimulus control, rats trained under FI reinforcement schedule, 19415
morphine & opiate agonists, blocking of stimulus control of behavior & naltrexone-induced body weight loss, morphine dependent male rats trained to discriminate between saline & naltrexone, 5874
preexposure to saccharin &/vs noisy bottle stimulus compound, extinction-dependen' context effects in taste aversion learning, noradrenaline depleted rats, 19189
progressive relaxation & biofeedback-assisted relaxation & stimulus control & paradoxical intention procedures, Disorders of Initiating & Maintaining Sleep, 18025
psychoactive drugs & tone-shock classical conditioning & lever-press under VI schedule, acquisition of stimulus control, male rats, 674
reinforcement of line probe responses following discrimination of colors by keypecking, acquisition of stimulus control in fading procedures, pigeons, 8283
review & analysis of assistance procedures to facilitate transfer of stimulus control, moderately to severely developmentally disabled students, 27927
role of observation & attention, stimulus control in discrimination learning, 16310
selective mechanisms of stimulus control & stimulus duration as relevant cue, pigeons, 21225
shift from small reward to nonreward in runway discrimination problem, learning, male rats, 359
stimulus control & reinforcement frequency, dextroamphetamine-modulated behavior, rats, 8295
stimulus control in discrimination learning, application to developmentally disabled & mentally retarded persons, 24840
stimulus control of eye orientation & effect on learning, 3.4–4.2 yr olds, 24154
stimulus control research & developmental disabilities & mental retardation, review of research papers, 24841
training in visual arbitrary matching-to-sample, sample-comparison control, mildly mentally retarded 13.3–19.7 yr old males, 24842
transfer stimulus control, acquisition & maintenance of productive intraverbal behavior, mentally retarded 13–16 yr olds, replication of S. J. Braam & A. Poling's study, 18014
transswitching in contextual stimulus control of conditional vasomotor & electrodermal reactions to angry & friendly faces, 19–35 yr olds, 21360
validity of descriptive stimulus-control vs quantal interpretations of stimulus generalization, literature review, 27883
varied multiple VI reinforcement schedules with discriminative stimuli, interresponse time distributions, homing pigeons, 16360

Stimulus Deprivation [See Also Food Deprivation, Sensory Deprivation, Social Deprivation, Social Isolation, Water Deprivation]

active vs placebo effects of aversion &/vs restricted environmental stimulation therapy, smoking cessation, 21–67 yr old smokers, 28261
age & sex, physiological & subjective indices of well-being & relaxation & anxiety in flotation environment, 18–48 yr olds, 28831
auditory deprivation & cognitive-linguistic ability, children, literature review, 9605
auditory restriction for 14 days, changes in absolute pressure sensitivity, 20–25 yr old male college students, 19032
eyes open vs closed in darkness, spontaneous alternation of alpha vs nonalpha activity, 19–25 yr olds, 13786
stimulus deprivation & relaxation training, nausea & vomiting associated with hyperemesis gravidarum, 19 yr old female in 7th wk of gestation, 20366
strobe rearing, direction-selective neuronal activity in posteromedial lateral suprasylvian visual area of cortex, cats, 16500

Stimulus Discrimination

acquisition of visual equivalences between colors & printed words, auditory reading comprehension & oral naming of printed words, severely mentally retarded teenage males, 22207
acquisition of 3-event delayed sequence discrimination & effects of increase of interstimulus & retention intervals, pigeons, 21233
basis of configured discriminations using autoshaping procedure, pigeons, 11083
classical conditioning, internal clock used to discriminate duration, male rats, 5568
critical stimulus durations, verbal & nonverbal visual discriminations of 100 percent accuracy, adults, 19030
development of geometrical model of visual discrimination & mental transformation, effect of angular disparity & degree of symmetry on determination of polygon orientation, experienced Os, 23571
dextroamphetamine vs morphine vs haloperidol, discriminative stimulus properties & detection of brain self stimulation, male rats, 11335
discriminability of signaling stimuli & component probability & reinforcer rate, free operant detection, pigeons, 19196
discrimination of fixed vs variable stimulus duration in operant conditioning paradigm, pigeons, 11072
discrimination of letters & random dot patterns, pigeons vs humans, 5534
extended presentation of compound stimuli, compound-element differentiation in flavor aversion, rats, 5543
"fast-same" & criterion effect in same-different judgments, literature review, 8147
global vs local features, matching & classification tasks, college students, 23619
perception & discrimination of neutral vs emotive word stimuli, depressed vs nondepressed college students, implications for Pollyanna hypothesis, 27364
poisoning via lithium chloride following saccharin ingestion & change in location of saccharin solution, learned avoidance of saccharin & patch selection, thirsty male rats, 14021
positive & negative patterning schedules, discrimination of compound stimulus, male rats & rabbits, 23659
procedures for guiding attention to complex stimuli, stimulus overselectivity, trainable mentally retarded 11.7–16.7 yr olds, 9464
processing of preconsciously acquired information assessed by hemispheric asymmetry & selection accuracy, right handed female college students, 26335
simultaneous vs serial feature negative discrimination procedures in conditioned suppression situation, transfer of inhibition, rats, 19208
six member stimulus classes generated by conditional-discrimination procedures, 5–9 vs 22 yr old vs 21 yr old with Down's syndrome, 8786
VI reinforcement schedules for right vs left responses, measurement of stimulus discriminability, pigeons, 13713

Stimulus Duration

alternating & same 1- & 2-formant pulses at different amplitudes, vowel identification, 19081
assessment of 2-factor model of message repetition & receiver knowledge & commercial length, cognitive responses & attitudes & recall, college students, 18799
bandwidth & duration, discriminability of reproducible noise bursts, 3009
brief stimulus duration, amplitude of visual EPs with verbal vs non verbal tasks, male college students, 21105
classical conditioning, internal clock used to discriminate duration, male rats, 5568
contrast between rewards received & duration & predictability of punished vs nonpunished penoids as indicator of tolerance for delay of reward, diazepam-reduced release of punished behavior, male rats, 26751
critical stimulus durations, verbal & nonverbal visual discriminations of 100 percent accuracy, adults, 19030
decreased adaptation of increased stimulus duration, discrimination of luminance increments & decrements, 2974

determination of thresholds for anaglyphic dynamic random element stereograms that reverse in depth, 27–34 yr olds, 16271
differences in 2-pulse measurement of temporal integration in fovea vs peripheral retina, adult Ss, 16251
discrimination of fixed vs variable stimulus duration in operant conditioning paradigm, pigeons, 11072
duration & size of peripheral vs foveal targets during scotopic vs mesopic vs photopic stimulation, duration of visual presentation in probe matching task, adult O's, 29048
duration of presentation of word list & encoding task, memory deficits assessed by recall, 18–29 vs 60–86 yr olds, 8716
duration of stationary vs velocity of moving visual stimulus, neural responses in Areas 17 & 18 cortical cells, anesthetized & paralyzed cats, 29268
duration of stimulus luminance, visual information acquisition & short term memory, comments on model by G. Sperling, 29084
effective duration of stimulus, strength of CR, rats, 5549
fixed vs variable duration inescapable shock, acquisition of shuttle escape response & behavioral changes, rats, 376
food duration, signal-controlled vs autoshaped responding, pigeons, 23676
interaural time vs intensity differences in acoustic stimuli, activity of binaural neurons in superior colliculus, cats, 3181
light adaptation, temporal summation & modulation in cones, turtles, 23799
low detail black & white line drawings vs high detail color photographs & time between initiation & completion of image display, evaluation of simulated teleshopping presentations, Os, 13281
organization of sentences & thematic information, remembered duration of interval & memory & comprehension of prose material, college students, 317
pictorial stimulus exposure duration vs luminance, measurement of amount of information extracted from icon, college students, 309
place of articulation vs consonant transition duration in series of consonant-vowel syllables, left- vs right-hemisphere auditory evoked responses, right-handed college students, 5697
presentation duration & attention, illusory recombination of words & letter strings, college students, 16269
presentation of picture of face to left vs right visual field & male vs female faces as distractor stimuli & stimulus duration, laterality of face perception, college students, 29043
prior word presentation, judgment of presentation duration in word identification task, secondary & college students, 19647
psychophysical scaling of duration & verbal vs magnitude time estimation, iconic & short term memory, 17–42 yr olds, 29154
role of interstimulus interval in unconfounding stimulus duration & luminance in equating visibility of brief decrements, adult Ss, replication of study by W. A. Phillips & W. Singer, 23531
sample durations & retention intervals & passage of time during test period, delayed matching-to-sample & rate of forgetting, feral pigeons, 23669
selective mechanisms of stimulus control & stimulus duration as relevant cue, pigeons, 21225
semantic satiation, category membership decision latency & lexical priming, college students, 287
sleep deprivation & physical fatigue, perception of intensity of exercise of short vs long duration, females & males, 26574
sniff duration of phenyl ethanol vs levobutanol vs propionic acid, optimum perception of odor intensity, 20–55 yr olds, 16233
sound frequencies & stimulus duration & sonographic representations of adult separation & chick lost calls, audibility curve & auditory sensitivity, male Bobwhite quails, 29223
sound frequency & intensity & duration, cochlear nerve fiber & inner hair cell responses, implications for synthetic speech, 19094
stimulus duration & contrast & frequency, visual persistence, reading disabled 7.4–11.1 yr old males, 6695
stimulus duration & interstimulus interval, perception of random-dot 2-frame apparent motion, adult Ss, 26303
stimulus duration, conditioned reinforcement value in training & test trials, pigeons, 13714
stimulus duration, partial report performance, college students, 16272
stimulus duration, retention of item information in partial report tasks, college students, replication of experiments by V. M. Townsend & by V. Di Lollo & M. Moscovitch, 29126
stimulus duration, suppression of kindling behavior, male rats, 23909
stimulus motion durations &/vs angular rates, central & peripheral vision displacement thresholds during tracking, 17–45 yr old males, 23548
stimulus presentation time, free recall performance, 18–27 vs 62–83 yr olds, 29589
successive vs simultaneous presentation of red luminous targets, perceived duration, college students, 10935
temporal integration in duration & number discrimination in psychophysical choice procedure, male rats, 11073
test exposure duration, detection thresholds for mixed color test stimulus, males with normal color vision, 21102
tones of varied duration & loudness, temporal summation patterns, monaural chinchillas, 3072
transient cancellation methods, strength of chromatic response elicited by briefly flashed monochromatic light varying in exposure duration, adult Ss, 21103
viewing distance & duration & stimulus clarity, performance on pseudoisochromatic tests of color deficiency, college students, 8176
viewing duration & distance & illumination level, performance on pseudoisochromatic tests of color blindness, college students, 230
vowel duration, loudness perception, support for B. Sharf's findings, conference presentation, 266

Stimulus Frequency

alternating frequencies of dichoptic stimulus presentation, frequency of fusion & loss of fusion & binocular depth perception, 16–45 yr olds, 29607
automaticity of frequency encoding, criticism of L. Hasher & R. T. Zack's study, 16289
automaticity of frequency encoding, reply to A. D. Fisk's criticism, 16304
creation of mental image to enhance memorization vs reading of word pairs, frequency judgment, college students, findings contrary to L. Hasher & R. T. Zacks' theory, 29093
externally applied extremely low frequency electromagnetic fields, consolidation of complex narrative, college students, 13914
frequency & masker level & masking bandwidth, binaural masking level difference, cochlear-impaired listeners, 1566
frequency discrimination, assessment of global vs element-level memory units, college students, 19138
frequency of vibrotactile stimuli, lingual detectability, 19–27 yr olds, 13529
monaural vs binaural tone pips & stimulus frequency, binaural interaction component of auditory brain stem response & masking level difference, normal-hearing 24–67 yr olds vs 58–66 yr olds with severe high-frequency hearing loss, 29270
monaural vs binaural tone presentation & loudness level & stimulus frequency, simple vs induced loudness adaptation, 21–45 yr olds, 29065
presentation of matrix of varying frequencies of letters E & G & X, confidence rankings of frequency of letters, college students, 13674
repeated stimulation & personality type, response variability assessed by pattern reversal & flash EPs, 40–49 yr old males, 5681
roles of automatic & strategic processing, superordinate & property frequency, college students, 13648
stimulus duration & contrast & frequency, visual persistence, reading disabled 7.4–11.1 yr old males, 6695
stimulus presentation frequency, brightness discrimination & generalization, college students, test of adaptation-level vs signal detection theories, 13590
temporality, tactual illusion of inward looping & changes in perceptual organization, experienced females, 23524
time course of perceptual adaptation from temporal coherence of frequency modulated tones to auditory system segregation, 10938
tone burst frequency, slow vs fast auditory brain stem responses as threshold estimation for hearing, 20–26 yr olds, 21326
variation in scheduling of TV advertisements, brand recall & recognition, college students, 5490
word category size & strength frequency, retrieval processes in perceptual recognition & cued recall, college students, 313
word frequency & list length, long term serial position curve & recall, college students, 29131

Stimulus Generalization
cross generalization of cocaine & clonidine & role of alpha-2 receptors, male rats, 29491
discrimination of caffeine & theophylline & cross generalization, male rats, 21562
discriminative training using cocaine as CS & generalization to methamphetamine vs phenylethylamine, cocaine tolerance & cross-tolerance, male rats, 703
generalization of response to delta-9-tetrahydrocannabinol, male rats, 8606
maintenance of induced muscle tension, stimulus generalization accuracy & RT of motor performance, schizophrenic vs affective patients vs college students with vs without schizotypic symptoms, 17368
stimulus generalization of hallucinogenic drugs & lisuride & serotonin, rats, 29417
stimulus presentation frequency, brightness discrimination & generalization, college students, test of adaptation-level vs signal detection theories, 13590
validity of descriptive stimulus-control vs quantal interpretations of stimulus generalization, literature review, 27883
Stimulus Intensity
bandwidth & duration, discriminability of reproducible noise bursts, 3009
biased estimation in power law, 16199
binaural time vs intensity cues & role of superior olivary complex, localization of tones, horses, 13806
codification & stimulus repetition, identification of words vs pseudowords currently vs after 1 yr, college students, 3032
cue similarity & US magnitude, appetitive differential conditioning of jaw movement response, rabbits, 367
differences in 2-pulse measurement of temporal integration in fovea vs peripheral retina, adult Ss, 16251
flavor stimulus range, intensity & ideal point & conventional hedonic ratings, humans, 16236
intensities of US & CS, classical conditioning, goldfish, 5544
intensity judgment RT in gustatory processing, tasters vs sensitive vs less sensitive nontasters of phenylthiocarbamide, 21049
intensity of white noise in avoidance training, spontaneous behavior during flooding & efficacy of flooding in hastening extinction, female rats, 29187
interaural time vs intensity differences in acoustic stimuli, activity of binaural neurons in superior colliculus, cats, 3181
interstimulus intervals & stimulus intensities, pain-related EPs, 18–35 yr olds, 23806
levels of stimulus intensity & stimulus variability, subjective & physiological sexual arousal & habituation, male college students, 26540
low luminance levels, detection of light & flicker in peripheral visual system, 3005
method for specification of intensity of self-luminous point & line targets & deduction of resulting retinal illuminance, 21123
naloxone & shock intensity, variable-cycle avoidance performance, rats, 595
personality traits, stimulus control mechanisms in auditory & visual EPs, college students, 3217
repetitive high intensity stimulation, electrodermal responsivity, 24–56 yr old male alcoholics, 12067
saccharin solution concentration, taste aversion learning, rats, 3076
sequential-mechanisms models, assessment of 2-point threshold performance & role of physiological mechanisms in spatial & intensity visual discrimination tasks, 21083
sleep deprivation & physical fatigue, perception of intensity of exercise of short vs long duration, females & males, 26574
sniff duration of phenyl ethanol vs levobutanol vs propionic acid, optimum perception of odor intensity, 20–55 yr olds, 16233
sound frequency & intensity & duration, cochlear nerve fiber & inner hair cell responses, implications for synthetic speech, 19094
stimulus intensity, amplitude & latency of P300 component of averaged auditory EP, 23–34 yr olds, 13819
temporal frequency & stimulus intensity, visual responsiveness, infants at 4 & 6 mo, 838
tonal frequency & intensity modulations prior to glabella tap, amplitude of elicited glabella reflex, college students, 13602
visual stimulus intensity & complexity, bimanual vs unimanual RTs, 20 yr old acallosal male, 14878
visual stimulus intensity & degradation & stimulus-response compatibility & practice, vocalization latency in letter naming task, college students, 21081
visual vs auditory stimulus intensity, motor system RT, college students & faculty, 2968
Stimulus Intervals [See Also Interstimulus Interval, Intertrial Interval]
acquisition of 3-event delayed sequence discrimination & effects of increase of interstimulus & retention intervals, pigeons, 21233
compound conditioning vs stimulus compounding, summation & configuration in nictitating membrane response, rabbits, 19213
duration of delay & hue vs linear stimuli, performance on matching-to- sample task, pigeons, 11092
duration of delay during reinforcement & intertrial interval after reinforcement, discrete trial choice behavior, pigeons, 11071
interval between original & interpolated lure vs target voice presentations, identification of target voice in voice line-ups, college students, 23591
intervals between visual displays, discrimination of target & interference effects, college students, 21077
length of retention interval & intertrial interval, tracking in serial learning or delayed discrimination task, male rats, 11054
nonsimultaneous presentation of dichoptic stimuli & length of interstimulus intervals, binocular rivalry, 238
presentation of paired auditory stimuli with varied interpair intervals, EP amplitude attenuation, 23–33 yr olds, test of recovery cycle & habituation hypotheses, 21316
shocks & light flashes & different intervals, rate of avoidance responses & interresponse times, female rats, 16509
short blank intervals between presentation of successive pictures, subsequent picture recognition, reply to comments by M. J. Watkins, 11017
simultaneous vs sequential presentation of visual stimuli, immediate ordered recall, college students, 26359
stimulus picture followed by rehearsal interval vs no rehearsal time, identification of picture or its name, college students, 3058
time interval between survey administrators & use of retrospective design, scale recalibration in evaluations of interviewer performance & recall of earlier evaluations, college students, application in evaluation of organizational change, 28916
unfilled intervals between presentations of successive pictures, subsequent picture recognition, comments on article by R. W. Proctor, 11029
within sequence temporal delays, stereotyped responses in conditioning paradigm, pigeons, 29214
words repeated at increasing lags, free recall, college students, replication of A. M. Glenberg's research into differential organization explanation of lag effect, 327
Stimulus Novelty
agonistic behavior & response to novel environments & objects, feral strain fowl vs domestic chicks, 456
air & foliage movement & environment novelty & stress, exploratory behavior & tongue flicking, male lizards, 29231
chlordiazepoxide vs picrotoxin vs bicuculline vs muscimol vs baclofen, spontaneous alternation & response behavior to stimulus change in maze, male rats, 14038
cholecystokinin octapeptide sulfate ester vs nonsulfated cholecystokinin octapeptide & familiar vs novel environment, feeding behavior, male rats, 8557
experience with trapping task or test context, atropine-induced stereotypic body movements & coordination & surface contact with body & snout, rats, 13974
exposure to novel monosyllabic nonsense word & referent, creation of lexical representations, 2.1–5.9 yr olds, 3420
exposure to novel stimuli, prolactin response, male rats, 5723
exposure to unfamiliar toy & happy or fearful expression on E's face & no facial expressions provided by mother, referencing to E's emotional signals & subsequent response to toy, 1 yr olds, 29619
familiarization-novelty preference, pattern-line effect, 3–4 mo olds, 24148
habituation to patterned vs gray hindwing Catocala moth prey models, startle response to novel gray vs patterned wing models in anomalous context, caged blue jays, 26407
neonatal monosodium glutamate, grooming induced by novel environment vs andrenocorticotropic hormone, rats, 13888

norepinephrine-depleting lesions of locus ceruleus vs dorsal noradrenergic bundle, behavioral & locomotor activity & operant responsiveness to novelty, male rats, 26596
novel experience prior to training or testing vs beta-endorphin vs naloxone vs epinephrine vs propranolol, retention of conditioned avoidance response, mice, 23988
novel stimulus preferences, preschoolers vs kindergartners vs 1st graders, implications for mentally retarded, 11458
novel vs familiar word pairs, stimulus seeking behavior, schizophrenic patients vs psychiatric aides, 3853
novelty-familiarity dimension of task, performance on simultaneous vs delayed oddity & matching tasks, high vs low MA mentally retarded persons, 9438
reactions to new place & new object, brown spiny mice, 23668
recency vs frequency vs probability, incentive value of novelty, 3rd graders, 29657
sawdust substrate soiled by unfamiliar isolated male conspecific, effect of naloxone on locomotion & rearing & exploratory behavior, male mice, 21551
spatially complex novel environment, hippocampal field potentials, male rats, 16425
suffix effect, immediate serial recall of preterminal items on number lists of known vs unknown lengths, college students, 5502
tactual exploration of novel vs familiar objects, male vs female 4–6 yr olds, replication & extension of work by A. D. Dandry & P. A. Russell & M. F. Rabinowitz et al, 26806

Stimulus Offset

heart rate response to onset vs offset of tone vs light, infant rats vs guinea pigs, 13856
judgment of whether click precedes or follows onset of light with degrees of luminance vs precedes or follows light termination, continuous measurement of visible persistence, adults, 13596
presentation of long vs short auditory tones, stimulus offset EPs & resolution of uncertainty, 21–34 yr olds, 21317

Stimulus Onset

choice & optimal foraging & delay-reduction hypothesis, pigeons, 19202
heart rate response to onset vs offset of tone vs light, infant rats vs guinea pigs, 13856
judgment of whether click precedes or follows onset of light with degrees of luminance vs precedes or follows light termination, continuous measurement of visible persistence, adults, 13596
length of stimulus onset asynchrony in semantic priming, target word recognition, college students, examination of dual process model vs C. A. Becker's verification model, 21173
noise letters preceding target letter by stimulus onset asynchronies, choice RT, female college students, 2978
voicing onset time of initial consonant, discrimination of synthesized 5-formant CV syllables, 6–11 yr olds vs college students, 26822

Stimulus Parameters [See Also Interstimulus Interval, Size, Spatial Frequency, Stimulus Attenuation, Stimulus Complexity, Stimulus Duration, Stimulus Frequency, Stimulus Intensity, Stimulus Intervals, Stimulus Novelty, Stimulus Offset, Stimulus Onset, Stimulus Salience, Stimulus Similarity, Stimulus Variability, Temporal Frequency]

amount of electric current vs electrode tip exposure, refractory periods for circling behavior & self stimulation, male rats, 11238
attention to stimulus location & relation to perceptual representation of stimulus or decision process, integration of color & shape information, 16–38 yr olds, 26854
Broca-Sulzer effect, stimulation parameters & RTs & neuropsychological correlates, literature review, 2985
changing target size as stimulus for accommodation, 23–35 yr olds, 23554
character height & set & size & mode of touch & contact force, tactile recognition of raised characters, female 21–27 yr olds, 13518
compound color & location stimuli, performance on delayed matching-to-sample tasks, pigeons, 13754
compound stimulus, accuracy in matching to element, pigeons, 19205
correspondence of stimulus elements, multielement apparent movement, college students, 10916
cue-consequence specificity & long delay learning, food aversion conditioning, animals, 13724
development of new ECT apparatus, stimulus for production of maximal therapeutic seizures & minimal damage, rabbits & pig, implications for treatment, 28902
distance between stimulus & eye vs horizontal distance from trunk of S, perceptual aftereffect & distance perception, normal Ss, 8173
duration & diotic vs dichotic presentation of isolated dynamic vs static formant transitions of synthetic syllables, spectral/temporal fusion in speech perception, college students, 3012
electrical self stimulation of lateral hypothalamus & medial prefrontal cortex, determinant of anodal & cathodal stimulus strength duration curves as measure of substrates of self stimulation, male rats, 21462
eye movements & inducing frequency & test-field height & inducing-field height & inducing-amplitude & test-field luminance & test-field width, grating induction, 13552
familiar vs unfamiliar stimulus conditions, self stimulation, 3.7–10.9 yr olds with autism, 19981
free operant scaling task of response based events, pigeons, 11060
global vs local features, matching & classification tasks, college students, 23619
guidelines for optimal use of stimulus-central processing-response compatibility of speech technology, conference presentation, 18897
hemispheric functional specificity, discrimination of temporal vs spatial visual stimuli to left vs right visual field, right handed Ss, 26481
hemispheric specialization & sensitivity to visual & auditory frequencies, 19340
homogeneous vs heterogeneous pictured items within 1 vs several semantic categories, response latencies & confrontation-naming performance, fluent vs nonfluent 27–78 yr olds with aphasia, 12299
identical configuration in pairs of discriminanda, acquisition of discrimination learning, macaque monkeys, 16350
instruction to attend vs not to attend to neutral vs emotional masked auditory stimuli of increasing intensity, EMG & heart rate & skin conductance, 21–30 yr old females, implications for research in auditory subliminal perception, 568
intensity &/vs complexity of discrimination stimuli vs reinforcement schedules & novelty in audiometry, response performance & habituation, 1 vs 2 yr olds, 10752
intertask redundancy & spatial proximity of task displays & degree to which task displays constitute single object & resource demands, dual-task integrality, college students, 10922
light vs noise CS & on- vs off-line training conditioning, barpress suppression & freezing, rats, 13715
lighting & relationship to size & distance & task complexity & personal variables, visibility of visual tasks, visually impaired, 1590
memory in delayed matching tasks, male monkeys, 611
misleading terminology in controversy over stimulus-response compatibility effect & role of cerebral laterality, comments on work by B. Cotton, 13807
number of stimulus pairings & partial reinforcement & temporal gaps between stimuli, leadership about stimulus properties of reinforcers in autoshaping, female pigeons, 23663
object structural characteristics, cardioidal strain perceived as growth, college students, 21099
organization of sentences & thematic information, remembered duration of interval & memory & comprehension of prose material, college students, 317
parameters of electric footshock, REM sleep stage distribution, male rats, 3246
patterns with different line orientation & length, orientation sensitivity vs discrimination of different texture orientation at retinal locations, 17–35 yr olds, 237
response tempo & selective processing ability & task demands, classification of multidimensional stimuli, college students, 21165
signal detection theory, recognition of neutral vs emotive stimuli, depressed vs nondepressed college students, 27363
spatial compatibility effects in assignment of symbolic stimuli to discrete finger responses, college students, 13527
stimuli of changing size, matching to sample, pigeons, 371
stimulus aspects of situation, judgment of duration, adults, 19031

stimulus integration & selective information processing, central-incidental learning, kindergartners vs 2nd vs 6th graders vs college students, 3462
stimulus meaning, skin conductance recovery time, 10–30 yr olds, replication & extension of earlier study, 6012
stimulus parameters, legibility of character- & word-stepped text visual displays, college students, 5255
stimulus patterns of same spectral amplitude envelope, Shepard tones & differences in height, adults, 5427
stimulus properties & sensory discrimination, model for sensory analysis of psychophysical phenomena, 13345
stimulus response modalities as confounding factors in interpretation of measurement of successive & simultaneous styles of information processing, children, clinical & research implications, 28925
stimulus size & location, active vs passive smooth eye movements, 20 to 40 yr olds, 21112
stroboscopically presented noise patterns' rate & duration & size & discrete spatial shifts in central & peripheral visual field, motion perception, adult Ss, 26328
temporal vs spatial separation of letters, fast-same effect in matching task, college students, 216
variation of stimulus disparity, switching-key concurrent VI schedule performance, 13723
varying retinal eccentricity of moving dot vs horizontal vs vertical line segments with same features as stationary background elements, conspicuity, adult Ss, 21104
visible vs informational persistence, iconic memory, college students, 26361
visually similar stimuli varying in temperature & tactile quality, preferences for & time spent with stimulus, domestic chicks, 26395
volume of sodium chloride solution & stimulus presentation method, taste sensitivity, 14–39 yr olds, implications for Henkin taste test, 21054
word category size & strength frequency, retrieval processes in perceptual recognition & cued recall, college students, 313
word vs digit vs consonant/vowel syllables vs melody stimuli & directed attention, dichotic listening performance, 9–12.8 yr olds, 16940

Stimulus Pattern [See Stimulus Variability]

Stimulus Presentation Methods [See Also Stereoscopic Presentation, Tachistoscopic Presentation]

audiovisual vs written stimulus presentation, preference for behavioral vs person-centered psychotherapy, college students, 20296
cause of target event & presence & timing of questions, inferences & recall, 4.5–5 vs 7.5–8 yr olds, 6088
click spatial position, middle latency auditory EPs, 23–35 yr olds, 3180
concurrent presentation of phencyclidine & saccharin, reduction of drug intake, monkeys, 8526
continuous vs binary presentation & magnitude of correlation & expectancy, ability to assess correlational relations, college students, 21163
control of variables in lexical decision task, reaction times, 17–45 yr olds, 13682
extended presentation of compound stimuli, compound-element differentiation in flavor aversion, rats, 5543
method of transitions, studies of short term memory of perceptual material using contrast stimuli, 3052
order relevant vs irrelevant decision rules, rearrangement effects in multiletter matching, college students, 10979
presentation of small vs large animals, impact of context on judging relative size of objects, college students, 5450
presentation of target letter in either vs both of 2 locations in visual display, RT task with divided attention, female college students, 2979
range of stimulus concentration, estimation of ideal salt concentration, test of method described by D. A. Booth et al, 21058
rehearsal strategy & stimulus presentation rate & age, free recall & organization, female college students vs 62–88 yr olds, conference presentation, 3049
separate activation vs coactivation in simple letter detection task, RT, college students, 3001
serial anticipation vs complete presentation method, retention of erroneous responses in verbal learning, 4th–6th graders, 8688
simultaneous &/vs sequential presentation of contextual & focal stimuli, assimilation & contrast of perceived length of parallel lines, college students, 21089
simultaneous visual & auditory signals, short term memory, pigeons, 5556
stimulus presentation order & observation method, ratings of performance anxiety, college students, 8011
stimulus presentation rate, paired associate learning, children with attention deficit disorder with vs without hyperactivity, 27522
unilateral vs bilateral cerebral presentation, naming tasks, 10 vs 12 vs 14 yr olds, implications for onset of puberty, 6074
varied sniff pressure & resistance, judgments of strength of odors, college & graduate students, test of perceptual constancy model, 21060
volume of sodium chloride solution & stimulus presentation method, taste sensitivity, 14–39 yr olds, implications for Henkin taste test, 21054

Stimulus Salience

advertisements, conspicuity of routing information in railway station scenes, college students, 26056
biologically irrelevant flash of light, differential outcome effect & associated cognitive expectations in conditioned discrimination learning, male rats, 19203
number & size of advertisements, conspicuity of routing information in railway station, college students, 16026
perceptual salience of facial features, perception of Chernoff faces, college students, 10910
personality characteristics & salience of perceptual features, 2-dimensional solution for Rorschach inkblot similarity judgments, college students, 3755
salience of facial features, perception of affective facial expression, kindergartners vs 5th graders, 16874
salient-feature coding, hand or finger position responses in spatial precuing tasks, college students, 26296
stimulus strength & sensory pathways, accuracy of detection & identification, 21120
underlying processes & importance & distinctiveness of stimulus words & applicability to one's self, recall & incidental encoding of stimulus words, college students, 13656
variations in spacing & number of elements, perceptual salience of form vs material, college students, 21092
viewing distance & duration & stimulus clarity, performance on pseudoisochromatic tests of color deficiency, college students, 8176

Stimulus Similarity

attention & similarity, modeling of identification & categorization of multidimensional perceptual stimuli, 16297
auditorily presented sentences containing phonemes similar to target, time needed to detect target phoneme, college students who were native speakers of English, 10947
availability of information specifying consonant identity in brief segments at offsets of vowel-consonant syllables, college students, 16275
identification of parafoveally presented letter flanked by confusable vs nonconfusable letter on foveal vs peripheral side, college students, examination of basis for confusability-asymmetry interaction, 13544
interval between original & interpolated lure vs target voice presentations, identification of target voice in voice line-ups, college students, 23591
orthographically similar words vs nonwords separated by short stimulus onset, activation vs inhibition of recognition, adult Ss, 21171
phonologically similar vs dissimilar letters in strings, same-different decisions & processing of abstract letter identities & response latencies, college students, 29086
practice on digit or letter targets, incorrect target-present & correct target-absent responses in visual search when digit other than target was present, college students, 13559
reverberation time & noise level, multidimensional scaling of confusion in Dutch consonant identification, 26–40 yr old speakers & 18–23 yr old listeners, 268
sorting frequencies & agreement between relation elements, perception of word relation similarity, 13693
stimuli similar along wavelength continuum, response rates under different reinforcement contingencies, pigeons, 26391

stimulus familiarity & similarity, perceptual interaction in processing of 2-word displays, college students, 16293
stimulus variability vs similarity in lateral & pattern masking, visual accuracy in target identification, college students, 23539
uni- vs multidimensional patterns, cognitive transformations & similarity judgments, male college students, 8214
variations in spacing & number of elements, perceptual salience of form vs material, college students, 21092
violations of intradimensional additivity in dissimilarity judgments of pairs of rectangles, 10–60 yr olds, support for metric for bounded response scales, 23570
visual similarity, picture categorization, college students, 13641
Stimulus Variability
automatic facilitation vs subjective expectancy explanations of sequential effects in serial RT, human Ss, 13642
differences in nonsense syllables, ease of learning, 11003
frequent standards vs infrequent deviant stimuli, field mappings of auditory evoked magnetic responses, 26–35 yr olds, 23831
implied velocity & acceleration of dot pattern displays, memory shifts, college students, 21176
levels of stimulus intensity & stimulus variability, subjective & physiological sexual arousal & habituation, male college students, 26540
omission vs displacement perturbation of line pictures with pixels vs line fragments vs contours vs whole figures, perception of visual features & their syntax, 21078
pirlindole, change in flash vs pattern cortical EPs, 31–43 yr old males, 3273
simple vs oddball choice RT vs lie condition vs equiprobable stimuli & subject expectation in visual task, event related EPs, adults, 3171
stimulus variability vs similarity in lateral & pattern masking, visual accuracy in target identification, college students, 23539
subjective zero reflectance & equal stimulus spacing & contraction biases in 1st judgments of lightness, college students, 21113
temporal & spatial variation of Hebrew letters, tactile identification of letters, college students, Israel, 21063
true & false variability of sentences, decision time for reasonableness judgments & memory representations for concepts, college students & college-educated adults, 29112
variability of kinematic & EMG timing parameters & average movement velocity, premotor & motor RTs, 20–35 yr olds, 23519
variation in stimulus quality & induction procedures, interference resulting from conditioned inattention in learned helplessness experiment, college & nursing & psychotherapy students, 29158
variations in spacing & number of elements, perceptual salience of form vs material, college students, 21092
Stipends [See Educational Financial Assistance]
Stochastic Modeling [See Also Markov Chains]
absorbing & ergodic discretized variable structure stochastic automata, 28909
comparison of models for strategic planning & risk analysis & management in business, 31443
development of model of systems approach to treatment, psychiatric patients, 30505
Markov models vs sequential analysis vs information theory, analysis of counseling interview, implications for counseling research, 30903
mathematical model of stochastic relations in social networks, structure of nominations of esteemed peers, mathematicians, 1130
Pascal algorithm, random number generator for stochastic models of psychological processes, 5240
random systems model of brain & nervous system, adaptation & habituation & associative learning, 2824
sequential analysis techniques & experimental design considerations, analysis of counseling interview, comments on paper by J. W. Lichtenberg & E. J. Heck, 30896
sequential analysis techniques, analysis of counseling interview, comments on paper by J. W. Lichtenberg & E. J. Heck, 30921
stochastic model, coding speech signals at low bit rates, 21640
stochastic model of neural networks, 16217
stochastic multidimensional scaling method, analysis of paired comparisons data & spatial representation of Ss & stimuli, 26263
Stomach
analogs of (pyro)Glu-His-Gly-OH, food consumption & gastric acid secretion, male rats, 13998
exposure to aggressive vs nonaggressive rats, gastric secretion, rats, 26542
fenfluramine, gastric emptying, female rats, 14045
role of mouth & gut, normal- vs sham-feeding response to saccharin & sugar solutions, female rats with gastric fistula, conference presentation, 21410
slow infusion of nutrients into stomach vs duodenum vs jejunum, inhibition of food intake, rats, 3185
stomach distention vs caloric density of meals vs oropharyngeal vs esophageal stimulation, rumination, profoundly retarded institutionalized 18–34 yr olds, 28064
Strabismus
monocular nasalward & temporalward visual field movement at 4 retinal sites, optokinetic nystagmus, strabismic amblyopic Ss, 30481
sinusoidal & square wave grating contrast, steady-state accommodation, strabismic without amblyopia vs amblyopic vs former amblyopic 17–27 yr olds, 30375
spatial interference, vernier acuity, 27–43 yr olds with unilateral amblyopia associated with strabismus &/vs anisometropia, 14860
Strain Differences (Animal) [See Animal Strain Differences]
Strategies
ability to make strategy transformations in simple arithmetic tasks, learning disabled adolescents, 2545
ability to make strategy transformations, mathematics performance, learning disabled male 13 yr olds, 10505
attention & motivation & comprehension in learning with understanding, implications for teaching, 13698
characterization through complex data structures, users of databases, 16027
cognitive strategies & instructional set information & practical responding to test suggestions, modification of hypnotic susceptibility, college students of high vs low susceptibility, 21207
cognitive strategy training, verbal math problem solving performance, 15–18 yr olds with learning disabilities, 13095
color stimuli in bar-probe tasks with vs without instructions, performance according to optimal strategy, college students, implications for postcategorical-filtering model of information processing, 247
common cognitive mistakes in negotiation in business & interpersonal & international relations, 27134
cooperative vs noncooperative group orientation in prisoner's dilemma game, game strategies & attribution of outcome, female college students, 3722
coverage intention & bibliographic vs personal contact & manual search strategies & citation practices, authors of psychological research reviews, 13331
credibility & power strategies, attainment of functional & positional & ideational & personal organizational development, human resources development professionals, 5083
decision making strategies to determine cue weights, college students, 8226
derived vs supplied strategy utility information, strategy selection, 2nd graders, 16918
dialectical inquiry vs devil's advocacy vs consensus, strategic group decision making, graduate business students, 18748
error correction strategies in manipulative play, 18 vs 24 vs 30 vs 36 vs 46 mo olds, 813
expert & novice debugging processes in general theory of programming expertise, computer programers, 13267
failure to select potential counterexamples in testing generalizations, college students & staff, 19117
feedback about recall strategy efficacy, selection of associative learning & memory strategy, 5th graders vs college students, 24137
generosity & uncertainty & strategy, prisoners' dilemma game, 14437
individual differences & choice alternatives, choice time & simplification strategies in increasingly complex decision-making tasks, college students, implications for information-processing model, 285
influence of instruction, use of spontaneously derived facts strategies, 2nd graders, 28458

information processing & decision making models, stages of optimal strategy learning in 2-player game, 11–16 yr olds, 14142
information processing capabilities & learning strategies & performances, athletic skills, 7780
intentional forgetting strategy, retrieval inhibition, college students, 23630
internal strategies & peripheral information, control of reproduction of movement amplitude, 5379
invented spellings & strategies & errors, young children through adult good vs poor spellers, implications for spelling education, 10400
methods for study of memory strategies, 5497
modeling of task strategy use vs positive achievement beliefs, self efficacy & skill acquisition in division learning training program, 9.3–11.7 yr old students, 20702
multiple & selective attention to letter & configural information in printed words, 2nd graders after 1 yr of reading instruction, 19572
physical knowledge vs Euclidean reference training, concept of horizontality, female college students who failed Piagetian water-level task, 21682
reading level, coding strategies in braille learning, children with normal vs retarded reading ability, 17634
recognition vs inference vs intuition vs guessing, calibration of confidence judgments in general knowledge questions, 19–60 yr olds, 3014
rehearsal strategy & stimulus presentation rate & age, free recall & organization, female college students vs 62–88 yr olds, conference presentation, 3049
repeated addition & partitive & quotative models, solving verbal multiplication & division problems, 5th vs 7th vs 9th graders, Italy, 10336
semantic vs phonological strategies, consecutive vs interrupted vs scrambled oral anagram construction, 8.1–9.1 yr old dyslexic vs reading retarded children, 12134
social strategies & expectations as components of social competence, male parochial high school students, 26923
stimulus demands, adaptation of learning strategies, 74–147 mo old learning disabled vs slow learning children vs 2nd graders, teaching implications, 31275
strategies, development of memory span, 6.8–14.6 yr olds, 6059
strategies for theory formulation, 10731
study of text using own vs facts vs comprehension learning strategy, test performance, 7th graders, 2439
task-relevant learning strategies, maze traversal task performance, college students, 19160
time delayed matching to sample task, short term memory process & forgetting, mild & moderate & severely mentally retarded adults, 1470
training in monitoring utility of cognitive strategies vs strategy affect, maintenance of effective strategy, 2nd graders, 15653
transformation of teaching into learning strategies, reading comprehension abilities & motivation, 10347
use of hypothesis testing vs passive-receptive selection strategies on simple concept learning task with repetition of test items, level of concept attainment, college students, 311
Strength (Physical) [See Physical Strength]
Stress [See Also Environmental Stress, Occupational Stress, Physiological Stress, Psychological Stress, Social Stress, Stress Reactions]
acute ethanol ingestion, restraint stress-induced gastric & duodenal ulcer, male rats, 23972
acute vs chronic immobilization stress, brain levels of noradrenaline & dopamine & serotonin & 5-hydroxyindoleacetic acid, rats, 11202
acute vs subchronic stress, cholecystokinin & substance P in hippocampus & septum & prefrontal cortex & dentate gyrus, male rats, conference presentation, 16499
aerobic fitness, pulse rate & subjective response to stressful task, female college students, 23871
age & long term cold stress, development of tolerance to stress-induced analgesia, 4 vs 15–16 mo old male rats, 8473
age & sex & ethnic & racial differences & residence group, perceived personal & academic stressors, college students, 2447
age, ratings of threat of various life events, female 48–78 yr olds, 21674
age, type of stress, college students & aged, 29557
air & foliage movement & environment novelty & stress, exploratory behavior & tongue flicking, male lizards, 29231
alcohol-induced stress & physiological correlates, college students with Type A vs Type B behavior, 21628
alpha- vs beta- vs cholinergic receptor blockers & epinephrine vs angiotensin, immobilization stress-induced changes in cerebral blood flow & partial pressures of oxygen & carbon dioxide, male rabbits, 16494
amount of stressful life changes & perceived social support, incidence & pattern of self reported illness, patients, 14871
amphetamine administration followed by exposure to threatening vs nonthreatening humans, electrochemical responses in caudate nuclei & heart rate, pigtail monkeys, implications for amphetamine models of psychoses, 16590
analysis of tension releasing function of crying, neonates, 16871
antianxiety drugs, management of stress factors influencing coronary heart disease, conference presentation, 12595
anxiety & stress factors, chronically ill youth & their families, implications for school & mental health counseling, 25461
anxiety level & cognitive vs emotional mode & high vs low degree of stress, phonatory & articulatory processes during speech production, college students, 26768
anxiety level & dental stressors, 1st yr vs senior dental students vs practicing dentists, 15474
anxiety level, changes in skin & salivary & urinary pH, 20–25 yr old females, 5734
arginine vasopressin, learned avoidance behavior & memory & stress, rats, 16680
art therapy, stress & fears of hospitalization, 10 yr old native Alaskan female, 15358
arterial hypertension & life stress & anxiety due to visit to doctor's office, 1605
auditory awakening thresholds & stress, insomniacs, experimental replication, 1570
autonomic system activity vs neurotensin administration, cytoprotection against cold plus restraint stress-induced gastric ulcers, male rats, 19481
aversive auditory stimulus, stress sensitivity & physiological responses, 20–55 yr old migraine sufferers, 24974
basic teachings of guru & elimination of stress, residents of Kripalu Yoga Ashram, 6977
benzodiazepines vs naloxone vs propranolol vs diisopropyl fluorophosphate, shock-induced renin & prolactin secretion, male rats, 24043
beta-adrenergic blocking drugs, anxiety & stress, literature review, 1944
bilateral habenula nuclei lesions & nomifensine, swim test performance, male rats, 21420
biofeedback training, stress-induced muscular activity & anxiety level, patients with mandibular dysfunction, 1874
blood-born vasopressin & complex brain performances & stress, conference presentation, 3202
cardiovascular activity & pain perception & stress-induced analgesia, rats selectively bred for high vs low avoidance behavior, conference presentation, 19310
caregiving strain & relationship to patient, desire to institutionalize family member with Alzheimer's disease, female vs male Black vs White spouse vs nonspouse caregivers, 18159
caring for elderly widowed, daily lives, sons vs daughters, 1000
causal analysis of personality & stress & cancer & cardiovascular disease, conference presentation, 22250
causes of death related to stress in psychiatric hospitals, inpatients with nonorganic psychosis, Norway, 10114
characteristics of stressful life events, male vs female college students attending student counseling center vs non-help-seeking students, 31351
characters of family stress induced by child's chronic illness & construct validity of long & short forms of Questionnaire on Resources & Stress, parents of 6–14.9 yr olds with cystic fibrosis vs renal disease, 30406
chewing complex carbohydrate cereal for 20 vs 60 sec & stress vs relaxation, salivary amylase digestion of complex carbohydrates, college students, 29334

childhood experience & learning & memory formation & hormonal or environmental stress, acquisition & reinstatement & extinction of conditional phobias & fears, 14614
child's characteristics & special needs, stress level, 21–61 yr old mothers of children with Down's syndrome or mental retardation or cerebral palsy, 12128
chlordiazepoxide &/vs apomorphine vs clonidine vs quipazine & stress, emotional response assessed by locomotor activity & monoamine brain levels, male mice, 11295
chlordiazepoxide, corticotropin releasing factor-induced behavior in aversion conditioning conflict test paradigm, male rats, 16573
chlordiazepoxide, elevations of plasma corticosterone induced by placement as intruders in long-established colony, male rats, 26658
chronic noise followed by acute noise & forced swimming, basal glucose & insulin levels, male rats, 8462
chronic pain stress with vs without antioxidant F-801, hypoxia & blood pressure & heart rate & cardiac mass & peroxide lipid oxidation, rats, 11220
chronic stress & major depressive disorder episodes & symptom severity, mothers of handicapped children, 30102
chronic stress & symptoms of posttraumatic stress syndrome, residents living within 5 miles of Three Mile Island nuclear power station, 22001
chronic stress followed by restraint, ACTH & corticosterone level, male rats, 16453
chronic stress vs stress with exercise, age-related changes in end plate of diaphragm & hindlimb muscles, male rats, 13906
classical- vs multiple platform- vs pendulum-induced deprivation of paradoxical sleep, physiological correlates of stress, male rats, 23883
cold water immersion stress, response to morphine, 4–17 mo old male rats, 13891
combatant styles used in contributions on confounded measures in studies of stress & adaptation, comments on article by R. S. Lazarus, 26175
combined castration & adrenalectomy & stressors, thymic & spleen weights & primary immune response, mice, 13917
combined Schedule of Recent Experiences & Life Experiences Survey, evaluation of current stress level, male & female 21–59 yr old public school teachers, 28999
computer aided analysis of in-flight physiological measurement, pilots, conference presentation, 20855
conceptualization & measurement of chronic disorders, study of life stress-disorder interaction, 14541
confounding problems in studies of stress & psychopathology/symptomatology, comments on articles by R. S. Lazarus et al & B. P. Dohrenwend & P. E. Shrout, 26216
confounding problems in studies on stress, replies to comments by F. Deutsch & B. L. Green, 26224
consideration of time factors & stresses of aging in treatment planning scheduling, 76–80 yr olds, 15317
construction of measure to assess subjective response to stressful life experiences, psychiatric outpatients vs nonpatients, 21005
coping ability, reactions to stressors & resulting stress & pathological consequences, 27251
coping instructions & severity of illness & intrinsic sensitivity to & objective level of noise, coping ability & recovery, male surgical patients, 12734
coping mechanisms for additional life stress, handicapped adolescents, 17591
coping strategies & support mechanisms mediating social environmental influences, diseases, 14873
coping strategies for dealing with stress induced by pregnancy following recent stillbirth, parents, 27648
coping styles & economic stressors & symptoms, male vs female residents of Black community in rural South, 21966
decapitation vs catheterization methods of blood collection & stress, plasma levels of calcium & potassium & magnesium, male rats, 19374
defensiveness, stress & anxiety, mothers of 5–10 yr olds referred to developmental evaluation clinic vs well adjusted 5–10 yr olds, 30069
degrees of speed stress, error tendencies in early processing of same-different judgments of letter pairs, adult Ss, 26318
demographic & personality correlates & low vs high stress situations, preference for cigarette smoking, medium-light smokers, 6309
demographic indices & response to stresses, parents of handicapped school age children, 27246
demographics & stressful life events & sociocultural factors, prediction of depressive symptomatology, Black males, 17341
depression & stress sensitization & kindling & conditioning, comments on article by H. Anisman & R. M. Zacharko, 19972
development of instrument for measurement of perceptions of stressors in children's lives & experiences with & emotional reactions to these stressors, 3rd–6th graders vs professionals, 26201
development of Junior High Life Experiences Survey & scoring strategies, assessment of life stress & prediction of maladjustment, 7th & 8th graders, 168
development of revised Family Stress Checklist, determination of risk factors associated with child abuse or neglect & appropriate intervention services, pregnant females & their partners, 24794
developmental transitions & age of mentally retarded offspring, stress, families of mentally retarded 7–25 yr olds, clinical implications, 24845
dexamethasone suppression tests during stress vs nonstress conditions, cortisol levels & nonsuppression rates, 18–73 yr old hospitalized patients with schizophrenia vs depression vs psychiatric staff physicians, conference presentation, 30091
differences in perceived environmental stress, parents of children experiencing planned vs unexpected admission to intensive care unit, 15355
discriminant & convergent validity of cognitive & somatic anxiety questionnaire, distinction between cognitive vs somatic modes of anxiety, individuals in stress & anxiety self management course, 8111
distracting activity, reduction of psychological stress by alcohol, college students, 24030
duration of hospitalization & unit setting, perceived stressors & social support & coping behavior during preterm labor, patients in mid- and late 20's on maternal-fetal intensive care unit, 7448
duration of immobilization stress, high affinity choline uptake & synthesized acetylcholine release & quinuclidinyl benzilate binding, female rat hippocampal preparations, 21373
dying patients & conflicts with other nurses & competence & work overload & problem patients & nursing care concerns, stressful episodes, 1st-yr student nurses, 12851
dynamics of cognitive appraisal & coping processes & short term outcomes of stressful encounters, 26–54 yr old married couples, 21910
dysfunctional attitudes & negative life events & depression, female vs male college student outpatients from Student Mental Health Service, 22143
early vs normal vs late weaning, formation of ulcers with gastric acid etiology vs stress-induced ulcers, rats, 21379
educational & emotional & physical & social & professional needs, staff & family caregivers for Alzheimer patients, 4217
emotional roller coaster vs corporate failure models of upset, employees displaced by plant closing, 18709
emotional stress, adult Raynaud's disease patients, 20149
emotional stress, immune system, 577
emotional stress, visuomotor responses, human Ss, 5394
emotions theory analysis of coping & social support & mental disorders, implications for stress-buffering phenomena, 17430
endorphins & learned helplessness & depression, comments on H. Anisman & R. M. Zacharko's article, 19886
environmental demands & individual vs social vs organizational resources & qualitative & quantitative resource aspects, stress perceptions, salaried employees vs homemakers vs self employed individuals, Israel, 31570
environmental factors in childhood vs adulthood vs stress, anxious-neurotic vs neurotic depressive twin probands, 3945
environmental stressors & behavior problems & coping skills, 6.5–15 yr old children of mentally ill parents, 22127
escapable vs inescapable shock, noradrenaline & 3-methoxy-4-hydroxyphenylethyleneglycol levels in hypothalamus & amygdala & thalamus, male rats, 11236
escapable vs inescapable shock, stress-induced analgesia, male rats, 11232

evaluation of rating scales for measurement of burden of psychiatric illness on family, deinstitutionalized patients with severe & chronic psychiatric illnesses, 16113
evolution of learning & retention of active & passive avoidance responses & stress, homozygous rats with diabetes insipidus, 19188
examination stress & loneliness, herpesvirus latency, 1st-yr medical students, 11189
exercise & cold stress & hemorrhage, plasma epinephrine & norepinephrine measured by high performance liquid chromatography with electrochemical detection, rats, 29356
experience of hiding from Nazis vs experience in armed resistance groups during World War II, styles of coping with stress, Jewish males, 17270
experimental design & methodological considerations of stress-inducing situations & indicators & subject populations in stress research, adult Ss, 18899
experimental design, prestress physiological adaptation, literature review, 11194
exposure to novelty stress during pregnancy & environment following parturition, maternal behavior & time spent in nest building & nursing, female rats & their offspring, 13898
expression of hostility & coping with stress & depression, male vs female college students, 9175
extended flight operations in helicopter simulator, performance & stress & fatigue, 21–28 yr old Army aviators, 15970
factor analysis & validity & reliability of Strain Questionnaire, measurement of behavioral & cognitive & physical stress, 17–58 yr olds, 145
factors buffering potentially negative health effects of life stress, families classified as distressed vs stress resistant, 3740
family stress levels & lifestyles, dual-earner families with preschool age children, 27018
family stresses, adoption, single vs 2-parent adopters, 29846
family structure & school functioning & degree of depression & stressful life events, attempted suicidal acts, hospitalized 12–18 yr olds, 12053
family support & marital satisfaction & farm functioning, self reported psychosomatic stress symptoms, wives of dairy farmers, 1515
family systems social atom approach, dynamics & stress during holidays, families, 20327
family vs nonfamily social support, buffer for stress, female college students, 2467
Fathers Program, stress & grief & depression & social support & family environment & information needs, fathers of handicapped children & their wives, followup study, 30678
fear of independence & vulnerability & intrafamily relations, voluntary speech & stuttering, 2.4–5.2 yr olds, 9484
financial issues & academic & environmental factors as potential sources of stress, Black college students aged 18–43 yrs, implications for counseling program development, 28600
footshock & conditioned stress, 3-4 dihydroxyphenylacetic acid levels in mesencephalic dopamine cell body & terminal field regions, male rats, 590
footshock & reinforcement, nonassociative learning in T-maze, male mice, evaluation of predictions of reinforcement & neophobia-arousal theories, 5787
footshock vs forced running in activity wheel, habituation to repeated stress & corticosterone & prolactin & pituitary cyclic AMP, male rats, 5752
frontalis & forearm & neck EMG & cephalic vasomotor response & hard surface temperature & heart rate & skin resistance level & stimulus parameters, adults with migraine &/or tension headaches, 27499
genetic or environmental characteristics, cardiovascular responses to emotional & physical stress, adults with or without family history of hypertension, conference presentation, 11137
genotype & chronic stress, climbing behavior induced by apomorphine hydrochloride, male DBA/2 vs C57BL/6 vs hybrid mice, 23773
group emotional & stress psychotherapy, stuttering, 7301
guidelines for prevention of excessive stress, athletes, implications for sport psychologists, 18693
handling stimuli & stress odors, species-specific defensive behavior & pain sensitivity, female rats, 23706
health protective effects of social support model of esteem-enhancing appraisals & stress-related interpersonal transactions, 29949
high vs low pressure & clear vs unclear legal guidelines, legal & ethical conflict decision making, counselors, 12829
hope & life events & stress & coping methods, susceptibility to illness, conference presentation, 11870
husband's job, personal & life satisfaction, 21–60 yr old wives of commercial airline pilots, UK, 11608
hypnosis as method of determination of ability of psychological & cognitive processes to alter immune system activity, treatment applications, literature review, 29331
hypnosis, control of pain & anxiety & stress-related conditions, 28009
hypnotherapy, stress & academic achievement, children, 7295
illness & extreme stressors & family psychosocial environment, resiliency & development, adolescents, 8850
illness-related stress, emotional life & interactions, families of renal diabetic patients, 1624
imagery as counseling modality, development of more adaptive behavior & coping with stress & problem solving & expansion, clients, 12703
imipramine & forced swimming stress, swimming time & serum corticosterone levels, male rats, 26741
immobilization stress, amino acid plasma levels, male rats, 16486
impending repatriation after 20 yrs as foreign worker, mental disorder, 55 yr old Algerian male, France, conference presentation, 6487
incidence of sleep disorders & weighting of Zeiss aversiveness scores, part-time students, 22235
increased stress & depression & anger & loneliness, prediction of success depression, gifted 14–17 yr olds, 6131
increased stressful life events & state anxiety factors & familial predisposition, recurrence of herpes labialis, 20–43 yr olds with recurrent oral herpes, 6863
inescapable footshock, opioid vs nonopioid stress analgesia, normal vs central opioid binding site deficient mice, 21432
informal support networks & stress experienced by family & friends, elderly retarded persons, 9460
ingestion of aluminum hydroxide vs shock-induced stress during gestation, birth related & developmental effects, female rats, 13878
initial depression status & association of stressful events & depression, college students, 24644
institutionalization during 1st 5 yrs of life & early onset schizophrenia in mothers, predisposition to schizophrenia, children, longitudinal study, 6574
instruction-induced stress, habituation & dishabituation of human orienting reflex & trait anxiety, female college students, 26549
intense stress, ACTH release & activity level, male rats, 16468
inter- & intrasession reliability, psychophysiological poststress adaptation, college students, 13859
internal consistency reliability & convergent validity of Stress Processing Report, measurement of stressful thinking styles & psychological & physiological symptoms, respondents, 23421
intero- vs exteroceptive stimulation, conditioned stress-induced analgesia, male rats, 5751
interpersonal challenge, cardiovascular & cognitive behavioral responses, Type A vs Type B college students, 14523
interrater reliability of translated version of Paykel's stressful life events scale, 21–63 yr old psychiatric patients, Italy, 13392
isolation & isolation-induced conflict as potential stressors, voluntary alcohol consumption, male rats, 21388
isolation vs intermittent oscillation vs apomorphine vs haloperidol pretreatment, behavioral responses to apomorphine, male rats, 16459
Israeli invasion, anxiety, American college students, Lebanon, comments on study by P. A. Saigh, implications for posttraumatic stress disorder, 3859
Israeli invasion, anxiety, American students, Lebanon, comments on study by P. A. Saigh, implications for posttraumatic stress disorder, 3551
judgment of impairing social situations in terms of theories of helplessness & loss of control & reactance & coping & stressful situations, impaired speakers, 1134
length of feeding schedule & housing condition, development of activity stress ulcer, male rats, 8481

level of current problems & depressive symptoms, college students, 3901
level of social activity & reticular arrhythmias & emotional stress & Type A behavior as risk factors, ischemic heart disease & mortality, middle aged males, Sweden, 8-yr followup, 25007
life change events as stressors, mental health, college students, 4905
life event stress & coping style, psychopathology, male vs female college students, 17363
life events & daily stress, perimenstrual symptoms, 18–35 yr old females, 25019
life events & hassles, prediction of health symptoms & job performance & absenteeism, 19–61 yr old assembly line employees, 16013
life events, clinical course of rheumatoid arthritis, female patients, 15-yr followup, 1628
life events stress & periodontitis & gingivitis, 23–47 yr old male veterans, 22265
life events stress, classroom performance, college students, 13005
life stress & changing life events & mother-infant interaction, etiology of child abuse, primiparous mothers at risk for child abuse, 1418
life stress & clinical course of illness, females with definite or classic rheumatoid arthritis, 15-yr followup, 1629
life stress & personality correlates, depressive symptoms, middle & high school students, 6599
life stress & race & culture, counseling & social support services, racial minorities, 30916
life stress, college females with spasmodic vs congestive dysmenorrhea, 30352
life stress events, delinquency or conduct indicating need for supervision, 12–16 yr olds on probation or being detained for juvenile offenses, 1443
life stress, injuries, intercollegiate volleyball players, implications for generalization of football data to volleyball players, 22346
life stressors & personality traits, blood product usage, 16–70 yr old hemophiliacs, 15220
lifestyle & stress & sleep, circadian rhythm & catecholamine & adrenaline excretion, villagers, conference presentation, 11190
linguistic stress & practice, adaptation & consistency of stuttering, 19–26 yr old males, 20107
locus of control & perceived stress, student-teachers, 20662
locus of control & self esteem & perceived stress & academic performance, junior medical students assessed before vs after surgical clerkship, 31080
losses & separations as psychosocial stressors, implications for immune system & physical illness, 17614
losses in later life, emotional stress & coping behavior, aged, implications for social casework, 7392
low environment temperature vs immobilization vs random footshock stress, plasma corticosterone & fatty acid & glucose levels, male rats, 16492
low vs high neuroticism, life stress & concern about eating & body weight & appearance, 18–55 yr old females, 17250
major life events & daily stresses, assessment of anxiety & depressive symptomatology, 18–74 yr old full time workers who attend evening college courses, 24634
management strategies, internal & external sources of stress & roles, dual career couples, 29835
mastery & interpersonal trust & primary & secondary appraisals & coping & health status & psychological symptoms, 26–54 yr old spouses, 19792
maternal presence, stress levels & academic performances using biofeedback machine & computer, 6–12 yr old students, 20767
maternal social stress & status, litter size & pup development, hamster dams housed alone vs in pairs, 23766
mental health & vulnerability to stress, mothers of 16–33 yr old daughters exposed in utero to diethylstilbestrol, 12552
military-related stress, life satisfaction, military wives, 5026
model of concept of stress, 21995
model of effect of sociocultural stressors on psychosomatic symptoms within context of modernization, 20140
moderate immobilization stress throughout pregnancy, birth weight & reproductive behavior of offspring, rats, 21404
moods & negative events & physical malaise & stress, symptoms & health behavior, adults, 11897
morphine & met-enkephalin & beta-endorphin, epileptiform spiking & stress-induced bilateral convulsions, male rats, 13961
morphine vs ethanol administration & immobilization stress, memory process in passive avoidance task, mice, conference presentation, 11209
naloxone, stress-induced daily torpor, deermice, 16759
naloxone vs naltrexone, intermittent footshock vs brief shock vs transpineal ECS vs tailshock induced helplessness & analgesia, young vs old Charles River vs Sabra rats, 21422
naltrexone & forced intermittent cold water swim, stress-induced analgesia tolerance, male rats, 11298
naltrexone vs beta-endorphin, stress-induced hyperphagia, male rats, 16559
neocortical vs hippocampal lesions & repeated footshock stress, pituitary cyclic adenosine monophosphate & plasma corticosterone & prolactin level, male rats, 16477
neurochemistry & stress & depression, reply to criticisms by 9 authors, 19887
neurochemistry of stress, biochemical abnormalities of depression, comments on article by H. Anisman & R. M. Zacharko, 19953
neuroendocrine regulation & dopamine agonists & brain & spinal cord lesions & serotonin & hypothalamohypophyseal system, adrenal enzyme induction during stress, conference presentation, 29322
neutral vs environmental asthmatic vs asthma-related vs phobic as stressful visual stimuli, psychophysiological arousal & respiration & vigilance, asthmatic patients vs nonsmoking skin divers, 30358
noise-induced stress, open field behavior & role of endogenous opioids as determined by effects of naltrexone vs diprenorphine vs morphine, male rats, 656
number of previously identified factors, current emotional adjustment, 3.9–13.2 yr olds admitted to therapeutic center, 5–9 yr followup, 1370
nursing research, need for understanding of stress & multidimensionality of coping mechanisms in patients, 9668
odors released by stressed rats, opioid analgesia, unstressed rats, 8472
open field response to acoustic stress as measure of emotional reactivity, vasopressin deficient Brattleboro rats with hereditary hypothalamic diabetes insipidus, conference presentation, 19392
Pac-Man video game & mental arithmetic stressors, reliability & validity of portable blood pressure/pulse units, healthy 14–65 yr olds, 28898
paced arithmetic & RT stressful tasks, Type A scale & factors of Jenkins Activity Survey & diastolic blood pressure, adults, 26548
painful stimulus as stressor, personality traits assessed by contingent negative variation analysis, college students, 8438
pains & stress inherent in psychotherapeutic role, implications for training psychotherapists, literature review, 12825
paradoxical sleep deprivation, stress & emotionality, male rats, 5755
parental stress & adjustment, 24–35 yr old divorced or divorcing parents, 3603
peer reactions to depression & life stress, male vs female 3rd–6th graders, 14233
perceived control & relation to crowding & stress & physical symptoms, male prisoners, 30999
perceived overload in intensive summer school session, individual differences in experienced strain & coping strategies, full-time employed evening college students, 31254
perceived self vs other differences in life events & social context of stress, psychiatric symptoms, 21–60 yr old Anglo vs Mexican Americans vs Mexicans, US vs Mexico, 24737
perceived stress & anxiety & depression & self esteem, female vs male preclinical medical students, 15540
perceived stress & attitude toward baby & social support networks & support from husbands, emotional adjustment, 23–28 yr old females at 35 wks gestation vs 3 mo postpartum, 11632
perceived stress & attitudes toward free time, 1st-yr medical students, 20583
perceived stress & coping strategies, 17–53 yr old female victims of marital violence, 14695
perceived stress, psychological well-being, 9th–12th graders, Canada, 6032
perceived stress scale, reply to comments by S. Cohen, 26179

perceived stress scale vs hassles scale, reply to comments by R. S. Lazarus et al, 26198
perception of premorbid stress experiences, drug abusive vs non-drug abusive adolescents classified as socially maladaptive vs psychasthenic, 17319
perception of stressful vs pleasurable experiences, 15–18 yr olds, implications for group counseling, 8873
perceptions of supportiveness of extended kin & nonkin & SES & stressors, depression & general mental health, Blacks aged 17 yrs & older, 8975
perceptions of work & resident related sources of stress & satisfaction, direct-care staff members in community residences for mentally retarded adults, 10188
perfectionism &/vs stressful life events, vulnerability to depression, college students, 19933
performance models of stress & family management skills vs parental discipline & antisocial behavior, 4th & 7th & 10th grade males, conference presentation, 21789
peripheral benzodiazepine binding site ligand PK 11195, anxiogenic effects of chlorodiazepam in social interaction vs punished drinking test, male rats, 26659
pharmacotherapy & depression resulting from stressful life events, comments on article by M. J. Garvey, 1917
physical & environmental stress & corticosterone, prolactin response, male rats, 14072
physical fitness, relationship between stressful life events & subsequent illness, 17–31 yr olds, 3795
physical restraint, reduction of cyclic adenosine monophosphate response to norepinephrine in cerebral cortex & hypothalamus, male rats, 11226
physical restraint stress, mortality rate & physiological responses, rats, replication of study by C. C. Chiueh et al, 29355
physiological measures vs correlates of stress, ergonomic implications, conference presentation, 5128
physiological reactivity to stressful situation, female college students prone to tension headaches, 9557
physiological response to cold-restraint stress, utility of statistical procedures for determination of individual differences in animal research, male rats, 21398
plasma levels of epinephrine & norepinephrine, identification of univariate & bivariate response patterns, hyper- vs normotensives, 17619
potency, coping with stress & maintenance of emotional homeostasis, adults, Israel, 19836
power stress from academic examination, salivary immunoglobulin & norepinephrine levels, college students, 575
predisposing influence of stress on depression via neurochemistry, comments on article by H. Anisman & R. M. Zacharko, 19990
preexisting disorder & stress & personality & social support, prediction of psychopathology, 17391
prenatal exposure to ethanol, opioid vs nonopioid stress-induced analgesia, rats, 672
prenatal hormonal events & prepuberal social rearing conditions, sexual behavior, male rats, 5775
prenatal malnutrition or environmental stress, development of sexually dimorphic nucleus of preoptic area, rats, 8385
prenatal stress, pup retrieval & number of hippocampal benzodiazepine receptors, female rats, 16467
presentation of CS with vs without footshock stress & individual vs dyad vs group housing, cortisol secretion, male squirrel monkeys, 19389
pressure for achievement & school stress, behavior problems & suicidal behavior, primary school students & teachers, Yugoslavia, case report, 31263
pressure-free vs pressured classroom situation, level of divergent thinking, students, 4907
prevention of stress resulting from technological catastrophes, 31554
previous experience in simulated public speaking situation, psychophysiological stress responses & coping strategies during public speaking, female college students, 8442
prior stress & environmental context of stress application, amphetamine-induced rotational behavior, female rats with lesions of substantia nigra, 16496
prior stress & functional level, prediction of need & length of psychiatric hospitalization, psychiatric patients, 18258
private self consciousness & focus on internal aspects of self & life stress, susceptibility to physical illness, college students, 21993
professional biases about parental stress & coping behavior in caring for disabled children, implications for treatment relationship between parents & professionals, 9661
psychiatric symptoms & minor illnesses & life events & problems in community living, residents of stable rural town vs boomtown, Canada, 1218
psychological consequences of life changes, female vs male kindergartners to 2nd graders & students entering junior or senior high school or entering or leaving college & newlyweds & new parents, longitudinal studies, 17015
psychological effects & strategies to promote benefits of youth sports participation, parental responsibilities & factors in choice & timing of athletic program, 29600
psychological preparation interventions, stressful medical procedures, medical patients, 12651
psychometric study of stress & coping, 26–52 yr old male explorers, Antarctica, 20909
psychophysical state of health & coping style & locus of control, Israeli spouses of dialysis patients born in Asia & North Africa vs Europe, 14908
psychosocial & therapeutic factors that mitigate impact of stress & increase survivorship, 11813
psychosocial childbearing stress, metabolic control assessed by plasma glucose & urinary ketones & glycosylation of hemoglobin, diabetic pregnant 27–38 yr olds, conference presentation, 4099
psychosocial factors & depressive symptoms, college students, 14645
psychosocial factors & stress, multiple sclerosis, conference presentation, 1593
psychosocial life cycle paradigm guiding current psychiatric epidemiologic investigations of stress-distress process, 23388
radial acceleration & other stressors in aviation, secretion of catecholamines & adrenal steroids & other hormones, conference presentation, 11196
rating of interview-obtained life events for long term contextual threat & comparison with inventory event categories, development of list of threatening experiences, Ss from general population & psychiatric outpatients, 5217
ratings of severity of life stress events, females over 60 yrs vs 20–59 yrs old, 19552
recent stressful life events, school adjustment & competencies, 1st–4th graders, 2475
relaxation, anxiety & coping with stress, 2nd graders, 25211
relaxation as psychosocial modulation factor, cellular immunity, 1st yr medical students, 21355
relaxation training course, circulatory response to emotional stress, healthy 30–49 yr olds, conference presentation, 8455
relaxation vs noise-induced stress, skin conductance & heart rate response, 25–56 yr old male alcoholics, 17464
reliability & validity of Hemodialysis Stressor Scale, measurement of stress associated with hemodialysis, Ss with end-stage renal disease, 26235
reliability & validity of Modifiers & Perceived Stress Scale, measurement of perceptions of stressful life events & anticipation of & responsibility for events & amount of social support, adult males, 28980
reliability & validity of Unpleasant Events Schedule, measurement of frequency & aversiveness of stressful life events, normal adults & depressed Ss, 146
repression & awareness of its use & internal scanning, prevalence of stress symptoms, college students, 4911
repression sensitization & stress content of situation, recall of mock crime, college student eyewitnesses, 19152
respite care intervention & stress reduction, child abuse & neglect, parents under stress, 25442
restraint vs tailpinch pressure vs high intensity white noise stressors, opiate-like effects on investigatory behavior in novel environment, male rats, 11204
role of alcohol use & abuse & stress, literature review, 17479
role of awareness in reduction of stress by projection or repression or rationalization or denial mechanisms, college students, 6394
role of emotions in systems view of depression, comments on article by H. Anisman & R. M. Zacharko, 19938

role of parasympathetic division of autonomic nervous system, stress & emotions, literature review, 29341
scale measurement of hassles vs uplifts, physical & psychological health, 16–18 yr olds, implications for school counseling, 28624
self focused attention & depression & self evaluation & mood & stressful life events, college students, 30046
self reported stress factors assessed through cognitive-behavioral perspective, migraine headaches, 19–55 yr old patients, 20246
self schemas & life stress & vulnerability model of depression, college students, 1306
separate phased vs combined training exposure to stressors & visual search task & stressor fidelity, males, 31421
sex role attitudes & stress, sympathetic adrenal medullary hormone activity, male vs female college students, 21880
short vs long term effect of group competency-based program, stress & mental health, single mothers on government assistance, 10031
single vs group housing & shock & activity stress procedure, development of ulcers, male rats, 13902
social context, impact of events, 35–54 yr old females, implications for understanding of psychological disturbance during climacteric, 17323
social ecological perspective, stress & coping & social support, 15 yr old males, 21770
social networks & stress, physical symptoms, inner-city elderly residents, 1-yr longitudinal study, 16872
social skills & social support, stress-induced depressive affect, 15–27 yr old incoming college students, 21961
social support & adjustment to stress, physical & mental health, 50–88 yr olds, 24092
social support & coping & stress, 30534
social support & role of social relationships in stress & adaptational processes, 29942
social support & stressful life events, psychological distress, 21–40 yr old working class mothers, 30197
social support, coping with stress, literature review, 11893
social support from coworkers & supervisors, job adjustment & stress, newly graduated nurses in 1st 6 mo on full-time hospital job, implications for management personnel, longitudinal study, 10627
social support, stress & depression & anxiety, mothers of preschoolers living near Three Mile Island nuclear accident, 9332
social support via babysitting cooperative program, mental & physical health, high- vs low-stressed inner city mothers, implications for development of social support networks, 11612
social technology & acculturative stress & coping with environmental change, India, 5144
socialization & exposure to stressful milieu, perimenstrual symptoms & related disability & menstrual attitudes, 18–35 yr old females, 14918
sociological perspectives on trauma & stressful life events, conference presentation, 26115
sources of stress & respite care programs, parents & siblings of intellectually handicapped children, 22200
sources of stress & social & psychological adjustment, Southeast Asian refugee families, US, 29781
sources of stress, families with severely mentally retarded children, 27472
sources of stress that might lead to elderly abuse, elderly parent & middle aged caretaker & their family, 30268
standard psychoanalytic vs analytic group vs dynamic psychotherapy, psychiatric patients with different levels of stress, 27773
state & trait anxiety & relaxed vs stressful conditions & complexity of analogical reasoning task, RT & error rate, college students, mixed support for cue utilization vs attentional vs memory capacity theories of anxiety & performance, 11817
state anxiety & personal & social stress prevention factors, coping in long term stress situation, immigrant male heads of families, Israel, 19708
state anxiety & subjective pain & plasma ACTH & peripheral plasma beta lipotropin & endorphin & met-enkephalin levels before vs after labor, 20–25 yr old females with normal pregnancies, 21345
strains & stresses of marital/family vs occupational vs housework roles, psychological well-being, 18–54 yr old females, 9065
stress & alexithymia, development of stress related illness, 20202
stress & behavior patterns in psychobiological model of cancer, 12204
stress & clinic status, maternal perceptions of deviant child behavior, 24–45 yr old mothers of 4–7 yr old clinic vs nonclinic referred males, implications for use of parents as behavior therapists for own children, 8999
stress & coping behavior & psychological well-being, elderly Asians vs Caucasians, Canada, 16904
stress & coping with mentally handicapped child, family, literature review, 9422
stress & ego energy, field dependent perception, 55–75 yr olds, 19842
stress & factors mediating responses to stress, child-abusing vs non-child-abusing couples, 24778
stress & lifestyle & cholesterol level & weight, coronary heart disease, conference presentation, 12293
stress & state anxiety & prolactin levels, 25–35 yr old females attending infertility clinic, 9979
stress & teleonomic entropy & excessive suffering, increased level of arterial disease, industrialized vs developing & Communist countries, 30411
stress as cause of immune deficiency state & possible relationship to acquired immune deficiency syndrome, homosexual community, conference presentation, 4111
stress, brain noradrenergic activity, literature review, implications for stress-induced disorders, 13801
stress, clonidine-induced sedation, RHA/iop vs RLA/iop rats, 593
stress, colon motor & electrical activity in irritable bowel syndrome, adult female patients, 4212
stress conditions in life histories, diabetic patients, Nigeria, 4122
stress, developmental changes in trait & situational denial using lie scale, 6 vs 8 vs 10 yr old males, 21791
stress due to arrival of child, primiparae & multiparae females & their male partners, Great Britain, 8978
stress due to human contact, heart rate, female red-shouldered hawks, 11182
stress due to physical restraint & morphine, gastrointestinal transit of charcoal, male rats, 21363
stress, epinephrine-norepinephrine reaction, hypertensives, 14884
stress ideation, 25–35 yr old Vietnamese refugees, US & Canada, 17338
stress, immune system, conference presentation, 24600
stress induced by confinement & noise & dexamethasone injections, plasma levels of ACTH & oxytocin & vasopressin, rhesus monkeys, 16476
stress-induced consumption of ethanol, male rats, 16489
stress induced via immobilization vs injection vs uncontrollable shock, operant learning & ponderal & gastric mucus, male vs female rats, 19384
stress-inducing tasks, transcutaneous partial oxygen tension & skin blood flow & blood pressure & respiration, college students, implications for noninvasive measurement of cardiorespiratory functioning, 23866
stress, interpersonal conflict resolution skills, male college students from nonviolent vs violent-abusive families, 22149
stress levels, families with preschool moderately & severely retarded vs nonhandicapped children, New Zealand, 30339
stress monitoring & intervention program, mortality rate due to cardiac deaths, male myocardial infarction patients, 22359
stress of mental arithmetic & RT tests, temporal artery pulsation & facial temperature & blood pressure & heart & respiration rates, female college students subject to migraine vs tension headaches, 27537
stress, organizational effectiveness & potential for coronary heart disease, 18–74 yr olds, conference presentation, 13237
stress, predisposition for depression, comments on article by H. Anisman & R. M. Zacharko, 19889
stress, predisposition to depression, comments on article by H. Anisman & R. M. Zacharko, 19919
Stress Response Scale, profiles of behavioral response patterns, 5–14.9 yr olds, implications for assessment & treatment of behavior disorders, 14208
stressful emotional & professional & conjugal & familial & financial life events, mental morbidity, 18–25 yr olds, 6468
stressful encounters & depressive symptomatology & coping processes, community-residing White married couples, 24635

stressful events vs conditions, levels of alcoholism, US, test of R. F. Bales's theory, 1435
stressful experiences & periods of high vs low stress, patterns of illness, 21–60 yr olds, 24954
stressful life events & distorted responses & depression, college students, extension of findings of C. L. Hammen, 11975
stressful life events & social support, depression during pregnancy & puerperium, married females, 30193
stressful life events, alcohol abuse, females, literature review, 6626
stressful life events, etiology & onset of physical illness, literature review, 9519
stressful life events, exam scores & course points & grades, college students, 31226
stressful life events-illness model & role of social support in health protection & in treatment, literature review, 4237
stressful life events, onset & family history of schizophrenia, 17–36 yr old patients & their 1st-degree relatives, 9251
stressful life events, patients with essential hypertension, 2-yr longitudinal study, 20128
stressful life events, 17–78 yr old patients with endogenous vs nonendogenous depression, 1278
stressful life experiences, personality development, 31–85 yr olds, 8895
stressful situation, autonomic arousal assessed by EMG & heart rate & anxiety, 19–48 yr old patients with atopic dermatitis, 27548
stressful stimuli, learning of probability information, dysphoric vs obsessive-compulsive college students, 14639
stressors in marriage, 27–42 yr old female physicians, comments on article by M. F. Myers, 15523
stressors or disorders, attention vs avoidant coping strategies, meta analysis, 20250
structure of communication during cooperative problem solving with vs without time limitation, 16–18 yr olds alone vs in pairs, 6089
Supporting Extended Family Members Father's Program, stress & depression & support systems, fathers of handicapped children, 7123
supportive practices & social service programs, economic & time & communication stressors, divorce transition families & child care professionals, 20476
test-retest reliability & concurrent validity of mental stress test & indices of reactivity to stress, measurement of cardiovascular change, males, 19363
time series analysis of stress factors, 30 yr old male with migraine, 2-yr longitudinal study, 4198
trait anxiety & frequency of stressful situations, constructive vs passive vs escape coping strategies, 17 yr old secondary school students, Hungary, 8881
treatment package, coping with school-related stress, 13 yr old high school students, 22508
Type A vs B personality & inhibited power motive, heart rate & systolic blood pressure & forearm blood flow during structured interview & TAT, male college students, implications for development of coronary heart disease, 567
Type A vs Type B personality, active vs passive coping behavior with aversive threat & heart rate, college students, 6387
underlying model of mood & measurement of self reported stress & arousal, response to criticism by P. J. Cruickshank, 8056
unemployment & family relations, stress related to provision of economic support & housing for parents & parents-in-law, Chinese American first generation immigrants & offspring, 17096
urban vs rural environment & religious identification & commitment, stress-buffering properties of moderate alcohol use, White rural residents vs White & Black urban residents, 24453
urethane anesthesia & alertness & immobilization stress, chemical sensitivity of thalamic neurons to acetylcholine & noradrenaline, rats, 5753
validity & reliability & factor structure of Global Assessment of Recent Stress Scale, male 25–65 yr old heavy smokers or diabetics, 5314
validity of DSM III axis IV in assessment of relevance of stressful life events, depressed inpatients, 12029
validity of Social Readjustment Rating Scale, measurement of perceived stress in becoming nursing home resident, pharmacists & graduate students & nursing home administrators, 13419
valine with vs without tyrosine vs tryptophan, stress-induced increase in tryptophan uptake in opioid-induced analgesia, male rats, 29440
value of same sex friendship, coping with stressful event, college students, 24497
vasopressin deficiency & restraint &/vs intermittent shock & stress, susceptibility to development of stomach ulcers, 6 vs 18 wk old rats, conference presentation, 19390
water-jar problems presented in tense vs relaxed social atmosphere with vs without timing of responses, application of Einstellung vs direct method & reasons given for responses, male vs female college students, 3027
well-being & stress & social support & buffering hypothesis, implications for theories & prevention interventions, 1119
zopiclone, brain monoamines & stress, rats, 26740

Stress Management

aerobic conditioning & stress inoculation training, reductional anxiety, chronically stressed community residents, followup study, 4440
anxiety management program, stress reduction & relation to disorders, gynecology patients at university health center, 25901
biofeedback techniques & instruments, self control of tension & stress in hierarchical physiological/psychological states, 25226
brief group cognitive-behavioral stress management vs psychotherapy vs self help approach, genital herpes patients, 27703
cognitive-affective stress management training, reduction in alcohol consumption, heavy social drinking male college students, 7497
cognitive model for stress management workshop, working couples, 30673
cognitive restructuring & relaxation & social skills training in group stress management program, implications for social work practice, 1901
cognitive/behavioral vs relationship-oriented psychotherapy, clinically severe job-related distress & stress management, managerial/professional workers with psychiatric symptoms, 30553
cue-controlled relaxation technique, stress & satisfaction & performance, male middle managers with stress problems, 3-mo followup, implications for employee development & assistance programs, 25999
educational aspect only vs entire procedure of stress inoculation training, dental anxiety & pain tolerance & follow through with appointment, dental phobics, conference presentation, 9849
effectiveness of 2 stress reduction programs, emotional exhaustion & personal strain & absenteeism as indicators of occupational stress, 26–60 yr old working women, 30685
etiology & management of stress, illustrative case of corporate manager, implications for role of human resource professionals in stress reduction programs, 5108
evaluations of stress-reduction programs in worksites, blue & white collar workers, literature review, 3–6 mo followups, 2667
fee for stress management workshop, content recall of stress reduction techniques & 2-wk followup stress levels, female 24–62 yr olds, 10235
feedback research approach to program evaluation, evaluation of & redevelopment recommendations for corporate stress management program, managers & their spouses, 2635
life transitions & coping strategies & stress management, male & female clerical & support workers aged 27 yrs & older, implications for vocational guidance, 28669
mastery vs coping videotapes, anxiety & disruptive behavior, 5–7 yr olds undergoing restorative dental procedure, 28053
moderate alcohol consumption, stress reduction & cognitive performance & geropsychiatric problems & psychological well-being, literature review, 27111
organizational techniques for reduction of occupational stress, 28792
perceived job stress & dissatisfaction & types & sources of social support, female critical care nurses, 15532
personality & coping & family support stress resistance factors, psychological & physical adjustment, males vs females, 1-yr longitudinal study, 30019
planning model for stress management in organized settings, managers, 28737

questionnaires vs hormone level tests, stress assessment & management, business & industrial personnel, 167
relaxation training & stress management group, stress & behavior disorders & anxiety, psychiatric outpatients, implications for nursing, 30504
routine care only vs routine care with minimally vs maximally informative booklets, cognitive variables & stress, minor gynecological surgery female patients, 28077
school-based stress management education programs, children & adolescents, 18473
sources of stress during student teaching, burnout, teachers, suggestions for stress management, 15604
stress inoculation training as is vs defined as hypnosis vs hypnotic analgesia, cold pressor pain perception, high vs low hypnotizable college students, 16336
stress inoculation training vs attention-education, postoperative pain control, male patients undergoing coronary artery graft surgery, 25373
stress inoculation vs classroom management training, anxiety, experienced teachers, 4-wk followup, 4824
stress management, essential hypertension, literature review, 22499
stress management program, college students, 23134
stress management program for academic & personal problems, graduate students, 15917
stress management program, 1st- & 2nd-yr medical students, 10217
stress management training as prevention model & treatment programs, low income females, 12536
stress management training, parents & their 6–17 yr old children undergoing cardiac catheterization, 22482
stress management training vs antidepressant & smooth muscle relaxant & bulking agent treatment, patients with irritable bowel syndrome, 25028
stress monitoring & intervention program, mortality rate due to cardiac deaths, male myocardial infarction patients, 22359
time management training vs social support, modification of stress producing behaviors, 23–56 yr old females from dual earner families, 15100
treatment package, coping with school-related stress, 13 yr old high school students, 22508
vigorous exercise & nutrition & relaxation, reaction to stress, 9675

Stress Reactions

analysis of psychology of resignation during unemployment crisis, workers, Denmark, 1982, 5040
applied relaxation, stress-related exhalation tic, 27 yr old male, 1- & 3- & 6- & 12-mo followup, 20336
approach & avoidance modes of coping with stress, 27206
attitudes toward adversity & loss situations, stamina, 70–80 yr old community residents, 30012
brief situation-specific group-administered preparatory intervention for mass inoculation, 6th grade females, 15240
chemical accident at Love Canal, acute collective stress & subsequent attitudes & actions, activist vs nonactivist families, 31571
chronic inhalation of carbon disulfide & exposure to electrical shocks, biochemical responses, rats, 13879
chronic responses to 1977 supper club fire, survivors, 4136
classification of psychopathological states resulting from rape, 6638
cognition & perception, response to stressors, 17286
confounding measures in study of psychological stress & adaptational outcomes, comments on article by B. S. Dohrenwend et al, 10770
coping ability, reactions to stressors & resulting stress & pathological consequences, 27251
coping behavior during crisis, residents, Denmark, 6411
crowding, corticoadrenal reactivity to stress, male mice, evidence for suitability of crowding as model for chronic stress, 21397
deception vs physical discomfort vs experimenter considerateness vs participation, reaction to particular experiment & psychological research in general, polytechnic students, Great Britain, implications for ethical codes, 26127
emotional reactions following surviving ejection from aircraft, Royal Air Force officers, England, 14828
emotional reactions to war, treatment of physical injuries & emotional stress reactions, treatment teams, Israel, 7559
environmental vs acute reactive vs life stress, accidents, aircraft pilots, conference presentation, 13236
gender & age & life stress & perception of social support & relationship with deceased, prediction of postdisaster depression & somatization risks, bereaved family members & friends of deceased disaster victims, 6733
glucose tolerance & insulin sensitivity under environmental & emotional & orthostatic stress, adult rhesus monkeys, 3200
heart rate & blood pressure vs emotional response to stressful quiz, 18–25 yr old males with vs without alexithymia, support for decoupling phenomenon, 11988
horror vs documentary music of film, psychophysiological stress responses, male college students, 11200
immobilization stress, adrenal cortex response, hypokinetic rats, 3220
impact & inventory & reconstruction phases of natural disaster, psychological stress & morbidity & grief, Australia, 2717
in-flight emergencies, biogenic amine/metabolite response, students vs instructors of Air Force flying training, 13182
inequities & psychological effects of federal compensation, victims of Nazi persecution, West Germany, 29888
inescapable footshock stress, mean arterial pressure & ability to elevate heart rate, 4 vs 12 vs 24 mo old male rats, 5785
intense psychogenic stress, pathomorphological changes, postmortem data from deceased zoo-kept animals, conference presentation, 11049
maladaptive coping reactions to life stress, development of psychiatric illness, females, 11977
mental anguish, female & male child & adult victims of sexual assault, 6639
mental arithmetic task & submersion of hand in cold water, blood pressure & heart rate, 54–64 yr old identical vs fraternal male twins, implications for genetic component of coronary heart disease, 29253
neonatal monosodium glutamate treatment, norepinephrine & dopamine & 5-HT metabolism in hypothalamus & ability to respond to acute ether stress, rats, 652
patient's pain & ability to anesthetize, stress reactions, dentists, 4588
patterns of response to stress & psychological & social adjustment, 6–16 yr olds exploited by adults through sex rings & pornography, reprint, 30255
preacclimatization & extreme environmental conditions, cognitive & psychomotor performance, 26–52 yr old male explorer scientists, Antarctica, 20904
principles of proximity & immediacy & expectancy in frontline treatment, combat stress reactions due to participation in Lebanon war, soldiers, Israel, 22433
psychobiological factors & treatment, anniversary reactions, 21–79 yr old patients, 14818
psychobiological relationships between anxiety & depression & stress, 30230
psychological stress during follicullas & ovulatory & luteal phases of menstrual cycle, psychoneuroendocrine stress responses & mood, 21–36 yr old females, 29327
psychometric study of stress & coping, 26–52 yr old male explorers, Antarctica, 20909
repression-sensitization & approach-avoidance traits, prediction of reactions to stressors, female college students, 3726
response to mass emergencies, mental health, literature review, 9111
saline vs lorazepam with vs without cold exposure, pineal melatonin & N-acetylserotonin content & serotonergic turnover, rats, 23897
selective noradrenaline depletion, regional brain effects & responses to cold-restraint stress, male rats, 16470
service provision in early phase of bushfire disaster, psychological & physical responses, volunteer mental health team, Australia, 2209
social interest as mediator of stress, somatic health, full time employees from metropolitan area, 17278
standardized psychological stressor, blood glucose levels, nondiabetic 19–25 yr olds, 29342
state of war, psychiatric morbidity & mental health treatment facilities & social adjustment, mental patients & civilians, Israel, 6618
strength of belief in external control of events, level of stress, prisoners, test of models of control-limited environments, 25546

stress due to imminent surgery, dexamethasone suppression test, presurgical patients, 9969
stress reactions following shooting incident, police officers, Canada, 21859
stress reactions to irrational thinking, adrenaline & noradrenaline & cortisol levels, 29–52 yr old business executives, 3206
Stress Response Scale, profiles of behavioral response patterns, 5–14.9 yr olds, implications for assessment & treatment of behavior disorders, 14208
stressor exposure, psychoendocrine & metabolic reactions, 28–44 yr old males with psoriasis, 30354
team psychiatric crisis intervention, reactions to forced evacuation of Sinai, families in small town in Sinai Peninsula, Israel, 28059
venting of radioactive gas from damaged nuclear reactor, psychophysiological responding, residents of Three Mile Island area, 5729
vigorous exercise & nutrition & relaxation, reaction to stress, 9675
vulnerability & reactions to rape, mentally retarded vs mentally ill vs epileptic patients, 6435
war & threat of external aggression, emotional reactions & posttraumatic stress disorder, soldiers, Israel, 6619
Strikes
attitude toward work & social conditions & advancement & equity, strike behavior, coal miners, Poland, 7830
commonalities in economic status & political & worker attitudes & events & world affairs in dock strikes, blue collar workers, Poland, 1956 & 1970 & 1976 & 1980, 18745
Stroboscopic Movement [See Apparent Movement]
Stroke (Cerebrum) [See Cerebrovascular Accidents]
Strong Vocational Interest Blank
spinal cord injury, vocational interests, 20–72 yr old males, 23170
Stroop Color Word Test
cigarette smoking & Stroop conflict solving, psychophysiological correlates, 20–51 yr old males, 5738
discrete-trials version of Stroop color-word test, RT, college students, investigation of inhibitory mechanisms in selective attention, 13709
effort, Stroop interference, college students, 5499
elimination of interference at & before output stage in Stroop task, college students, 21157
incongruent color-words presented to left vs right visual half field, vocal RT & errors in report of color, dextral vs sinistral Ss, 26503
length of residence & dominant vs weaker language usage, response times on Stroop tasks & development of intra- & interlingual interference, German-Swedish bilingual vs trilingual 14–19 yr olds, Sweden, 16-yr longitudinal study, 6073
noise, amount of Stroop interference, female college students, 5506
time needed to name colors of emotional vs neutral vs overdose theme words on Stroop Color-Word Test, suicide attempters vs hospitalized patients due to drug overdose vs nonhospitalized Ss, 27462
within vs between language interference on Stroop test, Chinese-English bilingual 2nd & 4th & 8th graders & college students, 29585
Structuralism
application of structural theories of C. Levi-Strauss to analysis of legal processes & limits of legal protection, Spain, 9033
depression & melancholia & suicide from Freudian vs structuralist perspectives, 11860
Piaget's theory of relationalism as structuralism & theories of relations compatible with holism, 7954
rule-sampling theory of conservation learning & proposal of alternative structuralist model, comments on article by C. J. Brainerd, 26843
structural-functionalist & symbolic interactionist perspectives on socialization, 19558
structuralism & small group structure, literature review, 6185
Structured Overview [See Advance Organizers]
Strychnine
cadmium with pentobarbital vs strychnine, CNS responsiveness, female rats, 5863
caffeine vs strychnine, depressive effects of arecoline on activity, female albino mice, 21503
cocaine vs strychnine, startle responses elicited from acoustic startle vs electrical stimulation of ventral cochlear nucleus, male rats, 26678
mixed vs simple flavors vs masked vs unmasked strychnine, generalization of learned avoidance, male rats, 19219
vaginal stimulation & strychnine, analgesia at spinal cord, female rats, 16774
Student Activism
critique of K. Mannheim's generation-unit concept as applied to participants in 1960's student movements, 8927
Student Admission Criteria
admission policy of Royal Schools for Deaf at Manchester, England, 23045
admissions procedures & noncognitive variables, applicants to clinical doctor of psychology program, 20597
assessment of criteria for selection of psychiatric residents, 2265
development of criterion test & assessment of construct validity, measurement of clinical problem solving ability for selection purposes, medical school students, conference presentation, 18632
discrimination in recruitment & admission & retention processes, Black & Native American & Puerto Rican & Mexican American graduate students, 28373
Early Entrance Program at California State University, gifted 11–16 yr olds, 7705
inter-interviewer agreement, rating postgraduate certificate in education applicant qualities, tutor & teacher interviewers, Great Britain, 18625
involvement & evaluation & attitudes toward major areas of college life before vs after 1979 reform of entrant selection system, college students, Japan, 13052
noncognitive & cognitive characteristics, accepted vs unaccepted medical school applicants with science vs nonscience undergraduate majors, 25644
preselection interviews & academic performance, achievement in program of occupational therapy, high school & college students, 15760
probabilities of acceptance into graduate psychology programs, comments on paper by J. H. Korn, 12831
probabilities of acceptance into graduate psychology programs, comments on paper by J. H. Korn, 12849
probabilities of acceptance into graduate psychology programs, comments on paper by J. H. Korn, 12882
probability of faculty endorsement for internship & clinical & academic employment, interviewed vs noninterviewed students entering class of American Psychological Association-accredited clinical program, 20621
psychiatry & psychoanalysis & admission of nonmedical candidates to psychoanalytic training, comments on article by M. Sabshin, 25623
screening program, performance on test required for admission to teacher education program, 15935
selectivity of liberal colleges, academic rigor & standards reflected in questions asked on course examinations, 12894
use of Graduate Record Examination scores & admission policies, quality of graduate programs, 13147
Student Attitudes
academic expectations & learning preferences, Latin American vs Anglo American college students, implications for instruction, 25853
academic performance & attitudes, academically accelerated students matriculating before age of 15 yrs vs college students vs National Merit Scholars, 28543
achievement & field of specialization, interests in engineering, male vs female civil engineering vs chemistry students, 4908
adjustment assessed by teacher ratings & self report of attitudes toward vocational training, apprentices from children's homes, 18482
affective vs academic vs interactive emphasis, promotion of positive class affect, elementary school students & their teachers, 10453
age & religion & political affiliation, attitudes toward abortion & masturbation & premarital sex & homosexuality, 17–43 yr old male & female college students, Spain, 13037
aptitude & attitude & motivation in 2nd language proficiency, French speaking 7th & 9th & 11th graders, Canada, test of R. Clement's model, 25809
athletic participation, academic performance, college athletes, 31243

attitude toward reading & self reported reading behaviors, gifted males vs females in 1st–12th grade, 28520
attitude toward science & spatial & mathematical ability & scientific personality, science grades, 8th graders, 2420
attitudes & aspirations toward graduate studies & science & research, female vs male juniors vs seniors, Sweden, 25836
attitudes & notions & beliefs about stuttering, college students majoring in language therapy & psychology & medicine & architecture, 17542
attitudes of & knowledge of computer applications in medicine, 1st-yr medical students, 15541
attitudes toward & coverage of energy education in curriculum & knowledge of energy issues such as nuclear power & conservation, 16–19 yr old college students & teachers, UK, 18500
attitudes toward academic content & activities & supervision in psychology education, college students vs graduate interns, Brazil, 7540
attitudes toward achievement testing, behavior disordered students in regular vs self contained classes vs normal students in 3rd–6th grade, 15864
attitudes toward adolescent behavior problems & rating of impact on school & general social adjustment, 25–50 yr old parents & teachers & 14–15 yr old secondary school students, Barbados, 25848
attitudes toward computers, 8th & 12th grade males vs females, implications for school counseling, 28593
attitudes toward creativity & desirable teacher characteristics, students & teachers, Denmark, 7658
attitudes toward development of self confidence & possessive individualism in school, students aged 11 yrs & older & teachers & parents, 31245
attitudes toward disabled persons & mainstreaming, male vs female primary & intermediate & secondary vs special teacher education students, 25859
attitudes toward experiential education & college goals & objectives, college students & faculty, 2429
attitudes toward foreign language learning, male vs female students with average age of 12.8 yrs in 2nd yr of French or German, 7679
attitudes toward humanistically oriented theology program & family & occupational goals, female ministry students, 2464
attitudes toward Jews & economic issues, Black male vs female college students, 20759
attitudes toward male vs female coach, junior high & high school & college male vs female basketball players, 2479
attitudes toward mentally ill patients, Turkish vs American psychiatrists & psychologists & social workers vs Turkish psychology undergraduates, 25634
attitudes toward nuclear arms & war & energy, 6th–11th graders, Canada, implications for teachers & counselors, 10435
attitudes toward preventive care services & adequacy of preventive care preclinical coursework, 1st & 3rd yr medical students, 20626
attitudes toward psychiatric vs oncologic vs general medical patients, medical assessment, 1st- vs 2nd-yr medical students, 7558
attitudes toward psychiatry, medical students assessed pre- & post psychiatric training course, 20564
attitudes toward psychiatry, medical students in psychiatric vs nonpsychiatric specialty, France, 12863
attitudes toward psychosocial issues in medicine, medical students during 1st vs 3rd yrs of medical school, 2222
attitudes toward rotating-mixed vs straight psychiatry internship, psychiatric residents & residency directors, Canada, 2212
attitudes toward science & science education, 9 vs 13 vs 17 yr old Hispanic vs White vs Black students, 25856
attitudes toward self employment, male vs female high vs low SES intermediate vs undergraduate students from urban vs rural areas, India, 31258
attitudes toward sex education, fathers vs male teachers vs 17–20 yr old students from rural vs urban vs metropolitan areas, India, 25850
attitudes toward status & standard of output & cognitive motivation, 2nd graders & their teachers, 10442
attitudes toward teachers & classes & study, science education, 3rd vs 7th vs 11th graders, meta-analysis, 7685
attitudes toward technology & religion, college students majoring in education vs business, 20742
attitudes toward totalitarianism & government & intrusion of privacy & comparison with G. Orwell's "1984," urban parochial college students, 10433
attitudes toward university student health services, college students, 28514
attitudes toward work roles for females, male vs female college students, 18559
attitudes toward world of work, female vs male 6th vs 9th vs 12th graders living under positive vs negative economic conditions, 23038
attitudinal variables & demographic characteristics, participation in external undergraduate degree program, male adult students, 2416
attribution of academic failure to effort vs strategy, affect & attitude & future performance expectations, female college students & their professors, 20717
auto- & heterostereotyped attitudes, aboriginal vs Anglo-Australian 9th & 11th graders, Australia, 31256
behavioral science course with emphasis on emotional & social & economic factors in illness, psychosocial attitudes, 1st yr medical students, 31054
belief in principle of area conservation, college students, 19566
beliefs & feelings & behavioral intentions toward mental health issues, 5th–6th graders, implications for development of preventive mental health education programs, 23039
change in perception of importance of authors & areas & trends in field of psychology, college psychology students first assessed in their freshman year, 3-yr longitudinal study, 7661
childhood recollections of parental spouse abuse & distribution of conjugal power, college students, 10456
classroom environment, student satisfaction, college & graduate students, India, 2477
classroom experience assessed by academic & conduct & personal interactions with teachers & peers, self perceptions of ability & conduct & effort, 2nd & 6th graders, 15805
clinical clerkship including exposure to involuntary psychiatric treatment, attitudes toward right to refuse treatment, 22–38 yr old medical students, 10190
cognitive vs social vs physical aspects of school functioning, perceptions of sources of control, Indian Hindu 4th–7th graders, South Africa, 13020
computer-aided learning program & attitudes toward professionalism & values & personality, education students & teachers & college staff, implications for teaching styles, 10319
computer assisted instruction, mathematical achievement & self concept & perception of quality of school life, disadvantaged 3rd–5th graders, Israel, 25782
conceptions of teachers' academic work & instructional facility & classroom experience & personal characteristics, 7th graders, 10443
construct validity & factor structure of Mathematics Attitudes Scale, college students, 10526
construct validity of Survey of Reading Attitudes & Reading Preference Survey, reading attitudes & interests, 4th–5th graders, 10537
cooperative learning activities with vs without structured academic controversy vs individualistic learning, achievement & motivation to learn & attitudes toward science, 5th graders, 4850
cooperative vs competitive vs individualistic computer assisted instruction, achievement & attitudes, 8th graders, 15670
counseling center title, likelihood of using center, college students & faculty, 31312
course on alternative explanations, change in belief in paranormal phenomena, college students, 1-yr followup, 20680
criteria for evaluation of experiential learning in adult education, students, 15649
curriculum focusing on social & emotional concerns, self esteem & expression, learning disabled students, 13058
degree of lesson structure in mathematics, comprehension of material & perception of lesson effectiveness, high school students, 2408
development & validation of My Class Inventory, measurement of classroom psychosocial environment & identification of needed changes, elementary school students & teachers, 10525

development & validity & reliability of Computers and Robots Attitude Questionnaire, 13–16 yr old secondary school students, 7766
dimensions of reading attitudes, 3–5 yr old Mexican vs Anglo vs Black Americans vs other ethnic groups, 25852
discriminant analysis of student attitudes, prediction of attrition, college students, 10428
dissection of human cadavers for 1st time, enthusiasm vs reluctance, preclinical medical students, 4752
eating behaviors & attitudes, female medical students with bulimia or anorexia nervosa, 20163
educational beliefs, 1st-yr education vs arts & science students, 7684
educational field of study, socio-political attitudes, 18 yr old high school students from vocational vs academic school, experimental replication & extension, Sweden, 15780
educational motives & instructional preferences, 18–35 yr old college students, 28775
educational program features, teachers' instructional strategy & performance & student involvement, middle school teachers & students, 20697
educational science project on mental retardation, attitude change toward mentally retarded, 2nd graders, 18503
ego involvement with social skills or career & credibility of counselor presenting reasoned arguments for participation in or career counseling group, attitudes toward counseling, college students, support for Elaboration Likelihood Model, 31336
enrollment in extracurricular science courses & activities & scientific ability & attitudes toward science, junior high school students, 2362
eschatological & psychological & social attitudes toward death, male vs female college students, 4921
evaluation of medical school instructors, medical students, 10261
evaluations of best vs worst psychotherapy supervision, advanced clinical & counseling psychology graduate students, 22803
expectations of authorship of psychology text, positive vs negative judgments, psychology students, 10447
experience in counseling cancer patients & their families, attitudes toward cancer, 3rd-yr medical students, 15503
experiences with vaulting & gymnastics & horseback riding teachers, satisfaction, 9–17 yr old vaulters, 15810
factor analysis, Pupil Control Ideology Scale, college & graduate students majoring in education, 23108
factor structure of measure of perceptions of teacher effectiveness, college students, 25890
factorial validity of Aiken-Dreger Mathematics Attitude Scale, 8th–10th graders from urban schools serving minority students, 25883
factors underlying satisfaction with graduate education, part- vs full-time graduate students of education, 25849
financial aid & family support & personal goals & intelligence & determination factors, college degree completion, American Indian 20–58 yr old college students, 7651
formation of homogeneous classes vs homeroom core classes vs variable class period durations & meeting times vs group counseling, attitudes & performance, middle school students, 20698
full information item factor analysis, characteristics of expected a priori scores using affective outcomes of schooling data, elementary school students, 18657
functional meanings of & behavior associated with success & satisfying expectations of family & friends & joy, classroom achievement motivation, male vs female high school students, Virgin Islands, 20733
grades & student evaluation of teacher effectiveness, comments on study by A. Gaffuri et al, 15664
graduate education course in global understanding, attitudes toward global mindedness & world order & patriotism & nationcentricity, graduate education students, 10318
health & lifestyle course, health care attitudes & knowledge & behavior, college students, 12973
high vs low teacher clarity & varied lesson rating conditions, comprehension & evaluation of history & geography lesson, high school students, 15715
images & opinions of minorities, secondary school students, 10448
information sources & attitudes toward drug addiction, secondary school students, 7662
instrumental/expressive personality differences, grade expectancy before examinations, male vs female college students, 2478
intelligence & sensitivity & physical attractiveness & humor & ambition as valued traits in mate selection, male vs female 18–59 yr old college students, 18537
intelligence &/vs creativity of students, attitudes toward students assessed by sociometric questionnaire & peer assessment, 7th graders & their teachers, 4906
inter- vs intragroup ethnic stereotyping, Spanish vs Malaysian vs American college students, 3575
intercultural program, communication & relations with & attitudes toward foreign nationals within community, college students & foreign nationals, 20709
involvement & evaluation & attitudes toward major areas of college life before vs after 1979 reform of entrant selection system, college students, Japan, 13052
item order, achievement test scores & perception of test difficulty, college students, 13142
knowledge & attitudes about genital herpes, college student clients of university health service, implications for education & counseling, 4912
knowledge of & attitudes toward confidentiality in therapy, high school students vs college students majoring in psychology vs former clients from community mental health & university counseling centers, 20609
learning preferences & educational & personal values, college & graduate occupational therapy students at beginning of education vs while on affiliation vs 1st vs 2nd semester college & graduate students, 25616
learning style, preferences for programed instruction vs independent study, gifted vs above average 6th–8th graders in rural schools, 28570
lecture vs discussion & approachability of instructors & sociability of classmates, cognitive & affective states & classroom behaviors, 21–48 yr old college students, 23035
level of academic areas & student involvement, evaluation of cognitive contribution of course, college students, 2469
literature, clarification of attitudes & knowledge of social conventions, adolescent students, implications for reading & teaching methods, 7585
live plant & animal displays in biology classroom, knowledge of & attitudes toward science & biology, high school biology students, 18494
locus of control & perceptions of school environment, outcome of alternatives-based school drug abuse prevention program, senior high school students, 12977
locus of control & self esteem & perceived stress & academic performance, junior medical students assessed before vs after surgical clerkship, 31080
matching teaching methods & need level & cognitive style & locus of control, attitudes & achievement in physical science, 9th graders, 10390
measurement of pre- vs post-instructional knowledge of & attitudes toward preventive cardiology, 1st-yr medical students with vs without preventive instruction vs expert physicians, 7510
misconceptions & learning hierarchy for food webs, 10th grade biology students, 10339
moral development, freshmen college students at Christian liberal arts college assessed again as seniors, 4-yr longitudinal study, 15809
motivational library program, understanding of & attitudes toward & use of school library, 10th grade English classes, 28453
multidimensional scaling analysis of student ratings of instruction, college students, 15883
multitrait-multimethod matrix procedure, convergent & discriminant validity of subscales of Career Maturity Inventory Attitude Scale, 9th graders, 15943
natural vs human science orientation in introductory psychology course, attitudes toward psychology, beginning vs advanced college students, 13024
Nowicki-Strickland Locus of Control Scale for Adults & religiosity, college students, 20741
number & type of current concerns, moderately & severely depressed college students, 9326

opinions on traits of ideal man vs woman vs most men vs women vs self, male & female business vs education students, implications for sex role attitudes, 18566
opinions regarding community interest & resources for different kinds of research information, pupils & teachers at comprehensive school, Sweden, 25712
paper gold coins as rewards in poetry unit, attitudes toward poetry & reading & writing poetry, 5th graders, 15710
parental drinking attitudes & expectations, drinking attitudes, college students, 9080
participation in direct instruction vs Head Start preschool programs, preschool exit measures & school achievement & perceptions of quality of school life & preschool experience, urban minority group high school students, 10333
participation in library-oriented motivational intervention program, use of & attitudes toward library or librarian & reading, 8th graders & junior high librarians, 2402
perceived institutional goals, faculty & students & administrative staff at church-affiliated colleges, 2293
perceived societal needs for educational instruction, elementary school principals vs teachers vs parents vs students vs secondary students, 2457
perceived stress & attitudes toward free time, 1st-yr medical students, 20583
perception of learning environment & relationship to curriculum goals of clinical elective training site, 4th-yr medical students, 20569
perceptions of & experiences with study counseling services, teaching vs social vs natural science college students, 5000
perceptions of complexity & feasibility for different activities of school playground before & after redevelopment project, 6–12 yr olds & adults, Netherlands, 31264
perceptions of democracy in elementary school classrooms, teachers & students, 20736
perceptions of guidance teacher as helping agent, high school teachers vs students, South Africa, 28642
perceptions of ideal mathematics student vs self as mathematics student, male vs female 9th–10th grade geometry students, 18536
perceptions of important issues & supervisor interventions following weekly supervision sessions, beginning vs advanced practicum vs doctoral intern graduate student trainees in counseling psychology program, 28340
perceptions of orientational vs role-specific others, college students, replication of study by N. K. Denzin, 7681
perceptions of preparation for college-level work & attitudes toward & knowledge of developmental studies program, academic performance, college students, 7636
perceptions of process & characteristics of writing, writing achievement, high school seniors & college freshmen beginning writers, 25804
perceptions of psychotherapy training, psychiatric residents, Canada, conference presentation, 2254
perceptions of quality of secondary school life, students vs teachers vs administrators, 7667
perceptions of role of nurses, medical students, 25694
perceptions of sexual norms & engaged vs steady vs casual dating trends, male vs female college students, 15-yr followup, 20754
perceptions of teacher competency, college students, France vs Canada, 10432
personal characteristics & career plans & attitudes towards psychotherapy, identification of characteristics & attributes of perspective child vs general psychiatrists, medical students, conference presentation, 28364
personality & attitudes, attainment in general certificate of education physics, male vs female high school students, 2-yr longitudinal study, UK, 23017
personality & school system & social & home environments & belief in witchcraft, perceptions of causes & prevention of school failure for self & others, Wolof-speaking 14–22 yr old secondary school students, Senegal, 2456
physiological maturity, attitudes toward school science in 1st & 2nd vs 5th yrs of secondary school, male vs female students, England, 18539
practice location preferences, 21–35 yr old medical students, 15476
pre- & postexperience perceptions of psychiatric nursing clinical activities, junior psychiatric nursing students, 20598
prediction of academic achievement in math & reading by use of cognitive tasks & material & teacher ratings, male vs female students tested prior to kindergarten & at grades 1–10, 28491
preference for computer- vs pencil-and-paper-based career guidance systems, college students, 4998
preferences for teacher characteristics, 7th–9th grade gifted students, 28551
preparatory spatial familiarization, attitudes about academic & spatial & social affairs in school, male 5.1–6.2 yr olds entering kindergarten, 28501
psychiatric clerkship, attitudes & therapeutic approaches toward & diagnostic assessments of mental health patients, 25–28 yr old medical students, 22851
reading instruction with vs without group counseling, self esteem & reading skills & coaches' perceptions of attitudes, college football players, 2560
reasons for attrition & learning attitudes & styles, college students aged 50 yrs & older, 18555
reasons for choice of mixed science-arts curriculum, 6th form students, UK, 25795
reduction of school enrollment & crowding, attendance & grades & student attitudes toward teaching & class size & friendliness, junior high school students & teachers, 4917
regular form learning cycle teaching method, attitudes & learning, 12th grade physics students, 7611
religious attitudes, senior vs freshmen female college students, 4-yr followup study, 13040
required legal medicine education, attitudes toward law & legal system, 3rd-yr medical students, 7533
satisfaction with & perceptions of off- vs on-campus master of arts educational degree programs in learning disabilities & emotional disturbance, graduate students, 2321
satisfaction with campus life & facilities, college students, 4918
satisfaction with college environment & student- vs school-centered solutions to problems, disadvantaged Black vs Mexican- vs Native- vs Asian-American students, 2466
school & curricula type, attitudes toward examination & motivation & curricula & work & education expectations & cultural roles, college students, Poland, 7675
school attitudes & perceptions of school environment & leisure activities & personality, self reports of vandalism, 8th–11th grade vocational students, 15797
school goals & instructional features & size & funding & population, perception of alternative school's learning environment, high school students, 7683
school size, school safety & administration & participation & social integration, secondary school teachers & students, implications for theory of social control, 22867
school vs home-based literature enjoyment program, use of libraries & attitudes toward reading, male vs female 2nd graders, 31203
science classroom & extracurricular experiences, career choices, male vs female high school biology students & their teachers, 10439
science laboratory behavior strategies, performance in & attitudes toward laboratory work, 11th grade biology students, Nigeria, 4894
scores on subtests of Torrance Tests of Creative Thinking & preferences for being creative or good student or intelligent & perception of teacher's preferences, 3rd–4th graders identified by teachers as highly vs minimally creative, Brazil, 20758
self esteem, perceptions of cultural differences between home & school environments, Native American behaviorally disordered or emotionally disturbed 11.7–14.8 yr olds in special education classes on reservation, 13111
self perceptions of competence & performance expectations for mathematics vs spelling & attributions for success & failure, male vs female 5th & 6th graders, 2476
sequence of teaching strategic management paradigm vs case analysis, student satisfaction & performance, college students in business policy course, 2394
SES & academic ability, peer vs parental vs school affiliation, male vs female 6th vs 8th vs 10th graders, Australia, 13046
SES & general ability & self image, sex stereotypes & attitudes to science, male vs female 11 yr olds, implications for science education, 28509

sex & class & hierarchical level as predictors of in- vs out-group status & perceptions of group experience, measurement of leader-member exchanges, high school students in Junior Achievement companies, 6-mo study, 18540
sex, attitudes toward computers & self confidence, 8th & 12th graders, British Columbia, implications for psychosocial development, 16979
sex education & sexuality & attitudes toward sociosexual relations & apathy, physically disabled college students, 18567
sex, knowledge & attitudes & experiences in computer science & literacy, 6th vs 12th graders, 23004
sexual & contraceptive experience & knowledge level, sex education needs & interests, rural 14–19 yr old high school students, 13041
shift from remedial to student developmental counseling model, perception of mental health needs priorities, college vs graduate students vs college mental health staff, 4-yr followup, 18642
single- vs mixed-sex cooperative vs individualistic learning situations, science achievement & attitudes toward cross-sex & cross-handicap relationships, learning disabled vs non-learning disabled 5th & 6th graders, 4851
small group vs no discussion after viewing TV documentary or play, perceptions of topics & ideas expressed in writing, 15 yr old students, England, implications for use of educational TV, 18490
soap opera viewing patterns & motivations & level of involvement, college students, 20641
social & economic factors & knowledge of impact of labor market conditions, career choice & selection of major field of study, newly admitted college students, Great Britain, 31244
social & occupational concerns & attitudes toward business, college business students, 25830
social humanistic ideological values & moral reasoning developmental level, development of professional value commitments, graduate social work students, 25651
social responsibility attitudes, willingness to serve aged &/or disadvantaged, 1st yr college business students, 10426
social status & intellectual ability, school-related attitudes & educational & occupational aspirations, Anglo-Australian vs Greek vs Southern Italian 11 yr olds, 4-yr followup, Australia, 23012
sociometric status, behaviorally disordered vs nonhandicapped 9th–12th graders in regular classroom setting, 2536
sociopolitical attitudes & social backgrounds, male vs female high school students majoring in technology vs natural vs social sciences vs economics, Sweden, 25846
spatial & verbal & mathematical ability & feminist & mathematics attitudes, prediction of achievement in statistics course, male vs female graduate students, 25905
student evaluation of motivational & learning attributes of microcomputer software, mathematics education, female vs male 6th graders, 10370
student life services program, understanding value of psychotherapy, college students, 5017
student perceptions of college faculty members' instructional style, recommendation of faculty members' course to other students, college students, Israel, 13017
student ratings of instructional effectiveness & perceived student/teacher attitude similarity & course grades, college students, 15773
student ratings of psychology course content, agency preferences for educational background of entry level personnel, psychology students & urban vs rural human service agencies, 12856
study & test taking skills & unrealistic expectations & belief in negative self statements & Type A behavior, high vs low achieving college students with high vs low test anxiety, 31224
suggestions for & acceptance of interventions for treatment of classroom misbehaviors, 6th graders, 28504
sustained silent reading, attitudes toward reading & reading achievement, 4th graders, India, 10316
teacher & child perception of classroom environment, adjustment, 2nd–4th graders, 23042
teacher expectancy, self concept & perception in social interaction process, middle school students, 13050
teacher socialization communication & student understanding of role & classroom norms, 1st & 5th graders, 2449
teacher uncertainty & bluffing & lesson discontinuity & use of lecture notes handouts, perceptions & achievement, high school students, 15766
teacher's self disclosure perceived as information pertinent to success in course, college students, 20756
teacher's understanding of nature of science & classroom factors, conceptions of nature of science, high school biology teachers & students, 18549
teacher's use of self &/vs other-disparaging humor, evaluation of teachers, 10th graders, 28412
teaching attitude, achievement on National Teachers Examinations, male vs female education students registered for practicum, 2325
test anxiety, test performance & cognitive self appraisal, anxious college students enrolled in statistics course, 15748
trait attributions about college students with physical disability, able-bodied college student, implications for design of programs to reduce prejudice, 31247
transfer to English program due to academic difficulty & poor adjustment, academic & cognitive variables & school attitudes & classroom behavior & attitudes toward 2nd language, former French immersion 3rd–5th graders, Canada, 15633
TV viewing of Cousteau Society documentary vs science teacher's presentation of show's script, aquatic knowledge & attitude change, 9th graders, 2364
validity of academic dimensions of self concept scale relative to scales of Maslach Burnout Inventory, elementary education graduate students, 15898
validity of Orientation to Learning scale, measurement of orientation to humanistic instructional values, graduate students in confluent education vs counseling psychology vs other Master's vs credential programs, 15937
validity of student attitudes in teacher performance evaluations, literature review, 7674
validity of 24-item instrument, assessment of teacher behavior, elementary school students, 13128
value analysis discussion & reading controversial news articles, political attitudes & reading comprehension, secondary students in history classes, 25841
values & ethical positions & attitudes, new students in law vs medicine vs psychology vs publicity at city vs Catholic universities, Argentina, 10445
views on usefulness of Boulder scientist-practitioner model of graduate psychology training, graduate student & faculty member, 2233
views regarding relationship between purpose of education & personal goals & perceptions of causes of success, 9th & 12th graders, 15804
volunteer participation in psychological research, self esteem, college students, 20755

Student Characteristics [See Also Student Attitudes]

ability level, personality profile, students, 4923
ability vs health vs peer group formation vs frustration-relaxation vs experiences vs self-knowledge, explanations for student participation-self esteem relationship, female college students, 2451
academic & interpersonal experiences, self confidence, 16–19 yr old college freshmen, 4-yr followup, 15781
academic & social & free-play gifted program, cognitive & achievement behavior & social & motivational characteristics & individual differences, 33–68 mo old gifted preschoolers, 7718
academic achievement & self concept of ability & self esteem, Black vs White college bound students, 15750
academic expectations & learning preferences, Latin American vs Anglo American college students, implications for instruction, 25853
academic vs collegiate vs vocational vs nonconformist orientations, choice to seek help & type of counseling center services chosen & number of sessions attended, college students, 18671
accredited psychological internship programs & student difficulty & impairment, conference presentation, 25622
age & racial & ethnic differences & adjustment & academic achievement & personality traits, mainstreamed learning disabled 10th graders, 1472
age & sex & degree of hearing loss & reading ability characteristics, frequency of referral for disciplinary action, deaf high school students in residential schools who engage in classroom disruptive behavior, 13034

age & social & family characteristics, prediction of vocational orientation, urban junior & senior high school students, France, 25819
anxiety & intellectual ability, academic performance, 11th & 12th graders, 4889
anxiety levels, male high vs low achieving high school science students, India, 31236
assertiveness in interaction with teachers, Black college students in Black vs White university, 10429
attendance at 2-yr vs 4-yr college & student characteristics, earning of bachelor's degree, high school seniors & as college students, longitudinal study, 25800
attitudinal & motivational vs cognitive-academic variables, prediction of transfer out of early French immersion programs, poor achieving 2nd–4th graders, Canada, 7588
characteristics & career opportunities, special education students, West Germany, 7700
characteristics of behavior, college student freshmen, 7670
classroom activities & teacher interaction, male vs female 2nd yr junior students with vs without special educational needs, 28531
client characteristics, special education assessment & placement services, socially & emotionally disturbed students, 25869
college organizational characteristics & student factors, affective development assessed by educational aspirations & academic/intellectual self confidence, college students, 25847
complexity of self concept, college students enrolled in people- vs non-people-oriented majors, 4919
conversational noise & locus of control & field dependence-independence, comprehension & retention of text excerpts, college students, implications for effect of learning strategies on academic achievement, 25810
demographic & handicapping & achievement factors, academic integration, hearing impaired students 8 yrs & older, 2485
demographic & psychological characteristics, male college students with vs without academic problems, Egypt, 4893
descriptive demographic & psychometric data, learning disabled students, 2500
determinants & cultural change & external pressures, cultural subgroups in educational context, mainstream teachers & students, implications for teacher education, 31133
determination of personality & academic variables, identification of potential dropouts, education students, 20740
development & cognitive correlates, reading ability & achievement, skilled & less skilled 3rd vs 5th grade readers, 31238
development of semantic & syntactic sensitivity, reading skills & achievement on oral language tasks, 1st vs 2nd vs 3rd graders, 31241
developmental levels for perceptual sensitivity to form & visual memory & thinking flexibility, painting aptitude, 9–10 yr old students, 31233
differences on ratings of behavior on Portland Problem Behavior Checklist, teachers of male vs female kindergartners through high school students, 23028
educational & personal characteristics, low vs high grade- vs learning-oriented college students, 18541
effective teaching & student participation in classroom activities, mathematics achievement, female vs male 4th graders, 23018
effectiveness of part-task training, low aptitude & inexperienced students, 2622
external rewards, intrinsic motivation, gifted students, utilization of cognitive evaluation theory & implications for gifted education, 13105
familial & personal & socioeconomic factors & educational achievement & school behavior & learning style characteristics, high school dropouts vs high-risk vs traditional students, counseling implications, 23107
family dynamics & group experiences, etiology & prevention of school refusal, elementary & junior high school students & case workers & Ss from child guidance center, 18561
field dependence-independence, reading comprehension of literary vs expository text types, 6th graders, 20715
field dependence vs independence in nontraditional experiential vs scientific educational setting, cognitive learning, 11–15 yr old junior high school students, 25807
GPA & policy violations in residence halls, college students, 4913
hierarchy of physiological & emotional needs & behavior of students, effective teaching responses, junior high school teachers, 2331
instrumental/expressive personality differences, grade expectancy before examinations, male vs female college students, 2478
intelligence &/vs creativity of students, attitudes toward students assessed by sociometric questionnaire & peer assessment, 7th graders & their teachers, 4906
interpersonal characteristics & vocational certainty, male vs female students in technologically oriented university, 2452
learning style & preference for computer assisted instruction, academic achievement, college students, 4877
locus of control & allocation phase, academic achievement, college students in special program, 18521
matching teaching methods & need level & cognitive style & locus of control, attitudes & achievement in physical science, 9th graders, 10390
maternal help with homework & student characteristics, academic success, 4th graders, West Germany, 31231
mathematics & reading achievement & causal attribution & attitude toward school success & class behavior, teacher ratings & science achievement, desegregated Black vs White male vs female junior high school students, 20725
modeling vs self instructional practice in mathematics with vs without attributional feedback & role of self efficacy, mathematics achievement, 6th graders, Australia, 31207
noncognitive & cognitive characteristics, accepted vs unaccepted medical school applicants with science vs nonscience undergraduate majors, 25644
overexcitability, creative thinking & school achievement test performances, gifted vs normal 6th graders, 28537
passivity as source of poor reading comprehension, poor readers, implications for teaching methods, 15629
perception of autonomy vs external control, individual differences in perception of classroom environment, 4th–6th graders, 20752
perceptions of children's behavior problems, clinical psychologists vs school counselors vs teachers with special education training vs regular education teachers, 12917
perceptions of student behaviors, faculty at teaching- vs research-oriented universities, 2302
personal & academic variables predictive of self concept, high school students, 28510
personality & cognitive characteristics, development of testwiseness, college students, 15776
personality & religious & demographic & socioeconomic characteristics & living habits, prediction of roommate compatibility, college students, literature review, 15798
personality changes, medical students, 7-yr longitudinal study, replication of study by A. G. Burstein, 10265
personality characteristics vs intellectual ability vs previous examination performance, General Certificate of Education performance, further education vs 6th-form college students, Great Britain, 28470
personality correlates of success vs failure in college science course, male vs female college students, 2425
personality traits, summa cum laude honor college students, 13035
power & imposturous candidate in psychoanalytic supervision, psychoanalytic trainee, 28304
predictive variables of personality & social background, choice of scientific majors, White vs Black natural vs social vs nonscience college majors, 25833
previous educational transition, middle school transition adjustment assessed by measures of self esteem & self consciousness, 5th–6th graders before & after grade change involving change in schools vs same middle level school environment, 20744
production of emotional responses & GSR assessment of emotionality, 3rd yr theater college students, USSR, 18535
psychosocial & physical environment & geographical distance of move & personality factors, homesickness, 1st-yr vs post-1st-yr college students, UK, 4909
race & sex & track-level of students, grades given, elementary school teachers of 1st–3rd graders, 25779
reactive curiosity, male vs female gifted vs nongifted 5th graders, 13030

school adjustment & physical/health characteristics & recent life events & family background as risk & resource indicators, well vs poorly adjusted retained vs nonretained 1st–4th graders, 15733
school attitudes & perceptions of school environment & leisure activities & personality, self reports of vandalism, 8th–11th grade vocational students, 15797
school counseling needs, culturally diverse gifted students, 31316
school grades, social interaction & learning, students, 5015
screening checklist, assessment of organizational & sequencing difficulties, learning disabled students, 2567
self concept & self appraisal & ability to deal with racism & preference for long vs short term goals & social support & leadership experience, prediction of academic achievement, Black vs White college students, 4-yr longitudinal study, 15770
self esteem & maladaptive behaviors, 11th–12th graders, 13045
SES & general ability & self image, sex stereotypes & attitudes to science, male vs female 11 yr olds, implications for science education, 28509
SES & social problem solving skills & self esteem, behavior change following cognitive behavioral treatment, 4th–6th grade disruptive & aggressive boys, 15915
sex & residence & GPA & class status & college affiliation, repeated violation of university policies, college students, 6-yr longitudinal study, implications for college & university administrators, 15793
sex differences, identification of characteristics of gifted vs average vs mentally retarded students, counselors in elementary & secondary public schools, 4984
social & affective predictors of academic achievement, freshman college students, 15771
social & family & developmental history & attitudes toward school & transfer, social adjustment in transition to secondary school, underreacting & maladjusted entering secondary school students, England, 4-yr followup, 7657
social & linguistic behaviors, teachers' assessment of attitudes & educational placement, Black 4th–6th graders in low income urban community, 13027
social adjustment & academic performance background, college adjustment & academic achievement, Black vs Chicano college students in predominantly White college, 20729
social interest, library & information services graduate & college students, 28503
social status & intellectual ability, school-related attitudes & educational & occupational aspirations, Anglo-Australian vs Greek vs Southern Italian 11 yr olds, 4-yr followup, Australia, 23012
stability of hysteric personality trait, college student sorority members assessed while living in sorority house vs vacationing at home vs during Rush Week, 18552
stressful life events, exam scores & course points & grades, college students, 31226
student & classroom characteristics, science inquiry skill, 17 yr old male vs female Whites vs non-Whites, 7646
student & course & teacher characteristics, ratings of teachers & courses, hearing impaired college students, 7723
student & relationship with teacher & tidiness, prediction of performance on math & English & reading achievement tests, primary school teachers, 7628
student characteristics & prediction of academic achievement, college students, literature review, 10415
student characteristics & role of significant others & counseling resources, consistency between plans for future & actual activities, high school seniors, 1-yr followup, 25855
student characteristics, graduates of clinical psychology master's program who did vs did not apply to doctoral program, 1971–82, 15535
student race & severity of hearing loss, estimates of appropriate testing placement, hearing impaired students, 4971
student race & sex & grade level, interactions in classrooms, Black vs White kindergarten through 5th graders & their teachers, 15792
teacher communication patterns, male vs female Black vs White kindergartners to 7th graders & Black vs White teachers, 18547
teacher personality & psychological characteristics of student & psychopedagogical aspects, didactic competence, 31249
teacher self reported personality characteristics, characteristics & gender of preferred pupils, female student teachers, 10449
teaching models & participants' characteristics & background, college students & teachers in psychology departments, Denmark, 12953
techniques & social & psychological factors in failure of literacy tutoring, middle aged Hispanic migrant female, 13047
typicality of use of differing conceptual systems, 21–25 yr old Open Univeristy students, Northern Ireland, 13053
validity & reliability of questionnaire, measurement of autonomous vs dependent style of behavior, 9th & 10th graders & 2nd yr technical students, 7770
validity of approaches to studying inventory &/vs Tertiary Entrance Examination scores &/vs student background characteristics, prediction of academic achievement, 1st-yr college students, Australia, 25939
validity of evaluation questionnaire, assessment of interpersonal skills & humanistic qualities, medical residents, 20572
values & motivation & self esteem & personality traits, scholastic rejection & failure, 6th graders, 4882
vocational guidance & age & motivation & work situation, career choice in psychology field, 17–45 yr old psychology students, 13036

Student Personnel Services

applicability & roles of school psychological programs in provision of services, learning disabled college students, 28619
attitudes toward university student health services, college students, 28514
behaviorally based textbook & job seeking skills practice & corrective performance feedback, job finding skills, 21–37 yr old agriculture students, 28621
career orientation & professional development, candidates for master's degrees working vs not working in student affairs field, 25755
classification of illnesses with International Classification of Diseases in university health service, 18646
client characteristics, college students utilizing student mental health counseling service, Yugoslavia, 10513
co-curricular transcript process designed to structure learning opportunities & record related skill development, college students, 18677
college time duration & change & structure, content & nature of psychotherapy issues in mental health services, college students, 13134
community and school-based Children Helping Children Program, children's school & emotional problems & parenting effectiveness, 6–12 yr olds & their custodial parents, 28603
counseling center title, likelihood of using center, college students & faculty, 31312
counseling service developed handouts on careers & relationships & sexuality as self help resource, college students & staff, 25900
crisis situation flow sheet of procedure in event of student's death, student services personnel, 18639
demographic data & graduate education experience & entry-level job experience & mentors, preparation for post entry level jobs, student personnel professionals, 25746
development of suicide prevention program by college campus health service, 4981
developmental education & other support services, academically underprepared college students, 1980s, 18686
establishment of formal consultative relationship between counseling center & office of residence life, prevention of mental illness & facilitation of personal growth, college students, 5003
establishment of network in training & supervision, peer counseling program, college students, 20802
ethnic composition, student affairs staff in Southeastern public colleges, 1980 vs 1984, 10314
evaluation of therapeutic processes & outcomes, clients of university mental health center, 4980
evaluation of University of Massachusetts mental health walk-in clinic, 18643
frequency of encounters with ethical dilemmas & resources used to solve them, counselors in college counseling services, 13137
group counseling, bulimia, college students, 15933
humanistic vs scientific academic specialization, use of mental health services, college students, Finland, 5005
inclusion of items to identify anorexia nervosa & bulimia on student health forms, college students, 18651

level of interaction, student affairs staff & faculty members, 15597
microcomputer usage & applications, college counseling centers, 25916
organization & management & staff qualifications & budgets & contractual use of community services, counseling services in small colleges, 25932
paraprofessional training program in behavioral interventions, client satisfaction & cost effectiveness, clients & undergraduate paraprofessionals at university counseling center, 7754
physical & emotional health & social competence, mildly & moderately retarded adolescents in school for educably retarded, implications for school health services, 31289
preparation program for reentry to home following freshman year, 1st yr college students, 20809
presenting problem & number of contacts with counselor & attrition rate & need for specialized college counseling service, American vs international college students, 25884
problems of service & research in psychology department training clinics, patients & clinical psychology graduate students & clinical directors of psychological service center, 23111
program monitoring academic performance, promotion of success, college freshmen unable to meet traditional university entrance criteria, 18669
race & sex & public vs private sector & educational level, employer recruitment methods, high school & college graduates, 20850
role in assisting schools to identify & meet needs of pupils facing later unemployment, educational psychologists, 18502
role of supervision & practitioner's experience & training & certification, quality assurance, counselors in university counseling centers, 15912
school-based child care & education in contraception & sexuality & parenting skills & counseling services, pregnant & parenting adolescents, literature review, 28605
self appraised problem solving abilities, awareness & utilization of campus helping services, college students, 15924
shift from remedial to student developmental counseling model, perception of mental health needs priorities, college vs graduate students vs college mental health staff, 4-yr followup, 18642
stress management program, college students, 23134
stress management program for academic & personal problems, graduate students, 15917
student development program, ability & performance & self concept, college students, 18682
student life services program, understanding value of psychotherapy, college students, 5017
university counseling service facilitated quality circles, staff morale & absenteeism & communication, university dining service employees, 25917
vending machine dispensing of over-the-counter medicines & contraceptives, 24-hr college health service facility, implications for role of nursing staff, 18676
welcome program, retention of students, Chicano & Black incoming college students, 18664

Student Protest [See Student Activism]

Student Records
behavioral indicators in academic records, psychiatrically disturbed vs not psychiatrically at-risk matriculating medical students, 25657
compliance with federal legislation & administrative regulations concerning release of student records, public secondary school counselors & principals, 10307

Student Teachers
assessment of student teaching performance, student teachers vs academic vs field supervisors, 2328
attitudes toward mainstreaming following mandatory law, primary & nonteachers, Australia, 23066
behavior modification & video feedback & self criticism, teacher training program, student teachers, 31159
critical incidents technique, assessment of student teaching supervision, student teachers & supervisors, 2316
dogmatism & satisfaction with internship, male vs female interns vs supervising teachers in secondary vs vocational vs physical education, conference presentation, 10312
dogmatism & style of supervision, teaching skills & satisfaction, female teacher training students, Israel, conference presentation, 10294
educational program, development of relational empathy, student teachers, 4813
free format inventory, assessment of work & life values, Black student teachers, Zimbabwe, 13445
influences on student teacher behavior in physical education classes, elementary education student teachers, implications for teacher education, 25832
interaction analysis training vs traditional teacher education programs, instructional behaviors, student teachers, India, 12926
locus of control & perceived stress, student-teachers, 20662
locus of control, ratings of performance, student teachers, implications for teacher education, 12924
motivations for entering teaching profession & authoritarian personality tendencies, student teachers, 1974–82, conference presentation, 10311
observational learning techniques during supervision, anxiety during use of classroom management procedures, student teachers, 12923
perceptions of stress in school situations, elementary vs secondary full-time & student teachers, 28388
personality & demographic characteristics, communication effectiveness, teacher trainees preparing for independent living work with deaf adults, 7578
process of entering teaching profession, student teachers, 2336
reflective teaching as laboratory teaching experience, preservice teachers, 2391
sources of stress during student teaching, burnout, teachers, suggestions for stress management, 15604
teacher self reported personality characteristics, characteristics & gender of preferred pupils, female student teachers, 10449
teacher training, perception of effectiveness of personal theories of instruction, economics education student teachers, 15617
teaching attitude, achievement on National Teachers Examinations, male vs female education students registered for practicum, 2325
teaching experience & temperament characteristics, coping strategies in problem solving task with distractable child, female college students, 7579
training in giving feedback to parents tutoring their 9.4–11 yr olds with reading deficits, parent involvement & children's reading levels & student behaviors, 3rd-yr female teacher trainees, 31144
validity of National Teacher Examination vs teacher supervisor ratings, prediction of employment success, elementary education student teachers, 23417

Student Teaching
critical incidents technique, assessment of student teaching supervision, student teachers & supervisors, 2316
field experience & student teaching, professional development, teachers, 2340
learning experience during practice teaching, student teachers, 18427
observational learning techniques during supervision, anxiety during use of classroom management procedures, student teachers, 12923
process of entering teaching profession, student teachers, 2336

Students [See Also Business Students, College Students, Community College Students, Dental Students, Education Students, Elementary School Students, Foreign Students, Graduate Students, High School Students, Intermediate School Students, Junior High School Students, Kindergarten Students, Law Students, Medical Students, Nursery School Students, Nursing Students, Postgraduate Students, Preschool Students, Primary School Students, Reentry Students, Roommates, ROTC Students, Seminarians, Special Education Students, Transfer Students, Vocational School Students]
activities to improve comprehension skills, creative & gifted students, 31276
answer changing behavior on objective tests, student test takers, 15885
application of cognitive psychology of studying principles, individual-centered study counseling, 28651
assessment of gifted minority students, literature review, 28553
attribution retraining, achievement behavior & motivation, students, 4865
behavioral characteristics & teacher interventions, children of alcoholics, 15920

clinical rotation in day care centers, pediatric education in normal growth & development, health care students, 28278
cognitive learning-based teaching program, academic achievement, 14 yr old students, New Zealand, 28478
computer-aided instruction & cooperative groups, mainstreamed learning disabled students, 7711
confirmation & exploration & support & egalitarianism in connected education model, 16–65 yr old female students, 25708
convergent vs divergent cognitive capabilities, learning accomplishments & interests, students, 4901
counseling, gifted & talented students, historical overview of contributions of L. M. Terman & L. S. Hollingsworth & P. Witty & R. Strang & recent contributions, 31361
creative techniques & activities & curriculum, involvement in historical research, gifted students, 28568
cue-evoked relaxation therapy with cognitive modification & diaphragmatic breathing techniques, airsickness, 20–25 yr old student pilots, 4422
determination of treatment effectiveness, behavior disordered students, meta-analysis of research literature, 2540
development & validation of attitude scale, measurement of attitudes toward pupil profiling, teachers, 31333
development of artistic judgment & expression, public art school students, 18468
development of chemistry creativity & problem solving test, chemistry students, 18650
development of curriculum to meet emotional & social needs, gifted students, 31270
development of paraprofessional program in school psychology, students, 18444
developmental stages & intervention strategies, management of training of evaluation practicum & intern students, supervisors, 18348
dramatic contexts & negotiation of meaning, continuity between learning environments of home & school, children, 25827
educational programs for assessment & treatment, emotionally or behaviorally disturbed children & adolescents, France, 18615
efficacy of peer tutoring interventions, behaviorally or emotionally disturbed children, 2539
eligibility criteria for special education, students with learning disabilities & language impairments, 4929
ethnic-cultural background & SES & duration of residence, educational attainment, immigrant students, 15734
evaluation of computerized career information delivery system, career guidance & job placement, school & agency counselors & students & clients, 10583
evaluation of workshop to increase knowledge about & understanding of childhood cancer, 23–58 yr old elementary & high school teachers & guidance counselors & school nurses & teachers' aides, 25745
experts' opinions on disruptive behavior in schools & availability of educational services, disruptive students, West Germany & France & Switzerland & Denmark & Belgium & Austria, 10441
factor analysis of items in teacher ratings on Children's Behavior Rating Scale, identification of cognitive deficits, 5–15 yr olds in regular & special education classrooms, 23127
family theory & counseling in systems perspective, underachievement, gifted children, 31387
feelings & attitudes & general behavior intentions, receptivity toward Certificate of Secondary Education System, teachers & principals, Western Australia, 22917
feelings of security or insecurity, academic achievement, students, India, 31229
historical & legislative overview & current issues in transition from school to work & role of rehabilitation counseling, disabled students, 31001
humor, clarification & confrontation of irrational ideas in career counseling, student clients, 18659
identification of predictable developmental crises & relationship to academic & occupational success, gifted students, implications for school counseling, 31311
ideology & organizational structure & teaching practices in effective school education, Black & other minority students, 15572
importance of intensity of involvement in thinking & suggestions for increasing involvement, 12931
importance of membership in & acceptance by group, personality congruence & satisfaction with & functioning in environment, 16–70 yr olds in occupational & educational groups, 18774
in-flight emergencies, biogenic amine/metabolite response, students vs instructors of Air Force flying training, 13182
incorporation of W. E. Sedlacek's nontraditional variables of minority student success in summer enrichment program for health careers, minority students, 1982–84, 18472
item response theory model, application of multidimensional index of item difficulty to American College Testing Mathematics Usage Test data, students, 18665
journal writing as self counseling method in school counseling program, students, Nigeria, 31332
large scale identification, kindergartners through 11th graders with learning disabilities, 4970
learning tempo & plasticity & academic progress, 9–22 yr old students with IQs above 125, 7691
level & frameworks for understanding pressure in fluids, 12–16 yr olds, 28471
management of acting out child in classroom, teachers, 15775
mathematics self-study program, generalization to other subjects & academic achievement, students, 2379
measurement of clinical competence, female occupational therapy students, 10254
method of categorizing WISC-R scores for educational assessment, bilingual learning disabled vs normal Mexican American 7–14 yr old students, 31383
model of teaching-learning process, teaching basic academic skills, learning disabled students, 7704
music, language development, learning disabled children, 13093
need for instruction in systematic approach to error detection & correction, students, 20677
organizational & attitudinal & methodological aspects of effective schools, Black & minority students, implications for instructional practices in urban public schools, 15585
Parallel Alternate Curriculum model, mainstreaming, learning disabled students, 4952
parents as advocates for educational rights & individual education programs, head injured children, 28524
peer tutoring, achievement outcomes, inner-city minority-group students at risk for special education referral & placement, 20720
perception of performance immediately after therapy session vs after viewing video of own performance, speech therapy students, 12843
performance in pharmacology & introduction to clinical medicine courses, sophomore medical students vs 1st-yr physician assistant students, implications for utility of interdisciplinary courses, 31099
pressure-free vs pressured classroom situation, level of divergent thinking, students, 4907
provision of instructional materials to increase formal operations, development of cognitive restructuring aspect of field independence, 11–12 yr old comprehensive school students, England, 28414
psychoeducational assessment, racial & ethnic minorities, children, implications for test bias ethical & legal issues, 28607
psychological consequences of life changes, female vs male kindergartners to 2nd graders & students entering junior or senior high school or entering or leaving college & newlyweds & new parents, longitudinal studies, 17015
public goal setting, self reinforcement of study behavior, 20–60 yr old students, 7634
punishment & treatment techniques, modification of misconduct in lifestyle, disruptive male student, 18565
rates & ratios of teacher approval & time usage & student attentiveness during piano lessons, preschool age through adult piano students & teachers, 4852
reflective thinking techniques, classroom impulse control problems, students, 22978
residential outdoor educational camp program, children with learning disabilities, 13059
resistance theory, role of social control & schooling in reproduction of oppressive social structures, critique of P. Willis's ethnography of schooling, 25719

resource rooms vs self contained classrooms of public schools vs psychiatric hospitals vs residential treatment centers vs state training schools, teachers' perceptions of behavioral characteristics, behaviorally disordered students, 4930
right-brained instructional strategies, reading comprehension, students with reading disabilities, 13122
role playing drama in which student assumes role of expert in branch of knowledge, 25771
school grades, social interaction & learning, students, 5015
school mental health consultation & direct services program, emotional & learning difficulties, kindergarten through 9th graders, 15911
screening scale for detection of grammatical & transitional & lexical errors of cohesion in writing, learning disabled students, 25912
self awareness exercises & activities, control of impulsive behavior & use of problem solving, learning disabled students, 13080
self direction techniques, development of independent thinking, gifted students, 28534
sexist test & item bias of British Ability Scales, perpetuation of social & sexual inequality, male vs female students, 15918
special teaching program vs rhythmic music training, concentration, males with normal intelligence & severely impaired concentration, 7733
strategies for provision of greater amounts of career information, gifted & talented students preparing to enter workforce, 31325
students as ongoing teacher educators, 10290
study habits & attitude, academic achievement vs intellectual ability, students, research review, 28495
subjective representation of rules & norms of aggressive behavior in school, students, 15803
Supportive Excellence educational program, academic achievement, students, 10340
teacher's grade predictions vs achieved marks, secondary school students, New Zealand, 6-yr longitudinal study, 28483
teaching methods for development of organizational skills, learning disabled students, 13112
teaching style, academic achievement, 15–76 yr old adult education students, 12949
techniques to develop intrinsic temper control, students, 12980
testing spatial abilities in different languages, bilingual 12–40 yr old students proficient in English & Arabic or Hausa or Yoruba, 2587
textbook usability estimate checklist, reading comprehension, students, 20672
therapeutic homework assignments in school counseling, students, 23102
Total Communication program, achievement & communication skills & speech development, deaf students, 10-yr longitudinal study, 4936
WISC-R Vocabulary & Block Design & Similarities subtest, screening for gifted program, public school students, 20801
word processing & word processing-related software, learning disabled students, 7710
Students T Test [See T Test]
Studies (Followup) [See Followup Studies]
Studies (Longitudinal) [See Longitudinal Studies]
Study Habits
academic achievement & majors & study habits & socioemotional adjustment, Chinese-born vs 2nd vs 3rd vs 4th generation Chinese American college students, 10458
analysis of notetaking & review of notes, literature review, 4914
application of cognitive psychology of studying principles, individual-centered study counseling, 28651
book ownership & home reading time & school environment, academic achievement, successful vs nonsuccessful kindergartners, Israel, 28474
cognitive abilities & locus of control & background experience & situational factors, development of metalearning in study processes, secondary & tertiary students, Australia, 13000
computer controlled study management & test experience program in introductory psychology course, college students, 15657
computer programs to facilitate gathering & analysis of data on reading & studying of text passages, 26171
demographic characteristics & self concept & study methods, causal attributions for performance on college entrance exam, high school students, Philippines, 4922
distractibility vs compulsiveness vs inquisitiveness study behaviors, test performance, 9th & 10th graders, implications for reading education, 10407
efficacy of study skills & time management & organization program, students at university counseling center, 2562
externally provided vs personally recorded notes, learning & test scores, literature review, 4915
factorial validity of Study Attitudes & Methods Scale, community college students, 7765
formation & purpose of study groups, college students, 15740
grades & self reports of amount of study effort, college students, 2438
haptic manipulation & verbal rehearsal & visual imagery in geometric study organizer, recall of textbook information, learning disabled & other mildly handicapped secondary students, 13065
homework, academic achievement, high school students, implications for educational policy, 4885
homework as part of learning process, primary school students, criticism of F. Held's argument that homework should be abolished, Denmark, 7567
metacognitive strategies for studying from text, 15768
note taking & content & academic success, processing & recall of lecture information, college students, 15738
note taking & text signals, recall, college students classified as good vs average vs below average readers, 2427
note taking, cognitive process during information encoding during science lecture, 11th graders & college students, investigation of generative hypothesis, 15759
note taking vs review of own vs instructor's notes, test performance, college students, 7637
profiles of text learning strategies, college freshmen who were good vs poor readers, application to design of remedial instruction, 25874
public goal setting, self reinforcement of study behavior, 20–60 yr old students, 7634
quantitative & qualitative aspects of S's lecture notes, test performance, psychology students, 2421
read only &/vs notetaking &/vs generation of paragraph summaries, comprehension & application & analysis & synthesis & evaluation of prose material, high vs low reading ability, college students, 28467
reading ability & grade & study time, processing & reading & learning from text in immediate vs delayed recall paradigm, 5th vs 8th vs 11th graders vs college students, 6047
relaxation/cognitive therapy &/vs study skills training, test anxiety & academic performance, test-anxious college students, 31319
repeated study & retesting on reading assignments, acquisition & retention of rote vs conceptual material, slow vs fast learning college students, 7750
review of instructor's &/vs personal notes of lecture vs mental review, achievement on factual items, college students who were listeners only vs nonattenders vs notetakers, 7638
self instruction training, mathematics & reading & language arts homework completion rates, 8.9–9.9 yr old special education students, 23059
self monitoring of subgoals vs time on study vs distal goal & motivation level, academic performance, college students, 15757
study & test taking skills & unrealistic expectations & belief in negative self statements & Type A behavior, high vs low achieving college students with high vs low test anxiety, 31224
study habits & attitude, academic achievement vs intellectual ability, students, research review, 28495
study methods, test scores on content area examinations, college students in reading course, 10416
study of text using own vs facts vs comprehension learning strategy, test performance, 7th graders, 2439
study skill training procedure, oral retelling of printed expository material, 11 yr olds with learning disabilities, 7686
study strategy with module of American Psychiatric Association's Knowledge & Skills Self–Assessment Program–V, psychiatrists, response to criticism by J. G. Solomon, 2278
study strategy with module of American Psychiatric Association's Knowledge & Skills Self-Assessment Program-V, psychiatrists, 2275

study techniques involving self questioning, reading comprehension, college students, 15754
study times & strategies & behavior, academic achievement, 1st yr civil engineering students, 4884
test preparation conditions, performance on analytical ability items of Graduate Record Examination, test applicants, 5008
time management peer counseling, grades, 1st yr college students on academic probation, 4836
use of notes & textbooks during examinations, test performance, psychology college students who were candidates for degree honors, 28469
validity of approaches to studying inventory &/vs Tertiary Entrance Examination scores &/vs student background characteristics, prediction of academic achievement, 1st-yr college students, Australia, 25939
word strategy training & directed vs student- vs teacher-controlled study methods, spelling performance, learning disabled 4th graders, 10477
Study Skills [See Study Habits]
Stuttering
acquired stuttering from right hemisphere lesion, 42 yr old right handed female, 22253
amplified sidetone &/vs loud noise stimulation, vocal intensity & stuttering frequency, 19–44 yr old stutterers, 12151
assertiveness, self perception & distress, adults who stutter, 6702
attitudes & notions & beliefs about stuttering, college students majoring in language therapy & psychology & medicine & architecture, 17542
audience size, verbal disfluences in other-total ratio, stutterers, 22217
behavior therapy stuttering program, RT, 19–33 yr old male stutterers, 12515
behavior therapy, stuttering, 21–60 yr olds, 10–15 mo followup, 25215
body signals & language, young female analysand who sought treatment for stammering, 7072
cessation of stuttering with progressive multiple sclerosis, 38 & 44 yr old male patients, 22307
changes in scores on locus of control of behavior scale during behavioral therapy, prediction & prevention of relapse of stuttering, adult stutterers, 10-mo followup, 25227
contribution of J. G. Sheehan's approach-avoidance theory, client-clinician relationship & therapeutic processes in treatment of stuttering, conference presentation, 25341
dichotic & monotic presentation of tests of central auditory processes, 8–11 yr old stutterers vs nonstutterers, 20096
disfluency variables & language measures & articulation, 1st–3rd vs 4th–6th grade possible clutterers vs stutterers, 1501
electroglottographic & acoustic waveforms of onset of voicing in stuttered vs fluent utterances, 21–48 yr old stutterers, 4080
etiology & treatment, stuttering, 6704
fear of independence & vulnerability & intrafamily relations, voluntary speech & stuttering, 2.4–5.2 yr olds, 9484
feedback of listener-judged naturalness rating of spontaneous speech, naturalness ratings & stuttering frequency, 16–55 yr old male stutterers, 12611
fluent vs normally disfluent vs stuttered speech, accessory nonverbal behaviors, 10–40 yr old stutterers, 9483
group emotional & stress psychotherapy, stuttering, 7301
independence of unilateral ocular motor control, 5–64 yr old stutterers vs nonstutterers, 24851
index & sequential finger tapping tasks & visualization vs no visualization condition, sequential ordering & timing of behavior, 19–61 yr old male stutterers vs fluent speakers, 9493
instruction in regulated respiration technique with vs without help, verbal fluency in laboratory vs over phone & taped vs not taped, 15–37 yr old stutterers, 20099
instructions & practice, vocal intensities while reading with Edinburgh Masker, 15–35 yr old stutterers, implications for clinical effectiveness of Masker, 12152
intense short term delayed auditory feedback program, consonant-vowel duration & vocal frequency, 7–14 yr old male stutterers, 12612
intensive inpatient relaxation & breathing exercises & speech therapy, maintenance of fluency, 22–54 yr old stammerers, 25–61 mo followup study, 1970
limitations of adaptation & consistency data attained from word passage practice, 19–26 yr old male stutterers, 20106
linguistic stress & practice, adaptation & consistency of stuttering, 19–26 yr old males, 20107
listener ratings during stuttering therapy program, speech naturalness, 10–14 yr old stutterers, 4545
metrizamide myelography, development of Broca's aphasia & speech apraxia & stuttering, 62 yr old male with lower extremity weakness & urinary incontinence & 54 yr old female with low back pain, 30446
neuromotor tuning of Valsalva mechanism prior to speech, stuttering, 12154
oral form perception, 6–12 yr old male stutterers, 12155
participation in precision fluency shaping model of therapy, manipulation of vowel duration to achieve fluency, adult stutterers, 1971
performance on sound fusion task, 20–45 yr old stutterers vs nonstutterers, 12146
phenytoin therapy for post-head-injury seizures, dysfluency & stuttering, 42 yr old male, 12564
prevention & detection of stuttering, parents & teachers of preschool children, 27492
psychoanalytic theory of sexual development & unconscious body representations, child & adult stutterers, 27488
regulated breathing with systematic desensitization & cognitive restructuring, communication attitudes & irrational beliefs & self efficacy perception & self reported improvement, 18–36 yr old stutterers, 1- & 6-mo followup, 25343
right hemisphere stroke, dysfluency characterized by verbal reiterations & automatisms, 50 yr old right handed male, 20111
sequential unimanual tapping task, speech fluency & hand performance, 16–54 yr old male left vs right handed stutterers vs nonstutterers, implications for cerebral dominance, 20100
severity of stuttering, recall & recognition of high visual imagery words in reading passages & hemispheric EEG alpha asymmetries, 12–44 yr old male & female stutterers, 20102
social communicative interactions with own vs unfamiliar child, mothers & their 4–5.9 yr old stutterers vs nonstutterers, 1497
Spanish vs English phonological & syntactic structure, frequency & location fluency breakdown, 50 yr old male bilingual stutterer, 1499
speech & psychological reconstruction, relapse of stuttering, adult stutterers who achieved fluent speech, 12610
speech disfluencies, interruptive behavior, mothers interacting with own vs unfamiliar 4–5.9 yr old stutterers vs nonstutterers, 4087
speech disfluencies, speech rate in dyadic conversations, 4–5.9 yr old stutterers vs nonstutterers & their mothers, 4088
stuttering as involuntary loss of control of fluent speech, comments on W. H. Perkin's definition, 30343
stuttering as loss of control over speech fluency, therapeutic implications, reply to comments by R. Martin & S. Haroldson, 30346
stuttering severity & brain stem EP testing, 19–37 yr old stutterers, 20097
stuttering therapy, stuttering frequency & aerodynamic characteristics of fluent speech, young adult stutterers, 20436
sudden onset respiratory blocking, 1st author & his brother, case report, implications for study & treatment of stuttering, 24855
supplemental fluency training during maintenance period, voice onset time, 18–40 yr old stutterers, 12613
temporal parameters of acoustic waveform for word-initial /p/ & /b/, preschool & school age stutterers, 1504
treatment for dysfluency, locus of control, 6–16 yr olds who stutter, 2- & 6-mo followups, 30797
Subconscious
recognition of consciously attended vs imagined vs subconsciously perceived words, college students, support for theory of cognitive-state monitoring, 16334
Subcortical Lesions [See Brain Lesions]
Subculture (Anthropological)
attributes of subculture, university graduates, Spain, 11593
contacts with mainstream society via self expression, counterculture youth, 945
cultural context of youth subcultures, implications for research, England vs US, 29779

determinants & cultural change & external pressures, cultural subgroups in educational context, mainstream teachers & students, implications for teacher education, 31133
historical review of origin of counterculture movement, adolescents, 6109
male homosexuality in Western culture & concepts of identity & subculture in historical research, 6297
music preferences & uses & gratifications of popular music, 11–15 yr olds, Sweden, 11534
organized meditation program, drug usage, White adult Ss, implications for subculture, 7487
psychological sources & social conditions & cultural preconditions, violence against subgroups by governments & powerful groups, 6184
race & ethnicity & culture & class & sex, subgroup formation & interaction in lunch court setting, White vs Black vs Chicano urban high school students, 13028
residence patterns & church affiliation & importance of reciprocal male labor, marriage patterns, male vs female "Nebraska" Amish, conference presentation, 3571
roles of drugs & sex & art & theater & music in Beat & hippie & punk & new wave countercultures, 11578
significance of language to group identity & values & psychodiagnosis & psychotherapy, adolescents, 9747
urbanism, misanthropy, respondents of general social surveys, partial support for subcultural urban theory, 24263
Subjectivity [See Objectivity]
Sublimation
limited sublimation capacity, females, 9159
sublimation & addiction as complementarities, 24742
Subliminal Perception
ability to extract information from words presented below recognition & awareness thresholds, adults & college students, 276
auditory subliminal message presented at rapid speed, production of imagery vs dream, college students, 29066
instruction to attend vs not to attend to neutral vs emotional masked auditory stimuli of increasing intensity, EMG & heart rate & skin conductance, 21–30 yr old females, implications for research in auditory subliminal perception, 568
neutral vs aggressively/sexually provoking subliminal stimuli, reports of imagery, 20–60 yr olds, 23581
subliminal messages in advertising & popular music, behavior, college students, 16050
Subliminal Stimulation
attitudes toward use of subliminal stimulation techniques in self improvement product, consumers, 23312
auditory subliminal message presented at rapid speed, production of imagery vs dream, college students, 29066
neutral vs aggressively/sexually provoking subliminal stimuli, reports of imagery, 20–60 yr olds, 23581
presentation of semantically-linked stimulus exposed beyond control of awareness, priming for semantic materials consciously seen & transformed, adult Ss, 21172
sexual subliminal messages in advertisements, evaluation of ads & GSR, college students, 7917
subliminal messages in advertising & popular music, behavior, college students, 16050
subliminal psychodynamic activation, cognitive measures of pathology, schizophrenic 21–59 yr olds, replication & criticism of study by L. H. Silverman et al, 11992
subliminal psychodynamic activation investigation, rejoinder to A. L. Porterfield & J. M. Oliver & R. Burkham, 12008
subliminal psychodynamic activation method, symptom intensification & enhanced adaptive behavior, 4355
subliminal psychodynamic activation, reply to comments by L. H. Silverman, 11985
subliminal psychodynamic activation, reply to L. H. Silverman's comments, 11991
subliminal psychodynamics activation investigations, reply to comments on work of J. M. Oliver & R. Burkham & K. C. Haspel & R. S. Harris & A. L. Posterfield & S. L. Golding, 12007
subliminal stimulation, identification with victim vs aggressor & open vs closed backgrounds, 15–57 yr old projective-sensitive & borderline psychiatric inpatients & professional artists, 3933
subliminal stimulation of unconscious symbiotic fantasies, pathological thinking & nonverbal behavior & self esteem, 18–65 yr old hospitalized schizophrenic males, 9272
subliminal stimuli, unconscious psychopathological behavior, diagnostic & therapeutic implications, 11876
subliminally presented visual symbiotic gratification & magic of believing messages, academic achievement, graduate students, 13003
Submissiveness [See Obedience]
Subprofessional Personnel [See Paraprofessional Personnel]
Substance Abuse [See Drug Abuse]
Substance P
acute vs subchronic stress, cholecystokinin & substance P in hippocampus & septum & prefrontal cortex & dentate gyrus, male rats, conference presentation, 16499
anatomical distribution of substance P & substance P receptors in CNS, rats, 547
chemogenic nociceptive stimulus, substance P levels in dorsal horn, female rats, 14001
coexistence of substance P & corticotropin releasing factor & acetylcholinesterase in nucleus tegmentalis dorsalis lateralis & projecting to frontal cortex & septum & thalamus, male rats, 26490
CSF substance P immunoreactivity & lithium effects, unmedicated unipolar & bipolar depressed inpatients vs euthymic bipolar outpatients unmedicated & during lithium treatment, 30096
depletion of methionine- & leucine-enkephalin & cholecystokinin-8 & substance P, development of parkinsonian symptoms, 1506
enkephalin & neurotensin & substances P & K, activation of dopamine neurons in ventromedial mesencephalon, literature review, implications for role of dopamine neurons in schizophrenia, 29280
icv injections of substance P, hindlimb scratching & grooming, 40–60 vs 120–150 day old Swiss-Webster vs C57BL/6J vs DBA/2J mouse strains, 21522
methionine enkephalin vs substance P vs somatostatin, aggressive behavior, jewel fish, 8528
nicotine withdrawal, beta-endorphin & enkephalin & substance P & neurotensin levels, male mice, 19488
pretreatment with acetylsalicylic acid & paracetamol & morphine, pain-related behavioral responses to substance P or capsaicin, male mice, 23986
spinal electroacupuncture induced analgesia, substance P & methionine & leucine enkephalins, male rats, conference presentation, 19400
substance P & methionine-enkephalin & neurotensin & cholecystokinin in brain regions, deceased 19–83 yr old alcoholics & opiate users & suicide & psychotic & schizophrenic patients, 6442
substance P injected into amygdala vs substantia nigra vs medial forebrain bundle vs septum, positive reinforcement in maze learning, rats, 693
substance P injections into ventral tegmental area & substantia nigra & sensorimotor cortex, exploratory & spontaneous behavior, male rats, 657
triethyl lead chloride, hot plate responsiveness & antinociception & hippocampal binding capacity of benzodiazepine receptor sites & Substance P levels, male rats, 16564
tuftsin & its derivative vs tetrapeptide fragment of substance P, naloxone-induced morphine withdrawal behavior, male rats, 19417
Substantia Nigra [See Mesencephalon]
Subtests
age differences, scores on Psychiatric-Organic Special Scale of MMPI, patients with alcohol dependence, 13423
computation of standard errors of measurement for MMPI subscales, 2872
convergent validity & predictive ability of MMPI Psychopathic Deviate subscales, 17–57 yr old male offenders, 1-yr followup, 10783
correction of speeded subtest scores from answer sheets of Armed Services Vocational Aptitude Battery, current service applicants vs 1980 youth sample, 21023
cross cultural validity & factor analytic similarity of WAIS subtest scores, workers referred for psychiatric evaluation, Mexico, 16150

cross validation of short forms of WAIS-R, geriatric patients with suspected dementia, 16158
development of equations for estimates of full MMPI scale scores for Improved Readability Form for use with cognitively impaired, hospitalized psychiatric patients, 28924
digits forward vs backward as separate components of Digit Span subtest of WAIS-R, 18–43 yr olds, psychodiagnostic implications, 5286
formula to test bivariate uniqueness of pairs of subtest scores, Shipley Institute of Living Scale, applications for cognitive & personality measures, 10892
grade level & standard scores on Wide Range Achievement Test vs Woodcock-Johnson Psycho-Educational Battery's subtests, learning disabled vs nonreferred regular education elementary school students, 2493
intercorrelations between WAIS-R Picture Arrangement & Comprehension subtests & measures of social characteristics, validity of WAIS-R subscales as measures of social behavior, college students, 23407
minimax vs Rasch procedure, determination of passing scores for subtests when passing score for total test is known, 13139
original vs short scales of Personality Inventory for Children, 6–12.9 yr olds seen at child psychology clinic, 16133
personality factors as assessed by 16PF, American College Test scores, college honor students, 2434
principal components analysis of WAIS-R on matrix of intercorrelations between subtests, standardization sample vs 16–17 vs 70–74 yr olds, 26196
reliabilities & duration quotients of clinically derived WISC-R subtest composites, 2889
reliability & validity & factor structure of revised Wechsler Memory Scale & subtests, identification of memory disorders, college students & general medical & alcoholic patients with organic brain syndrome, 2896
reliability & validity of self report ego strength questionnaire & correlation with 16PF subtest & school conduct, 16124
reliability of Kaufmann Assessment Battery for Children subtest composites, 2917
standardization & reliability of subtests of motor-skill performance measure, age groups up to 72 yrs, 18988
validity of WAIS short form subscales as estimate of WAIS-R Full Scale IQ, brain damaged patients, 2914
verbal/nonverbal factor structure of Woodcock-Johnson Tests of Cognitive Ability, subtest interpretation comparison with WISC-R, 1st vs 3rd vs 5th vs 8th vs 12th graders, 5002
WISC-R Vocabulary & Block Design & Similarities subtest, screening for gifted program, public school students, 20801
Suburban Environments
behavior settings as cultural phenomena, formerly agricultural suburban communities, West Germany, 29809
city vs suburban settlement, interpersonal estrangement, adults, 8942
congruence of outdoor recreation activity dimensions, residents of urban vs suburban vs rural environments, 26048
egotism & in-group favoritism ratings of home in suburbs, 16–82 yr olds, Australia, 9103
growth & decline patterns of small town settlement structure, 1900–30 vs 1930–40 vs 1940–60 vs 1960–80, US, 6175
social class, logical & verbal abilities, 5 vs 9 vs 13 yr olds from urban vs suburban districts of Rome, Italy, 24146
Subvocalization
suppression of subvocal speech, text processing during auditory vs visual presentation, 6th graders, 16952
Success [See Achievement]
Successive Contrast [See Afterimage]
Sucking
access to pacifier, behavioral state & motor activity, preterm 2–9 wk olds vs full-term neonates, 16966
continuous noise, visual & vocal behavior during nursing-suckling interaction, sows & piglets, 8459
development of Feeding Interaction Report-Scale and Treatment, assessment of infant's oral motor performance & parent-child interaction, 2–20 mo olds & their parents, 5340
development of neonatal oral-motor assessment scale, correlation of oral-motor functions & feeding histories & measurement of sucking activity & identification of dysfunctions, at risk 35–46 wk olds, 27505
development of nonnutritive sucking during active sleep, 30–35 wk old healthy preterms, 19601
oxytocin, stretch response as indicator of milk ejection & intake during suckling, rat pups, 16690
quantitative vs clinical sucking behavior measures, diagnosis of alcohol & smoking effects, neonates, 2921
rate & duration of suckling & weaning, white-tailed vs fallow fawns from multiparous & primiparous female deer, test of predictions of parental investment & parent-offspring conflict theories, 23710
Sudden Infant Death
death of child from sudden infant death syndrome, perceptions & social support & grief reactions, mothers, 14892
health locus of control & anxiety levels, parents of children at risk for sudden infant death syndrome on apnea monitor at home vs hospital, 14867
maternal attachment to infant, adjustment resolution to sudden infant death, mothers, 3598
psychosocial predictors of sudden cardiac & infant & traumatic death, literature review, 9189
reactions to use of autopsy report as counseling tool, sudden infant death syndrome counselors & bereaved parents, 25455
sleep apnea syndrome as precursor of sudden infant death syndrome, 30448
Suffering
inequities & psychological effects of federal compensation, victims of Nazi persecution, West Germany, 29888
treatment & prevention of psychological suffering from poor environmental conditions, young children, 27696
Sugars [See Also Blood Sugar, Glucose]
affective & memory improving properties of lithium vs saccharin vs sucrose, conditioned place preference, male rats, 19515
behavioral effects of sugar, hyperactive & normal children, criticism of S. Buchanan's study, 17633
concentrations of sucrose & sodium chloride & citric acid & temperatures, recognition threshold of capsaicin in ethanol & water, 18–35 yr olds, 21059
endogenous sugar acids, neuronal activity of ventromedial hypothalamic nucleus, male rats, 8405
fenfluramine vs amphetamine, intake of sucrose &/vs chow, male rats, 21568
food deprivation vs sucrose feeding, searching & foraging, Drosophila melanogaster, 8465
intragastric hexose infusions of glucose & fructose & galactose, food intake, rabbits, 21377
milk &/vs cream &/vs sugar, responses to & preferences for sucrose &/vs fat containing stimuli, normal weight vs obese vs formerly obese 20–60 yr olds, 24888
mouth presaturation by sweeteners neohesperidin dihydrochalcone vs thaumatin vs aspartame vs sucrose, water intake, male baboons, implications for animal model of sweetness perception & aftertaste, 21220
perception of sucrose vs sodium saccharin vs aspartame vs acesulfam-K vs calcium cyclamate/sodium saccharin blends in lemon-lime vs cola flavored beverages, 18–34 yr olds, 8158
pimozide, sham intake of sugar solutions as indicator of mediating role of dopaminergic synaptic activity, male rats, 11297
polysaccharides in liquid vs powder form, hyperphagia & obesity, female rats, 16498
prior expectations & experimentally induced expectancy, behavioral self report symptoms following dietary sugar challenge, college students, 21370
saccharin solution followed by sucrose vs saccharin solution, contrast in consummatory behavior, rats, 13725
sucrose consumption, hyperactivity, children with mean age of 9.2 yrs, replication of experiment by R. J. Prinz et al, 4100
sugar, endogenous opiate mediated feeding behavior & binge eating, animals & humans, conference presentation, 21508
sugar in natural mealtime diets, behavioral responses, 9–13 yr olds with behavior disorders or hyperactivity, 27416
supermarket vs sucrose diet & maternal background, dietary obesity, rat offspring of obese-prone vs lean-prone mothers, 21409

sweetener applied to tongue in increasing concentrations, RT in recognition of taste, college students, 21062
Suggestibility
autokinesis & personality factors of perserverance & suggestibility & oscillation & MMPI dimensions, college students, India, 19065
historical analysis of suggestion & suggestibility in education, 25711
interrogative suggestibility scale & personality & perceptual defensiveness & paranormal beliefs, college students, 24548
Jungian psychological type, eyewitness memory for simulated accident & susceptibility to postevent information, college students, 21996
suggestibility, normal vs mentally retarded 11–13 yr olds, 9428
suggestibility, performance in progressive relaxation vs suggestions of relaxation training, college students, 1893
Suicide
acquired immune deficiency syndrome & paranoia & organic brain syndrome & depression & suicidal ideation, 34–37 yr old males, 27659
age & racial differences, incidence of suicide, Singapore, 4009
age of child & method used in fictitious newspaper article about male child's suicidal death, impression of victim & reactions to family, 16–65 yr old citizens, 17480
analysis of R. Reagan administration's federal economic policies related to child abuse & suicide & mental & physical health using J. R. Stanfield's instrumental model, 24606
anthropological analysis of drug use & fashion & suicidal behavior as borderline personality, adolescents, 6452
antidepressant therapy, 19–74 yr old depressed hospitalized psychiatric patients who committed suicide, 4512
attitudes toward suicide & recognition of suicide lethality, Protestant vs nontraditional vs Catholic vs Jewish vs Eastern religious clergy members vs educated laypersons vs other mental health professionals, 27402
availability & number of practicing psychotherapists & primary physicians, suicide & violent deaths by homicide & accidents in rural town, prevention implications, 12054
bereavement, 15–63 yr old survivor victims of suicide vs crime, implications for crisis intervention, 20474
biochemical indices of suicide, 30253
brain levels of 5-HT & 5-hydroxyindoleacetic acid, 22–55 yr old suicide victims vs chronic schizophrenic 21–74 yr olds who committed suicide or died of other causes, 30284
catamnestic psychiatric investigation, positive testimony of suicide diagnosis, victim who committed suicide by asphyxiation, 20009
characteristics of suicidal behavior, 6–12 yr old in- vs outpatients, conference presentation, 27437
civil liability for causing or failing to prevent suicide, psychiatrists, 2223
climatological conditions & sociocultural variables, suicide & homicide rates, support for redux model, 28836
cognitive distortion & hindsight, perception of suicide, college students, 19817
configural frequency analysis, questionnaire items measuring suicidal tendencies, 29019
consultation in psychoanalysis, suicidal patients, 4285
consultation in psychoanalysis, suicidal patients, criticism of M. Bond's study, 4327
consumption of corn with low levels of tryptophan, suicide & homicide, replication of findings of A. R. Mawson & K. W. Jacobs, 27423
court decisions granting sovereign & supervisor's & municipal immunity from liability for death of subordinates by suicide or other means, 24345
critical treatment issues, suicidal schizophrenic patients, 12367
CSF 5-hydroxyindoleacetic acid levels & habituation of skin conductance response, 21–67 yr old suicide ideators vs violent vs nonviolent suicide attempters, 30263
degree of mental & physical suffering & stage & primary site of disease, cancer patients who committed suicide, Sweden, 1973–76, 12170
demographic & psychiatric characteristics, repeated attempts vs actual suicide, suicide attempters, Denmark, 3-yr followup, 27458
demographic & social characteristics, cancer patients who committed suicide, Sweden, 1973–76, 12171
demographic characteristics & psychiatric history, identification of suicide attempters vs completers, hospitalized females, 5-yr followup, 27457
demography of suicide & self injury cases, risk management & litigation issues, male vs female 15–54 yr old patients, 24389
depressed symptomatology & psychodynamics, male & female hospitalized vs outpatient preschoolers with suicidal thoughts &/vs behavior disorders, 28175
depression & melancholia & suicide from Freudian vs structuralist perspectives, 11860
depression & suicidal ideation & attempts, adolescents in hospital center, literature review, 9-yr longitudinal study, US, 25514
depression & suicidality, patients with anorexia vs bulimia vs bulimarexia, 6894
dexamethasone suppression test, identification of patients who might respond to tricyclic antidepressants, suicidal 17–69 yr olds, 30265
diagnostic & psychosocial variables of suicidal behavior, 5–13 yr old psychiatric inpatients, 17473
DSM-III classification, patients with active vs inactive suicidal problems, 20010
epidemiology of committed suicides in psychiatric hospitals, psychiatric patients, 22715
epidemiology of suicides, Merchant Navy, 1965–77, Finland, 17493
etiology & associated factors in suicide & self injurious behavior, children & adolescents, 14682
etiology & characteristics of & intervention for suicide, adolescents, 9372
experiences with child welfare system & foster parents, male Native American who killed himself after 13 yrs as ward of government, Canada, 15266
family & personal history of attempts at suicide & diagnosis of bipolar disorder, psychiatric inpatients, 19979
family stress & alcohol & drug abuse & delinquency, serious suicidal thoughts, high school seniors & college freshmen, 12120
haloperidol-induced akathisia, homicide & suicide, 23–52 yr old males, conference presentation, 12582
historical perspective on suicide & women, 12069
impact & need for interventions, family & friends of suicide victim, 27735
incidence & underlying theory of suicidal crises in schools & strategies for intervention, 15–24 yr old students, 4982
incidence of depression & suicidal ideation, 29–82 yr old terminally ill patients, 17562
incidence of suicidal thoughts & stressful life events & problem solving preparation, college students, college counseling implications, 24755
increase in suicide by jumping from height, females vs males, Switzerland, 1970–80, 20029
individual & social & psychiatric risk factors of suicide, 21–60 yr old manic-depressive suicide victims, 20055
investigation of suicides committed in Bologna, Italy, 1978–82, 20036
knowledge of acquaintance or relative having attempted or committed suicide as risk factor, psychiatric patients hospitalized for attempted suicide vs suicidal ideation, 1413
knowledge of suicide facts & myths & demographic & clinical correlates of suicidality, college students vs home health care vs outreach personnel, 27427
lack of evidence for suicides disguised as accidental deaths, US, 4011
medical careers & increased suicide risk, medical students & female vs male physicians & physicians' wives & psychiatric residents & psychiatrists, 20056
monoamine turnover & binding to monoamine & other receptors, 56–94 yr old Alzheimer's disease vs depressed patients vs adults who committed suicide, conference presentation, 1221
monthly & weekly distributions of suicide & age & sex & means, 1968–77, West Germany, 20037
monthly distribution of suicides by method used, 4013
mortality rate due to natural causes & suicide, discharged schizophrenic patients, 10-yr followup, Sweden, 30487
mortality rate, male alcoholics initially judged as assaultive or suicidal, 20-yr followup, 3966
mourning process, Ss whose partners had committed suicide vs died naturally, 9415

naturalistic & laboratory-induced behavior, animals, implications for animal models of self destructive behavior & suicide, 19248
need for psychiatric evaluation of suicidal characteristics, first admission patients in alcoholism treatment program, comment on findings of M. Berglund, 2180
need for research on incidence & etiology of suicide, psychotherapists, comments on article by C. Turkington, 2231
paradoxes of suicide risk assessment, depressed hospitalized patients & callers to suicide prevention center & VA inpatients, implications for clinical work, 12084
performance on measures of hopelessness & social desirability & irrational beliefs, suicidal vs nonsuicidal patients, 6644
personality characteristics & assessment of risk for successful suicide, 6672
physical & social & psychological causes of suicide, India, 1972–79, 12095
possibility of distinct cognitive characteristics & specialized treatment strategy, suicidal patients, 22485
pre-oedipal phenomena & affect disorders & biological psychiatry, 18 yr old female, 22072
pressure for achievement & school stress, behavior problems & suicidal behavior, primary school students & teachers, Yugoslavia, case report, 31263
prevalence of borderline personality disorder, psychiatric patients who committed suicide, 27323
previous psychiatric hospitalization, suicidal behavior, callers to crisis intervention phone line, 24752
prior suicidal behavior & family history, male 16–86 yr old inpatients with unipolar or bipolar depression, 27328
psychiatric aspects of rail suicide, suicidal vs accidental railway death victims, England, 20063
psychoanalytic interpretation of S. Plath's failure to control suicidal tendencies through poetry, 16862
psychodynamics of suicide, 12100
psychological characteristics & sociodemographic & symptomatic correlates, victims of attempted vs completed suicide, 20018
psychosocial correlates of suicidal behaviors, urban population of adults, Canada, 24744
rate of suicide & attempted suicide based on data from hospital records, 1966–72, Ethiopia, 17460
relationship between lethal aggression & industrialization & suicide, reply to H. B. Whitt's comments, 27449
religiosity & suicide rate, US, criticism of W. T. Martin's study, 1428
repetition of self poisoning & deaths, 12–20 yr olds who took drug overdoses, 1974–78, England, 9376
response style on suicide ideation scale & suicide desire & preparation & hopelessness & desirability, clinicians' ratings of intent, 16–52 yr olds with suicide ideation, 30273
right to die & terminate appeals, prisoners under sentence of death, 24405
risk factors for suicide, gifted females, 60-yr longitudinal prospective study, 24809
risk for suicide, anesthesiologists involved in lawsuits, 7515
risk taking propensity & related personality characteristics, suicide attempters vs ideators, 14735
role of family in suicidal or self destructive behavior, case illustrations of 16 & 15 yr old females & 17 yr old male, 24793
self derogation & depression & subsequent purpose in life, substance use & suicide ideation, male vs female 19–24 yr olds, 17456
size of hospital & patient admissions & physician/nurse relationship to patient & involuntary admission, incidence of attempted suicide & suicide, hospitalized psychiatric patients, 1950–59 vs 1967–76, West Germany, 15235
sociocultural & developmental factors & prevention, suicide & attempted suicide, Native American adolescents, 9365
sociological review of literature on suicide, comment on S. Stack's assertions, 27461
stage model of development of understanding of suicide motives, 14–22 yr olds, 9371
structure & content of sociocognitive & moral & ego development, formal vs material role taking, adolescents & young adults, implications for understanding suicide, 3983
suicidal & parasuicidal behaviors & self-injury, patients with borderline personality disorder, 20026
suicidal behavior, 11–17 yr olds, 9409
suicidal ideation & personality & family variables as precipitating factors, suicide, 12–19 yr olds, 4041
suicidal impulses, normal 6–12 yr olds, 8886
suicidal tendencies, first-hospitalized schizophrenic patients, 14633
suicide & associated social & psychiatric risk factors & prevention & treatment, psychiatric inpatients & outpatients, 20054
suicide as pathological act & medical-psychiatric issue, 1425
suicide by train & mental illness, 15–89 yr old suicide victims, Denmark, 1979–82, 24785
suicide in 1st & 2nd degree relatives, manic depressive patients, 6587
suicide, men of letters, implications for relationship between genius & insanity, 27436
suicide myths & short term intervention strategies, alleviation of psychological pain & provision of alternatives, suicidal adolescents, 15021
suicide, psychiatric hospital patients, 30942
suicide rate, under vs over 30 yr olds, 30296
suicide rates & apparent causes & relation to drug dependency, male & female emergency psychiatric outpatients, Switzerland, 25471
suicide rates & external causes of death, 15–24 yr old females vs males from mountain vs northeastern states, US, 27235
suicide rates, Army personnel, 1981–82, 1451
suicide, schizophrenic patients, extension of published data from Iowa Record Linkage study, conference presentation, 30098
suicide vs homicide rates & quality of life, 1971, 4012
suicide, 14 yr old gifted female, biography, 6656
suicides by opium & its derivatives, England & Wales, 1850–1950, 17450
therapeutic strategies & focus on intractable symptoms maintained by family systemic interaction, suicidal patients, 27849
time trends for suicide vs homicide vs accident mortality, females vs males 65 yrs & older, Finland, 1951–79, 24780
unemployment & economic fluctuations, suicide rates, female vs male workers, 1966–81, Canada, 20019
unemployment, incidence of suicide, Austria, 1977–83, 20049
use of drugs in suicide attempts, Czechoslovakia, conference presentation, 6642
use of mortality statistics from states of US in 1931, confirmation that suicide more likely & homicide less likely in regions where quality of life was better, implications for cross national study of D. Lester, 24782
use of word "whirling" in Rorschach tests, prediction of suicide & premature death, medical students, 20–35 yr followup, 4046
Suicide (Attempted) [See Attempted Suicide]
Suicide Prevention
critical treatment issues, suicidal schizophrenic patients, 12367
development of suicide prevention program by college campus health service, 4981
incidence & underlying theory of suicidal crises in schools & strategies for intervention, 15–24 yr old students, 4982
lethality assessment & management strategies of telephone suicide threats, 22671
model of suicide prevention & its component programs, Canada, 25388
physical & psychological signs of suicidal tendencies of students & guidelines for role in suicide prevention, teachers, 31375
professional responsibility for suicide prevention & need to promote ethic of self responsibility, 27453
psychiatric intervention by mail, 22 yr old female in suicidal crisis, 14942
short-term therapeutic intervention, suicidal male, 20312
sociocultural & developmental factors & prevention, suicide & attempted suicide, Native American adolescents, 9365
Sulpiride
dopamine infusion into nucleus accumbens & sulpiride, hyperactivity & locomotor responsiveness to levo-N-n-propylnorapomorphine, female rats, 5830
ip vs icv administration of haloperidol vs sulpiride vs amisulpiride, antagonism of apomorphine-induced behavior, male rats, 24014
quantitative autoradiographic localization using sulpiride, identification of dopamine receptor binding sites in brain, male rats, 26496

sulpiride-induced hyperprolactinemia & impotence, 24–46 yr old patients with schizophrenia or anxiety disorders, 7271
sulpiride vs chlorpromazine, autistic & positive psychotic symptoms, 18–43 yr old schizophrenic patients, 1905
sulpiride vs haloperidol, 26–53 yr old chronic schizophrenics, 22536
Superego [See Also Conscience]
determination of factorial influences on ego & superego structure & function, college students, Australia, attempted replication of American study by N. V. Adcock & C. J. Adcock, 11785
discriminant validity of Arrow Dot subtest of Id/Ego/Superego Test, 12–18 yr old delinquents vs secondary school students, Nigeria, 8097
ego & superego & self sentiment strengths, 12–18 yr old identical vs fraternal twins vs concurrently reared brothers vs unrelated males, 29677
Freudian views of identification & superego formation as compensation for lost narcissism vs response to object loss & fear of castration, 21799
perspectives on development of superego, conference presentation, 10730
psychological concepts of conscious & repression & superego as viewed by F. Nietzsche & Freud, 28865
social isolation & rejection & forebodings of Holocaust & radical transformation of superego during adolescence, obsessions & narcissistic & masochistic problems, middle aged Jewish male, 25096
superego & body image, perversion, illustrative case of female being treated for alcoholism who attempts to castrate & murder her lover, 3960
superego conflicts, alcohol abusers in psychoanalysis, 4700
superego conflicts, alcohol abusers in psychoanalysis, criticism of B. Berggren's study, 4724
superego pathology & impediments to establishing therapeutic alliance, case illustrations of borderline patients, 27783
Superintendents (School) [See School Superintendents]
Superior Colliculus
adenosine transport sites in thalamus & hypothalamus & superior colliculus, rats, 504
collicular lesions, visual discrimination assessed by computer video actograms of head movement, hamsters, 19412
distribution of ipsilateral retinocollicular projections, tree shrew, 26487
efferent projections from superior colliculus cells, multisensory information & motor responses, cats, 529
interaural intensity difference for neurons in deep layers of superior colliculus, cats, 26533
interaural time vs intensity differences in acoustic stimuli, activity of binaural neurons in superior colliculus, cats, 3181
muscimol injections to substantia nigra & alteration of inhibitory input to superior colliculus, saccadic eye movements to visual or remembered targets, rhesus monkeys, 647
muscimol vs bicuculline injections to superior colliculus, saccadic eye movements to visual or remembered targets, rhesus monkeys, 648
relative pattern movement, superior colliculus visual cell responses, cats, 5695
role of superior colliculus in visual perception, rats & hamsters, literature review, 498
superior colliculus damage, visual perception & orientation response, rats & hamsters, literature review, 607
superior colliculus lesions & previous exposure to platform, ability to locate hidden platform in swimming pool, male rats, 11253
superior colliculus lesions vs increased dopamine transmission via dextroamphetamine, visual orienting behavior, rats, 21395
superior colliculus removal, visual perception & orientation response, rats & hamsters, literature review, 608
superior colliculus vs medial vs lateral substantia nigra pars compacta lesions, ipsiversive vs contraversive circling behavior, male rats, 23932
transection of brachium of superior colliculus, early representation of temporal retina assessed by retrograde transport of horseradish peroxidase, hamsters, 19413
Superiority (Emotional) [See Emotional Superiority]
Superstitions
belief in Zar magic, mental illnesses & their treatment, Amhara & Falasha, Ethiopia, 11590
recovery from psychosis without drugs & culture-based supernatural beliefs, Chinese 36 yr old female, Australia, 22032
Slovenian folk culture & medicine & superstitions, childbirth & childrearing, 19th century, Yugoslavia, 11395
supernatural power & sexuality & paradigm of women's space in religion & culture, 6192
universal myths & superstitions determining behavior of primitive people & children as underlying manifestations of schizophrenia, 9340
validity & reliability of scale to measure belief in lunar effects, male vs female 17–63 yr olds, implications for construct validity of belief in paranormal phenomena, 28995
Supervising Teachers [See Cooperating Teachers]
Supervisors [See Management Personnel]
Supportive Psychotherapy [See Psychotherapy]
Suppression (Conditioned) [See Conditioned Suppression]
Suppression (Defense Mechanism)
masked psychological illness, elderly community daycare center patients, Australia, 19927
Surgeons
characteristics & measurement of & factors effecting night visual performance, Air Force flight surgeons, 23576
experience & age, knowledge & interest in psychiatric aspects of practice, older vs younger nonpsychiatrist Air Force flight surgeons, 15562
use of videotapes to teach ethical principles in surgeon-patient relationship & barriers to effective doctor-patient communication & behavior, surgical curriculum, 25697
Surgery [See Also Adrenalectomy, Castration, Commissurotomy, Decerebration, Decortication (Brain), Dental Surgery, Heart Surgery, Hypophysectomy, Hysterectomy, Induced Abortion, Male Castration, Mastectomy, Neurosurgery, Organ Transplantation, Ovariectomy, Pinealectomy, Plastic Surgery, Psychosurgery, Stereotaxic Techniques, Thalamotomy, Thyroidectomy, Tractotomy, Vagotomy, Vasectomy]
concerns & needs assessment, circumcised females & their health care providers, US, implications for health care delivery, 12646
consumer sovereignty & medical self-regulation & statistics on unnecessary surgery, Australia vs US vs England vs Wales, 7349
diagnosis & adenoidectomy vs adenotonsillectomy as treatment, obstructive sleep apnea & hypopnea, 2–11 yr olds, conference presentation, 1984
dorsal root entry zone thermocoagulation, phantom arm phenomena, nonamputee male 18–62 yr olds with cervical root avulsions & brachial plexus injuries, 25368
drug treatment & psychological support & genetic counseling & surgical intervention, epilepsy, 30496
endarterectomy, cognitive & motor processes, patients with atherosclerotic occlusive disease, 18170
hypnosis as anesthesia, surgical correction of ankyloglossia, 4 yr old female, 12599
incidence of otolaryngologic symptoms & perceptions of benefits of adenoidectomy &/or tonsillectomy, parents of children with Down's syndrome, 28043
intelligence, children with spina bifida born between 1973 & 1978 given immediate vs delayed surgical treatment at birth, 6-yr followup, implications for criteria for selection for surgery, 28074
interpretation of origin & personality profile & treatment issues, transsexualism, 14946
jejunoileal bypass surgery, food intake & body weight in taste aversion paradigm, female rats, 13946
laryngectomy, physical & mental & social health status, 33–74 yr olds with cancer of larynx, 7328
methodological difficulties & outcome, sex-reassignment surgery, literature review, 20437
need for caution in endocochlear electrode insertion surgical procedure, conference presentation, 4554
neonatal pain cries & circumcision, acoustic features & perception of urgency neonates & adult listeners, 26851
neuropsychological characteristics before vs after surgery, patients with transient ischemic attacks in carotid artery area, 4584
outcome of sex reassignment surgery, transsexuals vs transvestites vs effeminate homosexuals, literature review, 7337

parental pressure for tonsillectomy, parents of 3–16 yr olds referred for possible tonsillectomy, 20196
patient selection & prosthesis size & surgical procedures, cochlear implants, deaf 2–18 & male 54 & 55 yr olds, conference presentation, 4581
penile implant surgery, ejaculatory & orgasmic experience, 30–69 yr old males with psychogenic orgasmic dysfunction, 25349
physical trauma & despondency & surgical intervention during pregnancy & childbirth, female clients seeking psychoanalysis, 25350
preoperative depression vs weight, postoperative weight loss & depression, 18–57 yr old morbidly obese gastroplasty patients, 26-mo followup, 22243
pretreatment attitudes & knowledge & psychological adjustment & recovery following surgery, female patients undergoing laparoscopy for sterilization vs primary vs secondary infertility investigation, 28078
psychiatric & neurologic disorders following surgery, 20–53 yr olds treated for morbid obesity, 18161
psychological & social outcomes of surgical treatment of obesity, S more than 100% overweight, 22636
radiation treatment &/vs surgery, sexual function, 24–54 yr old females with cervical cancer, 9991
recovery from circumcision, plasma cortisol & sleep patterns, 2–3 day old males, 1989
religion & cultural differences, surgical procedures, North African immigrants, France, conference presentation, 7413
reported severity of vomiting soon after vs 6 mo after gastric bypass surgery for obesity, 22–59 yr olds, implications for validity of retrospective reports of symptoms, 4592
risks in performance of surgery, hysterical patients, 20458
semantic differential assessment of self perception vs personal ideal of beauty, 16–26 yr olds undergoing surgical correction of maxillo-facial deformities, 9993
sexual history & transsexual surgery, 74 yr old male, case report, 28034
short-term puppet therapy, illustration of 4 yr old male receiving bone marrow transplantation, 22620
social content & cognitive structure, decision to attempt delivery by trial of labor vs repeat cesarean section, pregnant females, implications for family physicians, 15248
stress due to imminent surgery, dexamethasone suppression test, presurgical patients, 9969
surgical &/vs voice therapy, 4–15 yr olds with dysphonia, 3–6 yr longitudinal study, conference presentation, 1726
surgical resection of parietal motor & frontal premotor areas, postoperative acute aphasia, 13 yr old left handed male with left fronto-parietal vascular malformation & bilateral symmetrical language representation, 1612
surgical treatment of obstructive sleep apnea, clinical management & treatment compliance of simultaneously presenting mood disorder, 52 yr old female with bipolar affective disorder, 25044
transsexualism vs transvestism & desire for sexual reassignment approval, social desirability response set & self report, homosexual vs heterosexual male patients, 30804
type of surgery & biographical & social factors, esophageal speech proficiency, patients with laryngectomies, 12623
unanticipated primary cesarean section, emotional adjustment & relations with infant & infant behavior 1 mo postdelivery, mothers & their infants, 28039
wedge resection of ovaries, sexual life, 21–40 yr old females with Stein-Leventhal syndrome, 28063
Surgical Complications [See Postsurgical Complications (Physical)]
Surgical Patients
acoustic properties, production of intonation & contrastive stress patterns, 52–68 yr old esophageal vs tracheoesophageal laryngectomized patients, 6765
antidepressant Org 3770 vs diazepam vs placebo, insomnia & anxiety before elective gynecological surgery, female patients, 9945
application of psychoanalytic knowledge, hospitalized acute surgical & psychotic patients, 15352
assessment of esophageal voice, laryngectomy patients, 12634
beta-blocker bupindolol vs lorazepam vs butalbital, anxiety, 19–68 yr old surgical patients, 25274
characteristics & clinical reasons for referral, self vs other referred medical & surgical inpatients, 15356
coping instructions & severity of illness & intrinsic sensitivity to & objective level of noise, coping ability & recovery, male surgical patients, 12734
crisis intervention counseling, psychological reactions, male vs female 18–60 yr old hospitalized medical & surgical patients, 12-mo followup, 15400
fears & concerns regarding anesthesia, surgical patients, 9996
Hamilton Rating Scale for Anxiety vs Melancholia Scale, measurement of pre- & postoperative anxiety, 34–69 yr old cardiac patients, 1- & 3- & 6-mo followups, Denmark, 18924
hospital-based psychological counseling, physical recovery, 18–60 yr old medical & surgical patients, Australia, 28184
ibuprofen vs acetaminophen & codeine, moderate or severe pain from postorthopedic surgery, 18–65 yr old patients, 20389
incidence of mental disorders, open-heart surgery patients, 30377
lormetazepam, determination of need for prescription of hypnotic drugs for normalization of sleep following operation, surgical patients, 18034
Mini-Mental State Examination, measure of mild cognitive dysfunction, patients assessed before & after coronary artery bypass surgery, comments on use of test in work by A. M. Freeman, 15261
monitored vs blunted coping styles prior to surgery, desire for more information & factual knowledge & health behavior, gynecological patients, 28072
pain perception & postoperative consumption of narcotic analgesics, patients with analgesic nephropathy due to excessive phenacetin use, 12620
patient selection for cochlear implants, 12–60 yr olds, conference presentation, 4549
PK 8165, heart rate & anxiety & somatic symptoms, anxious dental surgery patients, 22575
postoperative delirium & plasma cortisol & beta-endorphin levels, male 42–65 yr old patients who had elective surgery, 22622
pre- vs postlocalizer cast periods, adaptive coping behavior, 14 yr old female hospitalized for surgical treatment of idiopathic scoliosis, 15228
preoperative depression vs weight, postoperative weight loss & depression, 18–57 yr old morbidly obese gastroplasty patients, 26-mo followup, 22243
preoperative obesity & psychiatric history, postoperative narcotic use for pain, adults who had abdominal surgery for obesity vs normal weight cholecystectomy patients, 7348
preoperative pain expectancy & client education, postoperative reports of pain & fear, female surgical patients, 20467
principles of psychoanalysis in child psychiatry, pre- & postoperative patients, 2078
reactions to preoperative interviews with their physicians & types of concerns expressed, 16–52 yr old elective surgery patients, 2007
reassurance of self care instructions or neutral message & locus of control & contact with visitors, anxiety, female 21–88 yr olds awaiting gallbladder surgery, 7327
role in postoperative counseling, rehabilitation counselor, 2012
routine care only vs routine care with minimally vs maximally informative booklets, cognitive variables & stress, minor gynecological surgery female patients, 28077
self destructive behavior, 16–89 yr old hospitalized medical & surgical patients, 20514
state anxiety & recovery & cortisol & noradrenaline excretion pre- vs post-operatively, middle ear surgical patients, 28068
stress inoculation training vs attention-education, postoperative pain control, male patients undergoing coronary artery graft surgery, 25373
Type A behavior pattern, rise in blood pressure under anesthesia, 19–73 yr old general surgical patients with no history of coronary heart disease, 1995
utility of Groningen voice button for vocal rehabilitation, patients who underwent laryngectomy, 12631
validity of psychiatric diagnosis under conditions of patient pain & discomfort & medication, prevalence of psychiatric diagnosis, hospitalized surgical trauma patients, 28180
videotape of vs attendance at preoperative class vs brief individual preparation by nurse, 3–12 yr olds scheduled for minor surgery, 15397

Surrogate Parents (Humans)
close ties to surrogate mother & estrangement from biological mother, analysands, conference presentation, 4302
roles in resolution of adolescent oedipal issues & development of cohesive self, rabbi-tutor or coach-umpire as community parental surrogates, 909
Surveys [See Also Consumer Surveys]
area probability sampling vs sampling extra dwelling units, selection of national samples of Blacks as part of 1982 General Social Survey, 26170
changes in national readership survey, implications for adapting continuous surveys, 26079
control & measurement of error & methodology, Epidemiologic Catchment Area program surveys on mental disorders, 1287
correlational design, assessment of response rate difference between face-to-face interviews & mailed questionnaires, implications for social change surveys, 13340
critique of Michigan Survey Research Center's survey of gambling attitudes & behavior, issues for research in epidemiology of pathological gambling, 14720
development & reliability & validity of survey to identify rehabilitation & accommodation needs, long term patients in psychiatric hospital, UK, 13413
development of Drug & Alcohol Information Survey, college students, 16138
development of Junior High Life Experiences Survey & scoring strategies, assessment of life stress & prediction of maladjustment, 7th & 8th graders, 168
establishment of credibility of needs assessment surveys & impact on management development & training, 31454
factor analysis of Social Performance Survey Schedule, measurement of dimensions of social behavior, male vs female college students, 21002
fatigue & consistency & familiarity/certainty hypothesis, instability over time in response sets of surveys & long psychological instruments, 13342
finding appropriate source for retrieval of sample survey or development of instrument, bibliography, 26143
frequency vs generalized vs individualized weights scoring methods for Life Experiences Survey as predictors of psychological symptomatology, 18–88 yr olds, 29011
guidelines for development of surveys representative of ethnic minorities, 8015
improvement of cooperation to mail questionnaires, professional groups, 8030
interdisciplinary research efforts, cognitive psychologists & survey researchers, 80
market wages surveys as measurement of job worth, implications for pay administration, 20892
methods & problems in sociological survey research, youth & their parents, 743
models of response uncertainty in 3-wave panel survey, 16100
need for development of survey methods in market & social surveys, 20923
objects & methods & objectives of epidemiological surveys in mental health, 13469
organizational diagnosis with survey feedback, school social climate, senior high school teachers, 20812
paper vs online administration of questionnaire, measurement of park exhibit effectiveness, visitors, 10751
Primary Health Care Project, measurement of health services utilization, Belgium, 1975–78, 7323
programing language & computer system for design & administration & distribution of surveys, conference presentation, 18887
psychometric properties of Father & Mother scales of Parent-Child Relationship Survey, college students from divorced vs continuously intact families, 28949
quality of worklife survey of Department of Agriculture, productivity improvement, government managers & employers, US, 13211
reliability & generalizability of Fear Survey Schedule & Fear Questionnaire across samples & gender & nations, measurement of phobic dimensions, review of research, 116
reliability & utility of surveys in supplementing data for congressional review of drug abuse & control, drug abuse managers & law enforcement & prosecutorial officials, 29882
reliability & validity of sociological surveys & self report questionnaires & structured interviews, measurement of intimacy, 5349
setwise vs itemwise randomized-response approach, potential bias effects of sensitive survey questions & differential estimates within subgroups, graduate nursing students & faculty, 16181
social change, 13–24 yr olds, West Germany, 1962–83, replication of O. D. Duncan's survey research instrument, 2799
social network data items in annual General Social Survey, 118
source of copy surveys, overestimation of actual magazine sales, consumers, Australia, 26083
stability of Clifton Assessment Procedures for Elderly, clinical diagnosis, 67–93 yr old females with wide range of cognitive impairments & physical disabilities, 23461
stamped & reply-permit envelopes, mail survey response rate, social workers, 7994
survey form of revised Vineland Adaptive Behavior Scales, reply to comments of T. Oakland & S. Houchins, 26174
time interval between survey administrators & use of retrospective design, scale recalibration in evaluations of interviewer performance & recall of earlier evaluations, college students, application in evaluation of organizational change, 28916
uninformed response rates in survey of attitudes toward generic foods, store managers, 18801
utility of generalizability theory, analysis of national performance monitoring survey, 11–15 yr olds, 15908
validity of key informants vs health surveys, estimation of health risk behavior, reply to comments by R. E. Overstreet & I. Rootman, 8059
validity of key informants vs health surveys, estimation of health risk behavior, comments on article by E. Deaux & J. W. Callaghan, 8099
Susceptibility (Disorders)
adolescent development & object relations, susceptibility to posttraumatic stress disorder, Vietnam veterans who were adolescents during first combat experience & experienced death of member of peer groups, 27383
early vs normal vs late weaning, formation of ulcers with gastric acid etiology vs stress-induced ulcers, rats, 21379
headache symptoms & other pain complaints & autonomic instability, 13–75 yr old male vs female headache patients, 9637
hope & life events & stress & coping methods, susceptibility to illness, conference presentation, 11870
potential use of restriction fragment length protein polymorphisms as linkage markers showing genetic links with disease susceptibility loci & disorder, 19370
private self consciousness & focus on internal aspects of self & life stress, susceptibility to physical illness, college students, 21993
psychobiological or severity conceptual frameworks, understanding headache susceptibility, 1510
saccadic movement & pursuit tracking, marker of susceptibility to schizophrenia, 12–19 yr olds of schizophrenic mothers, 30184
vulnerability to depression, self-referent information processing & recall of depressed vs nondepressed content in personal adjectives, college students, 3746
vulnerability variables, psychiatric patients with tardive dyskinesia, 24605
Susceptibility (Hypnotic) [See Hypnotic Susceptibility]
Suspension (School) [See School Suspension]
Suspicion
impulsivity & hyperactivity & rigidity & suspiciousness, deaf rubella adolescents with & without multihandicaps, longitudinal study, 1534
informed vs naive sophistication levels & personal vs impersonal pleas for honesty, scores on postexperimental questionnaire designed to measure suspiciousness, college students, 20967
Sweat
sweat osmolality & cystic fibrosis symptoms, children with Down's syndrome, 9468
Sweating
benztropine mesylate & systematic desensitization & supportive psychotherapy, 55 yr old female with hyperhidrosis of palms & feet, case report, 30499
Sweden
academic/vocational educational direction & sociopolitical ideology, high school students, Sweden, 20750

actual & assumed societal reaction to homosexuality & adjustment, homosexual males, Australia vs Sweden, 3642
age & cultural differences, comprehension & interpretation of anxiety-causing situations, male vs female adolescents, Sweden vs Yemen vs Hungary, 3706
aims & methods & contents of sex education syllabus, 1977, Sweden, 28425
alcohol abuse & alcoholism & mental disorders & brain lesions, criminal homocide, victims & 15–64 yr old offenders, 1970–81, Sweden, 27424
apprehension in interpersonal communication, 5–11 yr olds, Sweden vs US, 19696
assimilation effect, perceptions of political parties on left-right dimension, voters, Sweden, 3606
attitudes & aspirations toward graduate studies & science & research, female vs male juniors vs seniors, Sweden, 25836
basic philosophies of curriculum & teachers, intermediate level teachers, Sweden, 15725
behaviorism vs field theory, prediction of voting behavior, voters, Sweden vs US, 17112
bibliography of theses & reports & books & reprints issued by departments of education, Sweden, 1984, 4804
characteristics of chronic drug abusers, members of birth cohort born in 1953 followed since 9th grade, Sweden, 3998
conception of future & its expression in optimistic or pessimistic terms, 12 & 15 & 18 yr olds, Sweden, 29669
coping with unemployment, females, implications for labor market, Sweden, conference presentation, 18703
degree of mental & physical suffering & stage & primary site of disease, cancer patients who committed suicide, Sweden, 1973–76, 12170
demographic & social characteristics, cancer patients who committed suicide, Sweden, 1973–76, 12171
demographic variables, risk of mortality, twins born 1886–1925, Sweden, longitudinal study, conference presentation, 3135
determinants of relapse, 28–69 yr old alcoholic inpatients, Sweden, replication of G. A. Marlatt & F. R. Gordon's findings with Americans, 4037
development of comprehensive & upper secondary school tests, Sweden, 10533
development of youth leisure policies, Sweden, early 1900s, 3614
drug abuse & crime, males vs females born in 1953, Sweden, 1422
educational field of study, socio-political attitudes, 18 yr old high school students from vocational vs academic school, experimental replication & extension, Sweden, 15780
emergency department visits, amount of hospital care & medical specialties utilization, patients, Sweden, 5-yr followup, 7422
employment status, depression, females, Sweden, 14607
environmental knowledge & parental restrictions & distances & number of friends & participation in organized activities, neighborhood activity range, 6 vs 10 yr olds, Sweden, 6102
family background & contact with social welfare service as predictors, drug abuse, 15 yr olds, Sweden, longitudinal study, 4000
hospital social worker intervention & psychosocial & medical characteristics & other health care contacts, patients who made repeat visits to hospital emergency department, Sweden, 25469
indications of drug abuse in interviews vs occurrence in public health or social welfare files, hidden drug abuse, 9th graders, Sweden, 8-yr longitudinal study, 3999
inservice teacher training, school improvement, Sweden, 28389
integrated in- & out-patient services, Sweden, 10108
investigations of client characteristics and morbidity, female drug addicts in detoxification & rehabilitation unit, Sweden, 1971–72 vs 1975–77 vs 1981–82, 25606
issues in & objectives of language maintenance programs, immigrant children, West Germany & Great Britain & Canada & Sweden & US, 12937
knowledge of alpha-fetoprotein test in prenatal screening, midwives, Sweden, 10250
length of residence & dominant vs weaker language usage, response times on Stroop tasks & development of intra- & interlingual interference, German-Swedish bilingual vs trilingual 14–19 yr olds, Sweden, 16-yr longitudinal study, 6073
level of social activity & reticular arrhythmias & emotional stress & Type A behavior as risk factors, ischemic heart disease & mortality, middle aged males, Sweden, 8-yr followup, 25007
long term effects of experiences in child care centers, 4–10 yr olds, Sweden, 6-yr longitudinal study, reply to comments by S. Ohlsson, 28100
marital harmony 4.5 yrs postpartum, parent-child relations & child development, parents & children, 4.5-yr longitudinal study, Sweden, 8674
model for prediction of differences in incidence of mental retardation or mental subnormality, US vs Sweden, 1471
mortality, patients with senile or multi-infarct dementia, Sweden, 15–25 yr longitudinal study, 27654
mortality rate due to natural causes & suicide, discharged schizophrenic patients, 10-yr followup, Sweden, 30487
music preferences & uses & gratifications of popular music, 11–15 yr olds, Sweden, 11534
opinions regarding community interest & resources for different kinds of research information, pupils & teachers at comprehensive school, Sweden, 25712

organizational life & symbolism, 2692
organizational symbolism & organizational research, 2684
organizational symbolism as counterbalance to rationalistic studies in communicating complexity of organizations, 2656
organizations as constructions & destructions of meaning, 2652
pathological psychosexual development & blocked symbolization, illustrative cases of 23 yr old & middle aged male narcissistic patients in analytical treatment, 12385
presentation of Freudian phallic & vaginal symbols in liquor advertisements, symbolism effect in advertising assessed by sexuality content in TAT, college students, 10682
psychoanalytic theory & concepts of metaphor & symbol, comments of E. Jones's theory of symbolism, 21634
psychoanalytic view that mirror in dreams is symbol of mother's face, 3539
psychological & symbolic meanings of feet, 2798
psychological perspective on origins of ancient Greek centaur myth, 3363
psychomotor therapy, symbolic representation & expression, 3.5 yr old non-speaking male, case report, 27701
representation & communication capacities using Bliss symbols, 7–25 yr olds with cerebral palsy, 20223
representational vs conceptual vs programatic vs script play language accompanying symbolic play, 2–4 yr olds, implications for assessment of language disorders, 26798
ritual dimensions of resistance, symbolic & ideological dimensions of transgressive student behavior, "class clown" in junior high school, 25844
semantic-praxeological analysis, relations between personal identity & symbolic bodily structuring, patients with anorexia nervosa, 30409
sociocultural & multidisciplinary approaches to body symbolism & symptom formation, 28858
spinning metaphor & dialectical tensions in organizational symbolism, 2677
spontaneous symbol acquisition & use in daily communications with humans & common chimpanzees, pygmy chimpanzees, 29211
St. Bonaventure's application of numbers as symbols in his mystical experience, implications for analytic psychology, 18815
symbolic background & history of popular performances of ghost cult ceremony & state manipulations of ghosts, Taiwan, 3578
symbolic classification of opposed concepts into masculinity vs femininity & right vs left, college students, 280
symbolic comparisons with vs without perceptual referent, college students, 19110
symbolic-experiential techniques in family therapy, dysfunctional families, 30669
symbolic motif of falling & loss of mother in dreams, psychoanalysis patients, 7935
symbolic possibilities of nonverbal communication vs fixed rules of language, psychotherapeutic implications, 5961
symbolic values borrowed from Spanish, expression of differences in ritual status internal to peasant communities, Mexicano speakers, Mexico, 29793
symbolism of verbal & nonverbal communication, 5974
symbolization of death & fear of death-related anxieties, 6419
theory of symbolic representation in problem solving, 19113
therapeutic symbol as progressive psychotherapy, symbolization disturbances, schizophrenic patients, 1738
Sympathetic Nervous System [See Also Efferent Pathways]
amphetamine & sympathectomy of interscapular brown adipose tissue, food & water intake & body weight, female rats, implications for amphetamine anorexia, 21375
cardiovascular & noncardiovascular sympathetic nervous system responses to vigilance task, adults with borderline vs established hypertension, 20148
epidemiology & hypertension & cholesterol & smoking & Type A behavior & stress & diet & obesity risk factors, sympathetic nervous system stimulation, implications for development of ischemic heart disease, conference presentation, 9577
guanethidine sympathectomy, meal-induced increases in oxygen uptake & weight of brown adipose tissue, male rats, 3268
neonatal sympathectomy &/vs adult adrenodemedullation & access to chow vs supermarket diets, development of obesity, rats, 21466
sympathetic stimulation, plasma catecholamines, 14–45 yr olds with Down's syndrome, 24844
Sympatholytic Drugs [See Reserpine]
Sympathomimetic Amines [See Also Amphetamine, Catecholamines, Dextroamphetamine, Dopamine, Epinephrine, Methamphetamine, Methoxamine, Norepinephrine, Phenmetrazine, Tyramine]
respiratory drugs, psychiatric reactions, 18059
Sympathomimetic Drugs [See Also Amphetamine, Catecholamines, Dextroamphetamine, Dopamine, Epinephrine, Fenfluramine, Isoproterenol, Methamphetamine, Methoxamine, Norepinephrine, Phenmetrazine, Sympathomimetic Amines, Tyramine]
alpha-2 sympathomimetic agent, heroin withdrawal, addicts in open hospital setting, conference presentation, 4717
methamphetamine vs phenmetrazine vs phentermine vs methylphenidate vs pemoline, prevention of motion sickness, Ss with normal vestibular function, implications for drug therapy & space flight, 14006
Sympathy
reactions of sympathy vs anger, effect of causal attributions of another's need on helping, college students, 24521
role of empathy & recognition of suffering in special education, 2546
sympathy & pain & emotions in human nature & captivity of will, 30042
use of terms "sympathy" vs "empathy" in psychology & their historical roots, 14536
Symposia [See Professional Meetings and Symposia]
Symptom Prescription [See Paradoxical Techniques]
Symptoms [See Also Acting Out, Anhedonia, Anorexia Nervosa, Anoxia, Aphagia, Apnea, Appetite Disorders, Apraxia, Asthenia, Ataxia, Automatism, Body Rocking, Catalepsy, Catatonia, Coma, Convulsions, Delirium, Depersonalization, Distractibility, Dyskinesia, Fatigue, Headache, Hematoma, Hemorrhage, Hyperglycemia, Hyperkinesis, Hyperphagia, Hyperthermia, Hyperventilation, Hypochondriasis, Hypoglycemia, Hypothermia, Insomnia, Migraine Headache, Muscle Contraction Headache, Myasthenia, Nausea, Obesity, Pain, Psychogenic Pain, Respiratory Distress, Restlessness, Shock, Spasms, Syncope, Tics, Tremor, Vertigo, Vomiting]
affective psychotic-like symptoms in patients with suspected Fahr's syndrome, 9571
age & social & biological factors, clinical characteristics of alcohol pathology, alcoholics with history of delirium tremens, 4005

age at 1st hospitalization & premorbid social competence & developmental categorization of symptomatology, patients with major affective vs personality disorder vs neuroses, 9249
analysis of symbolic expression & symptom formation in interpretations by Freud vs J. Lacan, enlightenment of body & language & symbol relations, 28883
application of K. Schneider's 1st-rank symptoms, diagnosis of schizophrenia, patients at university neurology clinic, 9298
attentional & information processing deficits & positive vs negative symptoms, schizophrenic patients, 17324
bereavement & 3 syndromes related to nonresolution of distinct phases of grief, literature review, 12302
blood pressure predictions & emotions & symptoms & actual blood pressure, 21–61 yr old insurance company employees, 20439
Brief Symptom Inventory college level norms, college students vs older adults vs younger adolescents, 13129
characteristics of hallucinations, 8–16 yr olds with conduct or emotional disorders vs late onset psychoses, 14596
characteristics of neurotic vs psychotic hysteric depressions, patients with long term craniocerebral injuries, 19871
characteristics of social cognition, clinically referred 6–12 yr olds with internalizing vs externalizing symptom patterns, 17281
chronic stress & major depressive disorder episodes & symptom severity, mothers of handicapped children, 30102
clinical characteristics & typology of acute paranoias, schizophrenic patients, 3893
clinical characteristics of late onset schizophrenia, female vs male schizophrenic patients first hospitalized at age 50 or older, West Germany, 19957
clinical utility & validity of psychological inventory of personality & symptoms, measurement of psychopathology based on DSM-III criteria, 20–66 yr old psychiatric patients, 18992
cognitive processes in schizophrenia, relevance to symptomatology, literature review, 9244
combat experience & symptoms, Vietnam veterans being treated on general hospital wards, 4644
combination alprazolam & neuroleptics, positive & negative symptoms, 30 & 44 yr old males with schizophrenia, 15209
compliance & teticence vs oppositional behavioral symptoms, preschoolers with elective mutism, 30175
conceptual & methodological problems of negative symptoms of schizophrenia, 17423
concrete-sensitive & affective & conceptualizing & evaluative complaints, defense mechanism formation, patients with neurotic & neurotic-like states & somatic illnesses, implications for differential diagnosis, 6821
consistency & change on personality & symptom scales of Millon Clinical Multiaxial Inventory, alcoholic vs drug abuse inpatients, 1–3 mo followup, 12778
correlations between Millon Clinical Multiaxial Inventory & mood of symptom states scales & MMPI, male alcoholic patients, 9165
course & prognostic importance of positive vs negative symptoms, formerly hospitalized schizophrenic patients, 2.5–5 yr longitudinal study, 17402
critical evaluation of positive vs negative symptoms of schizophrenia, 17301
CSF homovanillic acid & 5-hydroxyindoleacetic acid levels, observable symptomatology & family history, drug-free 20–41 yr old schizophrenic patients, 9293
cultural factors vs religious affinity, schizophrenic symptomatology, 16–60 yr old psychiatric patients, Pakistan vs Saudi Arabia vs UK, implications for psychodiagnosis in developing countries, 19884
culture bound syndrome of symptom patterns, etiology of anorexia nervosa & "brain fag", 14560
definition & psychological & physical symptoms & prevalence, premenstrual syndrome, 9575
demographic characteristics & biopsychological responses, 17–58 yr old medical military personnel wearing chemical defense gear in simulated chemical warfare, 13178
depressed symptomatology & psychodynamics, male & female hospitalized vs outpatient preschoolers with suicidal thoughts &/vs behavior disorders, 28175
depressive symptoms & somatic complaints, Anglos vs US born vs foreign born Mexican Americans, 22068
depressive symptoms during adolescence, subsequent affect & psychiatric disorders & functioning in adulthood, Ss with mean age of 24.7 yrs, 9-yr followup, 24655
depressive symptoms, males vs females from psychiatric outpatient clinic vs liaison psychiatry team in general wards, 11928
depressive symptoms, patients with poststroke vs functional depression, 22078
depressive vs psychotic symptoms, acute schizophrenic 17–53 yr olds assessed on admission vs in 8th-wk of hospitalization, 27325
determinants & potential usefulness of sinking feeling in psychoanalytic therapy, 7018
development of conversion symptomatology, Ss with hysterical vs anxious depressive neurosis, 27273
development of positive vs negative symptoms construct & 2-syndrome concept of schizophrenia, 17327
diagnosis & treatment of various forms of negative symptoms of schizophrenia, 17709
dysfunctional attitudes vs attributional biases during recent clinical remission, subsequent depressive symptomatology, 27–63 yr old depressed female psychiatric inpatients, 6-mo followup, 22111
early detection of premonitory signs of manic breakdown, implications for intervention, 14623
empirical taxonomy of symptom profiles, recently divorced 20–79 yr olds, 6434
epidemiology & etiology & diagnostic & assessment methods & biological markers, depression, pre-pubertal children, 17434
etiology & symptoms & treatment of premenstrual syndrome, human females, review of research, 14839
etiology & symptoms & treatment of systemic yeast infections, 12271
etiology & treatment of multiple tic symptoms, young adults with symptoms since childhood, 1562
exogenic factors, schizophrenic manisfestations, adolescents with continuous schizophrenia, 9302
experimental demand & social expectancy, report & experience of presumed menstrual cycle-related moods & symptoms, 19–34 yr old females, 564
factor analysis, self rated complaint behavior & related-otological symptoms, tinnitus patients with mean age of 50.4 yrs, 12221
fear of acquired immune deficiency syndrome, psychiatric symptoms, 25 & 30 yr old homosexual males, 14638
food cravings & related symptoms during pregnancy as manifestations of personal & cultural symbols & underlying psychological problems, females, Sri Lanka, 30827
frequency & nature of dysfunctional disorders preceding onset of schizophrenia, 16–45 yr old schizophrenic outpatients, 6616
frequency & pathognomonic value of K. Schneider's 1st rank symptoms, hospitalized psychiatric patients with diagnosis of schizophrenia vs endogenous depression vs mania vs unclassifiable vs organic psychosis, 1328
frequency vs generalized vs individualized weights scoring methods for Life Experiences Survey as predictors of psychological symptomatology, 18–88 yr olds, 29011
functional somatic symptoms & hypochondriasis, 6805
future developments of negative symptoms construct of schizophrenia, 17427
identification & hierarchical ordering of syndromal combinations of psychopathological symptoms, multidimensional psychiatric scale factors, psychotic inpatients, conference presentation, 24729
idiosyncratic symptom patterns, systolic blood pressure, normotensive male college students, replication of findings of J. W. Pennebaker et al, 29323
incidence of change in symptoms from depression to hypomania/mania, hospitalized patients, 1920–82, Switzerland, conference presentation, 25470
incidence of medical & emotional illness & symptoms, patients with recurrent headaches, 9530
incidence of negative & depressive & anxiety symptoms, chronic schizophrenic patients with vs without tardive dyskinesia, 19941
incidence of neurological soft signs, psychistric patients, implications for diagnosis, 1283
incidence of symptoms during premenstrual & menstrual stages of cycle & relationship to psychiatric morbidity, 16–35 yr old females, 22337

internal validity of DSM-III criteria for hypochondriasis, medical outpatients, 27501
interrater & test-retest reliability of Scale for Assessment of Negative Symptoms, chronic schizophrenic 20–45 yr olds, 23459
interrater reliability & construct validity of Negative Symptoms Rating Scale, measurement of negative symptoms in "defect state" schizophrenia, 18–35 yr olds with schizophrenia or bipolar disorder or schizoaffective illness or personality disorder, 23445
intervention & symptomatology & magic thought, hospitalized patients with schizophrenia, 15345
interventions based on system patterns derived from pathophysiology of symptom formation, destabilization of symptom in family system, neuropsychiatric patients, 17929
introspectives, psychological & physical symptom reporting, 17–19 yr old college freshmen, 19559
inventory for assessment of pathology in separation-individuation process, patients with borderline personality, 2877
Kraepelinian vs Bleulerian interpretation of negative symptoms, 16–45 yr olds with at least 2 symptoms of schizophrenia, 17344
language mixing & spontaneous translation as indication of linguistic deficit, polyglot aphasic Ss' comments on E. Perecman's paper, 12207
language mixing & spontaneous translation as indication of linguistic deficit, polyglot aphasic Ss, reply to criticism by F. Grasjean, 12255
length & type of pseudoneurotic symptoms in 1st onset & duration in hospital, hospitalized schizophrenic patients, 14649
length of interval between interviews, reliability of followup assessments, depressed inpatients, monthly vs 6-mo followups, 27387
levodopa & carbidopa, schizophrenic 55 yr old female with chronic negative syndrome, 27969
life events & daily stress, perimenstrual symptoms, 18–35 yr old females, 25019
mono- vs poly-symptomatic residual states, patients with various neuroses, 6474
moods & negative events & physical malaise & stress, symptoms & health behavior, adults, 11897
neuroleptic therapy, negative & deficit symptoms in schizophrenia, comments on studies by E. C. Johnstone et al & T. J. Crow, 18055
neurological & psychological aspects of post-concussion symptoms, illustrative cases of 20 & 40 yr old male head injury patients, 1672
neuropathological correlates of behavior, brain sections from schizophrenic patients, comments on findings of B. Bogerts et al & A. Lesch & B. Bogerts, 30223
neuropsychiatric manifestations, hyperparathyroidism, 45 yr old female with history of choreoathetoid cerebral palsy, 17559
neuropsychological impairment & stroke-related medical risk factors & neurobehavioral data, quality of life & duration of cerebral ischemia symptoms, cerebral revascularization surgery candidates, 22222
neuropsychological performance & positive vs negative symptoms, patients with schizophrenia, 11932
neuropsychological test pattern of terminal drop as sign of masked depression, aged, 30103
number of symptoms & other factors predictive of aggressive conduct disorder, 5.5–14.8 yr olds, 2-yr followup study, 22165
nursing home vs own home residence, symptoms of physical deterioration, male vs female 60–89 yr olds, Spain, 30459
onset & diagnosis & symptoms & treatment for neurosyphilis, 6457
optimism & self consciousness & physical symptoms & coping & health, college students, 19862
organization of words into ideas & ideas into spoken discourse, 38–60 yr old patients with positive vs negative symptom schizophrenia, 6467
origins of erotomania & transference love & conflict theory of symptom formation in schizophrenia, females in psychoanalysis, 12374
parent referral at age 3 for early signs of hyperactivity, development of attention deficit disorder & other behavior problems, 6 yr olds, 3-yr followup study, 30373
patterns of life event characteristics, qualitative nature of anxious or depressive or psychosomatic symptoms, patients, 27245
perceptions of frequency & severity & causality of menopausal symptoms, physicians in family practice or gynecology vs nurses vs menopausal females, 14813
phenomenology & course of flashback experience & similarity to panic attacks, posttraumatic stress disorder, 30–61 yr old Vietnam & Korean & World War II veterans with significant readjustment-related problems, suggestions for treatment, 24682
physical & psychological & social conditions & somatic complaints, Turkish migrant females, Denmark, 4172
physical & psychological complaints & Briquet's syndrome, infertile females with polycystic ovary disease vs tubal disease vs normal females, 27641
physical & psychosomatic & behavioral characteristics & chronic history & identity of abuser, identification of child sexual abuse, children with masked vs overt presentations, 4002
physical symptoms & psychological correlates at 3–5 vs 6–8 vs 9 mo of pregnancy vs postpartum, pregnant females & their husbands, 22008
physiological characteristics & physiological correlates of anorexia nervosa, 30410
platelet alpha-2-adrenergic dysfunction assessed by clonidine vs yohimbine binding to membranes before vs after chlorpromazine treatment, differentiation of positive vs negative symptoms disorder, 22–39 yr old male schizophrenic inpatients, 30775
positive vs negative symptoms & etiology models, schizophrenia, 17441
positive vs negative vs mixed psychotic symptoms, interstimulus interval in backward masking in visual information processing, bipolar vs schizophrenic patients, 17349
pre-abstinence smoke intake & smoking motivation, prediction of cigarette withdrawal severity, 21–74 yr old smokers, 24459
presenting symptoms, patients requesting psychotherapy, 1938 vs 1978, 7007
prevalence of depressive symptoms, hospitalized nonpsychiatric patients, 15374
prior expectations & experimentally induced expectancy, behavioral self report symptoms following dietary sugar challenge, college students, 21370
prodromal signs of relapse in schizophrenia, criticism of D. W. Heinrichs & W. T. Carpenter's study, 14610
prodromal signs of relapse in schizophrenia, reply to M. I. Herz & J. C. Simon's criticism, 14609
prodromal symptoms & prevention of relapse with antipsychotic drugs, schizophrenic patients, conference presentation, 30738
prodromal vs active symptoms in schizophrenia, comments on article by D. W. Heinrichs & W. T. Carpenter, 27324
psychiatric aftercare services, readmission & symptomatology & social adjustment, discharged psychiatric patients, Canada, 6-mo & 2-yr followups, 22685
psychiatric effects of AMP form of marihuana soaked in formaldehyde, 17–35 yr olds, case report, 27448
